APPLICATION FOR ONE-DAY ALCOHOL LICENSE

ALCOHOL AWARENESS SERVER TRAINING AFFIDAVIT

I hereby certify that I have read the Training Requirements for Liquor License Holders and Employees. I understand that failure to comply with this policy may result in the revocation or non-renewal of the license. Below is a current roster of my employees and the related alcohol awareness server training information.

*****NOTE: Copies of all original certificates MUST accompany this form.*****

The Trustees, Chestnut Hill Farm

Company/Organization

Susan Eastland

Manager [Note: Manager training MUST be current]

9/8/20

Date

Manager/Employee Name	Date of Hire	Type of Training [certification]	Date Valid	Date of Expiration
Susan Eastland	8/1/19	AIM	n/a	9/16/22

Any applicant for a one-day liquor license shall, as a condition of their being granted the license, ensure that at least one person to be engaged in the sale/service of alcoholic beverages at their event has been certified in a program from the list of Board of Selectmen sanctioned programs. On-line ["e-training") training is not an acceptable means of obtaining certification. A copy of their certification must accompany the application.

Listed below are the only programs currently available that meet the requirements of this policy approved by Board of Selectmen on September 17, 2013 [telephone numbers and contacts are provided as of date of policy]:

1. **ServSafe Alcohol** offered by the National Restaurant Association [www.servsafe.com/alcohol, then click on "Find a Class"]
2. **SAFE ID Check** offered by J.B.S. Professional Services, LLC [617-539-0118]
3. **Alcohol Intervention Methods [A.I.M.]** offered by Campbell/Trent [508-756-8542]
4. **Training for Intervention Procedures by Servers of Alcohol [TIPS]** offered by Health Communication, Inc. [www.gettips.com, then click on "Get Tips Certified, 'training session'" to find a class. NOTE: "Online training with eTIPS" is NOT ACCEPTABLE]
5. Approved for OFF-PREMISE sales license only: Beverage Alcohol Training [B.A.T.] offered by the Massachusetts Package Store Association [Mass Pack Contact: Frank Anzalotti 800-322-1383, or, to find a class, go to www.masspack.org/servertraining]

I understand that anyone holding a Special License must purchase alcoholic beverages from a licensed wholesaler/importer, manufacturer, farmer-winery, farmer-brewery or special permit holder. Purchasing alcoholic beverages from a package store is prohibited by the ABCC. A list of authorized sources to purchase alcohol can be found on the ABCC website www.mass.gov/abcc or you can contact the ABCC directly at (617) 727-3040.

Initial SE

I understand that the license holder must provide a Certificate of Liability Insurance with a liquor liability policy with $1M coverage, naming the Town of Southborough as the certificate holder.

Initial SE

I certify under penalty of perjury that I shall be responsible for the proper observance of all applicable Alcohol Control Laws of the State of Massachusetts, policies and regulations of the Town of Southborough, and conditions governing this license; all information contained in this application is true and correct; and this License is being sought for the exclusive benefit and use of the Non-Profit Sponsor and its members.

Initial SE

LIABILITY DISCLAIMER FOR ONE-DAY ALCOHOL LICENSES

By exercising the privileges of this license in serving persons with alcoholic beverages, the licensee is potentially exposed to significant liability for injuries and damages to persons served or to others who are injured or damaged by the persons served. Your acceptance and exercise of this license will be deemed to be acknowledgement that you are aware of this potential liability. You are encouraged to discuss the risks associated with exercising your privileges of the license and the precautions appropriate to avoid injuries, damage, and liability to others with your legal and/or insurance advisors. The Town of Southborough, and the Select Board as Local Licensing Authority, shall not be liable to the licensee or others if injury or damage shall result from the exercise of the license.

I, Susan Eastland, in consideration of having been granted a special
(Event Manager/Applicant)
license for the service of alcoholic beverages, hereby agree to defend, indemnify and hold harmless the Town of Southborough ("Town"), its officers, boards, employees and agents, from any liability for any and all loss, damage, cost, claim, expense, compensation and cause of action arising out of, or in connection with, the issuance or exercise of the special license granted to me by the Select Board acting as the Town's Local Licensing Authority.

Susan Eastland / 9/8/20

Event Manager/Applicant Signature Date

APPLICATION FOR ONE-DAY ALCOHOL LICENSE

REQUIRED FORMS TO SUBMIT WITH APPLICATION:

☒ Completed license application with cash/check

☒ A Certificate of General Liability Insurance with a Liquor Liability for $1M, naming the Town of Southborough (17 Common Street, Southborough MA 01772) as Certificate Holder*

☒ Completed 'Alcohol Awareness Server Training Affidavit' form, including copies of training cards

☒ List of designated drivers to be available for transporting attendees considered unable to drive Uber/lyft

IF APPLICABLE:

☒ Invitation/flyer/letter of explanation regarding event

☐ Proof of non-profit status (for 'All Alcohol License' only)

*Voted May 18, 1993: To maintain the policy that was put in effect October 25, 1988 with the stipulation that the Board of Selectmen does have the authority to waive the requirement for a one million dollar insurance policy if it is so voted by a majority of the Board.

GUIDELINES:

- Application for Special One-day License must be submitted at least 30 days prior to event
- A police detail may be required, depending upon the number of people and the event. *It is the applicant's responsibility to contact the Southborough Police Department prior to application submission: 508-485-2147*
- Events can only be held on day and date approved on license. No refund is possible after a Special One-Day License has been issued. Rain dates for events must be noted on the application prior to approval. If no rain date is listed, the event cannot be held on date other than date specified.
- Special One-day Licenses can only be issued for events occurring between 11:00 a.m. – midnight on Monday – Saturday, and noon - midnight on Sundays.
- License must be posted in the most conspicuous place at the location of event
- DO NOT allow anyone to bring their own alcoholic beverages to your event
- A one-day license CAN NOT be granted to:
  - any person for more than a total of 30 days per calendar year
  - any person that has an on-premises annual license application pending
  - any premises that has an alcoholic beverages license.

Re: Legal opinion on proposed improvements to Chestnut Hill Farm

Dear Mike,

The Conservation Commission asked Town Counsel Aldo Cipriano for an opinion on the question as to whether a second parking area is allowed under the Conservation Restriction the town holds on Chestnut Hill Farm, as well as confirming the restrictions in regards to the proposed additional structures on the property in the Farmstead area. Town Counsel has offered the following:

> Based upon this information, we offer the following legal opinion.
>
> Under Sections B(1), (e) and (g) of the CR, certain reserved rights are delineated within the farmstead area and for agricultural and animal husbandry purposes. At the time of negotiations of the CR, this was a principal reserved right to the Beals Family Trust and any successor in title (i.e. TOR).
>
> This would relate to structures with a square footage restriction and for incidental uses, such as an additional parking area, to promote reserved rights specified above.
>
> In this regard, we conclude, subject to Conservation Commission's independent custodial determination, that a second parking area is permissible within the farmstead area depicted on Exhibit B of the recorded CR dated May, 2006, so long as such use does not materially impair the purposes of the CR, which includes public access for passive recreation and access to vista views within the subject premises, all as determined by the Conservation Commission.
>
> Furthermore, so as to conform to its custodial role and for due diligence reasons, the Conservation Commission may require that TOR provide it with a table of existing square footage and also display proposed new square footage for structures.
>
> For the purposes of structures, we conclude that a greenhouse is a structure. Hoop houses are most probably structures and the concrete slab, for which no additional construction will occur, is not a structure.

Town Counsel has confirmed that creating a second parking area is allowable within the Reserved Rights under the CR. He also affirms that TTOR shall provide the Conservation Commission with an updated table which shows existing square footage and clearly shows the proposed new square footage for the greenhouse and hoop houses (which he considers to be structures) to ensure the Town that this number is below the 10,000 square feet allowed.

We wish you the best in developing Southborough's first ever CSA! Please send us copies of your promotional materials so that we can assist you in spreading the word around town.

Sincerely,

Beth Rosenblum
Conservation Administrator

COMMONWEALTH OF MASSACHUSETTS

WILLIAM FRANCIS GALVIN
SECRETARY OF THE COMMONWEALTH

WARRANT FOR 2020 STATE ELECTION

Worcester, SS.
To the Constables of the City/Town of **SOUTHBOROUGH.**

GREETINGS:
In the name of the Commonwealth, you are hereby required to notify and warn the inhabitants of Southborough, who are qualified to vote in Elections to vote at:

Trottier Middle School Gymnasium, 49 Parkerville Road, Southborough, MA.

On **TUESDAY, THE THIRD DAY OF NOVEMBER 2020**, from 6:30 AM TO 8:00 P.M. for the following purpose:

To cast their votes in the State Election for the candidates for the following offices:

ELECTORS OF PRESIDENT AND VICE PRESIDENT .....FOR THESE UNITED STATES
SENATOR IN CONGRESS ..... FOR THIS COMMONWEALTH
REPRESENTATIVE IN CONGRESS ..... FIFTH DISTRICT
COUNCILLOR..... THIRD DISTRICT
SENATOR IN GENERAL COURT.....MIDDLESEX & WORCESTER DISTRICT
REPRESENTATIVE IN GENERAL COURT..... EIGHT MIDDLESEX DISTRICT
REGISTER OF PROBATE ..... WORCESTER COUNTY

QUESTION 1: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 5, 2020?

SUMMARY

This proposed law would require that motor vehicle owners and independent repair facilities be provided with expanded access to mechanical data related to vehicle maintenance and repair.

Starting with model year 2022, the proposed law would require manufacturers of motor vehicles sold in Massachusetts to equip any such vehicles that use telematics systems –- systems that collect and wirelessly transmit mechanical data to a remote server –- with a standardized open access data platform. Owners of motor vehicles with telematics systems would get access to mechanical data through a mobile device application. With vehicle owner authorization, independent repair facilities (those not affiliated with a manufacturer) and independent dealerships would be able to retrieve mechanical data from, and send commands to, the vehicle for repair, maintenance, and diagnostic testing.
Under the proposed law, manufacturers would not be allowed to require authorization before owners or repair facilities could access mechanical data stored in a motor vehicle's on-board diagnostic system, except through an authorization process standardized across all makes and models and administered by an entity unaffiliated with the manufacturer.

The proposed law would require the Attorney General to prepare a notice for prospective motor vehicle owners and lessees explaining telematics systems and the proposed law's requirements concerning access to the vehicle's mechanical data. Under the proposed law, dealers would have to provide prospective owners with, and prospective owners would have to acknowledge receipt of, the notice before buying or leasing a vehicle. Failure

to comply with these notice requirements would subject motor vehicle dealers to sanctions by the applicable licensing authority.

Motor vehicle owners and independent repair facilities could enforce this law through state consumer protection laws and recover civil penalties of the greater of treble damages or $10,000 per violation.

A YES VOTE would provide motor vehicle owners and independent repair facilities with expanded access to wirelessly transmitted mechanical data related to their vehicles' maintenance and repair.

A NO VOTE would make no change in the law governing access to vehicles' wirelessly transmitted mechanical data.

QUESTION 2: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 5, 2020?

SUMMARY

This proposed law would implement a voting system known as "ranked-choice voting," in which voters rank one or more candidates by order of preference. Ranked-choice voting would be used in primary and general elections for all Massachusetts statewide offices, state legislative offices, federal congressional offices, and certain other offices beginning in 2022. Ranked-choice voting would not be used in elections for president, county commissioner, or regional district school committee member.

Under the proposed law, votes would be counted in a series of rounds. In the first round, if one candidate received more than 50 percent of the first-place votes, that candidate would be declared the winner and no other rounds would be necessary. If no candidate received more than 50 percent of the first-place votes, then the candidate or candidates who received the fewest first-place votes would be eliminated and, in the next round, each vote for an eliminated candidate would instead be counted toward the next highest-ranked candidate on that voter's ballot. Depending on the number of candidates, additional rounds of counting could occur, with the last-place candidate or candidates in each round being eliminated and the votes for an eliminated candidate going to the voter's next choice out of the remaining candidates. A tie for last place in any round would be broken by comparing the tied candidates' support in earlier rounds. Ultimately, the candidate who was, out of the remaining candidates, the preference of a majority of voters would be declared the winner.

Ranked-choice voting would be used only in races where a single candidate is to be declared the winner and not in races where more than one person is to be elected.

Under the proposed law, if no candidate received more than 50 percent of first-place votes in the first round, the rounds of ballot-counting necessary for ranked-choice voting would be conducted at a central tabulation facility. At the facility, voters' rankings would be entered into a computer, which would then be used to calculate the results of each round of the counting process. The proposed law provides that candidates in a statewide or district election would have at least three days to request a recount.

The Secretary of State would be required to issue regulations to implement the proposed law and conduct a voter education campaign about the ranked-choice voting process. The proposed law would take effect on January 1, 2022.

A YES VOTE would create a system of ranked-choice voting in which voters would have the option to rank candidates in order of preference and votes would be counted in rounds, eliminating candidates with the lowest votes until one candidate has received a majority.

A NO VOTE would make no change in the laws governing voting and how votes are counted.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 20, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

Executive Session
At 5:30 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session —to discuss strategy with respect to litigation (Exemption 3), as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. The matters to be discussed are; (1) Cell tower/flagpole on Town Common; (2) John & Marjorie Warfield v. Town of Southborough; and (3) Louise Barron, Jack Barron, and Arthur St. Andre v. Board of Selectmen and the Town of Southborough. Chairman Healey made a motion to exit Executive Session at 6:35 P.M. Mr. Shea seconded. The motion passed all in favor by roll call vote (5-0-0), Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

I. Chairman Healey summarized that the Board is proceeding to public session at 6:37 P.M. from Executive Session. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
Cynthia Cram (44 Bigelow Road) updated the Board about a proposed trails project for property owned by SOLF currently before the Conservation Commission. She described the project which included three proposed parking spots and a viewing platform. She expressed her concerns regarding traffic and parking. Chairman Healey asked if she has been in contact with the Trails Committee and Ms. Cram replied that she did not believe this was their project but felt the Planning Board should be included in the decision-making process.

Donna and Rob Sergi (42 Bigelow Road) further explained the project and their concerns. Mr. Sergi stated that this will be in front of the Conservation Commission and stated he will be

sending more information to the Board. Chairman Healey replied that he appreciated the information and will work to understand where jurisdiction lies.

III. Scheduled Appointments

6:30PM: Tax Classification Hearing; joint meeting with Board of Assessors

Mr. Cibelli stated he was presenting the annual tax classification hearing on behalf of the Board of Assessors. He told the Board there had been a $50,000 reduction in revenue and as a result the tax rate has increased by two cents with the average tax bill increasing by approximately $13. He added that the Commonwealth's budget is usually voted and approved of by this time of the year but because of the pandemic they have not done either. He stated that additional changes to local aide that result in a loss of funds could change the projected budget. Mr. Purple read the public hearing notice into the record. Chairman Healey made a motion to open the public hearing at 6:52 PM. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked if there was a timeframe for receiving the final budget information and Mr. Cibelli replied that after speaking with the Department of Revenue and the Bureau of Local Assessment, there is no timetable. Mr. Cibelli walked the Board through the presentation provided in the packet. Mr. Stivers stated that at this point in time, the single tax rate makes sense and he is in support of the recommendations from the Board of Assessors. Chairman Healey opened the discussion to public comment and there was none. Mr. Shea made a motion to close the public hearing at 7:13 P.M. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey made a motion to continue with the single tax rate for fiscal year 2021. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Mr. Cibelli told the Board that he will have Mr. Purple update them with any changes to local aid that affects the tax rate and will move forward with the finance team to make the approved adjustments going forward. He added that if there is no update from the State, the tax rate will be set using estimates.

Volunteer interviews

i. Sue Luh — ADA Committee, expiration 6/30/2021

Chairman Healey thanked Ms. Luh for her volunteerism and stated he felt would be a terrific fit for the ADA Committee. Mr. Stivers agreed and asked if she had attended any ADA Committee meetings. Ms. Luh stated she had not but has had a conversation with the Chair of the Committee and is up to speed. She gave background on her work in architectural and informational accessibility. Ms. Malinowski asked if there were anything specific she was looking to accomplish with the ADA Committee. Ms. Luh responded that after speaking with the Chair, she would like to continue the context of connecting volunteers with the Southborough community. She mentioned Meals on Wheels and social and emotional support during the pandemic. Mr. Stivers made a motion to appoint Sue Luh to the ADA Committee, expiration

6/30/2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. David Joyner — CPC At-Large position, expiration 6/30/23

Chairman Healey asked Mr. Joyner what garnered his interest in CPC and what he hopes to bring the Committee. Mr. Joyner explained his interest in the Breakneck Hill and Chestnut Hill Farms and explained his background in affordable housing. Ms. Braccio asked Mr. Joyner to elaborate on his experience in affordable housing and how he can apply that to the CPC. Mr. Joyner described his experience which included working in the field for over thirty years, property and asset management, market rate housing experience and advocating at the State level promote preservation and continued funding of affordable housing. The Board agreed that affordable housing is a focus and supported his appointment. Ms. Braccio made a motion to appoint David Joyner as the CPC At-Large position, expiration 6/30/2023. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>7:00PM: Steve Achilles, Fire Chief— Update on hiring, training and reporting for F ire Dept. operations</u>

Chairman Healey explained that a Board initiative was to focus on public safety and the public service area to ensure they are doing everything from a hiring perspective to have as broad a reach and be inclusive as possible. He stated the second goal was in the mechanics of reporting incidents and issues raised from the public through the ranks of the Fire Department and the Board. He explained the last goal to review is training.

Chief Achilles gave a brief overview of the Department's activity to date which included that calls are down 5% compared to last year with 1025 calls compared to last year at this time with 1075 calls. He added that they are seeing a decline in ambulance use over the last three-to-four months and he believes this is due to the pandemic. He added there are twenty-two full-time department members including him and seven call members. Chief Achilles stated that they have updated their policies and procedures and are dedicated to increase the number of call members. He stated there have been challenges with outreach programs and training due to the pandemic and are looking to start an internal training program and developing within the department. He described recent physician feedback programs to enhance their ability to provide medical care. Chief Achilles described the department's commitment to diversity and stated there are female firefighters, paramedics and on the on-call force. He stated they are collaborating with the Police Department and Youth and Family Services to become more sensitive to behavior health. Chief Achilles described his current procedure for responding to feedback from the community and his goals for a customer feedback survey in the future.

Chairman Healey thanked him for his report and urged him to find ways to bring mental health experts to their service. He asked for a report twice a year of complaints from the public and any recording keeping associated to be sent to the Board. Ms. Malinowski asked if the physician feedback is a contracted service that is paid for or are they evaluating care for the transport to the hospital. Chief Achilles explained that there are agreements with UMass Medical. Chairman Healey suggested Chief Achilles to reach out to Ms. Hale for creative ways to enhance outreach and diversity for potential applicants. Chief Achilles agreed to do so.

7:40PM: Discussion with Personnel Board: duties of the Board and Personnel Director; proposed SAP increases in FY22; employee training.

Ms. Rosenbloom called the meting of the Personnel Board to order at 8:14 P.M. She thanked Mr. Ballantine and Ms. Hale for their assistance in creating the annual adjustment and told the Board the Personnel Board provided them with the same information as requested last year. Chairman Healey stated that the information provided in the packet made sense to him and asked the Board for questions and there were none. Ms. Rosenbloom noted a new item on page ten with regards to COVID-19. She asked Mr. Purple to inform the Personnel Board of any proposed changes to salaries having to do with the pandemic. Mr. Purple agreed and said there were none at this time. Ms. Malinowski asked if section 3B which describes an example 2.5% increase to SAP salaries resulting in a 1% overall budget increase would negate a level funded budget. Ms. Rosenbloom stated it did not and explained that she asked Mr. Ballantine to show what each 1% increase in SAP salaries would cost the Town in dollars.

Chairman Healey asked for their ideas for training regarding equity and inclusivity. Ms. Rosenbloom stated she was just made aware of this focus and would refer to DEI training. She stated the Personnel Board does not have the capacity to be DEI professionals but they do have funds for personnel training. Mr. Rubenstein said they would need to identify what the Town is seeking to accomplish with training in terms of procedure. Ms. Rosenbloom suggested partnering with other towns to regionalize DEI training. Ms. Braccio asked about the four-year review of equity in the payroll and Ms. Rosenbloom explained what it entails under section 16E. She added she did not think the Town had any equity issues with payroll but they will gather and send the information to Attorney Norris who would confidentially respond with any perceived issues. There was discussion regarding funding employee training and Mr. Purple explained Ms. Hale reached out to the insurance company to inquire about their training. He said diversity is dominating the conversations but they do not have any trainings available at this time. Ms. Hale stated that the insurance company offers many free training classes and the Town receives credits in the form of discounts on premiums for sending employees to their seminars. She said they are not ready for a virtual training format but will be monitoring their offerings.

Ms. Rosenbloom stated that the topic of roles and responsibilities of the Personnel Director and Personnel Board have been discussed at length for two years with no resolution. She explained part of the Town Administrator Bylaw and the SAP bylaw. She offered to submit a list of grievances to Board members. Chairman Healey stated there is real tension between the documents and suggested a conversation. Mr. Rubenstein stated Ms. Rosenbloom gave an accurate description of the issues and felt the areas of overlap should be rectified. He suggested an open conversation to resolve these issues. Ms. Malinowski agreed that if there are issues, it is the Board's responsibility to listen and address them. Mr. Shea stated that as one of several that served on the committee to form the current Town Administrator Bylaw, there was never an intention to create conflict between the two entities. He encouraged the two parties to have a conversation to clarify any discrepancies. Mr. Stivers stated that it is within their abilities to collectively decide what the correct relationship should be and if it is not in line with the current bylaw, they should rewrite it. He stated he was in support of a conversation in a smaller group to work through structure issues. Ms. Rosenbloom explained the need for an organizational chart and asked the Board to review her draft version. Ms. Braccio said she hoped there would be a conversation between the two parties between now and November 4th. Ms. Rosenbloom adjourned the Personnel Board meeting at 9:12 P.M.

8:00PM: Atty. Tim Norris — Responding to Public Records requests
At the Chairman Healey's request Attorney Norris will be rescheduled to a later date.

IV. Reports

Chairman's Report
Chairman Healey stated the position of the Board regarding Halloween is if people feel comfortable celebrating, that they follow the guidance from the State outlined on the Town website.

Chairman Healey stated Mr. Sines, Chair of the ADA Committee sent a response to his initial letter raising three questions regarding requirements with the Public Safety Complex. He said he would send the letter to the Board members and suggested the topic be put on a future agenda for discussion.

Chairman Healey stated that Ms. Galligan brought to his attention the communication from Chief Achilles regarding trees he thought were threatening from a public safety perspective on Overlook Drive. He said Ms. Galligan noted that all the trees outlined could potentially damage some powerlines and cable lines on private property. She stated to him that she is going to reach out to the land owners of the private properties to try and come to a safe solution.

Chairman Healey asked Mr. Stivers for an update on the tree removal policy. Mr. Stivers stated they are close to a resolution that works with the Planning Board and DPW. He added that the Board could provide guidance regarding the inclusion of the Planning Board on joint hearings with the Tree Warden and DPW. Chairman Healey stated he would like to see the policy in writing before providing any guidance.

Members' Reports
Ms. Malinowski stated she had a preliminary conversation with the Chief of Police and the Fire Chief regarding regional dispatch. She said the next steps are to collect data from other towns who have regional dispatch and possibly create a subcommittee as Chief Paulhus suggested. The Board agreed to have Ms. Malinowski collect data to bring to the Board.

Ms. Malinowski told the Board the schools are doing a good job notifying families in schools impacted by COVID-19 as new cases arise. Ms. Malinowski suggested the Board be added to the email list and Mr. Purple agreed to include them for informational purposes.

Mr. Shea thanked the community for their support at the ALS One Golf Tournament at the Southborough Golf Course last weekend. He said between contributions made at the clubhouse and online, almost $4,500 was raised.

Mr. Shea stated he received a report for Pare Engineering regarding Deerfoot Road. He updated the Board and stated Pare will be working with Ms. Galligan on a grading plan to divert water from the south end of the road into an infrastructure to ensure less water flows towards 122 Deerfoot. Mr. Shea added that the recommendation was to move forward with paving and no additional structures were needed. Chairman Healey agreed and said after a conversation with Ms. Galligan he advised the Board to support a plan to move forward with paving before the end of the season. Mr. Stivers

asked if the grading could be adjusted during the paving process to ensure the correct level along the road. Mr. Shea stated Pare Engineering is preparing a plan with guidance on where the material should go. Ms. Malinowski asked if the residents were aware of the next steps. Chairman Healey stated Ms. Galligan is making sure the residents are told of the next steps and he is in support of this plan. Mr. Shea stated the residents with drainage issues associated with the development on Deerfoot Road hired their own engineer who provided a number of recommendations for private property. He said that was outside of the scope of the Board but that report recommended an engineering study on the road which has been done and the Board has followed through on. He added that Ms. Galligan will be reaching out to that engineer to discuss one of his recommended solutions that included a drain structure in the roadway that is no longer there. Mr. Shea stated the Town has done their due diligence and Pare Engineering reported that the developer has followed through with their sedimentation control.

Chairman Healey stated that the Board put off a ceremony for the naming of Shifrin Field with the idea that it could be done in November to coincide with the one-year anniversary of Mr. Shifrin's passing. He stated that for a variety of reasons it has been agreed that the best time to hold this ceremony would be in the spring to tie in to the begging of little league season.

Mr. Stivers stated Ms. Galligan will be doing an informal investigation into tying in with MWRA at Pine Hill Road for firefighter water instead of buying an additional pumper truck. He stated he will continue to look into this and update the Board.

Mr. Stivers stated he attended the Board of Health meeting and raised the issue regarding licensing trash haulers. He said they were unaware of Mr. Butler's presentation and he had forwarded it to them. He said the Board of Health was interested in this but are very busy due to the pandemic. He felt there was opportunity for the Board to support them administratively and to inquire with Town Counsel if a vote would be needed from the Board of Health to move forward with the licensing.

Mr. Stivers stated that revenue at the Golf Course is almost up 70% and are aiming to hit the greatest number of rounds in recorded history.

Town Administrator Report

Mr. Purple stated that the Golf Course has not seen revenue and round numbers as they are now in about a decade. He stated the pandemic has probably attributed to its success and he hopes the numbers will continue beyond the end of the pandemic.

Mr. Purple stated he would assist the Board moving forward with the conversation with MWRA and Pine Hill Road.

Mr. Purple explained the CMRPC funding of the ADA Self Evaluation Transition Plan. He stated there are funds to support the plan but hopes the grant from CRMPC will fully fund the work . He added that the work needs to be done by June and they will be working with CRMPC consultants. He thanked Ms. Hale, Mr. Parent and Mr. Davis for their assistance in the grant application process.

V. Consent Agenda

a. Mr. Shea held consent agenda item "a." Mr. Shea stated that under Members' Reports on page six it is written that he and Ms. Galligan visited Deerfoot Road and it should say "Pare

Engineering" as he and Ms. Galligan did not visit the site. Mr. Stivers stated Ms. Barrett's name was misspelled and asked for a correction. Chairman Healey made a motion to approve Open Session Minutes: October 6, 2020 with the mentioned revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers held agenda item "e." Mr. Stivers stated that this date coincides with Passover and Palm Sunday. Mr. Purple stated he thought he avoided the holidays when scheduling this date and the Finance Department would like the date as late in March as possible. Mr. Purple stated he will bring "Establish date for Annual Town Meeting (Saturday, March 27, 2021 @ 1PM)" back for discussion at the next meeting.

c. Ms. Malinowski asked to hold consent agenda item "c." She asked why the Board needed to approve to release the minutes from April 9, 2020 as they are already posted on the website. Mr. Purple stated there is no record that the Board voted to release them. Ms. Malinowski asked for clarity on the process for approving and releasing Executive Session minutes. Chairman Healey made a motion to approve consent agenda item "c" to release Executive Session minutes: April 9, 2018; January 7, 2020; January 21, 2020; February 4, 2020; February 25, 2020; May 19, 2020 (redacted). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski volunteered to review the Executive Session minutes and how they are being recorded.

d. Chairman Healey made a motion to approve the extension of outdoor dining for any period up to sixty (60) days after the end of the state of emergency. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint Jen Hansen to Community Preservation Committee/Recreation Comm. Rep., term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio asked to hold agenda item "f." Ms. Braccio stated the amount in the contract needs to be adjusted for an additional twelve hours to an amount of $7,087.50. Ms. Braccio and Ms. Connelly explained the reason for the adjustment. Chairman Healey made a motion to approve the revised contract for Judy Barrett as described by Ms. Braccio, Barrett Planning Group LLC, RE: Downtown Initiative. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of cemetery police and procedures re: damaged headstones

Ms. Braccio stated that after hearing concerns regarding headstones in the cemetery, she met with Ms. Galligan and Mr. Purple. She stated that an Eagle Scout project to catalogue the headstones and find a path to fix or restore some was proposed. Mr. Stivers asked if the cemetery was in the National Register. Ms. Braccio stated she did not know. Mr. Stivers stated if someone were to catalogue the headstones, that information could be sent to the National Register.

Proposal to establish Rent/Mortgage Relief under CARES Act

Ms. Braccio stated she met with Ms. McAuliffe and is working with Ms. Esposito to move forward to create a draft proposal for the October 27th meeting. She said she hopes that the application process for residents will be November 1st – December 1st. Ms. Braccio added that if the funding sources falls through from the CARES Act, she hopes they could be provided through the Affordable Housing Trust Fund. She stated she will be speaking with Ms. Cassell of Youth and

Family Services and may need to push her update to November 4th if they need more time to review.

Consideration of Trails Committee Letter of Support for DCR Public Access Plan
Chairman Healey stated he reviewed the access plan and felt it was a great idea to have the ability to walk a loop around Southborough without leaving one of their trails. Mr. Shea asked if there will be parking proposed near the new loop. Ms. McKee described various options for parking and stated they wanted to be respectful of abutters. Mr. Shea asked the Committee to keep in mind that additional areas for public parking will need to supplied for the public to access the trails effectively. Ms. Malinowski asked if the Board was going to vote on just the letter or also on the MOA. Chairman Healey asked Ms. McKee if the MOA was informational only and if she is asking to move forward with the Public Access Plan. Ms. McKee stated that the Trails Committee suggests removing the language about White Bagley Road. Ms. Malinowski stated that she will need to recuse herself as she is an abutter to White Bagley Road. Chairman Healey made a motion to approve the letter proposed by the Trails Committee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

VII. Public Comment
None

VIII. On a motion made by Sam Stivers, seconded by Brian Shea and voted all in favor, the meeting was adjourned at 10:21 P.M.

Upcoming Meetings

Chapter 27. Officers and Employees

Article IX. Town Administrator

[Adopted 4-8-2013 ATM by Art. 7]

§ 27-25. General overview.

A. The Town Administrator shall act as the chief administrative officer of the Town of Southborough and shall be responsible to the Board of Selectmen, as its agent, for the effective management of all Town affairs placed in the Town Administrator's charge by the Town of Southborough Code, Town Meeting vote, or by vote and direction of the Board of Selectmen.

B. The Town Administrator shall be responsible for the implementation of Town policies established by the Board of Selectmen, as well as ensuring that the decisions of the Board of Selectmen are fully executed. The specific functions and duties of the Town Administrator shall include, but not be limited to, the functions and duties described in this bylaw.

C. Notwithstanding the provisions of this bylaw, the essential chief executive functions of the Town remain vested at all times in the Board of Selectmen who may assert, either preemptively or reactively by applicable statutory authority, that full executive power as elected officials of the Town in substitution for the powers delegated under bylaw to the Town Administrator. The Board of Selectmen may exercise its executive authority by majority vote.

§ 27-26. Powers and duties.

A. Personnel:

(1) The Town Administrator, acting as an agent of the Board of Selectmen and as consistent with the Code of the Town of Southborough, shall supervise, direct and be responsible for the efficient administration of all departments and personnel under the jurisdiction of the Board of Selectmen and all functions for which the Town Administrator is given responsibility or control by the Town of Southborough Code, Town Meeting vote, or by vote of the Board of Selectmen.

(2) The Town Administrator shall act as Personnel Director and shall be the administrative representative of the Personnel Board. With the guidance and oversight of the Personnel Board, the Town Administrator shall:

(a) Develop, maintain, and administer the Personnel Bylaw which shall be approved annually at Town Meeting, and which includes but is not limited to: classification system, compensation system, personnel rules and regulations which indicate the rights and obligations of employees, disciplinary procedures, personnel appraisal system, development and implementation of an ongoing training program, and any other personnel and hiring policies, practices, and regulations for Town employees not covered by collective bargaining agreements.

(b) Administer and enforce the rules and regulations of the Personnel Bylaw with authority to interpret same but not to rescind or otherwise amend. The Director shall report to the Personnel Board, in writing, any interpretation made in any area where this bylaw is not reasonably clear.

(c) Furnish the Personnel Board with all information essential for the actions of that Board.

(3) The Town Administrator shall direct contract negotiations, subject to the approval of the Board of Selectmen, and ensure ongoing compliance with their provisions.

(4) Regarding departments within the jurisdiction of the Board of Selectmen:

(a) The Town Administrator shall, based upon merit and suitability, recommend the appointment or removal of department heads to the Board of Selectmen. The Town Administrator shall also provide annual evaluations of department heads to the Board of Selectmen.

(b) Department heads shall consult with the Town Administrator throughout the process of making any appointments or removals within their departments. The Town Administrator shall report to the Board of Selectmen on those appointments or removals.

(c) The Town Administrator may transfer personnel between departments, subject to the approval of the Board of Selectmen and consistent with the Code of the Town of Southborough and state law.

(5) Regarding departments outside the jurisdiction of the Board of Selectmen, with the exception of the schools:

(a) All elected boards, officials and committees shall consult with the Town Administrator throughout the process of appointing or removing a department head, and shall provide written notice of intent to appoint or remove to the Town Administrator for the purpose of maintaining compliance with personnel policies, practices, or procedures of the Town.

(b) All elected boards, officials and committees shall consult with the Town Administrator throughout the process of contracting personnel services to ensure compliance with personnel policies, practices, or procedures of the Town.

(c) Department heads shall consult with the Town Administrator throughout the process of making any appointments or removals within their departments for the purpose of maintaining compliance with personnel policies, practices, or procedures of the Town.

(d) Elected boards and committees and also department heads shall consult with the Town Administrator to ensure that their management of employees and contracted personnel is consistent with personnel policies, employment contracts, and practices in use in all Town departments.

B. Administrative:

(1) The Town Administrator shall act as the Chief Procurement Officer under the provisions of Chapter 30B of the General Laws, and, subject to the authority of the Board of Selectmen, shall be responsible for the purchasing of all supplies, materials, equipment, and services for the Town, including the bidding and awarding of all contracts, except as follows:

(a) For supplies, materials, equipment, and services for the School Department, unless specifically requested by the School Committee.

(b) For library materials, supplies, equipment, and services specific to the function of the library, unless specifically requested by the Library Trustees.

(c) For personnel services as described within § **27-26A(5)(b)**.

(2) The Town Administrator shall coordinate the activities of all Town departments serving under the Board of Selectmen with those under the control of other officers and multiple-member bodies elected directly by the voters.

(3) The Town Administrator, subject to the authority of the Board of Selectmen, shall have full jurisdiction over the rental and use of all Town facilities, except schools and the library, and shall oversee all Town capital maintenance, construction, repairs and rental/use of Town facilities, consistent with the Code of the Town of Southborough and state statutes.

(4) Subject to policies established by the Board of Selectmen, the Town Administrator shall present for approval to the Board of Selectmen all warrants or vouchers, including payroll warrants, for payment of Town funds submitted by the Town Accountant.

(5) The Town Administrator shall be responsible for working with Town officers and departments on Town loan and grant applications and, in consultation with the office or department receiving the loan or grant, overseeing adherence to the conditions of such loans or grants.

(6) The Town Administrator shall negotiate collective bargaining contracts on behalf of the Board of Selectmen, and subject to approval of the Board of Selectmen. The Town Administrator shall administer and enforce collective bargaining agreements and personnel rules and regulations within the purview of the Board of Selectmen.

(7) The Town Administrator shall recommend to the Board of Selectmen on the prosecution, defense, and compromise of all litigation to which the Town is a party.

C. Financial management:

(1) The Town Administrator shall, after consultations with the Board of Selectmen and the Advisory Committee, issue guidelines for requested appropriations to all departments and elected officials and boards whose budgets are appropriated by Town Meeting. Said guidelines shall be issued on or before October 30. Nothing herein shall conflict with the Advisory Committee's duties and obligations under state statute, nor shall it limit the Advisory Committee's right to issue independent guidelines for requested appropriations.

(2) The Town Administrator shall be responsible for preparing the annual requested appropriations from departments under the jurisdiction of the Board of Selectmen.

(3) The Town Administrator shall provide support, tools, and coordination for departments, elected officials and boards not under the Board of Selectmen in the development of their appropriation requests.

(4) The Town Administrator shall provide to the Board of Selectmen and the Advisory Committee by January 30 budget proposal(s) consistent with guidelines described in § **27-26C(1)**.

(5) The Town Administrator shall maintain a current estimate of expected revenues and expenditure trends for the next fiscal year.

(6) The Town Administrator shall develop and maintain a capital facilities plan and budget for all municipal structures.

(7) The Town Administrator shall maintain a capital equipment plan and budget for all other municipal capital equipment.

(8) The Town Administrator shall be responsible for the application of modern accounting and financial reporting practices and further shall maintain accurate and centralized records, including but not limited to:

(a) Financial documentation, including therein such information as the Board of Selectmen deems desirable.

(b) Personnel documentation for all employees, including therein evaluations and such information as the Personnel Board deems desirable.

(c) All documentation required to be maintained as per the Code of the Town of Southborough.

(9) The Town Administrator shall prepare, annually, a five-year financial forecast of revenue, expenditures, including capital expenditures, and the general financial condition of the Town. Said plan shall be submitted to the Board of Selectmen, the Advisory Committee, the Board of Assessors and the School Committee, and shall be made available to the public.

(10) The Town Administrator shall oversee the coordination, compilation, and distribution of the annual Town Report.

(11) The Town Administrator shall develop and oversee performance measurement systems for municipal services.

D. General:

(1) The Town Administrator shall serve as the Town's Chief Information Officer for any time period that this role remains unfilled. The Chief Information Officer shall be responsible for activities such as maintaining and enhancing the capabilities and integration of the information systems used in the various Town departments, improving citizen access to user-friendly Town information, and developing, maintaining, and enhancing necessary tools, including but not limited to: budgetary tools (operating and capital), a centralized recordkeeping system, and performance measurement systems.

(2) The Town Administrator shall prepare the agenda for and attend all meetings of the Board of Selectmen, and shall cause full and complete records of such meetings to be taken and maintained.

(3) The Town Administrator shall assist in the preparation of the warrants and motions for and attend all sessions of Town Meeting.

(4) The Town Administrator shall present reports to the Board of Selectmen identifying priorities, concerns, issues and outcomes of the Town Administrator's office.

(5) The Town Administrator shall act as the Board of Selectmen's liaison with federal, regional, and state authorities, as well as with all Town boards, committees, and officials outside the purview of the Board of Selectmen.

(6) The Town Administrator shall provide leadership and direction in the development of short- and long-range plans, including but not limited to the gathering, analysis and preparation of data for studies, reports and recommendations to the Board of Selectmen.

(7) The Town Administrator shall perform any other duties consistent with the office of the Town Administrator as may be required by bylaw, vote of Town Meeting, or vote of the Board of Selectmen.

§ 27-27. Severability provisions; amendments.

A. If any section, subsection, paragraph, sentence, clause, word, or any other part of this bylaw shall be adjudicated by a court of competent jurisdiction to be unconstitutional, unenforceable, or otherwise invalid, such adjudication shall not affect, impair or invalidate the remainder of the bylaw, and it shall be construed to have been the legislative intent to enact this bylaw without such unconstitutional, unenforceable or invalid parts therein.

B. The Board of Selectmen are hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition.

Introduction

This report serves as the Southborough Fire Department Integrated Risk Management Plan: "Standards of Cover" document. The Commission of Fire Accreditation International (CFAI) defines the process, known as "deployment analysis," as a written procedure which determines the distribution and concentration of fixed and mobile resources of an organization. The purpose for completing such a document is to assist the department in ensuring a safe and effective response force for fire suppression, emergency medical services (EMS), and specialty response situations. In this document are the facts, figures, measures and accountability for the delivery of emergency services by the Southborough Fire Department.

The creation of the department's Standards of Cover was a collaboration internally and with external stakeholders and required that a number of key areas be researched, studied, and evaluated. This report begins with an overview of both the community and the Southborough Fire Department (SFD). Following this overview, the report discusses areas such as risk assessment, critical task analysis, agency service level objectives, and distribution and concentration measures. The report provides documentation of reliability studies and historical performance through charts and graphs. The report concludes with recommendations to improve operations, performance, and reliability.

The department is committed to monitor and assess changes in the community, along with the changes in risks and future service demands in order for the department's Standards of Cover document to remain relevant and applicable.

Department Mission and Vision

Mission

The mission of the Southborough Fire Department is to provide prompt and highly effective public safety and community risk-reduction services to our citizens, businesses and visitors.

Vision

The vision of the Southborough Fire Department is to be a recognized leader within our fire service district, responsive to the ever-changing needs of our members and our community. The Department will embrace new technologies and techniques, while at the same time celebrating our rich history and traditions. We will continue to focus on providing the highest level of customer services in a professional and caring manner.

Current Deployment

Community Overview

The Town of Southborough, Massachusetts is located in eastern Worcester County in the region known as Metro West. Southborough was first settled in 1660 and was officially incorporated in July 1727. The town was primarily a farming community until mills began to tap the small rivers that ran through the town. Today Southborough is predominately suburban residential with areas of commercial development consisting of mostly Business Offices and Light Manufacturing. The town is bordered by six communities: Framingham, Marlborough, Westborough, Northborough, Hopkinton, and Ashland. There are three major highways that pass through the community; Route 9 and the Massachusetts Turnpike run east/west and Interstate 495 that runs north/south. The town also has portions of two major CSX railroad freight lines; one that serves as the primary commuter rail between Worcester, MA and Boston, MA. In addition to public schools, the town is home to two private schools; the Fay School and St. Marks Academy, as well as the New England Center for Children; a private, nonprofit center for autism treatment, education and research with a global presence. The town is also home to the Sudbury Reservoir which serves as an emergency backup to the Boston metropolitan water supply.

Demographics

According to the most recent U.S. Census, the population of Southborough is 9,767. Regarding social and housing characteristics, most of the population is white at 86.1% and the estimated median house or condominium value in the Town in 2017 was $639,473. The median age of the residents is 41.7 years. The estimated median household income is $151,488 and the estimated per capita income is $69,751. The land area is 14.1 square miles and the population density is 690 people per square mile. Unemployment is at 2.1% compared to Massachusetts which is at 3.1% (pre-COVID-19). Southborough's top employers include Sheehan Health Group, Harvard Book Depository, St. Mark's School, Fay School, along with Southborough Medical Group with Reliant Medical Group and the New England Center for Children. Southborough is also home to hundreds of small to mid-size emerging businesses that provide jobs and represent the foundation of our economic diversity. Four NAICS (North American Industry Classification System) supersectors generate nearly 75% of Southborough's total employment; Education and Health employs 23% of our workers, Professional and Business Services employ 21%, Manufacturing employs 18%, and Trade, Transportation and Utilities employ 11%.

Town Governance

Southborough has an Open Town Meeting, Board of Selectmen, Town Administrator form of government. Under state statute, the Board of Selectmen are responsible and have the power to prepare the town meeting warrant or agenda, make appointments to town boards and offices, employ professional administrative staff and town counsel, and the authority to grant licenses and permits. Apart from the strict legal responsibilities, the Board of Selectmen sets policy and strategic direction, coordinates the activities of other boards, and hears appeals and resolves problems that have not been settled at lower levels. The Town Administrator, who serves as the chief administrative officer, oversees the administration of all town affairs and supervises town departments that are placed in his charge. Appointed by the Board of Selectmen for a three-year term, the Town Administrator implements and manages all goals, policies, programs and procedures that have been established by the Board. Additionally, the Town Administrator is responsible for budget preparation, annual license renewals, and negotiating labor contracts. The Town Administrator is the Chief Procurement Officer, and is also in charge of all Town property rental and use, except School property. The Town Administrator also recommends a number of department heads, employees, boards and committees to the Board for appointment. Such appointments by the Selectmen include the Fire Chief, Police Chief, and Superintendent of Streets (Public Works); each of whom serve a three-year term.

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity. The three elements of authority at Town Meeting are a quorum of 100 registered voters or more, the Clerk and the Moderator. The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

Town Finance and Budget Process

The Town of Southborough's fiscal year begins on July 1 of each year and ends the following June 30.The annual budget is a continuous process with most activity beginning in September with the opening of the Warrant through Town Meeting, or late March. The process involves the Board of Selectmen, Advisory Committee, along with the Town Administrator, Finance Team, department heads, and board chairs. The Finance team coordinates and guides the budget process from departmental submittals, to revenue estimates, and then to final recommendations by the Board of Selectmen. The proposed budget, along with Town Reports and Warrant are then posted and available to the public. All are voted on at the Annual Town Meeting by Southborough's registered voters.

Department Overview

The Southborough Fire Department (SFD) is an all-hazards, full service fire department providing emergency response, risk-reduction, and inspection services to the Town of Southborough. The department is made up of 29 men and women, both full-time and part-time on-call. The department responds to an average of 1400 requests for services annually. The majority of emergency and community responses include medical emergencies, motor vehicle crashes, building and vehicle fires, smoke and hazardous conditions, fire alarm activations, and incidents related to weather.

Current Service Levels

The department operates 24-hours a day out of the Public Safety Building on Cordaville Road. The station houses the fire chief and administrative offices, the fire prevention officer, on-duty firefighters and paramedics, and all department apparatus and resources. The department's vehicle fleet is comprised of two fire engines, one tower-aerial-pumper, two advanced life support ambulances, one squad-forestry, and three response vehicles. An inflatable boat and multiple support trailers round out the available inventory.

Fire Apparatus and Crew Assignments

1 Officer and
2 Firefighters

Reserve –
Special Call

Reserve

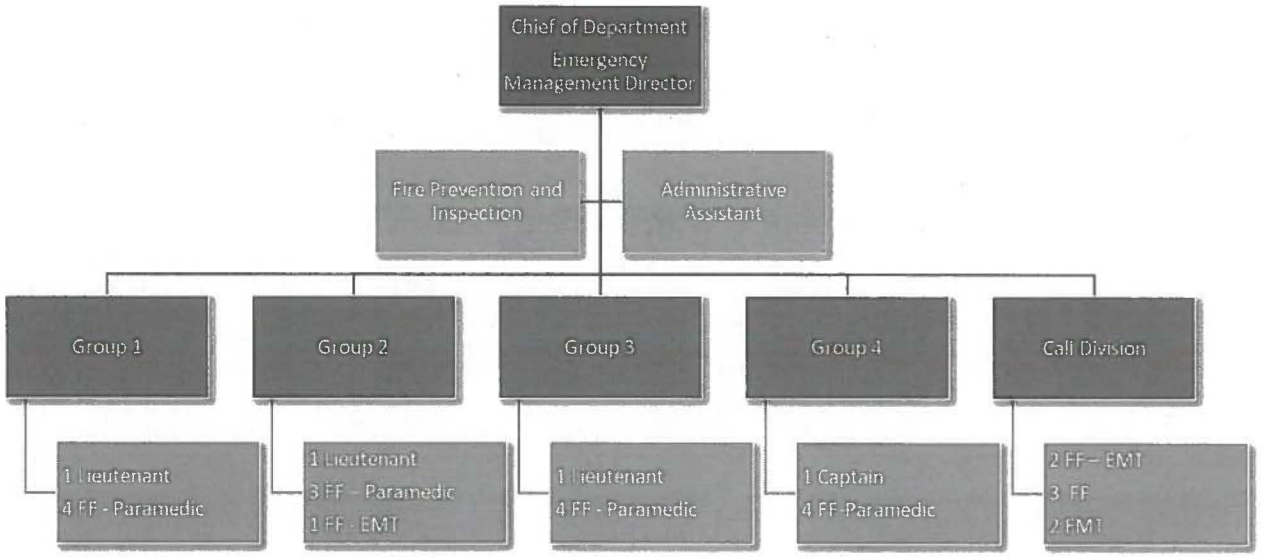
2 Firefighters

Reserve

The SFD utilizes a four platoon shift staffing model (Groups 1, 2, 3, and 4). Based on the department's apparatus staffing policy and collective bargaining agreements, the typical on-duty compliment of firefighters and officers at any one time is 5; the minimum staffing is currently 4.

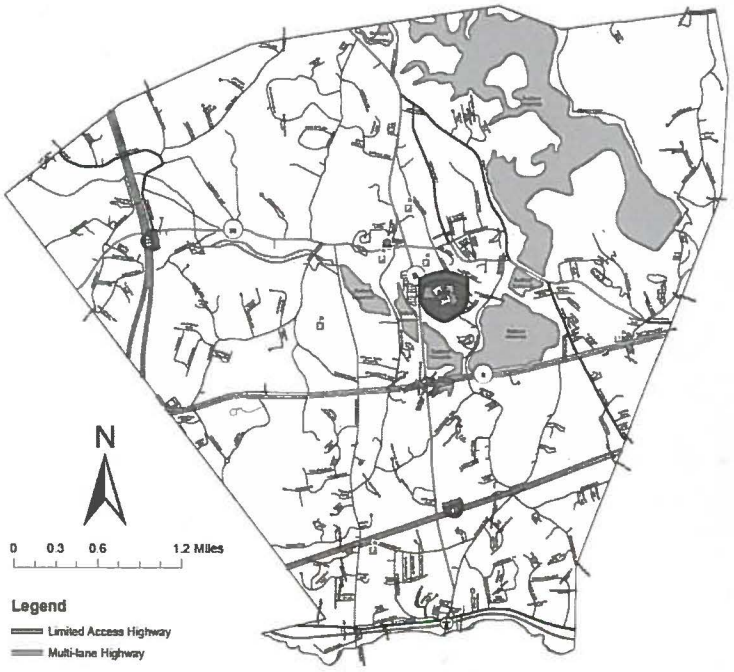
The workweek for full-time shift officers and firefighters is 42-hours, scheduled on a 24-hour basis, averaged over an 8 week cycle. Each group will work (1) 24-hour shift on, 24 hours off, (1) 24-hour shift on, and then 5 days off (Appendix 1). Call members (part-time) have no set work schedules, but supplement the duty shift during recall of members, work call-shifts, and cover for scheduled vacancies when full-time members are unavailable.

Organizational Chart



Facilities

The Public Safety Building serves as the primary and sole facility for both the Fire and Police Departments. The facility is located at 32 Cordaville Road and was built in 2019. The complex also houses the emergency communications center and a 49 seat training room. The training room also serves as the Town's emergency operation center (EOC) when needed. The location of the Public Safety Building is close to the geographic center of the town and has rapid access to Routes 85, 30, and 9.



Apparatus and Vehicles

A fire department's physical resources include fire apparatus and other capital expenditures that make up the property assets of an agency. These assets play an important role in maintaining an efficient, safe, and effective fire and emergency services department. The Commission on Fire Accreditation International (CFAI) has established benchmark criterion to measure apparatus and vehicle maintenance. The following are included performance indicators:

- Apparatus is located to accomplish the stated standards of response coverage and service level objectives.
- Apparatus types are appropriate for the functions served, i.e. operations, staff support services, specialized services and administration.
- There is a replacement schedule for apparatus and other equipment.
- There is a program in place for writing apparatus replacement specifications.
- The apparatus maintenance program has been established.
- Apparatus is maintained in accordance with manufacturer's recommendations, with activity conducted on a regular basis.
- Attention is given to the safety, health, and security aspects of equipment.

NFPA Apparatus Descriptions

Pumper: Fire apparatus with a permanently mounted fire pump of at least 750 gpm (3000 L/min) capacity, water tank, and hose body whose primary purpose is to combat structural and associated fires.

Engine 23

Aerial Fire Apparatus: A vehicle equipped with an aerial ladder, elevating platform, or water tower that is designed and equipped to support firefighting and rescue operations by positioning personnel, handling materials, providing continuous egress, or discharging water at positions elevated from the ground.

Tower 21

Quint: Fire apparatus with a permanently mounted fire pump, a water tank, a hose storage area, an aerial ladder or elevating platform with a permanently mounted waterway, and a complement of ground ladders.

Special Services Fire Apparatus: A multipurpose vehicle that primarily provides support services at emergency scenes.

Car 20

Ambulance: A vehicle used for out of hospital medical care and patient transport, which provides a driver's compartment; a patient compartment to accommodate an emergency medical services provider (EMSP) and one patient located on the primary cot so positioned that the primary patient can be given emergency care during transit; equipment and supplies for emergency care at the scene as well as during transport; safety, comfort, and avoidance of aggravation of the patient's injury or illness; two-way radio communication; and audible and visual traffic warning devices.

Ambulance 28

Current Apparatus and Rolling Stock

The SFD maintains a current fleet of 12 vehicles and trailers. The primary response apparatus and vehicles consist of two pumpers, one aerial-tower-pumper, two ambulances, and one squad-forestry. Additional units provide for 1) chief officer and prevention emergency response and travel, 2) equipment and personnel transport, 3) rapid water rescue capabilities, and 4) storage and transport of technical rescue and hazardous material response equipment. The apparatus and rolling stock replacement schedule utilized by the SFD was adopted in 2020. Ambulances are on an 8 year cycle, staff and support vehicles 10, pumpers and aerial at 20, trailers at 15, and special services apparatus on a 20 year cycle.

Response District

The Town of Southborough can be divided into four geographic areas by Route 85 (north - south) and Route 9 (east - west). Within and crossing these geographical sub-divisions are four smaller historical villages; 1) Downtown, 2) Cordaville, 3) Fayville, and 4) Southville. Based on the current single station model and with a relative equal mix of occupancy types and risks, the department maintains one town-wide response district. In-coming, single resource mutual aid, however, are identified and assigned by geographical area.

The department's alarm card (Appendix 2) is formatted according to the regional fire district's template. It provides one town-wide response district with two specific sub-districts; Off -Water and St. Marks School. Off -Water is the non-hydrant area of Pine Hill Road to Parmenter Road and includes a number of side roads and neighborhoods. It is estimated this geographic area is 2% of the town. In addition to the standard apparatus deployment, three water tenders (tankers) are automatically dispatched for confirmed or reported structure fires in this area. St. Marks School is a coeducational, Episcopal, preparatory school, located at 25 Marlborough Road. It is situated on 250 acres and contains multiple historic, educational, dormitory, sports and recreation, and place of assembly occupancies. An additional aerial apparatus is automatically dispatched to the campus for reported and confirmed structure fires.

Dispatch Criteria

Southborough Fire Department apparatus are assigned and dispatched to emergency requests through pre-determined criteria. Fire response dispatch criteria is based on National Fire Protection Association (NFPA) 1710, incident complexity, safety best practices, and National Incident Management System (NIMS) vehicle type / kind. Emergency Medical Services (EMS) response dispatch criteria is similarly based, with consideration of Massachusetts 105 CMR 170.00: Emergency Medical Services System and the National Academies of Emergency Dispatch (NAED) Medical Priority Dispatch System.

Initial Response and Deployment

- A single unit response is dispatched to an incident that is minor in intensity, magnitude or scope and may be effectively handled by one company. Most often this is a single engine.
- A two unit response is dispatched to an incident similar in nature to a single unit response, but where the presence of another unit is necessary due to the complexity of the situation. A two unit response is generally an engine and an ambulance.
- Supplemental single unit response is dispatched to the same location as a previous two unit response. Units responding are often staffed by a recall of off-duty and/or call SFD personnel or a mutual aid engine or ambulance.

Initial Response and Deployment continued

- A first alarm response is dispatched to an incident that would require multiple resources or equipment beyond the capabilities of a two unit response, such as a report of a structure fire. A two unit response may be upgraded to a first alarm response by an officer or dispatcher based upon additional information, their judgment of the nature, or relative seriousness of the incident or occupancy. Units responding include mutual aid.
- A multiple alarm is an alarm where additional assignments of companies, according to the department's alarm card, are dispatched to the same location as a previous first alarm response. A second alarm and each subsequent alarm assignment will include SFD as well as mutual aid units.

SFD Initial Response and Deployment		
Risk Level	Response	Response Plan
Low Risk	Single Unit	1 Engine
Low Risk	Two Unit	1 Engine and 1 Ambulance
Moderate Risk	Two Unit	1 Engine and 1 Ambulance
Supplemental	Single Unit	1 Engine or 1 Ambulance
Signficant Risk	First Alarm	3 Engines, 2 Ladders, 1 Ambulance, 1 Chief Officer
Maximum Risk	2nd Alarm	Additional 3 Engines and 1 Ladder
Maximum Risk	Multiple Alarms	Additional 2 to 3 Units each alarm

Resiliency

Resiliency is the ability of a public safety response system to maintain daily operations during major incidents as well as training and other planned events without negative impact on response time performance. As defined by the Center for Public Safety Excellence (CPSE) in its Community Risk Assessment: Standards of Cover, 6th Edition, resiliency consists of three components:

- Resistance: The ability to deploy only the resources necessary to safely mitigate an incident
- Absorption: The ability to quickly add resources to the city at times of heavy call volume or incidents of high magnitude
- Restoration: The ability to quickly return resources to normalcy and units back in service.

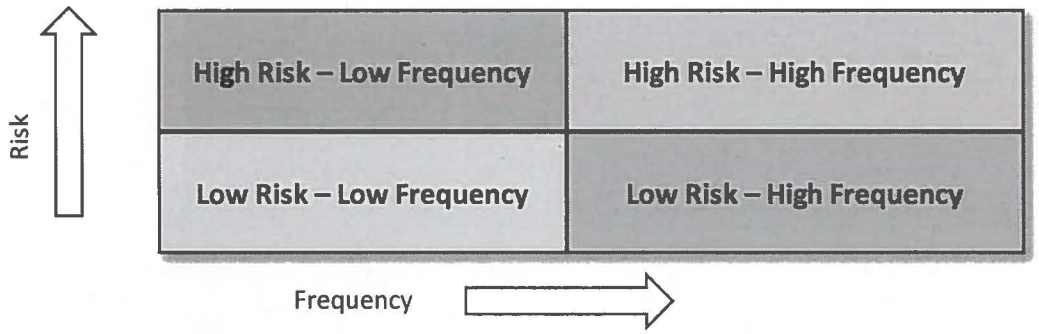
The SFD manages all elements of its system resiliency through a combination of response policies, procedures and the alarm card. Resistance is managed through the stepped use of resources, based on the information reported by the caller and then by oncoming companies. Depending on the information received about the level of risk for the particular hazard, the initial dispatch can be a single, two unit or first alarm. In cases of moderate to significant risk, the appropriate action may be to send a first alarm initially. Absorption is accomplished by upgrading responses as additional information is achieved, initially by the dispatcher and then by the incident commander. The system has the ability to add a full or partial recall off duty and call members, or mutual aid units to increase the resources at the scene or

to strengthen areas of the jurisdiction that may be lacking resources. Reserve apparatus are kept in an operational state with at least minimum equipment for being placed in service if staffed as a reserve company. The timing and order of restoration is done at the discretion of the incident commander for resources at the scene and the deputy chief for city wide coverage. For those units returned from the scene of an emergency the first priority is to put the crew, apparatus and equipment back in condition to resume an in-service status.

Risk Analysis

The SFD must assess risks based upon the potential frequency; probability of an incident occurring, and consequence; potential harm should an event occur. The relationships between probability and consequence and the community's adopted service level goals determine the needed concentration and distribution of resources. Distribution is the number of resources placed throughout the town. Concentration is the number of resources needed in a given area within the town. This varies depending on many factors including 1) the number of calls for service, 2) the risk factors of the area, and 3) the availability, reliability, and additional responding units' arrival time.

Risk Probability and Consequence Matrix



Low risk incidents often have minimal consequences when not all core tasks are accomplished. Conversely, higher risk incidents have a greater potential for significant consequences even when simple tasks are delayed, or worse, not completed. Frequency is an important factor related to risk; incidents performed often create experience, incidents performed infrequently or rarely have a higher probability of critical errors and untoward outcomes.

Hazard Analysis and Assessment

A critical element in the assessment of any emergency service delivery system is the ability to provide adequate resources for anticipated emergencies and events. Properly trained and equipped emergency resources must arrive, deploy, and mitigate the incident within specific time frames if successful emergency event strategies and tactical objectives are to be met. Each event, fire, rescue operation, major medical emergency, disaster response, or other situation will require varying and unique levels of

resources. The higher the risk, the more resources needed. For example, more resources are required for the rescue of persons trapped within a high risk building with a high-occupant load, than for a low-risk building with a low-occupant load. Additionally, more resources are required to control fires in large, heavily loaded structures than in small buildings with limited contents.

Creating a level of service requires making decisions regarding the distribution and concentration of resources in relation to the potential demand placed upon them by the level of risk in the community. The objective is to have a distribution of resources that is able to reach a majority of events in the time frame as stated in the service level goals. The following are factors considered by the SFD when determining risk level:

- Estimated fire flow
- Proximity of a hydrant
- Occupancy height (number of stories)
- Access to the occupancy
- Occupant load
- Occupant mobility
- Fire protection and warning
- Probability of an event
- Economic and Environmental impacts
- Life Safety Impact

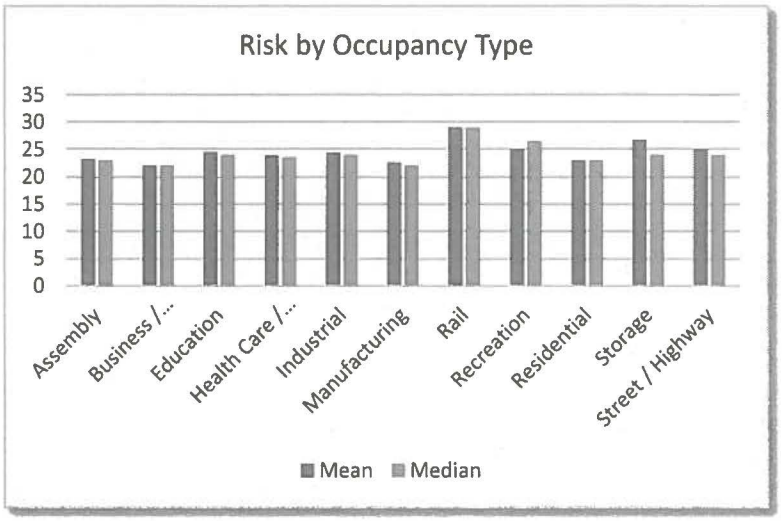
Occupancies Types

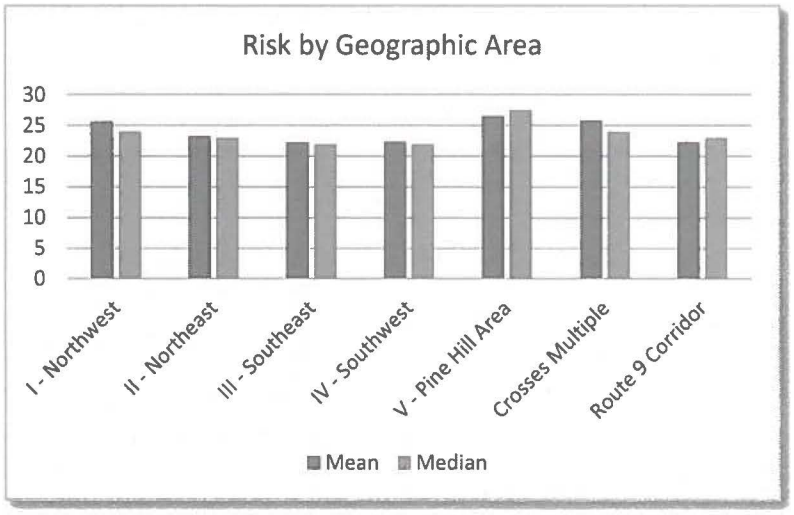
The following type of occupancies and locations are representative of the diverse risks in the Town:

- Assembly
- Education
- Health Care / Correctional
- Residential
- Business and Mercantile
- Manufacturing
- Industrial
- Storage
- Streets / Highways
- Recreation

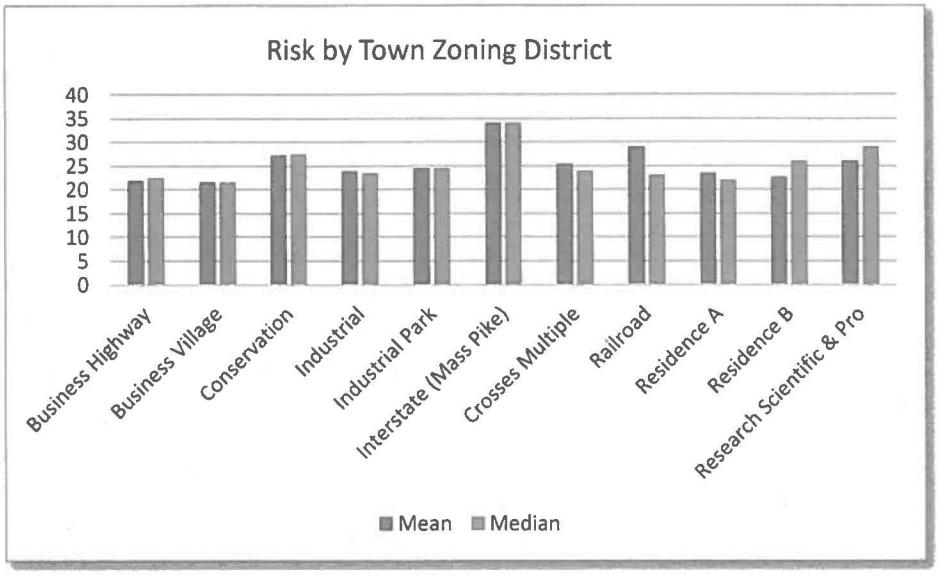
Risk by Response Occupancy Type, Geographic Area, and Zoning District

One hundred and eighty-six existing addresses were evaluated during a 2020 assessment. These occupancies and locations were selected based on the following criteria: 1) response occurrence over the last four years, 2) known or anticipated hazards, and 3) representation of occupancy types. The SFD recognizes that the selected addresses do not represent all locations in the town, but provide an appropriate measure of occupancy type and frequency of responses. The reference for the Risk Analysis Scoring can be found in Appendix 3. The four (4) risk categories are; Low (>20), Moderate (20-29), Significant (30-39) and Maximum (40+). Figures 15 through 17 provide the results of this risk analysis.





Geographic Area Map can be referenced in Appendix 4



Town Zoning Map can be referenced in Appendix 5

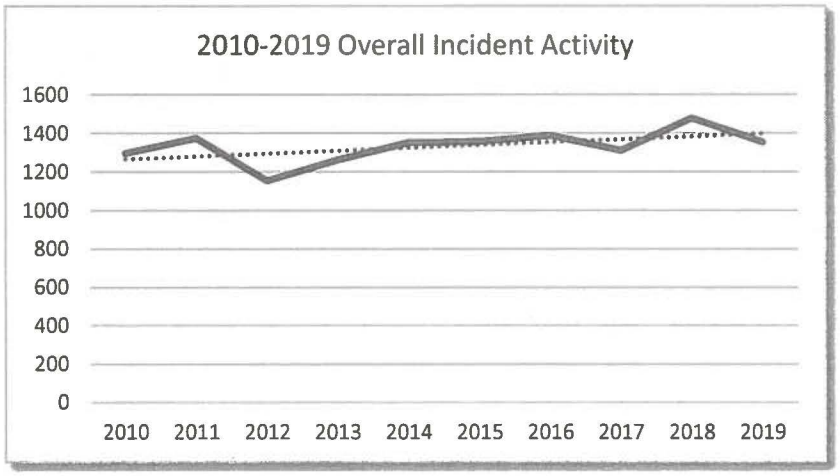
SFD Risk Analysis and Scoring Summary

- Risk by occupancy is overall moderate (20-29) with Rail, Storage, and Highway at or near Significant (30-39).
- Risk by Geographic Area of Town is greatest in the Pine Hill Road and the Northwest areas. Occurrences and locations that cross more than one geographical area also pose higher risks; specifically Highways, Streets, and Rail.
- Risks by Zoning Districts are generally moderate (20-29), with similar higher risk in the Highway (Interstate 90 and 495) and Railroad Districts. Conservation and Research, Scientific & Professional were on the higher Moderate scale. Properties and locations in these areas included the Sudbury Reservoir, Sudbury Dam, and Chestnut Hill Farms.

Historical Response Data Calendar Years 2016 to 2019

Total Response Data

The availability of accurate information about fires and other incidents is vital in monitoring, assessing, and achieving maximum performance. Patterns that emerge from the analysis of incident data assists the SFD in focusing on emerging and current trends, predicting future issues within the community, and measuring our performance. Total incident activity, or call volume, is the most basic measure of department operations. The SFD includes only emergency requests for service in calculating total incident activity. Over the last four years the incident activity for the SFD has averaged 1382 total calls annually.



Response Activity by Day of Week, Hour of Day, and Time of Year

Total incident activity conveys the aggregate yearly call volume, but the distribution and concentration of activity can be best illustrated by incident responses by day of week, hour of day, and time of year. This information can be used to determine and monitor staffing, deployment, training, and work schedules. The distribution and concentration of incidents is often reflective of the overall demographics, occupancies, seasonal variations in population, and activities within a community.

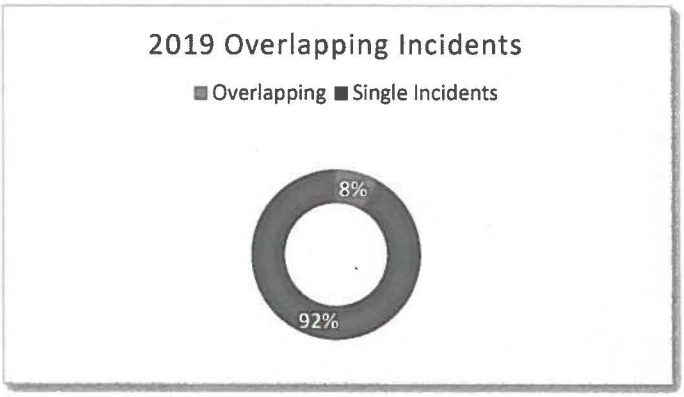
Overlapping Incidents:

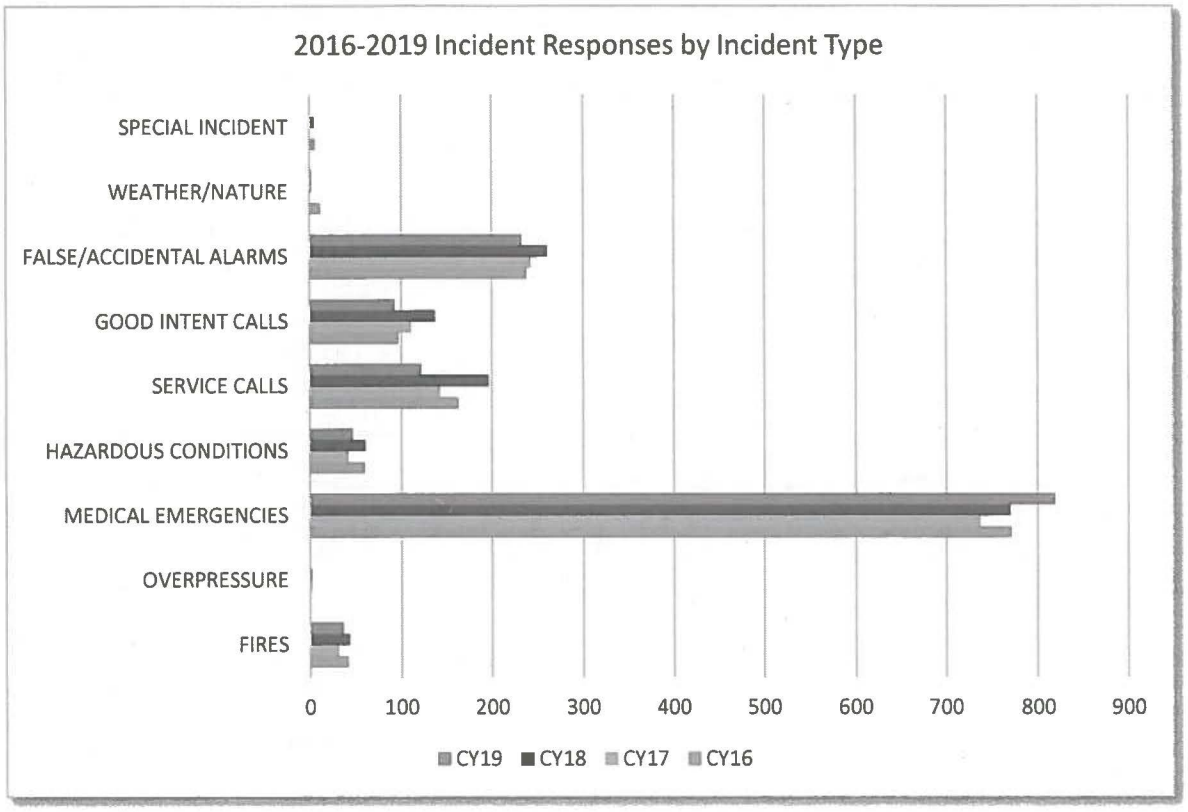
The SFD is staffed with only one engine and one ambulance at a time. When incidents remain active simultaneously or require additional resources, recall of off-duty, call members, and/or mutual aid is requested. Therefore, understanding how often multiple calls overlap is important when assessing the department's concentration of activity and resource availability. To determine overlapping events, the department reviews each individual call and then identifies the number of other calls that begin at any time between when the first call began and ended.



Incident Responses by Incident Type

Incident Type, as defined by the US Fire Administration, is the actual situation that emergency personnel found on the scene when they arrived. These include the entire spectrum of fire department activities from fires to EMS to public service. The type of incident reported is not always the same as the incident type initially dispatched. This critical information identifies the various types of incidents to which a fire department responds and allows the fire department to document the full range of incidents it handles. This information can be used to analyze the frequency of different types of incidents, provide insight on fire and other incident problems, and identify training needs.

National Fire Incident Reporting Incident Types		
Series	Heading	Examples
100	Fire	fires in buildings, mobile property, vehicles, vegatation, dumpsters
200	Overpressure Rupture, Explosion, Overheat (No Fire)	rupture of boiler or pipe, explosion, overheating without fire
300	Rescue and Emergency Medical Service Incidents	medical emergencies, refusal of care, vehicle crashes, water rescues
400	Hazardous Condition (No Fire)	combustible and flammable spill, chemical releases, electrical problem
500	Service Call	public assistance, water problem, animal rescue, unauthorized burning
600	Good Intent Call	cancelled enroute, steam mistaken for smoke, no emergency found
700	False Alarm and False Call	detector malfunction, unintentional alarm, malicious false alarm
800	Severe Weather and Natural Disaster	lightning strike, flood, wind storm assessment
900	Special Incident Type	citizen complaint, reports of code violation



Incident Responses by Property Type 2016 to 2019

Each individual property has a specific use, whether a structure or open land. Information on the frequency, losses, and types of emergencies for each property use can assist in targeting fire prevention programs and fire protection or suppression systems for each type of property. It often assists in ordering priorities for inspection, developing new building codes, and evaluating the success of programs directed at particular types of properties.

Property Type	Total	%	Yearly Avg.
Other	10	0.2%	3
Assembly	106	2.1%	27
Educational	161	3.1%	40
Health Care, Correctional	465	9.0%	116
Residential	2836	54.9%	709
Business / Mercantile	270	5.2%	68
Industrial	36	0.7%	9
Manufacturing	7	0.1%	2
Storage	154	3.0%	39
Street / Highway	942	18.2%	236
Recreational / Open Land	159	3.1%	40
Undetermined / Other	21	0.4%	5
Total	5167	1	1292

Estimated Fire Losses and Values

Property and content losses illustrate the magnitude of the fire problem, provides an additional indicator of the incident severity, and can be used to evaluate progress in fire protection. Estimated property and content losses are also crucial for identifying types of situations where high monetary losses are common. This information helps target fire prevention programs.

	2016		2017		2018		2019

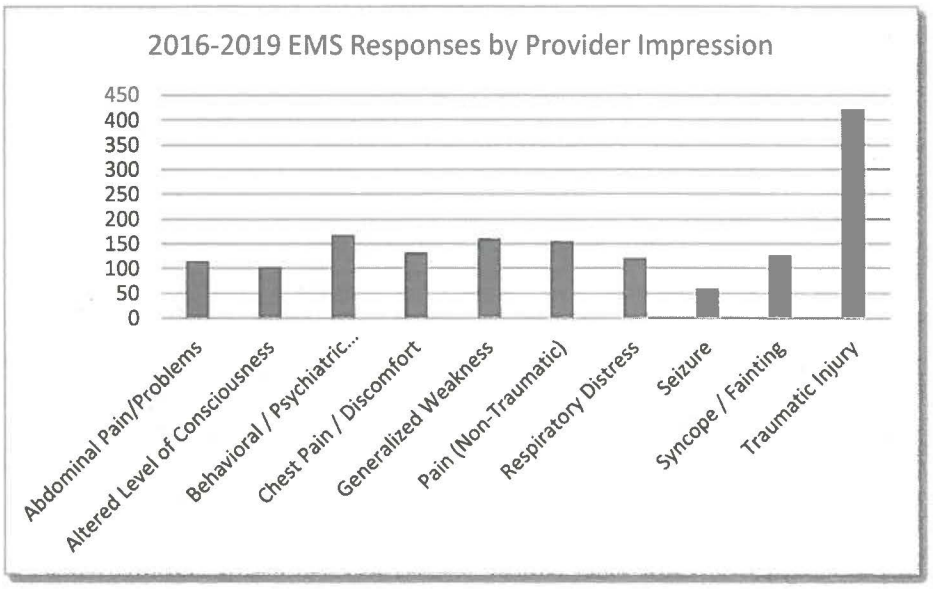
Emergency Medical Responses by Provider Impression

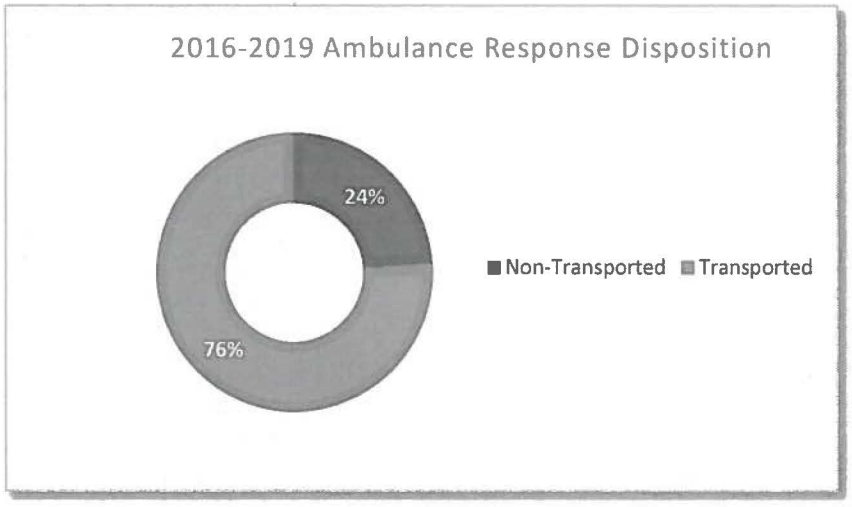
The SFD provides advanced life support level emergency medical care and ambulance transport services to the town. Over the past four years, emergency medical responses accounted for 60% of the department's overall request for service.

Medical Responses by Provider Impression provides information on the various types of emergency medical incidents to which the SFD responds. This information is used to analyze the frequency of different types of medical incidents, provide insight on the type of emergency medical incidents, and identify medical equipment and training needs. The top 10 type of emergency medical responses for the last 4 years are listed below.



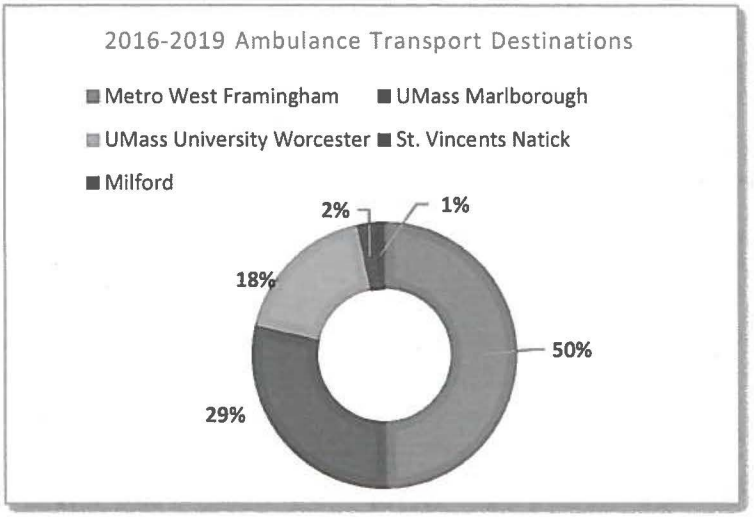
Ambulance Response Disposition

All requests for emergency medical care do not result in the transportation by ambulance to the hospital. The percentage of transports can fluctuate month to month, but on average range between 60-70%. Other dispositions include cancelled enroute, no patient found or no patient contact, and refusal of care and transport.



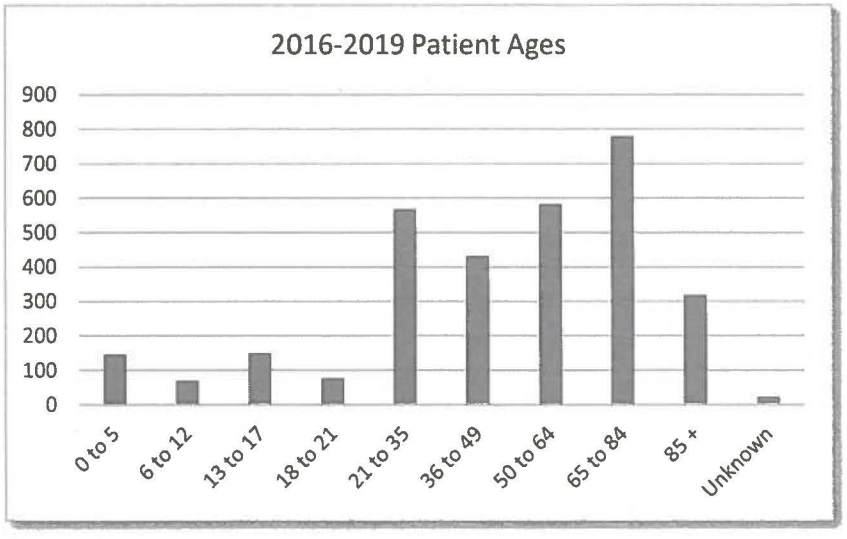
Ambulance Transport Destinations

SFD ambulances transport to the closest and most appropriate hospital based on the patient's medical condition and Regional Point of Entry Protocols. All patients are transported to an Emergency Department.



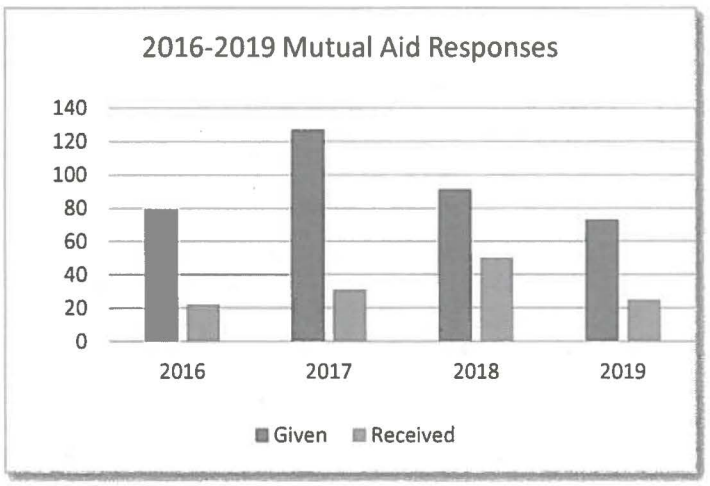
EMS Incident - Patient Ages

Tracking patient ages provides data on what age groups will most likely utilize emergency services in town, as well as where best to focus department injury prevention and public education measures.



Mutual Aid Given and Received

The SFD both receives and provides mutual aid response to area communities. The SFD will respond, at no charge, to a request of another fire department with an ambulance or fire unit. The response may be to the scene of an emergency or to provide community coverage from their fire station. This aid is reciprocated by area fire departments to the SFD. It is often the case that a community will provide more aid than received.



Response Time Analysis

According to the Commission on Fire Accreditation International (CFAI), response time and those individual time elements within the overall response time are critical components of an organization's ability to positively impact the outcome of an emergency event. Fire growth is exponential and is based upon such things as fuel concentrations and elapsed time to interventions. The elapsed time to effective interventions also have a direct relationship in determining survivability and quality of life during medical or traumatic emergencies.

According to the CFAI, total response time consists of (a) notification and alarm processing, (b) turnout time, and (c) travel time. Notification and alarm processing are the time points which an alarm or request for emergency response is received by an agency and the time interval it takes to retransmit that emergency to the specific agency's resources. Turnout time is the time point at which the responding units are notified to the beginning of travel time. Travel time is the actual time of travel from turnout to the arrival on scene.

Notification and alarm processing for the SFD is the responsibility of the Southborough Emergency Communications Center. This is a combined public safety dispatch center under the supervision of the police department. The policies and procedures for alarm processing and notification are developed by the SFD and jointly adopted by both the fire and police departments. A nationally recognized Emergency Medical Dispatch (EMD) Protocol is utilized for callers reporting medical emergencies. Callers answer a few brief questions so that the proper response and pre-arrival treatment may be determined.

In 2019, the SFD began to develop Standards of Cover along with performance measures as part of a department-wide initiative to improve and strengthen essential services. National Fire Protection Association (NFPA) and Commission of Fire Accreditation International (CFAI) standards were referenced in addressing three main areas: (a) existing deployment, (b) service level objectives, and (c) performance and reliability. The SFD continues to monitor performance and reliability of department resources, as well as measuring and revising service level objectives. In addition to collecting and reviewing historical response data, the department conducted a response time analysis of all incidents that occurred from January 1, 2016 through January 1, 2020. The source of the information was obtained through the SFD's electronic record management system known as ESO Suite.

Mean (Average) Response Times

On average, from the time of dialing 911 until the arrival of the first fire department resource will be 6 minutes and 48 seconds or less 50% of the time. The Alarm to Dispatch time is 1 minute and 56 seconds and the Dispatch to On Scene time is 4 minutes and 38 seconds.

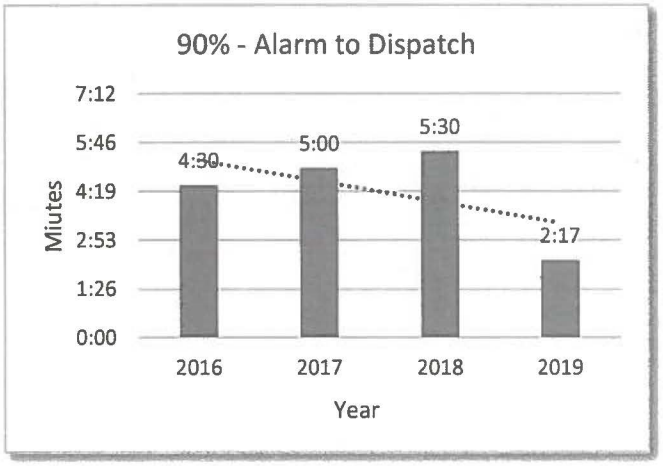
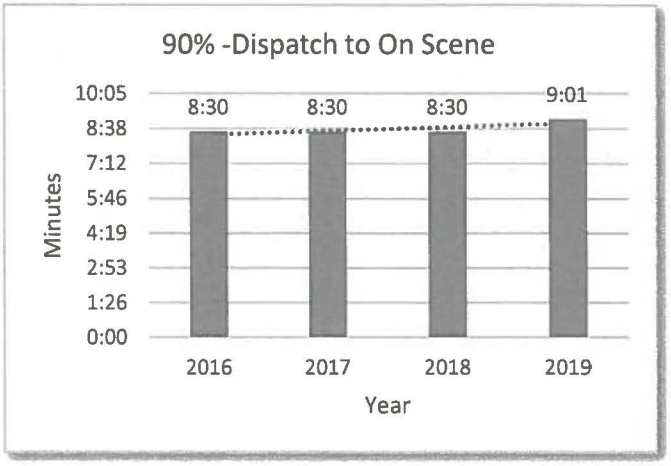
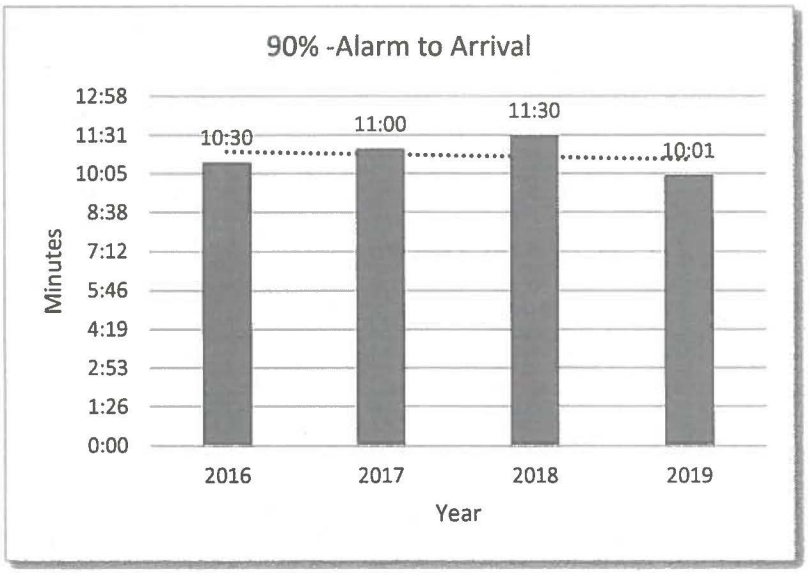
90th Percentile Response Times

From the time of dialing 911 until the arrival of the first fire department resource will be 10 minutes and 45 seconds or less 90% of the time. Dispatch time is 4 minutes and 19 seconds and the Dispatch to On Scene time is 8 minutes and 38 seconds.







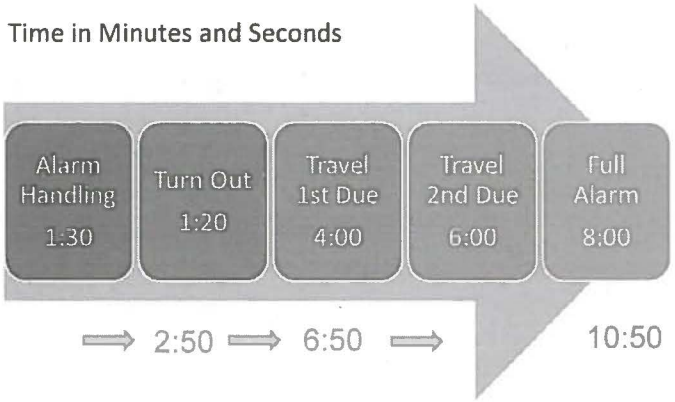
Effective Response Force

Apparatus Staffing and Deployment Standards

Staffing of fire apparatus and ambulances can be determined based on a number of variables. Traditional considerations often include the demographics of a community, the demand and numbers of service requests, the nature of risks and hazards in the service area, the type and age of buildings in the community, the type of occupancies (i.e. residential, commercial, industrial), and travel times from existing stations to the coverage area. The National Fire Protection Association (NFPA) has identified the standards to increase the chance for positive outcomes from fire and other emergencies. Staffing of each company shall be led by an officer who shall be considered part of the company. All engine and ladder companies should be staffed with a minimum of four on-duty personnel. According to *NFPA 1710 Standard for the Organization and Deployment of Fire Suppression Operations, Emergency Medical Operations, and Special Operations to the Public by Career Fire Departments* (2020), fire departments should establish the following 90% performance objectives for the first-due response zones (areas):

- Alarm Handling - 90 seconds (1:30) and within 120 seconds (2:00) 99% of the time.
- Turnout Time - 80 seconds (1:20) from time of dispatch to first unit enroute for fire and special operations response and 60 seconds (1:00) for EMS response.
- Travel Time 1st Due- 240 seconds (4:00) or less travel time for the arrival of the first engine company at a fire suppression incident.
- Travel Time 2nd Due - 360 seconds (6:00) or less for the arrival of the second company.
- Full Assignment - 480 seconds (8:00) or less travel time for the deployment of the of an initial full alarm assignment at a fire suppression incident.

Alarm Handling is the time interval from receipt of the alarm at the primary dispatch center to the notification of response units. Turnout Time is the time interval between response unit notification and travel time. Travel time is the interval that begins when a unit is enroute and ends when the unit arrives at the scene. The best practice for most incidents is a Total Response Time of 6 minutes and 50 seconds, 90% of the time for the first-due unit, 8 minutes and 50 seconds for the second unit, and 10 minutes and 50 seconds for the initial full assignment units to be deployed.



An initial full alarm assignment deployment for a two-story, single-family dwelling with no basement and no exposures should provide for the establishment of incident command outside the hazard area, water supply of a minimum of 400 gallons per minute, two hose lines producing a minimum of 300 gallons per minute, victim search and rescue, ground laddering and ventilation, and firefighter safety and rescue. Some incidents will also require aerial operations and emergency medical services. Therefore, the total effective response force of 16-18 firefighters is required. To meet these measures, automatic aid (joint response on first alarms from other fire departments) may be employed. The minimum effective response force for shopping centers and apartments is higher at 27-28 firefighters.

Effective Response Force	
Incident Command	1
Water Supply (Engine Operator)	1
Fire Attack via 2 Hose Lines	4
Support for Deployed Hose Lines	2
Victim Search and Rescue	2
Ground Ladders and Ventilation	2
Rapid Intervention Crew	4
Aerial Operator (If Used)	1
TOTAL	16-17

Additional studies and standards that influence staffing considerations include the National Institute of Standards and Technology (NIST) *Report on Residential Fireground Field Experiments* (2010) and the U.S Occupational Safety and Health Administration (OSHA) Respiratory Standard 29 CFR 1910.134. The NIST study concluded that four-person crews were more effective than two or three-person crews when it came to extinguishing fires in a 2000 square foot house (15% faster than two-person and 6% faster than three person) and rescuing occupants (30% faster than two-person crews and 5% faster than three-person crews). Additionally, four- and five-person crews were able to complete 22 essential firefighting and rescue tasks in a residential property 30% faster than two-person crews and 25% faster than three-person crews.

The OSHA regulation requires firefighters entering dangerous atmospheres do so in teams of two with a minimum of two more firefighters available outside to assist or rescue those inside (2-in / 2-out rule). Therefore, firefighters entering a building with smoke, toxic gases, or fire must do so only after there are a total of four firefighters on scene. An exception to this rule is when a victim is visible from the outside of the hazardous environment and readily accessible to the firefighters. The ratio of firefighters outside the dangerous environment to those inside after the initial entry is not required to be maintained at 2 to 2 (i.e. 6 firefighters inside requires 6 outside). The intent is to ensure there is adequate resources, equally equipped, to affect a rescue of the inside crews. This is accomplished by applying the NFPA 1710 standards.

NFPA 1710 Staffing and Deployment Standards for EMS

- A fire department first responder with an automated external defibrillator (AED) shall be deployed to provide for the arrival of the AED within 240 seconds (4 minutes).
- A fire department providing Advanced Life Support (ALS) shall be deployed to provide for the arrival of an ALS company within 480 seconds (6 minutes).
- Personnel deployed to ALS emergency responses shall include a minimum of two members trained at the emergency medical technician–paramedic level and two members trained at the emergency medical technician–basic level arriving on scene within the established travel time.

Massachusetts Department of Public Health Staffing Requirements for EMS

Massachusetts 105 CMR 170.305:Staffing requires that each ambulance and Emergency Fire Responder (EFR) service shall at all times maintain an adequate number of EMS personnel to staff EMS vehicles to ensure service availability and back-up 24 hours a day, 7 days a week. Based on the emergency medical care provided, the following staffing requirements exist:

- Basic Life Support: a minimum of two EMTs, certified at the EMT level
- Advanced Life Support: a minimum of two EMT's, at least one certified at the Advanced EMT or higher level.
- Advanced Life Support – Paramedic Level: a minimum of two EMT's, at least one certified at the Paramedic level.
- Advanced Life Support – Paramedic Level: High acuity: a minimum of two Paramedics.

Critical Tasks Analysis

Critical task analysis determines what tasks need to be accomplished at the scene of an emergency. Critical tasking is the process of assigning tasks to firefighters, EMTs, paramedics, and fire officers that must be conducted in a timely manner at in order to stabilize and control an incident. While creating standards of response coverage, the capability of arriving companies and individual responders to achieve these duties must be taken into consideration. On-scene operations, critical tasking, and maintaining an effective response team are elements of response coverage that determine staffing levels, number of apparatus needed, and duties to be performed by each team while at an emergency incident.

Critical Tasks Analysis - Fire

The SFD performs offensive interior fire attack whenever possible while placing firefighter safety in high regards, and using the RECEO VS approach (rescue, exposure, confinement, extinguishment, overhaul ventilation, and salvage). In rescue situations, the first objective is to put a hose line between the victims and the fire, if possible, to assist with the rescue. The second is to contain the fire to the point of origin. Before on-scene procedures can be established, the incident commander (IC) must determine whether or not the fire ground will operate under an offensive, transitional, or defensive strategy. An offensive

strategy consists of immediately entering the interior of the structure upon arrival to perform rescue and confinement. The transitional strategy is performing an exterior attack upon arrival, prior to making entry, to cool the interior and reset the behavior and growth of the fire. A defensive strategy is one that allows for no interior fire attack when fire conditions indicate no or an extremely low probability of survivability of occupants; therefore, no search and rescue is attempted. All firefighting is performed from outside the structure with the goal of containing the fire to the initial structure involved.

An organization providing for an offensive strategy requires the necessary fire resources to arrive sooner than they would have to if only the defensive strategy was provided for. Locations of fire stations and fire apparatus play a major role in the probability of a successful rescue. The incident commander must maintain scene management in order to properly implement the plan of attack. Scene management is not separate from, but is an integral part of successfully managing the incident. Objectives of scene management are life safety for firefighters (accountability, etc.) and non-emergency personnel on the scene, stabilizing the incident by controlling non-emergency personnel so they do not interfere with fire ground activities, and conserving property through timely implementation of resources to gain and maintain control.

The SFD has evaluated the critical tasks needed to control fires in each respective risk category. Whenever firefighters are operating in an immediate danger to life and health (IDLH) environments, additional personnel must be staged to perform rescue functions for interior firefighters, commonly known as two-in / two-out. In this situation, a command structure must also be in place. The growth of fire and the dynamics that are involved, as well as the uniqueness of the occupancy and life safety risks combine to determine which fire ground duties may be required to aid in mitigating potential loss.
On-scene Operations

The first fire company to arrive at the scene will communicate existing and known conditions to the emergency dispatcher and other responding units. At the completion of this report the ranking fire officer or senior firefighter will implement the incident command system (ICS). Before a specific on-scene strategy can be established, an initial size-up must be completed by the incident commander (IC). Factors considered include 1) forecasting fire growth and development, 2) identifying scene hazards, and 3), identifying heat and smoke flow path(s). This size-up should facilitate which strategy to employ; offensive, transitional or defensive.

Offensive Strategy

Considered an interior fire attack operation with the top priority of the search and rescue of any trapped occupants. The SFD employs this strategy most often to limit the number of fires that spread beyond the room of origin. For this reason the SFD uses an aggressive fire attack whenever possible, taking into consideration firefighter safety and other pertinent concerns.

Transitional Strategy

Utilized when the fire companies are faced with changing fire conditions and limited resources, this strategy uses an initial exterior fire attack through a ventilation opening to help transition the fire from ventilation-limited to fuel-limited conditions. Transitional attack reduces the potential for flashover and creates a more survivable interior environment for trapped occupants and also firefighters. A transitional strategy is also appropriate when on scene units are waiting for the arrival of sufficient resources to safely mount an offensive attack or when the initial defensive mode of operations has reduced to a point where interior operations can be conducted in a safer manner. The function of this strategy is reducing temperatures within the structure to increase occupant and firefighter survivability.

Defensive Strategy

Normally an exterior fire attack operation, without interior operations, except if it is necessary to rescue firefighters. There are no attempts to rescue any civilian occupants because the stage of the fire has grown in intensity, all fuel sources are burning (flash point), and the probability that occupants are reasonably presumed to be beyond rescue. In this situation, nearly all of the firefighting is to be performed from the outside of the structure with the concept of containing the fire to the initially involved structure. In the case of a large structure with a defensive attack implemented, a portion of the building may be salvaged with the use of an interior attack to create a safe haven for trapped occupants taking advantage of the building's design.
Life Safety Tasks

Fire Flow Tasks

Fire flow tasks relate to simply getting water on the fire. These tasks are dependent on the type of strategy that is used and available on scene resources. If the responding units use the offensive or transitional strategies, they will deploy one and three-quarter (1 ¾) or two (2.0) inch diameter hand lines to attack the fire. If responding units use the defensive strategy, they may retain the use of large diameter hand lines such as two and one-half (2 ½) inch, three (3.0) inch, or master-stream devices. Master-stream devices take relatively few firefighters to operate when mounted to fire apparatus. Master-stream devices not affixed to apparatus (connected via hose line) may take more firefighters to deploy and operate. These master-streams will be used to confine the fire and keep it from advancing to any adjacent exposures.

Critical Task Capabilities: Fire Services

The following critical tasks and staffing are required to carry out strategic and tactical objectives to 1) protect and rescue occupants, 2) confine, control, and extinguish the fire, 3) reduce property loss, and 4) account for and protect emergency responders for incidents involving fire:

Fire Services – Low Risk (vehicle or fire with no exposures)

This type of response can normally be handled by the on-duty compliment of 1 officer and 3 firefighters. The officer will assume the role of the Incident Commander and will provide support to both the Pump Operator and Attack Line personnel. The Attack Line personnel will also have responsibility of search and rescue, horizontal ventilation, overhaul, and salvage.

- Incident Command – (1) Fire Officer
- Pump Operator / Water Supply Engine – (1) Firefighter
- Attack Line – (2) Firefighters

Fire Services – Moderate Risk (fire with exposures)

Fires that extend beyond the room or floor of origin, impact the ability of occupants to safely evacuate, or pose a risk to adjacent structures require a full first alarm assignment to safely and effectively control. Responsibilities include command and control, accountability and safety of responders, search and rescue, exposure control, confinement, extinguishment, ventilation, overhaul, and salvage. A reliable water supply must be established and a 1 ¾ inch hose that produces up to 200 gallons per minute (GPM) should be deployed along with a backup line of equal or greater size. A fire of this type can transition into a serious fire.

- Incident Command – (1) Fire Officer
- Pump Operator / Primary Engine – (1) Firefighter
- Search and Rescue – (2) Firefighters
- Attack Line – (2) Firefighters
- Back-Up Line – (2) Firefighters
- Ventilation – (2) Firefighters
- Rapid Intervention Crew – (4)
- Support for Hose Lines, Water Supply – (2) Firefighters
- Aerial – Tower Operator – (1) Firefighter

Fire Services – Significant Risk (large fire with exposures)

Fires that involve the actual structure, multiple rooms and floors, injured or trapped occupants, hazardous materials, and/or extend to adjacent structures require a full first alarm assignment and possible a second alarm assignment in order to safely and effectively control. Responsibilities include command and control, accountability and safety of responders, search and rescue, exposure control, confinement, extinguishment, ventilation, overhaul, and salvage. A reliable water supply must be established to support the deployment of multiple 1 ¾, 2.0, or 2 ½ inch hose lines. Fires not contained will require master stream devices. Multiple rescues or casualties, structural collapse, firefighter injuries, hazardous materials release, and extreme weather conditions, will require the IC to request additional resources including mutual or regional aid.

- Incident Command – (1) Fire Officer
- Safety Officer – (1) Fire Officer
- Pump Operator / Primary Engine – (1) Firefighter
- Pump Operator / Water Supply Engine – (1) Firefighter
- Search and Rescue – (2) Firefighters
- Attack Lines – (2) Firefighters
- Back-Up Line – (2) Firefighters
- Support for Hose Lines, Water Supply – (2) Firefighters
- Ventilation – (4) Firefighters
- Rapid Intervention Crew – (4)
- Aerial – Tower Operator – (1) Firefighter
- EMS – (2) Advanced EMT

Critical Task Capabilities: Wildland Fires

Fires that occur in open spaces and wooded areas pose a risk not only to the environment and wildlife, but to adjacent structures, roadways and residential areas. Therefore, wildland fire suppression is primarily focused on containment. Small fires are often controlled by the duty crew. Moderate size fires during high fire danger weather days may require the response of a full initial alarm assignment and a chief officer. The initial IC or Fire Chief may request additional resources including forestry units, hand crews, water tenders (tankers), and MA Department of Conservation and Recreation (DCR) Bureau of Forest Fire Control assets.

The following critical tasks and staffing are established as a standard in order to perform 1) perimeter control, 2) confinement, and 3) extinguishment of a fire in open space, woodlands, and that threaten structures.

Wildland Fire- Low Risk (Hydrant)

- Incident Command – (1) Fire Officer
- Pump Operator / Water Supply Engine – (1) Firefighter
- Hand Crews – (2) Firefighters

Wildland Fire- Moderate to Significant Risk (Hydrant)

- Incident Command – (1) Fire Officer
- Safety Officer – (1) Fire Officer
- Pump Operator / Primary Engine – (1) Firefighter
- Pump Operator / Water Supply Engine – (1) Firefighter
- Hand Crews – (8) Firefighters
- Support for Hose Lines, Water Supply – (2) Firefighters

Wildland Fire- Moderate to Significant Risk (Off-Hydrant)

- Incident Command – (1) Fire Officer
- Safety Officer – (1) Fire Officer
- Pump Operator / Primary Engine – (1) Firefighter
- Pump Operator / Water Supply Engines – (2) Firefighter
- Driver – Operator / Water Tenders – (3) Firefighters
- Hand Crews – (8) Firefighters

Critical Tasks Capabilities: Emergency Medical Services

The following critical tasks and staffing are required to carry out strategic and tactical objectives of 1) triage and assess, 2) treatment, and 3) transport for patients experiencing medical and/or traumatic emergencies:

Emergency Medical Services – Low Risk (minor medical illness or traumatic event)

This type of response can normally be handled by two providers. One Emergency Medical Technician – Advanced (EMT-A) is the primary care provider while the other is the secondary care provider. The second Emergency Medical Technician (EMT) also has the added responsibility of ensuring safe transport to the hospital while basic medical care is being continued in the patient compartment.

- Primary Care Attendant – (1) Advanced EMT / Paramedic
- Secondary Attendant / Driver – (1) EMT / Advanced EMT

Emergency Medical Services – Moderate Risk (serious medical or traumatic event)

This type of response may be handled by two providers, but the condition of the patient may warrant additional personnel. Advanced Life Support responses require the added training of the AEMT- and/or Paramedic. Responsibilities include airway management, cardiac monitoring and interpretation, I.V. access, and medication administration.

- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic
- Driver – (1) EMT / Advanced EMT
- Incident Command – (1) Officer
- Support – (1) Firefighter

Emergency Medical Service -Significant Risk (multiple casualties)

A mass casualty is considered anything more than the initial alarm assignment units can effectively manage. This can be considered 5-6 patients. The initial scene size up will determine the number of apparatus required for the incident. SFD utilizes a pre-determined, 5 level run card that includes mutual aid response.

- Incident Command – (1) Fire Officer
- Safety Officer – (1) Fire Officer
- Pump Operator / Primary Engine – (1) Firefighter
- EMS Branch Director – (1) Paramedic
- Triage Team – (2) Advanced EMT / Paramedics
- Treatment Officer – (1) Advanced EMT / Paramedics
- Ambulance Transport – (10) EMT / Advanced EMT / Paramedics

Water and Ice Rescue Incidents Critical Tasks

The SFD provides search and rescue of victims in or near the Sudbury Reservoir, as well as other bodies of water in Southborough. Other agencies that have jurisdiction and response capabilities include the Massachusetts Water Resource Authority (MWRA) and the Department of Conservation and Recreation (DCR). These incidents may involve operating in swift moving water, swimming, self-rescue, victim rescue in open water or on ice, boat operations, night operations, and multi-agency coordination. The initial response for a water rescue requires an engine and ambulance response by land or via the department's rescue boat. The Incident Commander may also request the deployment of Massachusetts Fire District 14's Technical Rescue and Dive Team.

The following critical tasks and staffing are established as a standard in order to 1) provide for the safety of responders, 2) gaining access to victim(s), 3) providing floatation device, and 4) affecting rescue.

Land-Side Incidents – Low to Moderate Risk

- Incident Commander - (1) Fire Officer
- Primary Rescue - (2) Firefighters
- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic

Water-Side Incidents – Moderate Risk (Sudbury Reservoir, Ponds, and Rivers)

- Incident Commander - (1) Fire Officer
- Rescue Boat Operator – (1) Firefighters
- Rescuer - (1) Firefighter
- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic

Water-Side Incidents – Significant to Maximum Risk (Sudbury Reservoir)

- Land-Side Incident Commander - (1) Fire Officer
- Land-Side Support – (2) Firefighters
- Rescue Boat Operator – (1) Firefighter
- Rescuer - (1) Firefighter
- Back-Up Team – (2) Firefighters
- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic
- MWRA and or DCR Vessel(s) Water-Side

Hazardous Material Incidents Critical Tasks

In the early stages of a hazardous-materials incident (HMI), it may be necessary for all available on-duty personnel to assist in accomplishing tasks required to identify, isolate, secure, and mitigate the incident. Any HMI beyond the routine fuel spills/odor investigation may require the response of a full initial alarm assignment and a chief officer. The initial Incident Commander (IC) or Fire Chief may request the State Hazardous Materials Response Team for a HMI.

The following critical tasks and staffing are established as a standard in order to 1) isolate an incident, 2) rescue trapped occupants, 3) evacuate exposures and adjacent areas, and 4) contain the spread or release of hazardous materials:

Hazardous Materials Incident- Low to Moderate Risk (limited release, risk assessment)

- Incident Commander - (1) Fire Officer
- Driver/Operator - (1) Firefighter
- Air Monitoring - (1) Firefighter
- Exposure Control – (1) Firefighter
- State Hazardous Materials Response Team Member – (1)

Hazardous Materials Incident – Significant Risk (large release)

- Incident Commander - (1) Fire Officer
- Safety Officer - (1) Fire Officer
- Air Monitoring - (1) Firefighter
- Exposure Control – (2) Firefighters
- State Hazardous Materials Response Team – (15) Firefighters
- Pump Operator - (1) Firefighter
- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic

Special Rescue Incidents Critical Tasks

Confined space, below grade, rope rescue incidents require basic and specialized equipment, ropes and rigging, safety considerations, scene management and organization, ascending and descending systems, rappelling, belaying, lowering and raising systems, and litter management. It also involves atmosphere monitoring and the provision of basic medical care and advanced life support. Any such incident will require the response of a full initial alarm assignment, chief officer, and the response of Massachusetts Fire District 14's Technical Rescue Team.

The following critical tasks and staffing are established as a standard in order to 1) provide for the safety of responders, 2) search for and rescue trapped victims, 3) secure exposures and adjacent areas, and 4) minimize the impact to the public and victims:

Confined Space, Below Grade, Rope Rescue Incidents- Moderate to Significant Risk

- Incident Commander - (1) Fire Officer
- Incident Command Aide- (1) Firefighter
- Safety Officer - (1) Fire Officer
- Primary Rescue - (2) Firefighters
- Air monitoring- (1) Firefighter
- Secondary Rescue - (2) Firefighters
- District 14 Technical Rescue Team Leader – (1) Fire Officer
- District 14 Technical Rescue Team - (8) Firefighters
- Primary Care Attendant – (1) Paramedic
- Secondary Attendant– (1) Advanced EMT / Paramedic

Service Level Objectives – Standards of Cover

Service level objectives have been established based upon the community risk, current resources, normal travel times, and budgetary considerations. These objectives drive the distribution and concentration of forces which are currently in place, and which will influence future resources and staffing levels. Services provided include structural fire suppression, emergency medical services (EMS) response and ambulance transportation at the Advanced EMT and Paramedic level, and rescue services (vehicle extrication, high angle, water, ice, trench, confined space and building collapse rescue). Rescue services are supported with technician level response of Massachusetts Fire District 14 Dive and Technical Rescue Teams. Hazardous Material response is at the operations and decontamination level with technician response provided by the Massachusetts Hazardous Materials Response Team. It is important that the Southborough Fire Department (SFD) continue to monitor and evaluate changes in the community risk dynamics and emergency response demand as the development of the Town continues.

Performance Goal

The SFD shall limit the risk to our communities and our citizens from fire, injury, death, and property damage associated with fire, accidents, illness, explosions, hazardous materials incidents, and other natural or manmade emergencies through prevention and response.

Performance Level Objectives outline the commitment of the department to meet pre-established objectives regarding the timeliness of response to specific risks. The objectives that follow are the result of a thorough evaluation and categorization of our risks. For each risk we have analyzed our historical response to that risk, the outcome of those responses and have analyzed the potential for future risk in each defined category. Specific performance measures have been established based on our analysis and mission.

Benchmark Definition

A benchmark is defined as a standard from which something can be judged. Searching for the best practices will help define superior performance. This document uses a combination of standards for determining best practices for fire and EMS response. Current and predicted economic indicators and factors will also influence the balance of risk and adequate effective response force. These response resources are enhanced by prevention mitigation intervention; employing enforcement, education, and engineering innovations.

Integrated Time and Performance Objective Statements – Structure Fire

Structure Fire - Low Risk (Hydrant)

Goal:

Effective first alarm response force of 16 personnel deployed via three engines, 2 aerial devices, one ambulance, plus a minimum of one chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop escalation of a minor fire when found. Includes conducting search and rescue, confining fire damage to the area near the room of origin, and limiting extension of smoke and heat damage to the floor of origin. The first arriving unit is capable of starting rescue work or advancing the first line for fire control. Second due units provide additional personnel for tasks already started, plus ventilation, water supply, and firefighter safety support.

Structure Fire -Moderate to Significant Risk (Hydrant)

Goal:

Effective first alarm response force of 16 personnel deployed via 3 engines, 2 aerial devices, 1ambulance, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop escalation of a major fire when found. Includes conducting search and rescue, confining fire damage to the area or floor of origin, and limiting extension of smoke and heat damage to area or floor of origin. The tasks of rapid intervention rescue for trapped / lost firefighters, property salvage, and crew rotation with rehabilitation requires at a minimum 14 additional personnel on the fire scene.

Structure Fire - Low Risk (Off-Hydrant)

Goal:

Effective first alarm response force of 21 personnel deployed via 3 engines, 2 aerial devices, 1 ambulance, 3 water tenders (tankers), plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 12 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 25 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 25 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop escalation of a minor fire when found. Includes conducting search and rescue, confining fire damage to the room of origin, and limiting extension of smoke and heat damage to the floor of origin. The first arriving unit is capable of starting rescue work or advancing the first line for fire control. Second due units provide additional personnel for tasks already started, plus ventilation, water supply, and firefighter safety support.

Structure Fire - Moderate to Significant Risk (Off-Hydrant)

Goal:

Effective first alarm response force of 22 personnel deployed via 3 engines, 2 aerial devices, 1 ambulance, 3 water tenders (tankers), plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 12 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 25 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 25 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop escalation of a major fire when found. Includes conducting search and rescue, confining fire damage to the floor of origin, and limiting extension of fire, smoke and heat damage to building of origin. The tasks of rapid intervention rescue for trapped / lost firefighters, property salvage, and crew rotation with rehabilitation requires at a minimum 14 additional personnel on the fire scene.

Integrated Time and Performance Objective Statements – Wildland Fire

Wildland Fire - Low Risk (Hydrant)

Goal:

Effective initial alarm response force of 5 personnel deployed via 1 engine and 1 forestry shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed initial alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services.

Performance Objectives:

To stop the escalation of a minor or moderate fire when found. Includes controlling the fire to the area of origin on a high fire danger day without spread to adjacent structures or escalating to a size requiring additional resources including mutual aid.

Wildland Fire - Moderate to Significant Risk (Hydrant)

Goal:

Effective first alarm response force of 13 personnel deployed via 2 engines, 1 forestry, 1ambulance, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of a major or serious fire when found. Includes controlling the fire to the area of origin on a high fire danger day without spread to adjacent structures or escalating to a size requiring significant additional resources including mutual aid.

Wildland Fire - Moderate to Significant Risk (Off-Hydrant)

Goal:

Effective first alarm response force of 15 personnel deployed via 2 engines, 1 forestry, 3 water tenders (tankers), plus a minimum of one chief officer shall respond.

Measure:

The first unit shall arrive within 12 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 25 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 25 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of a major or serious fire when found. Includes controlling the fire to the area of origin on a high fire danger day without spread to adjacent structures or escalating to a size requiring significant additional resources including mutual aid.

Integrated Time and Performance Objective Statements – Emergency Medical Service

Emergency Medical Service - Moderate Risk (Serious Medical or Traumatic Event)

Goal:

Effective first alarm response force of 5 personnel deployed via 1 engine and 1 ambulance, which includes a minimum of one Paramedic certified provider, shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 10 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of the medical emergency beyond the level of severity found upon arrival. Includes patient assessment, basic and advanced life support measures, and transport via ambulance as necessary for three or fewer patients.

Emergency Medical Service - Significant Risk (Multiple Casualty)

Goal:

Effective first alarm response force of 16 personnel deployed via 3 engines, 1 aerial device, 2 ambulances, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. The chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of the medical emergency beyond the level of severity found upon arrival. Includes aggressive and timely triage, treatment and ambulance transport. Additional significant response resources are required including mutual aid.

Integrated Time and Performance Objective Statements – Water and Ice Rescue

Water and Ice Rescue Incidents -Low Risk

Goal:

Effective first alarm response force of 5 personnel deployed via 1 engine, 1 ambulance, plus a minimum of one chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 10 minutes total response time, for 90 % of all requests for emergency services. The chief officer shall arrive within 20 minutes total response time, for 90% of all requests.

Performance Objectives:

To stop the escalation of serious injuries beyond the level of severity found upon arrival. Includes gaining access to victim(s), providing floatation device, and affecting rescue.

Water and Ice Rescue Incidents - Moderate to Significant Risk

Goal:

Effective first alarm response force of 10 personnel deployed via 2 engines, 1 utility vehicle with 1 rescue boat, 1 ambulance, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. The chief officer shall arrive within 20 minutes total response time, for 90% of all requests.

Performance Objectives:

To stop the escalation of serious injuries beyond the level of severity found upon arrival. Includes deploying a rescue boat and/or rapid deployment craft, access to victim(s), providing floatation device or entering the water, and affecting rescue. Additional response resources are required including mutual aid, Massachusetts DCR and WRA, and /or a Massachusetts Fire District 14 Specialty Team.

Integrated Time and Performance Objective Statements – Hazardous Materials Incidents

Hazardous Material Incidents – Low Risk

Goal:

Effective first alarm response force of 5 personnel deployed via 1 engine and 1 ambulance shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 10 minutes total response time, for 90 % of all requests for emergency services.

Performance Objectives:

To stop the escalation of minor injuries or a hazardous materials emergency when found. Includes isolating the incident, rescuing trapped occupants, evacuation of exposures and adjacent areas or containing the spread of a hazardous materials release. Additional response resources may be required including a chief officer and/or a Massachusetts Hazardous Materials Response Team Leader.

Hazardous Material Incidents – Moderate to Significant Risk

Goal:

Effective first alarm response force of 15 personnel deployed via three engines, 1 aerial device, one ambulance, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of serious or multiple injuries or a hazardous materials emergency when found. Includes isolating the incident, rescuing trapped occupants, evacuation of exposures and adjacent areas or containing the spread of a hazardous materials release. Additional significant response resources are required including mutual aid, and a Massachusetts Hazardous Materials Response Team.

Integrated Time and Performance Objective Statements – Special Rescue Incidents

Special Rescue Incidents – Moderate to Significant Risk

Goal:

Effective first alarm response force of 15 personnel deployed via three engines, 1 aerial device, one ambulance, plus a minimum of 1 chief officer shall respond.

Measure:

The first unit shall arrive within 10 minutes total response time, for 90% of all requests for emergency services. The completed first alarm units shall arrive within 15 minutes total response time, for 90 % of all requests for emergency services. A chief officer shall arrive within 20 minutes total response time, for 90% of all requests for emergency services.

Performance Objectives:

To stop the escalation of serious or multiple injuries when found. Includes providing for the safety of responders, searching for and rescuing trapped occupants, securing exposures, and minimizing the impact to the public and victims. Additional significant response resources are required including mutual aid, and a Massachusetts Fire District 14 Specialty Team.

Plan for Maintaining and Improving Performance

The SFD is an organization of committed men and women working with modern and well maintained apparatus, equipment, and facilities. To ensure the department is meeting or approaching current service level objectives (benchmarks), continuous monitoring of service level baselines must be conducted.

The SFD will begin the review process by conducting a community risk assessment, including the response demands and identifiable risks throughout the town. Changes in community demographics and growth over the previous twelve-month period will be reviewed. This provides the opportunity to determine if there have been any significant changes within geographic areas of the community, changes to service demands, or changes in standards or operations that impact the service level objectives or the Standard of Cover document.

The SFD will continue to review service level baselines and system performance. Included in the review will be a summary of the results of the service level objectives, a comparison of current results to previous results, and calculations of the difference in results between time periods. To aid in the collection and presentation of this information, the department will work as a group to assemble all required information and assist the SFD administration in the interpretation of data and considerations for improvement towards achieving benchmarks objectives. The service level objectives are incorporated for fire and other emergencies in the self-assessment manual. Findings of the self-assessment review are translated, where needed, into budgetary requests for the coming fiscal year budget preparation.

Recommendations

1. Collect data and monitor overlapping calls over multiple years.
2. Evaluate the need for additional water tenders (tankers) for responses to Off-Hydrant areas.
3. Consider improving available water supply to Off-Hydrant areas; including adding a water tender to department fleet and/or extending municipal hydrant system.
4. Consider automatic aid to Off-Hydrant and other high risk areas to improve full assignment response times.
5. Implement measures to reduce Alarm Processing time to national standard.
6. Implement formal pre-plan program.
7. Increase risk hazard assessments to include more locations and occupancies.
8. Develop and maintain a training program to address high-risk, low frequency incidents.
9. Develop a Multiple Casualty Alarm Card.
10. Continue to develop performance-based operational and capital budgets

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 6, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:31 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**

Marnie Hoolahan (26 Clifford Road) stated she was speaking as a resident regarding the letter included in the packet from Valeria Romano, the Attorney for CommCan. She explained the host agreement language in section four of the contract explicitly states that they agreed to pay $50,000 annually for substance abuse education in the schools and potentially the Southborough Police Department. She asked the Board to consider this as CommCan is saying this payment will negate their license due to recent State guidance.

III. **Scheduled Appointments**

6:30PM HEARING: Application for Class II Used Car Dealer's license for T & L Auto Care Inc. at 6 Turnpike Road

Mr. Purple read the hearing notice into the record. Chairman Healey informed Attorney Galvani that the Board received information from Ms. Quinn regarding the number of parking spaces requested for used car sales. Attorney Galvani gave a summary of the tenants and the proposed used car sales business at the site. He stated that they are requesting the right to display a maximum of five used cars at any time in the existing parking lot. He added there will be no banners, signage or additional lighting. Attorney Galvani summarized his conversation with Ms. Quinn from this morning and explained that he disagreed with her interpretation of the site plan approval and parking. He spoke to his opinion on the zoning classifications for the business and asked the Board for approval of up to five vehicles but only allow two at this time for the Building Commissioner or Planning Board to approve of the three additional spaces. He stated this will

enable the owner to start selling two cars at a time. Chairman Healey stated this was a reasonable approach and applauded him for the compromise.

Ms. Braccio stated that she is frustrated that the concern from the Planning Board was brought up at the eleventh hour. She thanked Attorney Galvani for his compromise and apologized to him and his client. Mr. Stivers agreed that two spaces are currently available and the path forward sounds reasonable. Chairman Healey stated the Board shared Ms. Braccio's frustration and new businesses opening in Southborough is always a positive. Mr. Morris from the Planning Board explained the next steps for the approval of the additional three spaces. Attorney Galvani stated he would file a request for modification to the site plan.

At 6:45 P.M. Mr. Shea made a motion to close the public hearing. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea made a motion to approve the application for Class II Used Car Dealer's license for T & L Auto Care Inc. at 6 Turnpike Road as modified this evening to limit to two used car opportunities to begin. Mr. Stivers seconded. Mr. Purple clarified that Attorney Galvani proposed to limit the number of cars to five but for now limit to two to correct the use with the Planning Board or Building Commissioner. Mr. Shea accepted the modification. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Barry Rubenstein, Cable Committee Chair: renewal cable agreement for Charter Communications</u>
Mr. Rubenstein explained the cable renewal negotiations with Charter Communications. He stated the proposal is a five-year agreement with Charter increasing the gross revenue payment from 4% to 5%. He added that Verizon agreed to increase their gross revenue payment to 5% when Charter does the same. Mr. Rubenstein explained the budget proposed from Southborough Access Media and stated that the amount of capital generated by the two agreements over five years exceeds SAM's budget by $32,000. He explained SAM is requesting to live broadcast from the Library and Public Safety Building and described the options proposed from Verizon and Charter. Mr. Rubenstein concluded that the Cable Committee voted unanimously to approve the renewal cable agreement for Charter Communications.

Chairman Healey praised the Committee for producing the agreement in a modest amount of time and asked if Charter or Verizon would be responsible for SAM's tie-in to the Town's fiber line. Mr. Rubenstein replied that SAM will be making the decision to either use Verizon's offer to provide the equipment to tie-in to the fiber line or Charter's offer to supply the Town with $5,000 to pay for the tie-in. Mr. Stivers stated that he felt the agreement was advantageous to the Town and urged the Committee to follow up and follow through with the administrative requirements for cable companies. Ms. Braccio asked if Counsel has reviewed the agreement and Mr. Rubenstein replied they had.

Mr. Stivers made a motion to approve the renewal cable agreement for Charter Communications as proposed. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>Discussion with Planning Board, EDC and other stakeholders regarding potential zoning article for Downtown Business Village District</u>

Chairman Healey informed the other Boards and Committees that he read the Governor's statement for all at the beginning of the Board meeting. Mr. Morris called the Planning Board meeting to order at 7:15 P.M. Ms. Jasinski called the SHOPC meeting to order at 7:15 P.M. Ms. Luttrell of the Master Plan Committee and Mr. Wood of the EDC both announced they do not have a quorum. Chairman Healey gave a brief history of this initiative beginning from the 2008 Master Plan to today. He introduced Judy Barrett, consultant from Barrett Planning Group, LLC, and explained her role to assist in updating the zoning specifications for the downtown area. Ms. Barrett explained that in order to write clear zoning codes for any district, it must be understood what people want to see as far as activity, greenspace, and buildings. She added that the clearer the desires are for an area, the more predictable zoning becomes. Ms. Barrett asked for direction this evening so she can begin writing draft zoning changes.

Chairman Healey stated many surveys have been done to understand how residents would like the downtown to look and asked how the determination of uses impact how a zoning article will be written. Ms. Barrett explained how uses determine standards for property owners to understand what they can and cannot do by right. Chairman Healey asked about the consideration of mixed use and building a varied housing stock. Ms. Barrett explained that the clear goal from 2008 was for mixed use and explained that the intent in Southborough has been to have upper story housing above a commercial use. She said many communities are allowing mixed use and if Southborough would like this ability, she needs to understand what is clearly wanted to make sure the requirements are written deliberately. Ms. Barrett then explained why most planners encourage communities to create a new district rather than creating an overlay district.

Mr. Morris, Chair of Planning, stated he agreed that there should be a new district and explained how that would look in the Town Code. Mr. Mills stated he agreed but did not understand where the need for mixed use was coming from as most people he has talked to do not think its feasible due to parking limitations and lack of sewer services. Ms. Barrett stated she encourages mixed use and explained that if Southborough did not want this, she needs to know so the zoning can facilitate this. Ms. Luttrell agreed to creating new zoning versus an overlay district and explained that she is in favor of small-scale mix used and described what that would entail. She added that the draft Ms. Barrett created was in line with her idea of small-scale mixed use. Ms. Hoolahan stated she was also in favor of small-scale mixed use and felt that the Open Space Preservation Committee should be a key stakeholder in these discussions. She also voiced her concerns about lack of infrastructure and drainage in the downtown area. She asked the Board as the overseer of the DPW to resolve the drainage and wastewater and septic issues before moving forward with Ms. Barratt to solve zoning. Mr. Morris stated what she proposed could take decades and asked if she were suggesting to put this on hold until these issues are addressed. Ms. Hoolahan stated that was for the Board to decide. Ms. Barrett replied that in her experience infrastructure issues have been solved through mixed use developments during the redevelopment and reinvestment process. She added that she does not recommend holding the zoning progress as development can solve the infrastructure issues described. Chairman Healey stated the Board fought and won for the Main Street project which could be a catalyst to update zoning. He said the zoning progress should not be delayed because of other issues and developing Main Street stops right before downtown.

Ms. Braccio stated she supports small-scale mixed use for downtown and the renderings the EDC that depicts walkability and greenspace is what she is looking for in this area. She added she

would like the downtown to be a place to congregate and supports creating a new zoning district. She said her most important factor for downtown is one that promotes a sense of community and added that if there is going to be mixed use, there needs to be an affordability component to it. Ms. Malinowski stated the downtown should have nice places people can live and gather with a balance of open space and residential buildings. She added she is in favor of a creating a new zoning district. She asked about parking. Ms. Barrett stated it is her preference to write parking maximums. Mr. Shea stated that there have been many studies done to identify what people want to see in the downtown and those areas should be focused on. He added that the Town is taking the first step to create a means for people to get downtown safely and working to solve zoning and infrastructure issues should be done at the same time. Mr. Shea agreed to creating a new zoning district. Mr. Stivers stated downtown has a lot of assets to create a sense of community and would like to defer to Ms. Barrett for expertise in developing the district and the Board can focus on Town Meeting approval. He also would like to continue to look into parcel 54-40 to potentially create a larger footprint for the downtown. Mr. Stivers suggested designating a project manager to help streamline efforts.

Mr. Wood from the EDC explained where the thought for an overlay district came from and stated the Committee would be in support of creating a new zoning district. Ms. Connelly explained the need for diversity in the housing stock for the opportunity for young people and seniors to move and stay in Town. She suggested moving forward and following Ms. Barrett's advice as the expert and make sure everyone agrees with the vision for downtown. She added there is large support of the renderings the EDC created last year. Mr. Robbins stated that collaboration is necessary and that the option presented at Town Meeting should be clear with a unanimous consensus from all involved.

Ms. Jasinski described the need for more affordable housing units and the possibility of removing barriers for multi-family housing. She asked Ms. Barrett her views on mixed use and affordable housing. Ms. Barrett explained and warned against loading too many expectations in a small district. Ms. Jasinski explained the 40R option and Ms. Barrett felt this area was too small for a 40R development. Mr. Bhistikul explained 40R and how this could benefit the Town. Ms. Barrett agreed that there is opportunity in Southborough to look into a 40R district but does not feel the downtown is the right place for this.

Ms. Jasinski made a motion to adjourn the SHOPC meeting at 8:46 P.M. Ms. Malinwoski seconded. The motion passed all in favor by roll call vote. Mr. Mills made a motion to adjourn the Planning Board meeting at 8:47 P.M. Ms. Luttrell seconded. The motion passed all in favor by roll call vote.

Mr. Morris added that the Town Planner asked him to inform the Board that there are three items the Tree Committee has to work on before a draft gets moved to Planning and the Board. He suggested that the Board defer this item tonight and let the Tree Committee finish their work. Chairman Healey stated the next steps will take place on a number of levels and enable Ms. Barrett to begin drafting regulations for downtown. He added that the Board will get input from other stakeholders.

IV. Reports

Chairman's Report

Chairman Healey stated he received a response regarding the flagpole at the Town House and it is more favorable for the Town to resolve the issue rather than litigation. He added there is movement towards cooperation and resolution to return the flagpole to its condition prior to the most recent alterations.

Chairman Healey stated Mass Historical Society has reached out to restore the historical sign at the corner of Route 30 and Parkerville Road at no cost to the Town. He said they are going to move forward with this and will engage our Historical Commission and Historical Society to find an appropriate place for the sign.

Chairman Healey said he watched the Capital Planning meeting and they have pressed Ms. Galligan to put together as many shovel ready projects as possible. He added the Board should make sure to reach out to those outside of the DPW to ensure all projects that can be shovel ready soon are being moved forward. Chairman Healey stated there is a strong likelihood that after the election there will be an infrastructure bill in early 2021.

Chairman Healey said the Chair of the Capital Planning Committee reached out to setup a meeting and he suggested a separate meeting after October 20th. The Board agreed to October 27th.

Chairman Healy updated the Board that the Town received a 94 from the Commonwealth of Massachusetts for the Complete Streets Funding Program. He stated they are waiting for guidance from the State for the implementation plan.

Chairman Healey said he received a letter from National Grid and they do not have any projects planned for town property and therefore do not need any town property tree approvals. He said they will reach out before doing any work that impacts town land.

Chairman Healey discussed possible Executive Session topics for the October 20th meeting. He described a current litigation case, a public records request and the possibility of amending the public comment policy.

ii. Selectmen Goals-status report

Chairman Healey stated Mr. Stiver's revisions to the report were too lengthy and asked the Board to inform him of any updates to goals and any that may be missing from the report.

i. Liaison assignments

Chairman Healey explained the budget process and the current liaison relationship with the Finance Team and Advisory Committee. He voiced his concerns that a Board liaison could duplicate efforts. Ms. Malinowski stated that the Board does not have department heads in on a regular basis and they come to speak to their budgets once a year. She said with the upcoming year being challenging fiscally, she believes the Board should look at every line item and a liaison role would help members understand departments and their budgets more intimately. Mr. Stivers stated he is willing to defer to Advisory for budget items but would like to understand the longer-term opportunities or concerns. He said this would be in parallel with the budget process. Ms. Braccio supported the idea of a liaison. Mr. Shea stated that he was concerned that the Board may insert themselves too early in the process and may be duplicating efforts done by the

Finance Team and Mr. Purple. Chairman Healey proposed that between now and October 20th, he speak with Ms. Braccio to create a hybrid approach. The Board agreed.

Members' Report

i. Rent/Mortgage relief under CARES Act

Ms. Braccio explained the program and stated she spoke with the department head from Holliston Youth and Family Services to understand the setup. She stated they began with $25,000 and were overwhelmed with the response. She stated the second round of funding is available by the end of December. Ms. Braccio said she will be speaking with Ms. Cassell and will report back to the Board at the next meeting. Mr. Stivers asked how long it took Holliston to setup the program. Mr. Braccio stated it was relatively quick because funds are currently available. Mr. Stivers suggested she ask the contacts in Holliston about thresholds, if there were any negatives and a full understanding of the program. Ms. Braccio agreed.

Mr. Stivers stated he and Mr. Shea were trained on the ClearGov Budgeting System and he felt it will be helpful to track the budget process going forward. He asked if Mr. Shea had a report and update on the Deerfoot stormwater issue.

Mr. Shea stated there has not been a report from Pare Engineering as of yet. He said he and Ms. Galligan visited the location during multiple rain events last week and observed the effects. Mr. Shea added that initial indications show that an additional catch basin would not intercept the overflow adequately and requested Pare Engineering confirm that the infrastructure in place is appropriate. He added that if the infrastructure in place is deemed appropriate, then it must be ensured that the roadway is paved to ensure the drainage works properly.

Mr. Shea stated that there is an event at the Golf Course this weekend to support ALS One in honor of Mr. Wilson and Mr. Shifrin.

Town Administrator Report

Mr. Purple stated that Ms. Malinowski has also been trained on the ClearGov Budget System and it could be a great answer to a lot of questions about the budget. He added he hopes the budget will be entered into the system at the start of this week. He stated the Town Accountant is looking into the CARES Act with other communities and urged Ms. Braccio to reach out to her. Mr. Purple added that Ms. McAuliffe has also been researching other benefits of the CARES Act and she has found that additional flu clinic expenses is eligible this year as there is anticipation of more participants.

i. Community Host Agreement update – CommCan

Mr. Purple stated Ms. Hoolahan summarized the letter from CommCan and he told the Board that Town or Special Counsel may have to respond. Chairman Healey stated he would have a conversation with Town Counsel and added that there are attorneys specialized in this area of law.

ii. EDC grant aware for Shared Streets program

Mr. Purple stated Southborough received $24,500 through the efforts of EDC Coordinator Marijke Munsiff. He stated the Town will be partnering with businesses to assist in funding

outdoor tents and heaters to extend outdoor dining in addition to improvements to greenspaces downtown. He applauded the EDC for their work.

iii. Status of 2020 Executive Session minutes

Mr. Purple stated he sent the Board a memo regarding the quarterly review on Executive Session minutes and determining what should be released, released with redactions or held due to the confidential nature of the Executive Session. He described the six Executive Session meetings from 2020 and Labor Counsel suggested four of the six sets can be released in their entirety. He stated it was suggested that one not be released due to ongoing litigation and the other could be released with redactions of the union contract negotiations. Mr. Purple stated he would like to put the five on the agenda for approval to release at the next meeting. He stated he is researching previous years for any Executive Session minutes that were held for the Board to review. Chairman Healey stated he was comfortable with this process. Ms. Malinowski asked if the list provided were approved but not released and Mr. Purple confirmed that was correct. Mr. Purple added that if there is no discussion about the minutes, the Board can approve in regular session.

Mr. Purple stated there have been questions from residents regarding their water rates. He said Ms. Galligan has been gathering information for public understanding of the changes and to provide insight as to why the water bills are as they are. This information has been posted on the Town website and they will continue to post updates as more questions come in. Mr. Purple asked the Board to review and provide feedback.

V. Consent Agenda

a. Mr. Stivers held agenda item "a." Mr. Stivers asked for "Ms. Sines" on page eight be changed to "Mr. Sines." Mr. Shea asked for the last sentence on page 6, paragraph one to be changed to "Chairman Healey requested..." Ms. Malinowski wanted to revise a sentence on page four to "...they went over the budget for deferred compensation which is a straight calc." Chairman Healey made a motion to approve Open Session Minutes: September 22, 2020 with the requested revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve the revision to Golf Course Committee charge. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey held agenda item "c." One-Day alcohol license applications, Chestnut Hill Farm Events: Fall Fun on the Farm, October 1 1 and October 18; Brew Moon Hike, October 10. Ms. Braccio stated concerns regarding parking for the events. She said the Conservation Commission approved expanding the parking lot to include twenty-four spaces and with 200 people expected to attend the October 11th events, she felt there would need to be overflow parking which is in opposition of the intent of the conservation restriction. She asked that if the Board approves these events tonight, there is a caveat that there is to be no overflow parking across the line at the north side defined by Conservation and parking be kept in Farmstead Parking as approved by Conservation. Chairman Healey said he reviewed the conservation restriction and the land management plan and he did not see these events as educational as outlined in a letter from the Trustees. He felt the land management plan is being stretch beyond the spirit of its nature with these events. Mr. Stivers said he shared the concerns and never envisioned events would be held for 200 people. He added that many people would disrupt the passive recreation allowed at the farm. He stated he would like a cap on event size in the future

to not overload the infrastructure. Mr. Shea stated he did not have a strong feeling either way but felt the events are a great opportunity for residents that might not otherwise go to the farm to visit. He added that he would be in support of the events with parking limitations. Ms. Braccio stated that the events on October 11th overlap and she was concerned about traffic leaving and arriving at the same time. Ms. Malinowski stated the same concern and asked that future events be better spaced out with a plan in place for people to come in and out to maximize the twenty-four spots. Mr. Shea made a motion to approve One-Day alcohol license applications, Chestnut Hill Farm Events: Fall Fun on the Farm, October 11 and October 18; Brew Moon Hike, October 10. Chairman Healey seconded for discussion. Mr. Stivers asked if there were opportunity for the applicants to come back to the Board or limit the approval in order to spread out timing. Ms. Braccio stated she initially was open to accepting this plan but is concerned that no one would monitor or enforce parking or timing changes. The vote failed (1-0-4) by roll call, Braccio, nay; Malinowski, nay; Shea, aye; Stivers, nay; Healey, nay.

d. Ms. Malinowski asked to hold agenda item "d." Ms. Malinowski stated the Board discussed the Fire Chief being included and not his designee. She asked for this to be revised. Chairman Healey agreed and added that St. Mark's no longer needs approval for remote learning enrichment. Mr. Purple stated that St. Mark's currently has five students and do not need this approval but will monitor for future applications. Chairman Healey made a motion to approve of COVID-19 Remote Learning Enrichment forms with Ms. Malinowski's revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Ms. Malinowski asked to hold consent agenda item "e." Ms. Malinowski stated she spoke with Ms. Hale to ensure that when the Board approves this policy, the older policy is removed at the same time. She also wanted clarification that there is a difference between a complaint and a grievance; that a complaint goes to the ADA Committee and a grievance goes through this process. She also asked if there was a separate form for a complaint. Mr. Shea stated the article proposed at Town Meeting that was postponed due to the pandemic, read that the ADA Committee serves as a conduit to voice complaints or issues. He said he raised the question as to the intention of the article for a grievance to be different from a complaint where a complaint holds more weight. Ms. Malinowski asked if the policy should be renamed to "complaint procedure." Mr. Purple stated the bylaw in the warrant speaks about concerns complaints and suggested to change the name to "complaint form." Ms. Hale stated the template for this policy was taken from CMRPC and was revised to add information pertinent from Southborough. Ms. Malinowski asked if the form could be submitted online and Ms. Hale stated it could not but they are working with IT. She added that the ADA Committee has not held a meeting to discuss the document and Ms. Hale replied that she reached out to the Chairman of the ADA Committee and received no feedback. Chairman Healey made a motion to approve the ADA Complaint and Non-Discrimination policy modified that "grievance" be replaced with "complaint or complainant" and in approving this at the same time rescind any previous ADA policies that may conflict. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Mr. Purple thanked Ms. Hale for her work on this and John Parent and Tim Davis for ensuring the facilities were available to those needed for inspection. He explained the grant process through CMRPC and the cost savings to the Town.

f. Chairman Healey made a motion to appoint Keturah Martin to the Capital Planning — School Research Subcommittee. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to sign the warrant for November 3, 2020 State Election. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
h. Chairman Healey made a motion to open the warrant for 2021 Annual Town Meeting. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Discussion of partial waiver for Section 12 alcohol license renewals, Calendar Year 2021

Mr. Purple stated there has been movement among other towns to discount the Section 12 alcohol license renewal fees to support businesses that are struggling due to the impact of COVID-19. He explained what these licenses were for and the process for collecting renewal applications and fees. He said most towns are discounting 25% - 50% of the fee. Mr. Stivers stated he was supportive of this and the Board agreed. There was discussion about the need to support local businesses and their current financial struggles due to the pandemic. Chairman Healey made a motion to approve a 50% credit for Section 12 alcohol license renewals for the calendar year 2021 as described in the chart provided in the packet. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Tree removal policy

Mr. Stivers described the open issues with the policy regarding the process for trees to be removed on scenic roads. He stated he hopes to have this item on the agenda for the October 20th meeting. Chairman Healey stated he is hesitant to approve a policy that removes the Board from the process. He added that the policy may be more intensive than necessary to address the need for due process on the removal of potential important trees. Chairman Healey said the Town has a competent Tree Warden and process for tree removal. He said he felt the current appeal process is simple and may be the better process rather than creating a potentially complicated policy. Mr. Stivers said that the proposed policy becomes complicated when the tree is on a scenic road due to State Law giving the Planning Board a direct role. Mr. Stivers stated he will reconvene and update the Board.

VII. Public Comment

None

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:18 P.M.

DRAFT

MEMORANDUM

DATE: October 13, 2020

TO: Board of Selectmen

FROM: Lori Esposito, Executive Assistant Lori Esposito

SUBJECT: Extension of Outdoor Dining and Expanded Alcohol License

CC: Mark Purple, Town Administrator

Due to the recent Governor's Order extending the allowance for outdoor dining (see attached ABCC Advisory), I respectfully request the Board to consider granting an extension allowing outdoor dining to continue for 60 days after the current COVID-19 state of emergency has ended. Both businesses in town that are currently permitted for outdoor dining, Tomasso's and Hola!, are interested in being granted this extension; the Order allows the Board to issue a blanket approval rather than by individual consideration. If approved, the attached alcohol license extensions would replace the existing permits that are set to expire on November 1, 2020.

Thank you for your consideration.

Commonwealth of Massachusetts
Alcoholic Beverages Control Commission
95 Fourth Street, Suite 3
Chelsea, Massachusetts 02150

Jean M. Lorizio, Esq.
Chairman

ALCOHOLIC BEVERAGES CONTROL COMMISSION ADVISORY REGARDING EXTENSION OF ALLOWANCE OF OUTDOOR TABLE SERVICE

On September 10, 2010, Governor Charlie Baker issued an Order Making Certain Phase III Adjustments (also known as COVID-19 Order No. 50), which extends the period for outdoor table service by licensees licensed for on-premises consumption. The text of the Governor's Order can be found HERE.

Pursuant to this Order, local licensing authorities ("LLA") may approve requests for expansion of outdoor table service or extensions of earlier granted approvals issued pursuant to Section 4 of COVID-19 Order No. 35[1], from November 1, 2020, for any period up to and until sixty (60) days after the end of the state of emergency. The LLA may issue extensions automatically to all licensees, or may do so on request from individual licensees.

The LLA may modify any prior approvals as the LLA deems proper and appropriate, including addressing snow removal, pedestrian traffic, and other similar concerns.

Any licensee that was previously granted approval but is not granted an extension by the LLA may still operate outdoor table service until November 1, 2020.

ABCC approval is not required on these extensions. Upon approval from the LLA the LLA may issue the amended license forthwith. The LLA must provide notice by mail to the ABCC on all application approvals. For further guidance on the process of approving and issuing these amended licenses LLAs should consult with their counsel.

Please be aware that all expanded premises approved pursuant to this Order are only effective through sixty (60) days after the end of the state of emergency and revert to their original licensed premises on that date.

The ABCC continues to retain supervision and oversight of all alcohol licensees, including those that expand their licensed premises pursuant to this Order. As always, all licensees must ensure that they comply with the laws of the Commonwealth of Massachusetts, and that sales of alcoholic beverages take place only as authorized by federal, state, and local law. All questions should be directed to Executive Director Ralph Sacramone at (617) 727-3040 x 731.

(Issued September 11, 2020)

Town of Southborough, Massachusetts

TEMPORARY LICENSE EXTENSION

On June 6, 2020, Governor Charlie Baker declared that the Commonwealth had entered Phase II of its reopening plan. According to the Governor and the Executive Office of Housing and Economic Development, licensees for on-premises consumption of alcohol may commence outdoor seated service, provided food is prepared on-site under a retail food permit issued by a municipal authority pursuant to 105 CMR 590.000.

This is to certify that the Board of Selectmen of the Town of Southborough has granted a temporary license to:

L Carpentier Inc., d/b/a Tomasso Trattoria & Enoteca
154 Turnpike Road

DESCRIPTION OF OUTDOOR PREMISES:

Four (4) parking lot spaces immediately adjacent to the sidewalk in front of the restaurant, with a total of up to 7 tables, containing 4 seats per table, for a maximum outdoor occupancy of 28.

FOR THE SALE OF: **All Alcoholic Beverages**

This license is granted and accepted upon the express condition that the license shall, in all respects, form to all the provisions of the Liquor Control Act, Chapter 138 of the General Laws as amended, and any rules or regulations made thereunder by the Board of Selectmen.

IN TESTIMONY WHEROF, the undersigned have hereunto affixed their official signatures on October 20, 2020

10/20/2020 HEARING

LEGAL NOTICE
of
PUBLIC HEARING
Town of Southborough

The Southborough Board of Selectmen shall hold a public hearing with the Board of Assessors on Tuesday, October 20, 2020 at 6:30 p.m. to determine the certified valuation of each class of property, the minimum residential factor, and the allocation of the tax burden among the four classes of real property: residential, open space, commercial and industrial, and personal property. The public hearing will be held in a virtual meeting and may be viewed by the public through a link located at https://www.southboroughtown.com/remotemeetings. All interested parties are encouraged to view and/or participate. Additionally, interested citizens may present written views prior to the public hearing.

Board of Selectmen and Board of Assessors

AD#13914044
MWDN 10/6/20

UPDATED 10-19-20

Fiscal Year 2021
Tax Classification Hearing

October 20, 2020

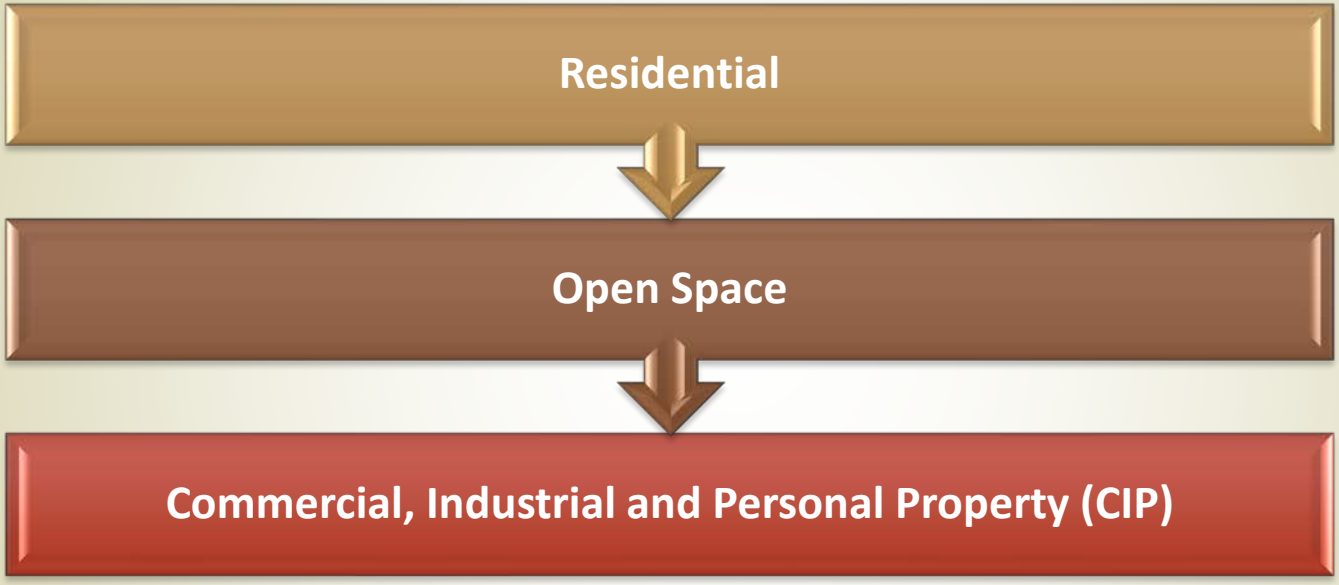
Prepared For:
Southborough Board of Selectmen
Martin Healey, Chairman
Lisa Braccio, Vice-Chair
Sam Stivers
Brian Shea
Chelsea Malinowski

Prepared By:
Southborough Board of Assessors
Jeffrey Klein, Chairman
Tammi Rice, Vice-Chairman
Arthur Holmes, Member

Paul Cibelli, Principal Assessor
Coryn Dias, Deputy Assessor

What is Tax Classification?

Allows communities to have different tax rates for certain classes of property:



State Statute:

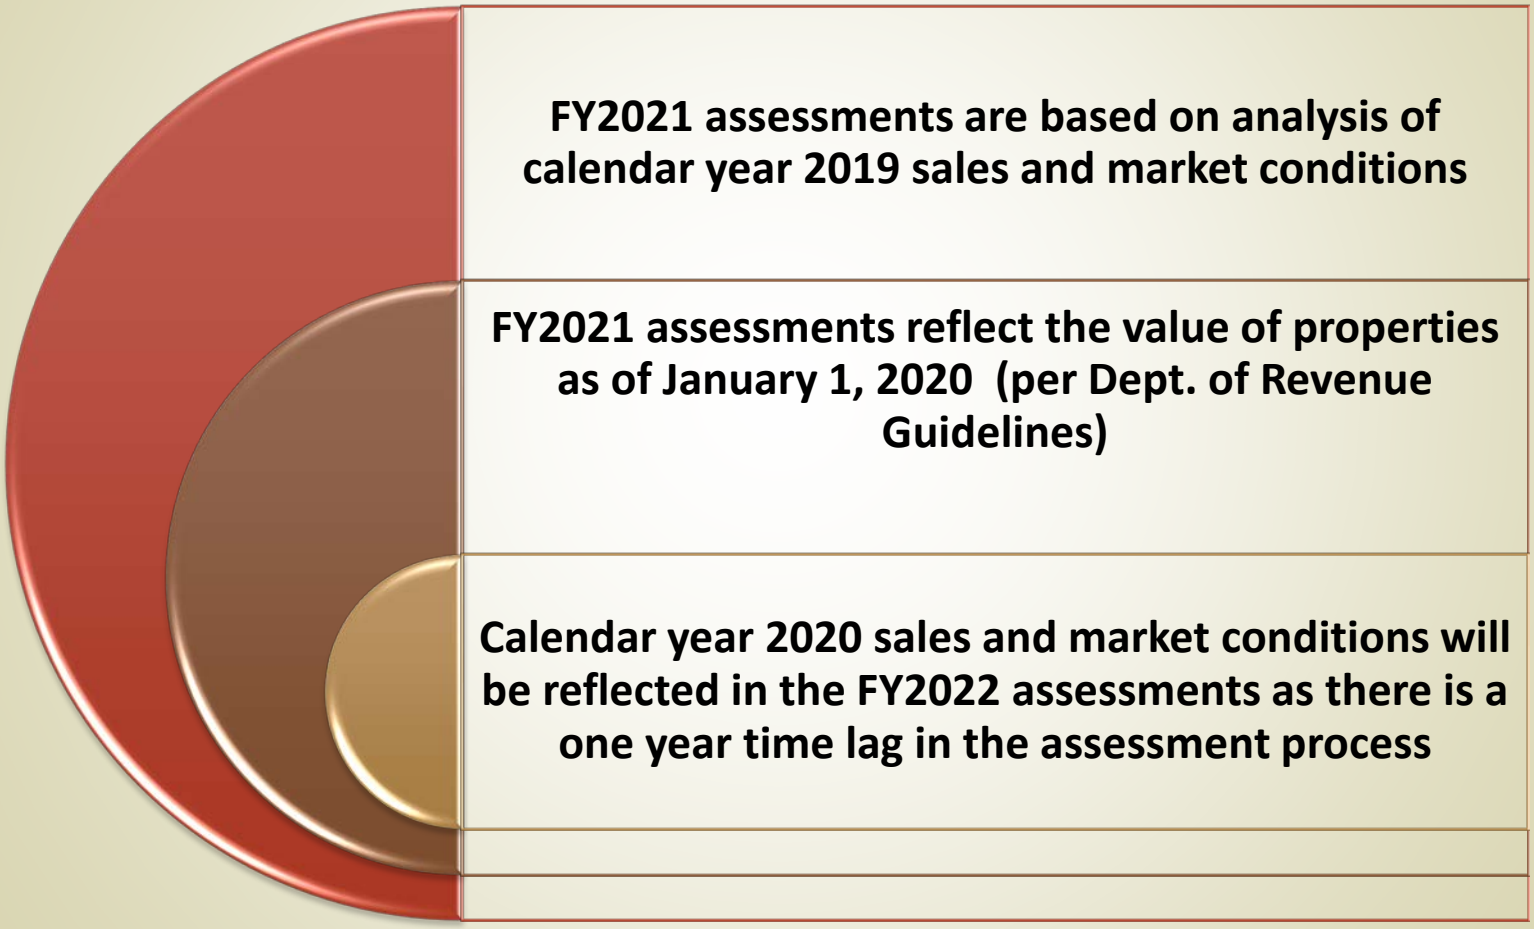
Provides a maximum allowable portion of the tax levy (up to 150%) to be borne by the CIP classes

Provides a minimum allowable portion to be borne by the residential class

Tax Classification / Key Concepts

- **Allows the Board of Selectmen to make the decision whether or not to shift tax burden from one class of property to another**
- **No additional tax dollars are raised as the tax levy remains the same**
- **Town of Southborough has never had a split tax rate**
- **Issue of fairness between property classes**

Fiscal Year Assessments



What is Happening to Assessments?

- **Overall assessments are on the rise**
  - **Residential class increased 4.55%**
  - **Commercial class increased 0.88%**
  - **Industrial class increased 10.10%**
  - **Personal Property class increased 15.82%**

- **Towns total valuation increased by $126.55 million to a new high of $2.752 billion in FY21**

Fiscal Year 2021 New Growth

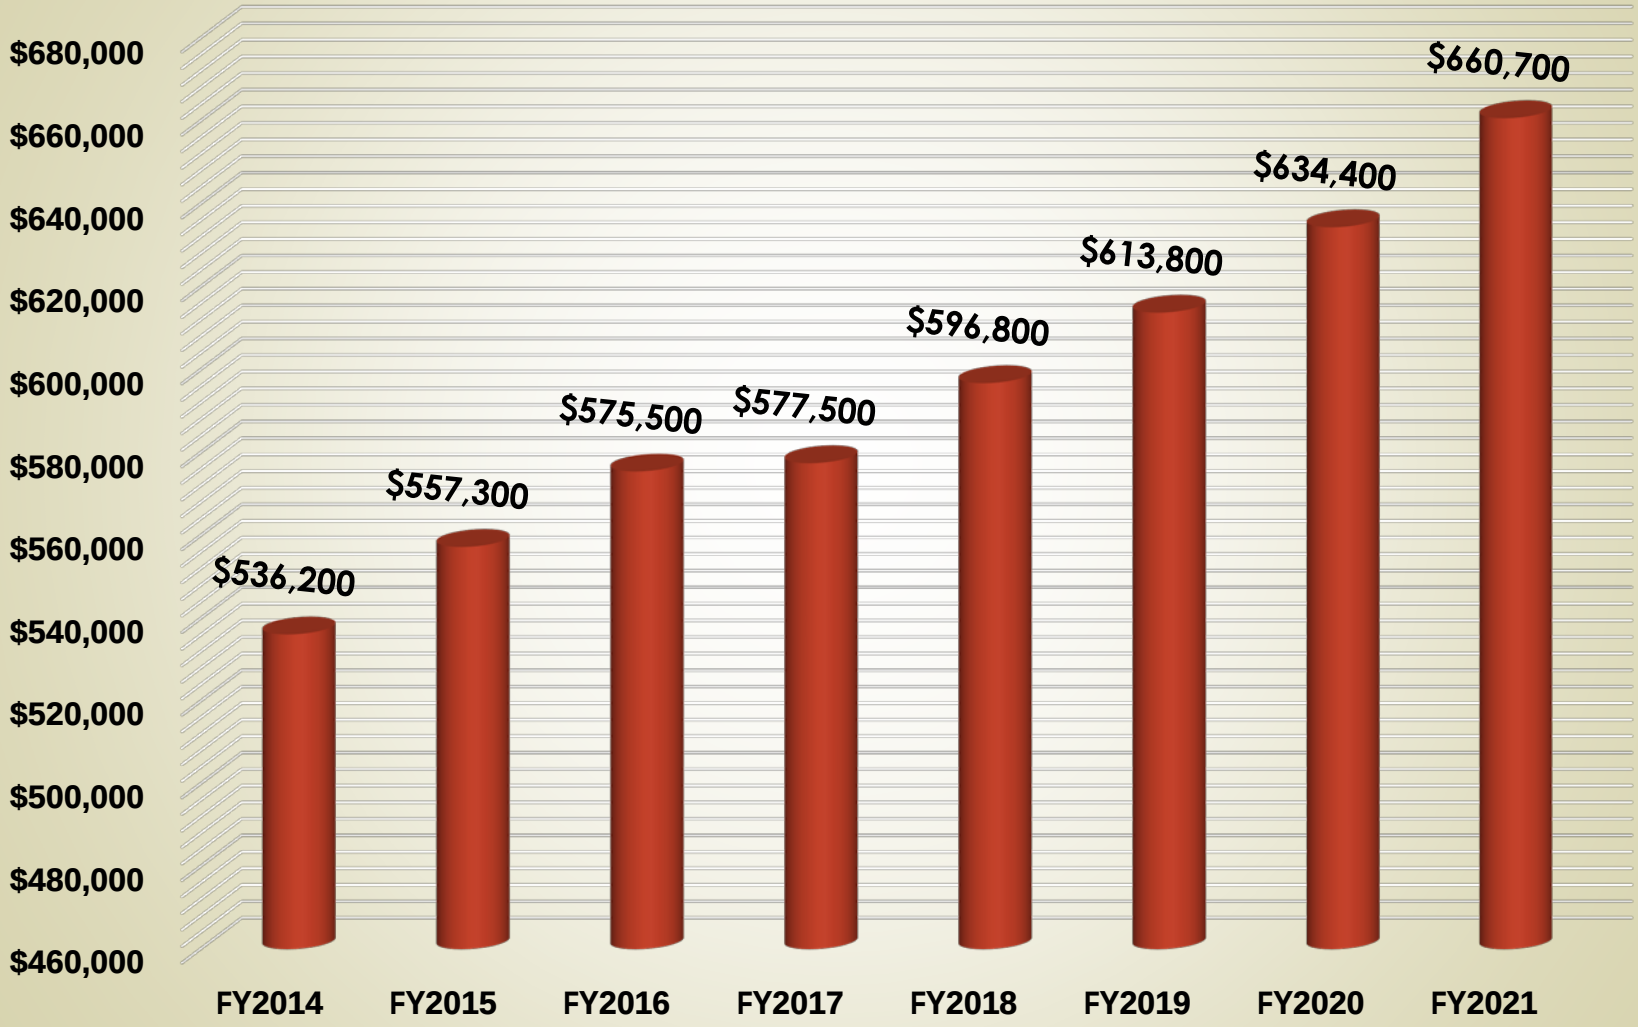
The Assessors calculated $47,349,518 million in *new growth* value within the Town

This represents $788,843 in *new growth* tax dollars

Results in a 11.89% decrease in *new growth* from FY2020

10 Year New Growth Average = $659,886

Average Single Family Assessed Value



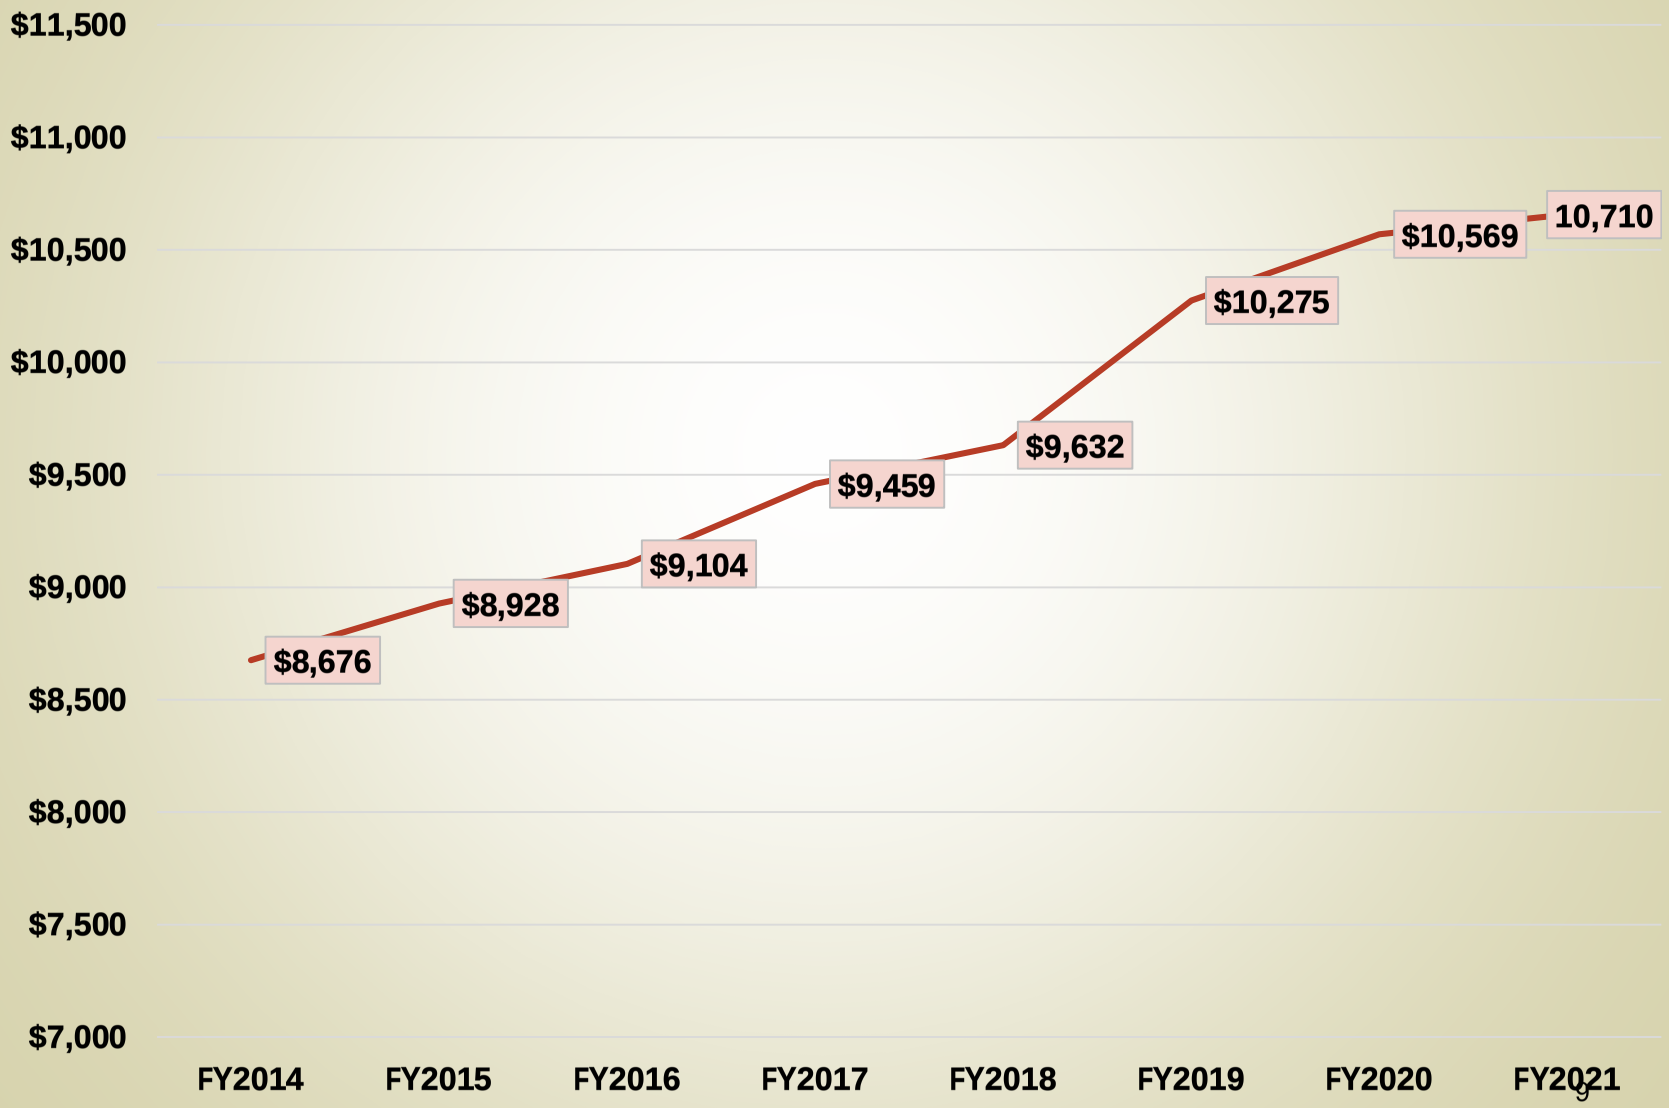
Single Rate Impact
(Residential)

FY2021 tax rate would decrease from $16.66 to $16.21

The average single family tax bill would rise from $10,569 in FY2020 to $10,710 in FY2021, a $141 or 1.33% increase *

- **Excluding the Community Preservation Act surcharge**
  (Avg. Single Family Home = $90.89)

Average Single Family Tax Bill History



Single Rate Impact
(Commercial, Industrial, Mixed-Use)

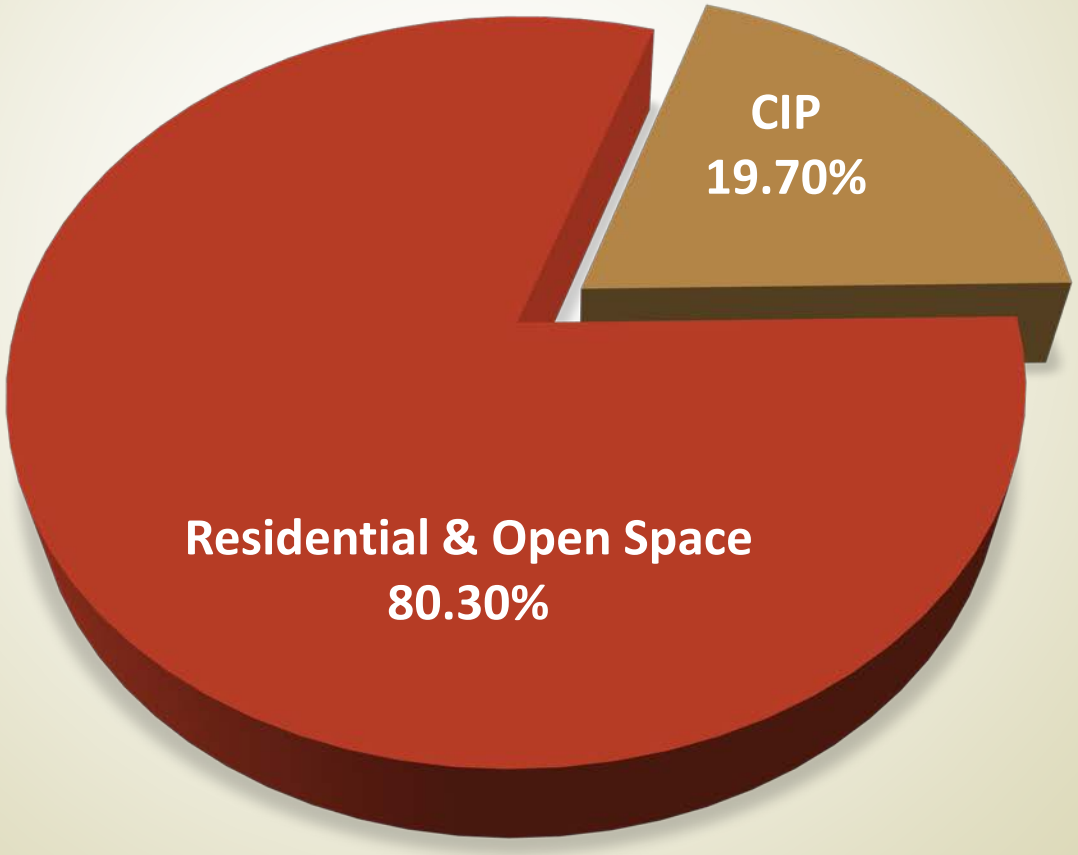
The average assessed commercial, industrial, mixed-use improved property rose from $3,066,400 to $3,141,300 a 2.4% increase

The average commercial, industrial, mixed-use tax bill would fall from $51,086 to $50,920 or a .32% decrease *

- **Excluding the Commercial Preservation Act surcharge**
  (Avg. C&I, Mixed-Use = $509.20)

Relationship of Class Values

Fiscal Year 2021



Recommendation

The Board of Assessors unanimously recommend continuing with a single tax rate for fiscal year 2021

COVID-19

- **Businesses of all size are struggling to survive**
- **End of pandemic is unknown leaving the future of businesses unclear**
- **Not the time for additional tax burden to be placed on the CIP classes**

Reasons Why……

With the relatively small percentage of value that comes from the CIP (19.70%), a split rate would only produce a small savings to the residential class and would increase the CIP classes making Southborough a less attractive place to conduct business

The Board believes a single tax rate helps a small town like Southborough attract new business into the community while retaining those already located in town

Expanding business within the community provides new tax dollars with little impact on costly town services

Reasons Why……

Although CIP properties only account for 5.74% of Southborough's taxable parcels, they generate 19.70% of the Town's total tax revenue

This figure includes personal property taxes which many businesses pay in addition to their real estate taxes

Southborough's CIP is comprised of mostly small businesses not big box stores or large corporations

The Board of Assessors also recognizes the role businesses play in contributing additional funds to support many of the Town's athletic, recreational and community events

Additional Facts

- **242 out of 351 (69%) Massachusetts communities had a single tax rate in fiscal year 2020**
- **April 2015 Town Meeting voted overwhelmingly to defeat a non-binding article to have a split tax rate**
- **April 2015 Town Meeting voted to fund a part-time Economic Development Coordinator to help expand future business development within the community, thus a split tax rate would be prohibitive to the EDC's goals**

Tax Rate Shift Impact

SINGLE TAX RATE SCENERIO

SINGLE FAMILY HOME		C & I IMPROVED PROPERTY	
Average Value	$660,700	Average Value	$660,700
Tax Rate (per $1,000)	16.21	Tax Rate (per $1,000)	16.21
Average Tax Bill	$10,710	Average Tax Bill	$10,710

5% TAX RATE SCENERIO

SINGLE FAMILY HOME		C & I IMPROVED PROPERTY	
Average Value	$660,700	Average Value	$660,700
Tax Rate (per $1,000)	$16.01	Tax Rate (per $1,000)	$17.02
Average Tax Bill	$10,578	Average Tax Bill	$11,245
Tax Decrease	$132	Tax Increase	$535
Decrease	1.23%	Increase	5.0%

FY2020 Tax Rates of Surrounding Communities

COMMUNITY	SPLIT-RATE	RES. RATE	COMM. RATE
Ashland	NO	$16.66	
Berlin	YES	$15.79	$27.84
Bolton	NO	$20.39	
Boylston	NO	$16.54	
Framingham	YES	$14.98	$32.30
Grafton	NO	$16.50

Natick	NO	$13.61	
Northborough	NO	$17.25	
Shrewsbury	NO	$12.47	
SOUTHBOROUGH	**NO**	**$16.66**	
Sudbury	YES	$18.45	$24.97
Wayland	NO	$17.76	
Westborough	NO	$18.32	

Residential Exemption
Small Commercial Exemption

Residential Exemption

- Shifts tax burden within the residential class from lower assessed properties to seasonal, rental and higher assessed properties.
- Allowed only on residential property that is a primary residence of the taxpayer.
- If adopted, the residential exemption may be up to 35% of the average assessed value of all residential parcels.
- Accepting this option **increases** the residential tax rate only.
- Typically, this exemption is adopted in areas with a low rate of owner occupancy.

	Without Exemption		With Exemption @ 10%				
Assessed Value	Tax Rate	Tax Bill	Exemption Amount	Net Taxable Value	Tax Rate	Tax Bill	Difference
$400,000	$16.21	$6,484	$62,045	$337,955	$17.78	$6,009	($475)
$660,700		$10,710		$598,655		$10,644	($66)
$850,000		$13,779		$787,955		$14,010	$231

Any owner occupied home assessed over $702,645 would pay **more** while those below would pay **less**.

*** Previously 15 of 351 communities adopted a residential exemption in FY20**

Small Commercial Exemption (SCE)

Grants a small commercial exemption to all Class Three commercial properties that are occupied by businesses with an average annual employment of no more than ten people and an assessed valuation of less than $1,000,000

Adopting this exemption increases the commercial and industrial tax rates

This exemption creates a tax burden shift that reduces the taxes paid by owners of properties occupied by small businesses and shifts them to larger commercial and industrial taxpayers

The amount of tax levy paid by those two classes remain the same

The exemption is for the property owner, not the small businesses

*** Previously 14 of 351 communities adopted a SCE in FY20**

Recommendation

The Board of Assessors unanimously recommend not to adopt the Residential and Small Commercial Exemptions as they are not relevant to this community

Further Action Items

- **Selectmen Discussion**
- **Public Comment**
- **Selectmen Vote**

1) Split Tax Rate
2) Residential Exemption
3) Small Commercial Exemption

Position Title: Town Administrator

Statement of Duties

Serves as the Chief Administrative Officer of the Town for the Board of Selectmen [Chief Executive Authority]. In such capacity, provides professional administrative, technical and supervisory work in managing and directing town activities, departments and projects on behalf of the Board of Selectmen including the establishment of departmental goals and objectives, policies and regulations. Researches, analyzes and recommends changes in town policies, personnel, systems and procedures, and serves as liaison and coordinator between town officials, employees and citizens; all other related work as required including reports to the Board of Selectmen as the Board may direct.

Supervision

Works under the general policy direction of the Board of Selectmen, in accordance with town bylaws, policies and procedures, as well as state and federal statutes. Functions with considerable independence and is directly accountable for actions.

Performs highly responsible work of a complex nature requiring the exercise of independent judgment and initiative in providing professional guidance to the Board of Selectmen, department heads, Town departments, boards and committees, concerning the long-range planning, development, implementation and administration of policies, goals, regulations, and statutory requirements related to the administration and operation of the Town. Position involves analyzing administrative problems and recommending and implementing solutions.

Has direct supervisory responsibility for all department heads reporting to the Board of Selectmen, staff within these departments, and several part-time positions. Responsible for coordinating the work and administrative activities of those employees not reporting directly to the Board of Selectmen. Evaluates department heads; manages labor relations issues and recommends disciplinary actions to Board of Selectmen. Recruits, screens and recommends personnel to the Board of Selectmen for appointment.

Job Environment

Work is performed under typical office conditions. Position requires frequent night meetings and work on weekends as needed; may be contacted at home at any time to respond to important situations and emergencies. May be required to attend community and civic events to represent the Town.

Prepares and administers the operating and capital budgets of the Town.

Operates a computer and associated technical software, and general office equipment such as a calculator, e-mail, facsimile, and other modes of communication.

Makes constant and direct contact with the public requiring significant perceptiveness and discretion with all departments and boards, members of the business and civic community, labor union representatives, attorneys, and state, federal and local officials as well as the media. Contacts require excellent customer services skills, persuasiveness, and resourcefulness.

Has access to a variety of confidential information. Position requires the use of extensive good judgment and initiative within policies and procedures that may require interpretation and direction to others and developing appropriate responses.

Errors in judgment could have a significant and continuous effect on the town's ability to deliver services and may have direct financial and legal repercussions, loss of revenue, damage to buildings or equipment, injury to employees, and cause considerable adverse public relations and potential liability to the Town. Responsible for the safety of all town employees and building operations.

Essential Functions

The essential functions or duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position.

The Town Administrator is the Chief Administrative Officer of the Town for the Board of Selectmen as Chief Executive Authority and is responsible for the administration of certain Town affairs. In addition, the Town Administrator is responsible for:

- Setting guidelines for budget parameters in consultation with the Board of Selectmen;
- Developing and submitting the annual capital plan;
- Working with all appointed and elected boards on behalf of the Board of Selectmen to reach agreement on budget guidelines previously set by the Selectmen;
- Preparation, format and presentation of the annual budget for all departments, boards and committees; Presents the total budget package (including the annual capital plan) to the Advisory Committee.
- Oversees and is responsible for the planning, administration, personnel management, procurement of services/equipment, and coordination of the daily operation of the Town;
- Provides leadership and direction in the development of short and long-range plans; gathers, interprets and prepares data for studies, reports and recommendations.

- Provides professional advice to Selectmen, other boards and committees and department heads;
- Makes presentations to boards, Town Meeting and the general public;
- Prepares the agenda, attends all meetings of the Board (unless otherwise excused), and briefs board members on meeting discussion, alternatives and resolutions;
- Receives and makes appropriate disposition or referral of all Board correspondence and communications;
- Anticipates the needs of the Selectmen for information and background material;
- Ensures that all decisions of the Board are carried out;
- Keeps the Board fully advised regarding departmental operations and financial health;
- Establishes goals, objectives and policies based on the needs of the Town;
- Provides supervision, direction and guidance including regular communication and development of said goals/objectives for all Town staff and reporting department heads;
- Assists all department(s) in any administrative or operational areas to insure regulatory, statutory or procedural compliance;
- Responsible for managing the collective bargaining process on behalf of the Board of Selectmen and negotiation of employment contracts subject to the approval of the Board of Selectmen. Develops bargaining concepts and strategies for the Board's approval. Attends all bargaining sessions and/or grievance hearings. Advise officials on the impact of contract terms on personnel system, wage administration and fiscal objectives;
- Consults with department heads and all employees on human resource issues;
- Serves as the Board of Selectmen's representative to town boards, committees, local, state and federal agencies as so directed.
- Negotiates and assists citizens in their interaction with all Town departments, boards and committees
- Responds to oral and written inquires, requests for assistance, and complaints; Investigates complaints and develops responses and, when appropriate, directs corrective action after consultation with the Board of Selectmen;
- Prepares all Town meeting warrants and motions. Develops and compiles background materials for town meeting and shall be available at Town Meeting to assist the Board of Selectmen as needed;
- Oversees all Town automated management information systems and, makes recommendations for improvements relative to systems;
- Oversees the coordination and compilation of annual Town report;
  Facilitates annual license renewals and board and committee appointments, as well as any other procedures which are under the statutory authority of the Board of Selectmen;
- Approves grant applications for all departments consistent with state statute and Town by-laws;

- Oversees all Town building maintenance, construction, repairs and rental/use of Town facilities, consistent with Town by-laws and state statutes under the authority of the Board of Selectmen.
- Undertakes special projects as assigned by the Board of Selectmen;
- In the absence of the Board of Selectmen, or at their direction, serves as the Chief Information Officer and responds to crisis or matters of public relations.

Recommended Minimum Qualifications

Education and Experience

Degree in finance, public/business administration or related field; master's degree preferred; Minimum of Five (5) years of municipal management experience as a Chief Administrative Officer, or a related field; municipal management strongly preferred, or any equivalent combination of education and experience. Knowledge of Massachusetts's General Laws, labor relations, personnel administration, municipal finance and town meeting process. Experience with elected officials and volunteer boards a plus.

Knowledge, Ability and Skill

Knowledge: Thorough knowledge of Massachusetts General Laws (Chapter 30B, 32B), and federal statutes (FLSA, FMLA, AA/EEO/ADA etc), pertaining to municipal government including finance, budget, personnel policies and practices, collective bargaining, IT management and operations. Expertise in the operation and organization of municipal government. Sufficient knowledge of emerging technologies and to recognize its value to the Town. Comprehensive knowledge of the various financial requirements of municipal government. Proficiency in various computer software and hardware applications.

Ability: Ability to direct and evaluate the work of department heads as well as professionals and other subordinates including office staff. Ability to plan, organize, and direct the development of projects, the preparation of reports, analyzes problems and formulates recommendations. Ability to bring people together around complex goals and develop consensus among community groups and individuals that may not share common priorities. Ability to establish and maintain harmonious and effective working relationships and deal appropriately with employees, board/committee members, agencies and officials, media and the public. Ability to prioritize and manage multiple tasks, and delegate authority in a prompt and effective manner. Ability to negotiate contracts, agreements and appropriate working arrangements and achieve timely results under stressful circumstances. Must be comfortable with public speaking and possess meeting presentation skills.

Skill: Strong oral communication skills and the ability to represent the Town before an array of organizations including providing statements to the media. Excellent writing

skills required to prepare various reports and position papers. Strong organizational skills and the ability to manage a large number of projects and tasks. Skill in the utilization of technology as a means of strengthening the organization and its services. Professional skills related to customer service. Skill in remaining non-political, yet understanding local government politics.

Physical Requirements

Minimal physical effort generally required in performing duties under typical office conditions. Position requires the ability to operate and view a keyboard and standard office equipment. The employee is frequently required to use hands to finger, handle, or feel objects, tools or controls and reach with hands and arms. The employee is frequently required to sit, talk and hear. Incumbent may be required to lift up to 10 pounds. Equipment operated includes automobile, office machines, pager and computer.

Other Requirements
Must possess a valid Massachusetts current Driver's License

TOWN VOLUNTEER FORM

You are invited to participate in the government of your community. The Town Moderator and the Board of Selectmen are responsible for appointing a number of committees that oversee specific areas. The appointed committees, their membership, and their terms are listed on the town website.

If you are interested in serving, please fill out this form [and attach a resume and/or letter of interest] and mail it or take it to the receptionist in the Town House, 17 Common Street, Southborough, MA 01772 [there is a drop box outside the Town House]. You may also fax it to the Selectmen's Office at 508-480-0161. When an opening occurs, you will be called to discuss whether the position interests you. The Selectmen's Office can be reached at 508-485-0710 or by email at selectmen@southboroughma.com.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 27, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment

III. Scheduled Appointments

<u>6:30 P.M. – Joint Meeting with Capital Planning Committee</u>

i. Review and Discussion, RE: Proposed FY22 Capital Plan

Mr. Malinowski walked the Board through the presentation included in the packet. He explained what capital improvements were not included, what was deferred and what should be accelerated. He stated that the Committee reviewed and voted on all fiscal year 2022 capital items. Mr. Malinowski explained the process followed for capital needs and requests by department. He gave a review of what has been approved by Town Meeting the prior year and what is coming in the next years to understand what is still being paid and what is anticipated in the future. Mr. Malinowski walked the Board through capital items by department as included in the packet. Mr. Stivers asked if any of the vehicles listed for replacement at the DPW were considered to be leased instead of purchased. Mr. Malinowski stated that is an ongoing conversation and explained which vehicles were being considered for lease and how Ms. Galligan purchases vehicles. Chairman Healey asked if the Library renovation and the exterior renovation and window work at the Town House could be CPC funded. Mr. Malinowski stated it was his understanding that they could not. Mr. Parent explained that the majority of the Library work will be done on the newer non-historical section and would not qualify for CPA funding. He explained that the renovations at the Town House include bringing the bathroom to meet building codes.

Mr. Malinowski described the capital needs and requests for the Fire Department. Ms. Malinowski asked the process for the turnout gear fund for new hires and Chief Achilles explained. Mr. Stivers asked about grants for the fire turnout gear fund and Mr. Malinowski replied that a grant for turnout gear could be disadvantageous as it would require the department to replace all the gear at once instead of using the turnout gear lifecycle process described earlier. Chief Achilles agreed and explained the grant process.

Mr. LaFlamme explained his need to replace the physical servers and the vendors he uses for his hardware. Mr. Stivers suggested seeking a connection at DELL to receive additional discounts. Mr. Malinowski walked the Board through the needs of the Police Department and Recreation projects. He then summarized the items deferred or removed from the capital budget. Ms. Malinowski asked what needed to be done to ensure the Cordaville Road project was shovel ready. Mr. Malinowski described the process proposed by Ms. Galligan and her hesitations of holding public hearings a Zoom environment. Mr. Shea asked if easements were required for this project and Mr. Malinowski stated he was told there were not. Mr. Stivers supported the idea of a shovel ready project list and asked if it were possible to move funds from the Chapter 90 allocation for shovel ready projects. Mr. Malinowski replied that he would like the Committee to collaborate with the Public Works Planning Board to look into this further. Mr. Stivers agreed. Chairman Healey stated he was in favor of deferring the Cordaville Hall project and explained his reservations of staying below a funding threshold to avoid additional ADA requirements. Mr. Malinowski explained that Cordaville Hall would be evaluated differently if the school discussion falls through. He stated that this location may not be the right site for the seniors and there could possibly be a better long-term solution. He said there will be better clarity on this matter in January.

Chairman Healey asked if an emergency generator is needed at the Town House. Mr. Parent explained the risk of not having a generator is the same as prior years. He then explained plans put in place to ensure the building would be protected and the phone lines supported during a weather emergency. Mr. Malinowski explained the items the Committee is reviewing for future funding and requested the Boards vote on multiple items. Mr. Malinowski added that if there are any hesitations regarding the items discussed this evening, that the Board provide feedback. Chairman Healey asked for clarification on the vote and Mr. Malinowski and Mr. Purple explained. Ms. Malinowski stated that she supports the list presented with one concern that if the operating budget creates a larger increase than what is palatable for the Town, an option to bond items over a long period or look at other resources be reviewed. Mr. Shea stated he supports the items recommended by the Committee and suggested Mr. Purple and Mr. Ballantine use these numbers in their initial budget. He added that depending on the proposed tax rate increase, the Board may have to revisit these items. Mr. Stivers and Ms. Braccio agreed.

Chairman Healey made a motion to support the recommendations the Capital Committee presented tonight for items to go forward for fiscal year 2022 and other items be deferred or not put forward in fiscal year 2022 and consistent with that, the Town Administrator and Finance Team include those numbers into the fiscal year 2022 ongoing budget process. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea made a motion to support the setup of a warrant article for a fire turnout gear replacement fund. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey made a motion to declare the emergency generator from the old Fire Station at 21 Main Street as surplus property. Mr. Shea Seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Discussion, RE: Proposed Capital Planning policy

Mr. Malinowski stated the Committee has been looking at other policies from similar towns and asked the Board to review and solicit feedback to him. He stated they hope to have a policy submitted to the Board for approval in November. Chairman Healey stated that there is a bylaw about the Advisory Committee which limits their ability to volunteer for other committees. He stated that the bylaw is appropriate but Advisory members should be able to sit on a Capital Committee. Mr. Malinowski asked if he was advocating that the Capital Committee convert from an ad-hoc committee at some point and Chairman Healey replied that he felt it had to. He added that he believes the Capital Planning Committee should be a permanent committee with specific guidance provided for and it is advantageous for Advisory members to serve. Ms. Cook stated that she fully supports this but does not support making it mandatory that Advisory members serve on the Capital Planning Committee. Mr. Malinowski stated he will circulate the research the Committee has done regarding the policy and stated that the Committee has some points they feel strongly about. Mr. Malinowski made a motion to adjourn his meeting at 8:13 P.M. Ms. Braccio seconded. The motion passed by roll call all in favor.

<u>Review of latest VMUD draft for Downtown Initiative</u>

Ms. Braccio gave a brief update of when the EDC and Planning Board will be meeting to review this document. She stated the goal is to present this as a warrant article at Spring Town Meeting. She asked the Board to hold another joint meeting after feedback from all stakeholders was given to Ms. Barrett regarding her first draft. Feedback from all parties are to be turned in to Ms. Esposito on November 6th. Chairman Healey agreed to a joint meeting and asked that additional stakeholders be made aware of the meeting. Ms. Braccio stated she felt the affordable housing component needed more work. She provided more feedback and stated she will include her comments in the feedback document provided by Ms. Barrett. Chairman Healey asked that residents and businesses in the downtown district and abutters get notice of the meeting. Mr. Purple stated he will make sure all board and committees receive the meeting information, he will send the meeting information to MySouthborough.com, post on Twitter and the Town Website and make sure the EDC does direct emails to businesses.

Ms. Braccio stated that Ms. Reynolds was working on creating a redlined version of the document. She added that the EDC is discussing the possibility of adding more parcels to the district. She stated that outreach would need to be done to homeowners. Chairman Healey agreed and stated that if there is going to be any significant resistance from those whose parcels would be affected, that the Board take that into careful consideration. Ms. Malinowski agreed with that approach and does not want to push this issue if it would tie up the project. Mr. Stivers stated that the affordable housing piece was weak and described some clerical errors in the document he would like to clean up. He added it was worth exploring the idea of adding parcels. Mr. Shea stated he supported the approach discussed. Ms. Malinowski and Mr. Stivers gave feedback on the document and they agreed to include their comments in the written feedback document provided by Ms. Barrett.

Ms. Malinowski asked about the timeline. Ms. Braccio explained the timeline and that the goal was to stay as closely to it as possible for future grant opportunities. Ms. Braccio asked that all comments be sent to Mr. Purple by Friday. The Board agreed.

IV. Consent Agenda

a. Chairman Healey made a motion to accept a $100.00 donation for the Fire Department Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Other Matters Properly Before the Board

Rent & Mortgage Assistance program approval

Ms. Braccio gave a general update and thanked the Emergency Fund Committee, Mr. Purple, Ms. Esposito, Mr. Ballantine and Ms. McAuliffe for their assistance in creating the program. Ms. Braccio requested a brief meeting with the Board and the Affordable Housing Trust. She explained the Affordable Housing Trust is a backup fund if the CARES Act does not reimburse the funds. She also stated that the Affordable Housing Trust will need to approve of Ms. Malinowski reviewing redacted applications before submitting them to Ms. McAuliffe. Ms. Braccio stated that Town Counsel is reviewing the applications and guidelines and they will receive his feedback tomorrow. She reviewed the changes made since the last draft was presented. Ms. Braccio explained the application submittal process and the timeframe it takes for approval. Ms. Malinowski stated the goal is to have application submissions open for acceptance from November 1st to December 1st. She explained this will give Ms. McAuliffe time to file the reimbursement for the December 30th deadline. Chairman Healey asked if the Board needs to determine if applicants meet the criteria and Ms. Braccio explained that all applications are submitted to the Emergency Fund Committee, then reviewed by Ms. Malinowski and then submitted to Ms. McAuliffe. Ms. Malinowski stated it is not outlined in the documents and Ms. Braccio offered to create a one-page document that outlines this process. Mr. Stivers asked if the initial $25,000 allocated for the program is enough. Ms. Malinowski stated the reason for the December 1st deadline was to have time to reassess the need of Southborough residents. The Board agreed to meet with the Affordable Housing Trust on Friday at noon.

Chairman Healey made a motion to approve the rental mortgage assistance guidelines as proposed, the mortgage rent assistance application as proposed and the criteria and approval process as proposed pending review and approval by Town Counsel. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Public Comment

None

VII. On a motion made by Chairman Healey, seconded by Mr. Shea and voted all in favor by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:10 P.M.

Upcoming Meetings
November 4, 2020
November 17, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the October 27, 2020 BOS Meeting:

- Capital Planning Committee Presentation 10.27.20
- Draft VMUD for Downtown Initiative
- Letter from Chief Achilles to BOS dated 10.15.20
- Draft Rental/Mortgage Assistance Guidelines

Capital Planning Committee

Board of Selectmen Update – FY22 Capital Recommendations

October 27th, 2020

Committee Members

- Jason Malinowski, Chair
- Kathy Cook, Vice Chair
- Jeff Hark, Clerk
- Lisa Braccio
- Joseph Palmer
- Andrew Pfaff
- OPEN SEAT

Committee Actions Since August Meeting

- Facilitated Town House CPA Application with Facilities Director
- Facilitated Solid Waste Disposal Analysis which led to significant reduction in capital requests for FY22 and FY23
- Formed School Research Subcommittee
- Set up Capital Module in ClearGov, almost ready to go live
- Reviewed and voted on all FY22 Capital Items which includes votes of approval, deferral, and acceleration

Process

- All items presented have unanimous support of Capital Planning Committee
- All Department Heads were notified of Capital Planning meetings and BOS meeting
- Committee held in some instances multiple meetings with Dept. Heads to determine proper timing of some items
- Adjustments were made to long term capital plan based on these discussions.
- All modifications that were not proposed by Dept. Heads will be outlined in the presentation
- Items subject to bonding open for further analysis

Comparison of FY21 to FY22 General Fund

	FY21	FY22
Total Cost of Capital	1,372,660	1,533,200
Amount Spent - Appropriation	747,757	1,533,200
Amount Spent – PY Bonds	3,115,803	3,243,101
Total	3,863,560	4,766,301

FY22 Capital Expenditures – Previously Authorized

Department	Project	Amount
Recreation	DEPIETRI FIELD REPAIRS	45,750

Summary of Items Deferred

- Summary of Items Deferred or Removed:
  - Cordaville Road Project (deferred)
  - Cordaville Hall Project (deferred)
  - Town House – Emergency Generator (removed)
    - Looking for approval to declare old fire station generator as surplus property

Items in the Works

- South Union School
- School-related capital items
- Discussion of maintenance articles (Facilities and DPW) in terms of whether they should be operating or capital expenses
- Discussion of re-purposing Fire Vehicle and its future to achieve net zero increase to town vehicle fleet

Requests of BOS

- Vote on FY22 Capital Items
- Vote related to support of warrant article to set up Fire Turnout Gear replacement fund
- Vote to declare emergency generator from old Fire Station at 21 Main Street as surplus property
- Provide feedback on potential Capital Planning policy
- Discuss and prioritize staff and committees to streamline grant applications

Thank You!

Town of Southborough

Rental/Mortgage Assistance Guidelines

In response to the loss of income to households due to COVID-19, this program has been created and funded by the CARES Act funds granted to the Town of Southborough. This program seeks to be efficient and responsive. It is temporary in nature. Applicants that have been residents of Southborough for at least six (6) months are eligible for:

- Up to two months rental or mortgage assistance
- Assistance can be used to pay current rent/mortgage or pay rent/mortgage that is past due since 4/1/2020
- Mortgage assistance can be used to pay the mortgage principal and interest, it cannot be applied to escrow or homeowner's insurance.
- Amounts available are:
    - $1200 / month for an efficiency/studio
    - $1400 / month for a 1-bedroom
    - $1600 / month for a 2-bedroom
    - $2000 / month for a 3+-bedroom

Please visit https://www.southboroughtown.com/town-administrator/covid-19-information-center or contact Sarah Cassell, Director of Youth and Family Services, at scassell@southboroughma.com or (508) 481-5676 for an application.

All applications must be received by Tuesday, December 1, 2020.

Household Eligibility

"Eligible" Household

An eligible household is one that:

- Has reduced income because of COVID-19
- Earns less than 80% of Area Median Income
- Households currently receiving government-funded rental assistance such as Section 8, MRVP are not eligible. Households that have received RAFT assistance since April 1, 2020 are not eligible. Households living in units subsidized with Project Based Section 8 shall not be eligible.

A "household" shall mean an individual or two or more persons who will live regularly in the unit as their principal residence and who are related by blood, marriage, law, or who have otherwise evidenced a stable inter-dependent relationship.

DRAFT

Town of Southborough

Income Eligibility
The total income of the applicant and all other members of the applicant's household **over the age of eighteen (18)** may not exceed 80% of the Area Median Income for the greater Boston area adjusted for family size. An applicant's total household income cannot exceed the following limits:

	Persons in Family							
	1	*2*	*3*	*4*	*5*	*6*	*7*	*8*
Income Limit: 80% Area Median	$67,400	$77,000	$86,650	$96,250	$103,950	$111,650	$119,350	$127,050

Exception: A member of the household that is over the age of eighteen (18) and is pursuing post-secondary education on a full-time basis is exempt from being included in the total household income. Please provide proof of enrollment with application.

Process

- All potential participants must complete an application and attach requested documents prior to the deadline. The applications will be processed on a rolling basis.
- If you need a copy of the information contact Sarah Cassell, Director of Youth and Family Services, at scassell@southboroughma.com or (508) 481-5676.
- Applicants have the right to request a reasonable accommodation(s), which may include a change to a rule, policy, procedure or practice to afford a person with a disability an equal opportunity to participate fully in the housing program or to use and enjoy the housing.
- Free language assistance is available to households with limited English proficiency.

Affirmative Marketing Methods
The Town of Southborough does not discriminate on the basis of race, color, religion, national origin, disability, familial status, sex, age, marital status, children, sexual orientation, genetic information, gender identity, ancestry, veteran/military status or membership.

Marketing Activities
Marketing activities will be conducted for a one-month period beginning November 1, 2020 – December 1, 2020. Efforts consist of:

1. Town COVID-19 Response website pages
2. Notices on Town social media
3. Press releases to local newspaper
4. Utilizing the distribution lists for schools, Recreation Department and Youth and Family Services.

DRAFT

Town of Southborough

Applications will be available online at the Town of Southborough website, or a hard copy may be requested from the Youth and Family Services department. In all cases, the process begins by contacting the Youth and Family Services office. The Youth and Family Services staff is available to assist individuals in the completion of their application and are able to accommodate households with disabilities that may impede their ability to complete the application. Staff can also arrange for assistance for households that have limited English proficiency. Applicants have the right to request a reasonable accommodation, which may include a change to a policy, procedure or practice to afford a person with a disability an equal opportunity to participate fully in the housing program or to use and enjoy the housing.

Please contact Sarah Cassell, Director of Youth and Family Services, at scassell@southboroughma.com or (508) 481-5676 for assistance or inquiries.

☐ Most recent bank statement for all bank accounts for all household members over the age of 18.

- *If a member of the household is over the age of eighteen (18) and is pursuing post-secondary education on a full-time basis, please provide proof of enrollment. Any income from this household member will not be included as a part of the income verification.*

Residence Verification – provide ONE of the following:

☐ Rent/Mortgage receipt/cancelled check

☐ Current utility bill

Evidence of Reduced Income – provide ONE of the following:

☐ A second paystub showing reduced hours

☐ A lay-off notice from your employer

☐ Multiple month's bank statements

☐ Notices from Unemployment Assistance

☐ Statement from employer stating reduction in hours

Rent/Mortgage Payment Verification – provide ONE of the following:

☐ Copy of lease or letter from landlord evidencing monthly rent amount

☐ Current mortgage statement

THESE MUST BE INCLUDED WTH YOUR APPLICATION OR IT WILL BE DEEMED INCOMPLETE

DRAFT

DRAFT Downtown Business Village District v.2
October 20, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment in an owner-occupied residence providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

Mixed-Use Development: A development that includes both residential uses and nonresidential uses within a single structure, with nonresidential uses occupying the ground floor (street level) and residential uses above on the upper floors. The total gross floor area of the nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DVB District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Village Business District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Village Business District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows, up to a maximum floor area ratio of 0.35:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Craft brewery or distillery

(5) Bed and breakfast

(6) Art gallery

(7) Child care center

(8) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

(4) Personal services such as barber shop, hair salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection **B** that exceeds a maximum floor area ratio of 0.35 or under Subsection C exceeding 2,000 sq. ft. per establishment

(2) Veterinarian, animal hospital, dog kennel.

(3) Medical or dental office

(4) Multifamily housing, up to eight units.

(5) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(6) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Village Business District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet

(5) Minimum Façade Buildout (% Lot Width):

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(6) Height regulations:

(a) Maximum building height: 40 feet and three stories, except as provided in Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(7) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

I. Additional Standards for Development in the DVB District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

(2) On any lot with 10,000 square feet in more in area, at least 5% of the lot shall have landscaped open space or public amenities (such as an outdoor seating area with park benches) between the front building line and front lot line.

(3) Affordable housing. In any multifamily or mixed-use building with eight or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including

without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

D. In the Downtown Village Business District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Village Business District. Off-street parking requirements for development in the Downtown Village Business District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, October 30, 2020, 11:55 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 11:56 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Mr. Healey indicated that this statement will also cover the Affordable Housing Trust Fund Committee immediately following the Selectmen meeting.

II. **Consent Agenda**

a. Chairman Healey made a motion to accept the resignation of Dan Kolenda from the Affordable Housing Trust Fund Committee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
b. Chairman Healey made a motion to appoint Chelsea Malinowski to the Affordable Housing Trust Fund Committee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:59 A.M.

Upcoming Meetings
November 4, 2020
November 10, 2020

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interview – Angela Varner, Municipal Technology Committee: term 6/30/22
Chairman Healey welcomed Ms. Varner and stated that Mr. Probst had given her an enthusiastic endorsement. Ms. Varner gave background on her experience which included over twenty years in the technology field and she is the working on a hybrid-based cloud knowledge system for her current employer. Ms. Malinowski asked what she would be most interested in contributing to the Committee. Ms. Varner stated that she would like to work with the five-year strategy that included more input from citizens and a data driven approach for the Town. Mr. Shea stated he has known Ms. Varner for years and endorsed her for this role. Mr. Stivers made a motion to appoint Angela Varner to the Municipal Technology Committee: term 6/30/22. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

7:00 P.M. – Discussion with Board of Health – COVID-19 update
Ms. Woodford told the Board the pandemic has shined a light on public health in the community and the Board of Health members are identifying gaps and challenges in the services they are able to provide. Chairman Healey stated that he is looking forward to having that dialogue in the future. Ms. Amico summarized her experience with the pandemic since starting her position.

She explained case investigation, contact tracing, quarantining and color classifications as they relate to COVID-19. Chairman Healey asked if there were anything she would suggest residents do to improve the community's safety from COVID-19. Ms. Amico stated that following the State guidelines especially with mask wearing and social distancing is the greatest risk reducer. Ms. Braccio asked that seeing as schools are not a transmission point for COVID-19, where cases were coming from. Ms. Woodford stated that she does COVID-19 investigating in Framingham for work and they have found that outbreaks are occurring in sports teams, long-term and group homes, large businesses and stores. She added that because Southborough is smaller, there are less high transmission areas and less cases. Ms. Woodford explained what exposure means and the measures taken if a person has been exposed to someone who is positive for COVID-19. Ms. Braccio asked if school nurses are able to help with the caseload and Ms. Amico explained that school nurses are not helping as school is in session all week. Ms. Malinowski stated schools are looking to do more regular testing and asked how that would impact Ms. Amico's workload. Ms. Amico explained her responsibilities and those of the school nurses regarding positive COVID-19 cases. Mr. Stivers asked if she felt there are sufficient resources to execute the contract tracing needed. Ms. Amico stated that more nurse hours are needed. She elaborated on her workload and the additional hours she is working due to the pandemic. Ms. Woodford agreed that more resources are needed and explained her concern that once the CARES Act resources run out, there will not be enough funding to support the needs of the community. Chairman Healey stated he has hope that Congress will revisit the issue of funding for COVID-19 related expenses and asked for data regarding the amount of contract tracing being done. He asked Mr. Purple to follow up with Ms. Amico to find the data and assess needs. Ms. Woodford asked the Board to inform them on the type of data they are looking for and Chairman Healey agreed to do so.

Dr. Medina introduced himself and presented the PowerPoint slides included in the packet. He stressed the need for students to continue to go to school and gave examples of other countries who have full-time in-person school with little to no COVID-19 transmissions. He outlined the public health crisis in children due to the pandemic and less time in in-person learning. He outlined safe and unsafe activities. Dr. Medina described the mental health crisis and explained the resources available through Southborough Youth and Family Services. Ms. Malinowski asked what he felt the rest of the school year would look like. Dr. Medina stated the goal is to maintain hybrid learning and not revert back to full remote as it is detrimental to children. He added the goal is to also increase in-person learning as much as possible. He explained that testing and screening would be necessary to do this and the current process for quarantining when a positive case arises. Ms. Braccio thanked him for being and advocate for children and his work within the community.

Mr. Pisinski gave an overview of the status of the Davis Farm Dump and his proposed next steps. He stated that fifteen years ago a licensed site professional inspected the area and did not find any contamination of the site or wells. He added that there is an extensive amount of debris at the site and recommended that the Town appoint an oversight committee appointed by the Board that included a member from the DEP, Board of Health, Conservation Commission and one to two citizens. The proposed committee would immediately begin the process to have the site surveyed and get a bid for a company to remove the trash. Mr. Shea asked if an LSP has inspected the site recently. Mr. Pisinski said he believed the Conservation Commission is looking to hire an LSP to conduct deeper digs into the site. Mr. Shea stated he would like to have an LSP who is leading the effort for the Town to follow. Mr. Purple confirmed Ms. Danza was in the process of vetting a new LSP. Ms. Malinowski asked Mr. Pisinski if he is suggesting the $15,000 for the funding of the project be brought to Town Meeting and if he is suggesting the

remediation plan should go into effect next year. Mr. Pisinski replied in the affirmative and explained the proposed details of the project.

Karen Galligan – Chapter 90 project approvals

Ms. Galligan asked the Board to authorize the transfer of $145,000 of Chapter 90 funds to finish the design work for the Cordaville Road project. She also asked the Board to give Mr. Purple permission to sign the documents on behalf of the Board. Ms. Galligan described the work this would cover and stated it would start this winter. Mr. Stivers asked if this were an opportunity to bundle the work together and go to bid for a bulk contract to help decrease costs. Ms. Galligan explained and stated that the current engineering firm has been very good. Ms. Braccio asked about the $30,000 in the general fund from Legacy Farms. Ms. Galligan explained how this process works and stated the DPW was accurately accounting for this. Ms. Malinowski asked if moving forward that the appropriations will be used for sidewalk maintenance instead of road maintenance. Ms. Galligan replied in the affirmative. Ms. Malinowski asked if a hearing was required for this project and Ms. Galligan replied that for a project this size they usually meet with abutters and there will be hearings with the Conservation Commission as it is permitted through them. Mr. Shea made a motion to allocate $145,000 of Chapter 90 Funds to the Cordaville Road project. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan explained the funds needed to fix St. Mark's Street and the corner located there in addition to the creation of a shared parking lot with the Library. She added the project also includes finishing sidewalks from where it ends on Marlboro Street to St. Mark's. She stated that $105,000 is needed to make this shovel ready. Chairman Healey asked if the deterioration of the area at the intersection was due to work done by St. Mark's or otherwise. Ms. Galligan stated that it was from the stone wall work done at the intersection and explained that the water used to flow into that area and puddle up. She explained how drainage would be fixed to make the area more drivable. Ms. Braccio asked if it a dollar figure was known from the Safe Routes grant. Ms. Galligan said it was unknown at this time and the grant opens for submissions around January. Ms. Malinowski asked who had oversight of the spending on these projects and Ms. Galligan stated she signs off first, the engineer checks the numbers and the Town Accountant is then responsible to make sure everything is accurate. Mr. Shea urged discussions for a public/private partnership with St. Mark's for the intersection work at Route 85 and the school. Chairman Healey made a motion to allocate $105,000 of Chapter 90 funds for St. Mark's Street design. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan described the proposed project for Route 85 and Framingham Road and stated a survey needed to be conducted. Ms. Malinowski asked if the survey could be done and then the project put on hold for three to four years to coincide with the TIP project. Ms. Galligan replied that the survey should stand with only minor updating needed. Mr. Stivers stated he is in support and suggested this process begin. He suggested communication with legislators a list of shovel ready projects. Chairman Healey requested an invitation for Representative Dykema and Senator Eldridge to attend a future meeting. Chairman Healey made a motion to allocate $130,000 of Chapter 90 funds for a Route 85 and Framing Road survey. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan explained that they are looking to replace the draining pipe under the CSX track in the downtown and CSX agreed to give the Town an easement to do so. She explained the

encroachments and their willingness to give only five feet of property with the easement. Chairman Healey stated that Mr. Lamy had resolved his issues with CSX and asked Mr. Purple for an update on how other landowners are situated with this issue. Mr. Purple agreed inquire with the business owners and update the Board. Mr. Stivers asked to compile a list of options that are typical for this type of situation to give to property owners. Mr. Purple agreed.

Discussion of process for receiving/assigning/tracking litigation

Chairman Healey asked Mr. Purple to outline the new tracking system to prevent the same issue with the Warfield litigation from reoccurring. Mr. Purple explained the process from first receiving notice of a lawsuit, informing the insurance company, and providing all documents, updates and legal filings to the Board. He explained the files available to the Board and how to access them. Mr. Purple stated there is redundancy in the process to ensure all parties are aware as quickly as possible of each step and correspondence with the legal cases. He asked the Board if they preferred to receive updates through email or to insert them into the case files. Ms. Braccio stated she was happy to have redundancy. Ms. Malinowski stated that she will leave it to the judgement of the Town Administrator whether the Board needs immediate notification of updates or if including it in a report is sufficient. She asked that the Board be made aware of any major milestones.

IV. Reports

Chairman's Report

Chairman Healey praised Sue Butka for assisting him with in-person voting. He also gave accolades to the Town Clerk's Office and Mr. Hegarty for managing in-person voting on election day. He also wished Mr. Hegarty well after he took a fall.

Chairman Healey informed the public that the Town House Receptionist was retiring. He congratulated Ms. Ostrech and wished her well.

Chairman Healey stated there will be an Executive Session held next Tuesday to discuss the process of receiving appraisals for the Art Center property with the Capital Committee.

Chairman Healey stated that numerous committees will be attending the November 17th meeting to talk about the Downtown Initiative.

Chairman Healey stated he assigned three departments or boards to each member to act as a liaison. He asked the Board to give him feedback as the process begins.

Chairman Healey stated he met with Mr. Purple and the Advisory Committee Chair and they are on the same page with the Board regarding challenges in fiscal year 2022.

i. Follow-up on 10/20 discussion with Personnel Board

Chairman Healey stated he met with Mr. Purple and Ms. Rosenbloom last week. They spoke and agreed that Mr. Purple will be making monthly reports at Personnel Board meetings about items related to SAP, policies adopted by the Personnel Board and any personnel matters that fall under that umbrella. He stated that they also agreed that the Personnel Board should be kept in a firmer loop on all SAP hiring in order to ensure consistency with SAP and their policies. He added that the Personnel Board will be notified anytime a decision is made in hiring or promotions especially with new conditions of employment. Mr. Stivers asked to hear from the Personnel Board quarterly regarding their view of the process and to receive input on Mr.

Purple's performance appraisal. Ms. Malinowski asked if the organizational chart was discussed and Chairman Healey said it was not as he had a hard stop after an hour.

ii. Advisory request on EOY payouts, leave time accruals

Chairman Healey stated that the Board received an update of end of year payouts. He stated there was concern about consistency and Mr. Purple and the Finance Team are creating an outline of the current payouts. He stated that the Board will be working individually and in conjunction with the Advisory Committee to review this information to see if there are any issues and to ensure that employees are treated as equitably and fairly as possible.

Members' Reports

Ms. Braccio stated that the Rent and Mortgage Program went live and thanked Mr. Laflamme, Ms. Esposito and Mr. Purple for their assistance.

Ms. Braccio stated there was a wonderful drive-through at the Senior Center for Halloween for Senior Center employees to interact with seniors.

Ms. Braccio said she is creating a process to facilitate Board member office hours. She will report back with next steps.

Ms. Malinowski stated she attended a ceremony to honor Sergeant DeLuca and other officers after the June 22nd event. She said the ceremony was led by Chief Paulhus and it was great to see Sergeant DeLuca back and other officers honored.

Mr. Stivers said the Master Plan Committee is making good progress and suggested they attend a future meeting to update the Board. Chairman Healey asked for a target date for the completion of a draft document. Mr. Stivers stated there is no firm date but their goal is to have a draft in early 2021.

Town Administrator Report

Mr. Purple stated that Tom Laflamme has given his notice and he will be leaving at the end of the month. He said that Mr. Laflamme was the first IT manager after outsourcing IT services for over twenty years. He commended Mr. Laflamme on his work with the Town and stated that position has been advertised. He added that the Board may want to review how the position is structured.

Mr. Purple stated that there are four cases of COVID-19 currently in isolation and eighty-seven have been discharged. He added that Ms. Amico has been the conduit to assist patients in and out of isolation.

Mr. Purple stated that the Shared Streets grant has helped to provide tents and heaters to loan out to businesses and there has been a liability agreement that Town Counsel has signed off on. He stated that businesses have to sign a waiver that relieves the Town from liability and ensures the loaned property is returned in good condition. He added the EDC is helping to facilitate this.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold agenda item "b." Ms. Malinowski stated that only a cover sheet from Youth and Family Services was provided and the amount for the donation was not on the letter. She asked the Board review the policy as to how they handle donations to the Town and ensure they are receiving consistent information. She stated she is adding that policy to the list for the Board to review. Ms. Malinowski stated this donation was made by the Pilgrim Church for $500. Chairman Healey made a motion to accept the donation of $500.00 for Youth and Family Services donation account. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Ms. Braccio asked to hold agenda item "c." Ms. Braccio wished Ms. Richards well on her resignation and new position. She added Ms. Richards was honored today as she was the dispatcher on duty when the incident with Sergeant Deluca occurred. Chairman Healey made a motion to accept the resignation from Full-Time Dispatcher Robyn Richards, effective November 1, 2020. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Chairman Healey made a motion to appoint John Terranova as Full-Time Dispatcher for Police Department, effective November 5, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
e. Chairman Healey made a motion to set Saturday, March 20, 2021 for Annual Town Meeting date. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Discussion of performance evaluation documents policy

Chairman Healey explained the 2018 Wayland decision that impacted the way performance evaluations are treated in terms of public record. He stated that the legal opinion by Mr. Norris is included in the packet. He explained how the different ratings are categorized on a performance evaluation and that written comments are included. He explained that he reviewed Mr. Purple's performance evaluation as did Mr. Mulholland of the Personnel Board. He said the Attorney General has interpreted the public records statute to read that any items that go to the Board as part of personnel review automatically become public record. He asked the Board which parts of the performance evaluation they would like to include in part of the packet knowing it will become public record. He added that when he filled out the evaluation, it was not with the understanding that what he was writing would become public record.

Mr. Shea stated he leaned towards including the composite information in the packet and suggested if individuals have comments they would like to make that they could do so in a private conversation with Mr. Purple. Mr. Stivers stated that any evaluations the Board may have input on should be available to the public. He added that the overall grid and individual numerical ranking should be a public document. He added that he felt there should be a public discussion where details deemed appropriate could be discussed. Ms. Braccio asked if Mr. Norris was contacted regarding contract employees and what can and cannot be released. Chairman Healey stated he discussed this with Mr. Norris. He added that the opinion of the Supreme Judicial Court was clear that anything sent to the entire Board as part of consideration is public record. He stated he would follow up with Mr. Norris for clarification to report at the November 17th meeting.

VII. Public Comment

None

VIIII. At 9:43 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session – to discuss strategy with respect to litigation (Exemption 3), John & Marjorie Warfield v. Town of Southborough, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Upcoming Meetings *November 10, 2020* *November 17, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

SJC-12353

Open Meeting Law. Municipal Corporations, Open meetings, Selectmen. Moot Question. Attorney General.

In a civil action involving a question of the open meeting law arising from the performance review of a town administrator by the town's board of selectmen, the judge properly declined to dismiss the action as moot, where the situation presented was capable of repetition yet evading review, and where the matter was of substantial public importance. [237-238]

A town's board of selectmen (board) violated the open meeting law, G. L. c. 30A, § 20 (a), in its performance review of the town administrator, where individual and composite evaluations of the town administrator that the board's chair circulated to board members via electronic mail prior to the meeting expressed the opinions of a majority of board members to a quorum in advance of the public meeting, in effect constituting a deliberation or meeting to which the public did not have access. [238-244]

In a civil action brought by five registered voters in a town, challenging a certain action of the town's board of selectmen as a violation of the open meeting law, the judge erred in purporting to strike an opinion of the Attorney General on an administrative complaint regarding that action, where the administrative complaint was not before the judge. [244-245]

CIVIL ACTION commenced in the Superior Court Department on February 11, 2014.

The case was heard by Dennis J. Curran, J., on motions for summary judgment.

The Supreme Judicial Court on its own initiative transferred the case from the Appeals Court.

Mark J. Lanza, Special Town Counsel, for the defendant.

David S. Mackey, Special Assistant Attorney General (Christine M. Zaleski also present) for Massachusetts Gaming Commission.

George H. Harris for the plaintiffs.

Page 234

The following submitted briefs for amici curiae:

Maura Healey, Attorney General, & Jonathan Sclarsic & Kevin W. Manganaro, Assistant Attorneys General, for the Attorney General.

Robert J. Ambrogi & Peter J. Caruso for Massachusetts Newspaper Publishers Association.

Kenneth S. Leonetti, Christopher E. Hart, Michael Hoven, & Kelly Caiazzo for Hal Abrams & others.

LENK, J. The plaintiffs, all registered voters in the town of Wayland (town), brought this action in the Superior Court to challenge the procedure by which the board of selectmen of Wayland (board) conducted the 2012 performance review of the town administrator. The chair of the board had circulated to all board members, in advance of the public meeting where the town administrator's evaluation was to take place, board members' individual written evaluations, as well as a composite written evaluation, of the town administrator's performance. The board made public all written evaluations after the open meeting. The issue before us is whether the board violated the Massachusetts open meeting law, G. L. c. 30A, §§ 18 and 20 (a), which generally requires public bodies to make their meetings, including "deliberations," open to the public.

A judge of the Superior Court allowed the plaintiffs' motion for summary judgment, issued a permanent injunction, and declared "stricken" a contrary determination by the Attorney General that had issued the prior year, on essentially the same facts, in which the Attorney General had found that the board's conduct had not violated the open meeting law. The board appealed from the allowance of summary judgment, arguing that the matter is moot, its conduct did not violate the open meeting law, and the judge erred in "striking" the Attorney General's separate administrative decision.

We conclude that the judge did not err in declining to dismiss the case on mootness grounds, because the matter is capable of repetition and yet evading review, and is of substantial public importance. See, e.g., Seney v. Morhy, 467 Mass. 58, 61 (2014). We conclude further that the procedure the board followed in conducting the town administrator's evaluation did violate the open meeting law. In making this determination, we consider, for the first time, the meaning of the open meeting law's exemption to the definition of "[d]eliberation," which became effective in July, 2010, that permits members of public bodies to distribute to

Page 235

each other "reports or documents that may be discussed at a meeting, provided that no opinion of a member is expressed." See St. 2009, c. 28, § 18; G. L. c. 30A, § 18.

We conclude that this exemption was enacted to foster administrative efficiency, but only where such efficiency does not come at the expense of the open meeting law's overarching purpose, transparency in governmental decision-making. As the individual and composite evaluations of the town administrator by the board members contained opinions, the circulation of such documents among a quorum prior to the open meeting does not fall within the exemption, and thus constituted a deliberation to which the public did not have access, in violation of the open meeting law. We therefore affirm the judge's decision allowing summary judgment for the plaintiffs on this ground. We agree with the board, however, that the judge erred in "striking" the Attorney General's determination, and vacate that portion of the judge's decision. [Note 2]

1. Background. The material facts are not in dispute. On January 3, 2012, the five-member board held an open meeting during which it reviewed the procedures it intended to follow in conducting the annual performance evaluation of the town administrator. The board agreed that, by the end of the month, its members would submit individual evaluations to the chair, who would compile the evaluations and draft a composite evaluation. The composite evaluation was to be distributed to all board members in advance of the scheduled March 28, 2012, open meeting at which the board planned to discuss the town administrator's performance and issue a final written evaluation. The procedure the board chose to follow was largely consistent with the Attorney General's guidance to public bodies regarding performance evaluations, which was available on the Attorney General's Web site:

"May the individual evaluations of an employee be aggregated into a comprehensive evaluation?

"Yes. Members of a public body may individually create evaluations, and then submit them to an individual to aggregate into a master evaluation document to be discussed at an open meeting. Ideally, members of the public body should submit their evaluations for compilation to someone who is not a

Page 236

member of the public body, for example, an administrative assistant. If this is not a practical option, then the chair or other designated public body member may compile the evaluations. However, once the individual evaluations are submitted for aggregation there should be no

deliberation among members of the public body regarding the content of the evaluations outside of an open meeting, whether in person or over email."

In accordance with the plan developed at the open meeting, three of the board members submitted written evaluations to the chair. Two sent the evaluations by electronic mail (e-mail) message, and one hand-delivered her evaluation. The chair created a composite performance evaluation which included the opinions of those three board members, as well as his own. The reviews were predominantly positive. The chair then sent the composite document, along with the three individual performance evaluations, to each board member, by e-mail, as part of an agenda packet for the then-upcoming open meeting.

At the meeting, the board reviewed and discussed the composite evaluation and approved it as final. The minutes of the meeting simply state that the board "praised [the town administrator] for his availability and responsiveness to the public, his work ethic, his relationship with town staff, and his accessibility to board and committee members." The composite and individual evaluations subsequently were released to the public.

Approximately two months after the March 28, 2012, open meeting, George Harris, a registered voter in Wayland, filed a complaint with the office of the Attorney General, claiming that the board's procedure for conducting the town administrator's performance evaluation violated the open meeting law. See G. L. c. 30A, §§ 18, 20 (a). The open meeting law requires public bodies to make their meetings open to the public, and provide advance notice of such meetings, unless the meeting is an executive session, which can be conducted only for limited reasons. See G. L. c. 30A, §§ 18, 20.

In January, 2013, the Attorney General responded with a determination letter finding that the board's conduct had not violated the open meeting law; Harris's subsequent request for reconsideration was denied. As judicial review of an Attorney General's determination in such matters is available only to an aggrieved public body or member thereof, see G. L. c. 30A, § 23 (d), Harris did not appeal from the decision.

In February, 2014, the five plaintiffs in this action, who are also registered voters in Wayland (and who are represented by Harris) filed a complaint against the board in the Superior Court, concerning the same facts. The complaint sought a declaratory judgment and injunctive relief prohibiting the board from commencing a "private exchange of opinions in deliberating the professional competence of an individual prior to an open meeting." The parties filed cross motions for summary judgment. [Note 3]

The plaintiffs' motion was allowed after a hearing. The judge concluded that the board had violated the open meeting law and permanently enjoined it from "deliberating the town administrator's professional competence by private written messages before the commencement of a meeting open to the public." In his decision, although not in the judgment or amended judgment, [Note 4] the judge also declared that "[t]he opinion from the Attorney General

[d]ivision of [o]pen [g]overnment is stricken." The board appealed to the Appeals Court, and we transferred the case to this court on our own motion.

2. Discussion. a. Standard of review. We review a decision on a motion for summary judgment de novo, and thus "accord no deference to the decision of the motion judge" (citation omitted). Drakopoulos v. U.S. Bank Nat'l Ass'n, 465 Mass. 775, 777 (2013). "Summary judgment is appropriate where there are no genuine issues of material fact and the moving party is entitled to judgment as a matter of law." Boazova v. Safety Ins. Co., 462 Mass. 346, 350 (2012), citing Mass. R. Civ. P. 56 (c), as amended, 436 Mass. 1404 (2002).

b. Mootness. At first blush, the plaintiffs' claims appear moot, because the evaluation of the town administrator has been completed, and the plaintiffs are no longer able to affect the procedure the board implemented in 2012 in order to ensure compliance with the open meeting law. In addition, the typical remedy for such a violation is public release of the documents at issue, which the board effectuated after the asserted violation. [Note 5] See District

Page 238

Attorney for the N. Dist. v. School Comm. of Wayland, 455 Mass. 561, 572 (2009) (School Comm. of Wayland).

Nonetheless, dismissal for mootness may be inappropriate if the situation presented is "capable of repetition, yet evading review" (citation omitted). Seney, 467 Mass. at 61. See Globe Newspaper Co. v. Commissioner of Educ., 439 Mass. 124, 127 (2003). "In such circumstances, we do not hesitate to reach the merits of cases that no longer involve a live dispute so as to further the public interest" (citation omitted). Seney, supra. Here, the board's practice is likely to recur; regardless of who is serving as the town administrator, an evaluation must take place every year. Moreover, the practice that the board followed is endorsed by the posted information on the Attorney General's Web site, meaning that other public bodies might follow suit. [Note 6] At the same time, the issue likely would evade judicial review, because of the relatively short window involved in the annual review. See Wolf v. Commissioner of Pub. Welfare, 367 Mass. 293, 298 (1975) (matter capable of repetition and yet evading review "because the claim of any named plaintiff is likely to be mooted by the mere passage of time during the appeal process").

This matter is also of substantial public importance. By challenging the board's procedure, the plaintiffs seek to ensure that all of the town's constituents have access to the decision-making process of their local government whenever a town administrator is evaluated. See School Comm. of Wayland, 455 Mass. at 570 ("It is essential to a democratic form of government that the public have broad access to the decisions made by its elected officials *and to the way in which the decisions are reached*" [emphasis in original; citation omitted]). We conclude that the motion judge did not err in declining to dismiss the case for mootness.

c. Open meeting law. General Laws c. 30A, § 20 (a), provides

Page 239

that, with the exception of executive sessions, [Note 7] "all meetings of a public body shall be open to the public." [Note 8] The statute defines a "meeting" as "a deliberation by a public body with respect to any matter within the body's jurisdiction," subject to certain exclusions not relevant here. G. L. c. 30A, § 18. A "deliberation," in turn, is defined as "an oral or written communication through any medium, including [e-mail], between or among a quorum of a public body on any public business within its jurisdiction." Id.

The statute, however, provides an exemption: "'deliberation' shall not include the distribution of a meeting agenda, scheduling information or distribution of other procedural meeting or the distribution of reports or documents that may be discussed at a meeting, *provided that no opinion of a member is expressed*" (emphasis added). Id. The parties dispute whether, in circulating the individual and composite evaluations in advance of the public meeting, the board members' opinions were "expressed" within the meaning of this exemption.

To resolve this dispute, we must "effectuate the intent of the Legislature" (citation omitted). Koshy v. Sachdev, 477 Mass. 759, 765 (2017). "We begin with the canon of statutory construction that the primary source of insight into the intent of the Legislature is the language of the statute." Id. at 766, quoting International Fid. Ins. Co. v. Wilson, 387 Mass. 841, 853 (1983).

As an initial matter, the open meeting law does not provide a meaning for the word "opinion." In ordinary usage, an "opinion" is "a view, judgment, or appraisal formed in the mind about a particular matter." Webster's Third New International Dictionary 1582 (1993). See Boylston v. Commissioner of Revenue, 434 Mass. 398, 405 (2001) ("We usually determine the plain and ordinary meaning of a term by its dictionary definition" [quotation omitted]). The individual and composite evaluations prepared by the board members and shared with the quorum doubtless constituted "appraisals" of the town administrator's performance, and therefore contained

board members' opinions. The question, then, is whether the circulation of the individual and composite evaluations containing board members' opinions was permissible since the opinions were not expressed in the body of the chair's e-mail message circulating the evaluations but, rather, in the attachments themselves.

The phrase, "provided that no opinion of a member is expressed," specifically pertains to "reports or documents that may be discussed at a meeting." G. L. c. 30A, § 18. See Deerskin Trading Post, Inc. v. Spencer Press, Inc., 398 Mass. 118, 123 (1986) (general rule of grammatical construction is that "a modifying clause is confined to the last antecedent" [citation omitted]). The natural reading of the statute is that two categories are carved out of the definition of "deliberation." It is not "deliberation" when the materials distributed to the quorum fall into one of two categories: first, purely procedural or administrative materials (such as agendas) and, second, reports or documents to be discussed at a later meeting, so long as such materials do not express the opinion of a board member.

The board argues that the phrase, "provided that no opinion of a member is expressed," only pertains to the distribution of reports or documents, and not to the reports or documents

themselves. In other words, the board believes that the statute permits board members to share their opinions with a quorum provided that the opinions are not expressed in, for example, the body of an e-mail message or in a cover letter, but only in attachments to e-mail messages or documents referred to in a cover letter. This reading would create a loophole that would render the open meeting law toothless. See ENGIE Gas & LNG LLC v. Department of Pub. Utils., 475 Mass. 191, 199 (2016) ("The court does not determine the plain meaning of a statute in isolation but, rather, . . . [considers] the surrounding text, structure, and purpose of the Massachusetts act . . ." [citation and quotations omitted]); Champigny v. Commonwealth, 422 Mass. 249, 251 (1996) (reading of statute that causes it to have "no practical effect" is absurd result, and we "assume the Legislature intended to act reasonably"). If we were to adopt the board's view, the board members permissibly could have conducted an extended communication on any topic without public participation, so long as they styled their opinions as separate reports or documents and delivered them without substantive comment by hand, United States mail, or e-mail messages. This plainly cannot be what the Legislature intended in adopting the exemption. See Worcester v. College

Hill Props., LLC, 465 Mass. 134, 145 (2013), quoting North Shore Realty Trust v. Commonwealth, 434 Mass. 109, 112 (2001) (statute "should not be so interpreted as to cause absurd or unreasonable results when the language is susceptible of a sensible meaning").

Our reading is consistent with the statute's history. Previously, the open meeting law defined "deliberation" as "a verbal exchange between a quorum of members of a governmental body attempting to arrive at a decision on any public business within its jurisdiction." See G. L. c. 39, § 23A, as appearing in St. 1975, c. 303, § 3. In School Comm. of Wayland, 455 Mass. at 570-571, this court clarified that a "private e-mail exchange in order to deliberate the superintendent's professional competence" among Wayland school committee members "violated the letter and spirit of the open meeting law," because "[g]overnmental bodies may not circumvent the requirements of the open meeting law by conducting deliberations via private messages, whether electronically, in person, over the telephone, or in any other form." We reasoned that the e-mail communications at issue were not protected, "as we must presume the substance of the written comments would have been stated orally at an open meeting in which the superintendent's professional competence was discussed." Id. at 571-572.

In the same year that School Comm. of Wayland, supra, was decided, the Legislature broadened the open meeting law's definition of "deliberation," and affirmed that a "deliberation" could encompass "any medium," not just verbal communication. See St. 2009, c. 28, §§ 18, 20, 106 (effective July 1, 2010). At the same time, however, the Legislature amended the open meeting law expressly to allow public bodies to distribute some materials internally in advance of open meetings without triggering the definition of "deliberation"; this change seems to have been a response to the practical realities of local governmental service. By permitting officials to review certain administrative materials and reports in advance of an open meeting, the Legislature took steps to ensure that the work of those officials at the meetings could be focused and efficient. At the same time, in recognition that the overarching purpose of the open meeting law is to ensure transparency in governmental decision-making, the Legislature specified that no opinion of a

board member could be expressed in any documents circulated to a quorum prior to an open meeting. See Revere v. Massachusetts Gaming Comm'n, 476 Mass. 591, 610 (2017) ("the new version of the open meeting law does not alter our belief that '[i]t is essential to a democratic form of government that the public

Page 242

have broad access to the decisions made by its elected officials and to the way in which the decisions are reached'" [citation omitted]). However inefficient this may prove for local bodies in certain circumstances, this is the balance that the Legislature has struck.

The board argues that the Attorney General's interpretation of the open meeting law is entitled to deference and should prevail. In the determination letter dismissing Harris's complaint, the Attorney General found that the board did not violate the open meeting law because "the [c]hair performed an administrative task exempt from the law's definition of deliberation." She explained that the chair's "email did no more than distribute a document to be discussed at the [b]oard's meeting that night. The email did not contain any advocacy by [the chair], and it did not invite comment from other [b]oard members, nor was any comment provided." She went on to explain that "[a]lthough the document itself may have contained the opinions of [b]oard members, we find compiling evaluations to be a permissible and necessary function for public bodies to conduct ahead of meetings, so long as discussion of the evaluations occurs during an open meeting." The Attorney General conceded, however, that because e-mail communication among a quorum of public body members, "however innocent[,] creates at least the appearance of a potential open meeting law violation . . . our best advice continues to be that public bodies not communicate over email at all except for distributing meeting agendas, scheduling meetings and distributing documents created by non-members to be discussed at meetings, which are administrative tasks specifically sanctioned under the open meeting law."

Where, as here, the Attorney General is authorized to interpret a statute, her interpretation is entitled to substantial deference, unless it is inconsistent with the plain language of the statute. Smith v. Winter Place LLC, 447 Mass. 363, 367-368 (2006). In this case, the Attorney General's characterization is not supported by the plain meaning of the statute, and therefore is not accorded such deference. While the Attorney General correctly notes that the e-mail message to the board to which the evaluations were attached did not itself contain advocacy or invite comment, this does not alter the fact that the evaluations themselves contained board members' opinions. The Attorney General dismisses the fact that the composite evaluation contained board members' opinions by stating that "compiling evaluations" is a "permissible and necessary function for public bodies," but the chair did not

Page 243

simply compile the evaluations in this case -- he circulated the compiled evaluations to a quorum. We note also that the Attorney General's determination letter fails to recognize that the chair sent not only the composite evaluation, but also the three individual evaluations, to all board members.

We conclude that the board's conduct violated the open meeting law. The circulated individual and composite evaluations expressed the opinions of the board members to a quorum in advance of the public meeting. As the plaintiffs note, the effect of the circulation of the individual and composite evaluations was that all five board members were aware of the opinions of four of the members in advance of the open meeting; thus, the circulation, in effect, constituted a deliberation, or a meeting, to which the public did not have access. Indeed, the motion judge noted that, after the circulation, and before the open meeting, "it was rather obvious that the die had been cast as to whether the town administrator should be continued in his position." The open meeting law was intended to ensure that the public is able to see for themselves how such decisions are made. See Revere, 476 Mass. at 610. The distribution of the individual and composite opinions to the quorum, prior to the meeting, was thus a violation of the open meeting law. See G. L. c. 30A, § 18. Compare School Comm. of Wayland, 455 Mass. at 570 ("Open meetings provide an opportunity for each member of the governmental body to debate the issues and disclose their personal viewpoints *before* the governmental body reaches its decision on a matter of public policy" [emphasis added]); McCrea v. Flaherty, 71 Mass. App. Ct. 637, 641 (2008) (open meeting law "provides for public access to the decision-making process when it is in a formative stage, several steps removed from the eventual result").

The result here would have been different if the board had made the individual and composite evaluations publicly available before the open meeting. For example, the board could have posted the evaluations on its Web site and made paper copies available for inspection at or about the time that the evaluations were circulated among a quorum of board members. Ordinarily, the board is required only to make the minutes of open meetings, along with "the notes, recordings or other materials used in the preparation of such minutes and all documents and exhibits used at the session," available to the public, upon request, within ten days after an open meeting has taken place. G. L. c. 30A, § 22 (c), (e). Nothing in the open meeting law or the public records statute, however, precludes the board from prior disclosure, at least in

these circumstances. [Note 9] See G. L. c. 4, § 7; G. L. c. 30A, §§ 18-25; G. L. c. 66, §§ 1 et seq. If board members wish to circulate documents containing board member opinions among a quorum in advance of an open meeting, as here, prior and relatively contemporaneous public disclosure of those documents, where permissible, is necessary in order to comply with the open meeting law and to advance the statute's over-all goal of promoting transparency in governmental decision-making.

d. Striking the Attorney General's decision. The board argues that, in his decision granting the plaintiffs' motion for summary judgment, the judge erred in ruling that "[t]he opinion from the Attorney General [d]ivision of [o]pen [g]overnment is stricken." [Note 10] We agree. The open meeting law establishes two separate means by which a party may complain of a violation: an aggrieved party may seek administrative remedies, for which judicial review is available only to a government entity that is party to the ruling, or file a registered-voter complaint in the Superior Court, as here. See G. L. c. 30A, § 23 (b), (d), (f). To the extent that the judge was attempting to reverse the Attorney General's decision on Harris's administrative complaint, he had no authority to do so. [Note 11] While Harris's administrative complaint and this action concern the same

facts, Harris's complaint was not before the judge. Nor could it have been, as Harris was not a member of a public body at the time that the complaint was filed. See G. L. c. 30A, § 23 (d) ("A public body or any member of a body aggrieved by any order issued pursuant to this section [by the Attorney General] may, notwithstanding any general or special law to the contrary, obtain judicial review of the order only

Page 245

through an action in [S]uperior [C]ourt seeking relief in the nature of certiorari").

3. Conclusion. The judgment is affirmed. The purported "striking" of the Attorney General's determination at the administrative proceeding is vacated. The matter is remanded to the Superior Court for such further proceedings as are required.

So ordered.

FOOTNOTES

[Note 1] Dorothy J. Dunlay; Kent E. George; Stanley U. Robinson, III; and Lois Voltmer.

[Note 2] We acknowledge the amicus briefs submitted by the Attorney General; the Massachusetts Gaming Commission; the Massachusetts Newspaper Publishers Association; and Hal Abrams, Kim Abrams, and Karen Silva.

[Note 3] In civil actions to enforce the open meeting law, "the burden shall be on the respondent to show by a preponderance of the evidence that the action complained of in such complaint was in accordance with and authorized by the open meeting law." G. L. c. 30A, § 23 (f).

[Note 4] The initial judgment was amended to correct an erroneous statutory reference.

[Note 5] The board's mootness argument focuses on the fact that the town administrator, whose performance evaluation was the subject of this action, was terminated in August, 2013. The record is silent as to the reasons for the termination or the outcome of the administrator's other performance evaluations, if any. The plaintiffs, however, are not challenging the outcome of this particular town administrator's performance evaluation, which was in fact positive. The town administrator's subsequent termination thus is irrelevant to the mootness determination.

[Note 6] The Attorney General is authorized to interpret and enforce the open meeting law. See G. L. c. 30A, § 23 (a). She also may "promulgate rules and regulations to carry out enforcement of the open meeting law," and "issue written letter rulings or advisory opinions." G. L. c. 30A, § 25.

[Note 7] General Laws c. 30A, § 21 (a), permits a public body to meet in an executive session in ten limited circumstances, none of which is applicable here. Notably, these circumstances

include discussion of "the reputation, character, physical condition or mental health, *rather than professional competence*, of an individual" (emphasis added). See G. L. c. 30A, § 21 (a) (1).

[Note 8] "Except in an emergency, in addition to any notice otherwise required by law, a public body shall post notice of every meeting at least [forty-eight] hours prior to the meeting, excluding Saturdays, Sundays and legal holidays. In an emergency, a public body shall post notice as soon as reasonably possible prior to the meeting." G. L. c. 30A, § 20 (b).

[Note 9] Under the open meeting law, only the following materials used in open meetings are "exempt from disclosure to the public as personnel information: (1) materials used in a performance evaluation of an individual bearing on his professional competence, *provided they were not created by the members of the body for the purposes of the evaluation*; and (2) materials used in deliberations about employment or appointment of individuals, including applications and supporting materials; provided, however, that any resume submitted by an applicant shall not be exempt" (emphasis added). G. L. c. 30A, § 22 (e).

[Note 10] While the judge's decision does not specify which opinion it purports to strike, in context, it can refer only to the 2013 determination letter dismissing Harris's complaint. The plaintiffs do not dispute that the decision to strike was improper.

[Note 11] The purported striking was not necessary to ensure uniform resolution of future open meeting law challenges. The Attorney General has represented that if we affirm the judge's decision, she will amend her guidance and adjust her interpretation of the open meeting law when resolving complaints.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 20, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

Executive Session

At 5:30 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session —to discuss strategy with respect to litigation (Exemption 3), as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. The matters to be discussed are; (1) Cell tower/flagpole on Town Common; (2) John & Marjorie Warfield v. Town of Southborough; and (3) Louise Barron, Jack Barron, and Arthur St. Andre v. Board of Selectmen and the Town of Southborough. Chairman Healey made a motion to exit Executive Session at 6:35 P.M. Mr. Shea seconded. The motion passed all in favor by roll call vote (5-0-0), Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

I. Chairman Healey summarized that the Board is proceeding to public session at 6:37 P.M. from Executive Session. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**

Cynthia Cram (44 Bigelow Road) updated the Board about a proposed trails project for property owned by SOLF currently before the Conservation Commission. She described the project which included three proposed parking spots and a viewing platform. She expressed her concerns regarding traffic and parking. Chairman Healey asked if she has been in contact with the Trails Committee and Ms. Cram replied that she did not believe this was their project but felt the Planning Board should be included in the decision-making process.

Donna and Rob Sergi (42 Bigelow Road) further explained the project and their concerns. Mr. Sergi stated that this will be in front of the Conservation Commission and stated he will be

sending more information to the Board. Chairman Healey replied that he appreciated the information and will work to understand where jurisdiction lies.

III. Scheduled Appointments

6:30PM: Tax Classification Hearing; joint meeting with Board of Assessors

Mr. Cibelli stated he was presenting the annual tax classification hearing on behalf of the Board of Assessors. He told the Board there had been a $50,000 reduction in revenue and as a result the tax rate has increased by two cents with the average tax bill increasing by approximately $13. He added that the Commonwealth's budget is usually voted and approved of by this time of the year but because of the pandemic they have not done either. He stated that additional changes to local aide that result in a loss of funds could change the projected budget. Mr. Purple read the public hearing notice into the record. Chairman Healey made a motion to open the public hearing at 6:52 PM. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked if there was a timeframe for receiving the final budget information and Mr. Cibelli replied that after speaking with the Department of Revenue and the Bureau of Local Assessment, there is no timetable. Mr. Cibelli walked the Board through the presentation provided in the packet. Mr. Stivers stated that at this point in time, the single tax rate makes sense and he is in support of the recommendations from the Board of Assessors. Chairman Healey opened the discussion to public comment and there was none. Mr. Shea made a motion to close the public hearing at 7:13 P.M. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey made a motion to continue with the single tax rate for fiscal year 2021. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Mr. Cibelli told the Board that he will have Mr. Purple update them with any changes to local aid that affects the tax rate and will move forward with the finance team to make the approved adjustments going forward. He added that if there is no update from the State, the tax rate will be set using estimates.

Volunteer interviews

i. Sue Luh — ADA Committee, expiration 6/30/2021

Chairman Healey thanked Ms. Luh for her volunteerism and stated he felt would be a terrific fit for the ADA Committee. Mr. Stivers agreed and asked if she had attended any ADA Committee meetings. Ms. Luh stated she had not but has had a conversation with the Chair of the Committee and is up to speed. She gave background on her work in architectural and informational accessibility. Ms. Malinowski asked if there were anything specific she was looking to accomplish with the ADA Committee. Ms. Luh responded that after speaking with the Chair, she would like to continue the context of connecting volunteers with the Southborough community. She mentioned Meals on Wheels and social and emotional support during the pandemic. Mr. Stivers made a motion to appoint Sue Luh to the ADA Committee, expiration

6/30/2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. David Joyner — CPC At-Large position, expiration 6/30/23

Chairman Healey asked Mr. Joyner what garnered his interest in CPC and what he hopes to bring the Committee. Mr. Joyner explained his interest in the Breakneck Hill and Chestnut Hill Farms and explained his background in affordable housing. Ms. Braccio asked Mr. Joyner to elaborate on his experience in affordable housing and how he can apply that to the CPC. Mr. Joyner described his experience which included working in the field for over thirty years, property and asset management, market rate housing experience and advocating at the State level promote preservation and continued funding of affordable housing. The Board agreed that affordable housing is a focus and supported his appointment. Ms. Braccio made a motion to appoint David Joyner as the CPC At-Large position, expiration 6/30/2023. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>7:00PM: Steve Achilles, Fire Chief— Update on hiring, training and reporting for F ire Dept. operations</u>

Chairman Healey explained that a Board initiative was to focus on public safety and the public service area to ensure they are doing everything from a hiring perspective to have as broad a reach and be inclusive as possible. He stated the second goal was in the mechanics of reporting incidents and issues raised from the public through the ranks of the Fire Department and the Board. He explained the last goal to review is training.

Chief Achilles gave a brief overview of the Department's activity to date which included that calls are down 5% compared to last year with 1025 calls compared to last year at this time with 1075 calls. He added that they are seeing a decline in ambulance use over the last three-to-four months and he believes this is due to the pandemic. He added there are twenty-two full-time department members including him and seven call members. Chief Achilles stated that they have updated their policies and procedures and are dedicated to increase the number of call members. He stated there have been challenges with outreach programs and training due to the pandemic and are looking to start an internal training program and developing within the department. He described recent physician feedback programs to enhance their ability to provide medical care. Chief Achilles described the department's commitment to diversity and stated there are female firefighters, paramedics and on the on-call force. He stated they are collaborating with the Police Department and Youth and Family Services to become more sensitive to behavior health. Chief Achilles described his current procedure for responding to feedback from the community and his goals for a customer feedback survey in the future.

Chairman Healey thanked him for his report and urged him to find ways to bring mental health experts to their service. He asked for a report twice a year of complaints from the public and any recording keeping associated to be sent to the Board. Ms. Malinowski asked if the physician feedback is a contracted service that is paid for or are they evaluating care for the transport to the hospital. Chief Achilles explained that there are agreements with UMass Medical. Chairman Healey suggested Chief Achilles to reach out to Ms. Hale for creative ways to enhance outreach and diversity for potential applicants. Chief Achilles agreed to do so.

7:40PM: Discussion with Personnel Board: duties of the Board and Personnel Director; proposed SAP increases in FY22; employee training.

Ms. Rosenbloom called the meting of the Personnel Board to order at 8:14 P.M. She thanked Mr. Ballantine and Ms. Hale for their assistance in creating the annual adjustment and told the Board the Personnel Board provided them with the same information as requested last year. Chairman Healey stated that the information provided in the packet made sense to him and asked the Board for questions and there were none. Ms. Rosenbloom noted a new item on page ten with regards to COVID-19. She asked Mr. Purple to inform the Personnel Board of any proposed changes to salaries having to do with the pandemic. Mr. Purple agreed and said there were none at this time. Ms. Malinowski asked if section 3B which describes an example 2.5% increase to SAP salaries resulting in a 1% overall budget increase would negate a level funded budget. Ms. Rosenbloom stated it did not and explained that she asked Mr. Ballantine to show what each 1% increase in SAP salaries would cost the Town in dollars.

Chairman Healey asked for their ideas for training regarding equity and inclusivity. Ms. Rosenbloom stated she was just made aware of this focus and would refer to DEI training. She stated the Personnel Board does not have the capacity to be DEI professionals but they do have funds for personnel training. Mr. Rubenstein said they would need to identify what the Town is seeking to accomplish with training in terms of procedure. Ms. Rosenbloom suggested partnering with other towns to regionalize DEI training. Ms. Braccio asked about the four-year review of equity in the payroll and Ms. Rosenbloom explained what it entails under section 16E. She added she did not think the Town had any equity issues with payroll but they will gather and send the information to Attorney Norris who would confidentially respond with any perceived issues. There was discussion regarding funding employee training and Mr. Purple explained Ms. Hale reached out to the insurance company to inquire about their training. He said diversity is dominating the conversations but they do not have any trainings available at this time. Ms. Hale stated that the insurance company offers many free training classes and the Town receives credits in the form of discounts on premiums for sending employees to their seminars. She said they are not ready for a virtual training format but will be monitoring their offerings.

Ms. Rosenbloom stated that the topic of roles and responsibilities of the Personnel Director and Personnel Board have been discussed at length for two years with no resolution. She explained part of the Town Administrator Bylaw and the SAP bylaw. She offered to submit a list of grievances to Board members. Chairman Healey stated there is real tension between the documents and suggested a conversation. Mr. Rubenstein stated Ms. Rosenbloom gave an accurate description of the issues and felt the areas of overlap should be rectified. He suggested an open conversation to resolve these issues. Ms. Malinowski agreed that if there are issues, it is the Board's responsibility to listen and address them. Mr. Shea stated that as one of several that served on the committee to form the current Town Administrator Bylaw, there was never an intention to create conflict between the two entities. He encouraged the two parties to have a conversation to clarify any discrepancies. Mr. Stivers stated that it is within their abilities to collectively decide what the correct relationship should be and if it is not in line with the current bylaw, they should rewrite it. He stated he was in support of a conversation in a smaller group to work through structure issues. Ms. Rosenbloom explained the need for an organizational chart and asked the Board to review her draft version. Ms. Braccio said she hoped there would be a conversation between the two parties between now and November 4th. Ms. Rosenbloom adjourned the Personnel Board meeting at 9:12 P.M.

8:00PM: Atty. Tim Norris — Responding to Public Records requests
At the Chairman Healey's request Attorney Norris will be rescheduled to a later date.

IV. Reports

Chairman's Report

Chairman Healey stated the position of the Board regarding Halloween is if people feel comfortable celebrating, that they follow the guidance from the State outlined on the Town website.

Chairman Healey stated Mr. Sines, Chair of the ADA Committee sent a response to his initial letter raising three questions regarding requirements with the Public Safety Complex. He said he would send the letter to the Board members and suggested the topic be put on a future agenda for discussion.

Chairman Healey stated that Ms. Galligan brought to his attention the communication from Chief Achilles regarding trees he thought were threatening from a public safety perspective on Overlook Drive. He said Ms. Galligan noted that all the trees outlined could potentially damage some powerlines and cable lines on private property. She stated to him that she is going to reach out to the land owners of the private properties to try and come to a safe solution.

Chairman Healey asked Mr. Stivers for an update on the tree removal policy. Mr. Stivers stated they are close to a resolution that works with the Planning Board and DPW. He added that the Board could provide guidance regarding the inclusion of the Planning Board on joint hearings with the Tree Warden and DPW. Chairman Healey stated he would like to see the policy in writing before providing any guidance.

Members' Reports

Ms. Malinowski stated she had a preliminary conversation with the Chief of Police and the Fire Chief regarding regional dispatch. She said the next steps are to collect data from other towns who have regional dispatch and possibly create a subcommittee as Chief Paulhus suggested. The Board agreed to have Ms. Malinowski collect data to bring to the Board.

Ms. Malinowski told the Board the schools are doing a good job notifying families in schools impacted by COVID-19 as new cases arise. Ms. Malinowski suggested the Board be added to the email list and Mr. Purple agreed to include them for informational purposes.

Mr. Shea thanked the community for their support at the ALS One Golf Tournament at the Southborough Golf Course last weekend. He said between contributions made at the clubhouse and online, almost $4,500 was raised.

Mr. Shea stated he received a report for Pare Engineering regarding Deerfoot Road. He updated the Board and stated Pare will be working with Ms. Galligan on a grading plan to divert water from the south end of the road into an infrastructure to ensure less water flows towards 122 Deerfoot. Mr. Shea added that the recommendation was to move forward with paving and no additional structures were needed. Chairman Healey agreed and said after a conversation with Ms. Galligan he advised the Board to support a plan to move forward with paving before the end of the season. Mr. Stivers

asked if the grading could be adjusted during the paving process to ensure the correct level along the road. Mr. Shea stated Pare Engineering is preparing a plan with guidance on where the material should go. Ms. Malinowski asked if the residents were aware of the next steps. Chairman Healey stated Ms. Galligan is making sure the residents are told of the next steps and he is in support of this plan. Mr. Shea stated the residents with drainage issues associated with the development on Deerfoot Road hired their own engineer who provided a number of recommendations for private property. He said that was outside of the scope of the Board but that report recommended an engineering study on the road which has been done and the Board has followed through on. He added that Ms. Galligan will be reaching out to that engineer to discuss one of his recommended solutions that included a drain structure in the roadway that is no longer there. Mr. Shea stated the Town has done their due diligence and Pare Engineering reported that the developer has followed through with their sedimentation control.

Chairman Healey stated that the Board put off a ceremony for the naming of Shifrin Field with the idea that it could be done in November to coincide with the one-year anniversary of Mr. Shifrin's passing. He stated that for a variety of reasons it has been agreed that the best time to hold this ceremony would be in the spring to tie in to the begging of little league season.

Mr. Stivers stated Ms. Galligan will be doing an informal investigation into tying in with MWRA at Pine Hill Road for firefighter water instead of buying an additional pumper truck. He stated he will continue to look into this and update the Board.

Mr. Stivers stated he attended the Board of Health meeting and raised the issue regarding licensing trash haulers. He said they were unaware of Mr. Butler's presentation and he had forwarded it to them. He said the Board of Health was interested in this but are very busy due to the pandemic. He felt there was opportunity for the Board to support them administratively and to inquire with Town Counsel if a vote would be needed from the Board of Health to move forward with the licensing.

Mr. Stivers stated that revenue at the Golf Course is almost up 70% and are aiming to hit the greatest number of rounds in recorded history.

Town Administrator Report

Mr. Purple stated that the Golf Course has not seen revenue and round numbers as they are now in about a decade. He stated the pandemic has probably attributed to its success and he hopes the numbers will continue beyond the end of the pandemic.

Mr. Purple stated he would assist the Board moving forward with the conversation with MWRA and Pine Hill Road.

Mr. Purple explained the CMRPC funding of the ADA Self Evaluation Transition Plan. He stated there are funds to support the plan but hopes the grant from CRMPC will fully fund the work . He added that the work needs to be done by June and they will be working with CRMPC consultants. He thanked Ms. Hale, Mr. Parent and Mr. Davis for their assistance in the grant application process.

V. Consent Agenda

a. Mr. Shea held consent agenda item "a." Mr. Shea stated that under Members' Reports on page six it is written that he and Ms. Galligan visited Deerfoot Road and it should say "Pare

Engineering" as he and Ms. Galligan did not visit the site. Mr. Stivers stated Ms. Barrett's name was misspelled and asked for a correction. Chairman Healey made a motion to approve Open Session Minutes: October 6, 2020 with the mentioned revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers held agenda item "e." Mr. Stivers stated that this date coincides with Passover and Palm Sunday. Mr. Purple stated he thought he avoided the holidays when scheduling this date and the Finance Department would like the date as late in March as possible. Mr. Purple stated he will bring "Establish date for Annual Town Meeting (Saturday, March 27, 2021 @ 1PM)" back for discussion at the next meeting.

c. Ms. Malinowski asked to hold consent agenda item "c." She asked why the Board needed to approve to release the minutes from April 9, 2020 as they are already posted on the website. Mr. Purple stated there is no record that the Board voted to release them. Ms. Malinowski asked for clarity on the process for approving and releasing Executive Session minutes. Chairman Healey made a motion to approve consent agenda item "c" to release Executive Session minutes: April 9, 2018; January 7, 2020; January 21, 2020; February 4, 2020; February 25, 2020; May 19, 2020 (redacted). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski volunteered to review the Executive Session minutes and how they are being recorded.

d. Chairman Healey made a motion to approve the extension of outdoor dining for any period up to sixty (60) days after the end of the state of emergency. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint Jen Hansen to Community Preservation Committee/Recreation Comm. Rep., term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio asked to hold agenda item "f." Ms. Braccio stated the amount in the contract needs to be adjusted for an additional twelve hours to an amount of $7,087.50. Ms. Braccio and Ms. Connelly explained the reason for the adjustment. Chairman Healey made a motion to approve the revised contract for Judy Barrett as described by Ms. Braccio, Barrett Planning Group LLC, RE: Downtown Initiative. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of cemetery police and procedures re: damaged headstones

Ms. Braccio stated that after hearing concerns regarding headstones in the cemetery, she met with Ms. Galligan and Mr. Purple. She stated that an Eagle Scout project to catalogue the headstones and find a path to fix or restore some was proposed. Mr. Stivers asked if the cemetery was in the National Register. Ms. Braccio stated she did not know. Mr. Stivers stated if someone were to catalogue the headstones, that information could be sent to the National Register.

Proposal to establish Rent/Mortgage Relief under CARES Act

Ms. Braccio stated she met with Ms. McAuliffe and is working with Ms. Esposito to move forward to create a draft proposal for the October 27th meeting. She said she hopes that the application process for residents will be November 1st – December 1st. Ms. Braccio added that if the funding sources falls through from the CARES Act, she hopes they could be provided through the Affordable Housing Trust Fund. She stated she will be speaking with Ms. Cassell of Youth and

Family Services and may need to push her update to November 4th if they need more time to review.

Consideration of Trails Committee Letter of Support for DCR Public Access Plan
Chairman Healey stated he reviewed the access plan and felt it was a great idea to have the ability to walk a loop around Southborough without leaving one of their trails. Mr. Shea asked if there will be parking proposed near the new loop. Ms. McKee described various options for parking and stated they wanted to be respectful of abutters. Mr. Shea asked the Committee to keep in mind that additional areas for public parking will need to supplied for the public to access the trails effectively. Ms. Malinowski asked if the Board was going to vote on just the letter or also on the MOA. Chairman Healey asked Ms. McKee if the MOA was informational only and if she is asking to move forward with the Public Access Plan. Ms. McKee stated that the Trails Committee suggests removing the language about White Bagley Road. Ms. Malinowski stated that she will need to recuse herself as she is an abutter to White Bagley Road. Chairman Healey made a motion to approve the letter proposed by the Trails Committee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

VII. Public Comment
None

VIII. On a motion made by Sam Stivers, seconded by Brian Shea and voted all in favor, the meeting was adjourned at 10:21 P.M.

Upcoming Meetings
October 27, 2020
November 4, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the October 20, 2020 BOS Meeting:

To: Southborough Board of Selectmen

From: Police Chief Kenneth Paulhus

Subject: Full-Time Telecommunications Officer

Date: October 27, 2020

Dear Board of Selectmen:

Please consider my recommendation to elevate Mr. John Terranova as a Full-Time Telecommunications Officer, effective on November 5, 2020. He is currently a Part-Time T/C Officer for the Department. The opening becomes available when T/C Officer Robyn Richards officially resigns from her position on November 1st to pursue other employment.

The recommended pay rate for the position would be **Step 1 of the Local 44 Contract, $21.97 per hour,** based on his past training and experience.

Please feel free to contact me with any questions you might have.

Kenneth M. Paulhus
Chief of Police

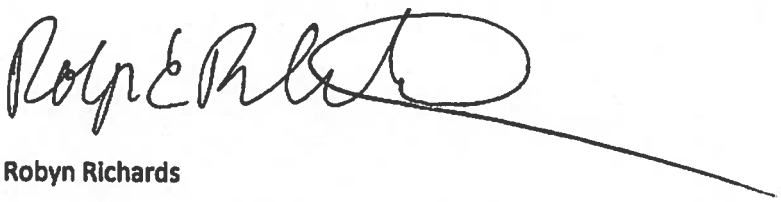
Date: October 23, 2020

Dear Chief Paulhus,

I am writing to inform you of my decision to respectfully resign from my position as a full-time communications officer for the Town of Southborough. It has been an honor and privilege to work with so many great people over the past few years. My last day of work will be Sunday, November 1, 2020 as I start for Natick Police the following day. As it has been a year in the making, I do wish I was able to give more notice of an exact start date. If there is anything I can do to assist with the transfer of my responsibilities, please let me know.

Sincerely,



Robyn Richards

MEMORANDUM

TO: **Town of Southborough, Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Chapter 90, Cordaville Road and Shovel Ready Projects**

As you are already aware the Town of Southborough has two large road projects in design, Downtown Main Street and Cordaville Road. Also, the Town has asked the DPW to have some "shovel ready" projects in queue in the event that some new infrastructure grants become available in 2021. In order to continue design and specification work on the existing projects as well as to have some smaller projects in queue, the DPW would like the Selectmen to allocate some Chapter 90 funds for survey and design work for projects. The Town currently has $869,500 in un-allocated Chapter 90 funds. An explanation of the projects, existing funding and further funding requests are below:

Cordaville Road – Project cost estimate $2,900,000:
This project consists of reconstructing sidewalks, installing granite curbing, installing drainage, building road shoulders and paving Route 85 from its intersection at Southville Road to the DPW driveway. Permitting is required for this project.

- Initial design for this project was funded by $160,000 in Chapter 90 money. This money covered survey costs, preliminary design, public input and final conceptual design.
- The DPW is requesting an additional $145,000 of Chapter 90 funds be allocated to this project for permitting, final detailed design, bid plans and specifications as well as bid and construction phase engineering assistance and oversight.
- There is $30,000 in the General Fund from Legacy Farms, in Hopkinton, to help fund this project.
- The Town is hoping to be able to use $400,000 in Complete Streets Grant money to perform some of the sidewalk and shoulder improvements on this road.
- The Town has not received the fully executed grant contract from MassDOT for the funds to develop the Complete Streets Priority Project List. When the grant contract is received the Town can develop that list and then apply for the Complete Streets Grant for Cordaville Road.
- It is not likely that the Town will have the Complete Streets Grant for Cordaville Road by January, however, the project could be shovel ready for alternate funding.

Downtown Main Street – Project cost estimate $1,700,000:
This project consists of replacing the water main in downtown, improving drainage downtown, installing sidewalks and drainage, as needed, on Newton Street from East Main Street to the Medical Center, improving sidewalks from the southern end of the Main Street Project southward on Cordaville Road to the northern entrance of Rural Cemetery and paving the entire project area. Recently we have worked to add installing sidewalks from the northern end of the Main Street Project northward on Marlboro Road to St. Mark's Street and fixing the layout and drainage of the St. Mark's Street intersection, to this project. The intersection work at Deerfoot and Flagg Roads will also be part of this construction contract. This project, as one whole contract, is dependent on the Town receiving an easement from CSX, and therefore adjusting the design at CSX's property according to CSX's

requests. As part of this project CSX is supposed to reconstruct the railroad crossing at both Main Street and Central Street.

- The water main work for this project is funded by the Main Street Water Article (Article 10 – 2016ATM).
- Initial roadway design has been through Chapter 90 money allocated to Main Street Improvements.
- There is currently about $1,400,000 of Chapter 90 funds allocated to this project.
- The Town is hoping to use money from Safe Routes to School to fund some of the sidewalk work on Route 85, however, it is not clear when this grant application will open, or how much the grant will fund.
- The DPW is requesting that the Selectmen allocate $105,000 of Chapter 90 funds toward design, specifications and bid and construction phase assistance for work at the St. Mark's Street Route 85 intersection.
- This project could be broken up into several shovel ready projects if money becomes available in January and the CSX issue is not settled, or the funding is limited in size.

It is important to note that continuing the sidewalk north on Marlborough Road to the railroad bridge, improving the Acre Bridge Road intersection and building Marlboro Road from the Marlboro Town Line to the traffic lights and Framingham Road from the traffic lights to Boston Road into complete streets, are other worthy projects. Survey is needed to get these projects started, and, since little changes in the right-of-way, allocating Chapter 90 money to fund surveys of these areas would give the Town information to develop shovel ready projects in the future, or it gives the Town a base for design work for a new TIP Project. Surveying all of these streets would cost approximately $130,000.

If the Selectmen agree to allocating the above requested funds, re-listed below:
$145,000 to Cordaville Road design
$105,000 to St. Mark's Street design
$130,000 to Route 85 and Framingham Road survey
The Town would still have $489,500 of Chapter 90 money, as well as about $550,000 in Road Maintenance money to put toward construction of these projects, or toward a new road maintenance contract.

Re: Open Meeting Law, Evaluations, and Composite Evaluations

Dear Vanessa:

You have requested our advice regarding several aspects of the Town's performance evaluation process considering a recent Supreme Judicial Court decision in *Boelter, et al. v. Board of Selectmen of Wayland*, 479 Mass. 233 (2018), and resulting guidance from the Attorney General's Office ("AGO"). Specifically, it is our understanding that the Town Personnel Board typically reviews employee performance evaluations in the process of determining pay increases. Those evaluations may be produced by supervisors, or members of other public bodies. When evaluations are produced by a public body, the chair of that other public body compiles individual evaluations into a composite assessment which is then transmitted to the Personnel Board.

You have asked us to opine as to: (1) the role of an employee or board member in creating a composite evaluation in terms of the level of detail supplied or editorial judgment exercised; (2) whether composite evaluations may still be included in the Personnel Board packet; (3) the circumstances under which composite evaluations or other evaluations become a public record that must be placed on a website or at the Clerk's office; and (4) whether leaving materials at the Clerk's office is a requirement of the law in cases where internet posting of the documents has been accomplished.

Relevant Legal Principles

A quorum of a public body may not deliberate outside of a public meeting about a matter that could come before them; deliberate for these purposes means communicate their opinions on a matter using any medium of communication. M.G.L. c. 30A §§18, 20.

Documents used in a public meeting become public records, except for "(1) materials used in a performance evaluation of an individual bearing on his professional competence, provided they were not created by the members of the body for the purposes of the evaluation; and (2) materials used in deliberations about employment or appointment of individuals, including applications and supporting materials; provided, however, that any resume submitted by an applicant shall not be exempt." M.G.L. c. 30A §22(e). This means performance evaluations done by members of a board and used in deliberations of that board are ultimately public records, while performance evaluations done by appointed officials (supervisors) are the personnel records of the employee and are not public records. M.G.L. c. 66, § 10; M.G.L. c. 4, § 7, Twenty-sixth (c). Although less clear, I also assume that this means that an evaluation created by a member of a different board, which has not been used by that other board in a meeting, or shared with a quorum of that board, will retain its character as a non-public personnel record.

Evaluations may not be performed by a public body in executive session. M.G.L. c. 30A §21 (a)(1). If an evaluation is performed in open session, the evaluation materials created by board members and used during the meeting become public records. M.G.L. c. 30A §22(e). As indicated in §22(e), evaluation documents written by non-members of the board do not automatically become public records. We spoke to the AGO about this and the attorney we spoke to said that such an evaluation could become a public record if too much information was shared about it in open session. This further suggests, as indicated above, that evaluation materials that are not used in a public meeting might not be public records even if they are created by a member of public body, as long as they have not been shared with a quorum of the body.

Pursuant to *Boelter*, an evaluation or composite cannot be shared with a quorum of the body in advance of a meeting to discuss the evaluation, unless the document(s) are made public at the same time they are shared. This means that either the documents must be first distributed at a public meeting, or the documents must be shared publicly (posted online or otherwise made publicly available) when they are sent to the members of the board. The reason for this is that the evaluation documents contain the opinions of the board members, and it would constitute improper deliberation to permit the private sharing of these opinions outside of a public meeting.

Discussions of whether employees should receive salary increases based on merit are also conducted in open session, unless the employee is under a contract either individually or pursuant to collective bargaining, in which case the negotiations and preparation for negotiations may be conducted in executive session. The resulting contracts are of course public records.

Answers to Questions

With these principles in mind, I answer the questions posed above as follows:

(1) Creating composite evaluations. The Open Meeting Law does not specifically address how a composite evaluation document should be created from individual evaluations given the situation where multiple individual evaluators assess the same employee. The AGO in its guidance suggests "as a best practice" that someone who is not an elected member of a public body compile the composite evaluation, but it could be a board member. If the authors of the evaluations being compiled are not board members, then using a board member to compile them converts the composite into a public record where using a non-member employee to compile would not have this result. If the authors of the source evaluations are members of the board that will be discussing the evaluation, then it does not matter since the resulting document will be public in any case (since it contains the opinions of the board member) but using a board member could run into deliberation issues if the board is small enough to run the risk that a quorum will be privy to the individual evaluations by following this process (i.e., 3-member board). The use of editorial license is a judgment call. The resulting document should not be misleading, so it should capture the essence of the evaluations submitted. In my view, it would be permissible to leave out the names of other employees or "civilians," if included in the source evaluation, and likewise tone down inflammatory language as long as the essential meaning is not changed.

(2) Inclusion of composites in the Personnel Board packet. Composite evaluations may still be included in the Personnel Board packet. They need not be disclosed publicly unless the composite or one or more source evaluations was created by a member of the Personnel Board, or was created by another board and used at a meeting or shared with a quorum of that board.

(3) Circumstances under which evaluations or composites become a public record. This is addressed to some degree in (1) and (2) above, but to recap, an evaluation document created by a member of the board to be used at a meeting of the board must be shared publicly at the time it is shared with a quorum of that board. In other cases, the evaluation will not become a public record, except that if an entire board engages in a detailed discussion of an otherwise non-public evaluation some or all of the evaluation may become a public record.

(4) Is leaving materials at the Clerk's office a requirement when disclosing evaluation documents as a result of *Boelter*? The AGO guidance certainly indicates that the composite may not be emailed to board members, and may only be disseminated by website posting combined with making paper copies available at the Clerk's office, and it attributes these requirements to *Boelter*. The AGO guidance reads:

> In either event, once compiled, the aggregated evaluation may not be circulated to a quorum the members prior to a meeting, for example by e-mail. The aggregated evaluation may only be distributed to a quorum of the members in one of two ways: (i) at a properly noticed open meeting, or (ii) via public posting to a municipal website in a manner that is also available to members of the public, as long as paper copies are also made available in the city or town clerk's office. See Boelter v. Board of Selectmen of Wayland, SJC-12353, slip op. at 19-20 (Mass. April 5, 2018). Even if the body posts the aggregated evaluation to a publicly available municipal website, a quorum of the members of the body may not discuss it outside of a properly noticed public meeting.

https://www.mass.gov/service-details/frequently-asked-questions-about-the-open-meeting-law-public-bodies-quorum-and (emphasis supplied). Having read the case that supposedly supplies the basis for this guidance, I disagree that the case prohibits emailing and that it requires leaving hard copies with the clerk. This is what the SJC held in *Boelter:*

> The result here would have been different if the board had made the individual and composite evaluations publicly available before the open meeting. For example, the board could have posted the evaluations on its Web site and made paper copies available for inspection at or about the time that the evaluations were circulated among a quorum of board members. Ordinarily, the board is required only to make the minutes of open meetings, along with "the notes, recordings or other materials used in the preparation of such minutes and all documents and exhibits used at the session," available to the public, upon request, within ten days after an open meeting has taken place. G. L. c. 30A, § 22 (c), (e). Nothing in the open meeting law or the public records statute, however, precludes the board from prior disclosure, at least in these circumstances. See G. L. c. 4, § 7; G. L. c. 30A, §§ 18–25; G. L. c. 66, §§ 1 et seq. If board members wish to circulate documents containing board member opinions among a quorum in advance of an open meeting, as here, prior and relatively contemporaneous public disclosure of those documents, where permissible, is necessary in order to comply with the open meeting law and to advance the statute's over-all goal of promoting transparency in governmental decisionmaking.

Boelter, 479 Mass. at 243-244 (emphasis supplied). In this language from the SJC decision, the Court seems to acknowledge that public dissemination through posting might not be exactly simultaneous with the circulation of the materials among the board (e.g., "at or about the time", "relatively contemporaneous"). Moreover, the use of web posting along with making available paper copies was given as an "example" of how "the board could have" accomplished the purposes of the law, not decreed as the sole means of compliance. The word "clerk" does not appear anywhere in the decision. Obviously, the "safest" approach will be to follow the AGO guidance, but the guidance is not always the same as the law. The answer to the question is: this is not a requirement of *Boelter*.

If you have any additional questions about this matter, please do not hesitate to telephone me.

Very Truly Yours,

Tim D. Norris

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, November 10, 2020
Virtual Meeting through Zoom

Present: Marty Healey, Chelsea Malinowski, Brian Shea, Sam Stivers, Town Administrator Mark Purple, Jason Malinowski, Kathryn Cook and Joseph Palmer
Absent: Lisa Braccio

At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Disposition of Real Property, Arts Center [Exemption 6]
Mr. Malinowski stated that there is no quorum for the Capital Committee and explained that he will be walking the Board through remarks from the appraiser after completing the appraisal of the South Union School. He stated he spoke with the appraiser and Town Planner Karina Quinn regarding options for the land on the property. He added that he also spoke with Director of Facilities, John Parent and the Building Commissioner, Laurie Livoli for a facilities and zoning perspective regarding the value of the land and building. Mr. Malinowski went through potential options from a buyer perspective including whether the lot can be broken up into multiple parcels, the condition of the building, maintaining the façade and the status of the land underneath the building. He stated that if someone were looking to demolish the building they would be subject to the Demo Delay Bylaw. He asked the Board what restrictions they would want to put on the property and any options or list of conditions they would want applied to the sale.

Chairman Healey stated he would like as few restrictions as possible and noted that those put on Fayville Hall were obstructive and the Town did not benefit as much as it may have with a different approach. Ms. Malinowski stated that the only restriction she may be interested in applying would be an affordable housing component. Mr. Shea stated that he was on the Board and part of the decision to sell Fayville Hall. He stated that the thought from that Board was to put as few restrictions as possible and he believed Town Meeting floor supplied the restrictions. He said that the Board would need to get a sense for what those in attendance at Town Meeting may want and if it differs from the Board. There was discussion if the restrictions put on Fayville Hall were from Town Meeting or the Board itself. Ms. Cook, Mr. Stivers and Mr. Shea agreed the restrictions were applied at the Town Meeting Floor. Mr. Stivers stated he agreed that there should be as few restrictions as possible.

Mr. Malinowski outlined two approaches which were to put the South Union School up for sale and accept an offer contingent on Town Meeting or wait for Town Meeting authorization and put the property up for sale with any restrictions applied there. He added that if the property were put up for bid prior to Town Meeting, they could bring an actual number which could quell other issues and provide a story. Mr. Malinowski described the potential process for waiting to put this property for sale until after Town Meeting and the impending costs of running an inefficient building for the two

departments currently residing there. Chairman Healey stated the Board would not be deciding tonight as they will wait for Ms. Braccio to attend. He said this topic will be on the November 17th agenda.

Ms. Cook explained the Fayville Hall sale and the challenges that arose from Town Meeting. She added that there may be more appeal for buyers of the South Union School due to proximity to the train station but she added there will most likely be a desire to protect the historic building. She asked the Board to consider moving forward with this as the building is old and costly to maintain and the Town will benefit from removing it from the inventory. Mr. Purple told the Board that they can put this property on the market prior to Town Meeting approval but procurement rules will need to be followed. Ms. Malinowski stated it was an advantage to bring this to Town Meeting knowing the details of a potential sale.

At 6:28 P.M. Mr. Shea made a motion to adjourn Executive Session and return to Open Session. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

RECEIVED
By Town Clerk/rhc at 10:07 am, Dec 03, 2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 10, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

II. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

III. **Public Comment**
None

IV. **Scheduled Appointments**
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
Chairman Healey laid out the format and intention for the discussion. He opened the discussion to attendees. Ms. Luttrell, a member of the Planning Board, explained her concerns that the document looked to allow for a bigger more urban style downtown instead of a small walkable village style downtown. She noted the building heights and ceiling heights as examples of such. Ms. Connelly, a member of the EDC, stated that Ms. Barrett of Barrett Planning Group could not attend tonight to explain why she proposed the draft bylaw in the way it is written. She added that the EDC would like open space and greenspaces in addition to building for the downtown. She explained that open space and greenspace items may not be appropriate for the zoning bylaw and suggested creating a separate design guideline document. Ms. Malinowski spoke on

behalf of SHOPC and stated there is concern that the language in the first draft did not accommodate for affordable housing. She explained the details written in the draft bylaw and how it made it a challenge to achieve any affordable housing in this district. Mr. Wood, a member of the EDC, explained the changes they made to support more affordable housing and Chairman Healey stated that SHOPC made a compelling case that decisions regarding the drafting of the document should be very mindful of the affordable housing element. Mr. Wood addressed the suggestion to remove the ability to keep a trailer on a property and felt it should be kept with the clarification that a trailer would be temporarily allowed in the case of misplacement due to fire only. Ms. Hoolahan from the Planning Board agreed and stated that she would not want to see a trailer allowed as a permanent staple. Chairman Healey stated he would like clarity on the max floor ratio of .35. Ms. Braccio stated that Ms. Barrett offered multiple dates for a robust conversation regarding any questions and feedback. She asked the Board and other board and committee members which day they preferred and it was agreed to meet on November 24, 2020 at 6:30 P.M. Mr. Wood asked when to expect an updated document from Ms. Barrett that addressed the feedback from the various boards and committees. Ms. Braccio stated she felt that would be available this week.

Mr. Blaschke, a member of the Historical Commission, stated that he wants the walkability, greenspace and sidewalk component to be kept in mind when revising the zoning bylaw. He stated that the Historical Commission has not reviewed the draft document but that he had concerns with the height requirements and the ability for multiunit dwellings. Chairman Healey stated that Ms. Barret could address those items and her reasoning for including them at the next meeting. He said that continuing the sidewalk effort is in the forefront of their minds. Mr. Bhistitkul from SHOPC stated they want an affordable housing component included in this bylaw. He suggested making the requirement project specific as opposed to building specific and asked the Board to consider more density incentive bonuses to support affordable housing. Mr. Stivers stated this is a challenging problem as there is not a lot of space or money to invest in this area but also acknowledged the need to make it attractive for business investment. He asked Ms. Braccio and Ms. Connelly to work with Ms. Barret to use her experience in these cases to make suggestions as to how to incentivize people to invest and bring capital while balancing housing issues. Ms. Connelly stated she will convey this and all feedback to Ms. Barrett. There was discussion as to whether sidewalks should be included in a zoning bylaw or another section of the code. Mr. Morris of the Planning Board explained that the Board of Selectmen have jurisdiction over existing ways which include sidewalks. Ms. Braccio informed the public that comments and feedback for this document will be received through November 18th. The EDC adjourned their meeting at 7:29 P.M. and the Planning Board adjourned their meeting at 7:30 P.M.

Chairman Healey asked if there will be a revised document from Ms. Barrett before the meeting on November 24th. Ms. Braccio stated that Ms. Barrett had sent a response to multiple comments and answers to some of the questions in the feedback document. She added that these responses from Ms. Barrett should provide more clarity and she would be speaking with her tomorrow regarding next steps.

V. Public Comment

Cynthia Cram (44 Bigelow Road) asked for confirmation that the Board was in receipt of a letter sent to them regarding the proposed trail in the Bigelow Wildlife Refuge. She stated the letter is a follow up from public comment from weeks prior to address next steps. She also asked if the Board were in receipt of a petition from a neighbor. Chairman Healey stated he was familiar with the letter and not a petition. Mr. Purple added he did not receive a petition. Chairman Healey

stated that he understood the issue was before the Conservation Commission and the Board does not want to interject on their jurisdiction. He stated that the Conservation Commission process should continue and conclude before the Board would decide to become involved. The Board agreed. Ms. Cram explained the timeline for an opinion from the Commission. Mr. Purple stated that Ms. Danza has not asked for input from the Board. Ms. Braccio suggested the neighbors speak with SOLF directly as they have control of the land. Ms. Cram agreed to do so. Chairman Healey asked Mr. Purple to follow up with the Commission to make sure they are not waiting to hear from the Board. Mr. Purple agreed.

Marnie Hoolahan (26 Clifford Road) stated she was speaking as an elected official from the Planning Board. She asked the Board if they received her email regarding the two conflicting opinions for interpretation of a zoning bylaw. Chairman Healey stated the Board received the email. He stated Mr. Purple had a conversation with the Building Inspector and the posture procedure is that the Building Commissioner has made a judgement within her jurisdiction and the appeal of that determination is appealed to the Zoning Board of Appeals and not the Board of Selectmen. He added that the procedure is being followed for the Building Inspector to make her determination which is within her jurisdiction. He added that he reviewed her opinion of the bylaw and that of Town Counsel and understood how both could come to differing opinions. He added that the jurisdiction for making this determination is with the Building Inspector and the appellate right is through the Zoning Board of Appeals. Chairman Healey stated he would like to see that process play out. Ms. Hoolahan asked for the Zoning Board of Appeals application fee to be waived. Chairman Healey stated he is not inclined to inject himself as a member of the Board into a process already in place. Chairman Healey explained his interpretation of the opinions of both the Building Inspector and Town Counsel and reiterated that the applicable decision lies with the Building Inspector and she has made her determination. He added that the public is able to disagree and appeal that determination and suggested the process play out without the Board's interjection.

Ms. Braccio asked that the topic of waiving of the application fee be a topic of discussion. Chairman Healey agreed to adding it to the next agenda. Mr. Stivers stated he was sympathetic with Ms. Hoolahan and it would be helpful to provide clarity around this bylaw. Chairman Healey stated he does not disagree and the biggest problem with the existing bylaw is the language leads to multiple interpretations and there is no enforcement. He added that he understood how the Building Inspector as the person charged with the responsibility for interpreting and enforcing the bylaw came to her conclusion.

VI. Reports

Chairman's Report

Chairman Healey stated that in his last report he praised Mr. Hegarty's effort on Election Day. He said the poll workers should also be commended for their work to put in effect the controls of in-person voting during the COVID-19 pandemic. He thanked all the poll workers for their ability to ensure in-person voting was available last Tuesday. He suggested the Board send a letter of appreciation to them. Mr. Purple stated that this was Assistant Town Clerk Amy Berry's first election and she did an excellent job executing Mr. Hegarty's plan for a smooth Election Day.

Chairman Healey asked for a volunteer from the Board for the MWRTA Board. He added if there is no interest from the Board, he will reach out to other boards.

Chairman Healey stated that MASS DOT is scheduling public forums for input on transit services they are looking to stop offering. He stated they are looking to curtail weekend service and service after 9:30 P.M. on weeknights.

Chairman Healey said there are issues related to the 45 Highland Street property. He said some email traffic by Town committee members was not conducted on Town email which created problems. He stated that all Town volunteers and employees must use Town email to conduct business. He stated that 45 Highland Street will be on the Executive Session agenda for next week and Mr. Purple is setting up a folder for this possible litigation.

Members' Reports

Ms. Braccio stated that rent and mortgage assistance is available and residents can find information on the Town website. She added there have been applications and urged those in need to apply.

Ms. Malinowski stated she watched the School Committee meeting the previous evening and they are looking to use $100,000 out of the CARES Act funding for testing for COVID-19. She stated that Mr. Ballantine and Ms. McAuliffe will be attending the meeting next week and they will speak about this in their report. Mr. Purple stated the schools are also looking to purchase additional Chrome Books with CARES Act funds.

Mr. Shea stated he is looking forward to participating with the veterans at the Veteran's Day ceremony tomorrow morning. He stated he will give a brief report regarding the event next week.

Mr. Stivers stated he is working with the Board of Health regrading trash hauling licensing.

Chairman Healey stated that he heard feedback regarding Ms. Malinowski acting as the liaison for SHOPC as she is a member. He stated that he is in support of her being both a member and a Board liaison to SHOPC.

Town Administrator Report

Mr. Purple stated that a temporary flagpole has been set in time for Veteran's Day. He thanked Ms. Galligan for her assistance with this and explained the next steps once the temporary flag is removed.

Mr. Purple stated that there are preliminary discussions with the schools about possibly consolidating some Town IT services in light of Mr. Laflamme's resignation. He added that there will be a robust discussion with the school on Thursday and it could be a beneficial economy of scale. Mr. Purple stated the possibility will be discussed and the position has been advertised solely as a Town position for the sake of time. He will continue to update the Board on this matter.

VII. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page two, row three it should read, "Mr. Malinowski" not "Ms. Malinowski." Chairman Healey made a motion to approve Open Session Minutes: October 27, 2020 with the revision requested by Ms. Malinowski. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the resignation of IT Manager Tom Laflamme, effective November 27, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Chairman Healey made a motion to accept the retirement notice of Administrative Assistant Carol Ostresh, effective November 30, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Chairman Healey made a motion to approve Executive Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:08 P.M.

Upcoming Meetings *December 17, 2020* *December 1, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

SJC-12353

Open Meeting Law. Municipal Corporations, Open meetings, Selectmen. Moot Question. Attorney General.

In a civil action involving a question of the open meeting law arising from the performance review of a town administrator by the town's board of selectmen, the judge properly declined to dismiss the action as moot, where the situation presented was capable of repetition yet evading review, and where the matter was of substantial public importance. [237-238]

A town's board of selectmen (board) violated the open meeting law, G. L. c. 30A, § 20 (a), in its performance review of the town administrator, where individual and composite evaluations of the town administrator that the board's chair circulated to board members via electronic mail prior to the meeting expressed the opinions of a majority of board members to a quorum in advance of the public meeting, in effect constituting a deliberation or meeting to which the public did not have access. [238-244]

In a civil action brought by five registered voters in a town, challenging a certain action of the town's board of selectmen as a violation of the open meeting law, the judge erred in purporting to strike an opinion of the Attorney General on an administrative complaint regarding that action, where the administrative complaint was not before the judge. [244-245]

CIVIL ACTION commenced in the Superior Court Department on February 11, 2014.

The case was heard by Dennis J. Curran, J., on motions for summary judgment.

The Supreme Judicial Court on its own initiative transferred the case from the Appeals Court.

Mark J. Lanza, Special Town Counsel, for the defendant.

David S. Mackey, Special Assistant Attorney General (Christine M. Zaleski also present) for Massachusetts Gaming Commission.

George H. Harris for the plaintiffs.

Page 234

The following submitted briefs for amici curiae:

Maura Healey, Attorney General, & Jonathan Sclarsic & Kevin W. Manganaro, Assistant Attorneys General, for the Attorney General.

Robert J. Ambrogi & Peter J. Caruso for Massachusetts Newspaper Publishers Association.

Kenneth S. Leonetti, Christopher E. Hart, Michael Hoven, & Kelly Caiazzo for Hal Abrams & others.

LENK, J. The plaintiffs, all registered voters in the town of Wayland (town), brought this action in the Superior Court to challenge the procedure by which the board of selectmen of Wayland (board) conducted the 2012 performance review of the town administrator. The chair of the board had circulated to all board members, in advance of the public meeting where the town administrator's evaluation was to take place, board members' individual written evaluations, as well as a composite written evaluation, of the town administrator's performance. The board made public all written evaluations after the open meeting. The issue before us is whether the board violated the Massachusetts open meeting law, G. L. c. 30A, §§ 18 and 20 (a), which generally requires public bodies to make their meetings, including "deliberations," open to the public.

A judge of the Superior Court allowed the plaintiffs' motion for summary judgment, issued a permanent injunction, and declared "stricken" a contrary determination by the Attorney General that had issued the prior year, on essentially the same facts, in which the Attorney General had found that the board's conduct had not violated the open meeting law. The board appealed from the allowance of summary judgment, arguing that the matter is moot, its conduct did not violate the open meeting law, and the judge erred in "striking" the Attorney General's separate administrative decision.

We conclude that the judge did not err in declining to dismiss the case on mootness grounds, because the matter is capable of repetition and yet evading review, and is of substantial public importance. See, e.g., Seney v. Morhy, 467 Mass. 58, 61 (2014). We conclude further that the procedure the board followed in conducting the town administrator's evaluation did violate the open meeting law. In making this determination, we consider, for the first time, the meaning of the open meeting law's exemption to the definition of "[d]eliberation," which became effective in July, 2010, that permits members of public bodies to distribute to

Page 235

each other "reports or documents that may be discussed at a meeting, provided that no opinion of a member is expressed." See St. 2009, c. 28, § 18; G. L. c. 30A, § 18.

We conclude that this exemption was enacted to foster administrative efficiency, but only where such efficiency does not come at the expense of the open meeting law's overarching purpose, transparency in governmental decision-making. As the individual and composite evaluations of the town administrator by the board members contained opinions, the circulation of such documents among a quorum prior to the open meeting does not fall within the exemption, and thus constituted a deliberation to which the public did not have access, in violation of the open meeting law. We therefore affirm the judge's decision allowing summary judgment for the plaintiffs on this ground. We agree with the board, however, that the judge erred in "striking" the Attorney General's determination, and vacate that portion of the judge's decision. [Note 2]

1. Background. The material facts are not in dispute. On January 3, 2012, the five-member board held an open meeting during which it reviewed the procedures it intended to follow in conducting the annual performance evaluation of the town administrator. The board agreed that, by the end of the month, its members would submit individual evaluations to the chair, who would compile the evaluations and draft a composite evaluation. The composite evaluation was to be distributed to all board members in advance of the scheduled March 28, 2012, open meeting at which the board planned to discuss the town administrator's performance and issue a final written evaluation. The procedure the board chose to follow was largely consistent with the Attorney General's guidance to public bodies regarding performance evaluations, which was available on the Attorney General's Web site:

"May the individual evaluations of an employee be aggregated into a comprehensive evaluation?

"Yes. Members of a public body may individually create evaluations, and then submit them to an individual to aggregate into a master evaluation document to be discussed at an open meeting. Ideally, members of the public body should submit their evaluations for compilation to someone who is not a

Page 236

member of the public body, for example, an administrative assistant. If this is not a practical option, then the chair or other designated public body member may compile the evaluations. However, once the individual evaluations are submitted for aggregation there should be no

deliberation among members of the public body regarding the content of the evaluations outside of an open meeting, whether in person or over email."

In accordance with the plan developed at the open meeting, three of the board members submitted written evaluations to the chair. Two sent the evaluations by electronic mail (e-mail) message, and one hand-delivered her evaluation. The chair created a composite performance evaluation which included the opinions of those three board members, as well as his own. The reviews were predominantly positive. The chair then sent the composite document, along with the three individual performance evaluations, to each board member, by e-mail, as part of an agenda packet for the then-upcoming open meeting.

At the meeting, the board reviewed and discussed the composite evaluation and approved it as final. The minutes of the meeting simply state that the board "praised [the town administrator] for his availability and responsiveness to the public, his work ethic, his relationship with town staff, and his accessibility to board and committee members." The composite and individual evaluations subsequently were released to the public.

Approximately two months after the March 28, 2012, open meeting, George Harris, a registered voter in Wayland, filed a complaint with the office of the Attorney General, claiming that the board's procedure for conducting the town administrator's performance evaluation violated the open meeting law. See G. L. c. 30A, §§ 18, 20 (a). The open meeting law requires public bodies to make their meetings open to the public, and provide advance notice of such meetings, unless the meeting is an executive session, which can be conducted only for limited reasons. See G. L. c. 30A, §§ 18, 20.

In January, 2013, the Attorney General responded with a determination letter finding that the board's conduct had not violated the open meeting law; Harris's subsequent request for reconsideration was denied. As judicial review of an Attorney General's determination in such matters is available only to an aggrieved public body or member thereof, see G. L. c. 30A, § 23 (d), Harris did not appeal from the decision.

In February, 2014, the five plaintiffs in this action, who are also registered voters in Wayland (and who are represented by Harris) filed a complaint against the board in the Superior Court, concerning the same facts. The complaint sought a declaratory judgment and injunctive relief prohibiting the board from commencing a "private exchange of opinions in deliberating the professional competence of an individual prior to an open meeting." The parties filed cross motions for summary judgment. [Note 3]

The plaintiffs' motion was allowed after a hearing. The judge concluded that the board had violated the open meeting law and permanently enjoined it from "deliberating the town administrator's professional competence by private written messages before the commencement of a meeting open to the public." In his decision, although not in the judgment or amended judgment, [Note 4] the judge also declared that "[t]he opinion from the Attorney General

[d]ivision of [o]pen [g]overnment is stricken." The board appealed to the Appeals Court, and we transferred the case to this court on our own motion.

2. Discussion. a. Standard of review. We review a decision on a motion for summary judgment de novo, and thus "accord no deference to the decision of the motion judge" (citation omitted). Drakopoulos v. U.S. Bank Nat'l Ass'n, 465 Mass. 775, 777 (2013). "Summary judgment is appropriate where there are no genuine issues of material fact and the moving party is entitled to judgment as a matter of law." Boazova v. Safety Ins. Co., 462 Mass. 346, 350 (2012), citing Mass. R. Civ. P. 56 (c), as amended, 436 Mass. 1404 (2002).

b. Mootness. At first blush, the plaintiffs' claims appear moot, because the evaluation of the town administrator has been completed, and the plaintiffs are no longer able to affect the procedure the board implemented in 2012 in order to ensure compliance with the open meeting law. In addition, the typical remedy for such a violation is public release of the documents at issue, which the board effectuated after the asserted violation. [Note 5] See District

Page 238

Attorney for the N. Dist. v. School Comm. of Wayland, 455 Mass. 561, 572 (2009) (School Comm. of Wayland).

Nonetheless, dismissal for mootness may be inappropriate if the situation presented is "capable of repetition, yet evading review" (citation omitted). Seney, 467 Mass. at 61. See Globe Newspaper Co. v. Commissioner of Educ., 439 Mass. 124, 127 (2003). "In such circumstances, we do not hesitate to reach the merits of cases that no longer involve a live dispute so as to further the public interest" (citation omitted). Seney, supra. Here, the board's practice is likely to recur; regardless of who is serving as the town administrator, an evaluation must take place every year. Moreover, the practice that the board followed is endorsed by the posted information on the Attorney General's Web site, meaning that other public bodies might follow suit. [Note 6] At the same time, the issue likely would evade judicial review, because of the relatively short window involved in the annual review. See Wolf v. Commissioner of Pub. Welfare, 367 Mass. 293, 298 (1975) (matter capable of repetition and yet evading review "because the claim of any named plaintiff is likely to be mooted by the mere passage of time during the appeal process").

This matter is also of substantial public importance. By challenging the board's procedure, the plaintiffs seek to ensure that all of the town's constituents have access to the decision-making process of their local government whenever a town administrator is evaluated. See School Comm. of Wayland, 455 Mass. at 570 ("It is essential to a democratic form of government that the public have broad access to the decisions made by its elected officials *and to the way in which the decisions are reached*" [emphasis in original; citation omitted]). We conclude that the motion judge did not err in declining to dismiss the case for mootness.

c. Open meeting law. General Laws c. 30A, § 20 (a), provides

Page 239

that, with the exception of executive sessions, [Note 7] "all meetings of a public body shall be open to the public." [Note 8] The statute defines a "meeting" as "a deliberation by a public body with respect to any matter within the body's jurisdiction," subject to certain exclusions not relevant here. G. L. c. 30A, § 18. A "deliberation," in turn, is defined as "an oral or written communication through any medium, including [e-mail], between or among a quorum of a public body on any public business within its jurisdiction." Id.

The statute, however, provides an exemption: "'deliberation' shall not include the distribution of a meeting agenda, scheduling information or distribution of other procedural meeting or the distribution of reports or documents that may be discussed at a meeting, *provided that no opinion of a member is expressed*" (emphasis added). Id. The parties dispute whether, in circulating the individual and composite evaluations in advance of the public meeting, the board members' opinions were "expressed" within the meaning of this exemption.

To resolve this dispute, we must "effectuate the intent of the Legislature" (citation omitted). Koshy v. Sachdev, 477 Mass. 759, 765 (2017). "We begin with the canon of statutory construction that the primary source of insight into the intent of the Legislature is the language of the statute." Id. at 766, quoting International Fid. Ins. Co. v. Wilson, 387 Mass. 841, 853 (1983).

As an initial matter, the open meeting law does not provide a meaning for the word "opinion." In ordinary usage, an "opinion" is "a view, judgment, or appraisal formed in the mind about a particular matter." Webster's Third New International Dictionary 1582 (1993). See Boylston v. Commissioner of Revenue, 434 Mass. 398, 405 (2001) ("We usually determine the plain and ordinary meaning of a term by its dictionary definition" [quotation omitted]). The individual and composite evaluations prepared by the board members and shared with the quorum doubtless constituted "appraisals" of the town administrator's performance, and therefore contained

board members' opinions. The question, then, is whether the circulation of the individual and composite evaluations containing board members' opinions was permissible since the opinions were not expressed in the body of the chair's e-mail message circulating the evaluations but, rather, in the attachments themselves.

The phrase, "provided that no opinion of a member is expressed," specifically pertains to "reports or documents that may be discussed at a meeting." G. L. c. 30A, § 18. See Deerskin Trading Post, Inc. v. Spencer Press, Inc., 398 Mass. 118, 123 (1986) (general rule of grammatical construction is that "a modifying clause is confined to the last antecedent" [citation omitted]). The natural reading of the statute is that two categories are carved out of the definition of "deliberation." It is not "deliberation" when the materials distributed to the quorum fall into one of two categories: first, purely procedural or administrative materials (such as agendas) and, second, reports or documents to be discussed at a later meeting, so long as such materials do not express the opinion of a board member.

The board argues that the phrase, "provided that no opinion of a member is expressed," only pertains to the distribution of reports or documents, and not to the reports or documents

themselves. In other words, the board believes that the statute permits board members to share their opinions with a quorum provided that the opinions are not expressed in, for example, the body of an e-mail message or in a cover letter, but only in attachments to e-mail messages or documents referred to in a cover letter. This reading would create a loophole that would render the open meeting law toothless. See ENGIE Gas & LNG LLC v. Department of Pub. Utils., 475 Mass. 191, 199 (2016) ("The court does not determine the plain meaning of a statute in isolation but, rather, . . . [considers] the surrounding text, structure, and purpose of the Massachusetts act . . ." [citation and quotations omitted]); Champigny v. Commonwealth, 422 Mass. 249, 251 (1996) (reading of statute that causes it to have "no practical effect" is absurd result, and we "assume the Legislature intended to act reasonably"). If we were to adopt the board's view, the board members permissibly could have conducted an extended communication on any topic without public participation, so long as they styled their opinions as separate reports or documents and delivered them without substantive comment by hand, United States mail, or e-mail messages. This plainly cannot be what the Legislature intended in adopting the exemption. See Worcester v. College

Hill Props., LLC, 465 Mass. 134, 145 (2013), quoting North Shore Realty Trust v. Commonwealth, 434 Mass. 109, 112 (2001) (statute "should not be so interpreted as to cause absurd or unreasonable results when the language is susceptible of a sensible meaning").

Our reading is consistent with the statute's history. Previously, the open meeting law defined "deliberation" as "a verbal exchange between a quorum of members of a governmental body attempting to arrive at a decision on any public business within its jurisdiction." See G. L. c. 39, § 23A, as appearing in St. 1975, c. 303, § 3. In School Comm. of Wayland, 455 Mass. at 570-571, this court clarified that a "private e-mail exchange in order to deliberate the superintendent's professional competence" among Wayland school committee members "violated the letter and spirit of the open meeting law," because "[g]overnmental bodies may not circumvent the requirements of the open meeting law by conducting deliberations via private messages, whether electronically, in person, over the telephone, or in any other form." We reasoned that the e-mail communications at issue were not protected, "as we must presume the substance of the written comments would have been stated orally at an open meeting in which the superintendent's professional competence was discussed." Id. at 571-572.

In the same year that School Comm. of Wayland, supra, was decided, the Legislature broadened the open meeting law's definition of "deliberation," and affirmed that a "deliberation" could encompass "any medium," not just verbal communication. See St. 2009, c. 28, §§ 18, 20, 106 (effective July 1, 2010). At the same time, however, the Legislature amended the open meeting law expressly to allow public bodies to distribute some materials internally in advance of open meetings without triggering the definition of "deliberation"; this change seems to have been a response to the practical realities of local governmental service. By permitting officials to review certain administrative materials and reports in advance of an open meeting, the Legislature took steps to ensure that the work of those officials at the meetings could be focused and efficient. At the same time, in recognition that the overarching purpose of the open meeting law is to ensure transparency in governmental decision-making, the Legislature specified that no opinion of a

board member could be expressed in any documents circulated to a quorum prior to an open meeting. See Revere v. Massachusetts Gaming Comm'n, 476 Mass. 591, 610 (2017) ("the new version of the open meeting law does not alter our belief that '[i]t is essential to a democratic form of government that the public

Page 242

have broad access to the decisions made by its elected officials and to the way in which the decisions are reached'" [citation omitted]). However inefficient this may prove for local bodies in certain circumstances, this is the balance that the Legislature has struck.

The board argues that the Attorney General's interpretation of the open meeting law is entitled to deference and should prevail. In the determination letter dismissing Harris's complaint, the Attorney General found that the board did not violate the open meeting law because "the [c]hair performed an administrative task exempt from the law's definition of deliberation." She explained that the chair's "email did no more than distribute a document to be discussed at the [b]oard's meeting that night. The email did not contain any advocacy by [the chair], and it did not invite comment from other [b]oard members, nor was any comment provided." She went on to explain that "[a]lthough the document itself may have contained the opinions of [b]oard members, we find compiling evaluations to be a permissible and necessary function for public bodies to conduct ahead of meetings, so long as discussion of the evaluations occurs during an open meeting." The Attorney General conceded, however, that because e-mail communication among a quorum of public body members, "however innocent[,] creates at least the appearance of a potential open meeting law violation . . . our best advice continues to be that public bodies not communicate over email at all except for distributing meeting agendas, scheduling meetings and distributing documents created by non-members to be discussed at meetings, which are administrative tasks specifically sanctioned under the open meeting law."

Where, as here, the Attorney General is authorized to interpret a statute, her interpretation is entitled to substantial deference, unless it is inconsistent with the plain language of the statute. Smith v. Winter Place LLC, 447 Mass. 363, 367-368 (2006). In this case, the Attorney General's characterization is not supported by the plain meaning of the statute, and therefore is not accorded such deference. While the Attorney General correctly notes that the e-mail message to the board to which the evaluations were attached did not itself contain advocacy or invite comment, this does not alter the fact that the evaluations themselves contained board members' opinions. The Attorney General dismisses the fact that the composite evaluation contained board members' opinions by stating that "compiling evaluations" is a "permissible and necessary function for public bodies," but the chair did not

Page 243

simply compile the evaluations in this case -- he circulated the compiled evaluations to a quorum. We note also that the Attorney General's determination letter fails to recognize that the chair sent not only the composite evaluation, but also the three individual evaluations, to all board members.

We conclude that the board's conduct violated the open meeting law. The circulated individual and composite evaluations expressed the opinions of the board members to a quorum in advance of the public meeting. As the plaintiffs note, the effect of the circulation of the individual and composite evaluations was that all five board members were aware of the opinions of four of the members in advance of the open meeting; thus, the circulation, in effect, constituted a deliberation, or a meeting, to which the public did not have access. Indeed, the motion judge noted that, after the circulation, and before the open meeting, "it was rather obvious that the die had been cast as to whether the town administrator should be continued in his position." The open meeting law was intended to ensure that the public is able to see for themselves how such decisions are made. See Revere, 476 Mass. at 610. The distribution of the individual and composite opinions to the quorum, prior to the meeting, was thus a violation of the open meeting law. See G. L. c. 30A, § 18. Compare School Comm. of Wayland, 455 Mass. at 570 ("Open meetings provide an opportunity for each member of the governmental body to debate the issues and disclose their personal viewpoints *before* the governmental body reaches its decision on a matter of public policy" [emphasis added]); McCrea v. Flaherty, 71 Mass. App. Ct. 637, 641 (2008) (open meeting law "provides for public access to the decision-making process when it is in a formative stage, several steps removed from the eventual result").

The result here would have been different if the board had made the individual and composite evaluations publicly available before the open meeting. For example, the board could have posted the evaluations on its Web site and made paper copies available for inspection at or about the time that the evaluations were circulated among a quorum of board members. Ordinarily, the board is required only to make the minutes of open meetings, along with "the notes, recordings or other materials used in the preparation of such minutes and all documents and exhibits used at the session," available to the public, upon request, within ten days after an open meeting has taken place. G. L. c. 30A, § 22 (c), (e). Nothing in the open meeting law or the public records statute, however, precludes the board from prior disclosure, at least in

these circumstances. [Note 9] See G. L. c. 4, § 7; G. L. c. 30A, §§ 18-25; G. L. c. 66, §§ 1 et seq. If board members wish to circulate documents containing board member opinions among a quorum in advance of an open meeting, as here, prior and relatively contemporaneous public disclosure of those documents, where permissible, is necessary in order to comply with the open meeting law and to advance the statute's over-all goal of promoting transparency in governmental decision-making.

d. Striking the Attorney General's decision. The board argues that, in his decision granting the plaintiffs' motion for summary judgment, the judge erred in ruling that "[t]he opinion from the Attorney General [d]ivision of [o]pen [g]overnment is stricken." [Note 10] We agree. The open meeting law establishes two separate means by which a party may complain of a violation: an aggrieved party may seek administrative remedies, for which judicial review is available only to a government entity that is party to the ruling, or file a registered-voter complaint in the Superior Court, as here. See G. L. c. 30A, § 23 (b), (d), (f). To the extent that the judge was attempting to reverse the Attorney General's decision on Harris's administrative complaint, he had no authority to do so. [Note 11] While Harris's administrative complaint and this action concern the same

facts, Harris's complaint was not before the judge. Nor could it have been, as Harris was not a member of a public body at the time that the complaint was filed. See G. L. c. 30A, § 23 (d) ("A public body or any member of a body aggrieved by any order issued pursuant to this section [by the Attorney General] may, notwithstanding any general or special law to the contrary, obtain judicial review of the order only

Page 245

through an action in [S]uperior [C]ourt seeking relief in the nature of certiorari").

3. Conclusion. The judgment is affirmed. The purported "striking" of the Attorney General's determination at the administrative proceeding is vacated. The matter is remanded to the Superior Court for such further proceedings as are required.

So ordered.

FOOTNOTES

[Note 1] Dorothy J. Dunlay; Kent E. George; Stanley U. Robinson, III; and Lois Voltmer.

[Note 2] We acknowledge the amicus briefs submitted by the Attorney General; the Massachusetts Gaming Commission; the Massachusetts Newspaper Publishers Association; and Hal Abrams, Kim Abrams, and Karen Silva.

[Note 3] In civil actions to enforce the open meeting law, "the burden shall be on the respondent to show by a preponderance of the evidence that the action complained of in such complaint was in accordance with and authorized by the open meeting law." G. L. c. 30A, § 23 (f).

[Note 4] The initial judgment was amended to correct an erroneous statutory reference.

[Note 5] The board's mootness argument focuses on the fact that the town administrator, whose performance evaluation was the subject of this action, was terminated in August, 2013. The record is silent as to the reasons for the termination or the outcome of the administrator's other performance evaluations, if any. The plaintiffs, however, are not challenging the outcome of this particular town administrator's performance evaluation, which was in fact positive. The town administrator's subsequent termination thus is irrelevant to the mootness determination.

[Note 6] The Attorney General is authorized to interpret and enforce the open meeting law. See G. L. c. 30A, § 23 (a). She also may "promulgate rules and regulations to carry out enforcement of the open meeting law," and "issue written letter rulings or advisory opinions." G. L. c. 30A, § 25.

[Note 7] General Laws c. 30A, § 21 (a), permits a public body to meet in an executive session in ten limited circumstances, none of which is applicable here. Notably, these circumstances

include discussion of "the reputation, character, physical condition or mental health, *rather than professional competence*, of an individual" (emphasis added). See G. L. c. 30A, § 21 (a) (1).

[Note 8] "Except in an emergency, in addition to any notice otherwise required by law, a public body shall post notice of every meeting at least [forty-eight] hours prior to the meeting, excluding Saturdays, Sundays and legal holidays. In an emergency, a public body shall post notice as soon as reasonably possible prior to the meeting." G. L. c. 30A, § 20 (b).

[Note 9] Under the open meeting law, only the following materials used in open meetings are "exempt from disclosure to the public as personnel information: (1) materials used in a performance evaluation of an individual bearing on his professional competence, *provided they were not created by the members of the body for the purposes of the evaluation*; and (2) materials used in deliberations about employment or appointment of individuals, including applications and supporting materials; provided, however, that any resume submitted by an applicant shall not be exempt" (emphasis added). G. L. c. 30A, § 22 (e).

[Note 10] While the judge's decision does not specify which opinion it purports to strike, in context, it can refer only to the 2013 determination letter dismissing Harris's complaint. The plaintiffs do not dispute that the decision to strike was improper.

[Note 11] The purported striking was not necessary to ensure uniform resolution of future open meeting law challenges. The Attorney General has represented that if we affirm the judge's decision, she will amend her guidance and adjust her interpretation of the open meeting law when resolving complaints.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 20, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

Executive Session

At 5:30 P.M. the Board entered into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session —to discuss strategy with respect to litigation (Exemption 3), as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. The matters to be discussed are; (1) Cell tower/flagpole on Town Common; (2) John & Marjorie Warfield v. Town of Southborough; and (3) Louise Barron, Jack Barron, and Arthur St. Andre v. Board of Selectmen and the Town of Southborough. Chairman Healey made a motion to exit Executive Session at 6:35 P.M. Mr. Shea seconded. The motion passed all in favor by roll call vote (5-0-0), Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

I. Chairman Healey summarized that the Board is proceeding to public session at 6:37 P.M. from Executive Session. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**

Cynthia Cram (44 Bigelow Road) updated the Board about a proposed trails project for property owned by SOLF currently before the Conservation Commission. She described the project which included three proposed parking spots and a viewing platform. She expressed her concerns regarding traffic and parking. Chairman Healey asked if she has been in contact with the Trails Committee and Ms. Cram replied that she did not believe this was their project but felt the Planning Board should be included in the decision-making process.

Donna and Rob Sergi (42 Bigelow Road) further explained the project and their concerns. Mr. Sergi stated that this will be in front of the Conservation Commission and stated he will be

sending more information to the Board. Chairman Healey replied that he appreciated the information and will work to understand where jurisdiction lies.

III. Scheduled Appointments

6:30PM: Tax Classification Hearing; joint meeting with Board of Assessors

Mr. Cibelli stated he was presenting the annual tax classification hearing on behalf of the Board of Assessors. He told the Board there had been a $50,000 reduction in revenue and as a result the tax rate has increased by two cents with the average tax bill increasing by approximately $13. He added that the Commonwealth's budget is usually voted and approved of by this time of the year but because of the pandemic they have not done either. He stated that additional changes to local aide that result in a loss of funds could change the projected budget. Mr. Purple read the public hearing notice into the record. Chairman Healey made a motion to open the public hearing at 6:52 PM. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey asked if there was a timeframe for receiving the final budget information and Mr. Cibelli replied that after speaking with the Department of Revenue and the Bureau of Local Assessment, there is no timetable. Mr. Cibelli walked the Board through the presentation provided in the packet. Mr. Stivers stated that at this point in time, the single tax rate makes sense and he is in support of the recommendations from the Board of Assessors. Chairman Healey opened the discussion to public comment and there was none. Mr. Shea made a motion to close the public hearing at 7:13 P.M. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey made a motion to continue with the single tax rate for fiscal year 2021. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Chairman Healey made a motion to not adopt the small commercial exemption for fiscal year 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Mr. Cibelli told the Board that he will have Mr. Purple update them with any changes to local aid that affects the tax rate and will move forward with the finance team to make the approved adjustments going forward. He added that if there is no update from the State, the tax rate will be set using estimates.

Volunteer interviews

i. Sue Luh — ADA Committee, expiration 6/30/2021

Chairman Healey thanked Ms. Luh for her volunteerism and stated he felt would be a terrific fit for the ADA Committee. Mr. Stivers agreed and asked if she had attended any ADA Committee meetings. Ms. Luh stated she had not but has had a conversation with the Chair of the Committee and is up to speed. She gave background on her work in architectural and informational accessibility. Ms. Malinowski asked if there were anything specific she was looking to accomplish with the ADA Committee. Ms. Luh responded that after speaking with the Chair, she would like to continue the context of connecting volunteers with the Southborough community. She mentioned Meals on Wheels and social and emotional support during the pandemic. Mr. Stivers made a motion to appoint Sue Luh to the ADA Committee, expiration

6/30/2021. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. David Joyner — CPC At-Large position, expiration 6/30/23

Chairman Healey asked Mr. Joyner what garnered his interest in CPC and what he hopes to bring the Committee. Mr. Joyner explained his interest in the Breakneck Hill and Chestnut Hill Farms and explained his background in affordable housing. Ms. Braccio asked Mr. Joyner to elaborate on his experience in affordable housing and how he can apply that to the CPC. Mr. Joyner described his experience which included working in the field for over thirty years, property and asset management, market rate housing experience and advocating at the State level promote preservation and continued funding of affordable housing. The Board agreed that affordable housing is a focus and supported his appointment. Ms. Braccio made a motion to appoint David Joyner as the CPC At-Large position, expiration 6/30/2023. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

<u>7:00PM: Steve Achilles, Fire Chief— Update on hiring, training and reporting for F ire Dept. operations</u>

Chairman Healey explained that a Board initiative was to focus on public safety and the public service area to ensure they are doing everything from a hiring perspective to have as broad a reach and be inclusive as possible. He stated the second goal was in the mechanics of reporting incidents and issues raised from the public through the ranks of the Fire Department and the Board. He explained the last goal to review is training.

Chief Achilles gave a brief overview of the Department's activity to date which included that calls are down 5% compared to last year with 1025 calls compared to last year at this time with 1075 calls. He added that they are seeing a decline in ambulance use over the last three-to-four months and he believes this is due to the pandemic. He added there are twenty-two full-time department members including him and seven call members. Chief Achilles stated that they have updated their policies and procedures and are dedicated to increase the number of call members. He stated there have been challenges with outreach programs and training due to the pandemic and are looking to start an internal training program and developing within the department. He described recent physician feedback programs to enhance their ability to provide medical care. Chief Achilles described the department's commitment to diversity and stated there are female firefighters, paramedics and on the on-call force. He stated they are collaborating with the Police Department and Youth and Family Services to become more sensitive to behavior health. Chief Achilles described his current procedure for responding to feedback from the community and his goals for a customer feedback survey in the future.

Chairman Healey thanked him for his report and urged him to find ways to bring mental health experts to their service. He asked for a report twice a year of complaints from the public and any recording keeping associated to be sent to the Board. Ms. Malinowski asked if the physician feedback is a contracted service that is paid for or are they evaluating care for the transport to the hospital. Chief Achilles explained that there are agreements with UMass Medical. Chairman Healey suggested Chief Achilles to reach out to Ms. Hale for creative ways to enhance outreach and diversity for potential applicants. Chief Achilles agreed to do so.

7:40PM: Discussion with Personnel Board: duties of the Board and Personnel Director; proposed SAP increases in FY22; employee training.

Ms. Rosenbloom called the meting of the Personnel Board to order at 8:14 P.M. She thanked Mr. Ballantine and Ms. Hale for their assistance in creating the annual adjustment and told the Board the Personnel Board provided them with the same information as requested last year. Chairman Healey stated that the information provided in the packet made sense to him and asked the Board for questions and there were none. Ms. Rosenbloom noted a new item on page ten with regards to COVID-19. She asked Mr. Purple to inform the Personnel Board of any proposed changes to salaries having to do with the pandemic. Mr. Purple agreed and said there were none at this time. Ms. Malinowski asked if section 3B which describes an example 2.5% increase to SAP salaries resulting in a 1% overall budget increase would negate a level funded budget. Ms. Rosenbloom stated it did not and explained that she asked Mr. Ballantine to show what each 1% increase in SAP salaries would cost the Town in dollars.

Chairman Healey asked for their ideas for training regarding equity and inclusivity. Ms. Rosenbloom stated she was just made aware of this focus and would refer to DEI training. She stated the Personnel Board does not have the capacity to be DEI professionals but they do have funds for personnel training. Mr. Rubenstein said they would need to identify what the Town is seeking to accomplish with training in terms of procedure. Ms. Rosenbloom suggested partnering with other towns to regionalize DEI training. Ms. Braccio asked about the four-year review of equity in the payroll and Ms. Rosenbloom explained what it entails under section 16E. She added she did not think the Town had any equity issues with payroll but they will gather and send the information to Attorney Norris who would confidentially respond with any perceived issues. There was discussion regarding funding employee training and Mr. Purple explained Ms. Hale reached out to the insurance company to inquire about their training. He said diversity is dominating the conversations but they do not have any trainings available at this time. Ms. Hale stated that the insurance company offers many free training classes and the Town receives credits in the form of discounts on premiums for sending employees to their seminars. She said they are not ready for a virtual training format but will be monitoring their offerings.

Ms. Rosenbloom stated that the topic of roles and responsibilities of the Personnel Director and Personnel Board have been discussed at length for two years with no resolution. She explained part of the Town Administrator Bylaw and the SAP bylaw. She offered to submit a list of grievances to Board members. Chairman Healey stated there is real tension between the documents and suggested a conversation. Mr. Rubenstein stated Ms. Rosenbloom gave an accurate description of the issues and felt the areas of overlap should be rectified. He suggested an open conversation to resolve these issues. Ms. Malinowski agreed that if there are issues, it is the Board's responsibility to listen and address them. Mr. Shea stated that as one of several that served on the committee to form the current Town Administrator Bylaw, there was never an intention to create conflict between the two entities. He encouraged the two parties to have a conversation to clarify any discrepancies. Mr. Stivers stated that it is within their abilities to collectively decide what the correct relationship should be and if it is not in line with the current bylaw, they should rewrite it. He stated he was in support of a conversation in a smaller group to work through structure issues. Ms. Rosenbloom explained the need for an organizational chart and asked the Board to review her draft version. Ms. Braccio said she hoped there would be a conversation between the two parties between now and November 4th. Ms. Rosenbloom adjourned the Personnel Board meeting at 9:12 P.M.

8:00PM: Atty. Tim Norris — Responding to Public Records requests
At the Chairman Healey's request Attorney Norris will be rescheduled to a later date.

IV. Reports

Chairman's Report

Chairman Healey stated the position of the Board regarding Halloween is if people feel comfortable celebrating, that they follow the guidance from the State outlined on the Town website.

Chairman Healey stated Mr. Sines, Chair of the ADA Committee sent a response to his initial letter raising three questions regarding requirements with the Public Safety Complex. He said he would send the letter to the Board members and suggested the topic be put on a future agenda for discussion.

Chairman Healey stated that Ms. Galligan brought to his attention the communication from Chief Achilles regarding trees he thought were threatening from a public safety perspective on Overlook Drive. He said Ms. Galligan noted that all the trees outlined could potentially damage some powerlines and cable lines on private property. She stated to him that she is going to reach out to the land owners of the private properties to try and come to a safe solution.

Chairman Healey asked Mr. Stivers for an update on the tree removal policy. Mr. Stivers stated they are close to a resolution that works with the Planning Board and DPW. He added that the Board could provide guidance regarding the inclusion of the Planning Board on joint hearings with the Tree Warden and DPW. Chairman Healey stated he would like to see the policy in writing before providing any guidance.

Members' Reports

Ms. Malinowski stated she had a preliminary conversation with the Chief of Police and the Fire Chief regarding regional dispatch. She said the next steps are to collect data from other towns who have regional dispatch and possibly create a subcommittee as Chief Paulhus suggested. The Board agreed to have Ms. Malinowski collect data to bring to the Board.

Ms. Malinowski told the Board the schools are doing a good job notifying families in schools impacted by COVID-19 as new cases arise. Ms. Malinowski suggested the Board be added to the email list and Mr. Purple agreed to include them for informational purposes.

Mr. Shea thanked the community for their support at the ALS One Golf Tournament at the Southborough Golf Course last weekend. He said between contributions made at the clubhouse and online, almost $4,500 was raised.

Mr. Shea stated he received a report for Pare Engineering regarding Deerfoot Road. He updated the Board and stated Pare will be working with Ms. Galligan on a grading plan to divert water from the south end of the road into an infrastructure to ensure less water flows towards 122 Deerfoot. Mr. Shea added that the recommendation was to move forward with paving and no additional structures were needed. Chairman Healey agreed and said after a conversation with Ms. Galligan he advised the Board to support a plan to move forward with paving before the end of the season. Mr. Stivers

asked if the grading could be adjusted during the paving process to ensure the correct level along the road. Mr. Shea stated Pare Engineering is preparing a plan with guidance on where the material should go. Ms. Malinowski asked if the residents were aware of the next steps. Chairman Healey stated Ms. Galligan is making sure the residents are told of the next steps and he is in support of this plan. Mr. Shea stated the residents with drainage issues associated with the development on Deerfoot Road hired their own engineer who provided a number of recommendations for private property. He said that was outside of the scope of the Board but that report recommended an engineering study on the road which has been done and the Board has followed through on. He added that Ms. Galligan will be reaching out to that engineer to discuss one of his recommended solutions that included a drain structure in the roadway that is no longer there. Mr. Shea stated the Town has done their due diligence and Pare Engineering reported that the developer has followed through with their sedimentation control.

Chairman Healey stated that the Board put off a ceremony for the naming of Shifrin Field with the idea that it could be done in November to coincide with the one-year anniversary of Mr. Shifrin's passing. He stated that for a variety of reasons it has been agreed that the best time to hold this ceremony would be in the spring to tie in to the begging of little league season.

Mr. Stivers stated Ms. Galligan will be doing an informal investigation into tying in with MWRA at Pine Hill Road for firefighter water instead of buying an additional pumper truck. He stated he will continue to look into this and update the Board.

Mr. Stivers stated he attended the Board of Health meeting and raised the issue regarding licensing trash haulers. He said they were unaware of Mr. Butler's presentation and he had forwarded it to them. He said the Board of Health was interested in this but are very busy due to the pandemic. He felt there was opportunity for the Board to support them administratively and to inquire with Town Counsel if a vote would be needed from the Board of Health to move forward with the licensing.

Mr. Stivers stated that revenue at the Golf Course is almost up 70% and are aiming to hit the greatest number of rounds in recorded history.

Town Administrator Report

Mr. Purple stated that the Golf Course has not seen revenue and round numbers as they are now in about a decade. He stated the pandemic has probably attributed to its success and he hopes the numbers will continue beyond the end of the pandemic.

Mr. Purple stated he would assist the Board moving forward with the conversation with MWRA and Pine Hill Road.

Mr. Purple explained the CMRPC funding of the ADA Self Evaluation Transition Plan. He stated there are funds to support the plan but hopes the grant from CRMPC will fully fund the work . He added that the work needs to be done by June and they will be working with CRMPC consultants. He thanked Ms. Hale, Mr. Parent and Mr. Davis for their assistance in the grant application process.

V. Consent Agenda

a. Mr. Shea held consent agenda item "a." Mr. Shea stated that under Members' Reports on page six it is written that he and Ms. Galligan visited Deerfoot Road and it should say "Pare

Engineering" as he and Ms. Galligan did not visit the site. Mr. Stivers stated Ms. Barrett's name was misspelled and asked for a correction. Chairman Healey made a motion to approve Open Session Minutes: October 6, 2020 with the mentioned revisions. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers held agenda item "e." Mr. Stivers stated that this date coincides with Passover and Palm Sunday. Mr. Purple stated he thought he avoided the holidays when scheduling this date and the Finance Department would like the date as late in March as possible. Mr. Purple stated he will bring "Establish date for Annual Town Meeting (Saturday, March 27, 2021 @ 1PM)" back for discussion at the next meeting.

c. Ms. Malinowski asked to hold consent agenda item "c." She asked why the Board needed to approve to release the minutes from April 9, 2020 as they are already posted on the website. Mr. Purple stated there is no record that the Board voted to release them. Ms. Malinowski asked for clarity on the process for approving and releasing Executive Session minutes. Chairman Healey made a motion to approve consent agenda item "c" to release Executive Session minutes: April 9, 2018; January 7, 2020; January 21, 2020; February 4, 2020; February 25, 2020; May 19, 2020 (redacted). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski volunteered to review the Executive Session minutes and how they are being recorded.

d. Chairman Healey made a motion to approve the extension of outdoor dining for any period up to sixty (60) days after the end of the state of emergency. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to appoint Jen Hansen to Community Preservation Committee/Recreation Comm. Rep., term 6/30/21. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Braccio asked to hold agenda item "f." Ms. Braccio stated the amount in the contract needs to be adjusted for an additional twelve hours to an amount of $7,087.50. Ms. Braccio and Ms. Connelly explained the reason for the adjustment. Chairman Healey made a motion to approve the revised contract for Judy Barrett as described by Ms. Braccio, Barrett Planning Group LLC, RE: Downtown Initiative. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Review of cemetery police and procedures re: damaged headstones

Ms. Braccio stated that after hearing concerns regarding headstones in the cemetery, she met with Ms. Galligan and Mr. Purple. She stated that an Eagle Scout project to catalogue the headstones and find a path to fix or restore some was proposed. Mr. Stivers asked if the cemetery was in the National Register. Ms. Braccio stated she did not know. Mr. Stivers stated if someone were to catalogue the headstones, that information could be sent to the National Register.

Proposal to establish Rent/Mortgage Relief under CARES Act

Ms. Braccio stated she met with Ms. McAuliffe and is working with Ms. Esposito to move forward to create a draft proposal for the October 27th meeting. She said she hopes that the application process for residents will be November 1st – December 1st. Ms. Braccio added that if the funding sources falls through from the CARES Act, she hopes they could be provided through the Affordable Housing Trust Fund. She stated she will be speaking with Ms. Cassell of Youth and

Family Services and may need to push her update to November 4th if they need more time to review.

Consideration of Trails Committee Letter of Support for DCR Public Access Plan
Chairman Healey stated he reviewed the access plan and felt it was a great idea to have the ability to walk a loop around Southborough without leaving one of their trails. Mr. Shea asked if there will be parking proposed near the new loop. Ms. McKee described various options for parking and stated they wanted to be respectful of abutters. Mr. Shea asked the Committee to keep in mind that additional areas for public parking will need to supplied for the public to access the trails effectively. Ms. Malinowski asked if the Board was going to vote on just the letter or also on the MOA. Chairman Healey asked Ms. McKee if the MOA was informational only and if she is asking to move forward with the Public Access Plan. Ms. McKee stated that the Trails Committee suggests removing the language about White Bagley Road. Ms. Malinowski stated that she will need to recuse herself as she is an abutter to White Bagley Road. Chairman Healey made a motion to approve the letter proposed by the Trails Committee. Mr. Stivers seconded. The motion passed (4-0-1) by roll call vote, Braccio, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski recused.

VII. Public Comment
None

VIII. On a motion made by Sam Stivers, seconded by Brian Shea and voted all in favor, the meeting was adjourned at 10:21 P.M.

Upcoming Meetings
October 27, 2020
November 4, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the October 20, 2020 BOS Meeting:

To: Southborough Board of Selectmen

From: Police Chief Kenneth Paulhus

Subject: Full-Time Telecommunications Officer

Date: October 27, 2020

Dear Board of Selectmen:

Please consider my recommendation to elevate Mr. John Terranova as a Full-Time Telecommunications Officer, effective on November 5, 2020. He is currently a Part-Time T/C Officer for the Department. The opening becomes available when T/C Officer Robyn Richards officially resigns from her position on November 1st to pursue other employment.

The recommended pay rate for the position would be **Step 1 of the Local 44 Contract, $21.97 per hour,** based on his past training and experience.

Please feel free to contact me with any questions you might have.

Kenneth M. Paulhus
Chief of Police

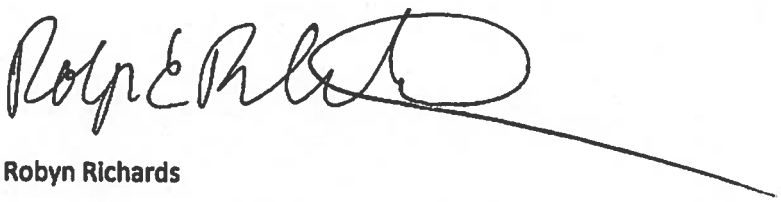
Date: October 23, 2020

Dear Chief Paulhus,

I am writing to inform you of my decision to respectfully resign from my position as a full-time communications officer for the Town of Southborough. It has been an honor and privilege to work with so many great people over the past few years. My last day of work will be Sunday, November 1, 2020 as I start for Natick Police the following day. As it has been a year in the making, I do wish I was able to give more notice of an exact start date. If there is anything I can do to assist with the transfer of my responsibilities, please let me know.

Sincerely,



Robyn Richards

MEMORANDUM

TO: **Town of Southborough, Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Chapter 90, Cordaville Road and Shovel Ready Projects**

As you are already aware the Town of Southborough has two large road projects in design, Downtown Main Street and Cordaville Road. Also, the Town has asked the DPW to have some "shovel ready" projects in queue in the event that some new infrastructure grants become available in 2021. In order to continue design and specification work on the existing projects as well as to have some smaller projects in queue, the DPW would like the Selectmen to allocate some Chapter 90 funds for survey and design work for projects. The Town currently has $869,500 in un-allocated Chapter 90 funds. An explanation of the projects, existing funding and further funding requests are below:

Cordaville Road – Project cost estimate $2,900,000:
This project consists of reconstructing sidewalks, installing granite curbing, installing drainage, building road shoulders and paving Route 85 from its intersection at Southville Road to the DPW driveway. Permitting is required for this project.

- Initial design for this project was funded by $160,000 in Chapter 90 money. This money covered survey costs, preliminary design, public input and final conceptual design.
- The DPW is requesting an additional $145,000 of Chapter 90 funds be allocated to this project for permitting, final detailed design, bid plans and specifications as well as bid and construction phase engineering assistance and oversight.
- There is $30,000 in the General Fund from Legacy Farms, in Hopkinton, to help fund this project.
- The Town is hoping to be able to use $400,000 in Complete Streets Grant money to perform some of the sidewalk and shoulder improvements on this road.
- The Town has not received the fully executed grant contract from MassDOT for the funds to develop the Complete Streets Priority Project List. When the grant contract is received the Town can develop that list and then apply for the Complete Streets Grant for Cordaville Road.
- It is not likely that the Town will have the Complete Streets Grant for Cordaville Road by January, however, the project could be shovel ready for alternate funding.

Downtown Main Street – Project cost estimate $1,700,000:
This project consists of replacing the water main in downtown, improving drainage downtown, installing sidewalks and drainage, as needed, on Newton Street from East Main Street to the Medical Center, improving sidewalks from the southern end of the Main Street Project southward on Cordaville Road to the northern entrance of Rural Cemetery and paving the entire project area. Recently we have worked to add installing sidewalks from the northern end of the Main Street Project northward on Marlboro Road to St. Mark's Street and fixing the layout and drainage of the St. Mark's Street intersection, to this project. The intersection work at Deerfoot and Flagg Roads will also be part of this construction contract. This project, as one whole contract, is dependent on the Town receiving an easement from CSX, and therefore adjusting the design at CSX's property according to CSX's

requests. As part of this project CSX is supposed to reconstruct the railroad crossing at both Main Street and Central Street.

- The water main work for this project is funded by the Main Street Water Article (Article 10 – 2016ATM).
- Initial roadway design has been through Chapter 90 money allocated to Main Street Improvements.
- There is currently about $1,400,000 of Chapter 90 funds allocated to this project.
- The Town is hoping to use money from Safe Routes to School to fund some of the sidewalk work on Route 85, however, it is not clear when this grant application will open, or how much the grant will fund.
- The DPW is requesting that the Selectmen allocate $105,000 of Chapter 90 funds toward design, specifications and bid and construction phase assistance for work at the St. Mark's Street Route 85 intersection.
- This project could be broken up into several shovel ready projects if money becomes available in January and the CSX issue is not settled, or the funding is limited in size.

It is important to note that continuing the sidewalk north on Marlborough Road to the railroad bridge, improving the Acre Bridge Road intersection and building Marlboro Road from the Marlboro Town Line to the traffic lights and Framingham Road from the traffic lights to Boston Road into complete streets, are other worthy projects. Survey is needed to get these projects started, and, since little changes in the right-of-way, allocating Chapter 90 money to fund surveys of these areas would give the Town information to develop shovel ready projects in the future, or it gives the Town a base for design work for a new TIP Project. Surveying all of these streets would cost approximately $130,000.

If the Selectmen agree to allocating the above requested funds, re-listed below:
$145,000 to Cordaville Road design
$105,000 to St. Mark's Street design
$130,000 to Route 85 and Framingham Road survey
The Town would still have $489,500 of Chapter 90 money, as well as about $550,000 in Road Maintenance money to put toward construction of these projects, or toward a new road maintenance contract.

Re: Open Meeting Law, Evaluations, and Composite Evaluations

Dear Vanessa:

You have requested our advice regarding several aspects of the Town's performance evaluation process considering a recent Supreme Judicial Court decision in *Boelter, et al. v. Board of Selectmen of Wayland*, 479 Mass. 233 (2018), and resulting guidance from the Attorney General's Office ("AGO"). Specifically, it is our understanding that the Town Personnel Board typically reviews employee performance evaluations in the process of determining pay increases. Those evaluations may be produced by supervisors, or members of other public bodies. When evaluations are produced by a public body, the chair of that other public body compiles individual evaluations into a composite assessment which is then transmitted to the Personnel Board.

You have asked us to opine as to: (1) the role of an employee or board member in creating a composite evaluation in terms of the level of detail supplied or editorial judgment exercised; (2) whether composite evaluations may still be included in the Personnel Board packet; (3) the circumstances under which composite evaluations or other evaluations become a public record that must be placed on a website or at the Clerk's office; and (4) whether leaving materials at the Clerk's office is a requirement of the law in cases where internet posting of the documents has been accomplished.

Relevant Legal Principles

A quorum of a public body may not deliberate outside of a public meeting about a matter that could come before them; deliberate for these purposes means communicate their opinions on a matter using any medium of communication. M.G.L. c. 30A §§18, 20.

Documents used in a public meeting become public records, except for "(1) materials used in a performance evaluation of an individual bearing on his professional competence, provided they were not created by the members of the body for the purposes of the evaluation; and (2) materials used in deliberations about employment or appointment of individuals, including applications and supporting materials; provided, however, that any resume submitted by an applicant shall not be exempt." M.G.L. c. 30A §22(e). This means performance evaluations done by members of a board and used in deliberations of that board are ultimately public records, while performance evaluations done by appointed officials (supervisors) are the personnel records of the employee and are not public records. M.G.L. c. 66, § 10; M.G.L. c. 4, § 7, Twenty-sixth (c). Although less clear, I also assume that this means that an evaluation created by a member of a different board, which has not been used by that other board in a meeting, or shared with a quorum of that board, will retain its character as a non-public personnel record.

Evaluations may not be performed by a public body in executive session. M.G.L. c. 30A §21 (a)(1). If an evaluation is performed in open session, the evaluation materials created by board members and used during the meeting become public records. M.G.L. c. 30A §22(e). As indicated in §22(e), evaluation documents written by non-members of the board do not automatically become public records. We spoke to the AGO about this and the attorney we spoke to said that such an evaluation could become a public record if too much information was shared about it in open session. This further suggests, as indicated above, that evaluation materials that are not used in a public meeting might not be public records even if they are created by a member of public body, as long as they have not been shared with a quorum of the body.

Pursuant to *Boelter*, an evaluation or composite cannot be shared with a quorum of the body in advance of a meeting to discuss the evaluation, unless the document(s) are made public at the same time they are shared. This means that either the documents must be first distributed at a public meeting, or the documents must be shared publicly (posted online or otherwise made publicly available) when they are sent to the members of the board. The reason for this is that the evaluation documents contain the opinions of the board members, and it would constitute improper deliberation to permit the private sharing of these opinions outside of a public meeting.

Discussions of whether employees should receive salary increases based on merit are also conducted in open session, unless the employee is under a contract either individually or pursuant to collective bargaining, in which case the negotiations and preparation for negotiations may be conducted in executive session. The resulting contracts are of course public records.

Answers to Questions

With these principles in mind, I answer the questions posed above as follows:

(1) Creating composite evaluations. The Open Meeting Law does not specifically address how a composite evaluation document should be created from individual evaluations given the situation where multiple individual evaluators assess the same employee. The AGO in its guidance suggests "as a best practice" that someone who is not an elected member of a public body compile the composite evaluation, but it could be a board member. If the authors of the evaluations being compiled are not board members, then using a board member to compile them converts the composite into a public record where using a non-member employee to compile would not have this result. If the authors of the source evaluations are members of the board that will be discussing the evaluation, then it does not matter since the resulting document will be public in any case (since it contains the opinions of the board member) but using a board member could run into deliberation issues if the board is small enough to run the risk that a quorum will be privy to the individual evaluations by following this process (i.e., 3-member board). The use of editorial license is a judgment call. The resulting document should not be misleading, so it should capture the essence of the evaluations submitted. In my view, it would be permissible to leave out the names of other employees or "civilians," if included in the source evaluation, and likewise tone down inflammatory language as long as the essential meaning is not changed.

(2) Inclusion of composites in the Personnel Board packet. Composite evaluations may still be included in the Personnel Board packet. They need not be disclosed publicly unless the composite or one or more source evaluations was created by a member of the Personnel Board, or was created by another board and used at a meeting or shared with a quorum of that board.

(3) Circumstances under which evaluations or composites become a public record. This is addressed to some degree in (1) and (2) above, but to recap, an evaluation document created by a member of the board to be used at a meeting of the board must be shared publicly at the time it is shared with a quorum of that board. In other cases, the evaluation will not become a public record, except that if an entire board engages in a detailed discussion of an otherwise non-public evaluation some or all of the evaluation may become a public record.

(4) Is leaving materials at the Clerk's office a requirement when disclosing evaluation documents as a result of *Boelter*? The AGO guidance certainly indicates that the composite may not be emailed to board members, and may only be disseminated by website posting combined with making paper copies available at the Clerk's office, and it attributes these requirements to *Boelter*. The AGO guidance reads:

> In either event, once compiled, the aggregated evaluation may not be circulated to a quorum the members prior to a meeting, for example by e-mail. The aggregated evaluation may only be distributed to a quorum of the members in one of two ways: (i) at a properly noticed open meeting, or (ii) via public posting to a municipal website in a manner that is also available to members of the public, as long as paper copies are also made available in the city or town clerk's office. See Boelter v. Board of Selectmen of Wayland, SJC-12353, slip op. at 19-20 (Mass. April 5, 2018). Even if the body posts the aggregated evaluation to a publicly available municipal website, a quorum of the members of the body may not discuss it outside of a properly noticed public meeting.

https://www.mass.gov/service-details/frequently-asked-questions-about-the-open-meeting-law-public-bodies-quorum-and (emphasis supplied). Having read the case that supposedly supplies the basis for this guidance, I disagree that the case prohibits emailing and that it requires leaving hard copies with the clerk. This is what the SJC held in *Boelter:*

> The result here would have been different if the board had made the individual and composite evaluations publicly available before the open meeting. For example, the board could have posted the evaluations on its Web site and made paper copies available for inspection at or about the time that the evaluations were circulated among a quorum of board members. Ordinarily, the board is required only to make the minutes of open meetings, along with "the notes, recordings or other materials used in the preparation of such minutes and all documents and exhibits used at the session," available to the public, upon request, within ten days after an open meeting has taken place. G. L. c. 30A, § 22 (c), (e). Nothing in the open meeting law or the public records statute, however, precludes the board from prior disclosure, at least in these circumstances. See G. L. c. 4, § 7; G. L. c. 30A, §§ 18–25; G. L. c. 66, §§ 1 et seq. If board members wish to circulate documents containing board member opinions among a quorum in advance of an open meeting, as here, prior and relatively contemporaneous public disclosure of those documents, where permissible, is necessary in order to comply with the open meeting law and to advance the statute's over-all goal of promoting transparency in governmental decisionmaking.

Boelter, 479 Mass. at 243-244 (emphasis supplied). In this language from the SJC decision, the Court seems to acknowledge that public dissemination through posting might not be exactly simultaneous with the circulation of the materials among the board (e.g., "at or about the time", "relatively contemporaneous"). Moreover, the use of web posting along with making available paper copies was given as an "example" of how "the board could have" accomplished the purposes of the law, not decreed as the sole means of compliance. The word "clerk" does not appear anywhere in the decision. Obviously, the "safest" approach will be to follow the AGO guidance, but the guidance is not always the same as the law. The answer to the question is: this is not a requirement of *Boelter*.

If you have any additional questions about this matter, please do not hesitate to telephone me.

Very Truly Yours,

Tim D. Norris

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, November 10, 2020
Virtual Meeting through Zoom

Present: Marty Healey, Chelsea Malinowski, Brian Shea, Sam Stivers, Town Administrator Mark Purple, Jason Malinowski, Kathryn Cook and Joseph Palmer
Absent: Lisa Braccio

At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Disposition of Real Property, Arts Center [Exemption 6]
Mr. Malinowski stated that there is no quorum for the Capital Committee and explained that he will be walking the Board through remarks from the appraiser after completing the appraisal of the South Union School. He stated he spoke with the appraiser and Town Planner Karina Quinn regarding options for the land on the property. He added that he also spoke with Director of Facilities, John Parent and the Building Commissioner, Laurie Livoli for a facilities and zoning perspective regarding the value of the land and building. Mr. Malinowski went through potential options from a buyer perspective including whether the lot can be broken up into multiple parcels, the condition of the building, maintaining the façade and the status of the land underneath the building. He stated that if someone were looking to demolish the building they would be subject to the Demo Delay Bylaw. He asked the Board what restrictions they would want to put on the property and any options or list of conditions they would want applied to the sale.

Chairman Healey stated he would like as few restrictions as possible and noted that those put on Fayville Hall were obstructive and the Town did not benefit as much as it may have with a different approach. Ms. Malinowski stated that the only restriction she may be interested in applying would be an affordable housing component. Mr. Shea stated that he was on the Board and part of the decision to sell Fayville Hall. He stated that the thought from that Board was to put as few restrictions as possible and he believed Town Meeting floor supplied the restrictions. He said that the Board would need to get a sense for what those in attendance at Town Meeting may want and if it differs from the Board. There was discussion if the restrictions put on Fayville Hall were from Town Meeting or the Board itself. Ms. Cook, Mr. Stivers and Mr. Shea agreed the restrictions were applied at the Town Meeting Floor. Mr. Stivers stated he agreed that there should be as few restrictions as possible.

Mr. Malinowski outlined two approaches which were to put the South Union School up for sale and accept an offer contingent on Town Meeting or wait for Town Meeting authorization and put the property up for sale with any restrictions applied there. He added that if the property were put up for bid prior to Town Meeting, they could bring an actual number which could quell other issues and provide a story. Mr. Malinowski described the potential process for waiting to put this property for sale until after Town Meeting and the impending costs of running an inefficient building for the two

departments currently residing there. Chairman Healey stated the Board would not be deciding tonight as they will wait for Ms. Braccio to attend. He said this topic will be on the November 17th agenda.

Ms. Cook explained the Fayville Hall sale and the challenges that arose from Town Meeting. She added that there may be more appeal for buyers of the South Union School due to proximity to the train station but she added there will most likely be a desire to protect the historic building. She asked the Board to consider moving forward with this as the building is old and costly to maintain and the Town will benefit from removing it from the inventory. Mr. Purple told the Board that they can put this property on the market prior to Town Meeting approval but procurement rules will need to be followed. Ms. Malinowski stated it was an advantage to bring this to Town Meeting knowing the details of a potential sale.

At 6:28 P.M. Mr. Shea made a motion to adjourn Executive Session and return to Open Session. Mr. Stivers seconded. The motion passed all in favor (4-0-0) by roll call vote, Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

RECEIVED
By Town Clerk/rhc at 10:07 am, Dec 03, 2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 10, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

II. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

III. **Public Comment**
None

IV. **Scheduled Appointments**
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
Chairman Healey laid out the format and intention for the discussion. He opened the discussion to attendees. Ms. Luttrell, a member of the Planning Board, explained her concerns that the document looked to allow for a bigger more urban style downtown instead of a small walkable village style downtown. She noted the building heights and ceiling heights as examples of such. Ms. Connelly, a member of the EDC, stated that Ms. Barrett of Barrett Planning Group could not attend tonight to explain why she proposed the draft bylaw in the way it is written. She added that the EDC would like open space and greenspaces in addition to building for the downtown. She explained that open space and greenspace items may not be appropriate for the zoning bylaw and suggested creating a separate design guideline document. Ms. Malinowski spoke on

behalf of SHOPC and stated there is concern that the language in the first draft did not accommodate for affordable housing. She explained the details written in the draft bylaw and how it made it a challenge to achieve any affordable housing in this district. Mr. Wood, a member of the EDC, explained the changes they made to support more affordable housing and Chairman Healey stated that SHOPC made a compelling case that decisions regarding the drafting of the document should be very mindful of the affordable housing element. Mr. Wood addressed the suggestion to remove the ability to keep a trailer on a property and felt it should be kept with the clarification that a trailer would be temporarily allowed in the case of misplacement due to fire only. Ms. Hoolahan from the Planning Board agreed and stated that she would not want to see a trailer allowed as a permanent staple. Chairman Healey stated he would like clarity on the max floor ratio of .35. Ms. Braccio stated that Ms. Barrett offered multiple dates for a robust conversation regarding any questions and feedback. She asked the Board and other board and committee members which day they preferred and it was agreed to meet on November 24, 2020 at 6:30 P.M. Mr. Wood asked when to expect an updated document from Ms. Barrett that addressed the feedback from the various boards and committees. Ms. Braccio stated she felt that would be available this week.

Mr. Blaschke, a member of the Historical Commission, stated that he wants the walkability, greenspace and sidewalk component to be kept in mind when revising the zoning bylaw. He stated that the Historical Commission has not reviewed the draft document but that he had concerns with the height requirements and the ability for multiunit dwellings. Chairman Healey stated that Ms. Barret could address those items and her reasoning for including them at the next meeting. He said that continuing the sidewalk effort is in the forefront of their minds. Mr. Bhistitkul from SHOPC stated they want an affordable housing component included in this bylaw. He suggested making the requirement project specific as opposed to building specific and asked the Board to consider more density incentive bonuses to support affordable housing. Mr. Stivers stated this is a challenging problem as there is not a lot of space or money to invest in this area but also acknowledged the need to make it attractive for business investment. He asked Ms. Braccio and Ms. Connelly to work with Ms. Barret to use her experience in these cases to make suggestions as to how to incentivize people to invest and bring capital while balancing housing issues. Ms. Connelly stated she will convey this and all feedback to Ms. Barrett. There was discussion as to whether sidewalks should be included in a zoning bylaw or another section of the code. Mr. Morris of the Planning Board explained that the Board of Selectmen have jurisdiction over existing ways which include sidewalks. Ms. Braccio informed the public that comments and feedback for this document will be received through November 18th. The EDC adjourned their meeting at 7:29 P.M. and the Planning Board adjourned their meeting at 7:30 P.M.

Chairman Healey asked if there will be a revised document from Ms. Barrett before the meeting on November 24th. Ms. Braccio stated that Ms. Barrett had sent a response to multiple comments and answers to some of the questions in the feedback document. She added that these responses from Ms. Barrett should provide more clarity and she would be speaking with her tomorrow regarding next steps.

V. Public Comment

Cynthia Cram (44 Bigelow Road) asked for confirmation that the Board was in receipt of a letter sent to them regarding the proposed trail in the Bigelow Wildlife Refuge. She stated the letter is a follow up from public comment from weeks prior to address next steps. She also asked if the Board were in receipt of a petition from a neighbor. Chairman Healey stated he was familiar with the letter and not a petition. Mr. Purple added he did not receive a petition. Chairman Healey

stated that he understood the issue was before the Conservation Commission and the Board does not want to interject on their jurisdiction. He stated that the Conservation Commission process should continue and conclude before the Board would decide to become involved. The Board agreed. Ms. Cram explained the timeline for an opinion from the Commission. Mr. Purple stated that Ms. Danza has not asked for input from the Board. Ms. Braccio suggested the neighbors speak with SOLF directly as they have control of the land. Ms. Cram agreed to do so. Chairman Healey asked Mr. Purple to follow up with the Commission to make sure they are not waiting to hear from the Board. Mr. Purple agreed.

Marnie Hoolahan (26 Clifford Road) stated she was speaking as an elected official from the Planning Board. She asked the Board if they received her email regarding the two conflicting opinions for interpretation of a zoning bylaw. Chairman Healey stated the Board received the email. He stated Mr. Purple had a conversation with the Building Inspector and the posture procedure is that the Building Commissioner has made a judgement within her jurisdiction and the appeal of that determination is appealed to the Zoning Board of Appeals and not the Board of Selectmen. He added that the procedure is being followed for the Building Inspector to make her determination which is within her jurisdiction. He added that he reviewed her opinion of the bylaw and that of Town Counsel and understood how both could come to differing opinions. He added that the jurisdiction for making this determination is with the Building Inspector and the appellate right is through the Zoning Board of Appeals. Chairman Healey stated he would like to see that process play out. Ms. Hoolahan asked for the Zoning Board of Appeals application fee to be waived. Chairman Healey stated he is not inclined to inject himself as a member of the Board into a process already in place. Chairman Healey explained his interpretation of the opinions of both the Building Inspector and Town Counsel and reiterated that the applicable decision lies with the Building Inspector and she has made her determination. He added that the public is able to disagree and appeal that determination and suggested the process play out without the Board's interjection.

Ms. Braccio asked that the topic of waiving of the application fee be a topic of discussion. Chairman Healey agreed to adding it to the next agenda. Mr. Stivers stated he was sympathetic with Ms. Hoolahan and it would be helpful to provide clarity around this bylaw. Chairman Healey stated he does not disagree and the biggest problem with the existing bylaw is the language leads to multiple interpretations and there is no enforcement. He added that he understood how the Building Inspector as the person charged with the responsibility for interpreting and enforcing the bylaw came to her conclusion.

VI. Reports

Chairman's Report

Chairman Healey stated that in his last report he praised Mr. Hegarty's effort on Election Day. He said the poll workers should also be commended for their work to put in effect the controls of in-person voting during the COVID-19 pandemic. He thanked all the poll workers for their ability to ensure in-person voting was available last Tuesday. He suggested the Board send a letter of appreciation to them. Mr. Purple stated that this was Assistant Town Clerk Amy Berry's first election and she did an excellent job executing Mr. Hegarty's plan for a smooth Election Day.

Chairman Healey asked for a volunteer from the Board for the MWRTA Board. He added if there is no interest from the Board, he will reach out to other boards.

Chairman Healey stated that MASS DOT is scheduling public forums for input on transit services they are looking to stop offering. He stated they are looking to curtail weekend service and service after 9:30 P.M. on weeknights.

Chairman Healey said there are issues related to the 45 Highland Street property. He said some email traffic by Town committee members was not conducted on Town email which created problems. He stated that all Town volunteers and employees must use Town email to conduct business. He stated that 45 Highland Street will be on the Executive Session agenda for next week and Mr. Purple is setting up a folder for this possible litigation.

Members' Reports

Ms. Braccio stated that rent and mortgage assistance is available and residents can find information on the Town website. She added there have been applications and urged those in need to apply.

Ms. Malinowski stated she watched the School Committee meeting the previous evening and they are looking to use $100,000 out of the CARES Act funding for testing for COVID-19. She stated that Mr. Ballantine and Ms. McAuliffe will be attending the meeting next week and they will speak about this in their report. Mr. Purple stated the schools are also looking to purchase additional Chrome Books with CARES Act funds.

Mr. Shea stated he is looking forward to participating with the veterans at the Veteran's Day ceremony tomorrow morning. He stated he will give a brief report regarding the event next week.

Mr. Stivers stated he is working with the Board of Health regrading trash hauling licensing.

Chairman Healey stated that he heard feedback regarding Ms. Malinowski acting as the liaison for SHOPC as she is a member. He stated that he is in support of her being both a member and a Board liaison to SHOPC.

Town Administrator Report

Mr. Purple stated that a temporary flagpole has been set in time for Veteran's Day. He thanked Ms. Galligan for her assistance with this and explained the next steps once the temporary flag is removed.

Mr. Purple stated that there are preliminary discussions with the schools about possibly consolidating some Town IT services in light of Mr. Laflamme's resignation. He added that there will be a robust discussion with the school on Thursday and it could be a beneficial economy of scale. Mr. Purple stated the possibility will be discussed and the position has been advertised solely as a Town position for the sake of time. He will continue to update the Board on this matter.

VII. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page two, row three it should read, "Mr. Malinowski" not "Ms. Malinowski." Chairman Healey made a motion to approve Open Session Minutes: October 27, 2020 with the revision requested by Ms. Malinowski. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the resignation of IT Manager Tom Laflamme, effective November 27, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Chairman Healey made a motion to accept the retirement notice of Administrative Assistant Carol Ostresh, effective November 30, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Chairman Healey made a motion to approve Executive Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:08 P.M.

Upcoming Meetings *December 17, 2020* *December 1, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the November 10, 2020 BOS Meeting:

- Copy of Copy of Jointmeeting VMUD 3

- Letter of Resignation from Tom Laflamme
- Regular Session Minutes, October 27, 2020
- Retirement Notification, Carol Ostrech

DRAFT Downtown Business Village District v.2
October 20, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment in an owner-occupied residence providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

Mixed-Use Development: A development that includes both residential uses and nonresidential uses within a single structure, with nonresidential uses occupying the ground floor (street level) and residential uses above on the upper floors. The total gross floor area of the nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DVB District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Village Business District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Village Business District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows, up to a maximum floor area ratio of 0.35:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Craft brewery or distillery

(5) Bed and breakfast

(6) Art gallery

(7) Child care center

(8) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

(4) Personal services such as barber shop, hair salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection **B** that exceeds a maximum floor area ratio of 0.35 or under Subsection C exceeding 2,000 sq. ft. per establishment

(2) Veterinarian, animal hospital, dog kennel.

(3) Medical or dental office

(4) Multifamily housing, up to eight units.

(5) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(6) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Village Business District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet

(5) Minimum Façade Buildout (% Lot Width):

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(6) Height regulations:

(a) Maximum building height: 40 feet and three stories, except as provided in Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(7) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

I. Additional Standards for Development in the DVB District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

(2) On any lot with 10,000 square feet in more in area, at least 5% of the lot shall have landscaped open space or public amenities (such as an outdoor seating area with park benches) between the front building line and front lot line.

(3) Affordable housing. In any multifamily or mixed-use building with eight or more units, at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including

without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

D. In the Downtown Village Business District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Village Business District. Off-street parking requirements for development in the Downtown Village Business District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
174-2 Definitions	Change the definition of MIXED-USE:	EDC
	• Eliminate the last sentence.	EDC
	• Some residential on first floor to accommodate accessibility, but at least 50% of the ground floor should be commercial/retail use.	EDC
	• Office space should be permitted on a second story, with residential above on a third floor.	EDC
	Update Mixed-use development to **Vertical** Mixed-Use Development (infers first floor would be used for more public purposes; **to be defined** (proposed) as restaurants, retail or commercial businesses and the upper levels to be defined (proposed) as private residential units or office space.	M.Hoolahan
	Point: must define "mixed-use" not okay with leaving it as open definition	M.Hoolahan
	10% - how does such a small figure result in a true mixed use?	T. Martel
	The low bar of 10% for commercial to the total structural area can be limiting. For instance, existing commercial retail on main street, has housed very tiny shops, that in total would be pressed to meet a 10% bar.	D. Cahill
	Replace definition with: "Mixed-Use Development: A development that includes both residential uses [primarily on upper floor(s)] and nonresidential uses [on ground floor and some amount on upper floors] within a single structure, with nonresidential uses primarily occupying the ground floor (street level) (that is, no more than one residential unit on the ground floor occupying no more than 30% of the ground floor area) and residential uses primarily above on the upper floors (that is, no more than 50% of the total upper floor area being used for nonresidential uses). "	S. Stivers
	Update Bed and Breakfast definition to: Bed and breakfast is a lodging establishment in an owner-occupied residence providing not more than four (4) guest rooms for overnight accommodations, providing breakfast for guests	M. Hoolahan
	owner-occupied residence; consider broader definition "is a small lodging establishment that offers overnight accommodation and breakfast ." limiting this narrow definition of owner occupied could be challenged. Small is up to 4 guests and should satisfy the objective and attract the investment. For example single family homes have business uses such as daycare even if no resident in A/B district I believe	D. Cahill

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Replace definition with: "Bed and breakfast is an establishment, complying with all applicable state and local fire, sanitation, and food service provisions, in an owner-occupied residence providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests, with no stay longer than 10 consecutive nights for any guest, with all accommodations reserved in advance, and with no cooking facilities in rooms."	S. Stivers
	Definition of MICROBREWERY, use the same term under section 174-8.4.1 B. (4)	EDC
	Microbrewery defined by not allowed use	M. Luttrell
	Perhaps include additional wording "a valid pub brewery license from the	D. Cahill
	Commonwealth of Massachusetts and current zoning bylaws of the town. (note, such as proximity to schools, daycares and other establishments) or by special permit	D. Cahill
	Mixed -use dev definition. The total gross floor area of non-residential uses shall be at least 10% of gross floor area. How does that encourage commercial development if only 10% of GFA is required to be non-residential?	M. Luttrell
	Add Co-work center in the definitions Add BY RIGHT definition	EDC
	Define Co-work center **(proposed)**	M.Hoolahan
	Co-work is an arrangement in which workers of different companies share an office space, allowing cost savings and convenience through the use of common infrastructure, such as equipment, utilities, and receptionist and custodial services, and in some cases refreshments and parcel acceptance services.	M.Hoolahan
	Add definition for "Co-work center"	S. Stivers
	Add Floor Area Ratio definition	EDC
	Add additional definitions-Façade build-out, ground floor height, co-work center, distillery, pub (mentioned in adaptive use but not defined, one in the same? multi-family housing,	Building Inspector
	Add a definition for Façade	Open Space
Part 2 174-3	K. Downtown Business Village District (DBVD) referred to as Downtown District	EDC

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Ensure consistent terms and abbreviations are used throughout the document.	EDC
	Use "Downtown Business Village District" and "DBVD" throughout (many places called "Downtown Village Business District" and "DVBD")—should be consistent with current zoning bylaw.	S. Stivers
174-8(C)(2)	Should be **Downtown Business Village District** (not	EDC
	Downtown Village Business District) See comment under Part 2 above.	EDC
Part 3 174-8(C)(2)	A single permitted use can be difficult to monitor. For instance; A beauty shop will have sub tenants that provide differing services as they partner to expand offerings. Is a facial the same as a haircut and herbal medicine? Can a dinner not sell some grocery? Its a slippery slope unless clearly differentiating businesses. Insurance agent partner with a real estate agent and restorative cleaning service on restoration disaster?	D. Cahill
Article 3	Needs clarification - Sections A, B and C need to be 'by right'.	EDC
→	***Red text below is from "DRAFT Downtown Business Village District v.2", for reference***	←
174-8.4.1	Section B - Permitted uses are as follows, up to a maximum floor area of 0.35	
	Should say something like 'a building size with a FAR of .4 with individual premises within a building no greater than 3,000 sf.'	EDC
	QUESTION FOR JB: Why use FAR here and SF under C.?	EDC
	Can B. and C. be combined under one "permitted uses" section?	EDC
	How was .35 FAR arrived at	M. Luttrell
	Use FAR of 0.40	S. Stivers
	Section B: I do not fully understand the up to a maximum floor area of 0.35 change from up to 2000 sq. ft. I do not support the change and request to remain at 2,000 Sq ft as written	M. Hoolahan
	(1) Mixed-use development	

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Can we move "mixed use development" to the bottom of the list and say "mixed use development combining any of the foregoing with residential units in accordance with the definition of Mixed-Use Development. And perhaps the definition of Mixed Use Development should include a cross reference to this section regarding what is permitted in the commercial space?	EDC
	Suggest a limitation on # of units in a mixed use -development not to exceed 4 units (Must have a maximum with a 2-floor building- no more than 4 units)	M. Hoolahan
	(2) Professional or business office, or bank, but not including a medical or dental office	
	(2) Professional or business office, or bank, ~~but not~~ including medical or dental office	EDC
	Replace with: "Professional services (including medical or dental office), business services, business office, or bank."	S. Stivers
	(4) Craft brewery or distillery	
	(4) ~~C raft brewery or distillery~~ Microbrewery	EDC
	Replace term with: "Microbrewery"	S. Stivers
	Can a craft brewery have a restaurant also?	Building Inspector
	(8) Co-work center	
	needs definition	EDC
	C. Permitted uses, up to a maximum of 3,000 square feet per establishment:	
	Should say something like 'a building size with a FAR of .4 with individual premises within a building no greater than 3,000 sf.'	EDC
	Permitted uses up to 3K sq ft/establishment in conflict - see section D	M. Luttrell
	permitted uses up to max 3k per establishment	M. Luttrell
	Why the limitation on size of these establishments? Why 3k limit for restaurant but no limitation on size for a craft brewery of distillery?	M. Luttrell
	Add two uses: "Multifamily housing up to 4 units (as part of a mixed-use development)" and "Indoor recreation, athletic or exercise facility"	S. Stivers

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Increase 3,000 square feet to 4,000 or 5,000	S. Stivers
	(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)	
	Replace with: "Retail sales (including convenience store or food mart)"	S. Stivers
	(4) Personal services such as barber shop, hair salon, tailor or shoe repair	
	Replace with: "Personal services such as barber shop, hair salon, tailor, or repair shop (for personal items such as shoes, clothing, etc.)"	S. Stivers
	D. Permitted uses by special permit from the Planning Board are as follows:	
	(1) Any use listed in Subsection B that exceeds the maximum floor area ratio of .35 or under subsection C exceeding 2000 sq ft per establishment	
	(1) Any use listed in Subsection **B** that exceeds a maximum floor area ratio of ~~0.35~~ 0.4 or under Subsection **C** exceeding 3,000 sq. ft. per establishment (SEE COMMENTS UNDER B.)	EDC
	Special permit for uses under C exceeding 2000 sq ft/establishment - Should be 3000??	M. Luttrell
	Increase limits to match sections B and C (0.40 and 5,000)	S. Stivers
	(2) Veterinarian, animal hospital, dog kennel.	
	Strike dog kennel	EDC
	Remove (no dogs/ kennels)	S. Stivers
	(3) Medical or dental office.	
	Why would this not be allowed by right? Moved it up to B.	EDC
	(4) Multifamily housing, up to eight units.	
	This should have a mixed-use component. The purpose of this downtown district is to encourage commercial activity. Developers should be encouraged to add commercial uses to any new housing development.	EDC
	D (4) multifamily housing up to 8 units allowed by SP	M. Luttrell

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Question: Should the wording be over 8 residential units or up to 8 residential units?	EDC
	This does not currently exist in today's zoning code.	T. Martel
	I do not agree that the purpose of mixed use is to promote small apartment complexes.	T. Martel
	Replace with: "Multifamily housing, over four units (as part of a Mixed-Use Development)."	S. Stivers
	(5) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.	
	Remove - no parking structure	S. Stivers
	(6) Indoor recreation, athletic or exercise facility.	
	Should be added to permitted uses by right. Yoga studio, Personal fitness should be allowed in a downtown.	EDC
	Remove—added above	S. Stivers
	E. Uses by special permit from the Zoning Board of Appeals are as follows:	
	(3) A mobile home or travel trailer used as a dwelling or business quarteres for more than 30 days in a year.	
	I would be in favor of removing language on the mobile home or travel trailer I entirety	M. Hollahan
	Remove - no trailers	S. Stivers
	F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.	
	Change the wording. The permit uses list is not all.	EDC
	inclusive and future uses are an unknown at this point	EDC
	Maybe something like: All uses which are not listed above	EDC
	need a special permit from the Planning Board.	EDC
	If legally non-conforming, can they be outright prohibited? Or must go to ZBA/PB?	Building Inspector

	G. Development standards (Note: Also refer to § **174-10.1**, Village Business District plan review.) are as follows:	
	(1) Minimum lot area: 5,000 square feet.	
	QUESTION: Do we need a minimum lot area? Wouldn't it just create needless nonconformity problems for small property owners?	EDC
	I do not support lowering minimum square feet from 10,000 to 5,000. I would vote for retention at 10,000 square feet as it states currently	M. Hoolahan
	(2) Minimum frontage: 60 feet.	
	QUESTION: Do we need to regulate minimum frontage for a downtown village scape?	EDC
	Façade buildout: frontage 50-80 ft, 60 ft min shouldn't that be 60-80?	M. Luttrell
	(3) Minimum setbacks:	
	(a) Front: 10 feet;	
	QUESTION: Should we reduce the minimum setback? The aim in a downtown village is to energize the streetscape.	EDC
	ADD LANGUAGE: Minimum front-yard setback: Principle buildings shall be set back a minimum of 10 feet from the front lot line. Architectural features such as bay windows, porches, balconies, porticos, canopies, etc. shall not be subject to the 10-foot minimum setback.	EDC
	Replace with: "Front: 5 feet. (Architectural features such as bay windows, bay windows, balconies, porches, canopies, etc. shall not be subject to this setback requirement.)" [or maybe 0 feet?]	S. Stivers
	(b) Rear: 35 feet.	
	QUESTION: Should this also be reduced to 10 feet as per Barrett Planning's first draft zoning document?	EDC
	(d) Other street: 10 feet;	
	(4) Maximum front setback: 20 feet	
	(5) Maximum Façade Buildout (% Lot Width)	

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	(a) With less than 50 feet of frontage: N/A	
	(b) 50-80 feet of frontage: 60%	
	(c) Over 81-100 feet of frontage: 70%	
	(d) 100 feet or more of frontage: 75%	
	What does façade coverage encourage or discourage?	M. Luttrell
	Façade build out – could not find a definition of a "façade buildout". Is there potential that buildings could In effect have no set back from street? We want to know what a façade is and how that could impact green space.	Open Space
	(6) Height Regulations:	
	(a) Maximum height: 40 feet, three stories, except as provided in Section H below	
	Not in favor of 4 stories. The inviting walkable villages that appeal to me are all 2 stories. 4 stories and possibly 3 would overwhelm our small downtown. Currently we have a 3-story max height in BH, IP and I districts. Why the increase to 40ft?	M. Luttrell
	Support original height restrictions of 35' do not support up to 40'	M. Hoolahan
	The Library plans to expand/renovate withing the next 10-15 years; we are not technically within the DVB but how would proposed zoning changes impact our ability to renovate/expand, esp. vis a vis height restrictions, or other restrictions.	Library
	(b) Minimum ground floor height: 12 feet	
	Do not support 12' minimum ground floor height- UNLESS there is a specific statement regarding existing buildings seeking an alternate use would not be required to meet 12' minimum	M. Hoolahan
	(c) Maximum ground floor height: 18 feet	
	Do we need ground floor height regulations?	EDC
	Section H - Special Permit for Height Increase	
	The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the 136 minimum rear setback shall be increased to a 1-to-1 ratio, e.g., an additional one foot 137 of setback for every one additional foot in building height.	

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20

	Do not agree- remove	M. Hoolahan
	4 stories seems hight for that area of town	C. Malinowski
	Section I.(2)	
	On any lot with 10,000 square feet in more in area, at least 5% of the lot shall have 154 landscaped open space or public amenities (such as outdoor seating area with 155 park benches) between the front building line and front lot line.	
	Need more incentive/requirement for open space in DBVD--not just hardscape. Look to J Barrett for ideas about how to make this happen (experience from other communities?).	S. Stivers
	Landscaped open space" should be defined. For example: lawn but no mulch. Use native plants etc. Criteria needs to be developed and deigned. The goal was to create a walkable village with lots of open space. In addition, requirements for trees should be defined. A possible benchmark is Natick which applied for State funding to plant more trees in their downtown to make the areas more inviting and cooler. It appears that the front setbacks could be all hardscaped- pavers, concreate patios, etc.	Open Space
	Section I.(3)	
	Affordable housing. In any multifamily or mixed-use building with eight or more units, at least 12.5 percent of the units shall be affordable housingthat is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with theChapter 40B regulationsand Guidelinesofthe Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board mayadopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.	

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	Affordable housing. In any multifamily or mixed-use building, at least 25 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD) by ownership or other. In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section	EDC
	I (3) affordable required for 8 or more units in multifamily or mixed-use building. Isn't the maximum number of multifamily housing units 8? Isn't a mixed-use building with 2 or more units multifamily housing by definition? Is the maximum number of housing units 8/bld?	M. Luttrell
	Regarding additional standard for development pertaining to affordable housing: adjust criteria: in any multifamily or mixed-use building with 4 or more units 12.5% affordable with minimum of 1 affordable per the requirements on the draft of affordability.	J. Stein
	It is stated in section D (4) multifamily housing; up to eight units. No definition provided for multi-use This conflicts and states 8 or more units- need to define units in section B(1) maximum units in a mixed-use. I would suggest being a bot more generous in % affordable 12.5% could increase to 20-25%.	M. Hoolahan
	1) <u>Application of Affordable Housing Unit (to "Building" vs. "Project</u>"). The language provides that the affordable unit requirement would apply to any multi-family or mixed use "building" that contained 8 or more units. This should really be "project" based, rather than "building" based—otherwise, a developer could circumvent the affordability requirements by doing a project with 8 units spread across multiple "buildings" (e.g. four duplexes, or two quadplexes). This is also the way 40B is structured—the required % of affordable units is based on the total housing units in the particular "project" rather than the # of units in any particular "building".	SHOPC

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	2) Affordability Incentives (Density Bonusses). We should really acknowledge the reality that, in the absence of an incentive to do so, developers would not include affordable units in their projects (because quite simply, it means less profit). But, many zoning bylaws contain incentives that make creation of affordable housing more desirable and profitable to the developers. One classic device is to give them density bonuses. For instance, if the zoning dimensional/density limitations would cap the # of units in a given hypothetical project to 9 units, but if the developer is willing to make (say) 30% of the units affordable, then the developer would get a 30% "density bonus" that would allow the project to be expanded by 30%--so, the developer ends up having 9 market-rate units, and 3 affordable units (12 units total). By getting an extra 3 market-rate units, the developer ends up with a larger project that (overall) is more profitable than if it would have only constructed with 9 units (7 market/2 affordable)—which would be a win-win for developer and the Town. So, I think we should ask EDC to (in addition to the min. % noted in #2 above) add density bonuses as an incentive to developers to include affordable units in their multi-family or mixed use projects.	SHOPC
	3) Percentage of Affordable Units. It is definitely more standard in affordable housing regulations to require that 20% of the units be made affordable—e.g., both 40B, and 40R require a min. of 20% affordability. The proposed bylaw only requires that 12.5% of the units be affordable, and I think we should advocate for this to be increased to 20%.	SHOPC
	One note in this regard—I can see that with a small project of only 8 units, a 20% affordability requirement would effectively mean that at least 2 of the 8 units would need to be affordable (which would basically/necessarily translate into 25% of the 8 units, which that may see as a deterrent to development). One suggestion to help reconcile this might be to make the % slide based on the size of the project—e.g., if the project is only 8 housing units or less, only 12.5% would need to be affordable, but if there were 9 or more units, then the affordability requirement would be 20%.	SHOPC
	If we want to include affordable housing, then we should add 25% and a minimum of 1 unit. Otherwise, I am not sure we will accomplish any affordable.	C. Malinowski
	Need a struture that will provide more incentive/requirement for affordable housing; make these rental units?? Make this "four or more units"?? Look to J Barrett for ideas about how to make this happen (experience from other communities?).	S. Stivers

Part V. 174-10.1	Amend Section 174-10.1 Village Business District plan review	
	Is site plan approval required for all uses in DVB?	M. Luttrell
	COMMENT: The guidelines under B. as written in the current bylaw all seem very subjective. Would it make sense to write separate guidelines and remove it from the bylaw? An independent Design Review Board could review plans with developer before site plan and/or special permit process.	EDC
	The purpose of the new district is to allow for mixed-use but also make the process more transparent for developers as well as the town. Include objective clear standards and remove the subjective guidelines was what we aimed to do with the overlay.	EDC
	DESIGN GUIDELINES SEPARATE FROM BYLAW	EDC
	Major Site Plan from Planning Board triggers a Stormwater Management Permit from Conservation. It is also triggered if a land owner disturbs more than 50% of the lot. With small thresholds for lot creation, the Conservation Commission would be concerned with the amount of applications that would need to be submitted for an SMP. Where could there be language to for applicants to seek a waiver from the SMP? Can there be an exclusion within these amendments on lots of a specific size can be exempt or would we need to amend our SMP bylaw? With smaller lots, there would not be a feasible amount of space to implement many stormwater features	Conservation
	We would like to have the site plan review requirements remain the same as they are today for Village business District but with additional criteria to trigger it if needed.	Open Space
	We need clarification on this. The word “except” was unclear to us. Is this section in addition to or instead of current site plan requirements?	Open Space
	It appears that the only site plan required would be for lots that need a special permit for use as defined in the new code for example, a special permit is required for height increase but this would not trigger a site plan review as we read this section. We would like to keep the same requirements that exist today for Village business District in the new town center business with this as an addition to current requirements	Open Space
	A 2. Why is there an exclusion for medical and dental offices? Then listed again as allowable	D. Cahill
	A 8. Is a Co Work Center in conflict with multi use of the property? I am for Co Worker Center as allowable, but it's very board	D. Cahill

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	H. 4 stories are high for the proposed special permit even when squeezed in. Not sure how you get 10 foot ceilings, a roof line of 5 feet. It's not really with the character of the main street. Most structures are 2 and 3 floors.	D. Cahill
	I 2 Open space and landscape of at least 5% seems low in relation to the lot size starting at 10,000 Square feet. . Perhaps ad the word contiguous so the space is not dotted throughout the front.	D. Cahill
174-12	Parking and loading regulations	
	Only comment on this section is to change Downtown Village Business District to Downtown Business Village District or just Downtown District.	EDC
	Parking remains to be the most significant challenge in this proposal, particularly (4) if maximum units is not defined	M. Hoolahan
	Parking: The Library parking lot is now used to full capacity during business hours of library operation, it is entirely for use by library patrons. We have concerns about mixed use development creating inappropriate spillover into our parking lot.	Library
	General Comment of section:	
	Appears the bylaw incentivizes the destruction of the historic buildings downtown rather than renovation. Most of the buildings currently downtown don't meet the min ground floor height of 12' so couldn't be added onto.	M. Luttrell
	How can historic preservation be incentivized?	M. Luttrell
	Without any design guidelines there is no ability ensure village style development	M. Luttrell
	Is Parking addressed in proposal?	Building Inspector
	If a pre-existing building, what are the requirements for PB/ZBA, etc.? if any?	Building Inspector
	I do not see any real mix use coming to Southborough as a result of this bylaw change. I do see more apartment housing along Main St as a result, which is not ideal. Please reconsider.	T. Martel
	If we increase housing density, we need to plan for playgrounds, green spaces and sidewalks.	Open Space
	Who will be able to walk to new business if there are no sidewalks?	Open Space

	COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING updated 11/9/20	
Section	*Comments*	*Commenter*
	How will residents in the denser housing be able to walk to business village shops unless it's in their building?	Open Space
	There are no green spaces or parks, no requirements for trees. With climate change and urban areas creating heat sinks this seems short sighted. Without trees, this district will increase energy use for heat and cooling.	Open Space
	The state is promoting and focusing funding om Nature-Based Solutions to offset climate change impact, we should be planning new zoning t with this in mind, not creating a district that will need future public funding to fix.	Open Space
	This bylaw has been promoted as creating and promoting green space, parks, walkability etc. but we could find nothing in the bylaw that does so	Open Space
	Comments on "Purpose" from prior documents	
	There is nothing in the bylaw that creates bicycle and pedestrian friendly village. Over 50% of the lots have no public sidewalks, and the town has no current plans to add them.	Open Space
	Sidewalks on Boston Road and Newton street are on the East side not the West side where the new zoning is proposed. There are no sidewalks on park street. How will people get to shops or residences by walking? They will have to be crossing streets back and forth to access sidewalks without any way to get to a crosswalk.	Open Space
	"Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly walking spaces where the community can gather."	Open Space
	Increased housing development with no green spaces – where are children supposed to play? How would they get there without sidewalks? What is the plan for bicycles on these streets?	Open Space

October 28, 2020

Dear Mark Purple,

Please accept this letter as my formal resignation from my role as Technology Manager. My last day with the Town of Southborough will be Friday, November 27, 2020.

To ease the transition after my departure, I am happy to assist you with any training tasks during my final weeks on the job. I intend to leave thorough instructions and up-to-date records for my replacement. Additionally, I will be available to provide reasonable assistance after my departure.

I would like to take this opportunity to thank you for the knowledge and experience I have gained by working here. I am very grateful for the time I have spent on our team and the professional relationships I've built. It's been a pleasure working for you, and I hope our paths will cross again in the future.

Sincerely,

Thomas P Laflamme

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, October 27, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**

III. **Scheduled Appointments**

6:30 P.M. – Joint Meeting with Capital Planning Committee

i. Review and Discussion, RE: Proposed FY22 Capital Plan

Mr. Malinowski walked the Board through the presentation included in the packet. He explained what capital improvements were not included, what was deferred and what should be accelerated. He stated that the Committee reviewed and voted on all fiscal year 2022 capital items. Mr. Malinowski explained the process followed for capital needs and requests by department. He gave a review of what has been approved by Town Meeting the prior year and what is coming in the next years to understand what is still being paid and what is anticipated in the future. Mr. Malinowski walked the Board through capital items by department as included in the packet. Mr. Stivers asked if any of the vehicles listed for replacement at the DPW were considered to be leased instead of purchased. Mr. Malinowski stated that is an ongoing conversation and explained which vehicles were being considered for lease and how Ms. Galligan purchases vehicles. Chairman Healey asked if the Library renovation and the exterior renovation and window work at the Town House could be CPC funded. Mr. Malinowski stated it was his understanding that they could not. Mr. Parent explained that the majority of the Library work will be done on the newer non-historical section and would not qualify for CPA funding. He explained that the renovations at the Town House include bringing the bathroom to meet building codes.

Mr. Malinowski described the capital needs and requests for the Fire Department. Ms. Malinowski asked the process for the turnout gear fund for new hires and Chief Achilles explained. Mr. Stivers asked about grants for the fire turnout gear fund and Ms. Malinowski replied that a grant for turnout gear could be disadvantageous as it would require the department to replace all the gear at once instead of using the turnout gear lifecycle process described earlier. Chief Achilles agreed and explained the grant process.

Mr. LaFlamme explained his need to replace the physical servers and the vendors he uses for his hardware. Mr. Stivers suggested seeking a connection at DELL to receive additional discounts. Mr. Malinowski walked the Board through the needs of the Police Department and Recreation projects. He then summarized the items deferred or removed from the capital budget. Ms. Malinowski asked what needed to be done to ensure the Cordaville Road project was shovel ready. Mr. Malinowski described the process proposed by Ms. Galligan and her hesitations of holding public hearings a Zoom environment. Mr. Shea asked if easements were required for this project and Mr. Malinowski stated he was told there were not. Mr. Stivers supported the idea of a shovel ready project list and asked if it were possible to move funds from the Chapter 90 allocation for shovel ready projects. Mr. Malinowski replied that he would like the Committee to collaborate with the Public Works Planning Board to look into this further. Mr. Stivers agreed. Chairman Healey stated he was in favor of deferring the Cordaville Hall project and explained his reservations of staying below a funding threshold to avoid additional ADA requirements. Mr. Malinowski explained that Cordaville Hall would be evaluated differently if the school discussion falls through. He stated that this location may not be the right site for the seniors and there could possibly be a better long-term solution. He said there will be better clarity on this matter in January.

Chairman Healey asked if an emergency generator is needed at the Town House. Mr. Parent explained the risk of not having a generator is the same as prior years. He then explained plans put in place to ensure the building would be protected and the phone lines supported during a weather emergency. Mr. Malinowski explained the items the Committee is reviewing for future funding and requested the Boards vote on multiple items. Mr. Malinowski added that if there are any hesitations regarding the items discussed this evening, that the Board provide feedback. Chairman Healey asked for clarification on the vote and Mr. Malinowski and Mr. Purple explained. Ms. Malinowski stated that she supports the list presented with one concern that if the operating budget creates a larger increase than what is palatable for the Town, an option to bond items over a long period or look at other resources be reviewed. Mr. Shea stated he supports the items recommended by the Committee and suggested Mr. Purple and Mr. Ballantine use these numbers in their initial budget. He added that depending on the proposed tax rate increase, the Board may have to revisit these items. Mr. Stivers and Ms. Braccio agreed.

Chairman Healey made a motion to support the recommendations the Capital Committee presented tonight for items to go forward for fiscal year 2022 and other items be deferred or not put forward in fiscal year 2022 and consistent with that, the Town Administrator and Finance Team include those numbers into the fiscal year 2022 ongoing budget process. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Mr. Shea made a motion to support the setup of a warrant article for a fire turnout gear replacement fund. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Chairman Healey made a motion to declare the emergency generator from the old Fire Station at 21 Main Street as surplus property. Mr. Shea Seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

ii. Discussion, RE: Proposed Capital Planning policy

Mr. Malinowski stated the Committee has been looking at other policies from similar towns and asked the Board to review and solicit feedback to him. He stated they hope to have a policy submitted to the Board for approval in November. Chairman Healey stated that there is a bylaw about the Advisory Committee which limits their ability to volunteer for other committees. He stated that the bylaw is appropriate but Advisory members should be able to sit on a Capital Committee. Mr. Malinowski asked if he was advocating that the Capital Committee convert from an ad-hoc committee at some point and Chairman Healey replied that he felt it had to. He added that he believes the Capital Planning Committee should be a permanent committee with specific guidance provided for and it is advantageous for Advisory members to serve. Ms. Cook stated that she fully supports this but does not support making it mandatory that Advisory members serve on the Capital Planning Committee. Mr. Malinowski stated he will circulate the research the Committee has done regarding the policy and stated that the Committee has some points they feel strongly about. Mr. Malinowski made a motion to adjourn his meeting at 8:13 P.M. Ms. Braccio seconded. The motion passed by roll call all in favor.

Review of latest VMUD draft for Downtown Initiative

Ms. Braccio gave a brief update of when the EDC and Planning Board will be meeting to review this document. She stated the goal is to present this as a warrant article at Spring Town Meeting. She asked the Board to hold another joint meeting after feedback from all stakeholders was given to Ms. Barrett regarding her first draft. Feedback from all parties are to be turned in to Ms. Esposito on November 6th. Chairman Healey agreed to a joint meeting and asked that additional stakeholders be made aware of the meeting. Ms. Braccio stated she felt the affordable housing component needed more work. She provided more feedback and stated she will include her comments in the feedback document provided by Ms. Barrett. Chairman Healey asked that residents and businesses in the downtown district and abutters get notice of the meeting. Mr. Purple stated he will make sure all board and committees receive the meeting information, he will send the meeting information to MySouthborough.com, post on Twitter and the Town Website and make sure the EDC does direct emails to businesses.

Ms. Braccio stated that Ms. Reynolds was working on creating a redlined version of the document. She added that the EDC is discussing the possibility of adding more parcels to the district. She stated that outreach would need to be done to homeowners. Chairman Healey agreed and stated that if there is going to be any significant resistance from those whose parcels would be affected, that the Board take that into careful consideration. Ms. Malinowski agreed with that approach and does not want to push this issue if it would tie up the project. Mr. Stivers stated that the affordable housing piece was weak and described some clerical errors in the document he would like to clean up. He added it was worth exploring the idea of adding parcels. Mr. Shea stated he supported the approach discussed. Ms. Malinowski and Mr. Stivers gave

feedback on the document and they agreed to include their comments in the written feedback document provided by Ms. Barrett.

Ms. Malinowski asked about the timeline. Ms. Braccio explained the timeline and that the goal was to stay as closely to it as possible for future grant opportunities. Ms. Braccio asked that all comments be sent to Mr. Purple by Friday. The Board agreed.

IV. Consent Agenda

a. Chairman Healey made a motion to accept a $100.00 donation for the Fire Department Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

V. Other Matters Properly Before the Board

Rent & Mortgage Assistance program approval

Ms. Braccio gave a general update and thanked the Emergency Fund Committee, Mr. Purple, Ms. Esposito, Mr. Ballantine and Ms. McAuliffe for their assistance in creating the program. Ms. Braccio requested a brief meeting with the Board and the Affordable Housing Trust. She explained the Affordable Housing Trust is a backup fund if the CARES Act does not reimburse the funds. She also stated that the Affordable Housing Trust will need to approve of Ms. Malinowski reviewing redacted applications before submitting them to Ms. McAuliffe. Ms. Braccio stated that Town Counsel is reviewing the applications and guidelines and they will receive his feedback tomorrow. She reviewed the changes made since the last draft was presented. Ms. Braccio explained the application submittal process and the timeframe it takes for approval. Ms. Malinowski stated the goal is to have application submissions open for acceptance from November 1st to December 1st. She explained this will give Ms. McAuliffe time to file the reimbursement for the December 30th deadline. Chairman Healey asked if the Board needs to determine if applicants meet the criteria and Ms. Braccio explained that all applications are submitted to the Emergency Fund Committee, then reviewed by Ms. Malinowski and then submitted to Ms. McAuliffe. Ms. Malinowski stated it is not outlined in the documents and Ms. Braccio offered to create a one-page document that outlines this process. Mr. Stivers asked if the initial $25,000 allocated for the program is enough. Ms. Malinowski stated the reason for the December 1st deadline was to have time to reassess the need of Southborough residents. The Board agreed to meet with the Affordable Housing Trust on Friday at noon.

Chairman Healey made a motion to approve the rental mortgage assistance guidelines as proposed, the mortgage rent assistance application as proposed and the criteria and approval process as proposed pending review and approval by Town Counsel. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Public Comment

None

VII. On a motion made by Chairman Healey, seconded by Mr. Shea and voted all in favor by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:10 P.M.

Upcoming Meetings

November 4, 2020
November 17, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the October 27, 2020 BOS Meeting:

- Capital Planning Committee Presentation 10.27.20
- Draft VMUD for Downtown Initiative
- Letter from Chief Achilles to BOS dated 10.15.20
- Draft Rental/Mortgage Assistance Guidelines

DRAFT

August 27, 2020

Mark Purple, Town Administrator
Town of Southborough
17 Common Street
Southborough, MA 01772

RE: Retirement Date

Dear Mark,

I am formally letting you know that I plan to retire on November 30, 2020.
I plan to use vacation time starting Monday, November 23, 2020 to November 30, 2020.
Therefore, my last day in the office will be November 19, 2020.

I have enjoyed working here, but with the current medical climate and my age I feel it is the best option for me.

Sincerely,

Carolyn A. Ostresh

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 17, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Update from Youth and Family Services
Ms. Cassell reviewed Youth and Family Services goals and issues they wanted to discuss. She described the shifting of services to online or phone platforms which required adjustments to consent forms. She described their stronger partnership with the Police Department and the increase and addition of needs due to the pandemic. Ms. Cassell stated they created a Facebook Live show called Coffee Talk. She described the success of the show and stated Representative Dykema will be on December 1st to talk about housing instability. She stated they are working on new trainings and webinars and welcomed a new administrative assistant on October 1st. Ms. Cassell described the referral services offered by Youth and Family Services before the pandemic and the plan to hire more clinicians. She added that there were many challenges with this system and outlined a new system with Interface Referral Services. She said a generous grant from the Southborough Community Fund could be used to institute a one-year contract with Interface Referral Services for January 1, 2021. She stated this would be more economical for the Town versus hiring more staff. Chairman Healey asked if there were any identifiable trends since March. Ms. Cassell described the months from March to November which included an uptick in people seeking services. Ms. Braccio asked about modelling other communities and Ms. Cassell stated that Westborough, Northborough, Hopkinton and Holliston are using Interface Referral

Services. Ms. Malinowski asked if there is a spot open at Interface for Southborough. Ms. Cassell replied that they are holding a spot for January. Mr. Stivers asked about Coffee Talk. Ms. Cassell stated that it is livestreamed on Facebook every Tuesday at 10:00 A.M. and is also available on Southborough Access Media. Mr. Stivers stated he is in support of the Interface Referral Services platform from a budget and services standpoint.

Update from Arts Council

Ms. Piekarz reviewed events that were taking place before the pandemic including exhibits of local artists featured at the Library and grants received. She explained projects various local artists completed throughout the year including one at Chestnut Hill Farm that is available for viewing on SAM and YouTube. Ms. Piekarz said the Arts Council received a grant from the Southborough Community Fund and they were able to buy structures and portable display pieces for pop-up exhibits. Chairman Healey suggested the Arts Council partner with the EDC and DPW for equipment. Ms. Malinowski asked if they had connected with local businesses in Town to display the artwork. Ms. Piekarz stated she reached out to Reliant Medical Group and did not receive a call back. Mr. Purple suggested working with the EDC and Christopher Robbins to work with Reliant. Mr. Shea suggested incorporating a food truck and other events with the local businesses on Main Street. Mr. Stivers suggested partnering with the schools. Ms. Braccio asked about virtual events and Ms. Piekarz described a virtual open mic night and other possible events.

Update from Recreation Commission

Mr. Davis described the programming that opened in August including drive-in movie nights, a small soccer camp with BEST soccer and after school programs. He added that after school programs will begin again in January after considering the details of moving inside. He stated the Gobble Wobble will be virtual this year and asked for guidance regarding the new basketball court at Fayville Park. There was discussion regarding tying the net to dissuade people from using the court during the spike in COVID-19 numbers and it was agreed to keep it open to the public.

Mr. Davis described the current Mooney Field lighting project and the Planning Board process. He stated that their hearing has been continued three times and the Planning Board is waiting for a third-party peer review from Fuss & O'Neil which was not received as anticipated. He described the details to which the Recreation Department has altered their plans and stated they will not agree to any more extensions and will be holding firm to receive judgement on November 30th. Ms. Hansen stated that Mr. Davis has been working with the Town Planner on this project for over a year and he has gone above and beyond to deliver exactly what the Planning Board has asked for. Chairman Healey stated he was supportive of what has been discussed and suggested a post-mortem conversation be had once the project is approved so this situation does not happen again. Mr. Shea asked if there was a response from Fuss & O'Neil and Mr. Davis said not as of yet but it is expected by the end of the week. Mr. Shea stated that they should be pushed to respond as the holidays are approaching and will slow the project down even more. Ms. Braccio agreed and stated Recreation needed time to review the response from Fuss & O'Neil to address any outstanding items for the next Planning Board meeting. David Fialkow (10 Lyman Street) stated he is the Vice President of Southborough Little League and gave a timeline of the process with the Planning Board. He stated that Town Counsel opinied that the Planning Board should give a reasonable site plan review and Mr. Fialkow said he felt Planning did not follow this and it has not been reasonable. He voiced his concern about the amount of Town funds the Planning Board used for their review. Kristin LeVault (12 Southwood Drive)

requested that Fuss & O'Neil appear at the hearings. Chairman Healey stated that was outside of the Board's scope and stated the Town spending Mr. Fialkow spoke to could be a Board matter.

Town Accountant Carla McAuliffe and Finance Director Brian Ballantine

i. Quarterly financial report

Mr. Ballantine walked the Board through the Fiscal Year 2021, Quarter 1 Finance report included in the packet. The Board gave Mr. Ballantine feedback on information they would like presented during the next update. Ms. Malinowski asked questions regarding 9-11 Field, the ambulance fund and water expenses. Ms. Braccio asked questions regarding legal services and public buildings. Ms. Malinowski highlighted her observations after touching base with Ms. McAuliffe and Mr. Ballantine earlier in the week. These included an update regarding Norfolk County Agricultural High School, the future of the IT department and questions regarding expenses in arrears. There was additional feedback from the Board regarding items they would like to see in the next presentation. The Board extended their appreciation to Mr. Ballantine and Ms. McAuliffe for their presentation.

ii. Update on FEMA and CARES Act reimbursements

Ms. McAuliffe stated that she filed for CARES Act and FEMA reimbursements in October and has received the first amount of approximately $55,487 from the CARES Act. She thanked Lieutenant Aspisi for his assistance with FEMA. She explained that some categories in the CARES Act are fully funded and others are funded 25% with the expectation that FEMA will cover the remaining 75%. She explained the FEMA requirements for reimbursement and stated that anything denied by FEMA will be applied for through the CARES Act in the next round. She explained that CARES sends the money up front and does compliance auditing after the fact which leaves a chance that money given could be deemed ineligible and need to be returned. She stated the schools are also applying to the CARES Act as will the Rent and Mortgage Assistance Program. She asked that she be made aware of any other applications. She stated that round three of reimbursement has a deadline of December 12th. Mr. Shea asked if the PPE for pubic safety was only covered through FEMA and Ms. McAuliffe stated that FEMA covers 75% and the CARES Act covers the remaining 25%. Mr. Shea suggested that they be as aggressive as possible for reimbursement and tie any previous COVID-19 related expenses to these refunds. Ms. McAuliffe explained the risk of receiving CARES Act reimbursements only to have to return them once the compliance audit is done. Ms. Braccio asked if the Board was sent the submittal forms for the $138,000 sent for reimbursement. Mr. Purple said he would distribute them to the Board. There was discussion regarding aggressively seeking reimbursements and the risks including in doing so. Chairman Healey stated if the Finance Team is generally operating in good faith and something is thought to be potentially reimbursable but down the line it is not, the Board will approve and accept that determination. Mr. Purple publicly thanked Ms. McAuliffe and Lieutenant Aspisi for their work during the reimbursement period.

iii. Updated Town financial policy – monitoring of expenses

Mr. Ballantine explained the draft policy to ensure large overages of line items in budgets were identified and acted upon. He stated the thought was if the line items exceed approximately $100, the Board does not need to be informed. He added if a department was going to spend between $5,000 - $10,000 in overages on a line item from any department, the Town Administrator would have to approve and anything over $10,000 in overages would need Board approval. Ms. Braccio stated she was in support of the policy and Mr. Stivers stated that the language in Section 2 (E) should read "item to be in deficit." Chairman Healey made a motion to adopt the Updated Town Financial Policy as amended. Mr. Stivers seconded. The motion passed

by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. LeVault stated she would have asked the Board to delay a vote for other boards and committees to weigh in on this policy. Chairman Healey stated this was included in the packet and available to the public and Ms. Malinowski gave details about how the policy would limitedly pertain to the Recreation Commission.

IV. Reports

Chairman's Report

None

Members' Reports

Mr. Shea stated he attended the Veteran's Day observance last week and congratulated Mr. Whynot and Mr. Kolenda for planning an event that honored veterans while being respectful of the pandemic safety measures. He thanked members of the public safety departments and the Phaneufs for their continued maintenance of the memorial. He thanked the Eagle Scout for his project at the memorial and Southborough Access Media for recording the ceremony.

Ms. Braccio congratulated Southborough Youth and Family Services for being selected by the 100 Women of Southborough for their Gift Card Giving Program. She thanked the 100 Women of Southborough and added the donation could be $10,000 - $13,000.

Town Administrator's Report

Mr. Purple stated that many boards and committees continue to have evening meetings through Zoom and this has been a challenge with only two Zoom rooms available at one time. He stated that after speaking with Mr. Laflamme it was decided the best option was to add another Zoom room to accommodate for all the evening meetings. He requested the Board to approve $450 to acquire a license for a third Zoom room with full public access. Mr. Shea stated he was in support and suggested this be included in the CARES Act reimbursements. The Board agreed to the additional room and including the expense in the CARES Act reimbursements.

Mr. Purple reviewed the advertised position for an IT Manager, the ten current applicants for the position and the conversation regarding consolidating IT services with the schools. He stated he will have more information at the next meeting. Chairman Healey asked if it is decided to consolidate IT services with the schools, who will bridge the gap while the integration is taking place. Mr. Purple responded that in either solution, the schools will help with the transition.

Mr. Purple stated that AT&T is in the process of relocating their antennae off of the flagpole on Common Street and into the Pilgrim Church. He stated the lease agreement document should be executed over the coming week or so and stated they have concerns about the time between services coming off of the flagpole and into the church. He added this may be an agenda item on the upcoming meeting.

Mr. Purple stated that the warrant for the March 20, 2021 Town Meeting is scheduled to close in December and suggested the Board doe so for articles at the December 15th meeting. He added that there are fifteen articles carried over from the postponed meeting last spring, there are the normal financial articles and one new article submitted from the Assessor's Office.

Mr. Purple said MASSDOT is conducting routine utility work on the Mass Pike east and westbound between 11:00 A.M. and 12:00 P.M. this Saturday and between 6:00 A.M. – 7:00 P.M. on Sunday. He said to expect only one lane open to traffic.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page four it should read that Chairman Healey met with Mr. Purple and the Advisory Chair to discuss the budget. She added that on page five Mr. Stivers asked questions regarding the timeline of the report and not her. She stated on page six is should read, "Mr. Norris." Mr. Stivers suggested adding line numbers to the minutes and the Board agreed. Chairman Healey made a motion to approve the Open Session Minutes: November 4, 2020 as amended. Ms. Braccio seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the Library Donation of $15.00 from Xi Lu, for deposit to Library Donation Account. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the Winter Parking Ban for 2020-2021. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

<u>Performance evaluation policies</u>

Chairman Healey updated the Board on the policies and Mr. Norris and Mr. Mulholland's review of them. He stated that documents could be ready for December 1st. He asked Ms. Malinowski if she would like to participate and she said she would provide feedback before December 1st. The Board agreed to the timeline proposed.

<u>Update and discussion, RE: FY21 Goals</u>

Chairman Healey asked that this item be moved to the November 24th meeting.

<u>Discussion regarding 45 Highland Street</u>

Chairman Healey summarized the issue at 45 Highland Street and told the Board they are to discuss a possible way forward. He summarized his conversations with Mr. Weishan and Ms. Livoli. He stated that it was proposed to reconstruct a structure that fits in the neighborhood and meets the criteria of the Historical Commission. Ms. Livoli added that it is a non-conforming lot and that all technical issues will need to be addressed as well. Chairman Healey stated that this situation has brought to light some areas of the demolition delay bylaw that need improvement and clarity. He explained the issues he found with the bylaw and stated he is in support of the construction of a similar building that meets the criteria of the Historical Commission with the jurisdiction of the Building Department. Ms. Braccio asked about the process moving forward as the Historical Commission has the expertise of what the building should look like. Mr. Weishan clarified that the Historical Commission's purview only extends to the façade that is visible from the street. He added that he hoped this concession does not set precedent for other historical homes. Ms. Braccio agreed. Ms. Malinowski stated this solution sounds reasonable given the situation and stated that she is comfortable with this if Ms. Livoli and Mr. Weishan agree. Mr. Weishan reviewed the origin of the bylaw and reasoning for the two-year penalty. Chairman Healey stated he thinks the jurisdiction should lie with the Building Commissioner and Mr. Stivers agreed to the process presented. Mr. Stivers suggested the bylaw be updated and thought a

subgroup could be created to bring a warrant article to Town Meeting. Chairman Healey outlined the gaps in communication that he felt lead to the situation. Mr. Weishan described the measures the Historical Commission are taking to ensure this does not happen again. Ms. Braccio stated that an enforcement procedure should be included in any revisions of the bylaw.

VII. Public Comment

None

VIII. Executive Session

At 10:12 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body; and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 4, 2020. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

TOWN OF SOUTHBOROUGH
FINANCIAL MANAGEMENT POLICIES

I. OVERVIEW

It is the policy of the Town of Southborough that financial management is conducted with the objectives of providing municipal service in an efficient, effective and consistent manner that aligns with public policy goals as set forth by the Board of Selectmen.

To help ensure the Town's financial stewardship, an established program of managing the Town's finances is essential. To this end, the Board of Selectmen promulgates policies and procedures that are financially prudent and in the Town's best economic interest.

In adherence to this policy, the Town shall pursue the following objectives:

- To set forth operational principles that minimize the cost of government to the extent consistent with services desired by the public and that minimize financial risk;
- To continue effective financial management within the Town that conforms to generally accepted accounting principles;
- To simplify, clarify and modernize the financial systems of the Town as the need occurs;
- To provide increased public confidence in public financial management;
- To protect and enhance the Town's credit rating and prevent default on any municipal debts;
- To diminish the risk of significant service reductions as a result of economic cycles and downturns;
- To responsibly plan for future liabilities and to maintain funding sources and/or reserves to meet those expenses;
- And to provide safeguards to ensure the quality and integrity of the financial systems.

In order to attain the above objectives, the Board of Selectmen adopts the following policies.

II. ACCOUNTING, AUDITING AND FINANCIAL REPORTING

A. The Town will utilize accounting practices that conform to generally accepted accounting principles (GAAP) as set forth by the Government Accounting Standards Board (GASB), including compliance with GASB Statements 34, 40 and 45.

B. An annual audit will be performed by an independent public accounting firm.

C. A Management Letter shall be provided by the independent public accounting firm as a companion document to the annual audit which details any potential financial concerns that need to be attended to. The letter will be responded to by the Administration and presented to the Board of Selectmen.

Formatted: List Paragraph, Left, No bullets or numbering

D. Quarterly reports to be filed with Board of Selectmen and Advisory Committee illustrating local revenues received and Departmental expenses incurred in the prior three month period ending either September, December, March, or June.

~~C.~~ E. Monitoring of expenses: Department Heads will actively monitor their approved budgets. Any expense that will cause a budget line item to be in deficit in excess of $5,000-$10,000 or greater than $10,000 should~~will~~ have this expense approved prior to release for payment by the Town Administrator (notification to the BoS) or the Board of Selectmen, respectively. ~~Board of Selectmen prior to it being released for payment.~~ Since budgets are put together based on estimates, there are circumstances when unbudgeted expenses may be warranted. Additionally, the Town Accountant along with the Finance Director will review YTD budget to actual reports on a monthly basis. They will evaluate any potential line items that are trending to go over budget by more than the stated $5,000 and report any concerns under reporting in Section D or sooner if necessary.

Formatted: Font: (Default) Times New Roman

Formatted: Font: (Default) Times New Roman

III. GENERAL FUND

A. Budget Goals and Objectives shall be determined annually by the Board of Selectmen in consultation with the Town Administrator. However, the annual operating budget as submitted to the Town must be balanced with the estimate of proposed expenditures for a given period less than or equal to the proposed means of financing these expenditures (from various sources of funds or revenues). In short, for a budget to be balanced, proposed expenditures shall not exceed projected resources for the given period.

B. The Town will carefully and routinely monitor all amounts due the Town. An aggressive policy of collection will be followed for all receivables, including property taxes. An average collection rate of at least 95% of current levy shall be maintained. The Finance Director and Town Counsel annually will utilize the appropriate legal tools in satisfying any real estate and personal property delinquent accounts.

C. Charges for services and other revenues shall be reviewed on a regular on-going basis at least every three years. Charges shall be adjusted as necessary to respond to changes in the cost of providing services and shall fully cover the cost of providing said services. The Board of Selectmen may set specific cost recovery goals for individual departments or services as appropriate.

1. Recreation and Water Department—Recreational and municipal water usage user charges and fees will be set to recover approximately 100% of the total direct costs associated with these operations.

IV. RESERVES

A. Reserves reflect a community's ability to react to unforeseen circumstances and to minimize or avoid borrowing for capital expenditures. Reserves should normally average between 5% and 10% of the Town's General Fund operating budget. The Town will endeavor to maintain reserves at 5% of the operating budget. Reserves are defined to include the Town's Stabilization Fund and Free Cash, but not the OPEB Trust Fund.

NOTES:

H Investment rates extremely low; PS money expensed

I FY20 Schools returned one time unused funds in Q1

FY21 Q1 Expenses

- Other Operations (Utilities) will be budgeted by building FY22. As of 9/30 spending is on target at 24.15%.
- Town Clerk: Significant voting expenses – will determine any possible reimbursement (some available state & private grant money). Election expenses related to COVID are reimbursable.
- BOH: Several reimbursement tasks are in progress, some grant money available. Will need further analysis next several months. The amount of $7,135 has been moved out of salaries in FY21 for possible FEMA/CARES reimbursement.
- DPW: Several issues will have to monitor over remainder of year. These include -
  - The contracted services line item, 53880 often runs over budget. It is where DPW places most emergency services that don't fall into another line item (i.e. vehicle towing, transfer station breakdown operations, fuel pump issues) as well as maintenance that DPW cannot do (i.e. transfer station, stump dump clean-out, catch basin cleaning, police details, mobile vehicle and equipment inspections).
  - 0100-5-400-425-53880 is currently over in location 425-vehicle, (-10,777.60). The Mechanic quit in July this year (2020). Since the DPW is responsible to keep vehicles in Recreation, Facilities, Building, Police and DPW running, sustaining mechanic operations was mandatory. DPW located a road service mechanic that comes to the DPW and works one day per week. The salary savings is currently offsetting the contracted service. This line item will continue in the red until DPW replaces the mechanic and is back to full staff. This expense is not anticipated to be recurring in next year's budget.
  - 0100-5-400-492-53880 is currently over budget in location 492-tree (- 7,529.44). This line item is in the red because DPW did extra clean-up in the stump dump on School Street this summer. This line item will run deeper into the red because of police details for tree work. Clean up of the stump dump is a yearly maintenance item, but the cost has increased, so there will be an increase in the line item in the FY22 budget request.
- Court Judgements: over by $2,586.19 – this is the annual agreement with Northborough and part of amount due is determined by earnings from their stabilization fund. Slightly higher earnings than anticipated occurred in FY20. Will be adjusted upward in FY22 budget. At year end we will recommend either a Departmental transfer or Advisory reserve fund transfer.

FY21 Q2 Preliminary Issues - Expenses

- Further information will be available with FEMA and CARES Act action and any updates to these programs will be documented.
- DPW: Additional issues to report on next quarter will be:
  - Account 0100-5-400-433-53880 (Solid Waste): The hopper had unexpected repairs that may be able to be covered in Departmental budget.
  - Account 0100-5-400-494-52320 (Grounds Keeping/Supply): Water Irrigation – Depietri Field needed water irrigation and the contractor working on this had to unexpectedly do this. There was a problem with locating the water main.
  - Account 0100-5-400-433-52320 (Solid Waste): Refuse Disposal – Tonnage up 11%. Recycling costs are also double what was anticipated. The reason for this may be more residents at home during these times. Could be significant shortfall for the year and this may require a Reserve Fund transfer.

Final Thoughts

- Should BOS want any format changes or other data in future quarters please advise.
- BOS should consider one liasion to meet quarterly before reports issued to understand outstanding issues and help facilitate public discussion.
- Financial Policy may be updated as to overspending on line items, however there will remain a de minimus amount as a limit.

Mark Purple, Town Administrator

FROM: Carla McAuliffe, Town Accountant

RE: CARES/FEMA Update

Below is a status of the CARES and FEMA reimbursements:

The Town of Southborough did file both the CARES and FEMA reimbursements in the Month of October. The Town has received the CARES Round 2 reimbursement which totaled $55,487.00. The quarterly reporting for CARES has been submitted as well.

The FEMA request totaled $106,291.09. The maximum they will reimburse is 75% which is $79,717.00. We have heard back from FEMA twice and are in the process of going through their list of additional information required to complete their review. This process is typical in a FEMA reimbursement. FEMA is looking for overtime hours, contract services, and materials ordered to be tied to an emergency COVID task- not a general COVID task as part of a category B emergency declaration. If any charges are denied from FEMA we will then apply for 100% reimbursement through CARES in the next round of funding. The date of the next funding round has not been released yet.

There are many moving parts between FEMA and CARES with regard to reimbursement and eligibility. Both sources of funding are Federal but handle their auditing and reporting much differently. FEMA requests all supporting documents to be uploaded along with the funding request. CARES pays the funds requested upfront and will do a compliance audit at a later date. CARES requires a quarterly report on expenses as a separate submittal. There is a chance if CARES deem expenses ineligible, we will owe funds back to the granting authority. The expenses may be eligible categorically, but must meet the following; the expense must be necessary as a result of COVID; unbudgeted as of March 27,2020; and the cost incurred between March 1, 2020 and December 30,2020. In addition, the Town must receive the benefit of the goods and services by December 30, 2020 and have proper documentation.

Should you have any questions, please do not hesitate to ask.

SOUTHBOROUGH LIBRARY

DATE: November 9, 2020

TO: The Honorable Board of Selectmen, Town of Southborough

FROM: Ryan Donovan, Library Director

SUBJ: Donation to the Library

To: The Board of Selectmen:

The Southborough Library has received a check from Xi Wu in the amount of $15.00. The Southborough Library is currently waiving any/all overdue fines as result of the COVID-19 pandemic. Xi Wu incurred overdue fines and the library subsequently waived them, but she wanted the amount donated to the library anyway at her request.

At this time, the Library Board of Trustees and I wish to accept this donation, to be placed in the "Library Donation" account, #2629-6-610-570-57820. We ask that you agree. Please contact library director Ryan Donovan with any questions or concerns. Thank you.

Ryan Donovan, Library Director

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 4, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Volunteer Interview – Angela Varner, Municipal Technology Committee: term 6/30/22
Chairman Healey welcomed Ms. Varner and stated that Mr. Probst had given her an enthusiastic endorsement. Ms. Varner gave background on her experience which included over twenty years in the technology field and she is the working on a hybrid-based cloud knowledge system for her current employer. Ms. Malinowski asked what she would be most interested in contributing to the Committee. Ms. Varner stated that she would like to work with the five-year strategy that included more input from citizens and a data driven approach for the Town. Mr. Shea stated he has known Ms. Varner for years and endorsed her for this role. Mr. Stivers made a motion to appoint Angela Varner to the Municipal Technology Committee: term 6/30/22. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

7:00 P.M. – Discussion with Board of Health – COVID-19 update
Ms. Woodford told the Board the pandemic has shined a light on public health in the community and the Board of Health members are identifying gaps and challenges in the services they are able to provide. Chairman Healey stated that he is looking forward to having that dialogue in the future. Ms. Amico summarized her experience with the pandemic since starting her position.

She explained case investigation, contact tracing, quarantining and color classifications as they relate to COVID-19. Chairman Healey asked if there were anything she would suggest residents do to improve the community's safety from COVID-19. Ms. Amico stated that following the State guidelines especially with mask wearing and social distancing is the greatest risk reducer. Ms. Braccio asked that seeing as schools are not a transmission point for COVID-19, where cases were coming from. Ms. Woodford stated that she does COVID-19 investigating in Framingham for work and they have found that outbreaks are occurring in sports teams, long-term and group homes, large businesses and stores. She added that because Southborough is smaller, there are less high transmission areas and less cases. Ms. Woodford explained what exposure means and the measures taken if a person has been exposed to someone who is positive for COVID-19. Ms. Braccio asked if school nurses are able to help with the caseload and Ms. Amico explained that school nurses are not helping as school is in session all week. Ms. Malinowski stated schools are looking to do more regular testing and asked how that would impact Ms. Amico's workload. Ms. Amico explained her responsibilities and those of the school nurses regarding positive COVID-19 cases. Mr. Stivers asked if she felt there are sufficient resources to execute the contract tracing needed. Ms. Amico stated that more nurse hours are needed. She elaborated on her workload and the additional hours she is working due to the pandemic. Ms. Woodford agreed that more resources are needed and explained her concern that once the CARES Act resources run out, there will not be enough funding to support the needs of the community. Chairman Healey stated he has hope that Congress will revisit the issue of funding for COVID-19 related expenses and asked for data regarding the amount of contract tracing being done. He asked Mr. Purple to follow up with Ms. Amico to find the data and assess needs. Ms. Woodford asked the Board to inform them on the type of data they are looking for and Chairman Healey agreed to do so.

Dr. Medina introduced himself and presented the PowerPoint slides included in the packet. He stressed the need for students to continue to go to school and gave examples of other countries who have full-time in-person school with little to no COVID-19 transmissions. He outlined the public health crisis in children due to the pandemic and less time in in-person learning. He outlined safe and unsafe activities. Dr. Medina described the mental health crisis and explained the resources available through Southborough Youth and Family Services. Ms. Malinowski asked what he felt the rest of the school year would look like. Dr. Medina stated the goal is to maintain hybrid learning and not revert back to full remote as it is detrimental to children. He added the goal is to also increase in-person learning as much as possible. He explained that testing and screening would be necessary to do this and the current process for quarantining when a positive case arises. Ms. Braccio thanked him for being and advocate for children and his work within the community.

Mr. Pisinski gave an overview of the status of the Davis Farm Dump and his proposed next steps. He stated that fifteen years ago a licensed site professional inspected the area and did not find any contamination of the site or wells. He added that there is an extensive amount of debris at the site and recommended that the Town appoint an oversight committee appointed by the Board that included a member from the DEP, Board of Health, Conservation Commission and one to two citizens. The proposed committee would immediately begin the process to have the site surveyed and get a bid for a company to remove the trash. Mr. Shea asked if an LSP has inspected the site recently. Mr. Pisinski said he believed the Conservation Commission is looking to hire an LSP to conduct deeper digs into the site. Mr. Shea stated he would like to have an LSP who is leading the effort for the Town to follow. Mr. Purple confirmed Ms. Danza was in the process of vetting a new LSP. Ms. Malinowski asked Mr. Pisinski if he is suggesting the $15,000

for the funding of the project be brought to Town Meeting and if he is suggesting the remediation plan should go into effect next year. Mr. Pisinski replied in the affirmative and explained the proposed details of the project.

Karen Galligan – Chapter 90 project approvals

Ms. Galligan asked the Board to authorize the transfer of $145,000 of Chapter 90 funds to finish the design work for the Cordaville Road project. She also asked the Board to give Mr. Purple permission to sign the documents on behalf of the Board. Ms. Galligan described the work this would cover and stated it would start this winter. Mr. Stivers asked if this were an opportunity to bundle the work together and go to bid for a bulk contract to help decrease costs. Ms. Galligan explained and stated that the current engineering firm has been very good. Ms. Braccio asked about the $30,000 in the general fund from Legacy Farms. Ms. Galligan explained how this process works and stated the DPW was accurately accounting for this. Ms. Malinowski asked if moving forward that the appropriations will be used for sidewalk maintenance instead of road maintenance. Ms. Galligan replied in the affirmative. Ms. Malinowski asked if a hearing was required for this project and Ms. Galligan replied that for a project this size they usually meet with abutters and there will be hearings with the Conservation Commission as it is permitted through them. Mr. Shea made a motion to allocate $145,000 of Chapter 90 Funds to the Cordaville Road project. Chairman Healey seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan explained the funds needed to fix St. Mark's Street and the corner located there in addition to the creation of a shared parking lot with the Library. She added the project also includes finishing sidewalks from where it ends on Marlboro Street to St. Mark's. She stated that $105,000 is needed to make this shovel ready. Chairman Healey asked if the deterioration of the area at the intersection was due to work done by St. Mark's or otherwise. Ms. Galligan stated that it was from the stone wall work done at the intersection and explained that the water used to flow into that area and puddle up. She explained how drainage would be fixed to make the area more drivable. Ms. Braccio asked if it a dollar figure was known from the Safe Routes grant. Ms. Galligan said it was unknown at this time and the grant opens for submissions around January. Ms. Malinowski asked who had oversight of the spending on these projects and Ms. Galligan stated she signs off first, the engineer checks the numbers and the Town Accountant is then responsible to make sure everything is accurate. Mr. Shea urged discussions for a public/private partnership with St. Mark's for the intersection work at Route 85 and the school. Chairman Healey made a motion to allocate $105,000 of Chapter 90 funds for St. Mark's Street design. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan described the proposed project for Route 85 and Framingham Road and stated a survey needed to be conducted. Ms. Malinowski asked if the survey could be done and then the project put on hold for three to four years to coincide with the TIP project. Ms. Galligan replied that the survey should stand with only minor updating needed. Mr. Stivers stated he is in support and suggested this process begin. He suggested communication with legislators a list of shovel ready projects. Chairman Healey requested an invitation for Representative Dykema and Senator Eldridge to attend a future meeting. Chairman Healey made a motion to allocate $130,000 of Chapter 90 funds for a Route 85 and Framing Road survey. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Galligan explained that they are looking to replace the draining pipe under the CSX track in the downtown and CSX agreed to give the Town an easement to do so. She explained the encroachments and their willingness to give only five feet of property with the easement. Chairman Healey stated that Mr. Lamy had resolved his issues with CSX and asked Mr. Purple for an update on how other landowners are situated with this issue. Mr. Purple agreed inquire with the business owners and update the Board. Mr. Stivers asked to compile a list of options that are typical for this type of situation to give to property owners. Mr. Purple agreed.

Discussion of process for receiving/assigning/tracking litigation

Chairman Healey asked Mr. Purple to outline the new tracking system to prevent the same issue with the Warfield litigation from reoccurring. Mr. Purple explained the process from first receiving notice of a lawsuit, informing the insurance company, and providing all documents, updates and legal filings to the Board. He explained the files available to the Board and how to access them. Mr. Purple stated there is redundancy in the process to ensure all parties are aware as quickly as possible of each step and correspondence with the legal cases. He asked the Board if they preferred to receive updates through email or to insert them into the case files. Ms. Braccio stated she was happy to have redundancy. Ms. Malinowski stated that she will leave it to the judgement of the Town Administrator whether the Board needs immediate notification of updates or if including it in a report is sufficient. She asked that the Board be made aware of any major milestones.

IV. Reports

Chairman's Report

Chairman Healey praised Sue Butka for assisting him with in-person voting. He also gave accolades to the Town Clerk's Office and Mr. Hegarty for managing in-person voting on election day. He also wished Mr. Hegarty well after he took a fall.

Chairman Healey informed the public that the Town House Receptionist was retiring. He congratulated Ms. Ostrech and wished her well.

Chairman Healey stated there will be an Executive Session held next Tuesday to discuss the process of receiving appraisals for the Art Center property with the Capital Committee.

Chairman Healey stated that numerous committees will be attending the November 17th meeting to talk about the Downtown Initiative.

Chairman Healey stated he assigned three departments or boards to each member to act as a liaison. He asked the Board to give him feedback as the process begins.

Chairman Healey stated he met with Mr. Purple and the Advisory Committee and they are on the same page with the Board regarding challenges in fiscal year 2022.

i. Follow-up on 10/20 discussion with Personnel Board

Chairman Healey stated he met with Mr. Purple and Ms. Rosenbloom last week. They spoke and agreed that Mr. Purple will be making monthly reports at Personnel Board meetings about items related to SAP, policies adopted by the Personnel Board and any personnel matters that fall under that umbrella. He stated that they also agreed that the Personnel Board should be kept in a firmer loop on all SAP hiring in order to ensure consistency with SAP and their policies. He

added that the Personnel Board will be notified anytime a decision is made in hiring or promotions especially with new conditions of employment. Mr. Stivers asked to hear from the Personnel Board quarterly regarding their view of the process and to receive input on Mr. Purple's performance appraisal. Ms. Malinowski asked if the organizational chart was discussed and Chairman Healey said it was not as he had a hard stop after an hour.

ii. Advisory request on EOY payouts, leave time accruals

Chairman Healey stated that the Board received an update of end of year payouts. He stated there was concern about consistency and Mr. Purple and the Finance Team are creating an outline of the current payouts. He stated that the Board will be working individually and in conjunction with the Advisory Committee to review this information to see if there are any issues and to ensure that employees are treated as equitably and fairly as possible.

Members' Reports

Ms. Braccio stated that the Rent and Mortgage Program went live and thanked Mr. Laflamme, Ms. Esposito and Mr. Purple for their assistance.

Ms. Braccio stated there was a wonderful drive-through at the Senior Center for Halloween for Senior Center employees to interact with seniors.

Ms. Braccio said she is creating a process to facilitate Board member office hours. She will report back with next steps.

Ms. Malinowski stated she attended a ceremony to honor Sergeant DeLuca and other officers after the June 22nd event. She said the ceremony was led by Chief Paulhus and it was great to see Sergeant DeLuca back and other officers honored.

Mr. Stivers said the Master Plan Committee is making good progress and suggested they attend a future meeting to update the Board. Ms. Malinowski asked for a target date for the completion of a draft document. Mr. Stivers stated there is no firm date but their goal is to have a draft in early 2021.

Town Administrator Report

Mr. Purple stated that Tom Laflamme has given his notice and he will be leaving at the end of the month. He said that Mr. Laflamme was the first IT manager after outsourcing IT services for over twenty years. He commended Mr. Laflamme on his work with the Town and stated that position has been advertised. He added that the Board may want to review how the position is structured.

Mr. Purple stated that there are four cases of COVID-19 currently in isolation and eighty-seven have been discharged. He added that Ms. Amico has been the conduit to assist patients in and out of isolation.

Mr. Purple stated that the Shared Streets grant has helped to provide tents and heaters to loan out to businesses and there has been a liability agreement that Town Counsel has signed off on. He stated that businesses have to sign a waiver that relieves the Town from liability and ensures the loaned property is returned in good condition. He added the EDC is helping to facilitate this.

V. Consent Agenda

a. Chairman Healey made a motion to approve Open Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Ms. Malinowski asked to hold agenda item "b." Ms. Malinowski stated that only a cover sheet from Youth and Family Services was provided and the amount for the donation was not on the letter. She asked the Board review the policy as to how they handle donations to the Town and ensure they are receiving consistent information. She stated she is adding that policy to the list for the Board to review. Ms. Malinowski stated this donation was made by the Pilgrim Church for $500. Chairman Healey made a motion to accept the donation of $500.00 for Youth and Family Services donation account. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Ms. Braccio asked to hold agenda item "c." Ms. Braccio wished Ms. Richards well on her resignation and new position. She added Ms. Richards was honored today as she was the dispatcher on duty when the incident with Sergeant Deluca occurred. Chairman Healey made a motion to accept the resignation from Full-Time Dispatcher Robyn Richards, effective November 1, 2020. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to appoint John Terranova as Full-Time Dispatcher for Police Department, effective November 5, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to set Saturday, March 20, 2021 for Annual Town Meeting date. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

<u>Discussion of performance evaluation documents policy</u>

Chairman Healey explained the 2018 Wayland decision that impacted the way performance evaluations are treated in terms of public record. He stated that the legal opinion by Mr. Norris is included in the packet. He explained how the different ratings are categorized on a performance evaluation and that written comments are included. He explained that he reviewed Mr. Purple's performance evaluation as did Mr. Mulholland of the Personnel Board. He said the Attorney General has interpreted the public records statute to read that any items that go to the Board as part of personnel review automatically become public record. He asked the Board which parts of the performance evaluation they would like to include in part of the packet knowing it will become public record. He added that when he filled out the evaluation, it was not with the understanding that what he was writing would become public record.

Mr. Shea stated he leaned towards including the composite information in the packet and suggested if individuals have comments they would like to make that they could do so in a private conversation with Mr. Purple. Mr. Stivers stated that any evaluations the Board may have input on should be available to the public. He added that the overall grid and individual numerical ranking should be a public document. He added that he felt there should be a public discussion where details deemed appropriate could be discussed. Ms. Braccio asked if Mr. Morris was contacted regarding contract employees and what can and cannot be released. Chairman Healey stated he discussed this with Mr. Norris. He added that the opinion of the Supreme Judicial Court was clear that anything sent to the entire Board as part of consideration is public

WINTER PARKING BAN 2020/2021

Effective December 1, 2020, there will be no parking on any public way in the Town of Southborough from 12 midnight until 6:00 a.m. and furthermore, there will be no parking on any public way during any snowstorm in the Town of Southborough. Vehicles parked will be towed at the owner's expense (according to §152-6 of the Town's Code). **This Ban will be in effect from December 1, 2020 through March 15, 2021.**

Illegal parking during unusual storms occurring before or after the Ban will be dealt with according to Section 152-6 of the Code of the Town of Southborough which states:

"The Superintendent of Streets, or other officer having charge of the ways, shall be authorized, for the purpose of removing or plowing snow or of removing ice from any way, to remove or cause to be removed to some convenient place, including in such term any public garage, any vehicle interfering with such work, and the liability for the cost of such removal and the storage charges, if any, resulting therefrom shall be upon the owner of such vehicle".

Board of Selectmen
Executive Session Meeting Minutes
Tuesday, November 17, 2020
Virtual Meeting through Zoom

Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers, Town Administrator Mark Purple, Jason Malinowski, Kathryn Cook, Andrew Pfaff and Joseph Palmer

At 10:12 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body; and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 4, 2020. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Disposition of Real Property, Arts Center [Exemption 6]

At 10:13 P.M. Mr. Malinowski called the Capital Planning Committee meeting to order. Chairman Healey summarized the discussion that took place at the previous Executive Session meeting regarding the Arts Center. He asked if there was appetite among the Board to move forward with a possible sale without first going to Town Meeting. He said he felt disposing of this property would be easier if there were specifics to an offer proposed as opposed to a hypothetical. There was discussion regarding the process for putting Fayville Hall to bid and how the process could improve for the Arts Center. The Board agreed to move forward with the bidding process before Town Meeting. Mr. Malinowski asked the Board if they wanted to add any restrictions to the bid. Mr. Pfaff explained his experience with ANRs with his property and suggested hiring an engineer to survey the property and conduct perc tests. Mr. Stivers asked if the Town should get Planning Board approval before a sale and Mr. Pfaff said the value of the lots would be higher if they were done prior to sale. Mr. Stivers suggested preserving the façade of the Arts Center. Chairman Healey agreed and added that part of the presentation at Town Meeting should include identifiable lots. Mr. Malinowski reminded the Board that the Arts Center is on the National Historical Registry.

Mr. Malinowski asked Mr. Pfaff if he had an estimate of the cost for perc testing and certified plot plans. Mr. Pfaff stated the plot plans would most likely be under $5,000 and perc testing would be approximately $2,000 - $3,000. He added that the major cost is the equipment and suggested reaching out to the DPW. Mr. Malinowski stated that if the Town were to go through the Planning Board process, it may not be ready for Annual Town Meeting. There was discussion as to whether or not the Town should navigate the Planning Board process. There was discussion regarding funding and whether to move forward with perc testing and land surveying. Ms. Malinowski stated she was uncomfortable with the Board going through the ANR process but felt perc testing made sense. Mr. Shea felt hiring a surveyor would not be advantageous but is in favor of perc testing. Chairman Healey stated that the first step should be the perc testing and no decision needed to be made beyond that at this point. Mr. Purple agreed to reach out to Ms. Galligan. Mr. Purple reminded the Board that two departments reside in the Arts Center and Mr. Malinowski gave an overview of the discussions he had with them. Options for moving the two departments were discussed. Mr. Shea suggested meeting with abutters early in the

process. It was agreed that the Board will move forward with perc testing before any other steps were taken.

Review and Approve the Executive Session minutes of November 4, 2020

Chairman Healey made a motion to approve the revised draft of the Executive Session minutes dated November 4, 2020. Mr. Stivers seconded. [redacted]

Chairman Healey made a motion to approve the revised draft as submitted with the additional amendments from Ms. Braccio and Ms. Malinowski as discussed. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

On a motion made by Mr. Shea, seconded by Ms. Braccio and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey aye, Executive Session was closed at 11:13 P.M.

Capital Planning Committee Executive Session
Board of Selectman Executive Session
November 17, 2020
Virtual Meeting held via Zoom

Voting Members of the Capital Planning Committee Present: Jason Malinowski (Chair), Lisa Braccio, Joseph Palmer, Andrew Pfaff

Voting Members of the Board of Selectman Present: Marty Healey (Chair), Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers

Ex-officio Members Present: Mark J. Purple

I. Call Meeting to Order

Tuesday, November 17, 2020, 10:12pm. Mr. Healey motioned for the Board of Selectmen to enter executive session after reading the formal statement for executive session, seconded by Brian Shea.

The Board of Selectmen voted 5-0 by roll call vote to move into executive session. Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers, Marty Healey (Chair)

Tuesday, November 17, 2020, 10:13pm. Mr. Malinowski motioned for the Capital Planning Committee to enter executive session after announcing the condition, per Massachusetts law general chapter 38 section 21, the committee would not return to open session, to discuss the disposition of real property exemption 6 concerning the Arts Center, the chair declared that an open meeting might be detrimental effect on the negotiating position of the public body. Seconded by Lisa Braccio.

The Capital Planning Committee voted 4-0 by roll call vote to move into executive session. Lisa Braccio, aye; Joe Palmer, aye; Andrew Pfaff, aye; Jason Malinowski (Chair), aye.

Mr. Healey then asked Mrs. Hale to begin the executive session, recording of the meeting was halted, and confirmed.

II. Discussion of South Union School Appraisal Continued from November 10 Executive Session

Mr. Healey welcomed the Capital Planning Committee. Mr. Healey noted in past discussion there might be an appetite to market a listing for the property before a town meeting to solicit offers, and asked Mr. Malinowski and Mr. Shea if that was the process which occurred for the Fayville property. He felt that if there were more specifics at the Town meeting that it would be easier for the citizenry to fully consider their options. Mr. Malinowski believed this would be different from the Fayville process. Mrs. Braccio said it was at town meeting where facade restrictions were added to the Fayville property, and it was then put out to bid. The first bid on the Fayville property was rejected because it was low, and so it went back out for rebid. Mr. Shea confirmed that was his recollection as well, and the restrictions were reflected in the bid values.

Mr Healey expressed that he liked the idea of a bid proposal before going to town meeting, it would be advantageous, however, would have liked precedent for that process in prior transactions. Mr. Stivers agreed having a proposal would seem advantageous before the town meeting. Mrs. Braccio and Mrs. Malinowski were also in agreement on the point. Mrs. Malinowski raised concerns about the timeline of getting the property listed, proposals, and preservation and conditions of those offers while the full town process was in motion and brought to conclusion. Mr. Shea agreed there were those concerns as well as a change in the commuter rail services which might affect the value. Mr Healey asked the committees about the potential process, and what should be included to draft the most advantageous market listing.

Mr. Malinowski noted the endorsement to move forward with a process, and added there might be the need to add expertise in the crafting of a listing, and was interested in guidance from the BOS concerning restrictions that were deemed likely or important (ie. facade, lot divisions). Should this process be carried by Mr. Purple or the Capital Planning Committee? Should Expertise be added in either situation? Should the topic now be put back out into open session considering a basic strategy has been decided?

Mr. Healey inquired if someone on the Capital Planning Committee had expertise/input. Mr Pfaff expressed from the experience dividing his own property in Southborough for sale, covering division plans, planning board A&R approval, marketing and selling it. He expressed the property would be far more valuable with planning approvals already secured, and thought there might be up to 6 buildable lots on the property in addition to the old school building, but needed perk testing to determine possibilities. The process would be to hire an engineer to lay out the plots and do perk tests, and decide what restrictions the town would like to put on it knowing what is possible. The School building could be condos or commercial property. Mr. Shea inquired about a vacant parcel west of the land. Mr. Pfaff replied it was owned by SOLF (Southborough Open Land Foundation) and was not part of the property. Mr Stivers inquired if there should be planning board approval before listing. Mr. Pfaff replied that would be advantageous, and each buildable lot could be worth 100 - 150k if there is a perk test and A&R approval. Mr. Stiver agreed that it would seem a packaged listing would increase the value of the listing. Mr. Stiver further expressed that though he was interested in maintaining the facade on the school, he would like to know the market value both with and without that restriction; and it might be easier to pass a sale at town meeting with facade restrictions. Mr. Pfaff said the property looks to be close to four acres, he believes zoning is 1/2 acre lots there, but there is potential to limit lots, keep open land, let the town decide how it would like it to look, but some may limit sale income. Mr. Healey expressed that getting this through town meeting without a property plan was likely to be very difficult. Agreed with by Mr. Stivers.

Mr. Malinowski asked if the town's demolition bylaw might apply, the School is on the national registry. Mr. Healey said there were gaps in the demolition bylaw, but would not encourage exploitation of them. Mr. Pfaff did not think the school property would be affected by the break off of lots, it would be condos or other, and not need the open space. A plot plan can be taken to the planning board, if it is acceptable under the codes, there is no need for a public vote to affirm it. Mr. Stiver expressed a "low impact" style package with tighter units and open space could be developed. Mr. Pfaff said understanding what is possible is not a commitment, just gives the town options. Mr. Malinowski asked what the process is likely to cost. Mr. Pfaff guessed the plot plans would cost less than 5k and the perk testing 2k or less. The town could do the digging for the perk testing and possibly save money.

Mr. Healey encouraged putting the process in Mr. Purple's hands to get the perk testing done, and a potential plot plan. The price should ballpark less than 10k. Mr. Purple expressed if it is more than 10k it

might violate the new expense policy. Mr. Stivers advocated they could vote to approve it. Mr. Pfaff introduced there might be enough money in the Capital Planning Committees 35k appropriation. Mr. Malinowski counseled that the expense would effectively deplete the committee's remaining funds, but if that was the determination of the Committees, then so be it.

Mr. Malinowski related that in planning for the Public Safety Building, the A&R took a long time on a piece of property that was going to remain generally the same, and that no matter how well thought out a town meeting proposal might be for the Arts Center, there were likely to be more opinions inputted into the process which may complicate the process. Some may ask, is avoiding the annual 35k in maintenance plus a potential investment of up to $500k over the next 5 years to preserve the property moving forward, and potentially adding tax revenue, enough compensation to the town? Should that discussion be moved to an open meeting? Mr. Stivers expressed the committees are just trying to explore what is possible and having a fuller understanding would greatly benefit an open discussion and provide clarity to all, and town meeting will be the decision making body. Mr. Healey introduced that approval for the process funding would be in an open vote by the BOS, but asked Mr. Purple for clarity. Mr. Purple said that wouldn't be necessary if they used Capital Planning Committee funds, but if it needed to go to Advisory for a reserve fund transfer then it could happen, having the chair of Advisory on the Capital Planning Committee would help that process. Mr. Pfaff said the committee could have Karina look at a plot plan he drafted with GIS information, and get feedback from her. Mr. Malinowski expressed that might not be the smoothest path considering how the appraisal solicited by the Committee just concluded. Mr. Pfaff replied any turbulence or appraisal short comings may have arisen because an appraiser may require planning board approval before including options/opinions in their appraisals.

Mrs. Malinowski asked if the committee should go through the explorative valuation process and make a recommendation at all, considering the situation at Deerfoot. Mr. Pfaff expressed that might drastically reduce the value. Mr Malinowski proposed that perhaps the committee could accept bids providing a due diligence period, as with St. Marks and Public Safety, and let the builders do their own testing and develop their own plan. Mr. Purple advised that Fayville had many restrictions and that it only moved forward when certain permits were granted, which is why it took so long to close on it, so leaving it to due diligence could elongate the closing cycle. Mrs. Braccio advised in keeping the facade (and there was an elevator of value in the building), however, it seemed that much of the expandable value was in the potential of options with the land; and was there interest in affordable units or other options to maximize value to the town. Mr. Pfaff mentioned a multi-family potential. Mr. Stiver added the idea of open space with an affordable unit or two as well, and that doing the testing and approvals will not only speed up the closing process, but possibly increase interested parties. Mr. Malinowski inquired who would do the work with the planning board, and represent the town? Mr. Stivers replied the BOS could do it. Mr. Healey clarified that there would not need to be any votes to get it done. Mr. Pfaff replied that that was correct, that the neighborhood would not be notified of the occurrence, nor would have to vote upon it. Mr Pfaff said the perk tests at a minimum would allow bidders to know the potential of the property at minimal cost. Mrs. Braccio inquired if impediments on the property, ie. Playground and other, might impede the perk testing. Mr. Pfaff replied possibly, but multiple tests would reveal potential, and do not require approval from the board of health. Mr. Stivers mentioned Mr. Pisinski might be a person to give insight on perk potential given his general knowledge and experience.

Mr. Healey gave options: to do due diligence before listing the property, or to list the property without doing diligence. Mr Stivers and Mrs. Braccio were in favor of funding some due diligence. Mrs. Malinowski was not opposed to an expenditure to do so, but was not in favor of the BOS speculating on what could be done;

then the BOS might be held responsible for the final development outcome/plan. Mr. Shea asked Mr. Purple to confirm that when Fayville was under consideration, the language used was that the town would award the property not based upon the best price, but on the best value to the town. Mr. Purple confirmed that the property was to be awarded based on value to the town and not just monetary valuation. Mr. Shea thought there was advantage in the perk testing, but wasn't in favor of having a plan made. Mr. Shea thought letting bidders submit plans might be the best course of action with submission criteria (encouraging affordable housing, etc) as with the Fayville property. Mr. Shea thought the matter would be up for discussion in meetings and the minute the BOS put lines on a page for plans, it would be troublesome. Mr. Braccio asked if the perk testing alone (without ANR) would be enough to establish potential development value? Mr. Pfaff expressed he thought it would be. If the property won't perk then there would be little need for any other step.

Mr. Healey said it would then be necessary to move the matter to open session, to move to doing due diligence on perk testing, possible vote on financing, and then if listing, what considerations should be established. Mr. Pfaff (and Mr. Malinowski) said DPW might do the digging for perk testing, mitigating a need to vote on financing. Mr. Healey expressed a desire to avoid public rumor by not politicizing the process to do perk testing with public discourse. Mr. Purple also expressed the public partners in the building would be very interested in the process/progress as well, and a prepared conversation with them to avoid unnecessary confusion. Mr. Stivers said there has already been some conversation. Mr. Malinowski agreed with both, that there has been conversation so this should not be a surprise, but a further conversation of space planning for those partners needs to occur. Mr. Healey agreed. Mr. Palmer advised that perk testing could be done to justify the selling of spare lots on the property having nothing to do with the school building. Mr. Stiver said he didn't think that either department was wedded to the building in anyway. Mr. Shea noted that before the town purchased or planned for the golf course/Public Safety Building was disclosed, Latisquama and other parties were already speculating on rumors, he and John Rooney had to do a meeting down at the senior center, and learned that those parties would make it very difficult for passage without conservation restrictions. It would be advantageous to solicit feedback from neighbors to gather support and consensus. Mrs. Malinowski noted that the playground was the only one on the south side not school attached, and fenced, so options for it should be explored. Mr. Stivers reinforced that going in with a package of value added incentives - open space, affordable unit, playground plan, will help the process. Mr. Purple agreed with Mr. Shea, and said the public safety project offered something to almost all interested parties, and that's what made it successful. Mr. Malinowski thought there might be fewer abutters needed for inclusion than in the golf course process.

Mr. Healey advised that the committees might be getting ahead of themselves, depending on the results of the perk testing, as it may not perk and options very limited. Mr Stivers agreed more information would be helpful, and through open session the committee can express that view, and a path forward discussed should perking prove to open options. Mr. Shea said his comments were not meant to discourage/slow the perk process, only to build consensus efficiently should the process move beyond that. Mr. Healey said he would like to avoid the turmoil of the Main Street process.

Mr. Healey asked Mr. Purple about getting the DPW to get the perk testing done. Mr. Purple said he could find out the options and get back to the board before any necessary voting. Members of the BOS suggested posting the item on the agenda as Property Assessment for the next BOS meeting on the 24th. Mrs. Braccio suggested it not be the week of Thanksgiving to avoid being missed by distracted community parties, and posted for the December 1 2020 meeting. Mr Pfaff advised that pushing it off is not advisable, as winter is not the best time for perk testing. Mr. Pfaff also inquired about prior testing of the property. Mr. Stiver

replied Mr. Pisinski would know a lot about that. Mr. Healey suggested without objection December 1 would be adequate.

Mr. Malinowski suggested it might be time for the Capital Planning Committee to Adjourn.

III. Adjournment

Mr. Pfaff made a motion to adjourn. Seconded by Lisa Braccio.

The Capital Planning Committee voted 4-0 by roll call vote to adjourn the meeting. Lisa Braccio, aye; Joe Palmer, aye; Andrew Pfaff, aye; Jason Malinowski (Chair), aye.

Minutes submitted by Joseph Palmer, Committee Member.

By Town Clerk/rhc at 10:00 am, Dec 18, 2020

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 24, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
The Planning Board called their meeting to order at 6:36 P.M. The EDC called their meeting to order at 6:37 P.M. Ms. Braccio gave direction for the meeting procedure and introduced Ms. Barrett. Ms. Barrett asked for direction on floor area ratio and explained floor area ratio versus footage requirements per use. She outlined standard metrics regarding these requirements and gave examples of the how these could impact building in the downtown area. She added that there have been competing ideas on these metrics and a decision needs to be made before her final draft can be submitted.

Ms. Braccio opened the discussion to the participants. Mr. Morris stated the he approves of a floor area ratio (FAR) of .35 and would not want it to exceed .40. Mr. Morris explained the public hearing process for warrant articles. Ms. Luttrell stated she was also in support of .35 and would be in support of exceeding .40 through a special permit process. Ms. Connelly asked to research similar towns and what their floor area ratio looks like by right. She explained her concerns on height limitations and the potential impact it could have on the housing piece for mixed use. She suggested starting the floor area ratio at .40 and exceeding beyond this through special permit. Ms. Duca agreed. Ms. Barrett stated she would prefer to make the floor area ratio higher than

.35. Ms. Hoolahan and Mr. Morris were in support of keeping the FAR at .35 with special permit allowances of up to .40. Ms. Luttrell stated she was in support of a FAR of .35 with special permit allowances of up to .50. Ms. Barrett stated that the special permit allowances should be enough to entice someone to go through the process. Ms. Connelly noted that Ms. Munsiff made a comment through chat that the ZAC report had a proposed zoning FAR of .75 for the downtown area. She noted the discrepancy in numbers and wanted to look into other similar towns to come to a compromise. Mr. Shea agreed with the Planning Board as did Ms. Malinowski. Mr. Stivers asked Ms. Barrett to outline ratios that worked to attract developers to invest in downtowns and those that did not. He suggested considering a .60 or .70 FAR and limit lot coverage to allow higher buildings. Ms. Braccio stated she supported a .35 FAR with special permit regulations through Planning Board for a larger number. Ms. Barrett stated that predictability is the most important factor for a developer and the more uncertainty built into the permitting process, the greater the negative outlook. Mr. Morris, Ms. Hoolahan, Chairman Healey, Ms. Luttrell, Ms. Malinowski, Mr. Shea, Mr. Stivers, Ms. Duca and Ms. Jasinski agreed with a .35 FAR by right and with up to .50 by special permit through the Planning Board. Ms. Connelly asked to conduct more research for a higher ratio. Ms. Braccio asked Ms. Barrett to follow consensus for her final draft.

Building height was the next topic discussed and the consensus agreed to up to forty feet and three stories. Ms. Braccio stated the next topic was multifamily units and explained the feedback provided in the packet. Ms. Barrett explained the benefits to having multifamily housing in the downtown district and how it positively impacts economic development. Ms. Connelly agreed with Ms. Barrett and described her concerns regarding diversity in housing stock. Ms. Duca was in support of multifamily housing in the downtown area. Mr. Morris stated he was in support of this section of the proposed bylaw. It was pointed out that it should read, “up to twelve units” allowed under a special permit. Ms. Malinowski summarized her concerns that it would be challenging for any project to hit the affordable housing threshold and therefore would essentially negate the affordable housing section of the proposed bylaw. Mr. Shea agreed with the consensus. Mr. Stivers agreed as well and spoke of his concerns regarding the feasibility of affordable housing in the downtown district. Mr. McCay stated he agreed with the sentiment that mixed-use and multifamily housing is the whole purpose of the downtown zoning and encouraged to release some control in order for projects to be executed. He suggested design guidelines as a way to encourage developers.

Ms. Barrett summarized her feelings on the affordable housing section of the proposed bylaw. She stated that in her experience developers of smaller projects are not usually inclined to build to affordable housing thresholds due to the work, time and funds involved. She said that there may not be any affordable housing opportunity in the downtown area as the size is limited as are the number of lots with split zoning. Ms. Jasinski stated she had the same concerns. She described her reservations on access issues for seniors with residential units allowed only on the second floor and felt that living above a retail unit will dissuade young families from moving to this area. She added that she did not see this area as a viable option for affordable housing. Ms. Malinowski stated she would like to see an affordability component that is achievable and was not sure this area will be able to do so. She stated she also did not want to turn off builders from wanting to build in this area. Mr. Morris suggested removing the affordability component from the proposed draft bylaw. There was discussion regarding removing the language, raising the threshold and workforce housing. Ms. Barrett explained the implications of each. The consensus agreed to raise the multifamily affordable housing threshold to eight units from six. Mr. Stivers

added that there will not be a significant impact in the 10% affordable housing threshold from the downtown district.

Ms. Barrett outlined comments regarding landscaping and open space and explained the open space ratio of 20% for lots. Ms. Connelly asked if this was better served in a design guideline created and used by the Planning Board. Ms. Barrett agreed that this belongs in site plan review and not in zoning. She explained how the design guidelines would be developed and implemented during the site plan review process. Ms. Duca agreed and stated that too many regulations could deter developers from building. Mr. Morris stated that he would not like to implement design guidelines as they are subjective and the Planning Board would lose control over what the design of a project would be and felt the special permit process is the more advantageous option. He added that the special permit process gives greater authority to impact design. Ms. Barrett explained when a special permit would be triggered and how design guidelines would differ from that process. Mr. Morris said he felt Town Counsel would not agree with her description of how the guidelines could be implemented. Ms. Barrett replied that was not her experience with other towns and would not comment to Town Counsel's opinion. Ms. Luttrell and Ms. Hoolahan were open to both options and wanted to discuss further with their entire Board. Ms. Barrett explained how the 20% open space ratio would be implemented on lots in the downtown district. Ms. Malinowski, Mr. Shea and Ms. Braccio stated they do not have strong opinions on the matter and would defer to the Planning Board. Mr. Morris suggested referring to Town Counsel for his opinion. Ms. Luttrell stated she is comfortable with the use of guidelines allowing more flexibility by right but wants to discuss the matter at a future Planning Board meeting. Ms. Braccio suggested leaving this section in the draft bylaw with revisions discussed. She added that it could change after future discussion. Mr. McCay stated he is in support of a process that allows more by right with a site plan review that includes design guidelines. He stated this will add predictability to the process and encourage some of the kinds of projects the Town is looking for.

There was discussion regarding the inclusion of a sidewalk requirement in the draft bylaw. Mr. Shea stated the he is hesitant to include a sidewalk requirement in the bylaw as sidewalks are under the purview of the municipality. Mr. Stivers suggested including sidewalks in the design guidelines. Ms. Barrett stated she did not need any more direction for her next draft. Ms. Braccio reviewed the feedback document provided in the document and asked for comments from the participants. The consensus agreed to changes in multiple definitions, allowing residences on the first floor of a mixed-use building and Ms. Barrett agreed to do research on limiting the amount of time one could have occupancy in the definition of bed and breakfast. There was more discussion regarding the feedback document and questions for Ms. Barrett. Mr. Stivers stated he will continue to look to Ms. Barrett for insight into other towns similar to Southborough in terms of lessons to keep in mind moving forward and to promote development. Ms. Barrett stated she has the information she needs to move forward. The Planning Board adjourned their meeting at 10:14 P.M. The EDC adjourned their meeting at 10:15 P.M.

IV. Reports

Chairman's Report

None

Members' Reports

None

Town Administrator's Report

Mr. Purple updated the Board on his discussions with the school Superintendent regarding the IT Management position. He stated he would like to continue exploring shared services with the schools but as of now they do not have the capacity to assume town wide IT management. He stated that he is moving forward with hiring an IT Manager for the Town which is being led by Ms. Hale. He stated the interview process will begin within the next week or ten days and the school offered the Town their IT services in the interim. The Town will cover 1/3 of the salary for this period.

Mr. Purple stated that the Fire Chief informed him that two antennas at EMC need to be replaced for the public safety radio system. He added the cost is just over $8,600 to replace and the Police and Fire Chiefs are working together to review the budget. He added this could potentially become a Reserve Fund transfer of some amount.

Mr. Purple updated the Board on conversations had with Crown Castle and AT&T. He stated that AT&T should be signing the lease agreement with Pilgrim Church to move the antennas into the steeple and Crown Castle is to have drawings for the new flagpole submitted to the Town on or around December 4th. Mr. Purple added that the delivery of the flagpole will take two to three weeks after the design is approved by the Board.

Mr. Purple stated that Representative Dykema and Senator Eldridge are available to meet with the Board on December 15th and asked for specific topics the Board would like to discuss. Mr. Purple agreed to send a list of topics to the Board and the Board will reply with one to two topics of their own.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that an agenda item was missing from the October 30, 2020 meeting minutes. She asked Mr. Purple to revise the minutes to include the second agenda item and the corresponding motion, second, and unanimous vote. Ms. Malinowski asked that in the November 10, 2020 meeting minutes, revising the sentence regarding Chairman Healey's update to read "MASS DOT is holding public forums on transit services." Mr. Stivers asked that on page two when referring to the next meeting, it should read "6:30 P.M." Chairman Healey made a motion to hold the approval of Open Session Minutes: October 30, 2020 and November 10, 2020 until the December 1st meeting.

b. Chairman Healey made a motion to give permission for the Inspector to waive inspection fees for licensees. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the donation of $52,036.00 from The New England Center for Children. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

a. Other Matters Properly Before the Board

None

b. Public Comment

None

On a motion made by Chairman Healey, seconded by Mr. Stivers and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:28 P.M.

Upcoming Meetings
December 1, 2020
December 15, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

List of Documents referred to at the November 24, 2020 BOS Meeting:

- COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING: 11/15/2020
- Selectmen's Minutes 10/30/20
- Selectmen's Minutes 11/10/20
- Letter from Laurie Livoli to Mark Purple 11/2/20
- Letter from Michael Downey to Mark Purple dated 11.2.20

COMMENTS RESOLUTION MATRIX: SOUTHBOROUGH TOWN CENTER ZONING: 11/15/2020

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status**[1]
1	**1 Purpose** 2) From the June 2020 EDC document	There is nothing in the bylaw that creates bicycle and pedestrian friendly village. Over 50% of the lots have no public sidewalks, and the town has no current plans to add them. Sidewalks on Boston Road and Newton street are on the East side not the West side where the new zoning is proposed. There are no sidewalks on park street. How will people get to shops or residences by walking? They will have to be crossing streets back and forth to access sidewalks without any way to get to a crosswalk.	We need direction from the Town about how much development should be promoted in this very small district. As drafted, the proposed district doesn't provide an economic basis to capitalize major infrastructure improvements. This is because we have tried to be sensitive to the concerns we heard about scale and overdevelopment. If the Town wants development in this district to be of a scale and value sufficient to pay for infrastructure improvements, we need to know that. Bicycle and pedestrian-friendly facility needs already exist in the town center. We are not sure what the Town's plans are to address these needs.	
2	**1 Purpose** 8) Fron June 2020 EDCdocument	"Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly walking spaces where the community can gather." Increased housing development with no green spaces – where are children supposed to play? How would they get there without sidewalks? What is the plan for bicycles on these streets?	The type of housing contemplated in this district is not family-friendly. There could be families in the upper-story housing, but that is generally not the market for mixed-use buildings. We completed the first major study of mixed-use development impacts for another Massachusetts community several months ago. Pretty confident what this kind of housing attracts and it is not (in almost all cases) family housing.	
3	**5 Definitions**	Façade?	The front exterior of the building. We will add a definition if the Town believes it is needed.	

[1] A=accepted; AM=accepted, with modification; NA=not accepted.

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
4	**General Comment**	This bylaw has been promoted as creating and promoting green space, parks, walkability etc. but we could find nothing in the bylaw that does so.	Not sure where this came from. Promoting it as a source of green space did not come from us; perhaps others? We do not know. If that is what the Town wants, it's fine, but we need direction and clarity about what the trade-offs should be.	
5	**Part 4: Use Regulations** **G 5**	Façade build out – could not find a definition of a "façade buildout". Is there potential that buildings could In effect have no set back from street? We want to know what a façade is and how that could impact green space.	A zero setback is very common in town centers. The draft requires a minimum front setback of 10 feet.	
6	**I. (1) (d)**	Front set back does not include green space. It should require green space / park-like setting.	We can address this in the development standards, but it would be better for the Planning Board to address it in design guidelines or administrative regulations.	
7	***I.*(2)**	Landscaped open space" should be defined. For example: lawn but no mulch. Use native plants etc. Criteria needs to be developed and deigned. The goal was to create a walkable village with lots of open space. In addition, requirements for trees should be defined. A possible benchmark is Natick which applied for State funding to plant more trees in their downtown to make the areas more inviting and cooler. It appears that the front setbacks could be all hardscaped-pavers, concreate patios, etc.	Yes, landscaped open space can be defined. But, we need direction about what the Town wants in terms of the balance between development and open space. A district with abundant open space is a noble goal, but it isn't what we were asked to prepare. Natick is not a great example. I have worked there. Its downtown is much larger than Southborough's, and Natick has done (and continues to do) <u>many</u> Smart Growth zoning innovations that Southborough doesn't have and likely would not want. Natick's policies that support downtown development and higher-density housing have made the town very competitive for grants like the one you mention. And, its downtown has ample accessible hardscape to accommodate walkers, bikes, and people with mobility impairrments.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
8	Part V: Village Business District plan review	We would like to have the site plan review requirements remain the same as they are today for Village business District but with additional criteria to trigger it if needed.	Not sure how to interpret this. The SPR standards can be retained; what the proposed zoning does is eliminate the special permit process for site plan review because it is not necessary. The proposed zoning retains special permits for certain uses and certain dimensional options.	
9	D	We need clarification on this. The word "except" was unclear to us. Is this section in addition to or instead of current site plan requirements? It appears that the only site plan required would be for lots that need a special permit for use as defined in the new code for example, a special permit is required for height increase but this would not trigger a site plan review as we read this section. We would like to keep the same requirements that exist today for Village business District in the new town center business with this as an addition to current requirements.	The except clause means that only uses requiring a special permit will require the site plan special permit process. Uses permitted as of right can be handled through traditional site plan review. It would be helpful to us to hear more about why the Town believes it even needs to use a special permit process for site plan review. Everything that relates to site plan review can be handled through a well-crafted SPR bylaw. Use the special permit to regulate land uses or dimensional options that you want the discretion to review case by case or to provide some incentives, e.g., a higher FAR for inclusion of affordable housing.	
10	General Comment	If we increase housing density, we need to plan for playgrounds, green spaces and sidewalks. Who will be able to walk to new business if there are no sidewalks? How will residents in the denser housing be able to walk to business village shops unless it's in their building? There are no green spaces or parks, no requirements for trees. With climate change and urban areas creating heat sinks this seems short sighted. Without trees, this district will increase energy use for heat and cooling.	We need direction from the Town about how much infrastructure burden should be borne by development in the town center. Usually communities provide downtown infrastructure through capital outlays and state grants because town center development rarely achieves the scale needed to pay for major improvements. That said, there is plenty of opportunity for the Planning Board to specify the kinds of landscaping improvements it will require

	Sec.	**Comment**	**Response**	**Status[1]**
		The state is promoting and focusing funding om Nature-Based Solutions to offset climate change impact, we should be planning new zoning t with this in mind, not creating a district that will need future public funding to fix.	developers to provide. This can and should be done through design guidelines and site plan review standards. Another option is to shrink the maximum allowable coverage on a lot if the Town is willing to accept more building height. This approach would increase potential green space without gutting the incentive to develop and invest in the downtown area.	
11	throughout	Use "Downtown Business Village District" and "DBVD" throughout (many places called "Downtown Village Business District" and "DVBD")—should be consistent with current zoning bylaw.	Agreed. We will make these corrections in the final version.	
12	7-9	Replace definition with: "Bed and breakfast is an establishment, complying with all applicable state and local fire, sanitation, and food service provisions, in an owner-occupied residence providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests, with no stay longer than 10 consecutive nights for any guest, with all accommodations reserved in advance, and with no cooking facilities in rooms."	OK; that's fine.	
13	18-22	Replace definition with: "Mixed-Use Development: A development that includes both residential uses [primarily on upper floor(s)] and nonresidential uses [on ground floor and some amount on upper floors] within a single structure, with nonresidential uses primarily occupying the ground floor (street level) (that is, no more than one residential unit on the ground floor occupying no more than 30% of the ground floor area) and residential uses primarily above on the upper floors (that is, no more than 50% of the total upper floor area being used for nonresidential uses). "	Best practices with mixed-use: focus on the placement of commercial space and avoid regulating ground floor uses with floor area percentages. We need direction from the Town.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
14	23	Add definition for "Co-work center"	Agreed.	
15	45	Use FAR of 0.40	No disagreement here, but perhaps someone at town hall should look at what the existing FARs are before we make this change.	
16	49	Replace with: "Professional services (including medical or dental office), business services, business office, or bank."	Agreed.	
17	54	Replace term with: "Microbrewery"	OK	
18	63	Add two uses: "Multifamily housing up to 4 units (as part of a mixed-use development)" and "Indoor recreation, athletic or exercise facility"	OK	
19	64	Increase 3,000 square feet to 4,000 or 5,000	My original answer to this was OK, but I've thought about it more and I really think 5,000 sq. ft. is too much. Hoping draft 3 clarifies our intent.	
20	66	Replace with: "Retail sales (including convenience store or food mart)"	OK, though "convenience store" worries me a bit.	
21	71	Replace with: "Personal services such as barber shop, hair salon, tailor, or repair shop (for personal items such as shoes, clothing, etc.)"	OK	
22	75	Increase limits to match sections B and C (0.40 and 5,000)	Will consider.	
23	77	Remove (no dogs/ kennels)	OK, I think this is in your existing zoning. We tried not to remove existing use privileges as much as possible.	
24	79	Remove—added above	OK	
25	80	Replace with: "Multifamily housing, over four units (as part of a Mixed-Use Development)."	No option for multifamily except in a mixed-use building? We need direction.	
26	81	Remove—no parking structures	Again; I think this is in your existing zoning.	
27	83	Remove—added above	OK	
28	92	Remove—no trailers	OK

	Sec.	**Comment**	**Response**	**Status[1]**
29	106	Replace with: "Front: 5 feet. (Architectural features such as bay windows, bay windows, balconies, porches, canopies, etc. shall not be subject to this setback requirement.)" [or maybe 0 feet?]	OK	
30	153-155	Need more incentive/requirement for open space in DBVD--not just hardscape. Look to J Barrett for ideas about how to make this happen (experience from other communities?).	See our responses to comments #4, #7.	
31	156-162	need a struture that will provide more incentive/requirement for affordable housing; make these rental units?? Make this "four or more units"?? Look to J Barrett for ideas about how to make this happen (experience from other communities?).	Can't use zoning to regulate form of ownership and tenancy (it's not a land use issue). I worry that the potential projects in this district are going to be pretty small, and if they are, they won't have enough scale to absorb a loss of rental income. We need direction.	
32	174-2	Microbrewery defined by not allowed use	Yep, I goofed. Will reconcile the terminology in the final version.	
33	174-2	Mixed -use dev definition. The total gross floor area of non-residential uses shall be at least 10% of gross floor area. How does that encourage commercial development if only 10% of GFA is required to be non-residential?	Best practices with mixed-use: focus on the placement of commercial space and avoid regulating ground floor uses with floor area percentages.	
34	174-8.4.1	Craft brewery or distillery allowed use but not defined. Same as microbrewery?	Yes, I goofed. Will reconcile in the final version.	
35	174-8.4.1 C &D (1)	C permitted uses up to 3k sq ft/establishment D (1) SP for uses under C exceeding 2Ksq ft/ establishment. Should that be 3K?	Good catch; yes, that is a typo. Should be 3K.	
36	174-8.4.1 C	permitted uses up to max 3k per establishment Why the limitation on size of these establishments? Why 3k limit for restaurant but no limitation on size for a craft brewery of distillery?	Different land uses with very different impacts on surrounding area.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
37	174-8.4.1 D (4) & I (3)	D (4) multifamily housing up to 8 units allowed by SP I (3) affordable required for 8 or more units in multifamily or mixed-use building. Isn't the maximum number of multifamily housing units 8? Isn't a mixed-use building with 2 or more units multifamily housing by definition? Is the maximum number of housing units 8/bld?	Mixed-use and multifamily are not the same land use. One includes multiple uses; the other is a single use on multiple floors of the same building.	
38	174-10.1	Is site plan approval required for all uses in DVB?	Town center district subject to site plan review. The major change is that site plan review in this district would not require a special permit UNLESS the proposed use requires a special permit.	
39	174-8.4.1G (2) & (5) (b)	Minimum frontage 60 ft Façade buildout: frontage 50-80 ft, 60 ft min shouldn't that be 60-80?	No because some lots may not conform to the minimum frontage of 60'.	
40	174-8.4.1 B	How was .35 FAR arrived at	Fairly typical in a town center district. I've seen anywhere from 0.35 to 0.50. True central business districts are different and typically have higher FARs.	
41	174-8.4.1 G (5)	what does façade coverage encourage or discourage?	It regulates the placement of buildings on a lot and helps to minimize irregular rhythms between buildings.	
42	174-8.4.1 H & G (6)	Not in favor of 4 stories. The inviting walkable villages that appeal to me are all 2 stories. 4 stories and possibly 3 would overwhelm our small downtown. Currently we have a 3-story max height in BH, IP and I districts. Why the increase to 40ft?	To encourage redevelopment.	
43		Appears the bylaw incentivizes the destruction of the historic buildings downtown rather than renovation. Most of the buildings currently downtown don't meet the min ground floor height of 12' so couldn't be added onto. How can historic preservation be incentivized?	I don't agree that the proposed bylaw promotes destruction of historic resources. There isn't enough economic value written into the draft bylaw to usher in wholesale changes in the town center. It is a bylaw that encourages investment but not anything significantly out of scale with what's there. The best way to protect historic	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
			buildings is a local historic district under G.L. c. 40C.	
44		Without any design guidelines there is no ability ensure village style development	Planning Board should have design guidelines now. The proposed zoning doesn't change that at all.	
45	174-8.4.1 (I) (3)	Regarding additional standard for development pertaining to affordable housing: adjust criteria: in any multifamily or mixed-use building with 4 or more units 12.5% affordable with minimum of 1 affordable per the requirements on the draft of affordability.	That standard is not economically feasible. We did some sample pro formas when we worked on the draft.	
46	174-2	Update Bed and Breakfast definition to: Bed and breakfast is a lodging establishment in an owner-occupied residence providing not more than four (4) guest rooms for overnight accommodations, providing breakfast for guests.	See previous suggested definition (on a previous page – from another commenter). Town needs to decide and tell us what you want.	
47	174-2	Update Mixed-use development to **Vertical** Mixed-Use Development (infers first floor would be used for more public purposes; **to be defined** (proposed) as restaurants, retail or commercial businesses and the upper levels to be defined (proposed) as private residential units or office space. Point: must define "mixed-use" not okay with leaving it as open definition	Any permitted nonresidential use should be allowed on the first floor. Residential can be allowed on the first floor as long as it isn't facing Main Street. There is nothing in the draft or your existing zoning, for that matter, that prevents a property owner from having different commercial uses within the same building.	
48	174-2 (Part 1)	Define Co-work center **(proposed)** Co-work is an arrangement in which workers of different companies share an office space, allowing cost savings and convenience through the use of common infrastructure, such as equipment, utilities, and receptionist and custodial services, and in some cases refreshments and parcel acceptance services.	OK-agreed.	
49	174-8.4.1 (B)	Section B: I do not fully understand the up to a maximum floor area of 0.35 change from up to 2000 sq. ft. I do not support the change and request to remain at 2,000 Sq ft as written	OK. We need direction from the Town.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
			The FAR regulates the overall bulk of the building and is a separate matter from the amount of floor area that can be occupied by a. particular use.	
50	174-8.4.1 (B) (1)	Suggest a limitation on # of units in a mixed use -development not to exceed 4 units (Must have a maximum with a 2-floor building- no more than 4 units)	Not sure why the Town would want to make mixed-use buildings so difficult to create and manage. What is the public purpose achieved by limiting the housing to four units?	
51	174-8.4.1 (E)	I would be in favor of removing language on the mobile home or travel trailer I entirety	OK but the language in the draft is in your existing zoning	
52	174-8.4.1 G (1)	I do not support lowering minimum square feet from 10,000 to 5,000. I would vote for retention at 10,000 square feet as it states currently	OK; we need direction from the Town.	
53	174-8.4.1 (G) (6) (a)	Support original height restrictions of 35' do not support up to 40'	OK; we need direction from the Town.	
54	174-8.4.1 G (6) (b)	Do not support 12' minimum ground floor height- UNLESS there is a specific statement regarding existing buildings seeking an alternate use would not be required to meet 12' minimum	That's fine. We need to think about how to write it so we don't unwittingly create a conflict with some requirements of the state Zoning Act. (More to explain that I can write out here.)	
55	174-8.4.1 (H)	Do not agree- remove	OK; need direction from the Town.	
56	174-8.4.1 (I) (3)	It is stated in section D (4) multifamily housing; up to eight units. No definition provided for multi-use This conflicts and states 8 or more units- need to define units in section B(1) maximum units in a mixed-use. I would suggest being a bot more generous in % affordable 12.5% could increase to 20-25%.	There isn't enough scale and density written into the proposed regs to support 25% affordable units.	
57	174-12	Parking remains to be the most significant challenge in this proposal, particularly (4) if maximum units is not defined.	OK. Best practices in planning discourage. Burdening small projects with high parking requirements.	
58	174-8.4.1 (I) (3)	1) **Application of Affordable Housing Unit (to "Building" vs. "Project"**). The language provides that the affordable unit requirement would apply to any multi-family or mixed use "building" that contained 8 or more units. This should really be "project" based, rather than "building" based—otherwise, a	We will review.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
		developer could circumvent the affordability requirements by doing a project with 8 units spread across multiple "buildings" (e.g. four duplexes, or two quadplexes). This is also the way 40B is structured—the required % of affordable units is based on the total housing units in the particular "project" rather than the # of units in any particular "building".		
59	174-8.4.1 (I) (3)	**2) <u>Affordability Incentives (Density Bonusses)</u>.** We should really acknowledge the reality that, in the absence of an incentive to do so, developers would not include affordable units in their projects (because quite simply, it means less profit). But, many zoning bylaws contain incentives that make creation of affordable housing more desirable and profitable to the developers. One classic device is to give them density bonuses. For instance, if the zoning dimensional/density limitations would cap the # of units in a given hypothetical project to 9 units, but if the developer is willing to make (say) 30% of the units affordable, then the developer would get a 30% "density bonus" that would allow the project to be expanded by 30%--so, the developer ends up having 9 market-rate units, and 3 affordable units (12 units total). By getting an extra 3 market-rate units, the developer ends up with a larger project that (overall) is more profitable than if it would have only constructed with 9 units (7 market/2 affordable)—which would be a win-win for developer and the Town. So, I think we should ask EDC to (in addition to the min. % noted in #2 above) add density bonuses as an incentive to developers to include affordable units in their multi-family or mixed use projects.	Agreed, though the amount of density needed to make affordability feasible in small projects needs to be considered. We will review.	
60	174-8.4.1 (I) (3)	**3) <u>Percentage of Affordable Units</u>.** It is definitely more standard in affordable housing regulations to require that 20% of the units be made affordable—e.g., both 40B, and 40R require a min. of 20% affordability. The proposed bylaw only requires that 12.5% of the units be affordable, and I think we should advocate for this to be increased to 20%.	Yes, 20-25% is standard under 40B, but the proposed zoning does not allow the kind of density that 40B allows. We need direction from the Town.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
		One note in this regard—I can see that with a small project of only 8 units, a 20% affordability requirement would effectively mean that at least 2 of the 8 units would need to be affordable (which would basically/necessarily translate into 25% of the 8 units, which that may see as a deterrent to development). One suggestion to help reconcile this might be to make the % slide based on the size of the project—e.g., if the project is only 8 housing units or less, only 12.5% would need to be affordable, but if there were 9 or more units, then the affordability requirement would be 20%.		
61	174-2	Add additional definitions-Façade build-out, ground floor height, co-work center, distillery, pub (mentioned in adaptive use but not defined, one in the same? multi-family housing,	Agreed.	
62	174-8.4.1(F)	If legally non-conforming, can they be outright prohibited? Or must go to ZBA/PB?	Legally non-conforming uses and structures are projected under Chapter 40A.	
63	174-8.4.1(B)(4)	Can a craft brewery have a restaurant also?	Usually the service area is accessory.	
64		Is Parking addressed in proposal?	See page 6 of the draft.	
65		If a pre-existing building, what are the requirements for PB/ZBA, etc.? if any?	See our response to comment #62.	
66	Part 1	owner-occupied residence; consider broader definition "is a small lodging establishment that offers overnight accommodation and breakfast ." limiting this narrow definition of owner occupied could be challenged. Small is up to 4 guests and should satisfy the objective and attract the investment. For example single family homes have business uses such as daycare even if no resident in A/B district I believe	A bed and breakfast doesn't have to be owner-occupied – it's really up to the Town. An owner-occupancy requirement is pretty common, though.	
67	Part 1	Perhaps include additional wording "a valid pub brewery license from the Commonwealth of Massachusetts and current zoning bylaws of the town. (note, such as proximity to schools, daycares and other establishments) or by special permit	I don't understand the change you are suggesting, but I also don't see a problem making microbreweries a special permit use. We need direction from the Town.	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
68	Part 1	The low bar of 10% for commercial to the total structural area can be limiting. For instance, existing commercial retail on main street, has housed very tiny shops, that in total would be pressed to meet a 10% bar.	10 percent is a minimum, not a maximum. We would much prefer to impose no minimum at all. This needs discussion.	
69	Part III	A single permitted use can be difficult to monitor. For instance; A beauty shop will have sub tenants that provide differing services as they partner to expand offerings. Is a facial the same as a haircut and herbal medicine? Can a dinner not sell some grocery? Its a slippery slope unless clearly differentiating businesses. Insurance agent partner with a real estate agent and restorative cleaning service on restoration disaster?	Perhaps, but communities do it all the time.	
70	Part V	A 2. Why is there an exclusion for medical and dental offices? Then listed again as allowable	Allowed by special permit, not as of right.	
71		A 8. Is a Co Work Center in conflict with multi use of the property? I am for Co Worker Center as allowable, but it's very board	A cowork center is a single use. The people who rent desks, cubicles, offices, or a conference room do not change the use of the facility. In fact, the use requires them in order to operate.	
72		H. 4 stories are high for the proposed special permit even when squeezed in. Not sure how you get 10 foot ceilings, a roof line of 5 feet. It's not really with the character of the main street. Most structures are 2 and 3 floors.	Yes, the existing structures are for the most part – or 3-story buildings. The special permit for a fourth floor is intended to ensure that the Planning Board has a good tool to regulate design of a structure that may be taller than the adjacent buildings.	
73		I 2 Open space and landscape of at least 5% seems low in relation to the lot size starting at 10,000 Square feet. . Perhaps ad the word contiguous so the space is not dotted throughout the front.	See our comments in response to #4 and #7 (and others). We can add contiguous; that makes sense.	
74	**174-10.1**	Major Site Plan from Planning Board triggers a Stormwater Management Permit from Conservation. It is also triggered if a land owner disturbs more than 50% of the lot. With small thresholds for lot creation, the Conservation Commission would be concerned with the amount of applications that would need to be submitted for an SMP. Where could there be	This can be addressed through amendment to the SMP. For whatever it's worth, we have heard from conservation administrators in other towns that they prefer redevelopment of existing small	

Comment Number	DOCUMENT: **VERSION 2**	**FOR REVIEWER'S USE**	**FOR CONSULTANT'S USE**	
	Sec.	**Comment**	**Response**	**Status[1]**
		language to for applicants to seek a waiver from the SMP? Can there be an exclusion within these amendments on lots of a specific size can be exempt or would we need to amend our SMP bylaw? With smaller lots, there would not be a feasible amount of space to implement many stormwater features.	properties because the redevelopment process results in better stormwater management.	
75	174-8.4.1.H	4 stories seems high for that area of town	That is why we proposed it as a special permit option.	
76	174-8.4.1.I.3	If we want to include affordable housing, then we should add 25% and a min of 1 unit. Otherwise, I am not sure we will accomplish any affordable.	25% is really high for small projects.	

DRAFT DOWNTOWN BUSINESS VILLAGE DISTRICT V.3

November 15, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on an owner-occupied property providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

Mixed-Use Development: A development that includes both residential uses and nonresidential uses within a single structure, with nonresidential uses occupying the ground floor (street level) and residential uses above on the upper floors. The total gross floor area of the nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District[1]

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:[2]

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through

[1] Note: some commenters suggested removing certain of the uses listed here, but most of the uses to be removed are already in Southborough's Business Village District zoning today. For this reason, we hesitate to remove them.

[2] The FAR has been moved to dimensional regulations.

service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.35

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

(2) Affordable housing. In any multifamily or mixed-use building with six or more units,[3] at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

[3] A few commenters suggested requiring affordable units in any development with four or more. We tried this with a few "test case" proformas and in our opinion, a four-unit project could not absorb the loss of income and still be feasible. We believe a six-unit threshold could work.

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

TOWN OF SOUTHBOROUGH
BUILDING DEPARTMENT

9 CORDAVILLE ROAD
SOUTHBOROUGH, MASSACHUSETTS 01772-1662
508-485-0717

To: Southborough Board of Selectman
Mark Purple, Town Administrator

From: Laurie A. Livoli, Building Commissioner

Subject: Annual Inspections for Restaurants

Date: November 2, 2020

Request for a waiver of permit fees totaling approximately $400.00 for annual inspections in coordination with the fire department for restaurants in town due to the Pandemic.

Each year these types of inspections are required by law under Chapter 304 of the Massachusetts Fire act by both fire and building departments and will be conducted in the coming weeks.

Thank you for your consideration.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, October 30, 2020, 11:55 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 11:56 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Mr. Healey indicated that this statement will also cover the Affordable Housing Trust Fund Committee immediately following the Selectmen meeting.

II. **Consent Agenda**

a. Chairman Healey made a motion to accept the resignation of Dan Kolenda from the Affordable Housing Trust Fund Committee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:59 A.M.

Upcoming Meetings

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 10, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

II. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

III. **Public Comment**
None

IV. **Scheduled Appointments**
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
Chairman Healey laid out the format and intention for the discussion. He opened the discussion to attendees. Ms. Luttrell, a member of the Planning Board, explained her concerns that the document looked to allow for a bigger more urban style downtown instead of a small walkable village style downtown. She noted the building heights and ceiling heights as examples of such. Ms. Connelly, a member of the EDC, stated that Ms. Barrett of Barrett Planning Group could not attend tonight to explain why she proposed the draft bylaw in the way it is written. She added that the EDC would like open space and greenspaces in addition to building for the downtown. She explained that open space and greenspace items may not be appropriate for the zoning bylaw and suggested creating a separate design guideline document. Ms. Malinowski spoke on

behalf of SHOPC and stated there is concern that the language in the first draft did not accommodate for affordable housing. She explained the details written in the draft bylaw and how it made it a challenge to achieve any affordable housing in this district. Mr. Wood, a member of the EDC, explained the changes they made to support more affordable housing and Chairman Healey stated that SHOPC made a compelling case that decisions regarding the drafting of the document should be very mindful of the affordable housing element. Mr. Wood addressed the suggestion to remove the ability to keep a trailer on a property and felt it should be kept with the clarification that a trailer would be temporarily allowed in the case of misplacement due to fire only. Ms. Hoolahan from the Planning Board agreed and stated that she would not want to see a trailer allowed as a permanent staple. Chairman Healey stated he would like clarity on the max floor ratio of .35. Ms. Braccio stated that Ms. Barrett offered multiple dates for a robust conversation regarding any questions and feedback. She asked the Board and other board and committee members which day they preferred and it was agreed to meet on November 24, 2020 at 8:00 P.M. Mr. Wood asked when to expect an updated document from Ms. Barrett that addressed the feedback from the various boards and committees. Ms. Braccio stated she felt that would be available this week.

Mr. Blaschke, a member of the Historical Commission, stated that he wants the walkability, greenspace and sidewalk component to be kept in mind when revising the zoning bylaw. He stated that the Historical Commission has not reviewed the draft document but that he had concerns with the height requirements and the ability for multiunit dwellings. Chairman Healey stated that Ms. Barret could address those items and her reasoning for including them at the next meeting. He said that continuing the sidewalk effort is in the forefront of their minds. Mr. Bhistitkul from SHOPC stated they want an affordable housing component included in this bylaw. He suggested making the requirement project specific as opposed to building specific and asked the Board to consider more density incentive bonuses to support affordable housing. Mr. Stivers stated this is a challenging problem as there is not a lot of space or money to invest in this area but also acknowledged the need to make it attractive for business investment. He asked Ms. Braccio and Ms. Connelly to work with Ms. Barret to use her experience in these cases to make suggestions as to how to incentivize people to invest and bring capital while balancing housing issues. Ms. Connelly stated she will convey this and all feedback to Ms. Barrett. There was discussion as to whether sidewalks should be included in a zoning bylaw or another section of the code. Mr. Morris of the Planning Board explained that the Board of Selectmen have jurisdiction over existing ways which include sidewalks. Ms. Braccio informed the public that comments and feedback for this document will be received through November 18th. The EDC adjourned their meeting at 7:29 P.M. and the Planning Board adjourned their meeting at 7:30 P.M.

Chairman Healey asked if there will be a revised document from Ms. Barrett before the meeting on November 24th. Ms. Braccio stated that Ms. Barrett had sent a response to multiple comments and answers to some of the questions in the feedback document. She added that these responses from Ms. Barrett should provide more clarity and she would be speaking with her tomorrow regarding next steps.

V. Public Comment

Cynthia Cram (44 Bigelow Road) asked for confirmation that the Board was in receipt of a letter sent to them regarding the proposed trail in the Bigelow Wildlife Refuge. She stated the letter is a follow up from public comment from weeks prior to address next steps. She also asked if the Board were in receipt of a petition from a neighbor. Chairman Healey stated he was familiar with

the letter and not a petition. Mr. Purple added he did not receive a petition. Chairman Healey stated that he understood the issue was before the Conservation Commission and the Board does not want to interject on their jurisdiction. He stated that the Conservation Commission process should continue and conclude before the Board would decide to become involved. The Board agreed. Ms. Cram explained the timeline for an opinion from the Commission. Mr. Purple stated that Ms. Danza has not asked for input from the Board. Ms. Braccio suggested the neighbors speak with SOLF directly as they have control of the land. Ms. Cram agreed to do so. Chairman Healey asked Mr. Purple to follow up with the Commission to make sure they are not waiting to hear from the Board. Mr. Purple agreed.

Marnie Hoolahan (26 Clifford Road) stated she was speaking as an elected official from the Planning Board. She asked the Board if they received her email regarding the two conflicting opinions for interpretation of a zoning bylaw. Chairman Healey stated the Board received the email. He stated Mr. Purple had a conversation with the Building Inspector and the posture procedure is that the Building Commissioner has made a judgement within her jurisdiction and the appeal of that determination is appealed to the Zoning Board of Appeals and not the Board of Selectmen. He added that the procedure is being followed for the Building Inspector to make her determination which is within her jurisdiction. He added that he reviewed her opinion of the bylaw and that of Town Counsel and understood how both could come to differing opinions. He added that the jurisdiction for making this determination is with the Building Inspector and the appellate right is through the Zoning Board of Appeals. Chairman Healey stated he would like to see that process play out. Ms. Hoolahan asked for the Zoning Board of Appeals application fee to be waived. Chairman Healey stated he is not inclined to inject himself as a member of the Board into a process already in place. Chairman Healey explained his interpretation of the opinions of both the Building Inspector and Town Counsel and reiterated that the applicable decision lies with the Building Inspector and she has made her determination. He added that the public is able to disagree and appeal that determination and suggested the process play out without the Board's interjection.

Ms. Braccio asked that the topic of waiving of the application fee be a topic of discussion. Chairman Healey agreed to adding it to the next agenda. Mr. Stivers stated he was sympathetic with Ms. Hoolahan and it would be helpful to provide clarity around this bylaw. Chairman Healey stated he does not disagree and the biggest problem with the existing bylaw is the language leads to multiple interpretations and there is no enforcement. He added that he understood how the Building Inspector as the person charged with the responsibility for interpreting and enforcing the bylaw came to her conclusion.

VI. Reports

Chairman's Report

Chairman Healey stated that in his last report he praised Mr. Hegarty's effort on Election Day. He said the poll workers should also be commended for their work to put in effect the controls of in-person voting during the COVID-19 pandemic. He thanked all the poll workers for their ability to ensure in-person voting was available last Tuesday. He suggested the Board send a letter of appreciation to them. Mr. Purple stated that this was Assistant Town Clerk Amy Berry's first election and she did an excellent job executing Mr. Hegarty's plan for a smooth Election Day.

Chairman Healey asked for a volunteer from the Board for the MWRTA Board. He added if there is no interest from the Board, he will reach out to other boards.

Chairman Healey stated that the State is scheduling public forums for input on services they are looking to stop offering. He stated they are looking to curtail weekend service and service after 9:30 P.M. on weeknights.

Chairman Healey said there are issues related to the 45 Highland Street property. He said some email traffic by Town committee members was not conducted on Town email which created problems. He stated that all Town volunteers and employees must use Town email to conduct business. He stated that 45 Highland Street will be on the Executive Session agenda for next week and Mr. Purple is setting up a folder for this possible litigation.

Members' Reports

Ms. Braccio stated that rent and mortgage assistance is available and residents can find information on the Town website. She added there have been applications and urged those in need to apply.

Ms. Malinowski stated she watched the School Committee meeting the previous evening and they are looking to use $100,000 out of the CARES Act funding for testing for COVID-19. She stated that Mr. Ballantine and Ms. McAuliffe will be attending the meeting next week and they will speak about this in their report. Mr. Purple stated the schools are also looking to purchase additional Chrome Books with CARES Act funds.

Mr. Shea stated he is looking forward to participating with the veterans at the Veteran's Day ceremony tomorrow morning. He stated he will give a brief report regarding the event next week.

Mr. Stivers stated he is working with the Board of Health regrading trash hauling licensing.

Chairman Healey stated that he heard feedback regarding Ms. Malinowski acting as the liaison for SHOPC as she is a member. He stated that he is in support of her being both a member and a Board liaison to SHOPC.

Town Administrator Report

Mr. Purple stated that a temporary flagpole has been set in time for Veteran's Day. He thanked Ms. Galligan for her assistance with this and explained the next steps once the temporary flag is removed.

Mr. Purple stated that there are preliminary discussions with the schools about possibly consolidating some Town IT services in light of Mr. Laflamme's resignation. He added that there will be a robust discussion with the school on Thursday and it could be a beneficial economy of scale. Mr. Purple stated the possibility will be discussed and the position has been advertised solely as a Town position for the sake of time. He will continue to update the Board on this matter.

VII. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page two, row three it should read, "Mr. Malinowski" not "Ms. Malinowski." Chairman Healey made a motion to approve Open Session Minutes: October 27, 2020 with the revision requested by

Ms. Malinowski. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the resignation of IT Manager Tom Laflamme, effective November 27, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
c. Chairman Healey made a motion to accept the retirement notice of Administrative Assistant Carol Ostresh, effective November 30, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
d. Chairman Healey made a motion to approve Executive Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:08 P.M.

Upcoming Meetings *December 17, 2020* *December 1, 2020*

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 1, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Municipal Technology Committee update
Matt Probst, Chair of the MTC, updated the Board on the four key areas the Committee is working on this year which include improving the documentation on the Town's systems and servers, inviting one department head to their monthly meetings to discuss current needs and problems and challenges with respect to technology, creating a five-year strategic technology plan and implementing cyber resiliency planning to improve Town security and redundancy. He added that the Committee would like to engage citizens and will be surveying them about Town technology to understand needs and improve cyber hygiene.

Ms. Malinowski asked if the Committee is looking at streamlining processes and software solutions throughout departments. Mr. Probst stated the general theme from department heads is that each department has their own helpdesk software and way of interacting with citizens which are areas that can be improved. Ms. Malinowski asked if the Committee vets new software before implementation. Mr. Probst replied that there is opportunity for improvement here but over the last few years the Committee has vetted new software with Mr. Laflamme. Ms. Malinowski stated that she is curious whether the software selected is the best option to solving the problem presented. Mr. Probst stated that the Committee is working to create clear

documentation of what the requirements are for a new software and a relative priority of needs in order to understand which software may be the best fit. Mr. Shea asked if the Committee is discussing the new servers listed as a capital budget item. Mr. Probst responded that the Committee is interested in discussing this line item and that they are cautious about how much the Town invests in legacy technology versus moving the Town forward on cloud-based technologies. Mr. Stivers asked for estimated timing on the new strategic plan. Ms. Probst said they hope to have a draft by their January meeting. Mr. Stivers suggested the plan could be used as a benchmark for department heads to invest in technology that coincides with the Town's long-term plan. He asked if there is a plan for making Town data more accessible to citizens and suggested the Committee and new Technology Manager could create that vision. Mr. Probst stated that the Committee will be working on creating an effective survey that is periodic and easy for citizens in order to gain feedback on current and future needs.

Trails Committee update

Kathryn McKee, Chair of the Trails Committee, walked the Board through the presentation included in the packet. She outlined their goals of increasing outreach and awareness throughout Southborough and their success in doing so. She updated the Board on Eagle Scout projects and other enhancements to the trails. She stated that their goal is to make Southborough more walkable, connecting trails to downtown and adding safe options for the addition of biking trails. She stated the challenge is creating a public access plan from DCR and finding funding for trails. Chairman Healey stated the Board is meeting with Representative Dykema and Senator Eldridge on December 15th and asked for questions from the Committee. Ms. McKee stated she will reach out to the Board separately with their questions. Chairman Healey commended the Committee for focusing on CPA funding. Ms. McKee stated that the DCR grant being applied for is reimbursable and includes a matching component that she hoped the CPA could assist with. Ms. Braccio asked if there is a process to check trails after large storms and Ms. McKee replied that the Adopt-A-Trail program is made up of volunteers who do this periodically. Ms. Braccio asked for the best way for people to reach out to the Trails Committee to volunteer. Ms. McKee replied that you can reach out to any member through email on their website or send a message through their Facebook page. Ms. McKee asked who she should speak with regarding liability questions. Mr. Purple stated he would be able to help.

Council on Aging update

Pam Le Francois, Director of the Senior Center, updated the Board on programs and outreach to seniors through the Senior Center and Council on Aging. She outlined the challenges faced due to COVID-19 which included shutting down all programs during their busiest season, helping those in need and engaging with those who are isolated. She outlined the online programs initiated for seniors and their partnership with CERT to help meet the needs of those seniors who are isolated. Ms. Le Francois described the successful drive through events that have taken place to connect seniors at a safe distance and supply them with food and necessities. She described multiple outreach programs and the Caregiver Meals Program. She stated there is concern about maintaining outreach throughout the winter and concern about those who are isolated without anyone to help them. Ms. Le Francois added that Ms. Amico has assisted in supplying seniors with durable medical equipment when needed and they have a good stock of this type of equipment through resident donations. Mr. Peck stated that he has experience at Baypath Elder Services and feels that Ms. Le Francois and her team are doing a great job with these programs and described his concerns with the challenges of maintaining outreach to those in isolation. Chairman Healey commended the Council on Aging and Ms. Le Francois's team for their work and suggested they partner with the MTC to help educate those that are not tech-savvy with Zoom

and other online resources. Ms. Le Francois stated she would reach out to them and the Trail Blazers to connect seniors with these groups. Mr. Shea, Mr. Stivers and Ms. Braccio thanked the team for their work to help seniors connect and stay healthy during the pandemic. Ms. Braccio gave accolades to the SHINE Coordinator for her consistent assistant throughout the pandemic. Ms. Malinowski asked about implementing a "Sponsor a Senior" program to connect residents in Town with the tools and time to help seniors in need. Ms. Le Francois described the challenges vetting volunteers and stated she would look into this possibility. Ms. Malinowski stated she would be able to work with Ms. Le Francois as she is the Board liaison to the Council on Aging.

Town Administrator performance evaluation

Chairman Healey stated a paragraph was omitted from the packet and it will be resubmitted. He added that he is looking for guidance regarding format and a follow up will be done in February. He stated that Ms. Malinowski chose not to write any comments but is able to participate in this discussion. Chairman Healey explained his portion of the Town Administrator performance evaluation and stated his overall impression is in the chart and summary paragraph included in the packet. He added he was impressed with Mr. Purple's performance and encouraged him to be more aggressive about taking initiative and owning his powers and responsibilities. Mr. Stivers stated his evaluation was more conservative and looked at Mr. Purple's performance as he does his own employees. He added that there is substantial room for improvement. Mr. Stivers stated that the job is difficult and the challenges the Board faces could be better realized. He suggested circling back in another thirty to ninety days to outline specific objectives the Board would like to see accomplished and to outline specific data when it comes to contract renewal. Ms. Braccio stated this was a challenging discussion as the review was based through February 2020. She added that she has worked into a great relationship with Mr. Purple and she appreciated this relationship. Ms. Braccio stated that setting goals is important and the Board had not provided any to Mr. Purple nor had they set expectations as to what they would want to see from him. She added that the Town Administrator position changes as the Board changes.

Ms. Malinowski stated she chose not to partake in this review because it started in February. She added that in general, real time feedback is important and it is important to discuss the timeframe the Board is set to review. She stated that in the six months she has been on the Board, she thought Mr. Purple made himself available when needed and they have always found common ground and she appreciated this. Ms. Malinowski stated that goals need to be set and suggested that the Board and Mr. Purple have a list of potential goals for the December 15th meeting. Mr. Shea agreed and stated that if Mr. Purple is going to be judged by goals and objectives, he needs to be aware of them. He summarized his relationship with Mr. Purple and his review which he felt was reflective of the positive approach he has had throughout the pandemic to keep the Town prepared. He added that goals and objectives must be clearly communicated to Mr. Purple. Chairman Healey stated there will be a follow up discussion on December 15th.

Mr. Purple thanked the Board for their feedback and described the challenges of adapting to a new Board during the pandemic. He added that developing the team is a goal he will be working on and agreed that he needs to understand the metrics he is being evaluated by. He suggested having conversations with Board members regarding their performance feedback for better understanding. Chairman Healey explained the implications of the Wayland Court decision and stated these discussions could be done but urged caution to not create a seriatim discussion.

IV. Reports

Chairman's Report

Chairman Healey stated that the Board will have an update on the CSX issues for downtown on December 15th. He added that the positions of the four landowners and CSX will be reviewed.

Chairman Healey suggested the Town reach out to other communities that have marijuana dispensaries to inquire whether those dispensaries have also indicated that the lump sum payment as opposed to the percentage payment is illegal. He added that it may make sense for the Town to have a cannabis lawyer.

Chairman Healey stated no one has stepped forward to join the MWRTA Committee and he has decided to take the role on himself.

Chairman Healey stated that he would like to include a discussion regarding the potential creation of a pocket park at the St. Mark's intersection on Route 85 and the Library with Ms. Galligan on December 15th.

Members' Reports

Ms. Braccio asked that the discussion for an update to the Code of Conduct Policy be put on the December 15th agenda. She stated with the use of Zoom as a meeting forum has presented new expectations of how things are done during public meetings.

Ms. Malinowski stated she was interested in taking on the role of liaison for Ms. McAuliffe and Mr. Ballantine to assist in the quarter two review. She asked that this topic be added to a future agenda.

Ms. Malinowski suggested Selectmen Office Hours commence after the holidays through Zoom. The Board agreed.

Mr. Stivers stated he is working to connect with the MTC as liaison to work on longer-term issues until an IT Manager has been hired and settled. He added that the Selectmen liaison process is working well and he supports this moving forward.

Town Administrator's Report

Mr. Purple stated that more information has been provided by Ms. Galligan regarding CSX, downtown, property owners and the implications to the Town. He stated he will create a review document for the December 15th meeting.

Mr. Purple stated he has a scheduled call with the Business Manager at St. Mark's School on Thursday to follow up on items discussed earlier.

Mr. Purple asked if the Board would like the topic of a Board liaison for the Finance Team in quarter two on the December 15th agenda. Chairman Healey confirmed that he would.

Mr. Purple gave an update on COVID-19 and stated that Southborough's active case numbers are increasing. He stated after speaking with the State and other points of contact, there is no super-spreader and Southborough's numbers are trending in the same direction as those across the State.

Mr. Purple stated that with Ms. Ostrech's retirement, the Selectmen's Office is restructuring workflows and updating job descriptions. He stated that they are redefining what the administrative assistant role may be which is taking time. He said that in the interim he would like to temporarily transfer Katie Barry from the Building/Zoning Department to the Selectmen's Office for 19.5 hours per week. Mr. Purple described the Town Administrator Bylaw which allowed him to do so but asked for the Board's agreement. He outlined the duties Ms. Barry would carry out which included evaluating the number of hours this position may be needed. He stated that Ms. Barry will keep her ZBA responsibilities and will be paid out of the Board of Selectmen budget. Ms. Malinowski asked for clarification on duties. Mr. Purple confirmed and stated that duties at the Town House have been streamlined but there is still a need for this position. He added that this position will be used to evaluate and possibly expand responsibilities to other departments in need of assistance. The Board agreed.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers stated he was confused on line 139-141 of the November 17th minutes. He asked that "overage" be added in these lines for clarity. Chairman Healey agreed. Chairman Healey made a motion to approve Open Session Minutes: October 30, 2020, November 10, 2020, November 17, 2020 with the amendment as discussed. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers asked to hold agenda item "b." Mr. Stivers stated he will follow up with Ms. Galligan regarding the possibility of breaking down the bids per tree as pricing varies dramatically. Chairman Healey made a motion to approve the request from DPW Superintendent to award Tree Contract. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the request from DPW Superintendent for union employee grade changes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Mr. Stivers asked to hold agenda item "d." Mr. Stivers asked if any of the license renewal requests were in violation of State or local regulations. Mr. Purple stated that all are in good standing. Chairman Healey made a motion to approve the 2021 Annual License Renewals (Detailed list attached). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to accept a donation in the amount of $200.00 for the Fire Dept. Ambulance Fund. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Chairman Healey made a motion to authorize Town Administrator to sign MOU for Massachusetts Collaborative for Action Leadership and Learning (MassCALL3). Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to approve the proposed meeting schedule for January – June 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Ms. Malinowski asked to hold agenda item "h." Ms. Malinowski stated she had some suggested changes and asked to include this in a future Executive Session meeting. Mr. Purple stated he will hold an Executive Session on December 15th for the Approval of Executive Session Minutes: November 17, 2020.

i. Chairman Healey made a motion to appoint Anne Pfaff as the Historical Commission representative to the Community Preservation Committee. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.
j. Ms. Braccio asked to hold agenda item "j." Ms. Braccio asked that outreach to abutters is conducted before percolation tests begin at 21 Highland Street. Chairman Healey stated that in Executive Session at a previous meeting this step was approved to provide additional information about this property for the Board and Capital Committee. He added that the expectation was the DPW would explain exactly that if any questions arose. Mr. Purple stated that is the essence of it but that Ms. Braccio alluded that an answer such as that could lead to more questions. Ms. Malinowski stated she was under the impression that the discussion this evening was to ensure perc testing was not done around a holiday and to notify abutters before it is conducted. Ms. Braccio asked to amend the motion to include "after notification to abutters has been made." The Board agreed. Mr. Purple explained how abutter notifications would be done and agreed to have Ms. Malinowski review the letter before it is sent. Ms. Braccio made a motion to authorize percolation tests to be conducted at 21 Highland Street after notification to abutters has been made. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Other Matters Properly Before the Board

Review of EDC Residential Info packet

Ms. Braccio asked to move this discussion to December 15th pending an updated zoning document from Ms. Barrett. Chairman Healey made a motion to continue this discussion to the December 15th meeting. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Amend Mortgage & Rent Relief Program guidelines

Ms. Malinowski stated that she is reviewing all the applications as a representative of the Housing Trust which is the backup funding if CARES Act funding falls through. She added applications are due by end of day today and she is asking the Board to approve an increase in the program based on applications received for rent and mortgage relief. She stated these increases will not exceed the $25,000 allocated to the program. Chairman Healey made a motion to approve the amended Mortgage and Rent Relief Program guidelines as described by Ms. Malinowski. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski asked that the changes to the new guidelines be updated on the website. Mr. Purple agreed.

Update and discussion, RE: FY21 Goals

Mr. Stivers gave some structural suggestions for the document and suggested the Board create a biking committee. Chairman Healey stated that item will be put on a January agenda. Mr. Stivers suggested reconstituting the Golf Committee. Chairman Healey stated that item will be included on a January agenda as well. Chairman Healey asked if there was a final number from the golf season for the revolving fund. Mr. Purple stated there is no final number as of yet but the golf course did exceed $400,000 in receipts. He explained the Town receives 10% of revenues over $200,000 and therefore will receive approximately $20,000 - $22,000 to the golf revolving fund. He explained multiple options for golf course upgrades. He added that the golf course management company has stated that they are seeing new players to the course. Mr. Purple

stated these receipts do not include the schools as they have not returned since the course was complete. Chairman Healey stated he will add this topic to a January agenda.

Discussion on items for Legislative update on 12/15

Mr. Purple summarized potential items to discuss with legislatures on December 15th and asked the Board to send their items to him. He stated he will distribute them to the Board and make sure Representative Dykema and Senator Eldridge are prepared for the meeting. Chairman Healey asked that a request be sent to board and committees for a list of topics to discuss with legislatures by next Monday. The Board agreed.

c. Public Comment

None

On a motion made by Mr. Shea, seconded by Ms. Malinowski and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:16 P.M.

Upcoming Meetings *December 15, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

INTRODUCTION

The Board of Selectmen is grateful for the collaborative effort between the Economic Development Committee (EDC), Planning Board, SHOPC and other boards and committees, to update the zoning code for downtown Southborough. The proposed zoning change is part of the larger *Downtown Initiative* which aims to revitalize Downtown and bring back the vibrant heart of Southborough.

This is a ***Community Development*** effort that will bring more local options and opportunities to Southborough residents and – simultaneously – help existing businesses currently operating in Downtown.

The 2017 Survey put out by the EDC, confirmed overwhelming support from residents for improvements to Downtown, particularly restaurants, small scale stores, mixed-use development and beautification and connectivity.

Southborough's Downtown Business Village District (DBVD) is located centrally in the town and is serviced by Routes 30, 85 and local roads.

It is a typical rural town center with businesses and residences lining the road. The particular area of study with this project is the area defined as the Downtown Business Village District or DBVD (see *APPENDIX A*).

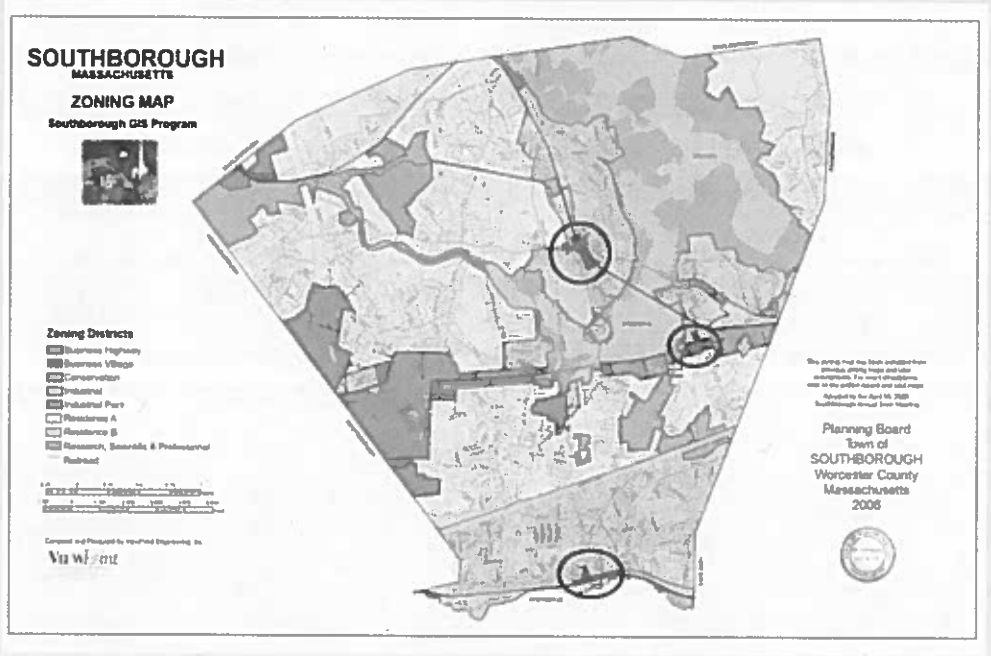
We hope you find this information packet helpful. Please reach out with comments and/or questions. We welcome your feedback and participation in this process.

You can contact the EDC Coordinator Marijke Munsiff at 508 485-0710 ext.3011 or email at mmunsiff@southboroughma.com. Updated versions of the draft zoning bylaw and other information, will be posted on the town website.

The next public meeting where the zoning draft will be discussed is scheduled for **24 November at 6:30PM**. All members of the public are welcome to attend via Zoom.

Southborough has three zoned business villages as shown on the zoning map (*see map A*).

Map A: Southborough's Business Village Districts



The *Downtown* Business Village District is part of the bigger *Downtown* area which extends from the Town Hall at 17 Common Street, to Main Street/Route 30 to just past Newton Street to the Main Street bank (*see map B*).

The Downtown is comprised of a mix of commercial, community and municipal buildings as well as single-family homes, many of which are considered to be historically significant. The larger downtown area is of vital economic importance to the DBVD and therefore all research for this project involves the larger downtown geographical area.

Map B: Greater Downtown Area

WHY ARE WE DOING THIS?

Past recommendations for Downtown include:

2008 Master Plan

Goal #1: Promote growth and development within the Downtown to encourage a mixed use environment.

2012 MAPC Report

Southborough Zoning Bylaw Review and Build-out Analysis for Town Center Parcels

2015 Housing Production Plan

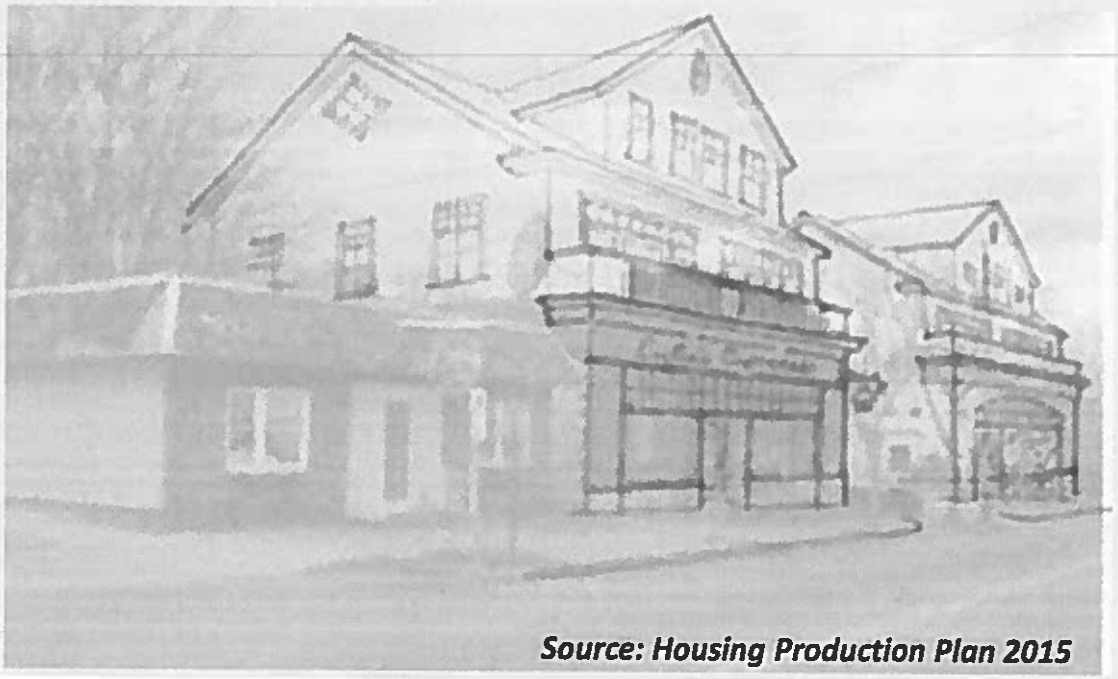
Encourage mixed use development and make infrastructure improvements to promote housing/economic development.

2020 Housing Production Plan

Revise Business Village zoning regulations to provide for Mixed-Use buildings including residential uses.

ULI Report

"...there appears to be a willingness on the part of the town government and its residents to consider **the reinvigoration of the downtown as an investment that is beneficial to the entirety of Southborough**"



Source: Housing Production Plan 2015

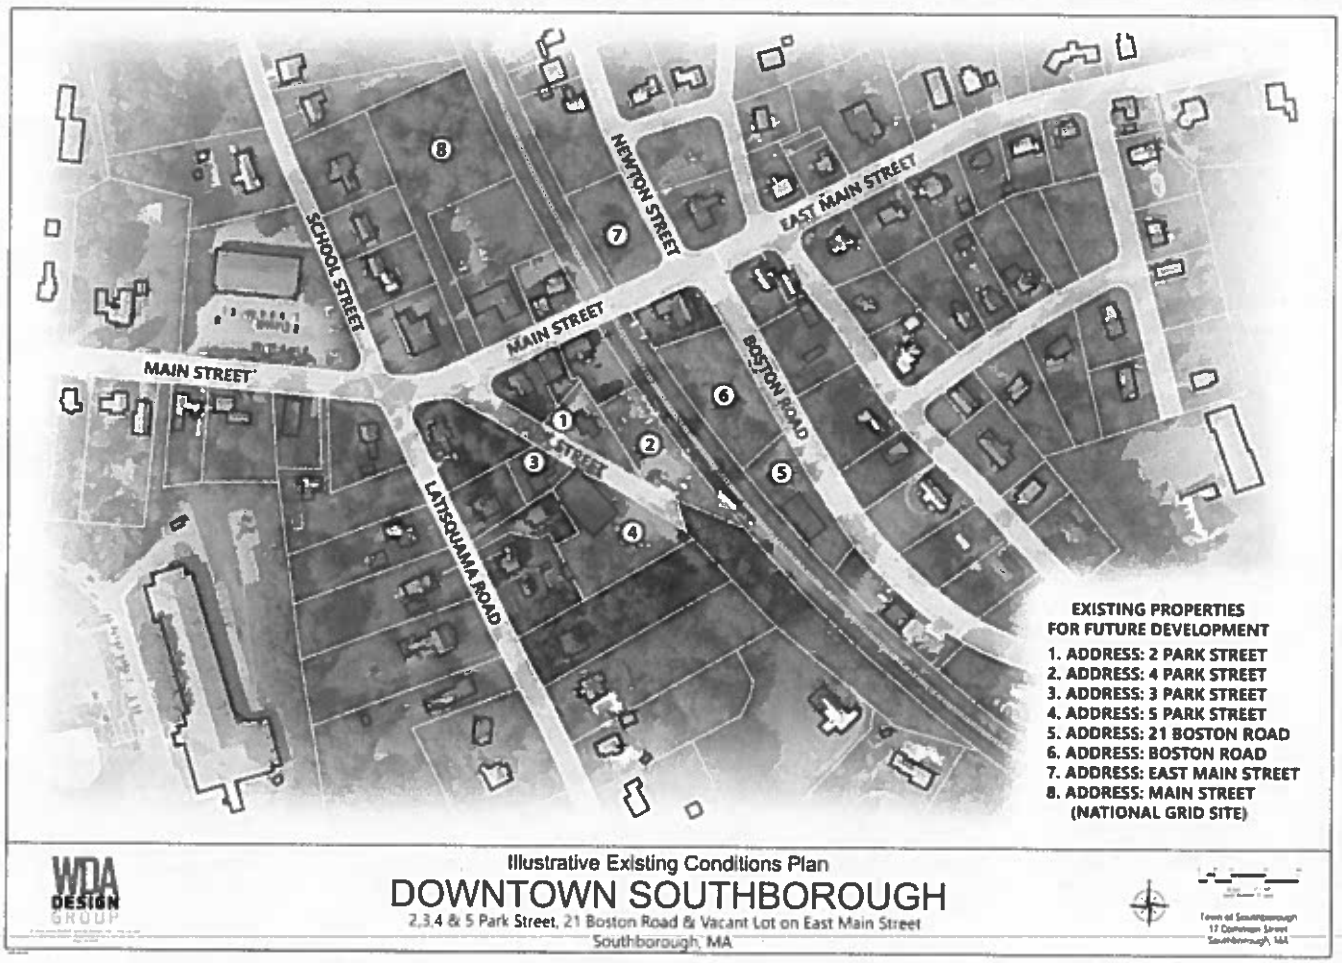
WORK TO DATE

EDC Zoning Work to Date:

- Identified "What we want in Downtown" through surveys and past studies and plans
- Identified downtown parcels for possible (re)development
- Created a Vision for Downtown
- Researched zoning bylaws of comparable communities with desirable downtowns (*Westborough, Grafton, Groton, Hamilton, Longmeadow, Barnstable, Stockbridge, Dorset VT and Washington CT*)
- Used Grafton's overlay district, among others, as a guide to start writing a Southborough mixed-use zoning document
- Considered different zoning options for downtown Southborough
- Created draft design guidelines to ensure desirable development
- EEA Grant allowed the EDC to hire zoning/planning consultants:
  - A. Costa for legal zoning assistance (to ensure the overlay works with the underlying zoning)
  - J. Barrett for professional planning assistance to write the Southborough specific performance standards

For a detailed project timeline starting in 2017, see APPENDIX B

IDENTIFIED (RE)DEVELOPMENT SITES



Note:

The identified sites are currently under-developed and privately owned. This diagram serves informational purposes only and is not a plan for development.

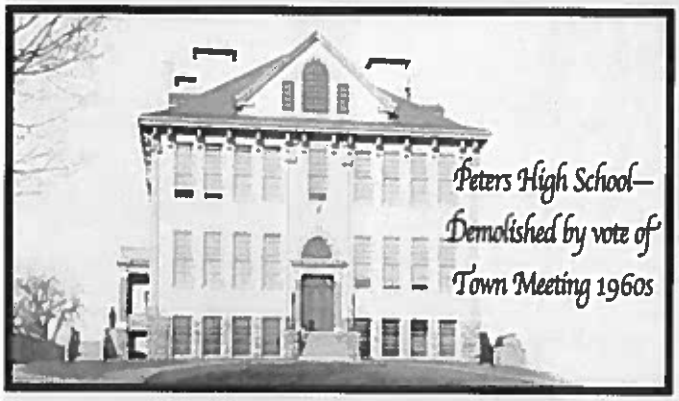
DOWNTOWN THEN & NOW

The lack of strategic and urban planning has resulted in an erosion of economic and community activity in our Downtown.

What makes downtown Southborough unique, is its historic character of which much has been lost in the last 50 years. The lost Downtown buildings and with it, it's commercial activity, include:

1966 Southborough Arms (now 11 Main Street commercial building)
1962 Peters High School (now the former Fire station)
1950s Train Station
1999 Post Office
Other Commercial activity such as: café, drugstore, blacksmith, grocery store and cobbler shop.

By not taking any action, we are *not* preserving the downtown and we are *not* helping the few small businesses that are still there. We have to act now with adopting clear and updated zoning laws and design guidelines to attract commercial investments that are desirable for Southborough and make business sense to potential investors.



VISION FOR DOWNTOWN

A walkable and well-connected small town "Main Street" with locally owned restaurant and pub, lunch café, ice cream shop, boutique style stores and/or other small businesses as well as residential properties.

The mixed-use properties provide more affordable housing options, increased residential density and a larger economic base for the Downtown Business Village District.

With more attractive public space and a larger number of community events, the downtown area truly feels like the heart of Southborough.

For more images of how downtown *could* look, see Appendix B

PURPOSE FOR PROPOSED ZONING ARTICLE

It is the purpose of the Downtown Business Village District to make mixed-use development options more readily available in the downtown area. In addition, to encourage thoughtful and distinctive development or re-development opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

More specific objectives of the VMUD include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Provide more diverse local housing opportunities (within mixed-use development),

5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,

7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.

8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly spaces where the community can gather.

Source: VMUD Draft V.3

TECHNICAL ZONING OPTIONS

The EDC considered three technical zoning options and weighed the pros and cons of each option. The Board of Selectmen, after considering the recommendations from zoning consultant J. Barrett and discussions with other boards and committees during their joint meeting (11/06/2020) decided to create a new zoning district for the Downtown Business Village.

Edit Business Village District Zoning Bylaw

- Easiest to present/understand at Town Meeting
- Associated review process & design standards specific to the BV districts have already been adopted
- Updates can be accommodated w/in warrant article
- Changes will apply to all 3 Business Village Districts
- Does not address streamlining permitting process

Create a New Overlay District

- Ability to package all of the new overlay district requirements and definitions in one bylaw
- Could override issues with Section 174-8 (c-2 & c-5)
- Expansion possibility to include additional parcels
- Underlying zoning stays the same
- No changes for other Business Village Districts
- May need additional warrant article ie map change

Create a New Zoning District

- New zoning district would eliminate BVD zoning for the downtown area
- May be perceived as too big of a change for current residents in the BVD in Downtown
- Will require legal counsel direction

TIMELINE FOR ZONING ARTICLE

Original Date	Revised Date	Activity
November 17 *Board of Selectmen* Meeting	TBD (December?)	Final draft article reviewed & approved at BOS meeting
November 19	December 14	Planning Board to receive finalized draft from the BOS (for Jan. 2021 Public Hearing)
December 14 *Planning Board* Meeting	January 2021	Public Hearing #1
January 2021 *Planning Board* meetings	2nd PB meeting in January	Public Hearing #2
February 2021 *Planning Board* Meeting	1st PB meeting in February	Public Hearing #3 (if necessary and continues until vote is taken to close public hearings)
February 2021 *Board of Selectmen* Meeting		BOS votes changes (if necessary) from Public Hearing(s)
March 2021 *Planning Board* Meeting		Planning Board provides recommendations on article to be included in the Town Meeting Warrant
March 20, 2021		Annual Town Meeting

APPENDIX C

Project Timeline 2017 - 2020

JULY-DECEMBER 2017

- "What are you doing about Downtown"?
- EDC Identified Downtown revitalization as a top priority
- EDC Downtown Survey (Sept-Oct)
- Survey results presented (Oct)
- Downtown forum (Nov)

2018

- Outreach with downtown businesses & residents – providing updates on construction, hosting planning sessions, collecting feedback
- Contracted to ULI TAP (May 9th)
- Supported 2 East Main St proposed mixed-use building
- Researched land availability/acquisition
- Zoning review meetings (ZBA & Planning Board) – Drafted zoning amendment, reviewed with ZBA& Planning Board

2019

- Downtown 'working' plan driven by data and resident's feedback (Master Plan 2008, 2015 SHOPC Housing Production Plan, ULI Report, 2017 EDC Survey)
- Researched zoning bylaws - comparable communities
- Met with Grafton Town Planner
- Wrote draft zoning amendment using Grafton's overlay district as a guide for Southborough
- Identified land opportunities
- Sept - Presented to BOS: Mixed use overlay, available land, investment opportunities, vision statement & historic pictures
- EEA Planning Assistance Grant - awarded 9/25
- Dec 17 - EDC presented to BOS
- EDC flyer created (THEN & NOW)

2020

- ***Zoning article rescheduled - Fall STM***
- *6 January*: Planning Board presentation
- *9 January*: Advisory Board discussion
- *Jan/Feb/March*: Downtown Initiative "Roadshow" (Library, Town House & Senior Center)
- Hired Adam Costa (zoning attorney) who drafted an overlay zoning article to be completed by a Planning Consultant
- *8 May*: Notified all Bd/Comm Stakeholders, requesting input for a draft Village Mixed Use Overlay District (VMUD)
- *15 June*: Distributed VMUD (version 2) distributed to all Bd/Comm Stakeholders
- *29 June:* OSPC reviewed VMUD (V2) w/Project Manager
- ***Planned zoning article rescheduled - ATM***
- *10 July*: VMUD (V3) distributed w/request to review to all boards/committees
- *28 July*: Initial call with professional planning consultant J. Barrett (calls 8/14, 8/25)
- *8 September*: Received Town Center Standards V1 draft from J Barrett. BOS meeting.
- *6 October*: Stakeholders meeting (BOS, EDC, PB & SHOPC) with planning consultant Judi Barrett. Decision to draft a new zoning district.
- *20 October*: received DRAFT Downtown Business Village District V2 - (Amend § 174-3 Districts enumerated by adding a new district)
- *10 November*: Stakeholders meeting (BOS, EDC, PB & SHOPC) - initial review of new district zoning & comments received.

- *18 November*: Deadline for receipt of draft V2 comments from Boards and Committees

- ***24 November*: Planned stakeholders meeting (BOS, EDC, PB & SHOPC and others) & public input welcomed**

APPENDIX D

DRAFT
Downtown Business Village District

DRAFT DOWNTOWN BUSINESS VILLAGE DISTRICT V.3

November 15, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on an owner-occupied property providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

Mixed-Use Development: A development that includes both residential uses and nonresidential uses within a single structure, with nonresidential uses occupying the ground floor (street level) and residential uses above on the upper floors. The total gross floor area of the nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District[1]

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:[2]

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through

[1] Note: some commenters suggested removing certain of the uses listed here, but most of the uses to be removed are already in Southborough's Business Village District zoning today. For this reason, we hesitate to remove them.

[2] The FAR has been moved to dimensional regulations.

service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.35

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

(2) Affordable housing. In any multifamily or mixed-use building with six or more units,[3] at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

[3] A few commenters suggested requiring affordable units in any development with four or more. We tried this with a few "test case" proformas and in our opinion, a four-unit project could not absorb the loss of income and still be feasible. We believe a six-unit threshold could work.

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above ...

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.	XX	XX	
Promote and enforce Town Email Use Policy.	XX		
Update, consolidate and promote compliance with general policies.	XX

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Award Request for Tree Contract**

The Department of Public Works (DPW) opened bids on Thursday, November 19, 2020 for Southborough's Tree Removal and Trimming bid. This bid was constructed differently than in the past. The bid was set up as a total of the cost to remove specific trees that were listed for removal based on the results of our tree hearings. The bid also includes rates for a couple of days of trimming and some costs for emergency issues.

Attached is a summary of the bid results. The subject bid, appropriate advertising and actual bids are available at the DPW office.

We recommend that the contract be awarded to the low bidder, Stumpy's Tree Service, 190 Front Street, Ashland, MA 01721, for $42,250.00.

Funding for this bid is in the DPW annual budget. The line item has capacity for more, much needed and requested, tree work and we will likely have a second bid this spring when leaves are out and we are able to have tree hearings where people can again spot the dead trees more easily.

I am asking that you award this contract at your December 1st meeting.

MEMORANDUM

TO: **Southborough Board of Selectmen**
VIA: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **Employee Grade Change**

In accordance with the Collective Bargaining Agreement (CBA) between the Town of Southborough and the American Federation of State, County and Municipal Employees (AFSCME), Council 93, Article 8 Reclassification of Employees and Article 21 Transfers and Promotions, I am requesting promotions for two Department of Public Works (DPW) employees.

COLBY NORTON is currently a Grade 2 Truck Driver in the DPW's Water Division. Mr. Norton (Colby) has been with the DPW Water Division since January 2019. Prior to joining Southborough's DPW Team, Colby worked as a Mechanic in private industry for 7 years and as a Mechanic in the United States Army for 3-½ years. When the DPW Mechanic left in July, Colby took the reigns of the Mechanic's Bays and worked, along with a contracted mobile mechanic, to keep the vehicles and equipment running while still performing his water division duties. Colby has proven to be a knowledgeable and organized mechanic and had already proven himself to be an excellent employee with an exceptional work ethic and a cheerful demeanor.

Under the current CBA, Colby is classified as a Truck Driver in the Water Division, a Grade 2 position. I am requesting that the Board of Selectmen (BOS) reclassify Colby to Mechanic, a Grade 4 position. Please vote to reclassify Colby Norton from Truck Driver, Grade 2, step 6 at $25.70/hr. to Mechanic, Grade 4, Step 2 at $26.85/hr. retroactive to October 10, 2020.

TATE LAQUERRE is currently a Grade 2 Truck Driver in the Grounds Division. Mr. Laquerre (Tate) began working at the DPW as a temporary 40-hour employee at the Transfer Station in the summer of 2017. Tate came to that position with several years of full-time employment as a heavy equipment operator and laborer in private construction. The DPW quickly discovered Tate's skill set and work ethic. When a full-time position opened in October 2017, the DPW was able to make Tate a permanent part of our team. Prior to even becoming a permanent employee Tate assisted the different DPW divisions on projects as a laborer. Once Tate became a permanent employee he began using his heavy equipment operator skills on DPW projects and also began helping other employees improve their operating skills and helped an employee train for his excavator's license (HE-2B). Tate also assisted the Mechanic with some equipment maintenance and has been helping Colby intermittently since the Mechanic left. Since creating the Operations Supervisor position Tate has been working more independently and has also been running small crews for grounds projects. Training other employees, equipment maintenance and coordination with the Mechanic, working independently and running small crews are part of the DPW's Equipment Operator II job description, not our Laborer job description.

Since Tate has been working above his position, is a skilled, versatile and trustworthy employee that is conscientious and hardworking, I am requesting the Board vote to promote Tate from a Grade 2, Step 4 Laborer at $24.58/hr. to Grade 4, Step 1, Equipment Operator II at $25.56/hr., retroactive to October 2, 2020.

MEMORANDUM

To: Board of Selectmen

From: Lori Esposito, Executive Assistant

Subject: Selectmen's Meeting Schedule

Date: November 25, 2020

Cc: Mark Purple, Vanessa Hale

Below is a proposed Board of Selectmen's meeting schedule for your review and approval. These dates follow the usual schedule of the 1st and 3rd Tuesdays of the month, beginning January 2021, and would be subject to changes or additions as necessary:

- Tuesday, January 5, 2021
- Tuesday, January 19, 2021
- Tuesday, February 2, 2021
- Tuesday, February 16, 2021**
- Tuesday, March 2, 2021
- Tuesday, March 16, 2021
- Saturday, March 20, 2021*
- Tuesday, April 6, 2021
- Tuesday, April 20, 2021**
- Tuesday, May 4, 2021
- Tuesday, May 18, 2021
- Tuesday, June 1, 2021
- Tuesday, June 15, 2021

*Annual Town Meeting

** Note – date falls during typically scheduled school vacation week.

TOWN OF SOUTHBOROUGH

OFFICE OF THE TOWN ADMINISTRATOR
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · selectmen@southboroughma.com

TO: Board of Selectmen
FROM: Mark J. Purple, Town Administrator
DATE: November 24, 2020
SUBJECT: Town Administrator PE documents

Thank you for providing me the performance appraisal documents in advance of the meeting at which they are to be discussed. I have reviewed them, and offer the following comments:

Overall, I appreciate the opportunity to have a formal dialogue with the Board about performance. As was noted by one of the members in the review, this is the first review of the Town Administrator by the Board since 2017. Any review I have done on an employee has been for a defined period, generally twelve months but less than eighteen. I'm not sure how I am supposed to be evaluated when there are no agreed upon goals or expectations that have been set by the Board. For example, the Public Safety Facility project took up the bulk of my time over the past several years, and likely made much of that a moot point. However, now that the project is successfully behind us, it would be good to discuss setting goals and expectations for the Town Administrator. I would request that a new review be done prior to Annual Town Meeting, so that I have the ability to engage with the current Board on my performance and the setting of goals for the upcoming year.

In terms of content, several of the comments refer to items that are more than two years old, while there are other comments relative to the pandemic. Several of the comments have not been discussed with me prior to this review document, which makes it difficult for me to proactively address issues with the Board or a particular member. In terms of process, it would be more constructive to have conversations with individual members about their comments, which is difficult in a group setting, and I would appreciate those opportunities in the near future. Also, because of the delays due to COVID-19, the review contains input from one Board member no longer sitting, and excludes input from another member who is new to the Board this past year.

Every Board is different. Even changing only one member changes the dynamic of the Board. As the constant, I have to change my approach to ensure that I am performing in concert with and at the level expected by the Board. COVID-19 and the remote meeting environment has stunted my ability to effectively make some of those connections that are necessary to build a team. I will

continue to work on better ways to communicate and keep the Board informed timely on issues and opportunities, regardless of these current challenges.

I continue to enjoy the team that I am working with for the betterment of Southborough, and look forward to nurturing and growing that relationship in the years to come.

Thank you.

Importance: High

Hi Mark,
This is the email we received from the Town of Hudson asking for our continued participation in the Central Metrowest Substance Abuse Prevention Collaborative. As I mentioned, they are applying for a state grant and are asking for participating communities to sign the attached MOU. Unfortunately my schedule has prevented me from getting this to you sooner and Lauren Antonelli in Hudson is hoping to have this back by Friday at the latest. Sorry and thank you!

P.S. I am ccing Vanessa on this email as she was involved in this group earlier on and is familiar. Vanessa, Lauren is Colin/Jessica's successor.

[EXTERNAL]

Good Afternoon & Happy November!

I think most of you know by now, but Kelli and I wanted to formally and officially share that we are currently in the process of applying for BSAS's new MassCALL3 grant (Massachusetts Collaborative for Action, Leadership, and Learning 3) to hopefully continue our work together. Apologies for not sending this sooner! You can find the RFR and learn more about the grant here... https://www.commbuys.com/bso/external/bidDetail.sdo?docId=BD-21-1031-BSAS0-BSA01-54407&external=true&parentUrl=bid. We are applying for Part B and are including a part-time person to work out of Framingham, the largest municipality in our cluster.

This opportunity is the next iteration of the SAPC and MOAPC grants, which our cluster/collaborative seems very well poised for. This is an SPF-based grant, so we do not have to apply for specific programming at this time, but rather commit to a strategic planning process and data-driven prevention initiatives from there. The grant would be for 2 years starting July 1, 2021, with the option to renew every 2 years for a total of 8 years. Colin, my predecessor, is taking the lead on writing the grant for us; we are so grateful he agreed to come back and help us with it. I'm working on all of the supporting documents, including the required MOUs that we will need from all participating municipalities. This is where we need your help ☺

Attached are 2 MOU forms that we are required to use. One is for the municipality, the other is for the school Superintendent. If you could please work on both of these for your town, that'd be a huge help and so appreciated! The form is pretty quick and straight-forward, and due to COVID, signatures can be done electronically, hopefully making it even easier. If you could try to have these back to me by **Friday, November 13th** that'd be awesome!

Please let me know if you have any questions or if I can do anything on my end to help get these signed. Thank you in advance!
~Lauren

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 10, 2020, 6:00 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. At 6:06 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and returning to Open Session – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

II. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

III. **Public Comment**
None

IV. **Scheduled Appointments**
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
Chairman Healey laid out the format and intention for the discussion. He opened the discussion to attendees. Ms. Luttrell, a member of the Planning Board, explained her concerns that the document looked to allow for a bigger more urban style downtown instead of a small walkable village style downtown. She noted the building heights and ceiling heights as examples of such. Ms. Connelly, a member of the EDC, stated that Ms. Barrett of Barrett Planning Group could not attend tonight to explain why she proposed the draft bylaw in the way it is written. She added that the EDC would like open space and greenspaces in addition to building for the downtown. She explained that open space and greenspace items may not be appropriate for the zoning bylaw and suggested creating a separate design guideline document. Ms. Malinowski spoke on

behalf of SHOPC and stated there is concern that the language in the first draft did not accommodate for affordable housing. She explained the details written in the draft bylaw and how it made it a challenge to achieve any affordable housing in this district. Mr. Wood, a member of the EDC, explained the changes they made to support more affordable housing and Chairman Healey stated that SHOPC made a compelling case that decisions regarding the drafting of the document should be very mindful of the affordable housing element. Mr. Wood addressed the suggestion to remove the ability to keep a trailer on a property and felt it should be kept with the clarification that a trailer would be temporarily allowed in the case of misplacement due to fire only. Ms. Hoolahan from the Planning Board agreed and stated that she would not want to see a trailer allowed as a permanent staple. Chairman Healey stated he would like clarity on the max floor ratio of .35. Ms. Braccio stated that Ms. Barrett offered multiple dates for a robust conversation regarding any questions and feedback. She asked the Board and other board and committee members which day they preferred and it was agreed to meet on November 24, 2020 at 6:30 P.M. Mr. Wood asked when to expect an updated document from Ms. Barrett that addressed the feedback from the various boards and committees. Ms. Braccio stated she felt that would be available this week.

Mr. Blaschke, a member of the Historical Commission, stated that he wants the walkability, greenspace and sidewalk component to be kept in mind when revising the zoning bylaw. He stated that the Historical Commission has not reviewed the draft document but that he had concerns with the height requirements and the ability for multiunit dwellings. Chairman Healey stated that Ms. Barret could address those items and her reasoning for including them at the next meeting. He said that continuing the sidewalk effort is in the forefront of their minds. Mr. Bhistitkul from SHOPC stated they want an affordable housing component included in this bylaw. He suggested making the requirement project specific as opposed to building specific and asked the Board to consider more density incentive bonuses to support affordable housing. Mr. Stivers stated this is a challenging problem as there is not a lot of space or money to invest in this area but also acknowledged the need to make it attractive for business investment. He asked Ms. Braccio and Ms. Connelly to work with Ms. Barret to use her experience in these cases to make suggestions as to how to incentivize people to invest and bring capital while balancing housing issues. Ms. Connelly stated she will convey this and all feedback to Ms. Barrett. There was discussion as to whether sidewalks should be included in a zoning bylaw or another section of the code. Mr. Morris of the Planning Board explained that the Board of Selectmen have jurisdiction over existing ways which include sidewalks. Ms. Braccio informed the public that comments and feedback for this document will be received through November 18th. The EDC adjourned their meeting at 7:29 P.M. and the Planning Board adjourned their meeting at 7:30 P.M.

Chairman Healey asked if there will be a revised document from Ms. Barrett before the meeting on November 24th. Ms. Braccio stated that Ms. Barrett had sent a response to multiple comments and answers to some of the questions in the feedback document. She added that these responses from Ms. Barrett should provide more clarity and she would be speaking with her tomorrow regarding next steps.

V. Public Comment

Cynthia Cram (44 Bigelow Road) asked for confirmation that the Board was in receipt of a letter sent to them regarding the proposed trail in the Bigelow Wildlife Refuge. She stated the letter is a follow up from public comment from weeks prior to address next steps. She also asked if the Board were in receipt of a petition from a neighbor. Chairman Healey stated he was familiar with

the letter and not a petition. Mr. Purple added he did not receive a petition. Chairman Healey stated that he understood the issue was before the Conservation Commission and the Board does not want to interject on their jurisdiction. He stated that the Conservation Commission process should continue and conclude before the Board would decide to become involved. The Board agreed. Ms. Cram explained the timeline for an opinion from the Commission. Mr. Purple stated that Ms. Danza has not asked for input from the Board. Ms. Braccio suggested the neighbors speak with SOLF directly as they have control of the land. Ms. Cram agreed to do so. Chairman Healey asked Mr. Purple to follow up with the Commission to make sure they are not waiting to hear from the Board. Mr. Purple agreed.

Marnie Hoolahan (26 Clifford Road) stated she was speaking as an elected official from the Planning Board. She asked the Board if they received her email regarding the two conflicting opinions for interpretation of a zoning bylaw. Chairman Healey stated the Board received the email. He stated Mr. Purple had a conversation with the Building Inspector and the posture procedure is that the Building Commissioner has made a judgement within her jurisdiction and the appeal of that determination is appealed to the Zoning Board of Appeals and not the Board of Selectmen. He added that the procedure is being followed for the Building Inspector to make her determination which is within her jurisdiction. He added that he reviewed her opinion of the bylaw and that of Town Counsel and understood how both could come to differing opinions. He added that the jurisdiction for making this determination is with the Building Inspector and the appellate right is through the Zoning Board of Appeals. Chairman Healey stated he would like to see that process play out. Ms. Hoolahan asked for the Zoning Board of Appeals application fee to be waived. Chairman Healey stated he is not inclined to inject himself as a member of the Board into a process already in place. Chairman Healey explained his interpretation of the opinions of both the Building Inspector and Town Counsel and reiterated that the applicable decision lies with the Building Inspector and she has made her determination. He added that the public is able to disagree and appeal that determination and suggested the process play out without the Board's interjection.

Ms. Braccio asked that the topic of waiving of the application fee be a topic of discussion. Chairman Healey agreed to adding it to the next agenda. Mr. Stivers stated he was sympathetic with Ms. Hoolahan and it would be helpful to provide clarity around this bylaw. Chairman Healey stated he does not disagree and the biggest problem with the existing bylaw is the language leads to multiple interpretations and there is no enforcement. He added that he understood how the Building Inspector as the person charged with the responsibility for interpreting and enforcing the bylaw came to her conclusion.

VI. Reports

Chairman's Report

Chairman Healey stated that in his last report he praised Mr. Hegarty's effort on Election Day. He said the poll workers should also be commended for their work to put in effect the controls of in-person voting during the COVID-19 pandemic. He thanked all the poll workers for their ability to ensure in-person voting was available last Tuesday. He suggested the Board send a letter of appreciation to them. Mr. Purple stated that this was Assistant Town Clerk Amy Berry's first election and she did an excellent job executing Mr. Hegarty's plan for a smooth Election Day.

Chairman Healey asked for a volunteer from the Board for the MWRTA Board. He added if there is no interest from the Board, he will reach out to other boards.

Chairman Healey stated that MASS DOT is scheduling public forums for input on transit services they are looking to stop offering. He stated they are looking to curtail weekend service and service after 9:30 P.M. on weeknights.

Chairman Healey said there are issues related to the 45 Highland Street property. He said some email traffic by Town committee members was not conducted on Town email which created problems. He stated that all Town volunteers and employees must use Town email to conduct business. He stated that 45 Highland Street will be on the Executive Session agenda for next week and Mr. Purple is setting up a folder for this possible litigation.

Members' Reports

Ms. Braccio stated that rent and mortgage assistance is available and residents can find information on the Town website. She added there have been applications and urged those in need to apply.

Ms. Malinowski stated she watched the School Committee meeting the previous evening and they are looking to use $100,000 out of the CARES Act funding for testing for COVID-19. She stated that Mr. Ballantine and Ms. McAuliffe will be attending the meeting next week and they will speak about this in their report. Mr. Purple stated the schools are also looking to purchase additional Chrome Books with CARES Act funds.

Mr. Shea stated he is looking forward to participating with the veterans at the Veteran's Day ceremony tomorrow morning. He stated he will give a brief report regarding the event next week.

Mr. Stivers stated he is working with the Board of Health regrading trash hauling licensing.

Chairman Healey stated that he heard feedback regarding Ms. Malinowski acting as the liaison for SHOPC as she is a member. He stated that he is in support of her being both a member and a Board liaison to SHOPC.

Town Administrator Report

Mr. Purple stated that a temporary flagpole has been set in time for Veteran's Day. He thanked Ms. Galligan for her assistance with this and explained the next steps once the temporary flag is removed.

Mr. Purple stated that there are preliminary discussions with the schools about possibly consolidating some Town IT services in light of Mr. Laflamme's resignation. He added that there will be a robust discussion with the school on Thursday and it could be a beneficial economy of scale. Mr. Purple stated the possibility will be discussed and the position has been advertised solely as a Town position for the sake of time. He will continue to update the Board on this matter.

VII. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page two, row three it should read, "Mr. Malinowski" not "Ms. Malinowski." Chairman Healey made a motion to approve Open Session Minutes: October 27, 2020 with the revision requested by

Ms. Malinowski. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the resignation of IT Manager Tom Laflamme, effective November 27, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the retirement notice of Administrative Assistant Carol Ostresh, effective November 30, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to approve Executive Session Minutes: October 20, 2020. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VIII. On a motion made by Mr. Shea, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 8:08 P.M.

DRAFT

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 17, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
Update from Youth and Family Services
Ms. Cassell reviewed Youth and Family Services goals and issues they wanted to discuss. She described the shifting of services to online or phone platforms which required adjustments to consent forms. She described their stronger partnership with the Police Department and the increase and addition of needs due to the pandemic. Ms. Cassell stated they created a Facebook Live show called Coffee Talk. She described the success of the show and stated Representative Dykema will be on December 1st to talk about housing instability. She stated they are working on new trainings and webinars and welcomed a new administrative assistant on October 1st. Ms. Cassell described the referral services offered by Youth and Family Services before the pandemic and the plan to hire more clinicians. She added that there were many challenges with this system and outlined a new system with Interface Referral Services. She said a generous grant from the Southborough Community Fund could be used to institute a one-year contract with Interface Referral Services for January 1, 2021. She stated this would be more economical for the Town versus hiring more staff. Chairman Healey asked if there were any identifiable trends since March. Ms. Cassell described the months from March to November which included an uptick in people seeking services. Ms. Braccio asked about modelling other communities and Ms. Cassell stated that Westborough, Northborough, Hopkinton and Holliston are using Interface Referral

Services. Ms. Malinowski asked if there is a spot open at Interface for Southborough. Ms. Cassell replied that they are holding a spot for January. Mr. Stivers asked about Coffee Talk. Ms. Cassell stated that it is livestreamed on Facebook every Tuesday at 10:00 A.M. and is also available on Southborough Access Media. Mr. Stivers stated he is in support of the Interface Referral Services platform from a budget and services standpoint.

Update from Arts Council

Ms. Piekarz reviewed events that were taking place before the pandemic including exhibits of local artists featured at the Library and grants received. She explained projects various local artists completed throughout the year including one at Chestnut Hill Farm that is available for viewing on SAM and YouTube. Ms. Piekarz said the Arts Council received a grant from the Southborough Community Fund and they were able to buy structures and portable display pieces for pop-up exhibits. Chairman Healey suggested the Arts Council partner with the EDC and DPW for equipment. Ms. Malinowski asked if they had connected with local businesses in Town to display the artwork. Ms. Piekarz stated she reached out to Reliant Medical Group and did not receive a call back. Mr. Purple suggested working with the EDC and Christopher Robbins to work with Reliant. Mr. Shea suggested incorporating a food truck and other events with the local businesses on Main Street. Mr. Stivers suggested partnering with the schools. Ms. Braccio asked about virtual events and Ms. Piekarz described a virtual open mic night and other possible events.

Update from Recreation Commission

Mr. Davis described the programming that opened in August including drive-in movie nights, a small soccer camp with BEST soccer and after school programs. He added that after school programs will begin again in January after considering the details of moving inside. He stated the Gobble Wobble will be virtual this year and asked for guidance regarding the new basketball court at Fayville Park. There was discussion regarding tying the net to dissuade people from using the court during the spike in COVID-19 numbers and it was agreed to keep it open to the public.

Mr. Davis described the current Mooney Field lighting project and the Planning Board process. He stated that their hearing has been continued three times and the Planning Board is waiting for a third-party peer review from Fuss & O'Neil which was not received as anticipated. He described the details to which the Recreation Department has altered their plans and stated they will not agree to any more extensions and will be holding firm to receive judgement on November 30th. Ms. Hansen stated that Mr. Davis has been working with the Town Planner on this project for over a year and he has gone above and beyond to deliver exactly what the Planning Board has asked for. Chairman Healey stated he was supportive of what has been discussed and suggested a post-mortem conversation be had once the project is approved so this situation does not happen again. Mr. Shea asked if there was a response from Fuss & O'Neil and Mr. Davis said not as of yet but it is expected by the end of the week. Mr. Shea stated that they should be pushed to respond as the holidays are approaching and will slow the project down even more. Ms. Braccio agreed and stated Recreation needed time to review the response from Fuss & O'Neil to address any outstanding items for the next Planning Board meeting. David Fialkow (10 Lyman Street) stated he is the Vice President of Southborough Little League and gave a timeline of the process with the Planning Board. He stated that Town Counsel opinied that the Planning Board should give a reasonable site plan review and Mr. Fialkow said he felt Planning did not follow this and it has not been reasonable. He voiced his concern about the amount of

Town funds the Planning Board used for their review. Kristin LeVault (12 Southwood Drive) requested that Fuss & O'Neil appear at the hearings. Chairman Healey stated that was outside of the Board's scope and stated the Town spending Mr. Fialkow spoke to could be a Board matter.

Town Accountant Carla McAuliffe and Finance Director Brian Ballantine

i. Quarterly financial report

Mr. Ballantine walked the Board through the Fiscal Year 2021, Quarter 1 Finance report included in the packet. The Board gave Mr. Ballantine feedback on information they would like presented during the next update. Ms. Malinowski asked questions regarding 9-11 Field, the ambulance fund and water expenses. Ms. Braccio asked questions regarding legal services and public buildings. Ms. Malinowski highlighted her observations after touching base with Ms. McAuliffe and Mr. Ballantine earlier in the week. These included an update regarding Norfolk County Agricultural High School, the future of the IT department and questions regarding expenses in arrears. There was additional feedback from the Board regarding items they would like to see in the next presentation. The Board extended their appreciation to Mr. Ballantine and Ms. McAuliffe for their presentation.

ii. Update on FEMA and CARES Act reimbursements

Ms. McAuliffe stated that she filed for CARES Act and FEMA reimbursements in October and has received the first amount of approximately $55,487 from the CARES Act. She thanked Lieutenant Aspisi for his assistance with FEMA. She explained that some categories in the CARES Act are fully funded and others are funded 25% with the expectation that FEMA will cover the remaining 75%. She explained the FEMA requirements for reimbursement and stated that anything denied by FEMA will be applied for through the CARES Act in the next round. She explained that CARES sends the money up front and does compliance auditing after the fact which leaves a chance that money given could be deemed ineligible and need to be returned. She stated the schools are also applying to the CARES Act as will the Rent and Mortgage Assistance Program. She asked that she be made aware of any other applications. She stated that round three of reimbursement has a deadline of December 12th. Mr. Shea asked if the PPE for pubic safety was only covered through FEMA and Ms. McAuliffe stated that FEMA covers 75% and the CARES Act covers the remaining 25%. Mr. Shea suggested that they be as aggressive as possible for reimbursement and tie any previous COVID-19 related expenses to these refunds. Ms. McAuliffe explained the risk of receiving CARES Act reimbursements only to have to return them once the compliance audit is done. Ms. Braccio asked if the Board was sent the submittal forms for the $138,000 sent for reimbursement. Mr. Purple said he would distribute them to the Board. There was discussion regarding aggressively seeking reimbursements and the risks including in doing so. Chairman Healey stated if the Finance Team is generally operating in good faith and something is thought to be potentially reimbursable but down the line it is not, the Board will approve and accept that determination. Mr. Purple publicly thanked Ms. McAuliffe and Lieutenant Aspisi for their work during the reimbursement period.

iii. Updated Town financial policy – monitoring of expenses

Mr. Ballantine explained the draft policy to ensure large overages of line items in budgets were identified and acted upon. He stated the thought was if the line items exceed approximately $100, the Board does not need to be informed. He added if a department was going to spend between $5,000 - $10,000 on a line item from any department, the Town Administrator would have to approve and anything over $10,000 would need Board approval. Ms. Braccio stated she was in support of the policy and Mr. Stivers stated that the language in Section 2 (E) should read

"item to be in deficit." Chairman Healey made a motion to adopt the Updated Town Financial Policy as amended. Mr. Stivers seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. LeVault stated she would have asked the Board to delay a vote for other boards and committees to weigh in on this policy. Chairman Healey stated this was included in the packet and available to the public and Ms. Malinowski gave details about how the policy would limitedly pertain to the Recreation Commission.

IV. Reports

Chairman's Report

None

Members' Reports

Mr. Shea stated he attended the Veteran's Day observance last week and congratulated Mr. Whynot and Mr. Kolenda for planning an event that honored veterans while being respectful of the pandemic safety measures. He thanked members of the public safety departments and the Phaneufs for their continued maintenance of the memorial. He thanked the Eagle Scout for his project at the memorial and Southborough Access Media for recording the ceremony.

Ms. Braccio congratulated Southborough Youth and Family Services for being selected by the 100 Women of Southborough for their Gift Card Giving Program. She thanked the 100 Women of Southborough and added the donation could be $10,000 - $13,000.

Town Administrator's Report

Mr. Purple stated that many boards and committees continue to have evening meetings through Zoom and this has been a challenge with only two Zoom rooms available at one time. He stated that after speaking with Mr. Laflamme it was decided the best option was to add another Zoom room to accommodate for all the evening meetings. He requested the Board to approve $450 to acquire a license for a third Zoom room with full public access. Mr. Shea stated he was in support and suggested this be included in the CARES Act reimbursements. The Board agreed to the additional room and including the expense in the CARES Act reimbursements.

Mr. Purple reviewed the advertised position for an IT Manager, the ten current applicants for the position and the conversation regarding consolidating IT services with the schools. He stated he will have more information at the next meeting. Chairman Healey asked if it is decided to consolidate IT services with the schools, who will bridge the gap while the integration is taking place. Mr. Purple responded that in either solution, the schools will help with the transition.

Mr. Purple stated that AT&T is in the process of relocating their antennae off of the flagpole on Common Street and into the Pilgrim Church. He stated the lease agreement document should be executed over the coming week or so and stated they have concerns about the time between services coming off of the flagpole and into the church. He added this may be an agenda item on the upcoming meeting.

Mr. Purple stated that the warrant for the March 20, 2021 Town Meeting is scheduled to close in December and suggested the Board doe so for articles at the December 15th meeting. He added

that there are fifteen articles carried over from the postponed meeting last spring, there are the normal financial articles and one new article submitted from the Assessor's Office.

Mr. Purple said MASSDOT is conducting routine utility work on the Mass Pike east and westbound between 11:00 A.M. and 12:00 P.M. this Saturday and between 6:00 A.M. – 7:00 P.M. on Sunday. He said to expect only one lane open to traffic.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that on page four it should read that Chairman Healey met with Mr. Purple and the Advisory Chair to discuss the budget. She added that on page five Mr. Stivers asked questions regarding the timeline of the report and not her. She stated on page six is should read, "Mr. Norris." Mr. Stivers suggested adding line numbers to the minutes and the Board agreed. Chairman Healey made a motion to approve the Open Session Minutes: November 4, 2020 as amended. Ms. Braccio seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to accept the Library Donation of $15.00 from Xi Lu, for deposit to Library Donation Account. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the Winter Parking Ban for 2020-2021. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Other Matters Properly Before the Board

Performance evaluation policies

Chairman Healey updated the Board on the policies and Mr. Norris and Mr. Mulholland's review of them. He stated that documents could be ready for December 1st. He asked Ms. Malinowski if she would like to participate and she said she would provide feedback before December 1st. The Board agreed to the timeline proposed.

Update and discussion, RE: FY21 Goals

Chairman Healey asked that this item be moved to the November 24th meeting.

Discussion regarding 45 Highland Street

Chairman Healey summarized the issue at 45 Highland Street and told the Board they are to discuss a possible way forward. He summarized his conversations with Mr. Weishan and Ms. Livoli. He stated that it was proposed to reconstruct a structure that fits in the neighborhood and meets the criteria of the Historical Commission. Ms. Livoli added that it is a non-conforming lot and that all technical issues will need to be addressed as well. Chairman Healey stated that this situation has brought to light some areas of the demolition delay bylaw that need improvement and clarity. He explained the issues he found with the bylaw and stated he is in support of the construction of a similar building that meets the criteria of the Historical Commission with the jurisdiction of the Building Department. Ms. Braccio asked about the process moving forward as the Historical Commission has the expertise of what the building should look like. Mr. Weishan clarified that the Historical Commission's purview only extends to the façade that is visible from the street. He added that he hoped this concession does not set precedent for other historical homes. Ms. Braccio agreed. Ms. Malinowski stated this solution sounds reasonable given the

situation and stated that she is comfortable with this if Ms. Livoli and Mr. Weishan agree. Mr. Weishan reviewed the origin of the bylaw and reasoning for the two-year penalty. Chairman Healey stated he thinks the jurisdiction should lie with the Building Commissioner and Mr. Stivers agreed to the process presented. Mr. Stivers suggested the bylaw be updated and thought a subgroup could be created to bring a warrant article to Town Meeting. Chairman Healey outlined the gaps in communication that he felt lead to the situation. Mr. Weishan described the measures the Historical Commission are taking to ensure this does not happen again. Ms. Braccio stated that an enforcement procedure should be included in any revisions of the bylaw.

VII. Public Comment

None

VIII. Executive Session

At 10:12 P.M. Chairman Healey made a motion for the Board to enter into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the disposition of real property (Exemption 6) concerning the Arts Center, as the Chair declares that an open meeting may have a detrimental effect on the negotiating position of the public body; and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 4, 2020. Mr. Shea seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, October 30, 2020, 11:55 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to order at 11:56 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

Mr. Healey indicated that this statement will also cover the Affordable Housing Trust Fund Committee immediately following the Selectmen meeting.

II. **Consent Agenda**

a. Chairman Healey made a motion to accept the resignation of Dan Kolenda from the Affordable Housing Trust Fund Committee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to appoint Chelsea Malinowski to the Affordable Housing Trust Fund Committee. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

III. On a motion made by Chairman Healey, seconded by Mr. Stivers and voted by roll call all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 11:59 A.M.

Town of Southborough

Rental/Mortgage Assistance Guidelines

In response to the loss of income to households due to COVID-19, this program has been created and funded by the CARES Act funds granted to the Town of Southborough. This program seeks to be efficient and responsive. It is temporary in nature. Applicants that have been residents of Southborough for at least six (6) months are eligible for:

- Up to ~~two~~ six months rental or mortgage assistance, subject to available funding.
- Assistance can be used to pay current rent/mortgage or pay rent/mortgage that is past due since 4/1/2020.
- Mortgage assistance can be used to pay the mortgage principal and interest, it cannot be applied to escrow or homeowner's insurance.
- Amounts available are:
    - $1200 / month for an efficiency/studio
    - $1400 / month for a 1-bedroom
    - $1600 / month for a 2-bedroom
    - $2000 / month for a 3+-bedroom

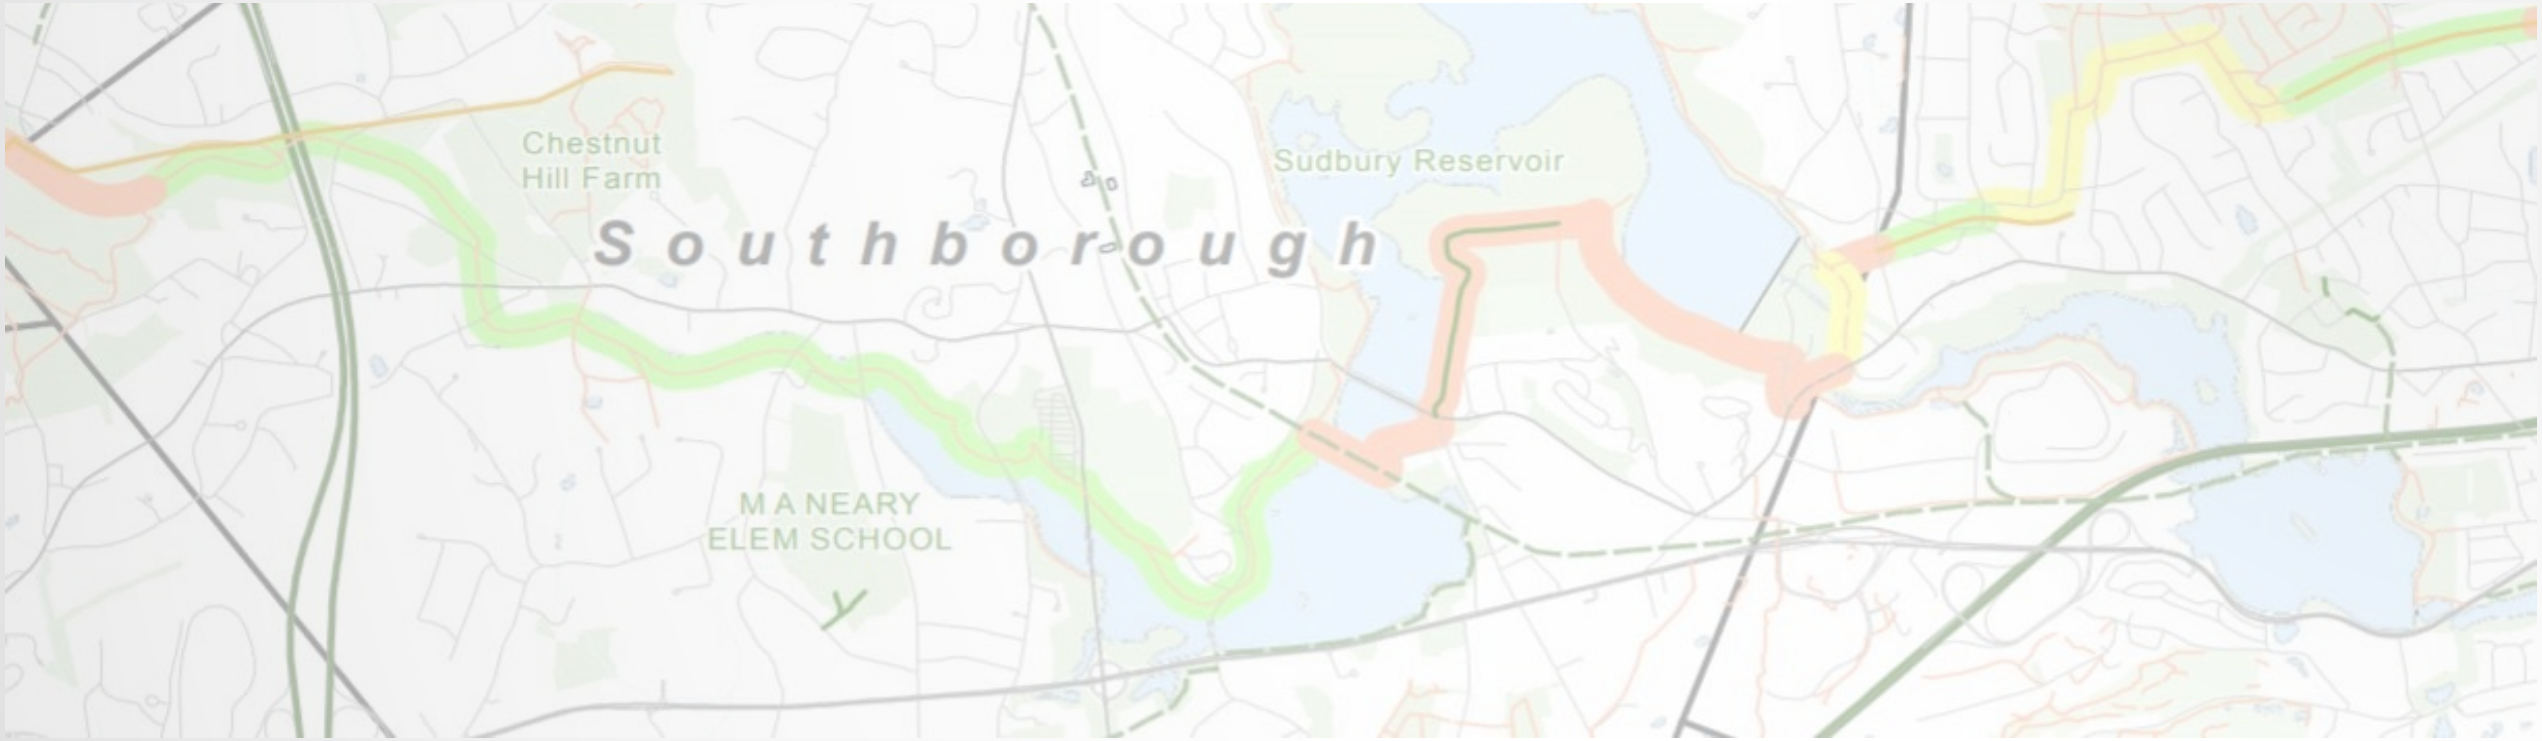
Please visit
https://www.southboroughtown.com/mra, or contact Southborough Youth and Family Services, at syfs@southboroughma.com or call Sarah Cassell at 508-481-5676 x.5 for an application.

All applications must be received by close of business at 5:00pm on Tuesday, December 1, 2020.

Household Eligibility
"Eligible" Household
An eligible household is one that:

- Has reduced income because of COVID-19
- Earns less than 80% of Area Median Income
- Households currently receiving government-funded rental assistance such as Section 8, MRVP are not eligible. Households that have received RAFT assistance since April 1, 2020 are not eligible. Households living in units subsidized with Project Based Section 8 shall not be eligible.

A "household" shall mean an individual or two or more persons who will live regularly in the unit as their principal residence and who are related by blood, marriage, law, or who have otherwise evidenced a stable inter-dependent relationship.



TRAILS COMMITTEE
A YEAR (+1) IN REVIEW

Presented by Kathryn McKee

December 01, 2020

SINCE OUR LAST UPDATE…(DECEMBER 4, 2018)

Committee Focus Areas:

1. Outreach and Awareness
2. Trail Stewardship Efforts
3. Education/Training Opportunities
4. Community Engagement

OUTREACH AND AWARENESS 2019-2020

- Doubled distribution list for Trails News/Announcements E-Alerts on town website since 2018
- Installed 4 map kiosks and 2 parking areas with the help of Eagle Scouts and DPW (one in collaboration w/SOLF & Trustees)
- Boroughs Loop Trail blazing, grand opening in Marlborough, 2 Southborough guided hikes (64 participants)
- MWRA installed 2 Aqueduct Trail granite markers
- Improved signage between Parkerville & Middle Road; Fay School installed posts, supplies donated by resident

Southborough Trails

Southborough Trails

AQUEDUCT TRAILS
A cooperative trail project between MWRA, Town of Southborough and Mass Trails
MASS TRAILS

OUTREACH AND AWARENESS 2019-2020 (CONT'D)

- Facebook outreach on the rise
- Ongoing website & trail map updates
- Trails video #2 published
- Awarded Choate Fund Grant to install "Southborough Trails" signs on map kiosks and build monofilament fishing line recycling receptacles (4 installed)
- Central Mass Regional Planning Commission interactive online regional trail map project (includes SRT/BLT/Aqueduct & Town Forest)

AVSC

EDUCATIONAL/TRAINING OPPORTUNITIES 2019-2020

- Attended International Trails Symposium (April 2019)
  - trail building workshop
- Attended DCR Trails Conference (November 2019)
  - trail reconstruction workshop
- Attended Leominster Trail Maintenance Workshop (August 2020)
- Worked with BCT volunteers on BCT/BLT Connector reconstruction (August 2020)

COMMUNITY ENGAGEMENT 2019-2020

- Scout projects and community service days, trail reconstruction work party with residents
- 2 Boroughs Loop Trail guided hikes (~64 participants) (for BLT Grand Opening)
- Staying connected via social media
- Fall photo contest for Trails Facebook cover image

PARTNERSHIPS TO LEVERAGE KNOWLEDGE, RESOURCES & NETWORKS 2019-2020

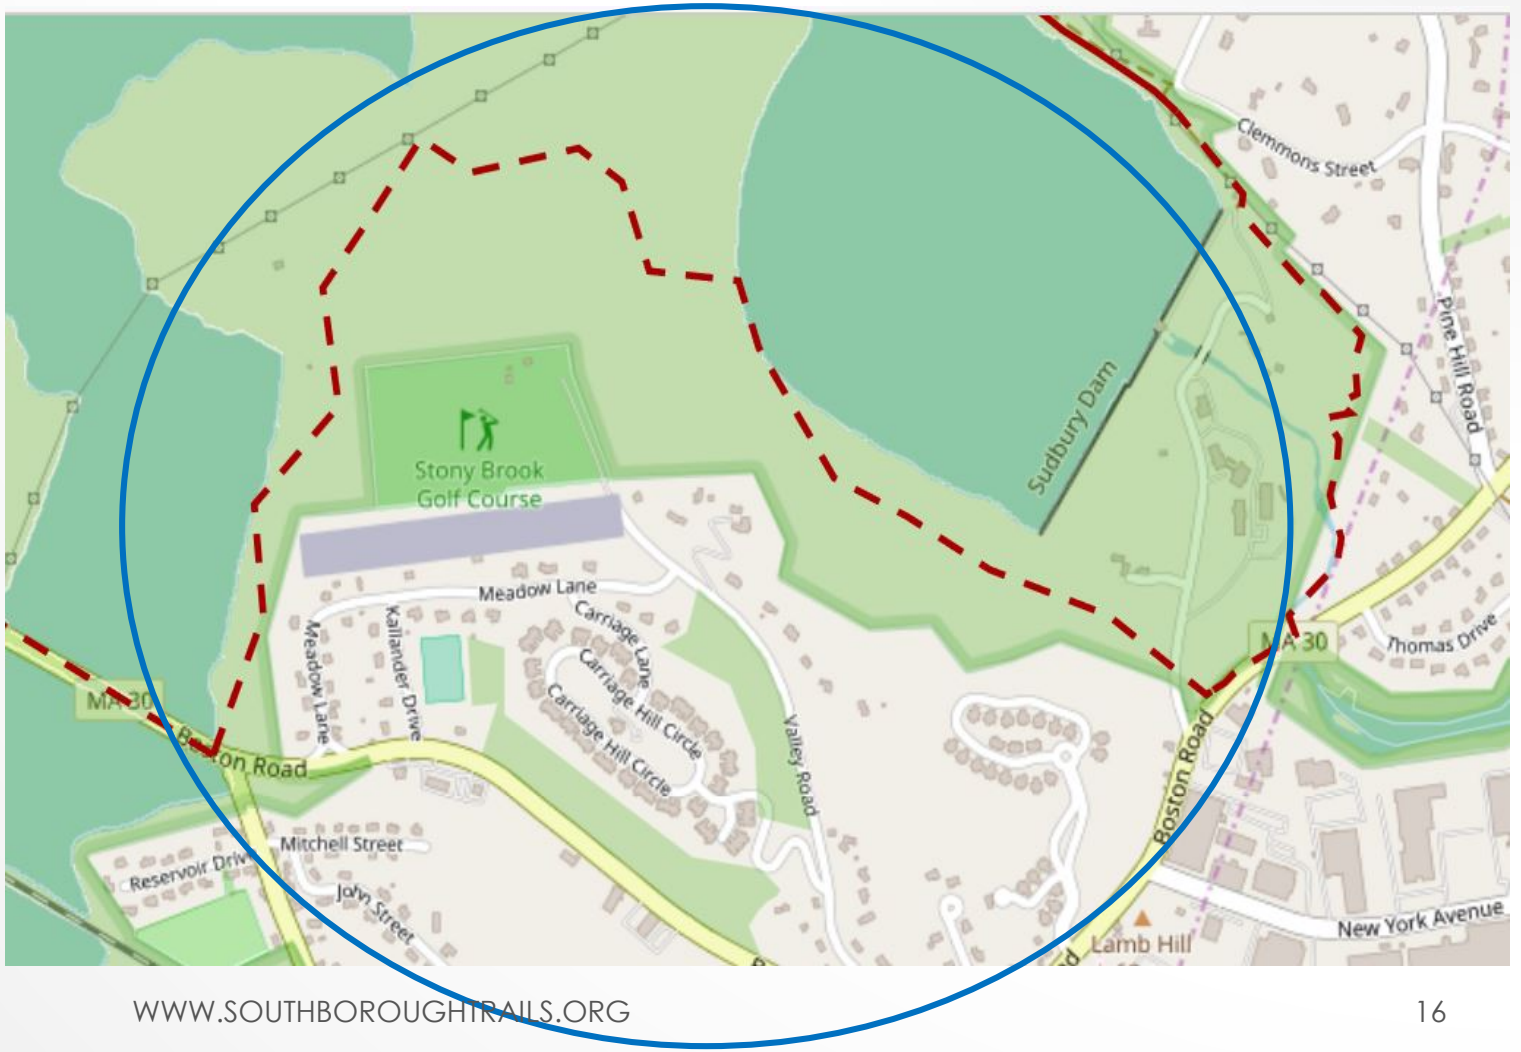
- Develop and strengthen relationships with contacts in surrounding towns through the participation in Boroughs Loop Trail Committee
- Develop and strengthen relationships with other Southborough Boards/Commission/Committee members through the participation in the Master Plan Committee
- Continue to have a positive working relationships with DCR and MWRA
- Letters of support to DCR to encourage completion of Public Access Plan received from communities, SVT and MAPC to help us close the regional trail gap (Thank you BOS for your support with this effort!)

PARTNERSHIPS: MUNICIPAL, STATE, AND COMMUNITY

A special thanks to all departments, boards, commissions, committees, state entities, community members, other volunteers/family/friends, local businesses, and scouts who contribute to the success of Trails Committee projects and initiatives.

CURRENT PROJECT: PENINSULA TRAIL
MISSING LINK FOR 2 REGIONAL TRAIL

- Located off Rt. 30, (intersects with Central Street and Stony Brook Rd); **~1.6 miles**
- Existing access road will serve as trail; land owned by DCR & MWRA; .5 mile paved
- Waiting for a DCR Public Access Plan
- Need to secure funding via grants, CPA application, donations
- **Estimate project completion 2021-2022**
- A section of the trail is a good candidate for accessible trail



TRAIL CONNECTION CHALLENGES

Rt. 30 Southborough/ Framingham line

Rt. 30 Bridge at Southborough/ Framingham line

Access to CSX causeway instead of Rt. 30 causeway

Crossing Rt. 30 causeway

WHAT'S NEXT - FUTURE TRAIL PROJECTS/INITIATIVES

- Peninsula Trail (connecting two regional trails)
- Stairs on north side of Rt. 30
- Aqueduct Trail permitting and trail build out to Pine Hill Road off BCT/BLT Connector
- Add Interpretative/historical signage at key locations throughout Southborough
- Mile markers for BLT
- Working with others entities to make Southborough more walkable; connect trails to downtown
- Add safe options for biking
- Participate in future bike committee

MEET THE COMMITTEE MEMBERS

- Kathryn McKee – Chair
- Satyendra Sharma – Secretary
- Isabelle Murphy
- Luisa Vargas
- Tom Marcoulier

We also work closely with Tim Davis, Recreation Director

REGIONAL TRAIL NETWORKS

- Three Major Regional Trails Extend Through Southborough
  - **Boroughs Loop Trail (BLT)**
    - ~33 mile loop connecting Marlborough, Westborough, Northborough, Southborough
  - **Bay Circuit Trail (BCT)**
    - Connects 37 towns, > 230 Miles; Plum Island to Kingston Bay
  - **Aqueduct Trail**
    - ~65 miles; connecting Cochituate, Weston, Sudbury, and Wachusett Aqueducts

- **MetroWest Landline – Greenway Network *(MAPC Initiative)***
  - Proposed 1,400 mile connected network of trails and greenways within Boston Region
  - Connects existing trails: Sudbury Reservoir Trail, *proposed* Peninsula Trail, BCT

Town of Southborough Non-Union Performance Appraisal

Date:

Probationary 6-month Review ☐ **Yes** ☒ **No**

Employee Name:	Mark Purple	**Current (SAP) Grade:**	
Employee Title:	Town Administrator	**Current Pay Rate:**	
Department:	Selectmen	**Proposed Pay Rate:**	
Anniversary Date:		**Percentage of Increase:**	

Criteria & Performance Elements	Overall Rating
Quality of Work/Job Knowledge	Above Expectations
Productivity	Meets Expectations
Communication	Meets Expectations
Collaboration/Interpersonal Skills	Meets Expectations
Leadership (Managers Only)	Meets Expectations

Manager Overall Comments: (required)

Mark has the skills that should allow him to do a better job, but he has fallen significantly short of my expectations for someone in his position and at his pay level. I look for much stronger pro-active leadership and management from this position, as well as more pro-active communication with the board members, with staff and with the public. I particularly look for much more pro-active management of town staff—to build a strong team across all Town departments. My overall evaluation of Mark's performance across all of the dimensions included in the performance evaluation worksheet is somewhere between "meets expectations" and "does not meet expectations"—with the weighted average being closer to the "does not" side of the scale. The Town needs this weighted average to be solidly at or above the "exceeds expectations" level, and I believe that this should be the target set for Mark's ongoing performance.

I'm particularly concerned about the apparent lack of oversight and follow-up relative to Mark's role as the Town's Personnel Director and the problems with the Selectmen's meeting minutes from 2013-2018 that led to the Open Meeting Law "guilty" determination by the AG's office. This appears to be a significant failure of some combination of structure, process or staff—all of which I believe Mark is accountable for.

Manager Overall Comments: (required) continued

We now have a little over a year before we are required to notify Mark if we do not intend to renew his employment contract. A significant improvement in Mark's performance during this next year will be necessary for me to support renewal of his contract. We need a specific performance improvement plan, with specific goals, milestones, and measures--and we need to monitor performance at least quarterly against this plan. The opportunities and challenges facing the Town over the next several years require our TA to exhibit strong leadership skills, effective management skills, and consistent effort to improve a variety of elements of Town service delivery. I believe that Mark's performance can reach this level if we set clear expectations for him and support his efforts. If Mark is unwilling or unable to meet this challenge, the sooner we all recognize this and move in a different direction, everyone is better off. (SS)

Mark continues to provide exemplary service to the Town of Southborough and its residents. His work ethic is outstanding, and he always provides strong advice. (DK)

Impressed with Mark's overall performance. In terms of communications, generally very good to excellent, but occasionally he'll make a decision to hold off on notice/forwarding to the BOS until a 2d or 3d event happens. Often not sure why that happens and, in my view, really shouldn't. I get the sense that sometimes Dept heads are reluctant to engage with a member of the BOS and I have to conclude that it's a result of a general or specific directive/experience with Mark. He's a good manager and there's no reason not to trust his Dept heads even more than he does. In terms of quality of work/productivity, my main observation is that I think he could be more proactive about pushing a technology agenda for the BOS and for the Town. (MH)

Supervisor Comments: Another outstanding year, Mark! You are a great asset to the Town of Southborough, and we are better because of you. (DK)

Employee Overall Comments (required)

Performance Assessment Ratings

Please describe the employee's contributions and professional strengths and/or weaknesses in each of the performance categories below.

Please illustrate specific, detailed examples of goals, results, and job-related attributes and behaviors since last review (if applicable).

Please rate each category according to the definition of ratings.

Comments are required for all sections.

5	**Exceptional** - Outstanding performance, results far exceed the position requirements including all individual objectives areas.
4	**Above Expectations** - Performance surpasses that expected of experienced and qualified individuals in this position. Performance consistently meets and often exceeds standards. Individual shows initiative, motivation, and versatility. Provides leadership, is highly productive, innovative, and responsive.
3	**Meets Expectations** - Performance is at the level expected of experienced and qualified individuals in this position. Performance meets all standards. The employee is considered to be "fully competent."
2	**Does Not Meet Expectations** - Sometimes meets performance standards. Performance in a majority of areas is below the level expected of experienced and qualified individuals in this position.
1	**Unsatisfactory** - Performance fails to meet position requirements, immediate improvement plan must be prepared, or termination is possible. Review performance again within 90 days. *All performance evaluations must be accompanied by a copy of the prior year's evaluation [with the exception of the employee's probationary review].

Performance Assessment – Town Administrator – Southborough

Criteria & Performance Elements

Quality of Work / Job Knowledge:

		SS	BS	DK	MH	LB	A
A.	Employee's understanding of rules, procedures, workflow, policies, and operations	3	4.5	5	4	5	4.2
B.	Demonstrates expertise in skill and knowledge within areas relevant to one's own function and/or work group	3	4	5	4	4	4.0
C.	Measures business decisions with customer/public satisfaction in mind	1	4	5	3	5	3.6
D.	Information shared publicly is accurate, thorough, and complete	2	4	5	4	4	3.8
E.	Acquires and maintains the skills and knowledge required for the position and area of expertise	3	5	5	3	5	4.2
F.	Work is performed with very few errors and mistakes	3	4	5	4	4	4.0
Average		2.5	4.3	5	3.7	4.5	**4.0**

Quality of Work / Job Knowledge Comments:

- Mark's experience provides him with the knowledge to perform the basic tasks of the TA job. As above, my concern is that we need much better performance from our TA than "meets expectations. I expect our TA to be out in front of the needs of the staff and the public— anticipating and being prepared to deliver high quality customer services. I believe that we have consistently fallen short of this objective, and I believe that the TA is where success with this objective starts and is maintained.
- An example of this customer service shortcoming is the need for improved access to Town information and enhanced services through technology. Some progress has been made in this regard, but I expect a TA to provide much more leadership and progress. A second example is the ongoing feedback relative to the difficulty and complexity of the Town's permitting processes. This has been a source of public complaints for many (over 10?) years. I expect our TA to recognize this, develop a plan to make this work smoothly, and implement this plan across all Town departments. This hasn't happened during Mark's tenure as TA.

Quality of Work / Job Knowledge Comments (continued)

- I also see a significant shortcoming over the past several years in the personnel management area. As a frequent attendee at Personnel Board meetings, I have observed gaps such as missing/outdated job descriptions, the SAP failure at the 2017(?) ATM, ineffective performance reviews, and failure to adequately address staff performance shortfalls. All of these shortcomings rest ultimately with the Personnel Director and/or his designee. The Town needs a strong staff team across the board if we are going to meet the challenges and realize the opportunities in the coming years. The TA needs to lead this process and establish a high expectation for staff performance and active management of this critical resource. (SS)

- Mark is very good/excellent in productivity, quality of work, planning/organizing/follow through and self-management. The quality of his work is very good/excellent, as is his job knowledge. He is always available as a resource to provide insight and background information to help Board members arrive at decisions on issues that arise. Mark takes direction and input well from all Board members to take the lead on developing policies/documents for the full Board review. (BS)

- Mark's years of experience greatly benefit the town. He clearly takes pride in his work and his work product is exceptional (DK)

- Need to pay more attention to details – including OML, public records requests, budget/workbook errors.
- Clearer definition of Personnel Director responsibilities.
- Need to work with the BOS for more transparency with the Public on past issues and updates.
- At times individual requests are not valid unless full Board position – TA decides
- PS Complex an impressive highlight to your Southborough career for the ability to work with vendors, PSBC and supporters.
- Crown Castle issue, clear facts and options were presented for the Board to make decision (LB)

Employee Feedback (as needed)

Productivity:

		SS	BS	DK	MH	LB	A
A.	Accuracy, neatness, thoroughness, and completeness of work duties performed	3	4	4	4	4	3.8
B.	Work assignments are planned, organized, and analyzed for optimum results	2	4	5	5	4	4.0
C.	Implements appropriate cost-saving measures	2	5	5	3	3	3.6
D.	Takes action on assigned projects without being directed to do so and looks for opportunities to move projects along	1	4	5	4	4	3.6
E.	Employee's willingness to take on extra work when required by circumstances	3	5	5	4	5	4.4
F.	Employee's ability to meet deadlines in a timely manner	3	4	4	3	4	3.6
G.	Project goals and task deadlines are routinely met	3	4.5	4	4	5	4.1
H.	Accomplished previously established goals and objectives	3	4	5	3	N/A	3.8
Average		2.5	4.3	4.6	3.8	4.1	**3.9**

Productivity Comments:

- As above, I believe that Mark has the knowledge and skills to perform the "basic tasks" of the TA job, but "meets expectations" is not sufficient for dealing with the challenges and opportunities that we will face over the next several years.

- I look to Mark to lead ongoing evaluation of staff and organizational productivity across all Town departments. I believe that we still have many opportunities to improve productivity through such approaches as consolidation of functions, cross training, and most important— through better use of technology. I also believe that we could make useful progress with better measures of staff productivity. These measures could allow us to better allocate resources. Another area of likely missed opportunity is the possibility of more cost-effective financing of capital equipment. While Mark may delegate the details of this type of initiative to the Finance Director or others, I look to the TA's leadership to push to evaluate and take advantage of this type of opportunity. (SS)

Productivity Comments: **(continued)**

- One of Mark's best achievements since joining Southborough in the Town Administrator role has been the improvement in the budget review process. He has developed an excellent working relationship with our Town Finance team, and together the team presents full and complete information to the Board and Advisory Committee for review during budget season. Mark took on a great deal of extra work with the undertaking of the Public Safety complex design and construction, and re-development of the golf course. This was a significant amount of work for which he deserves tremendous credit. Development of the budget book, and working with Town staff on a capital improvement program has been excellent. Extra work required by the Covid-19 pandemic was also a challenge, to which Mark has responded in an excellent manner. (BS)

- Mark's productivity is exemplary, and he is always reachable, even on vacation. He accomplishes required tasks and ensures his team does as well. (DK)

- N/A have not seen updated goals or objective since 2017 – BOS error
- More attention to detail and cost saving opportunities as related to operations as things change.
- Board still waiting on the energy stipend job description update
- Through COVID and the extra responsibilities, Mark has done a great job. (LB)

Employee Feedback (as needed)

Communications:

		SS	BS	DK	MH	LB	A
A.	Employee's ability to accept and understand criticism, and take appropriate action to correct and improve performance	2	4	4	3	4	3.4
B.	Team player; Maintains open communication with other employees in the organization and is conscientious, dependable and hard-working	2	4.5	4	4	3	3.5
C.	Appropriately communicates to constituents when needed, follows up promptly with peers/board when needed	3	4.5	4	3	5	3.9
D.	Employee's ability to communicate, both verbally and in writing	3	4	4	4	3	3.6
E.	Employee performs well based on use of active listening skills	2	4	4	4	4	3.6
F.	Actively solicits feedback from peers/others to determine needs and understand concerns	2	4.5	4	3	5	3.7
G.	Customer Service: Is able to find the right approach, depending on the situation with the colleague/official/peer and is articulate and diplomatic [when under pressure]	2	4.5	4	4	4	3.7
Average		2.3	4.3	4	3.6	4.0	**3.6**

Communications Comments

- This is a particularly subjective area to evaluate. Mark does have adequate written and verbal communication skills (a "meets expectations" level).
- I've had feedback from some more "difficult" members of the public that Mark's responses to them leave them feeling that Mark is impatient with them and is not sufficiently respectful of their comments. This isn't an easy situation for a TA to deal with, but I believe that it's an important part of the job and is something that Mark needs to work on.
- My impression of internal communication between Mark and others is that it tends to be more "one-way" than is most productive. I believe it's important to solicit and at least listen to other opinions, and to have staff feel that they have opportunity to express their opinions.
- I've observed that Mark sometimes does not choose to communicate the "entire story" in response to a question, so it's necessary to continue to restate the question to get the desired answers. This lack of transparency is not helpful in maintaining good internal and external communication. (SS)

Communication Comments (continued):

- Mark is always a team player. In his role, he may not always give the answer that department heads want to hear, but often that is required in that position. As evidenced by the recent Covid-19 pandemic, Mark acted quickly and appropriately to ensure safe workplaces for town employees. I attended a meeting with Town House staff prior to the Town House being shut down, and Mark was authoritative, while showing concern for each employee's health/safety. Staff responded very well to Mark's leadership. (BS)

- Mark has very good communication skills, both written and verbal. He also is an active listener who takes in many opinions before rendering a recommendation to others. (DK)

- Always available and promptly responds to all.
- Excellent communication in writing, verbal can be lacking sometimes
- Some staff feel they are not valued, are treated as such and are not seen as part of the team.
- Need to work in a less silo type style and more inclusive. (LB)

Employee Feedback (as needed)

Collaboration/Interpersonal Skills

		SS	BS	DK	MH	LB	A
A.	Contributes to a positive working environment through behavior; demonstrates commitment to their work	2	4.5	4	3	3	3.3
B.	Makes effective decisions	2	4.5	4	5	5	4.1
C.	Employee's success in gaining cooperation from peers	2	4	4	3	5	3.6
D.	Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	2	4.5	4	3	3*	3.3
E.	Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	3	4.5	4	4	5	4.1
F.	Exhibits strong interpersonal skills; presents willingness to offer counsel to others	2	4.5	4	4	4	3.7
G.	Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	1	4	4	5	2	3.2
Average		2	4.4	4	3.9	3.9	**3.6**

Collaboration/Interpersonal Skills Comments:

- This is also a particularly subjective area to evaluate. My impression is that there is not much of a "team" mentality across Town staff. The TA needs the ability to collaborate with all department staff, with the various elected boards and their staffs and motivate everyone to work toward common goals. I believe that we have not reached this objective, and this will limit our ability to get the best results from our limited resources.
- My primary concern for this category is the "board relations" question. Mark's failure to address the Selectmen's minutes problem leading to the AG's "guilty" determination leaves me wondering if there are other similar regulatory gaps that have yet to be discovered (or if this type of situation could re-occur. (SS)

- Mark is always a team player. In his role, he may not always give the answer that department heads want to hear, but often that is required in that position. As evidenced by the recent Covid-19 pandemic, Mark acted quickly and appropriately to ensure safe workplaces for town employees. I attended a meeting with Town House staff prior to the Town House being shut down, and Mark was authoritative, while showing concern for each employee's health/safety. Staff responded very well to Mark's leadership. (BS)

Collaboration/Interpersonal Skills Comments (continued)

- Mark utilizes team members to a great extent and gathers input from all stakeholders. His relations with board and committee members is solid and built on years of effort/collaboration. (DK)

- Need better collaboration with other Boards, can sometimes appear frustrated and not paying attention.
- Again, OML violations, when TA has paid staff reflects negatively on the Board.
- * Depends who is being mentored.
- TA ALWAYS puts in extra time when needed and accepts extra responsibility. (LB)

Employee Feedback (as needed)

Leadership [Managers Only]

	SS	BS	DK	MH	LB	A
A. Contributes to a positive working environment through behavior; demonstrates commitment to their work	2	4.5	4	4	3	3.5
B. Makes effective decisions based on available information	3	4	5	4	5	4.2
C. Employee's success in gaining cooperation and a high level of performance from employees supervised	2	4	4	3	4	3.4
D. Employee's ability to motivate employees he/she supervises through their action and example	2	4	4	3	3	3.2
E. Facilitates sharing of methods and knowledge; demonstrates "mentoring" ideas/tasks	2	4.5	5	3	3	3.5
F. Actively seeks new opportunities to network and build relationships with outside agencies and communities; has improved job performance and workplace presence through professional development	2	5	5	4	4	4 .0
G. Coaches, motivates, and develops other staff members in department/organization; gleans succession planning methods and puts them into practice	2	4.5	4	3	4	3.5
H. Willingly places extra time and effort to meet deadlines and accomplish goals, assumes additional responsibilities as needed	3	4.5	4	4	5	4.1

K. Board relations: Is responsive and timely when dealing with appointed/elected board and cognizant of MGL's that apply to department/organization	2	4	4	4	3	3.4
L. Identify training/development opportunities for their employees, discuss with these individuals a plan for the year ahead and how these tasks will be measured for completion and effectiveness	1	4	4	3	4	3.2
Average	2.2	4.3	4.3	3.5	3.9	**3.7**

Leadership Comments

- There are significant shortcomings in this area. I expect the TA to pro-actively identify areas that need improvement, develop implementation plans to address them, build the necessary staff and support to make the specific improvements, and drive implementation of the improvement plans. While Mark has demonstrated some ability to do this in selected areas, he has not pursued a number of important opportunities over the past years. I expect consistent execution across a broad set of issues. What I've observed is progress with a very limited set of initiatives. Examples of important foregone opportunities include:
    - integration/streamlining of permitting processes;
    - overall review/restructuring of administrative staffing;
    - enhancement/integration of technology capabilities;
    - update/modernization of the Town's zoning code;
    - longer-term planning for the "next step" of significant capital investment (community center?);
    - plan for leveraging the Town's commuter rail asset;
    - plan for longer-term revenue generation as the Town's excess levy capacity disappears;
    - coordination/management of the "downtown initiative" across various boards/committees;
    - driving town entities (including DPW, Planning, Trails, EDC, etc.) to coordinate transportation/connectedness;
    - increase coordination and use of shared resources with the schools;
    - identifying/acquiring targeted grant funding;
    - working with each employee to create a training/development plan to enhance individual job skills and growth potential;
    - improve the quality/professionalism of the Town's administrative functions (e.g., upgrade the budgeting process to get GFOA budget award) (SS)

- Mark defines the purpose and long-term vision for departments, and with assistance from his Finance Team and Assistant Town Administrator seeks improvements in department processes and function. Mark is effective in getting ideas accepted and has an ability to inspire, motivate, instill confidence and high morale; earns respect and trust of others. Leads by example with words and deeds. Demonstrates integrity and business behavior and expects this in others. Instills accountability for results.
- Mark accepts responsibility and failures, quickly credits others on is team, and aligns priorities of work for an effective organization and delegates effectively. Tackles performance & discipline issues in a fair and timely manner. Resolves conflicts that arise in departments under his control. Understands the

Leadership Comments (continued)

- unique value of each person to enrich the effectiveness of the organization and its people (right people in right place at right time). Clearly communicates expectations. (BS)

- Mark exhibits excellent leadership abilities, and provides direction to a variety of employees, staff, boards, and committees. He presents very well and is always prepared for meetings. (DK)

- Did not set any goals in DPW Superintendent contract.
- A violation of the OML for the BOS for not responding in a timely manner should not have happened. Outside Council or the TA should have calculated the due date and not depended on a computer program that clearly in the past has done the correct date.
- Did not get up to help/defend the Facilities Director at Town Meeting, when the Finance Team scrubbed the budget and should have been confident in their numbers.
- Performance of employees should be reflective in TA review.
- Is not always aware of potential funding available for Southborough – Cares Act or legislative
- Overall gives very good guidance and information to the Board and does a very good job.
- These comments are only to make the TA more effective and transparent to the BOS and taxpayers. (LB)

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 15, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
State Delegation – Legislative update
Chairman Healey welcomed Senator Eldridge and Representative Dykema and invited them to speak. Senator Eldridge reviewed some of the initiatives he is working on at the State House which includes support of public health departments, food assistance in the fiscal year 2021 budget, the police reform bill, a clean energy bill, an economic development bill and the Community Mass Works grants. Senator Eldridge explained his work on inclusion housing, affordable housing and healthcare bills. He stated he has worked with Mr. Purple to inform him of upcoming grant opportunities and summarized some that the Town has been granted in the past. Senator Eldridge stated he set aside $250,000 for every Town in his district that has an MBTA station for improvements and asked the Town to inform him if they would like to move forward with this as it is possible to have the funds released from the Governor as a bond.

Representative Dykema explained the status of the budget which she described as behind schedule due to the pandemic. She stated that this year the State budget is based on estimates rather than a solid understanding of revenues and these numbers assume the success of a vaccine rollout program. She described the program and urged the public to look at the DPH website to find which phase they fall into. Representative Dykema stated that there will be more

funds from the federal government, more focus on support for unemployment, individuals and municipalities. She described multiple grants that could be applicable related to public health, technology assistance, main street economic recovery and small business and economic development. She urged those interested to look into more at the Mass Development website page. Representative Dykema described the Allston/Brighton Viaduct Project and her work to ensure lanes on the Mass Turnpike are not eliminated.

Ms. Braccio asked for more information on the Allston/Brighton Viaduct Project and how it could impact the Town. She asked for assistance with reaching the DCR regarding a resident's property on the reservoir. Senator Eldridge stated he can assist through his office. Representative Dykema stated she knew the person to contact at DCR and would be happy to assist Ms. Braccio with the matter. Ms. Braccio asked for their opinions on the Presidential Election. Senator Eldridge replied that changes were made to ensure it was easier for the public to vote and has not seen or heard evidence of voter fraud. Representative Dykema stated that Mr. Hegarty and the Town Clerk's Office is excellent at running an election and she also has not heard of any voter fraud which is a testament to the great work they do. Ms. Braccio asked for guidance on OPEB or unfunded pensions. Senator Eldridge stated that most towns are continuing to meet the guidelines. Representative Dykema stated the same concerns exist at the State House and they must fund this when possible.

Ms. Malinowski asked for more clarity on regionalization funding. Representative Dykema stated the guidelines should be coming when the application is released. She added that she will send a copy of the legislature to review the legal language. Ms. Malinowski asked about distribution of the COVID-19 vaccine outside of phase one. Representative Dykema replied that the majority of vaccinations will be distributed through a partnership with Walgreens and CVS.

Mr. Shea asked about the timing for the public health grants. Senator Eldridge stated that he hopes within the next month or two and they would have to see what the Legislature overrides. Mr. Stivers stated that the Town would be eligible for approximately $14,000 of the $10 million public health support funding based off of population. He asked for assistance in gaining access to more funding. Mr. Stivers requested assistance to accelerate the cooperation with DCR on the Town's public access plan. Mr. Stivers asked to follow up with them regarding a piece of property owned by MASSDOT near the Mass Turnpike and a possible easement to open space land. Senator Eldridge stated he would follow up with DCR on his request and Representative Dykema stated she was hopeful for more federal funding to help supplement public health resources.

Chairman Healey described the work done with Chief Paulhus and Chief Achilles regarding steps taken to improve recruitment and hiring in light of events taken place in 2020. He asked if there was much of a gap between the police reform bill passed by the Legislature and what the Governor sent back. Senator Eldridge gave a description of what was passed and what will be reconsidered. He added that the House does not have enough votes to override a veto and it will be challenging to do so. Chairman Healey asked about the safety of commuter rails with less frequent service due to the pandemic. Representative Dykema described another country where train cars were congested but not limited during the pandemic and was found to not be a significant spreader of COVID-19. She stated that the challenge is increasing the confidence of the public that public transportation is safe. She described measures the T has taken to enforce mask wearing, spot checking and ideas about future habits to gain more ridership. Chairman Healey stated affordable housing is challenging for a small Town like Southborough and stated he may be reaching out for assistance. Senator Eldridge replied that most towns are focused on this

and most have created an affordable housing trust. He described the work the Town of Acton is doing to increase affordable housing and what is being done at the State level. He stated he was happy to connect the Town with non-profit developers and he would like to discuss strategies at another time.

Frederica Gillespie, Chair of the Open Space Preservation Commission asked about next steps to move the fence at the Mass Turnpike and Halloran property for more access to the open space. Representative Dykema stated that the next step would be to work with the Board and get an endorsement to move forward for Senator Eldridge and Representative Dykema to connect with MASSDOT for this project. She asked for more information on the project to be forwarded as well. Mr. Stivers stated he had a map he could forward.

Kathryn McKee, Chair of the Trails Committee offered her assistance to send resources to Senator Eldridge and Representative Dykema for the conversation with DCR regarding the public access plan.

<u>Karen Galligan – DPW Superintendent</u>

a. Main Street update

Ms. Galligan stated the project is 99% done with a punch list of items to finish that are set for next spring. She listed these items to include the addition of a crosswalk, shrubs and trees and other small items. Chairman Healey asked about the placement of stop signs and Ms. Galligan replied that is decided federally through the MUTCD. She said some utility poles still need to be moved which is the responsibility of the utility company. She added that she believes the project will be complete by June. Mr. Shea asked if there were any outstanding issues the State needs to complete. Ms. Galligan replied there were and she is working with them. Mr. Stivers said he sees inconsistent behavior from the traffic light at the intersection and Ms. Galligan stated she would look into this. Ms. Braccio requested speed bump signs be added to the Town House as they are much bigger than she initially thought. Ms. Galligan stated Mr. Purple requested that and they will be installed. She also is having them reviewed as they were not built to design.

b. Proposal for intersection/pocket park at Cordaville/Common intersection

Ms. Galligan shared multiple plans depicting a proposed pocket park, additional parking and a fix to the intersection. She explained the results of her meeting with St. Mark's and an engineer regarding this project. She showed where the pocket park would be and the approach for fire trucks at this intersection. Ms. Galligan explained a proposed native species garden on Library property and trails for people to walk. Mr. Shea asked for clarity on the plan and a potential secondary outlet. Ms. Galligan explained this and the proposed drainage solution. Mr. Stivers stated he would be in support of access at both ends of the parking lot and asked about overflow parking. Ms. Galligan explained that the lot will be mostly St. Mark's with some shared spots.

Ms. Braccio asked who would be maintaining the parking lot and Ms. Galligan stated St. Mark's would as it is their lot. Ms. Braccio asked about funding and Ms. Galligan explained that the Shared Streets Winter Grant will be used for as much funding as possible but did not believe it would cover all the costs. She added there is a grant for the native species garden that could be used. Ms. Malinowski asked for clarity on where the parking is that will no longer exist and Ms. Galligan explained. Ms. Malinowski asked if St. Mark's was going to ask the Town to pay for the paving that is not covered by the grant. Ms. Galligan replied that they are working hard to get the grant application in as soon as possible and there will be discussions and negotiations on this topic but the work will need to be done. Ms. Malinowski asked if this project was the best fit for

the grant. Ms. Galligan stated she believed it integrates the most of what is being looked at for this grant. Ms. Malinowski asked Ms. Galligan to speak with Chief Achilles regarding the reconfiguration of the street and Ms. Galligan agreed. Chairman Healey stated that the sense of the Board is that St. Mark's is benefitting greatly from this project and they can cover the cost of paving the lot. Mr. Purple noted that the collaboration with St. Mark's is a great public/private partnership.

Kristin LaVault (12 Southwood Drive) asked if the primary driver for discussions to begin was St. Mark's request for an expanded and paved parking lot. Ms. Galligan stated that it was not and the Town started the discussion as there were complaints that on street parking was being eliminated during the Main Street project.

Frederica Gillespie (78 Southville Drive) stated that there is potential for OSPC to collaborate with St. Mark's for native plant programming with a biology connection. She added that green stormwater infrastructure is a great nature-based option and cost effective.

Mr. Donovan stated that he has conducted two strategic plans for the Library and parking is consistently an issue. He added that parking is not an issue only during high volume events but also throughout the summer season.

c. Review of CSX easement for Main Street project

Ms. Galligan gave the Board an update on the CSX easements with the landowners affected and stated the Knights of Columbus sent in their signed easement agreement and will be installing a fence, Mr. Lamy of Lamy Insurance will be entering into an easement agreement and Mauro's has not been in contact with CSX. She added that 2 East Main Street is a vacant lot and their easement will be dealt with when it is developed. Ms. Galligan shared her screen to show updated plans and explained where the easements and curbing would be placed and why. Chairman Healey asked Ms. Galligan to speak with CSX regarding not proceeding with this project and she agreed to do so. Chairman Healey asked CSX's position at Mauro's. Ms. Galligan explained that CSX needs to ensure the tracks are not accessible and the Town is obligated to fix the drainage. Eversource will be replacing the gas main located there at the same time. Mr. Stivers asked if CSX's primary interest is safety and Ms. Galligan replied in the affirmative. Ms. Malinowski asked what would happen if the Town does not move forward with the project. Ms. Galligan explained what work would be conducted and the relative challenges. She explained the advantages to moving forward with CSX to fix drainage and underground work to improve the crossing. Ms. Malinowski clarified that by doing the entire project the Town would be fixing approximately two to four issues and Ms. Galligan agreed with that assessment. Ms. Galligan stated she believes part of the issue with Mauro's is the potential to lose parking.

Mr. Shea asked for clarity on the plans and the easement agreement with the Knights of Columbus and Lamy Insurance. Ms. Galligan provided more information. Ms. Malinowski asked for timelines. Ms. Galligan stated she would like to be able to vet the project over January, February and March to bid and start work in the summer and fall. Chairman Healey outlined the three options for the Town to receive the easements and stated that a thorough discussion needs to be had with CSX and Mauro's. Ms. Braccio stated that the advantages of getting easements from CSX is to put additional curbing to protect the tracks and defray people from going on to the tacks and the opportunity to fix drainage in the area. Ms. Galligan agreed with the statement and reminded the Board that CSX is getting value from the Town and the easements are not free of charge.

IV. Reports

Chairman's Report

a. FY22 Budget Update

Chairman Healey updated the Board that the schools, Advisory Committee, Mr. Ballantine, Mr. Purple and he has met about the budget and it is concluded that fiscal year 2022 will have a higher tax rate. He stated work is being done to lower the tax rate and they are waiting for final preliminary numbers from the school. Mr. Purple stated that the budget from the school is submitted to them around the second week of January. He outlined an enrollment shift in the regional school.

Members' Reports

a. Closeout on Rent & Mortgage program

Ms. Malinowski stated that the program has been closed out after receiving eight applications; seven of which qualified for rent or mortgage assistance. She stated Ms. McAuliffe and she reviewed every document to ensure they met all requirements for the program. Checks totaling $13,000 was released to Youth and Family Services to those families who applied. Ms. Malinowski stated Ms. McAuliffe worked hard with Youth and Family Services to ensure checks were timely cut in order for reimbursement from the CARES ACT.

b. Update on Senior Events

Ms. Malinowski stated she had the opportunity to touch base with Ms. LeFrancois and coordinated efforts for community outreach with seniors. She added she is excited to partner with the Senior Center staff to coordinate COVID-19 and post COVID-19 community connections with seniors.

Ms. Braccio stated she assisted with a Santa/Holiday drive through with the Seniors and it was a huge success.

c. Board of Health staffing

Mr. Stivers stated that the Board of Health is working to staff appropriately to keep up with contract tracing of COVID-19 and the upcoming vaccine distribution process. He added that Mr. Purple has organized a meeting with the Board of Health, Fire Department and Advisory Committee to collaborate resources and create a program to support the needs of the Town. Mr. Purple stated that during the meeting they were notified that the Public Health Nurse is resigning from her position in February and he was notified that Mr. Pisinski will be resigning as the Public Health Director. He explained that Mr. Pisinski has more of an expertise in environmental health and moving forward, the Town will be looking for someone who also has public health experience. He added that Ms. Woodford had outlined a plan moving forward that included assigning responsibilities for this process. Mr. Purple said that after Representative Dykema told the Board that vaccines will be given to the general public through Walgreens and CVS, the meeting members spoke about establishing relationships with one of these stores to inquire what could be done locally.

Town Administrator's Report

a. Update on CHA for CommCan, RE: Payments

Mr. Purple explained the terms of the community host agreement and payments required from CommCan, Inc. He stated the Town was issued a letter from their attorney stating that any payment above the 3% is no longer allowed for fees you can include in agreements. Ms.

Esposito, Ms. Hale and he had inquired to other towns regarding their agreements and payments and most were not aggrieved that they were not getting their payments per their community host agreement. He gave Uxbridge as an example and stated most agreements focus on the 3% payment and the marijuana dispensary or growing facility tends to make a voluntary donation of $10,000 - $25,000 to a charity of the Town's choosing. Chairman Healey stated that contract law should apply unless negated by an act of legislature and he was unaware of any that did so. Mr. Shea stated that as a Board member who negotiated the agreement, CommCan provided example host agreements to reference and he did not recall the Board creating the $50,000 payment in addition to the 3%. He added that the agreement was signed by both parties and he is not willing to walk away from that based on CommCan's attorney opinion. Ms. Braccio agreed. Mr. Stivers suggested an informational session with a cannabis attorney. Chairman Healey stated he would like to find the correct path to proceed regarding this disagreement before investing resources.

b. Update on Arts Center notice for perc test

Mr. Purple stated that a notice was sent out to abutters within a three-hundred-foot radius and special notification was sent to the two departments residing in the Art Center. He added that Ms. Galligan is working to make the perc tests happen as soon as possible to complete before the ground begins to freeze.

c. Reminder on CARES ACT closeout on 12/30

Mr. Purple stated that reminders went sent out from the Town Accountant to explain that closeouts are on 12/30 for the CARES ACT. He added that responses were already submitted and will be included. He explained that reconciliation and checks for the appropriate funding will be done in January and if any submissions are not applicable to FEMA, then it will carry over to the CARES ACT as a funding request.

d. Update on Common flagpole

Mr. Purple stated the Board received plans from the Building Commissioner for a 110-foot flagpole. He stated one question was why the pole was moving fifteen feet from its current location and he explained it was because new footings were needed to support the pole. He added that all the landscaping and the wall around the pole will be moved or recreated.

Mr. Purple gave accolades to Mr. Davis as both lighting projects have been unanimously approved by the Planning Board and permitting is completed. He will now be focusing on bidding and construction pieces.

Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to reword the sentence on the November 24th minutes to read, "she asked Mr. Purple to revise the minutes to include the second agenda item and the motion, the second and unanimous vote affiliated with it." The Board agreed. Chairman Shea made a motion to approve Open Session Minutes: August 28, 2020; November 24, 2020; December 1, 2020 with the revision as amended for November 24, 2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve 2021 Annual License Renewals (Detailed list attached). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the donation of $24,354.00 from Harvard University Southborough Campus for the Police and Fire donation accounts. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to accept a donation in the amount of $100.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to extend the term for Capital Planning – School Research Subcommittee to February 28, 2021. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Malinowski asked to hold agenda item "f." Ms. Malinowski informed the Board she would need to abstain to this vote and Chairman Healey stated he would need to recuse himself. Mr. Shea made a motion to approve Bond Anticipation Notes for Fire Truck and Finn Boiler. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers. Ms. Malinowski and Chairman Healey abstained.

V. Other Matters Properly Before the Board

Review of EDC Residential Info Packet

Ms. Braccio stated that the EDC created a package they intend to share with businesses and residents in the downtown area. She added the EDC approved the document and Ms. Connelly is asking for Board approval. She said that the document was to provide history and background to residents and businesses in the downtown area regarding the downtown initiative for transparency. Ms. Connelly elaborated that the document would educate those potentially affected by the zoning changes and the EDC would like to distribute it before the Planning Board hearings. Ms. Braccio listed her concerns which included the inclusion of an address not in the proposed Downtown Village District, including an image of a lot with a stream that runs through it which could lead to conservation concerns and item number seven which is part of a court case. She suggested item number seven be completely removed until a resolution has been reached. Ms. Connelly stated the items included were identified two years ago in the ULI report. Ms. Braccio suggested that item number three and seven be removed for transparency. Ms. Malinowski agreed. Mr. Shea suggested the entire page be removed and Mr. Stivers agreed. Ms. Braccio asked that the picture on page nine be removed as well and explained that she would not want the public to see this document and think the Downtown Initiative is motivated for a specific project which is not the case. Mr. Shea agreed and said the document should have a minimal number of renderings as what is depicted could be very different from what is built. Ms. Malinowski agreed and explained that the Town may not have control over the physical appearance of these projects and there should be no reference to anything pending a court hearing.

Chairman Healey stated he felt it was a sales document and understood taking the dryness of changing zoning and turning into more aesthetic renderings. He added that a lot of the renderings could be achieved without changing the zoning and the sales aspect feels unnecessary. Ms. Connelly stated the intention is not to be salesy but to show the potential of what could happen if zoning was changed. Ms. Braccio reviewed more concerns regarding pictures referenced in the document and the statement that in 2018 the EDC supported 2 East Main Street as a mixed-use building. Chairman Healey stated that the reference to the 2018 EDC support could stay in as it is an accurate telling of history. Chairman Healey made a motion to give Ms. Braccio authority to sign off on any edits to the document before it is distributed. Ms. Malinowski seconded. Mr. Stivers stated that it is important to keep the process moving

forward. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Luttrell stated she had an issue with the statement that the EDC supported mixed-use at 2 East Main Street as it is not allowed. Chairman Healey replied that he did not disagree with that statement and asked if in fact this happened. Ms. Luttrell replied that it was questionable. Ms. Connelly stated it was complicated and Chairman Healey asked that the statement be removed from the document.

Ms. LaVault stated as a member of the public she felt the renderings were important to gain interest from resident. She suggested adding what the zoning change will not allow as well.

Goal setting for the Town Administrator

Chairman Healey explained that Mr. Purple's next evaluation is February or March and the goals for this would be relatively modest due to timing. He listed his goals for Mr. Purple which included having more fulsome communication with the Board and using his authority as listed in the Town Administrator bylaw to take initiative on his own projects. Mr. Stivers stated that there could be a dozen worthwhile projects for Mr. Purple to initiate and coordinate. He asked Mr. Purple to suggest some items and listed the Board of Health, Personnel Board and coordination between the Building Inspector and Historical Commission as appropriate to focus on. Ms. Braccio added she would like to see formal reviews for other contracted employees and setting goals for department heads and contracted employees who fall under him. Ms. Malinowski asked for reviews and goals for contracted employees and tying those goals to their annual review. She asked that Mr. Purple hold evaluations for any employee that has not been reviewed in the last eighteen months by February or March. Ms. Malinowski asked Mr. Purple to work collaboratively with department heads and other elected boards to improve Town services and reduce costs. She highlighted his work with Ms. Galligan as a good example. Mr. Shea stated he agreed with the above but stated the goals for Mr. Purple should be manageable and a long list will set him up for failure. He asked Mr. Purple to create a list of long-term goals to present to the Board in February or March.

Mr. Purple stated he will include a goal chart that highlights progress into the Board agenda packet. He explained that the sidewalk access to the Public Safety Building will be reviewed during the transition plan being done by CMRPC. He further explained what would be done if it is something that needs to be done. Mr. Purple explained the reorganization of the Selectmen's Office including the transition of Ms. Barry to the Selectmen's Office and the plan to revise the job descriptions for Ms. Esposito and Ms. Hale to broaden the benefit of these positions to support other offices.

Board liaison for Finance Team, RE: Quarterly financial reports

Chairman Healey made a motion to designate Ms. Malinowski as the Board liaison for the Finance Team. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Approve draft zoning bylaw for Downtown Initiative

Ms. Braccio stated she had concerns approving the document this evening as she found inconsistencies from the consensus agreed upon at the last meeting. She explained the inconsistency of the documented floor area ratio and the feedback provided by Attorney Costa. Ms. Braccio suggested the Board not vote on this document and work with the EDC and Ms.

Barrett to update the document to include what was agreed upon in their previous joint meetings. She stated she could work with the EDC and bring an updated document to the Board at the first meeting in January. The Board agreed.

Discussion of policies and practices for boards & committees

Chairman Healey asked to move this agenda item to the January 5, 2020 meeting. The Board agreed. Chairman Healey asked that the chairs of boards and committees be advised that the Board will be reviewing and updating these documents to reflect the virtual meeting environment.

Close warrant for March 20, 2021 Town Meeting

Chairman Healey made a motion to close the Town Warrant for March 20, 2021 Town Meeting. Mr. Shea seconded. Mr. Purple explained the additional warrant articles sponsored by the Community Preservation Commission. He added that there is a placeholder for the potential for another article from the CPC.

Ms. Malinowski asked about the process for potential changes to the Demolition Delay Bylaw from the Historical Commission. Mr. Purple explained and stated that no formal documentation for this has been submitted. He added that he will add a placeholder for a potential Historical Commission bylaw change in the warrant. Ms. Malinowski asked about the articles carried over from the previous Town Meeting. Mr. Shea explained that citizen petitions must be included in the warrant and cannot be pulled. Mr. Purple explained additional placeholders and stated with these there are forty-three articles. Chairman Healey made a motion to close the forty-three article warrant for the March 20, 2021 Town Meeting. Mr. Stivers seconded. Ms. Malinowski asked about a separate CPC article for SHOPC. Mr. Purple explained and stated it would fall under a current CPC article. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Public Comment

None

VII. Executive Session

At 10:24 P.M. Chairman Healey made a motion for the Board to enter into The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the value of real property (Exemption 3) as it relates to tax foreclosure proceedings for 44 Bigelow Road; and to comply with, or act under the authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 17, 2020. Mr. Stivers seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Upcoming Meetings
January 5, 2020
January 19, 2020

Respectfully submitted,

Kathleen Barry, Recording Secretary

Cambridge, Massachusetts 02142

Dear Secretary Pollack and Administrator McEwen,

We appreciate this opportunity to offer comment on the alternative designs being considered for the Allston Multimodal Project. The final design chosen for this project will impact generations of residents in the Allston and surrounding areas as well as those who, like our constituents, commute in and out of greater Boston from the west.

There appears to be growing support among stakeholders for the selection of the Modified All At Grade alternative and we have carefully followed the process which brought us to this point. There are many benefits to an all-at-grade design, however these comments are not offered to advocate for or take a position on any particular alternative. Regardless of the selected alternative, it is essential that travel options are protected for commuters from areas west of the project, both during and after construction.

Legislators from the MetroWest and Central MA regions have expressed our interests and priorities in numerous previous communications and meetings. While there are many important considerations to be taken into account when selecting a preferred alternative including potential environmental impacts to the Charles River, the following concerns are of primary importance to the constituents we represent.

Maintain Existing Turnpike Travel Lanes and Tracks; Minimize Impacts During Construction: The chosen design must maintain the current highway capacity of at least four lanes of traffic in each direction on the Massachusetts Turnpike, including adequate shoulder space for public safety and snow removal. While the pandemic has resulted in decreased congestion in the immediate term, it should be expected that pre-pandemic congestion levels will return, and all current traffic lanes must be retained. During construction, four operational lanes of highway traffic and two tracks on the Framingham/Worcester Commuter Rail line

must be maintained to the greatest extent possible, and any closures or reductions must be limited in duration and scheduled during off-peak times.

In addition, any closures of the Grand Junction rail bridge during construction have the potential to significantly disrupt service on the south side of the Commuter Rail system, including the Framingham/Worcester line. The project must account for and fully mitigate impacts resulting from bridge closure, if such closure is required, and any capital improvements required for this mitigation should be fully completed prior to the start of construction.

Address Expected Climate Impacts: Careful attention must be paid to flood and stormwater mitigation and management both during and after construction given the increasing frequency and intensity of extreme weather events. Designs must account for both present and expected future climate conditions to ensure that the roadway and rail lines, particularly in the throat area, will not be subject to closures due to flooding.

Fully Account for Project Impacts to Commuters with a Formal Mitigation Plan: Given the potential impacts to commuters of this large, multi-year construction project, substantive and proactive mitigation planning must be incorporated into the design process and not left to a future time. A complete review of possible mitigation options must be undertaken and, to the greatest extent possible, mitigation must be identified, designed, and implemented prior to the start of construction. Mitigation efforts should include, at a minimum:

a) **Alternative transit options** tailored to the expected constraints created by construction, including, but not limited to, increased rail service during periods of lane reductions, shuttle bus service and increased satellite parking/park-and-ride service, and carpool incentives.
b) **Investments in existing infrastructure** which will experience additional demand as a result of the project, including acceleration of needed capital improvements for the Framingham-Worcester line.
c) **Coordination with other projects** that may impede travel along the corridor in order to ensure that the worst periods of construction-related travel impacts do not coincide with other construction delays along any of the multimodal travel corridors impacted by the Project.
d) **A standing Corridor Working Group** must be established for the duration of Project planning and construction to facilitate active communication among the legislative delegation, MassDOT, and identified stakeholders in order to anticipate, minimize, and mitigate potential impacts to commuters traveling in the corridor on all modes of transportation.
e) **A user-friendly online portal** for commuters and the public during construction to provide timely, up-to-date travel information and allow commuters to assess various travel options in planning their commutes.

These priorities are crucial to maintaining a functional travel corridor that under more traditional conditions is traveled by 130,000 commuters daily and experiences significant congestion. Whichever design is selected as the preferred alternative, these considerations must be addressed in a proactive and comprehensive manner.

Thank you for the opportunity to comment and for your attention to this important matter.

Sincerely,

Carolyn C. Dykema

RE: Forging Ahead Legislative Comments

Dear Sec. Pollack, Chair Aiello, and members of the MBTA Fiscal and Management Control Board:

We write today to offer comment on MBTA Commuter Rail service changes that have been proposed as part of Forging Ahead. These comments are offered with a recognition that the COVID-19 pandemic has had unprecedented impacts on ridership and revenues, and that thoughtful policy discussions about how to respond to revenue shortfalls are required. We appreciate the Board's efforts to center these discussions around the needs of the riding public and applaud the numerous efforts to engage the public for feedback. Prior to the pandemic, constituents from MetroWest communities relied heavily on multiple Commuter Rail lines, including the Framingham/Worcester line, the Franklin line, the Needham line, and the Fitchburg line, and retaining this essential service in both the short and long term is essential.

The following comments are provided with three goals in mind: 1) to fully understand the financial picture and assumptions underlying these discussions and better assess the cost/benefit of proposed service changes; 2) to understand how a rapid return to full service can occur under the proposed scenarios; and 3) to urge the Board to delay any action until these proposals are better understood.

Clarify cost/benefit of proposed changes in both the short- and long-term
The financial and service implications of the various scenarios under consideration, in both the short and long term, remain unclear. Knowing that many costs associated with the Commuter Rail system are fixed in nature, more clarity is needed around where savings will be found, in addition to how these savings might impact fare revenue and other interdependent aspects of the rail system. It would be particularly concerning if workforce reductions factor significantly into expected savings, as this would hinder rapid return to service once ridership resumes. We know that experienced and highly trained staff are essential to rail safety, and training and onboarding new staff would be a lengthy process with the potential to greatly impede return of service. A clearer cost/benefit calculation and associated impacts to service levels must be understood before voting on any changes to ensure we are not pursing a plan that may generate short-term savings, but greatly compromise the future of the system.

Detail return-to-service expectations and assumptions
The proposed service changes have been described as temporary, but there has been little information presented on when service is expected to return and what assumptions have been made in the planning process. Before any service reductions are decided upon, there needs to be a

clear presentation of how, and how quickly service can be restored once ridership returns under the scenarios. This presentation needs to include detail on the data and information which serve as the basis for return to service assumptions, particularly information gained directly from the Commonwealth's employers relative to return to work expectations. A proposal to implement service cuts at a time when a vaccine is imminent raises questions that must be more directly addressed.

Find opportunities to innovate during this time of low ridership

Temporary decreases in ridership related to the pandemic do not diminish the longstanding challenges faced by MetroWest customers and Commuter Rail systemwide. Many of these needs were clearly defined in the Rail Vision process, including ideas for more consumer-friendly approaches to both scheduling and fares. During this time of low ridership, we should take the opportunity to experiment with and measure innovative ridership and fare approaches that could pay dividends in ridership and revenue post-pandemic. We all know that Commuter Rail will continue to play a crucial role in the Massachusetts economy and climate response. While we face short-term funding challenges, this doesn't preclude opportunities to pilot test limited-cost service delivery innovations and make progress toward the 21st-century transit system envisioned in the Rail Vision process.

Prioritize previously scheduled capital projects for possible federal funding

It is becoming increasingly likely that Congress may approve an infrastructure package that would provide funding to states for transit-related capital improvements. This funding should be used to restore essential projects that will dramatically improve service once ridership returns, including these priorities on the Framingham/Worcester Line:

- **Third Track project**: The proposed Third Track project, which is currently in the design stage, should be accelerated to minimize disruption to commuters during this low-ridership period and to increase mitigation options for upcoming major construction projects. This project, which would install an express track between Framingham and I-95, will increase availability of express rush hour trains that will be needed under normal conditions and especially during construction of the Allston Multimodal Project.
- **Increased parking capacity**: Parking-related capacity improvements are urgently needed on the Framingham/Worcester line.
- **Improvements to stations:** It should be the goal of the MBTA to make all Commuter Rail stations ADA-compliant with high platforms, particularly those already scheduled in Newton and improvements to Worcester Union Station which will allow for more robust and responsive future service.

Account for mitigation of Allston Multimodal Project impacts

As you are aware, planning and engagement is continuing for the upcoming Allston Multimodal Project which is expected to begin construction in 2022. The administration has recognized that mitigation planning for the Allston Multimodal Project is essential, and the Framingham/Worcester line will serve as an important alternative to I-90 during periods of construction-related lane closures. This project must be considered when estimating service requirements and return of ridership on the Framingham/Worcester line specifically.

Delay binding FMCB votes until financial needs and short- and long-term impacts are better understood

Given the significant number of questions still outstanding including a recent finding by the MBTA Advisory Board that cuts are unnecessary, and the clear opposition to service reductions shown in the recent MassINC poll, it is premature for the FMCB to take any binding votes on specific service

changes at this time. With a vaccine on the immediate horizon, and the likelihood of federal funding increasing, any votes on service changes should be delayed, at a minimum, until 2021.

Thank you for your consideration of these comments. We welcome your ongoing engagement and any questions that you may have and look forward to receiving additional information about this initiative.

RE: Open Meeting Law Complaint

Dear Attorney Riley:

This office received three complaints from Alex Bowman on April 22 and June 1, 2020, alleging that the Sandisfield Board of Selectmen (the "Board") violated the Open Meeting Law, G.L. c. 30A, §§ 18-25. The complaints were originally filed with the Board on February 17, April 14, and April 21, and the Board responded by letters dated March 5, April 27 and May 26.[1] In his complaints, Mr. Bowman alleges that the Board 1) posted insufficiently detailed meeting notices, 2) failed to timely respond to a request for open and executive session minutes, and 3) created insufficiently detailed meeting minutes.[2]

Following our review, we find that the Board violated the Open Meeting Law as alleged. In reaching this determination, we reviewed the original complaints, the Board's response to the complaints, and the complainant's requests for further review. We also reviewed the Board's January 27 open and executive session minutes.

DISCUSSION

1. The notices for the Board's January 27 and April 21 meetings contained insufficient detail.

[1] Unless otherwise specified, all dates refer to 2020.
[2] In addition, we decline to review any additional allegations contained in the request for further review that were not included in the original complaints filed with the public body. Our office does not conduct broad audits of public bodies and will address only specific allegations made in an Open Meeting Law complaint. See OML 2020-2; OML Declination 4-22-15 (Natick Economic Development Committee).

A public body must post notice of every meeting at least 48 hours in advance, not including Saturdays, Sundays, and legal holidays. G.L. c. 30A, § 20(b). Notices must include the date, time and place of the meeting, as well as a "a listing of topics that the chair reasonably anticipates will be discussed at the meeting." Id. The list of topics shall have sufficient specificity to reasonably advise the public of the issues to be discussed at the meeting. 940 CMR 29.03(l)(b). We generally consider a topic to be sufficiently specific when a reasonable member of the public could read the topic and understand the anticipated nature of the public body's discussion. See OML 2015-35.[3] A public body may discuss a topic not listed on a meeting notice if the topic was not anticipated by the chair 48 hours in advance of the meeting. See OML 2017-2; OML 2013-87.

The complaint alleges that several of the Board's meeting notices were insufficiently detailed. We address each in turn. First, as the Board concedes, the topic "contract negotiations" as included on the notice for executive session at the Board's January 27 meeting was insufficiently detailed because the Board could have specified that the negotiations pertained to the "Town Manager" without compromising the purpose for the executive session. See OML 2019-118 ("When convening in executive session pursuant to Purpose 2 or Purpose 3, a public body must identify the collective bargaining unit or nonunion personnel with whom it will be negotiating, if doing so will not compromise the lawful purpose for secrecy."). Second, as the Board concedes, an item "Selectmen's updates and Town Manager updates" for the January 27 meeting was insufficiently detailed where the Chair failed to list specific anticipated updates from the Selectmen. See OML 2020-44 (Public body chair must list all topics the chair anticipates will be discussed and, as a best practice, should solicit from non-members detail regarding the precise matters to be discussed.). Third, we find no violation with respect to the item "FY2021 Budget" on the March 18 meeting notice, as the meeting was cancelled. See OML 2020-53 ("When a public body does not actually deliberate on a noticed topic, the public body cannot violate the Open Meeting Law with respect to that topic, even if it would have been insufficiently detailed had the public body proceeded with its deliberation."). Fourth, the Board was not required to list every department that could be affected by "Budget reductions" on the notice for the March 25 meeting as the Chair anticipated discussing almost all departments and was not required to anticipate the course of the discussion. See OML 2019-26 ("We find that this topic, although not specifically listed on the meeting notice, fit within the Board's larger budget discussion, listed on the notice as 'Budget Review.'"); OML 2014-44 (Public body not required to anticipate course of deliberation); OML 2012-83 ("Where a public body is reviewing all articles for a Town Meeting warrant, it is not required to list all of the warrant articles on its meeting notice."). Finally, the Board provided insufficient detail about known Chapter 90 projects on its meeting notice for April 21. See OML 2019-121. ("Where a public body anticipates discussing specific Town Meeting warrant articles, it must specifically list them in its meeting notice."). Therefore, we find that the Board's notices for its January 27 and April 21 meetings violated the Open Meeting Law by providing insufficient detail.

2. The Board failed to timely respond to a request for open and executive session minutes.

The Open Meeting Law requires that a public body "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the

[3] All previous determinations issued by the Division can be found on the Attorney General's website: https://www.mass.gov/the-open-meeting-law.

members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). The "minutes of an open session, if they exist and whether approved or in draft form, shall be made available upon request by any person within 10 days." Id. Upon request by any person to inspect or copy the minutes of an executive session or any portion thereof, the body must respond to the request within 10 days following receipt and release any such minutes where publication would not defeat the lawful purposes of the executive session.[4] See G.L. c. 30A, § 22(g)(2). If the body has not performed a review, it must do so and then release any non-exempt minutes, or portions thereof, not later than the body's next meeting or in 30 days, whichever first occurs. See Id.; OML 2013-180.

Here, in response to Mr. Bowman's January 28 request for open and executive meeting minutes from the Board's January 27 meeting, the Board prepared a draft of the meeting minutes and sent them to Mr. Bowman within 10 business days. Under the Open Meeting Law, a public body has 10 calendar days from the date a request for meeting minutes is received to provide a response, unlike requests made under the Public Records Law for which a records custodian has 10 business days to respond. See OML 2019-125. The Board concedes that this response was late, due to a misunderstanding of the applicable timeframe for responding. We therefore find a violation as the Board's response was late.

However, we find that the Board permissibly withheld from release the January 27 executive session minutes. The Board asserts, and we have confirmed during an *in camera* review, that this executive session relates to ongoing negations with the Town Manager, and therefore the purpose is still ongoing. Therefore, the Board was not required to release these executive session minutes in response to Mr. Bowman's request and we find no violation of the Open Meeting Law in this respect.

3. The Board created and approved insufficiently detailed open session and work session meeting minutes for a January 27 meeting.[5]

The Open Meeting Law requires a public body to "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). When reviewing minutes for compliance with the Open Meeting Law, we look for substantial compliance with the accuracy requirement. See OML 2017-104; OML 2013-64. By substantial compliance, we mean that the minutes should contain enough detail and accuracy so that a member of the public who did not attend the meeting could read the minutes and have a clear understanding of what occurred. See OML 2019-145; OML 2012-106. Although a transcript of the discussions is not required, and the

[4] Executive session minutes may be withheld from disclosure to the public "as long as publication may defeat the lawful purposes of the executive session, but no longer." G.L. c. 30A, § 22(f). When the purpose for a valid executive session has been served, the minutes and any documents or exhibits used at the session must be disclosed unless the attorney-client privilege or an exemption to the Public Records Law applies to withhold them, in whole or in part, from disclosure. See id. Public bodies have an obligation to review the minutes of executive sessions at reasonable intervals to determine if continued non-disclosure of minutes is warranted, and to announce that determination at the next meeting following its review. G.L. c. 30A, § 22(g)(l); see OML 2015-94; OML 2013-56.

[5] The Board's "work sessions," which generally include longer discussions on single topics, are open to the public.

minutes need not include every remark or opinion presented, minutes must include a substantive summary of the discussion on each topic. See OML 2020-18; OML 2012-29; OML 2011-55. Minutes of executive sessions must include the same level of detail as is required for open sessions. See OML 2018-26; OML 2014-43.

Here, as the Board concedes, both the Board's open and work session minutes for its January 27 meeting do not provide sufficient detail regarding each topic discussed. In many places, the minutes note that a discussion was held, or a topic was addressed, without specifying what was said on each topic, leaving the reader without a clear understanding of what occurred. The Open Meeting Law requires that meeting minutes include more than a statement that a public body held a discussion about a specified topic; the Law requires that the minutes summarize the substance of the public body's discussion. See OML 2019-167; OML 2018-8. We therefore find that the Board violated the Open Meeting Law by failing to draft and approve accurate minutes for the January 27 open session and work session.

CONCLUSION

For the reasons stated above, we find that the Board violated the Open Meeting Law by 1) posting January 27 and April 21 meeting notices which contained insufficient detail; 2) failing to timely respond to a request for open and executive session minutes; and 3) creating and approving insufficiently detailed open session and work session meeting minutes for a January 27 meeting.

We order the Board's immediate and future compliance with the Open Meeting Law and caution the Board that a determination by our office of a similar violation in the future may be considered evidence of intent to violate the Open Meeting Law. In addition, we order the Board to create and approve sufficiently detailed meeting minutes for its January 27 open session and work session with **60 days** of the receipt of this order.

We now consider the complaints addressed by this determination to be resolved. This determination does not address any other complaints that may be pending with our office or the Board. Please feel free to contact the Division at (617) 963 - 2540 if you have any questions.

Sincerely,

Sarah Monahan
Assistant Attorney General
Division of Open Government

cc: Alexander Bowman (via e-mail: [redacted])
Sandisfield Board of Selectmen c/o Town Manager (via e-mail: [redacted])

This determination was issued pursuant to G.L. c. 30A, § 23(c). A public body or any member of a body aggrieved by a final order of the Attorney General may obtain judicial review through an action filed in Superior Court pursuant to G.L. c. 30A, § 23(d). The complaint must be filed in Superior Court within twenty-one days of receipt of a final order.

Town Finance Terminology

The following terms are frequently used in the Advisory Committee Report and at Town Meeting. For your convenience, we provide the following definitions.

Surplus Revenue: (Often referred to as "Excess and Deficiency")
The fund represents the amount by which the Cash, Accounts Receivable and other floating assets exceed the liabilities and reserves.

Available Funds: (Often referred to as "Free Cash")
The amount of the Unreserved Fund Balance (Surplus Revenue) account over and above uncollected taxes of prior years constitutes "free cash" or "available funds".

Overlay:
The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements and exemptions as granted.

Overlay Reserve:
This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year, and may be used by vote of the town for extraordinary or unforeseen purposes or voted into the Reserve Fund.

Stabilization Fund:
An outside section of Chapter 138 of the Acts of 1991 (the FY92 State budget) modifies limitations on the Stabilization Fund appropriation process by enabling communities to appropriate from this fund for any non-capital, lawful purpose without Emergency Finance Board approval (section 333). Beginning in FY92, the Stabilization Fund will thus become a source of revenue for general operating expenses for communities.

The Stabilization Fund is a mechanism for setting aside money for capital projects. It equalizes the effect of capital expenditures over time, as capital appropriations can change considerably from year to year. The balance in the fund will build up during years when expenditures for capital items are low. During years with high capital expenditures, the community will transfer money from the fund to reduce the project's impact on the tax rate or the amount of borrowing required for the project.

A community may appropriate up to 10% of its tax levy each year, as long as the balance in the Stabilization Fund does not exceed 10% of the community's equalized valuation. Interest earned on any fund balance is retained as part of the fund.

Appropriations into a Stabilization Fund can be made at either an annual or special town or district meeting. Chapter 94 of the Acts of 1985 permits appropriations to be made from a Stabilization fund at a special town or district meeting, not just at the annual meeting. Regardless of the timing, appropriations from the Stabilization Fund require a two-thirds vote by the appropriating authority. Until the FY92 state budget, a community could only appropriate from the Stabilization Fund for a none-capital purpose with the approval of the Emergency Finance Board.

Reserve Fund:
This fund is established by the voters at the Annual Town Meeting only and may be composed of (a) an appropriation (not exceeding 5% of the tax levy of the preceding year), (b) money transferred from Overlay Reserve, or (c) both. Transfers from the Reserve fund may be made only by the Advisory Committee and are for "extraordinary or unforeseen expenditures" only.

Conservation Fund:
For land purchases and any other conservation use.

DRAFT

Introduction to the Rules of Town Meeting

Southborough's Town Meeting is an open town meeting in which all registered voters may participate. Town Meeting is a deliberative assembly, conducted via a defined process, charged with considering a maximum number of questions of varying complexity in a minimum amount of time and with full regard to the rights of the majority, strong minority, individuals, absentees and all of these together. In other words, we gather for the purpose of conducting the Town's business thoughtfully and efficiently.

AUTHORITY

The three elements of authority at Town Meeting are a quorum of one hundred (100) registered voters or more, the Clerk and the Moderator. Of these three, the quorum is the most important.

The Town Clerk is responsible for voter registration, certification of a quorum, setting up the hall and keeping the record of the proceedings. He may also officiate Town Meeting in the absence of a Moderator.

The Moderator presides at and regulates the proceedings, decides all questions of order, and makes declarations of all votes. No one may speak on an issue without being recognized by the Moderator. It is the Moderator's responsibility to approve the distribution of materials, and persons wishing to do so must seek his permission. The Moderator appoints Tellers and alternates for the purpose of counting votes of the meeting.

THE WARRANT

All matters to be considered at Town Meeting must be published in the Town Meeting Warrant, which is the responsibility of the Board of Selectmen. The primary and most important purpose of the Warrant is to notify voters in advance the nature of the business to be taken up at Town Meeting. By state law, Town by-law or custom, several business articles (such as budget appropriations) must be presented in the Town Warrant each year for consideration. Other items are added by warrant articles proposed by Town officials, committees, boards, or groups of ten or more registered voters. The Advisory Committee reviews the Warrant, making recommendations on all the items of business to be presented. In accordance with the Town by-laws, all articles in the Warrant are considered in the order in which they appear in the Warrant, unless the Town Meeting votes to change the order for reasons that reasonable people would entertain.

PARTICIPATION

Any voter wishing to participate in Town Meeting must go to one of the floor microphones and wait to be recognized by the Moderator. Upon recognition by the Moderator, first state your name and address, and then state your business.

Anyone whose name is not on the list of registered voters requires the approval of either the Moderator or a majority of the Meeting to sit in the voting area.

All remarks shall be limited to the subject then under discussion. It is improper to indulge in references to personalities, and all expressions of approval or disapproval, such as applause or booing, are out of order. The Moderator may request any person to keep silent. If after warning from the Moderator, a person refuses to be silent or persists in other disorderly behavior, the Moderator may order a person to withdraw and if he fails to withdraw, may order a police officer to remove such person from Town Meeting.

Individuals who have a personal or financial interest with respect to a matter may speak or vote thereon but should frankly disclose their interest. However, no Town Meeting voter should accept compensation for participating without disclosing that fact.

There is no fixed time limit to the debate of any question. However, out of consideration for the others in attendance and the need to give adequate time to all matters coming before Town Meeting, each individual who speaks should make an effort to be as brief as possible and avoid repeating facts, views or opinions already expressed by others.

DRAFT

Anyone wishing to make a presentation with respect to any article must, prior to Town Meeting, obtain the Moderator's approval.

In order to give all a fair opportunity to speak, no one who has addressed any particular motion shall speak again, except to answer questions, until all others wishing to speak to the motion have done so.

HOW ARE MOTIONS CLASSIFIED?

Main Motions
Motions of this group are for the bringing of questions, or propositions, before Town Meeting for consideration. Only one main motion can be considered at a given time, and once introduced such a motion excludes all other main motions until it has been disposed.

Subsidiary Motions
Motions of this group have are for the modification or disposition of the main motion that is being considered. Their existence as motions depends entirely upon the principal motion to which they are subordinate. Since they relate to the question then under consideration, it is in order to propose them when a main motion is pending and to vote upon them before voting upon the main motion.

Privileged Motions
Motions of this group have no connection whatsoever with any main motion, but are motions of such importance that they are entitled to immediate consideration. These motions have the privilege of temporarily setting aside the main business then before Town Meeting.

Incidental Motions
Motions of this group have few characteristics in common, but for convenience have been grouped into one class. The name "incidental" applies because they arise only incidentally out of the business of Town Meeting.

RULES RELATIVE TO MOTIONS

A motion is the means of bringing a proposal or question for consideration by Town Meeting. When first put forward it is a motion; after it is seconded and acknowledged by the Moderator, it becomes the question or proposal. Except for complimentary resolutions (the presentation of which must be approved in advance by the Moderator), no main motion shall be entertained unless it's substance is contained within the scope of a Warrant article. Upon completion of debate, articles will be voted upon.

The Moderator shall determine whether a motion, or any discussion relative to a motion, is within the scope of the Warrant article under consideration. That is, the motion and the debate must be relevant to the article as written in the Warrant, since the purpose of the Warrant is to apprise voters of the actions to be taken at Town Meeting.

Articles only give notice to the voters and do not initiate action; motions do. Motions may be withdrawn; articles may not be withdrawn – articles must be acted upon by Town Meeting.

There are four types of amendments: striking out, inserting, striking out and inserting, and substitution. Motions to amend may be hostile as long as they are germane. An amendment to a motion is an amendment of the first rank; an amendment to an amendment is of the second rank; there can be no amendment beyond that of the second rank.

Some motions do not lead to a final determination by Town Meeting. A motion to commit or to refer sends the matter to an existing board or committee or one to be established. The motion to postpone indefinitely disposes of the question without bringing it to a direct vote. The motion to postpone indefinitely should not be confused with the motion to table which only temporarily delays a vote. As previously stated, articles may not be withdrawn; so when the Meeting does not wish to act on a particular article, the proper motion is to postpone consideration indefinitely.

DRAFT

Motions to reconsider shall be entertained when new information is available that is materially different than was presented (or could have been presented) at the time of the original vote on the article. Articles may be reconsidered only once. If a motion to reconsider is passed by the necessary 2/3 vote, it brings the original article back to the floor (which requires a new motion and additional debate); if the motion to reconsider is defeated, then the original article stands as previously voted and may not be reconsidered again. Actions to reconsider can be taken at the same session or any subsequent session of Town Meeting. A notice of reconsideration may be filed in advance with the Town Clerk stating that, at a specific point during the current Town Meeting, a voter will move for reconsideration on a particular article, and the Moderator will inform the hall of said action. Note that such a motion so noticed in advance must still be in order (i.e., must comply with all conditions required of any reconsideration motion).

All motions other than purely procedural motions must be in writing and signed by the sponsor.

CHART OF PRECEDENCE OF MOTIONS AND SUMMARY OF GOVERNING RULES

	May interrupt a speaker	Req. a sec.	Debatable	Vote Required	Motions that may apply
PRIVILEGED MOTIONS					
1. To dissolve	no	yes	no	majority	none
2. To adjourn	no	yes	limited	majority	amend

17. Separate Consideration	Mr. Moderator, I move for separate consideration.
18. Suspend the Rules	Mr. Moderator, I move to suspend the rules which interfere with...
19. Take from the Table	Mr. Moderator, I move to take from the table the motion relating to...

INTERRUPTING A SPEAKER

No one may interrupt a speaker except for a point of order or a question of privilege.

POINT OF ORDER

A point of order if a question of the Moderator about whether the speaker is entitled to be speaking, or whether the current subject under discussion (or what the speaker is saying) is irrelevant, illegal or contrary to proper procedure. No other “point of order” is proper.

PREVIOUS QUESTION

To call or move the question is a request to stop discussion and to take an immediate vote. This requires a 2/3 vote.

VOTING

Voting is by hand vote and the Moderator declares the result of such votes. If seven or more voters immediately question the declared result, the Moderator shall determine the result by a standing count of votes by the Tellers. After the vote counted by the Tellers is presented to the Moderator and announced to the floor, any further motions for recount are out of order.

ADJOURNMENT AND DISSOLUTION

Sessions of Town Meeting normally adjourn at eleven o’clock in the evening but may adjourn at such earlier or later time as vote of the majority may determine. Town Meeting shall not dissolve until all articles in the warrant have been properly considered.

ANNUAL TOWN MEETING

Worcester, ss. February XX, 2020

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the Inhabitants of the Town of Southborough qualified to vote in town affairs, to meet in the P. Brent Trottier Middle School, 49 Parkerville Road, in said Southborough, on

Saturday, March 21, 2020

at ***1:00 p.m.***, then and there to take action on the following Articles:

ARTICLE 1: To hear reports of the various Town Officers and Committees and to take such action thereon as the Town may vote.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To hear reports of Town Boards, Committees or Commissions.*

ARTICLE 2: To see if the Town will vote to accept any sum of money from St. Mark's School, Fay School, Harvard Medical School, L'Abri Fellowship, The New England Center for Children, and any other contributor and deposit same amount in Estimated Receipts Account, and determine what disposition shall be made of the same, if accepted, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *To allow the Board of Selectmen to accept donations from Tax Exempt organizations and determine the disposition of funds.*

ARTICLE 3: To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow from time to time in anticipation of revenue of the financial year beginning July 1, 2019 in accordance with the provisions of Massachusetts General Laws, Chapter 44, and to issue a note or notes as may be given for a period of less than one year in accordance with Massachusetts General Laws, Chapter 44, Section 17 as amended, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article allows the Town Treasurer to short-term borrow in anticipation of revenue.*

ARTICLE 4: To see if the Town will vote in accordance with the provisions of Massachusetts General Laws Chapter 30B, Section 12(b), to authorize the Board of Selectmen or the Superintendent of Schools to solicit and award contracts for terms exceeding three years, including any renewal, extension or option, provided in each instance the longer term is determined to be in the best interest of the Town by a vote of the Board of Selectmen or the School Committee, as appropriate, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Board Recommendation:

DRAFT

Summary: *This article allows the Selectmen and/or the School Committee to enter into contracts in excess of three years, if deemed in the best interest of the Town to do so. This has been an annual article, and the exemption has been limited to contracts of no more than seven years.*

ARTICLE 5: To see if the Town will vote to accept the Personnel Salary Administration Plan, as specified in Chapter 31 of the Code of the Town of Southborough, entitled: PERSONNEL.

, or do or act anything in relation thereto.

Proposed by: PERSONNEL BOARD
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Personnel By-Law governs policies and pay structures for non-union employees.*

ARTICLE 6: To see if the Town will vote to transfer a sum of money between and among various accounts for the fiscal year ending June 30, 2021, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *This article is intended to address any unexpected or unusual funding needs for the current fiscal year via transfers between accounts.*

ARTICLE 7: To see if the Town will vote to raise a sum of money as may be necessary for the Town's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

SEE BUDGETS ON THE FOLLOWING PAGES

Proposed by: BOARD OF SELECTMEN

Summary: *See budget report including Advisory Committee and Board of Selectmen's FY22 recommendations. If the Advisory Committee recommendation differs from that of the Board of Selectmen, it shall be noted in that departmental budget.*

ARTICLE 8: To see if the Town will vote to raise a sum of money as may be necessary for the Water Enterprise Fund's use for Fiscal Year 2022, and make appropriations of the same, as detailed following, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The Water budget is funded through an Enterprise Fund that is supported entirely through the water rates, which supports all aspects of the department's operation.*

ARTICLE 9: To see if the Town will vote the sum of $250,000 to deposit into the Town's OPEB Trust Fund.

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

DRAFT

ARTICLE 10: To see if the Town will vote to raise and appropriate, or transfer from available funds a sum of money for General Government capital items for the following purposes:

	DESCRIPTION	REQUEST	LEVY	OTHER FUNDS
A.		$	$	
B.		$	$	
C.		$	$	
D.		$	$	
E.		$	$	
F.		$	$

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A.
B.
C.
D.
E.
F.
G.

ARTICLE 11: To see if the Town will appropriate a sum of money to pay costs of the equipment listed below, and for the payment of costs incidental or related thereto, and to determine whether this amount shall be raised by borrowing, transfer from available funds, or otherwise:

	DESCRIPTION	REQUEST	LEVY	WATER AND OTHER FUNDS
A.		$	$	

, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:
A.

ARTICLE 12: To see if the Town will vote to raise and appropriate or transfer from any available funds the sum of $XX,XXX for the purpose of paying to retirees the amount due for accrued vacation and sick time, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will fund any vacation and sick pay due to employees upon their retirement.*

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of $XX,XXX for the purpose of paying the Town's share of casualty and other losses incurred to Town property and equipment which are not covered by insurance policies, or do or act anything in relation thereto.

DRAFT

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide funds to be used to pay the deductible for property damage which is not covered by insurance.*

ARTICLE 14: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $100,000 for the ongoing maintenance of capital equipment and systems associated with town buildings and facilities. The Town Facilities Manager shall recommend appropriate projects to the Town Administrator. The Town Administrator shall approve all expenditures under this article. The Town Facilities Manager shall report all funded projects to the Advisory Committee as requested, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article will provide for the maintenance and repair of capital equipment and systems associated with the Town's buildings and facilities.*

ARTICLE 15: To see if the Town will vote to raise and appropriate, borrow and appropriate or transfer from available funds the sum of $XX,XXX for the ongoing replacement of Personal Protective Equipment for the Fire Department.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 16: To see if the Town will vote pursuant to Massachusetts General Laws, Chapter 44 § 53E ½ to authorize the following spending limits for Fiscal Year 2022:

1. Immunization/emergency dispensing clinic; $12,000.
2. Inspectional services; $100,000.
3. 9-11 Field Maintenance; $100,000.
4. Wetland Protection; $30,000.
5. Hazardous materials; $75,000.
6. CPR classes; $6,500.
7. Community garden; $2,500.
8. Recreation programs; $400,000.
9. Tobacco Control Program; $4,000.
10. Golf Course maintenance; $30,000.

, or do or act anything in relation thereto.

Proposed by: BOARD OF HEALTH, BOARD OF SELECTMEN, RECREATION COMMISSION, AND CONSERVATION COMMISSION
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article approves the annual spending limits for revolving funds that are now authorized by Town by-law.*

DRAFT

ARTICLE 17: To see if the Town will vote to accept the report of the Community Preservation Committee for the FY 2022 Community Preservation Projected Receipts and act upon the recommendations of the Community Preservation Committee and to set aside for later expenditure, certain sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, as follows:

Estimated Surcharge Receipts (based on Town Treasurer's projections)……... $
State Match (projected FY2022 State match)……...……..…….. $
FY2021 State Match Adjustment……. $
Total Projected Revenue…….. $

Set Aside- Open Space

$XX,XXX to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for acquisition, creation or preservation of open space, and for the rehabilitation and/or restoration of open space acquired under the Community Preservation Act.

Set Aside – Historic Preservation

$XX,XXX to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the acquisition, preservation, rehabilitation and restoration of historic resources.

Set Aside – Community Housing

$XX,XXX to be set aside, held in the Community Preservation Fund, and spent in FY2022 or later years for the creation, preservation and support of community housing, and for the rehabilitation and/or restoration of community housing acquired under the Community Preservation Act.

Administrative Costs – Community Preservation Committee

$XX,XXX to defray the administrative and operating expenses of the Community Preservation Committee in FY2022 for the Community Preservation Fund (discretionary)

Set Aside -Budgeted Reserve/Discretionary

Reserved For FY22 CPF (Budgeted Reserve/Discretionary) $XXX,XXX

, or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *The budget and set asides are an annual requirement under the Community Preservation Act.*

ARTICLE 17: To see if the Town will vote to appropriate $XX,XXX to be applied towards the bond for the Perpetual Preservation Restriction on 84 Main Street also known as the Burnett House for the purpose of Historic Preservation. $XX,XXX from the CPA Historic Preservation Reserve Fund and $XX,XXX from the CPA FY2022 Budgeted Reserve Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is the Community Preservation Fund payment towards the FY2022 debt funding for the Preservation Restriction of 84 Main Street as approved at the 2016 Annual Town Meeting.*

DRAFT

ARTICLE 18: To see if the Town will vote to appropriate a total of $XXX,XXX to be applied towards the bond for the renovation and restoration of the Historic Southborough Library building, $XX,XXX for interest due September 2020 and $XX,XXX to be applied towards the bond for the purpose of Historic Preservation. $XX,XXX from the CPA historic Preservation Reserve Fund and $XX,XXX from CPA General Unreserved Fund. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *This article is the Community Preservation Fund payment toward the FY2022 debt funding for the renovation and restoration of the Historic Southborough Library as approved at the 2019 Annual Town Meeting.*

ARTICLE 19: To see if the Town will vote to appropriate $238,750 from the CPA Fund FY2021 Budgeted Reserve for the renovation and restoration of Kallander Field, located on Kallander Drive in Southborough (Parcel ID 56-0000-012-0) for recreation purposes as requested by the Recreation Department. This consists of $210,100 in project costs and an additional $28,650 in contingency funding. Contingency funds only available after approval of the CPC for unexpected costs unforeseen at the time of application. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the Recreation Director Tim Davis and the Southborough Recreation Department, said funds will be used to restore and renovate Kallander Field, to address significant drainage issues that plague the field.*

ARTICLE 20: To see if the Town will vote to appropriate $300,000 for the restoration and preservation of the Historic St. Mark's Bell Tower located at 27 Main Street Southborough for Historic purposes. $23,061.76 from the CPA Historic Preservation Reserve Fund and $276,938.24 from CPA General Unreserved Fund. Project to be completed in conformance with details as presented to the members of the CPC and to be documented in the application and signed Memorandum of Understanding. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Proposed by: COMMUNITY PRESERVATION COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary: *Under the direction of the St. Mark's Building Committee said funds will be used to restore and preserve the St. Marks Bell Tower in conformance with a Preservation Restriction held by the Massachusetts Historical Commission. The goal is to preserve St. Mark's Bell Tower for many future generations of Southborough residents to enjoy. Built in 1891 on land donated by Joseph Burnett, the tower has fallen into major disrepair over the years. Issues include water penetration, unevenly faced stones, cracked mortar joints, and stone slippage. Without restoration of the tower, the historic viewscape of our town will be forever changed. Satisfying the Community Preservation Act goal to preserve and maintain historic landmarks, this project would preserve the tower and keep its historical significance. St. Mark's Church is part of the Southborough Historical Commission project to add downtown Southborough to the State and National Register of Historic Places. The tower restoration project strictly falls under historic preservation and does not contain any religious depiction. This $300,000 request is for partial funding of total project costs of $565,000 with remainder raised by St. Mark's.*

ARTICLE 21: To see if the Town will vote to appropriate $XXX,XXX for the restoration and preservation of the Historic Southborough Town House located at 17 Common Street, Southborough. Said funds to be expended under the direction of the Community Preservation Committee and the Town Treasurer; or do or act anything in relation thereto.

Advisory Committee Recommendation: Support
Summary: *Currently, elected and appointed officials have 15 days to be sworn in by the Town Clerk's office; this article will allow those officials additional time to be sworn in following their appointment or election. The current requirement of 15 days was found to be too limiting, as appointment dates often conflicted with the 4th of July holiday and summer vacations. The Board of Selectmen was having to reappoint certain positions multiple times due to the inability of individuals to be sworn in within the required timeframe.*

ARTICLE 27: To see if the Town will vote to adopt MGL c.90, Section 17C to allow the Board of Selectmen to reduce the statutory speed limit from 30MPH to 25MPH on any or all town-owned roadways in thickly settled or business district areas, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article provides the Selectmen with the authority to reduce speed limits on certain town-owned streets in the interest of public safety.*

ARTICLE 28: To see if the Town will vote to adopt MGL c.90, Section 18B to allow the Board of Selectmen to establish regulatory 20MPH safety zones on public streets within the Town of Southborough, or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Not Support
Summary: *This article provides the Selectmen with the authority to establish safety zones on streets in the interest of public safety.*

ARTICLE 29: To see if the Town will vote to impose a .75% meals tax on the sales of restaurant meals by accepting Massachusetts General Laws, Chapter 64L, Section 2(a), or do or act anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support
Summary: *This article will require all local restaurants to charge an additional .75% in meals tax, which will come back to the Town as unallocated revenue through State Local Aid. Most other communities in our area have adopted this local option as well. The local meals tax has been identified as an additional revenue source to help alleviate increases to residential property taxes.*

ARTICLE 30: To see if the Town will vote to adopt as Chapter 9, Article IX Southborough Public Accessibility Committee, Sections 9.34 through 9.35 of the Town bylaws, the following:

Article IX Southborough Public Accessibility Committee

§9.34 Purpose

Numerous laws, statutes, policies and regulations require and/or encourage access to facilities, programs and services for all members of the public. These include, but are not limited to:

- The Americans with Disabilities Act of 1990 - 42 U.S.C. ch. 126 § 12101 et seq
- Regulations promulgated by the Massachusetts Architectural Access Board (521 CMR)
- The Voting Accessibility for the Elderly and Handicapped Act of 1984 - P.L. 98-435, 42 U.S.C. §§ 1973ee–1973ee-6
- The Individuals with Disabilities Education Act – 20 U.S.C. §§ 1400 et seq.
- The Rehabilitation Act of 1973 – USC 31-41c, 29 U.S.C. § 701 et seq
- The Architectural Barriers Act - 42 U.S.C. §§ 4151 et seq.

DRAFT

- Massachusetts Employment Law MGL ch 151B
- Massachusetts Public Accommodation Law - MGL ch 272
- Massachusetts Equal Rights Act - MGL Ch. 93 §§ 102
- Massachusetts Constitution Article CXIV (114)
- Massachusetts Service Animals Law – MGL Ch. 272 §§ 98A

Southborough supports a coordinated approach to monitoring and increasing public accessibility and ensuring compliance with local, state and federal requirements. In addition, it is desirable to encourage property owners to consider adopting optional policies that increase accessibility. As more fully described in the remainder of this Article IX, this article establishes a committee that will be responsible for developing and implementing this coordination. It will report on status and progress to the Board of Selectmen and the Town Meeting.

§9.34.A Establishment; Membership; Qualifications

There shall be a Southborough Public Accessibility Committee ("SPAC"), which shall consist of five voting members appointed by the Board of Selectmen, plus the non-voting, ex-officio members identified below. Any non-voting, ex-officio member shall not count toward the calculation of a quorum for the SPAC for voting purposes.

Each voting member shall be a registered voter in the Town and shall not be a Town officer (where a "Town officer" means a Town official who serves in an elected position) or a Town employee (where a "Town employee" is any person holding a non-elected, paid position in the Town other than a volunteer who is deemed a Special Municipal employee solely for the purposes of MGL Chapter 268A).

The Board of Selectmen shall designate a Public Accessibility Coordinator ("Coordinator"), in consultation with the SPAC. The Coordinator shall be responsible for accepting and recording concerns, coordinating reviews, and such other duties as may be assigned.

The Building Commissioner and Coordinator shall be ex-officio members of the SPAC.

§9.34.B Appointments; Terms

Voting members shall be appointed for two-year terms. The initial appointments shall be divided between one and two-year terms, so as to establish overlapping terms.

§9.34.C Organization

The voting SPAC members shall select annually, from among themselves by majority vote, a Chairman and a Secretary.

§9.34.D Funding

The SPAC shall have a budget, as may be approved through the Town's regular budget process, for consultants and other expenses. The SPAC shall submit its projected expenses annually as input to the Town's regular budget process. Any expenditures from the SPAC budget shall require a majority vote of the SPAC, and shall be subject to the Town's policies for such expenditures.

§9.35 Powers and Duties

The SPAC Powers and Duties include, but are not limited to, the following:

- To monitor and enhance the Town's compliance with all applicable laws, statutes, policies, and regulations that require (or encourage) access to facilities, programs and services for all members of the public.
- In coordination with Town officers, departments, and other government entities, to endeavor to ensure that all Town citizens have equal access to:
  - Town government offices and communications
  - Public and commercial buildings
  - Programs
  - Goods and services
  - Transportation
  - Telecommunications, including the internet
  - Recreational facilities and programs

DRAFT

- To review existing and proposed facilities, programs, and projects undertaken by the Town, and to notify the responsible official or entity of its comments. The SPAC may request that other Town officials, committees, departments, and/or entities provide input to these reviews.
- To undertake public outreach and advocacy for accessibility in the Town,
- To periodically, but no less than once per calendar year, report to the Board of Selectmen and the Town Meeting on its activities and findings.
- To provide a mechanism for the public and/or any Town employee to raise concerns about the accessibility of any Town facility, service or program.
- The SPAC (or its designee) shall maintain records of such concerns and their dispositions. To the extent permissible by law, the identities of persons raising such concerns shall be confidential, unless confidentiality is waived by such person.

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *This article replaces the current ad-hoc Accessibility Compliance Committee with a standing committee. The existing committee was established to address the issues raised by the 1990 Americans with Disabilities Act, and was thought to be needed for a short time. In the time since, regulations in this area have increased and public demand for accessibility has increased. Since the need has persisted for several decades, a standing committee that is not limited to the ADA is the more appropriate construct.*

ARTICLE 31: Amend Town Code – Advisory Committee (change membership from 9 to 7; allow members to participate in one standing committee or one ad-hoc committee).

, or act or do anything in relation thereto.

Proposed by: ADVISORY COMMITTEE
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 32: Amend Town Code – Capital Planning Committee (establish)

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 33: To see if the Town will accept the provisions of Chapter 41, Sec. 110A of the Massachusetts General Laws "Office hours on Saturday": "Any public office in any city or town may remain closed on any or all Saturdays as may be determined from time to time, in a city by the city council, subject to the provisions of the city charter, or, in a town, by vote of the town at a special or regular town meeting, and the provisions of section nine of chapter four shall apply in the case of such closing of any such office on any Saturday to the same extent as if such Saturday were a legal holiday."

;or do or act anything in relation thereto.

Proposed by: TOWN CLERK
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: Support

Summary: *Acceptance of this provision of the General Law would extend a voter registration deadline which occurs on a Saturday to the following Monday.*

ARTICLE 34: To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Zoning Article I entitled "Miscellaneous Provisions" and Article V entitled "Nonconforming Uses and Structures" by amending thereto Section 174-9 entitled "Special Permit Requirements" and 174-19 entitled "Extensions" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

Article I: Miscellaneous provisions
§ 174-9 Special permit requirements.
[Amended 4-14-1986 ATM by Art. 46]

E. Nonconforming uses, lots and structures. Special permits may be issued for the extension**,** ~~or~~ alteration**, reconstruction or structural change** of legally nonconforming uses, structures and lots, including a change in the non**-**conforming use to another non-conforming use, provided that the Board of Appeals finds that such extension, alteration**, reconstruction** or **structural** change shall not be substantially more detrimental to the neighborhood, will not increase the extent of non**-**conformance in size or in impact and that the cost thereof shall not exceed 50% of the assessed value of the non-conforming structure at the time of application, and further provided that the estimate of the cost of any extension**,** ~~or~~ alteration**, reconstruction or structural change** utilized by the Board of Appeals in evaluating the above specified 50% requirement of the assessed value shall not be less than a cost estimate of such extension**,** ~~or~~ alteration**, reconstruction or structural change** based on a nationally recognized building cost estimate manual or system acceptable to the Zoning Board of Appeals. ~~No special permits under this subsection shall be granted for nonconforming signs subject to Chapter 93 or 93D of the General Laws.~~
[Amended 4-15-2008 ATM by Art. 38]

§ 174-19 **Extensions,** ~~or~~ alterations**, reconstruction or structural changes.**
[Amended 4-10-2000 ATM by Art. 55]

A. Nonconforming structures or uses shall not be extended**,** ~~or~~ altered**, reconstructed or structural changes made** except to make them conforming~~,~~ unless the Board of Appeals authorizes such extension**,** ~~or~~ alteration**, reconstruction or structural change** by special permit upon making findings as provided in § 174-9E.

B. ~~Single-family and two-family residential structures. In the following circumstances,~~ **Notwithstanding the provisions of Section A above, as provided in M.G.L. c.40A, § 6, if any proposed extension, alteration**, reconstruction**,** ~~extension~~ or structural change to a single or two-family residential **structure complies with one of the conditions set forth in subsections (1) through (5) below, such extension, alteration, reconstruction or structural change** ~~structure~~ shall not be considered an increase in the non-conforming nature of the structure and shall be permitted as of right.
[Amended 10-7-2013 STM by Art. 9]

(1) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient area~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(2) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which complies with all current setbacks, lot coverage and building height requirements but is located on a lot with insufficient frontage~~,~~ where the alteration will also comply with all of said current requirements.~~;~~

(3) **Extension, a**~~A~~lteration**, reconstruction or structural change** to a structure which encroaches upon one or more required setbacks~~,~~ where the alteration will comply with all current setbacks, open lot coverage and building height requirements. The provisions of this ~~s~~Subsection ~~B (3)~~ shall apply regardless of whether the lot complies with current area and frontage requirements.

(4) Extension, alteration, reconstruction or structural change to the rear, side or fascia of a structure which encroaches upon a required yard or setback area where the alteration will not encroach upon such area to a

distance greater than the existing structure. The provisions of this subsection shall apply regardless of whether the lot complies with current area and frontage requirements.

(5) Extension, alteration, reconstruction or structural change to a non-conforming structure which will not increase the footprint of the existing structure providing that existing height restrictions shall not be exceeded.

In the event that the Building Commissioner determines that none of the exemptions set forth in subsections (1) through (5) apply, and the Building Commissioner determines that the non-conforming nature of such structure would be increased by the proposed extension, alteration, reconstruction or structural change, then the Board of Appeals may, by special permit, allow such extension, alteration, reconstruction or structural change where the proposed modification will not be substantially detrimental than the existing non-conforming structure to the neighborhood.

; or do or act anything in relation thereto.

Proposed by: ZONING BOARD OF APPEALS
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting
Summary: *This article proposes to amend the Special Permit Requirements and Exemptions by the addition of language for the purpose of clarity and the inclusion of exemptions to comply with current case law.*

***ARTICLE 35**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough Article III entitled "Use Regulations" by replacing thereto Section 174-12.1 thereof entitled "Outdoor illumination" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-12.1
Outdoor illumination.
[Added 4-11-2005 ATM by Art. 40]

A. Purpose. This section recognizes the benefits of outdoor lighting and provides clear guidelines for its installation, so as to help maintain and complement Southborough's character. The intent of this section is to**:**

(1) encourage lighting that provides safety, utility and security, **productivity, enjoyment and commerce;**

(2) prevent glare on public roadways;

(3) protect the privacy of residents;

(4) promote energy-efficient outdoor lighting;

(5) limit the total allowable illumination of lots located in the Town of Southborough;~~ to reduce atmospheric light pollution.~~

(6) minimize adverse offsite impact such as light trespass, and obtrusive light;

(7) curtail light pollution and reduce skyglow to create a healthy night-time environment for residents of Southborough

The Planning Board is authorized to promulgate rules and regulations to carry forth the purpose and intent of these Bylaw provisions. Appropriately regulated, and properly installed, outdoor lighting will contribute to the safety and welfare of the residents of Southborough.

B. Applicability. Outdoor illumination by flood or spot luminaries rated at 900 lumens or more (which is approximately equal to one sixty-watt incandescent light bulb) or by any other luminaires rated at 1,800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) shall be subject to the provisions of this section **including application to single and two-family residential lots**, with the following exceptions:

(1) emergency lighting;

(2) hazard warning;

(3) temporary decorative or holiday lighting ~~or public roadway illumination.~~

It shall also not apply to any luminaire intended solely to illuminate any freestanding sign, flag or the walls of any building, but such luminaire shall be shielded so that its direct light is confined to the surface of such sign, flag or building.

~~(1) The replacement of existing fixtures shall be subject to the provisions of this section; however, the replacement of existing nonconforming lamps or fixtures with the same or lower output nonconforming lamps or fixtures is exempted.~~

The replacement of fixtures or luminaires shall be subject to the provisions of this section and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. Non-conforming fixtures or luminaires requiring replacement for any reason (including but not limited to end of life, breakdown, vandalism) shall be replaced in compliance with this Bylaw.

~~(2)~~ The Planning Board, in performing review pursuant to § 174-10, Site plan approval, may determine that special circumstances of the site, context or design make an alternative lighting design at least equally effective in meeting the purposes of this section and, in such cases, may modify the requirements of this section.

C. Enforcement. The owner of any lot or property on which a luminaire subject to this Bylaw is located or proposed to be located shall have the burden of demonstrating that the existing or proposed luminaire complies with the standards established by this Bylaw. The manufacturer's specification sheet may be used to establish the lumen level of a luminaire, correlated color temperature (CCT) and, if required, to verify the use of fully shielded fixture design. Illumination levels may be verified through the use of manufacturer's photometric data sheet and/or photometric site drawing or through on-site calibrated light level meter readings. A site visit at night by a representative of the Town in the form of a visual observation and/or photograph may be required to determine if a nuisance has occurred.

(1) Violations of this Bylaw shall be subject to the provisions of the Town of Southborough Article III entitled "Use Regulations" Section 174-24 thereof entitled "Enforcement; procedures; violations and penalties."

D. Definitions. For the purposes of this section, the following terms shall be defined as indicated below. Although set forth here for convenience, the terms shall have the same effect as if in § 174-2 of this Bylaw.

BACKLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located behind and below the light source. For luminaires with symmetric distribution, backlight will be the same as front light.

BUG RATING – A luminaire classification system that classifies backlight (B), uplight (U), and glare (G) per IES TM-15-11.

CORRELATED COLOR TEMPERATURE (CCT) – A specification of the color appearance of the light emitted by a lamp, relating its color to the color of light from a reference source when heated to a particular temperature, measured in degrees Kelvin (K).

FIXTURE – The assembly that houses a lamp or lamps, and which may include a housing, a mounting bracket or pole socket, a lamp holder, a ballast, a reflector or mirror, and/or a refractor, lens or diffuser lens.

FRONTLIGHT – For an exterior luminaire is the 90-degree quarter-sphere located in front and below the luminaire.

FULL CUTOFF – A luminaire designed with an opaque shield surrounding and extending below the lamp, such that no direct light is emitted above a horizontal plane.

FULLY SHIELDED LUMINAIRE — A luminaire constructed and installed in such a manner that all light emitted by the luminaire, either directly from the lamp or a diffusing element, or indirectly by reflection or refraction from any part of the luminaire, is projected below the horizontal plane through the luminaire's lowest light-emitting part.

GLARE – Light emitted from a luminaire with intensity great enough to produce annoyance, discomfort or a reduction in a viewer's ability to see, and in extreme cases causing momentary blindness.

HARDSCAPE – Permanent hardscape improvements to the site including parking lots, drives, entrances, curbs, ramps, stairs, steps, medians, walkways, and non-vegetated landscaping that is 100 feet or less in width. Materials may include but are not limited to concrete, asphalt, stone, and gravel.

INDIRECT LIGHT – Light scatter caused by direct light being redirected from a surface.

LAMP – The component of a luminaire that produces the actual light.

LED LAMP– (Light Emitting Diode) An electric lamp with a much longer lifespan than incandescent lighting and low energy consumption.

LIGHT TRESPASS – The shining of direct **or indirect** light produced by a luminaire beyond the boundaries of the lot on which it is located.

LUMEN – A measure of light energy generated by a light source. One footcandle is one lumen per square foot. For purposes of this bylaw, the lumen output shall be the initial lumen output of a lamp, as rated by the manufacturer.

LUMINAIRE – A complete lighting ~~system, including a lamp or lamps and a fixture.~~ **unit (fixture), consisting of a lamp, or lamps and ballast(s) (when applicable), together with the parts designed to distribute the light (reflector, lens, diffuser), to position and protect the lamps, and to connect the lamps to the power supply.**

LUMINAIRE LUMENS - For luminaires with relative photometry per Illuminating Engineering Society (IES), it is calculated as the sum of the initial lamp lumens for all lamps within an individual luminaire, multiplied by the luminaire efficiency. If the efficiency is not known for a residential luminaire, assume 70%. For luminaires with absolute photometry per IES LM-79, it is the total luminaire lumens. The lumen rating of a luminaire assumes the lamp or luminaire is new and has not depreciated in light output.

MOUNTING HEIGHT - The height of the photometric center of a luminaire in feet above grade level. Feet above grade level refers to the overall average grade of the area being illuminated.

UPLIGHT - For an exterior luminaire is all of the light escaping above the luminaire.

E. Lighting zones. The Lighting Zone shall determine the limitations for lighting as specified in this section.

LZ-0: No ambient lighting

Areas where the natural environment will be seriously and adversely affected by lighting. Impacts include disturbing the biological cycles of flora and fauna and/or detracting from human enjoyment and appreciation of the natural environment. Human activity is subordinate in importance to nature. The vision of human residents and users is adapted to the darkness, and they expect to see little or no lighting. When not needed, lighting should be extinguished.

Zoning Districts: Conservation and Research, Scientific & Professional

LZ-1: Low ambient lighting

Areas where lighting might adversely affect flora and fauna or disturb the character of the area. The vision of human residents and users is adapted to low light levels. Lighting may be used for safety and convenience but it is not necessarily uniform or continuous. After curfew, most lighting should be extinguished or reduced as activity levels decline.

Zoning Districts: Residence A and Residence B

LZ-2: Moderate ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderate light levels. Lighting may typically be used for safety and convenience, but it is not necessarily uniform or continuous. After curfew, lighting may be extinguished or reduced as activity levels decline.

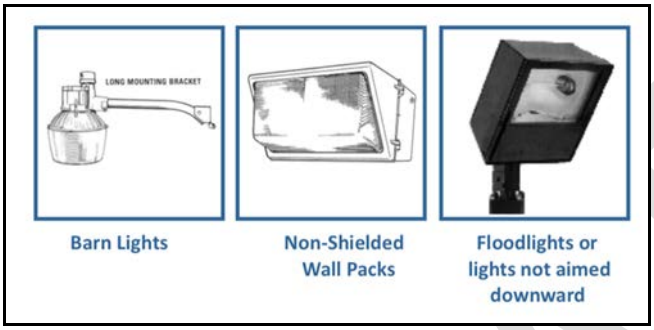
Zoning Districts: Business Village

LZ-3: Moderately high ambient lighting

Areas of human activity where the vision of human residents and users is adapted to moderately high light levels. Lighting is generally desired for safety, security and/or convenience and it is often uniform and/or continuous. After curfew, lighting may be extinguished or reduced in most areas as activity levels decline.

Zoning Districts: Business Highway, Industrial and Industrial Park

Non-shielded wall-packs, barn lights, and floodlights not aimed downward are prohibited in all zones.



F. Total site lumen limit. The total installed initial luminaire lumens of all outdoor lighting shall not exceed the total site lumen limit. The total site lumen limit shall be determined using the hardscape area and table below. For sites with existing lighting, existing lighting shall be included in the calculation of total installed lumens. The total installed initial luminaire lumens are calculated as the sum of the initial luminaire lumens for all luminaires.

Table 1: Allowed Total Initial Lumens Per Site for Outdoor Lighting by Hardscape Method

LZ-0	LZ-1	LZ-2	LZ-3
• Conservation • Research, Scientific & Professional	• Residential A • Residential B	• Business Village	• Business Highway • Industrial • Industrial Park
0.5 lumens per SF of hardscape	1.25 lumens per SF of hardscape	2.5 lumens per SF of hardscape	5.0 lumens per SF of hardscape

G. Correlated Color Temperature (CCT). All proposed LEDs shall have a correlated color temperature (CCT) between 2200K and 3000K.

H. Exterior lighting plan. Applications subject to the provisions of § 174-10, Site plan approval, shall submit a lighting plan which shall include the following information, except to the extent waived by the Planning Board. All other lighting not subject to the provisions of said § 174-10 does not require a lighting plan but shall meet the standards as set forth in this **Bylaw** ~~section~~, unless as may otherwise be provided herein. **The installation of fixtures or luminaires shall be subject to the provisions of this bylaw and comply with guidance outlined in the Rules and Regulations for Outdoor Illumination maintained by the Planning Board. The** lighting plan shall include the following information **and comply with the regulations adopted pursuant to this Bylaw**:

(1) Location, orientation and type of outdoor luminaire, including the height of the luminaire, both existing and proposed;

(2) Type of lamp, such as metal halide, compact fluorescent, high pressure sodium**, LED;**

(3) Luminaire manufacturer's specification data, including lumen output and photometric data showing cutoff angles, as well as a description of all illuminating devices, fixtures, lamps, supports, reflectors, both existing and proposed; this may include, but is not limited to, catalog cuts and illustrations by manufacturers;

(4) Complete report of BUG rating data for all luminaires (if not already included in the manufacturer's specification data) calculated from photometric data (as per IES TM-15-11) showing compliance with the Planning Board Rules and Regulations for Outdoor Illumination;

(5) Photometric plan showing the intensity of illumination expressed in footcandles at ground level within the interior of the property and at the property boundaries **that also includes the Total Site Lumen Limit; Limits to Off Site Impact; Light Shielding for LED lighting; and the Correlated Color Temperature; according to adopted regulations;**

(6) Evidence that the plan complies with light trespass restrictions as set forth herein.

I. Waivers. An applicant may make a waiver request to the Planning Board for increased lighting levels within any given lighting zone and the Planning Board shall have such waiver authority hereunder.

J. Lighting control requirements. Automatic switch controls shall be provided that automatically extinguish all outdoor lighting when sufficient daylight is available using a control device or system such as a photoelectric switch, astronomic time switch or equivalent functions from a programmable lighting controller, building automation system or lighting energy management system, all with battery or similar backup power or device. The Exterior Lighting Plan shall establish curfew time(s) after which total outdoor lighting lumens shall be reduced by at least 30% or extinguished. Lighting reductions are not required for any of the following:

(1) Lighting for residential properties including multiple residential properties not having common areas; with the exception of landscape lighting

(2) When the outdoor lighting consists of only one luminaire.

(3) Code required lighting for steps, stairs, walkways, and building entrances.

(4) Lighting under canopies, in tunnels, parking garages, and similar conditions.

(5) When in the opinion of the Planning Board, lighting levels must be maintained.

(6) Motion activated lighting.

(7) Lighting regulated by special use in which times of operation are specifically identified.

(8) Businesses that operate on a 24-hour basis.

K. Community outdoor sports/recreational lighting requirements. These requirements are an exemption from the total site lumen limit based on hardscape metrics. Community outdoor sports or recreational facilities will be held to the IDA, IES criteria for outdoor sports lighting. On-field illuminance values will be determined by current IDA, IES set forth in the Rules and Regulations for Outdoor Illumination adopted to implement the intent and purpose of this bylaw. Standard regulations include:

(1) Color, luminaire correlated color temperature (CCT) may not exceed 4000 Kelvin;

(2) Other lighting, parking and concession area lighting will be considered a separate luminaire system and must meet the applicable lighting standards for the relevant lighting zones;

(3) Shut-off, curfew time shall be no later than 10:00PM (2200 hrs.); for good cause shown, the Planning Board may waive the compliance requirement of this subsection

DRAFT

L. Street lights. Light emitted by the fixture shall have a correlated color temperature no greater than 3000 Kelvin and/or comply with Massachusetts DPU Tariff standards if applicable. All other street light features are exempt from regulation under this bylaw.

M. Light shielding for parking lot illumination. All parking lot lighting shall have no light emitted above 90 degrees from the installed vertical axis.

N. Flickering and flashing lights. No flickering or flashing lights shall be permitted. Processes, such as arc welding, which create light flashes shall be confined within buildings or shielded to prevent either direct glare or flashing.

O. Fixture mounting heights.

(1) ~~F.~~ Wall-mounted fixtures. In nonresidential districts, a luminaire attached to the exterior of a building or structure for area lighting shall be mounted no higher than 15 feet above grade and shall be shielded to control glare. ~~"Wal-pac" lighting fixtures are prohibited.~~

(2) ~~P.~~ Pole-mounted fixtures. Pole-mounted exterior lighting fixtures **shall not exceed the pole-mounted height limitation of 20 feet in all zones.** ~~types are defined and restricted as follows:~~

Existing non-conforming light heights may remain as mounted until modification is proposed, at which time the height must be brought into compliance.

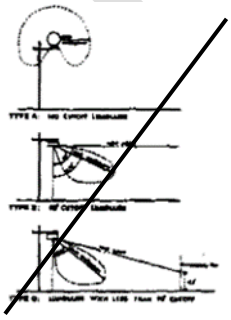
~~(1) Type A: no light cutoff.~~

~~(2) Type B: luminaire shielded such that peak candlepower is at an angle of 75° or less from straight down, and essentially no light is emitted above the horizontal.~~

~~(3) Type C: luminaire shielded such that total cutoff is at less than 90° from straight down, and no light source is in direct view of an observer five feet above the ground at any point off the premises.~~

~~H. Pole-mounted fixtures height limitation. Illustrations of pole-mounted exterior lighting fixture types are shown in Chart I herein. Pole-mounted fixtures shall not exceed the applicable pole-mounted height limitation set forth in Chart II in any district. The Type A pole-mounted exterior lighting fixture is prohibited in all nonresidential districts, unless equipped with shields.~~

~~CHART I. ILLUSTRATIONS~~



~~**HART II. POLE MOUNTING HEIGHT LIMITATIONS**~~

P. Ceiling-mounted fixtures. In nonresidential districts, luminaires mounted on an exterior ceiling such as under a canopy shall be mounted with the refractor or lens flush with or recessed in the ceiling or fixture.

Q. Lighting levels. Any luminaire with a lamp or lamps rated at a total of 1**,**800 lumens or more (which is approximately equal to one one-hundred-twenty-watt incandescent light bulb) and all flood or spot luminaires rated at 900 lumens or more (which is approximately equal to one 60-watt incandescent light bulb) shall not emit any direct light above a horizontal plane through the lowest direct-light-emitting part of the luminaire. If any spot or flood luminaire rated 900 lumens or less is directed or focused such as to cause direct light from the luminaire to be cast toward residential buildings on adjacent or nearby land, or to create glare perceptible to persons operating motor vehicles on public ways, the luminaire shall be redirected or its light output controlled as necessary to eliminate such conditions. The Planning Board reserves the right to limit and regulate the amount of illumination on a project site between the hours of 10:00 p.m. and 6:00 a.m., while understanding the need for safety and security lighting.

R. Light trespass limitations. There shall be no light trespass by a luminaire beyond the property boundaries of the lot on which it is located, except as within a street right-of-way for which there shall be no limit.

; or do or act anything in relation thereto.

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

***ARTICLE 36**:* To see if the Town will vote to amend the Zoning Code of the Town of Southborough, Article III entitled "Use Regulations" by amending thereto Section 174-10, entitled "Site Plan Approval" as hereinafter specified.

****Bold text are insertions. Strikethrough text are deletions.*

§ 174-10
Site plan approval.
[Amended 4-8-1985 ATM by Art. 39; 4-14-1986 ATM by Art. 48; 4-13-1987 ATM by Art. 43; 4-11-1988 STM by Art. 4; 4-26-1990 ATM by Art. 41]

A. The purpose of the site plan review procedure is to encourage a desirable and compatible character of development within the Town of Southborough and to assure safety, promote logic, imagination and innovation in the design process while complying with all zoning requirements. The requirements of this section shall be applicable to the following:

(1) Any nonresidential development that results in an increase in on-site parking.

(2) All modifications to existing development projects which fall within the applicability of the Town's regulations for parking and loading (§ 174-12) or landscaping (§ 174-13).

(3) Any change in use or reactivation of a facility that has not been in use for a period of two years.
[Added 4-8-1996 ATM by Art. 51]

(4) Multifamily housing for the elderly.
[Added 4-15-1997 ATM by Art. 56]

(5) Adaptive reuse of historic buildings.
[Added 4-25-2017 ATM by Art. 30]

B. Site plan review will be processed by one of the following means:

(1) Minor plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds less than 2,000 square feet of floor area or which would require at least five but fewer than 20 parking spaces regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals less than 2,000 square feet shall be subject to minor plan review by the **Planning Board** ~~Site Plan Review Committee. The Site Plan Review Committee shall be chaired by the Town Planner and will consist of a Selectmen or its designee, Building Inspector, Highway Superintendent, Board of Health Agent, Superintendent of the Water Department, Police Chief and Fire Chief or their designee, who will meet at a regularly scheduled time and place to review plans.~~ The **Planning Board** ~~Committee~~ shall also seek the advice of the Conservation Commission in the review of all minor plan submissions.
[Amended 4-8-1996 ATM by Art. 51]

(a) ~~Minor plan review will require 10 copies of the site plan to be submitted to the office of the Planning Board, together with an application form and filing fee.~~ **A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** All plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum:

[1] All existing and proposed buildings, including setbacks.

[2] Existing and proposed parking.

[3] Driveway openings.

[4] All property and street lines.

[5] Existing and proposed landscaping.

[6] Existing and proposed signs.

[7] Surfacing, indicating treatment of all surfaces.

[8] Location of all wetlands.

[9] Method of sewage disposal.

[10] Water supply.

[11] Stormwater drainage.

[12] Such other information as the **Planning Board** ~~Site Plan Review Committee~~ may reasonably request.

~~(b) Any dispute arising from the minor plan review process or any plan not receiving unanimous approval from the Site Plan Review Committee shall be referred to the Planning Board for action. The Committee may also refer any site plan that, due to unusual circumstances or a unique situation, it feels should be~~

DRAFT

~~approved by the Planning Board. All site plans sent to the Planning Board by the Site Plan Review Committee for action will be handled through the minor plan review process.~~

~~[Amended 4-8-1996 ATM by Art. 51]~~

(b) Minor site plan is not a public hearing.

(c) The **Planning Board** ~~Site Plan Review Committee~~ shall approve, **or** disapprove ~~or refer to the Planning Board~~ all submittals for minor **site** plan review within **the required** 30 days of a completed application to the office of the Planning Board**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk. The actions allowed by the minor site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application will be required.**

(d) Where applicable, all other criteria and conditions of this section will govern minor plan review.

(2) Major plan review. Any new development, or expansion in use other than a single-family or two-family residence which adds 2,000 square feet or more of floor area or which would require 20 or more parking spaces, regardless of the number of parking spaces existing on the premises, or any change of use of a facility that totals 2,000 square feet or more shall be subject to major plan review by the Planning Board. The major site plan submission shall consist of the following elements:
[Amended 4-8-1996 ATM by Art. 51]

(a) Ownership, zoning, use and the general location of structure and topography within 300 feet of the property lines of the site or adjacent land contiguously owned with the site.

(b) All **plans will be prepared at a scale no greater than one inch equals 40 feet on standard twenty-four-by-thirty-six-inch sheets and shall show, as a minimum, all** site features, existing or proposed, including but not limited to the following:

[1] Driveways, including widths.

[2] Parking facilities, including dimensions thereof.

[3] Loading facilities.

[4] Service areas.

[5] Street line, including widths.

[6] Roadways, including widths.

[7] Pedestrian walks, including widths and types of surface.

[8] Landscaping designation, specific plantings.

[9] Screening.

[10] Signs, including proposed sizes, mounting heights, types and drafted design.

[11] Lighting, including plan location and detail information, size, type and wattage.

[12] Surfacing, indicating treatment of all surfaces.

[13] Existing trees on the site which are a caliper of six inches or larger.

[14] Wetlands.

[15] Drainage, including detailed design data, pipe sizing, etc.

[16] Stone walls.

[17] Topography at two-foot contour intervals.

[18] Sewage disposal, including detailed design information.

[19] Water supply.

DRAFT

[20] Curbing.

[21] Such other information as the Planning Board may reasonably request.

(c) The construction of the work as detailed on the site plan shall not deviate from the work shown on the approved site plan. Accordingly, the site plan shall contain a sufficient level of detail to ensure the constructability of the project. Supporting details and documentation shall be presented as part of the site plan submission.

(3) Incomplete applications for both the minor and major review shall not be accepted by the Planning Board. Following submission of a site plan to the Planning Board, the Board or its designee shall review the **application/**plan for completeness within three business days of the submission. Completeness shall be based on the requirements of **the** ~~this~~ **respective** subsection**s for minor or major review.** If the submission is determined incomplete by the Planning Board or its agent, notice will be **provided** ~~mailed~~ to the applicant ~~by certified mail~~ within three business days of the submission specifying the deficiencies.

C. The plan**s for minor or major site plan approval** shall be prepared by a professional engineer, land surveyor, architect or landscape architect registered to practice in the Commonwealth of Massachusetts**. A complete application form, filing fee and multiple copies of all submission documents shall be submitted to the office of the Planning Board according to instructions on the application form.** ~~and shall be submitted with 11 copies to the office of the Planning Board, together with an application form and a filing fee, if any.~~

D. Approval required.

(1) Site plan approval shall be granted **by a majority vote** upon determination by the Planning Board that the following are complied with. Any new building construction or other site alteration shall provide adequate access to each structure for fire and service equipment**; shall provide** ~~and~~ adequate provision for utilities and stormwater drainage consistent with the functional requirements of the Southborough Planning Board's Rules and Regulations for the Subdivision of Land**;** ~~and~~ shall be so designed that for the given location, ~~and~~ type and extent of land use, the design of building form, building location, egress points, grading and other elements of the development shall be so as to:

(a) Minimize the volume of cut and fill, the number of removed trees six inches in caliper and larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion and the threat of air or water pollution.

(b) Maximize pedestrian and vehicular safety and convenience within the site and egressing from it.

(c) Minimize obstruction of scenic views from publicly accessible locations.

(d) Minimize visual intrusion by minimizing the visibility of parking, storage or other outdoor service areas viewed from public ways or premises residentially used or zoned; minimizing glare from headlights through plantings or other screening; minimizing lighting intrusion through use of such devices as cutoff luminaires confining direct rays to the site; fixture mounting height not higher than 20 feet except adjacent to Route 9; and avoiding unreasonable departure from the character of building**s** in the vicinity.

(2) The Planning Board shall adopt and from time to time amend reasonable regulations for the administration of these guidelines.

E. The Planning Board shall hold a public hearing on the application for **major** site plan approval, with a written notice of the time and place of said hearing being given the applicant and the Board of Selectmen. The applicant is responsible for sending this notice to the certified abutters by certified mail return receipt requested, at least 10 days before the scheduled hearing. The Planning Board shall not act on the application until it has received and given due consideration to the recommendations of the Board of Selectmen or until 10 days have elapsed after the public hearing without receipt of the Selectmen's comments.

DRAFT

F. The Planning Board shall act on a~~n~~ **complete** application for **major** site plan approval and shall notify, in writing, the applicant, the Board of Selectmen and the Building Inspector of its action within 60 days of the receipt of **a** ~~the~~ **complete** application**, but the required time may be extended by written agreement between the applicant and the Board, a copy of said agreement to be filed with the Town Clerk.** ~~Failure of the Planning Board to so act and to notify the applicant within said 60 days shall constitute approval of the site plan.~~ The actions allowed by the **major** site plan approval are authorized for a one-year period from the date of grant thereof. The applicant shall be granted a single one-year extension by applying to the Planning Board, in writing, prior to the date of expiration. If the actions permitted are not exercised or the approval not extended, they shall lapse, and a new application notice and hearing will be required.

G. Any person aggrieved by the action of the Planning Board on ~~a~~ **either minor or major** site plan approval application may appeal said action to a Court of competent jurisdiction in accordance with M.G.L. c.40A, Section 17**, as amended.**
[Amended 5-22-2018 STM by Art. 3]

H. Minor departures from the site plan as approved**,** may be authorized by the Building **Commissioner** ~~Inspector~~ after approval of the **Planning Board** ~~Site Plan Review Committee~~ if required by engineering or other circumstances not foreseen at the time of plan approval. Any change increasing the size of any building or structure, changing the location of any building, parking or access road by more than 10 feet or reducing landscaping or screening may be made only through review by the Planning Board following the same procedures as for an original submittal. Any departure must be requested, in writing, with the basis for the change given. Any change authorized shall be recorded on the file copy of the site plan with the Building **Commissioner** ~~Inspector~~'s signature and the date.

I. The removal, fill or change of grade of earth materials, including soil, loam, sand or gravel, undertaken in order to construct or locate buildings, structures and such features accessory thereto as ways, driveways, areaways, walks or parking areas, and therefore exempt from regulations under Chapter 85 of this Code, is a part of construction and development process regulated by the Zoning Chapter. Except as necessary for the construction of detached one- or two-family dwellings and of features accessory thereto, the removal, fill or change of grade of earth materials for the purposes defined above shall be subject to approval under this section. Where the commencement of removal, fill or change of grade of earth materials precedes construction by three months or more, the submission and approval of the site plan may be undertaken in two stages, with the information for the first stage limited to property boundaries, existing and proposed topography at two-foot or lesser contour intervals, the character of the soil to be removed, added or relocated, the location and depth of any service and drainage conduits or pipes and the approximate location of any existing or proposed buildings, structures or physical features accessory thereto. Each stage shall be treated as a separate site plan for the purposes of this section, and the approval of Stage 1 of a site plan shall not be construed to assure the subsequent approval of Stage 2.

J. Compliance. The issuance of an occupancy permit will not be given prior to the satisfactory completion of all elements and conditions of the approved site plan. A temporary occupancy permit may be issued after the satisfactory completion of all items essential to public health and safety and sufficient bonding acceptable to the Planning Board is provided to the Town to cover all outstanding items.

; or do or act anything in relation thereto

Proposed by: PLANNING BOARD
Board of Selectmen Recommendation: Support
Advisory Committee Recommendation: At Town Meeting

Summary: *This article proposes to amend the Site Plan Approval bylaw by bringing minor site plan approval under the purview of the Planning Board, as opposed to the Site Plan Review Committee and further clarify steps for minor and major site plan approval.*

ARTICLE 37: Amend Town Code – Zoning – Downtown Overlay District

DRAFT

, or act or do anything in relation thereto.

Proposed by: BOARD OF SELECTMEN
Board of Selectmen Recommendation:
Advisory Committee Recommendation:
Summary:

ARTICLE 38: To see if the Town of Southborough will vote to approve the Southborough Noise Bylaw proposal attached to this document, as amended, or do or act anything in relation thereto.

SOUTHBOROUGH NOISE BYLAW

1.1 **Declaration of Policy**
Whereas excessive sound can be a serious hazard to the public health and welfare and safety and the quality of life; and whereas a substantial body of science and technology exists by which excessive sound may be substantially abated; and whereas the citizens of Southborough have a right to and should be ensured an environment free from excessive sound that may jeopardize their health or welfare or safety or degrade the quality of life; now, therefore, it is the policy of the Town of Southborough (the "Town") to prevent excessive sound which may jeopardize the health and welfare or safety of its citizens and/or degrade the quality of life.

It shall be unlawful for any person to make, continue to make, permit or cause to be made or continued, any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities. Furthermore, it shall be unlawful for any person who has custody and control of the premises to allow or permit another person to make, continue or permit to be made or continued any loud, excessive, unnecessary or unusually loud noise or any noise which either annoys, disturbs, injures or endangers the comfort, repose, health, peace or safety of reasonable persons of normal sensitivities within the limits of the Town of Southborough.

1.2 **Definitions**
Except as may be specified herein, acoustical terminology used throughout this Bylaw is that approved as American National Standard Acoustical Terminology [ANSI S1.1-1994] by the American National Standards Institute (ANSI). The following words, phrases and terms as used in this Bylaw shall have the meanings as indicated below:

A. BACKGROUND SOUND LEVEL shall mean the sound level associated with a given environment, being a composite of sounds from all sources excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

B. CONSTRUCTION shall mean those activities requiring a building permit, and shall also include any site preparation, cemetery burial and caretaking operations, seismic surveys grading, assembly, erection, substantial repair, alteration, or similar action, including demolition, for or of public or private rights-of-way, structures, utilities or similar property.

C. The abbreviation dBA shall mean the A-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals. The abbreviation dBC shall mean the C-weighted sound pressure level expressed in decibels and referenced to 20 Micropascals.

D. EMERGENCY VEHICLE: shall mean any vehicle operated in an effort to protect, provide or restore public safety, including, but not limited to, ambulances, police vehicles and fire vehicles.

E. EMERGENCY WORK: shall mean any work performed in an effort to protect, provide or restore public safety, or work by private or public utilities when restoring utility service or any work performed for the purpose of preventing or alleviating the physical trauma or physical damage threatened or caused by an emergence – an occurrence or set of circumstances involving actual or imminent physical trauma or property damage.

F. ENFORCING PERSON: shall mean any police officer, building official or public health official of the Town or any other Town employee designated by the Town Manager for this purpose.

G. IMPACT DEVICE: shall mean a construction device in which or by which a hammer, meaning a moving mass of hard solid material, is mechanically by means of a working fluid or compressed air caused to repetitively impact upon and transmit kinetic energy to a tool. The tool may be included as a part of the device, as in the case of a moil on a paving breaker or the drill steel of a jackhammer, or it may be a mass to which the impact device is temporarily connected as in the case of a pile and pile driver. Examples of impact devices are pile drivers, paving breakers, power impact hammers, impact wrenches, riveters and stud drivers.

H. INTRUDING NOISE: shall mean the total sound level created, caused, maintained by, or originating from an alleged offensive source at a specified location while the alleged offensive source is in operation.

I. PERSON: shall mean a person, firm, association, co-partnership, joint venture, corporation or any entity recognized by applicable law, public or private in nature.

J. SOUND LEVEL: shall mean the instantaneous A-weighted sound pressure level, in decibels, (dBA) as measured with a sound level meter set to the "A" weighting scale, slow response. On the decibel scale a sound level increase of 10 means the sound is 10 times more intense or powerful.

Decibel levels of some common activities are listed below:

Sound Level - dB	**Source**
50 - 65	normal conversation
60 - 65	laughter
70	hair dryer, vacuum
V Increasing risk of hearing loss V	
80	garbage disposal
85 - 90	lawnmower
100	garbage truck
120	walk behind leaf blower
130	jet takeoff/landing
145	fireworks

K. SOUND LEVEL METER: shall mean an instrument meeting American National Standard Institute's (ANSI) Standard S1.4-1983 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment, which will provide equivalent data.

1.3 **Designated Noise Zones**

The properties hereinafter described are hereby assigned to the following noise zones:

NOISE ZONE I: All properties utilized as residential uses in accordance with the Town of Southborough Zoning Bylaws and the grounds of any school, hospital or similar health care institution, house of worship or library while the same is in use, and any Cemetery or Open Space.

NOISE ZONE II: All other property used in accordance with the Town's Zoning Bylaw.

1.4 **Exterior Noise Standards**

It shall be unlawful for any person at any location within the area of the Town to create any loud noise, or to allow the creation of any noise, on property owned, leased, occupied or otherwise controlled by such person, which causes the sound level when measured on complainant's property to exceed the greater of:

A. The maximum allowable exterior sound level outlined in Table I; or
B. Five dB over the background sound level.

Table 1. Maximum Allowable Exterior Sound Level		
Noise Level	Daytime level 7:00 AM to 10:00 PM	Nighttime level 10:00 PM to 7:00 AM
I	60 dBA	50 dBA
II	70 dBA	65 dBA

If the intruding noise source is continuous and cannot reasonably be discontinued or stopped for a time period whereby the background sound level can be determined, the measured sound level obtained while the source is in operation shall be compared directly to the maximum allowable exterior sound level outlined in Table I.

1.5 **Construction Noise Standards**
A. Noise associated with construction is permitted between 7:00 AM and 6:00 PM on weekdays and 9:00 AM and 5:00 PM Saturdays provided the sound level from:

1. Non-impact devices do not exceed 70 dBA as measured over a time interval of 1 minute with the sound meter set to slow located on any other property, but at least 50 feet from the construction activity;

2. Impact devices does not exceed 90 dBA as measured with a sound level meter set to slow response located on any other property, but at least 30 feet from the construction activity.

B. Between the hours of 6:00 PM and 7:00 AM on weekdays and Saturday, noise associated with construction, shall be limited by the standards of Section 1.4.

C. Construction activities shall not be allowed on Sundays or legal holidays.

1.6 **Maintenance Noise Standards**
A. Noise associated with maintenance is permitted between 7:00 AM and 6:00 PM on weekdays, 8:00 AM and 6:00 PM on Saturdays and between the hours of 9:00 AM and 6:00 PM on Sunday, provided the sound level does not exceed 70 dBA as measured with a sound level meter set to slow response on any other property, but at least 50 feet from the maintenance;

B. Between the hours of 6:00 PM and 7:00 AM on weekdays, 6:00 PM and 8:00 AM on Saturday and between the hours of 6:00 PM and 9:00 AM on Sunday or a legal holiday, noise associated with maintenance, shall be limited by the standards of Section 1.4.

1.7 **Commercial Trash Collection and Deliveries or Pick-up**
A. The operation of commercial trash compactors or collection of trash, rubbish, refuse or debris, which generates noise in excess of the criteria given in Section 1.4 at any point of public or common pass-by between the hours of 7:00 PM and 7:00 AM is prohibited.

B. Deliveries or pick-ups for commercial or business purposes between 10:00 PM and 6:00 AM are prohibited unless the noise level of such deliveries or pick-ups in nearby residential areas does not exceed the noise criteria listed in Section 1.4.

1.8 **Motor Vehicles or Motorcycles**
Motor vehicles or motorcycles operated on public ways in the Town of Southborough or in any place where the public has the right of access as invitees or licensees may not exceed a maximum sound level of 85 dBA. It is also in

DRAFT

violation of the Bylaw to operate a motor vehicle or motorcycle without a sound-limiting device connected to the exhaust system. This prohibits so-called "straight pipe" exhaust systems. This section shall not include screeching sounds emitted from emergency braking. Measurement for the purposes of this Section shall be at a distance of 36 inches from the noise source.

1.9 **Special Provisions**
Noise associated with the following activities shall be exempted from the provisions of this Bylaw:

A. Emergency work or emergency vehicles.

B. The operation of any vehicular alarm provided it terminates within 15 minutes of the initially recorded complaint.

C. Occasional outdoor gatherings, public dances, shows, and sporting and entertainment events provided said events are conducted pursuant to a permit or license issued by the appropriate jurisdiction relative to the staging of said events.

D. The intermittent or occasional use, during the daytime, of homeowners' light residential outdoor equipment

E. Snow removal performed by snow blowers, snow throwers or snow plows when appropriately outfitted with a muffler.

F. Any activity to the extent regulation thereof has been preempted by Town, State or Federal Law or by agreement between Town, State or the Federal Government.

1.10 **Prima Facie Violations**
Any measured noise exceeding the sound level standards as specified in Sections 1.4 through 1.10 may be deemed by the enforcing person to be prima facie evidence of a violation of the provisions of this Bylaw.

1.11 **Penalties for Violations**
A. Violations under Article 1, in the discretion of the enforcing person, may be enforced by non-criminal disposition as provided in MGL Chapter 40, Section 21D.

B. The penalty for a violation under this Bylaw shall be $100 for a first offense, $250 for a second offense, $500 for a third offense, and for each succeeding offense each day or part thereof shall constitute a separate offense.

Proposed by: PETER LAPINE, et al.
Board of Selectmen Recommendation: Not Support
Advisory Committee Recommendation: At Town Meeting
Summary: *As the population of Southborough grows, it has transitioned from a rural community to one that is more suburban. People move to Southborough to enjoy its natural beauty and peaceful environment. With increased housing density, practices of earlier times increasingly encroach upon the tranquility of Town residents, resulting in conditions characterized as being out of balance. There is an ever-growing requirement to place limits on these practices – a rebalancing - so that everyone, business owners and homeowners alike, may prosper. This article, a Noise Bylaw, seeks to harmonize the needs of Town residents with those of local business owners.*

ARTICLE 39: To see if the Town of Southborough will vote to pass a bylaw to reduce plastic waste

Section 1 Purpose and Intent

The production and use of single-use plastics such as polystyrene food packing and thin-film plastic checkout bags have significant impacts on the environment, including, but not limited to, contributing to the potential death of aquatic and land animals through ingestion and entanglement; contributing to pollution of the natural environment; creating a burden to solid waste collection and recycling facilities; clogging drainage systems; and requiring the use of millions of barrels of crude oil nationally for their manufacture. Additionally, polystyrene contains known carcinogens, and readily leaches into certain foodstuffs. Measurable levels of polystyrene are now found almost 100% of human fat samples.

The purpose of this bylaw is to preserve the Town's water, wildlife and natural resources—as well as to enhance the health of its citizens—by banning within the Town of Southborough two of the largest contributors of non-recyclable plastics to the environment—single-use polystyrene retail food packaging and single-use plastic checkout bags—while promoting the adoption of more environmentally friendly alternatives.

Section 2 Definitions

"Polystyrene food packaging" – means any holder of food or beverage made from polystyrene, either in solid or foam (Styrofoam) form, such as cups, plates, or take-out containers, as well all other single-use plastic products made to facilitate the consumption of foods, such as straws, lids and utensils made from polystyrene or other non-compostable plastic materials.

"Checkout bag" – means a carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

"Retail Store" – means any business facility that sells goods directly to the consumer whether for or not-for-profit, including, but not limited to, retail stores, restaurants, pharmacies, convenience and grocery stores, liquor stores, as well as seasonal and temporary businesses.

"Reusable checkout bag" – means a bag with handles that is specifically designed and manufactured for multiple reuse and is either polyester, polypropylene, cotton or other durable material, or durable plastic that is at least 4.0 mils in thickness.

"Thin-film single-use plastic bags" – are those bags typically with handles, constructed of high-density polyethylene (HDPE), low density polyethylene (LDPE), linear low density polyethylene (LLDPE), polyvinyl chloride (PVC), polyethylene terephthalate (PET), or polypropylene (other than woven and non -woven polypropylene fabric), if said film is less than 4.0 mils in thickness

"Recyclable paper bag" – means a paper bag that is 100 percent recyclable and contains at least 40% post–consumer recycled content, and displays the words "recyclable" and "made from 40% post-consumer recycled content" in a visible manner on the outside of the bag

Section 3 Use Regulations
(A) Polystyrene food packaging shall not be distributed, used, or sold by any retail store within the town of Southborough.

(B) Thin-film single-use plastic bags shall not be distributed, used, or sold for checkout or other purposes at any retail store within the Town of Southborough.

(C) If a retail store provides or sells checkout bags to customers, the bags must be one of the following (1) recyclable paper bags, or (2) reusable checkout bags. The retail store may charge for said bags.

(D) Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, bulk foods, wet items and other similar merchandise, typically without handles, are still permissible.

(E) Violation of the By-Law to Reduce Plastic Waste: First offense – written warning; 2nd offense - $100 per offense; 3rd and subsequent offenses - $250 per offense.

Section 4 Effective Date

This bylaw shall take effect six (6) months following Town Meeting approval of the bylaw. Upon application of the owner or the owner's representative, the Board of Selectmen or their designee may exempt a retail store from the requirements of this section for a period of up to two (2) months upon a finding by the Board of Selectmen or their designee that (1) the requirements of this section would cause undue hardship; or (2) a retail store requires additional time in order to draw down an existing inventory of straws or checkout bags.

Section 5 Enforcement

DRAFT

Enforcement of this bylaw shall be the responsibility of the Board of Selectmen or their designee. The Board of Selectmen or their designee shall determine the monitoring process to be followed, which may be limited to responding to citizen reports, and incorporating the monitoring process into other town duties as appropriate. Any retail store distributing plastics in violation of this bylaw shall be subject to fines as described in Section 3 (E) above. Any such fines shall be paid to the Town of Southborough. No licenses shall be renewed for any establishment with outstanding violations under this section.

Section 6 Severability

If any provision of this bylaw is declared invalid or unenforceable the other provisions shall not be affected thereby.

; or to do or act anything in relation thereto.

Proposed by: MICHAEL WEISHAN, ET AL.
Board of Selectmen Recommendation: At Town Meeting
Advisory Committee Recommendation: At Town Meeting
Summary: *This proposed bylaw would make a marked contribution to the heath of both the citizens of Southborough and the overall environment by banning single-use plastic bags, Polystyrene cups, straws, utensils etc. at all retail establishments in Southborough.*

DRAFT

And you are to give notice hereby by posting true and attested copies of the Warrant on the Town website, the Southborough Town House, 17 Common Street, Southborough Senior Center, 9 Cordaville Road, Southborough Library, 25 Main Street, and Southborough Transfer Station, 147 Cordaville Road; seven (7) days at least before the time appointed for such meeting.

Given under our hand this XX (XXth) day of February, 2021.

BOARD OF SELECTMEN OF THE TOWN OF SOUTHBOROUGH

DRAFT

DRAFT DOWNTOWN BUSINESS VILLAGE DISTRICT V.3

November 15, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on an owner-occupied property providing not more than four guest rooms for overnight lodging, with food service limited to breakfast for guests.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

Mixed-Use Development: A development that includes both residential uses and nonresidential uses within a single structure, with nonresidential uses occupying the ground floor (street level) and residential uses above on the upper floors. The total gross floor area of the nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District[1]

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:[2]

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through

[1] Note: some commenters suggested removing certain of the uses listed here, but most of the uses to be removed are already in Southborough's Business Village District zoning today. For this reason, we hesitate to remove them.

[2] The FAR has been moved to dimensional regulations.

service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.35

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 45 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

(2) Affordable housing. In any multifamily or mixed-use building with six or more units,[3] at least 12.5 percent of the units shall be affordable housing that is eligible for the Chapter 40B Subsidized Housing Inventory (SHI) in accordance with the Chapter 40B regulations and Guidelines of the Massachusetts Department of Housing and Community Development (DHCD). In consultation with the Southborough Housing Opportunity Partnership Committee (SHOPC), the Planning Board may adopt a guidance document interpreting the Chapter 40B Guidelines as they apply to development under this section.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

[3] A few commenters suggested requiring affordable units in any development with four or more. We tried this with a few "test case" proformas and in our opinion, a four-unit project could not absorb the loss of income and still be feasible. We believe a six-unit threshold could work.

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

(1) Dwellings: two spaces for each dwelling unit, plus one space for each 80 square feet of floor area devoted to a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Friday, August 28, 2020, 8:30 A.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers

I. Chairman Healey called the meeting to order at 8:31 A.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Consent Agenda**

Town of Ashland re: emergency drinking water connections: The Board met with DPW Superintendent Karen Galligan to discuss a request from the Town of Ashland to provide them with emergency drinking water resources for a temporary period. Evan White, a project manager from Ashland also was in attendance. [Southborough has excess capacity and an ability to provide them water].

Due to the current drought, ongoing work at the pump station is on hold so new pumps have not been installed yet. An emergency order was filed to assist Ashland's current need. The rates have been set for the future under an Inter-Municipal Agreement going forward [once construction is complete] so this is the last time an emergency order is anticipated. As of 9/1 they can take water through DEP and MWRA, but need approval from the Town of Southborough as well. Ashland has declared a water emergency as of now. There will be no cost to taxpayers in Southborough and the billing will be processed through the [Southborough] Treasurer doing a manual bill to Ashland, based on escalation rates. Ashland pays a surcharge to MWRA because it's an emergency connection; furthermore, Ashland pays Southborough the cost of water plus wear and tear which we report to DEP in our annual report.

Ms. Malinowski spoke to the mutual aid agreement and noted the rate in effect in the 2007 agreement but stated no amendment [or extension] for 2020 is on file. She wants to be sure we bill and receive payment based on the 2020 rates. The sheet Ms. Galligan referenced this morning will be attached to the required documentation to reflect 2020 costs. When Ashland sends it to MWRA, they'll look at the order and will give their approval based on 2020 rates. Ms.

Malinowski said the aid agreement [section 4] did not stipulate that; Ms. Galligan said MWRA manages how the pricing will work. Mr. White acknowledged his agreement of the same, and verified Ashland will be paying 2020 rates.

Mr. Shea asked about a meter at the connection point; Ms. Galligan said it has been set up already so that is in place. Mr. Stivers commented that he also looked at the agreements and feels there are gaps in our paperwork and requested a follow up on an updated amendment. He further noted the agreement expired in 2016 and asked if it was still valid. Being a member of the MWRA Advisory Board, he did not recall any discussion of this matter and wanted to be sure paperwork is in place legally. Mr. Stivers estimated $192,000 [if they use 36 million gallons]. Mr. White said the hope is they will not take very much water and will operate the meter from early morning to mid-afternoon, expecting usage less than 200,000 gallons per day. Ms. Galligan added that pump station upgrades should be complete by Thanksgiving.

The Board voted by roll call to approve an emergency connection for water for Ashland, and noted that rates will be charged per current usage rates through the MWRA. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye.

Outdoor Dining: Tomasso's has applied for permission for outdoor dining and an amendment to their alcohol license. This is similar to the approval given to the Hola Restaurant just recently. Ms. Braccio would like to see outdoor dining permanently during the Summer months. Ms. Malinowski noted conditions of the Planning Board and hoped Tomasso's would also agree. The Board all agreed that sidewalk funding grants would be great all over town in the future to makes use of best practices created during the pandemic. The Board voted by roll call to approve an outdoor dining application and alcohol license alteration of premises for outdoor service, according to conditions detailed in the approval of the Planning Board. Roll call: Braccio, aye; Malinowski, aye, Shea, aye; Stivers, aye, Healey, aye. Mr. Healey extended his thanks to the fire department and other officials that have taken part of the approval process to help businesses stay afloat during the pandemic.

Chairman's report: Mr. Healey congratulated the Facilities Department on news that a $200,000 grant for LED lighting and other green efforts has recently been awarded.

III. On a motion made by Mr. Shea, seconded by Ms Braccio and voted by roll call, all in favor, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:05 a.m.

Respectfully submitted by Vanessa Hale, Assistant Town Administrator

List of Documents referred to at the August 28, 2020 BOS Meeting:

- August 24, 2020 DEP Emergency Declaration
- August 19, 2020 letter from the Town of Ashland
- Municipal Aid Agreement, dated 12.18.07
- MWRA rate sheet prepared by Karen Galligan
- Outdoor Dining application from Tomasso Trattoria and associated correspondence
- Temporary License Extension

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 1, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**
None

III. **Scheduled Appointments**
Municipal Technology Committee update
Matt Probst, Chair of the MTC, updated the Board on the four key areas the Committee is working on this year which include improving the documentation on the Town's systems and servers, inviting one department head to their monthly meetings to discuss current needs and problems and challenges with respect to technology, creating a five-year strategic technology plan and implementing cyber resiliency planning to improve Town security and redundancy. He added that the Committee would like to engage citizens and will be surveying them about Town technology to understand needs and improve cyber hygiene.

Ms. Malinowski asked if the Committee is looking at streamlining processes and software solutions throughout departments. Mr. Probst stated the general theme from department heads is that each department has their own helpdesk software and way of interacting with citizens which are areas that can be improved. Ms. Malinowski asked if the Committee vets new software before implementation. Mr. Probst replied that there is opportunity for improvement here but over the last few years the Committee has vetted new software with Mr. Laflamme. Ms. Malinowski stated that she is curious whether the software selected is the best option to solving the problem presented. Mr. Probst stated that the Committee is working to create clear

documentation of what the requirements are for a new software and a relative priority of needs in order to understand which software may be the best fit. Mr. Shea asked if the Committee is discussing the new servers listed as a capital budget item. Mr. Probst responded that the Committee is interested in discussing this line item and that they are cautious about how much the Town invests in legacy technology versus moving the Town forward on cloud-based technologies. Mr. Stivers asked for estimated timing on the new strategic plan. Ms. Probst said they hope to have a draft by their January meeting. Mr. Stivers suggested the plan could be used as a benchmark for department heads to invest in technology that coincides with the Town's long-term plan. He asked if there is a plan for making Town data more accessible to citizens and suggested the Committee and new Technology Manager could create that vision. Mr. Probst stated that the Committee will be working on creating an effective survey that is periodic and easy for citizens in order to gain feedback on current and future needs.

Trails Committee update

Kathryn McKee, Chair of the Trails Committee, walked the Board through the presentation included in the packet. She outlined their goals of increasing outreach and awareness throughout Southborough and their success in doing so. She updated the Board on Eagle Scout projects and other enhancements to the trails. She stated that their goal is to make Southborough more walkable, connecting trails to downtown and adding safe options for the addition of biking trails. She stated the challenge is creating a public access plan from DCR and finding funding for trails. Chairman Healey stated the Board is meeting with Representative Dykema and Senator Eldridge on December 15th and asked for questions from the Committee. Ms. McKee stated she will reach out to the Board separately with their questions. Chairman Healey commended the Committee for focusing on CPA funding. Ms. McKee stated that the DCR grant being applied for is reimbursable and includes a matching component that she hoped the CPA could assist with. Ms. Braccio asked if there is a process to check trails after large storms and Ms. McKee replied that the Adopt-A-Trail program is made up of volunteers who do this periodically. Ms. Braccio asked for the best way for people to reach out to the Trails Committee to volunteer. Ms. McKee replied that you can reach out to any member through email on their website or send a message through their Facebook page. Ms. McKee asked who she should speak with regarding liability questions. Mr. Purple stated he would be able to help.

Council on Aging update

Pam Le Francois, Director of the Senior Center, updated the Board on programs and outreach to seniors through the Senior Center and Council on Aging. She outlined the challenges faced due to COVID-19 which included shutting down all programs during their busiest season, helping those in need and engaging with those who are isolated. She outlined the online programs initiated for seniors and their partnership with CERT to help meet the needs of those seniors who are isolated. Ms. Le Francois described the successful drive through events that have taken place to connect seniors at a safe distance and supply them with food and necessities. She described multiple outreach programs and the Caregiver Meals Program. She stated there is concern about maintaining outreach throughout the winter and concern about those who are isolated without anyone to help them. Ms. Le Francois added that Ms. Amico has assisted in supplying seniors with durable medical equipment when needed and they have a good stock of this type of equipment through resident donations. Mr. Peck stated that he has experience at Baypath Elder Services and feels that Ms. Le Francois and her team are doing a great job with these programs and described his concerns with the challenges of maintaining outreach to those in isolation. Chairman Healey commended the Council on Aging and Ms. Le Francois's team for their work and

suggested they partner with the MTC to help educate those that are not tech-savvy with Zoom and other online resources. Ms. Le Francois stated she would reach out to them and the Trail Blazers to connect seniors with these groups. Mr. Shea, Mr. Stivers and Ms. Braccio thanked the team for their work to help seniors connect and stay healthy during the pandemic. Ms. Braccio gave accolades to the SHINE Coordinator for her consistent assistant throughout the pandemic. Ms. Malinowski asked about implementing a "Sponsor a Senior" program to connect residents in Town with the tools and time to help seniors in need. Ms. Le Francois described the challenges vetting volunteers and stated she would look into this possibility. Ms. Malinowski stated she would be able to work with Ms. Le Francois as she is the Board liaison to the Council on Aging.

Town Administrator performance evaluation

Chairman Healey stated a paragraph was omitted from the packet and it will be resubmitted. He added that he is looking for guidance regarding format and a follow up will be done in February. He stated that Ms. Malinowski chose not to write any comments but is able to participate in this discussion. Chairman Healey explained his portion of the Town Administrator performance evaluation and stated his overall impression is in the chart and summary paragraph included in the packet. He added he was impressed with Mr. Purple's performance and encouraged him to be more aggressive about taking initiative and owning his powers and responsibilities. Mr. Stivers stated his evaluation was more conservative and looked at Mr. Purple's performance as he does his own employees. He added that there is substantial room for improvement. Mr. Stivers stated that the job is difficult and the challenges the Board faces could be better realized. He suggested circling back in another thirty to ninety days to outline specific objectives the Board would like to see accomplished and to outline specific data when it comes to contract renewal. Ms. Braccio stated this was a challenging discussion as the review was based through February 2020. She added that she has worked into a great relationship with Mr. Purple and she appreciated this relationship. Ms. Braccio stated that setting goals is important and the Board had not provided any to Mr. Purple nor had they set expectations as to what they would want to see from him. She added that the Town Administrator position changes as the Board changes.

Ms. Malinowski stated she chose not to partake in this review because it started in February. She added that in general, real time feedback is important and it is important to discuss the timeframe the Board is set to review. She stated that in the six months she has been on the Board, she thought Mr. Purple made himself available when needed and they have always found common ground and she appreciated this. Ms. Malinowski stated that goals need to be set and suggested that the Board and Mr. Purple have a list of potential goals for the December 15th meeting. Mr. Shea agreed and stated that if Mr. Purple is going to be judged by goals and objectives, he needs to be aware of them. He summarized his relationship with Mr. Purple and his review which he felt was reflective of the positive approach he has had throughout the pandemic to keep the Town prepared. He added that goals and objectives must be clearly communicated to Mr. Purple. Chairman Healey stated there will be a follow up discussion on December 15th.

Mr. Purple thanked the Board for their feedback and described the challenges of adapting to a new Board during the pandemic. He added that developing the team is a goal he will be working on and agreed that he needs to understand the metrics he is being evaluated by. He suggested having conversations with Board members regarding their performance feedback for better understanding. Chairman Healey explained the implications of the Wayland Court decision and stated these discussions could be done but urged caution to not create a seriatim discussion.

IV. Reports

Chairman's Report

Chairman Healey stated that the Board will have an update on the CSX issues for downtown on December 15th. He added that the positions of the four landowners and CSX will be reviewed.

Chairman Healey suggested the Town reach out to other communities that have marijuana dispensaries to inquire whether those dispensaries have also indicated that the lump sum payment as opposed to the percentage payment is illegal. He added that it may make sense for the Town to have a cannabis lawyer.

Chairman Healey stated no one has stepped forward to join the MWRTA Committee and he has decided to take the role on himself.

Chairman Healey stated that he would like to include a discussion regarding the potential creation of a pocket park at the St. Mark's intersection on Route 85 and the Library with Ms. Galligan on December 15th.

Members' Reports

Ms. Braccio asked that the discussion for an update to the Code of Conduct Policy be put on the December 15th agenda. She stated with the use of Zoom as a meeting forum has presented new expectations of how things are done during public meetings.

Ms. Malinowski stated she was interested in taking on the role of liaison for Ms. McAuliffe and Mr. Ballantine to assist in the quarter two review. She asked that this topic be added to a future agenda.

Ms. Malinowski suggested Selectmen Office Hours commence after the holidays through Zoom. The Board agreed.

Mr. Stivers stated he is working to connect with the MTC as liaison to work on longer-term issues until an IT Manager has been hired and settled. He added that the Selectmen liaison process is working well and he supports this moving forward.

Town Administrator's Report

Mr. Purple stated that more information has been provided by Ms. Galligan regarding CSX, downtown, property owners and the implications to the Town. He stated he will create a review document for the December 15th meeting.

Mr. Purple stated he has a scheduled call with the Business Manager at St. Mark's School on Thursday to follow up on items discussed earlier.

Mr. Purple asked if the Board would like the topic of a Board liaison for the Finance Team in quarter two on the December 15th agenda. Chairman Healey confirmed that he would.

Mr. Purple gave an update on COVID-19 and stated that Southborough's active case numbers are increasing. He stated after speaking with the State and other points of contact, there is no super-spreader and Southborough's numbers are trending in the same direction as those across the State.

Mr. Purple stated that with Ms. Ostrech's retirement, the Selectmen's Office is restructuring workflows and updating job descriptions. He stated that they are redefining what the administrative assistant role may be which is taking time. He said that in the interim he would like to temporarily transfer Katie Barry from the Building/Zoning Department to the Selectmen's Office for 19.5 hours per week. Mr. Purple described the Town Administrator Bylaw which allowed him to do so but asked for the Board's agreement. He outlined the duties Ms. Barry would carry out which included evaluating the number of hours this position may be needed. He stated that Ms. Barry will keep her ZBA responsibilities and will be paid out of the Board of Selectmen budget. Ms. Malinowski asked for clarification on duties. Mr. Purple confirmed and stated that duties at the Town House have been streamlined but there is still a need for this position. He added that this position will be used to evaluate and possibly expand responsibilities to other departments in need of assistance. The Board agreed.

V. Consent Agenda

a. Mr. Stivers asked to hold agenda item "a." Mr. Stivers stated he was confused on line 139-141 of the November 17th minutes. He asked that "overage" be added in these lines for clarity. Chairman Healey agreed. Chairman Healey made a motion to approve Open Session Minutes: October 30, 2020, November 10, 2020, November 17, 2020 with the amendment as discussed. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Mr. Stivers asked to hold agenda item "b." Mr. Stivers stated he will follow up with Ms. Galligan regarding the possibility of breaking down the bids per tree as pricing varies dramatically. Chairman Healey made a motion to approve the request from DPW Superintendent to award Tree Contract. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to approve the request from DPW Superintendent for union employee grade changes. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Mr. Stivers asked to hold agenda item "d." Mr. Stivers asked if any of the license renewal requests were in violation of State or local regulations. Mr. Purple stated that all are in good standing. Chairman Healey made a motion to approve the 2021 Annual License Renewals (Detailed list attached). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to accept a donation in the amount of $200.00 for the Fire Dept. Ambulance Fund. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Chairman Healey made a motion to authorize Town Administrator to sign MOU for Massachusetts Collaborative for Action Leadership and Learning (MassCALL3). Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

g. Chairman Healey made a motion to approve the proposed meeting schedule for January – June 2021. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

h. Ms. Malinowski asked to hold agenda item "h." Ms. Malinowski stated she had some suggested changes and asked to include this in a future Executive Session meeting. Mr. Purple stated he will hold an Executive Session on December 15th for the Approval of Executive Session Minutes: November 17, 2020.

i. Chairman Healey made a motion to appoint Anne Pfaff as the Historical Commission representative to the Community Preservation Committee. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

j. Ms. Braccio asked to hold agenda item "j." Ms. Braccio asked that outreach to abutters is conducted before percolation tests begin at 21 Highland Street. Chairman Healey stated that in Executive Session at a previous meeting this step was approved to provide additional information about this property for the Board and Capital Committee. He added that the expectation was the DPW would explain exactly that if any questions arose. Mr. Purple stated that is the essence of it but that Ms. Braccio alluded that an answer such as that could lead to more questions. Ms. Malinowski stated she was under the impression that the discussion this evening was to ensure perc testing was not done around a holiday and to notify abutters before it is conducted. Ms. Braccio asked to amend the motion to include "after notification to abutters has been made." The Board agreed. Mr. Purple explained how abutter notifications would be done and agreed to have Ms. Malinowski review the letter before it is sent. Ms. Braccio made a motion to authorize percolation tests to be conducted at 21 Highland Street after notification to abutters has been made. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Other Matters Properly Before the Board

Review of EDC Residential Info packet

Ms. Braccio asked to move this discussion to December 15th pending an updated zoning document from Ms. Barrett. Chairman Healey made a motion to continue this discussion to the December 15th meeting. Mr. Stivers seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Amend Mortgage & Rent Relief Program guidelines

Ms. Malinowski stated that she is reviewing all the applications as a representative of the Housing Trust which is the backup funding if CARES Act funding falls through. She added applications are due by end of day today and she is asking the Board to approve an increase in the program based on applications received for rent and mortgage relief. She stated these increases will not exceed the $25,000 allocated to the program. Chairman Healey made a motion to approve the amended Mortgage and Rent Relief Program guidelines as described by Ms. Malinowski. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye. Ms. Malinowski asked that the changes to the new guidelines be updated on the website. Mr. Purple agreed.

Update and discussion, RE: FY21 Goals

Mr. Stivers gave some structural suggestions for the document and suggested the Board create a biking committee. Chairman Healey stated that item will be put on a January agenda. Mr. Stivers suggested reconstituting the Golf Committee. Chairman Healey stated that item will be included on a January agenda as well. Chairman Healey asked if there was a final number from the golf season for the revolving fund. Mr. Purple stated there is no final number as of yet but the golf course did exceed $400,000 in receipts. He explained the Town receives 10% of revenues over

$200,000 and therefore will receive approximately $20,000 - $22,000 to the golf revolving fund. He explained multiple options for golf course upgrades. He added that the golf course management company has stated that they are seeing new players to the course. Mr. Purple stated these receipts do not include the schools as they have not returned since the course was complete. Chairman Healey stated he will add this topic to a January agenda.

Discussion on items for Legislative update on 12/15

Mr. Purple summarized potential items to discuss with legislatures on December 15th and asked the Board to send their items to him. He stated he will distribute them to the Board and make sure Representative Dykema and Senator Eldridge are prepared for the meeting. Chairman Healey asked that a request be sent to board and committees for a list of topics to discuss with legislatures by next Monday. The Board agreed.

c. Public Comment

None

On a motion made by Mr. Shea, seconded by Ms. Malinowski and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 9:16 P.M.

Upcoming Meetings *December 15, 2020*

Respectfully submitted,

Kathleen Barry, Recording Secretary

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, November 24, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. **Public Comment**
None

III. **Scheduled Appointments**
6:30 P.M. – Discussion and review of latest VMUD draft and comments for Downtown Initiative
The Planning Board called their meeting to order at 6:36 P.M. The EDC called their meeting to order at 6:37 P.M. Ms. Braccio gave direction for the meeting procedure and introduced Ms. Barrett. Ms. Barrett asked for direction on floor area ratio and explained floor area ratio versus footage requirements per use. She outlined standard metrics regarding these requirements and gave examples of the how these could impact building in the downtown area. She added that there have been competing ideas on these metrics and a decision needs to be made before her final draft can be submitted.

Ms. Braccio opened the discussion to the participants. Mr. Morris stated the he approves of a floor area ratio (FAR) of .35 and would not want it to exceed .40. Mr. Morris explained the public hearing process for warrant articles. Ms. Luttrell stated she was also in support of .35 and would be in support of exceeding .40 through a special permit process. Ms. Connelly asked to research similar towns and what their floor area ratio looks like by right. She explained her concerns on height limitations and the potential impact it could have on the housing piece for mixed use. She suggested starting the floor area ratio at .40 and exceeding beyond this through special permit. Ms. Duca agreed. Ms. Barrett stated she would prefer to make the floor area ratio higher than

.35. Ms. Hoolahan and Mr. Morris were in support of keeping the FAR at .35 with special permit allowances of up to .40. Ms. Luttrell stated she was in support of a FAR of .35 with special permit allowances of up to .50. Ms. Barrett stated that the special permit allowances should be enough to entice someone to go through the process. Ms. Connelly noted that Ms. Munsiff made a comment through chat that the ZAC report had a proposed zoning FAR of .75 for the downtown area. She noted the discrepancy in numbers and wanted to look into other similar towns to come to a compromise. Mr. Shea agreed with the Planning Board as did Ms. Malinowski. Mr. Stivers asked Ms. Barrett to outline ratios that worked to attract developers to invest in downtowns and those that did not. He suggested considering a .60 or .70 FAR and limit lot coverage to allow higher buildings. Ms. Braccio stated she supported a .35 FAR with special permit regulations through Planning Board for a larger number. Ms. Barrett stated that predictability is the most important factor for a developer and the more uncertainty built into the permitting process, the greater the negative outlook. Mr. Morris, Ms. Hoolahan, Chairman Healey, Ms. Luttrell, Ms. Malinowski, Mr. Shea, Mr. Stivers, Ms. Duca and Ms. Jasinski agreed with a .35 FAR by right and with up to .50 by special permit through the Planning Board. Ms. Connelly asked to conduct more research for a higher ratio. Ms. Braccio asked Ms. Barrett to follow consensus for her final draft.

Building height was the next topic discussed and the consensus agreed to up to forty feet and three stories. Ms. Braccio stated the next topic was multifamily units and explained the feedback provided in the packet. Ms. Barrett explained the benefits to having multifamily housing in the downtown district and how it positively impacts economic development. Ms. Connelly agreed with Ms. Barrett and described her concerns regarding diversity in housing stock. Ms. Duca was in support of multifamily housing in the downtown area. Mr. Morris stated he was in support of this section of the proposed bylaw. It was pointed out that it should read, "up to twelve units" allowed under a special permit. Ms. Malinowski summarized her concerns that it would be challenging for any project to hit the affordable housing threshold and therefore would essentially negate the affordable housing section of the proposed bylaw. Mr. Shea agreed with the consensus. Mr. Stivers agreed as well and spoke of his concerns regarding the feasibility of affordable housing in the downtown district. Mr. McCay stated he agreed with the sentiment that mixed-use and multifamily housing is the whole purpose of the downtown zoning and encouraged to release some control in order for projects to be executed. He suggested design guidelines as a way to encourage developers.

Ms. Barrett summarized her feelings on the affordable housing section of the proposed bylaw. She stated that in her experience developers of smaller projects are not usually inclined to build to affordable housing thresholds due to the work, time and funds involved. She said that there may not be any affordable housing opportunity in the downtown area as the size is limited as are the number of lots with split zoning. Ms. Jasinski stated she had the same concerns. She described her reservations on access issues for seniors with residential units allowed only on the second floor and felt that living above a retail unit will dissuade young families from moving to this area. She added that she did not see this area as a viable option for affordable housing. Ms. Malinowski stated she would like to see an affordability component that is achievable and was not sure this area will be able to do so. She stated she also did not want to turn off builders from wanting to build in this area. Mr. Morris suggested removing the affordability component from the proposed draft bylaw. There was discussion regarding removing the language, raising the threshold and workforce housing. Ms. Barrett explained the implications of each. The consensus agreed to raise the multifamily affordable housing threshold to eight units from six. Mr. Stivers

added that there will not be a significant impact in the 10% affordable housing threshold from the downtown district.

Ms. Barrett outlined comments regarding landscaping and open space and explained the open space ratio of 20% for lots. Ms. Connelly asked if this was better served in a design guideline created and used by the Planning Board. Ms. Barrett agreed that this belongs in site plan review and not in zoning. She explained how the design guidelines would be developed and implemented during the site plan review process. Ms. Duca agreed and stated that too many regulations could deter developers from building. Mr. Morris stated that he would not like to implement design guidelines as they are subjective and the Planning Board would lose control over what the design of a project would be and felt the special permit process is the more advantageous option. He added that the special permit process gives greater authority to impact design. Ms. Barrett explained when a special permit would be triggered and how design guidelines would differ from that process. Mr. Morris said he felt Town Counsel would not agree with her description of how the guidelines could be implemented. Ms. Barrett replied that was not her experience with other towns and would not comment to Town Counsel's opinion. Ms. Luttrell and Ms. Hoolahan were open to both options and wanted to discuss further with their entire Board. Ms. Barrett explained how the 20% open space ratio would be implemented on lots in the downtown district. Ms. Malinowski, Mr. Shea and Ms. Braccio stated they do not have strong opinions on the matter and would defer to the Planning Board. Mr. Morris suggested referring to Town Counsel for his opinion. Ms. Luttrell stated she is comfortable with the use of guidelines allowing more flexibility by right but wants to discuss the matter at a future Planning Board meeting. Ms. Braccio suggested leaving this section in the draft bylaw with revisions discussed. She added that it could change after future discussion. Mr. McCay stated he is in support of a process that allows more by right with a site plan review that includes design guidelines. He stated this will add predictability to the process and encourage some of the kinds of projects the Town is looking for.

There was discussion regarding the inclusion of a sidewalk requirement in the draft bylaw. Mr. Shea stated the he is hesitant to include a sidewalk requirement in the bylaw as sidewalks are under the purview of the municipality. Mr. Stivers suggested including sidewalks in the design guidelines. Ms. Barrett stated she did not need any more direction for her next draft. Ms. Braccio reviewed the feedback document provided in the document and asked for comments from the participants. The consensus agreed to changes in multiple definitions, allowing residences on the first floor of a mixed-use building and Ms. Barrett agreed to do research on limiting the amount of time one could have occupancy in the definition of bed and breakfast. There was more discussion regarding the feedback document and questions for Ms. Barrett. Mr. Stivers stated he will continue to look to Ms. Barrett for insight into other towns similar to Southborough in terms of lessons to keep in mind moving forward and to promote development. Ms. Barrett stated she has the information she needs to move forward. The Planning Board adjourned their meeting at 10:14 P.M. The EDC adjourned their meeting at 10:15 P.M.

IV. Reports

Chairman's Report

None

Members' Reports

None

Town Administrator's Report

Mr. Purple updated the Board on his discussions with the school Superintendent regarding the IT Management position. He stated he would like to continue exploring shared services with the schools but as of now they do not have the capacity to assume town wide IT management. He stated that he is moving forward with hiring an IT Manager for the Town which is being led by Ms. Hale. He stated the interview process will begin within the next week or ten days and the school offered the Town their IT services in the interim. The Town will cover 1/3 of the salary for this period.

Mr. Purple stated that the Fire Chief informed him that two antennas at EMC need to be replaced for the public safety radio system. He added the cost is just over $8,600 to replace and the Police and Fire Chiefs are working together to review the budget. He added this could potentially become a Reserve Fund transfer of some amount.

Mr. Purple updated the Board on conversations had with Crown Castle and AT&T. He stated that AT&T should be signing the lease agreement with Pilgrim Church to move the antennas into the steeple and Crown Castle is to have drawings for the new flagpole submitted to the Town on or around December 4th. Mr. Purple added that the delivery of the flagpole will take two to three weeks after the design is approved by the Board.

Mr. Purple stated that Representative Dykema and Senator Eldridge are available to meet with the Board on December 15th and asked for specific topics the Board would like to discuss. Mr. Purple agreed to send a list of topics to the Board and the Board will reply with one to two topics of their own.

V. Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski stated that an agenda item was missing from the October 30, 2020 meeting minutes. She asked Mr. Purple to include this agenda item, the motion, the second and the unanimous vote. Ms. Malinowski asked that in the November 10, 2020 meeting minutes, revising the sentence regarding Chairman Healey's update to read "MASS DOT is holding public forums on transit services." Mr. Stivers asked that on page two when referring to the next meeting, it should read "6:30 P.M." Chairman Healey made a motion to hold the approval of Open Session Minutes: October 30, 2020 and November 10, 2020 until the December 1st meeting.

b. Chairman Healey made a motion to give permission for the Inspector to waive inspection fees for licensees. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the donation of $52,036.00 from The New England Center for Children. Ms. Malinowski seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

a. Other Matters Properly Before the Board

None

b. Public Comment

None

On a motion made by Chairman Healey, seconded by Mr. Stivers and voted all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye, the meeting was adjourned at 10:28 P.M.

INTRODUCTION

The Board of Selectmen is grateful for the collaborative effort between the Economic Development Committee (EDC), Planning Board, SHOPC and other boards and committees, to update the zoning code for downtown Southborough. The proposed zoning change is part of the larger *Downtown Initiative* which aims to revitalize Downtown and bring back the vibrant heart of Southborough.

This is a ***Community Development*** effort that will bring more local options and opportunities to Southborough residents and – simultaneously – help existing businesses currently operating in Downtown.

The 2017 Survey put out by the EDC, confirmed overwhelming support from residents for improvements to Downtown, particularly restaurants, small scale stores, mixed-use development and beautification and connectivity.

Southborough's Downtown Business Village District (DBVD) is located centrally in the town and is serviced by Routes 30, 85 and local roads.

It is a typical rural town center with businesses and residences lining the road. The particular area of study with this project is the area defined as the Downtown Business Village District or DBVD (see *APPENDIX A*).

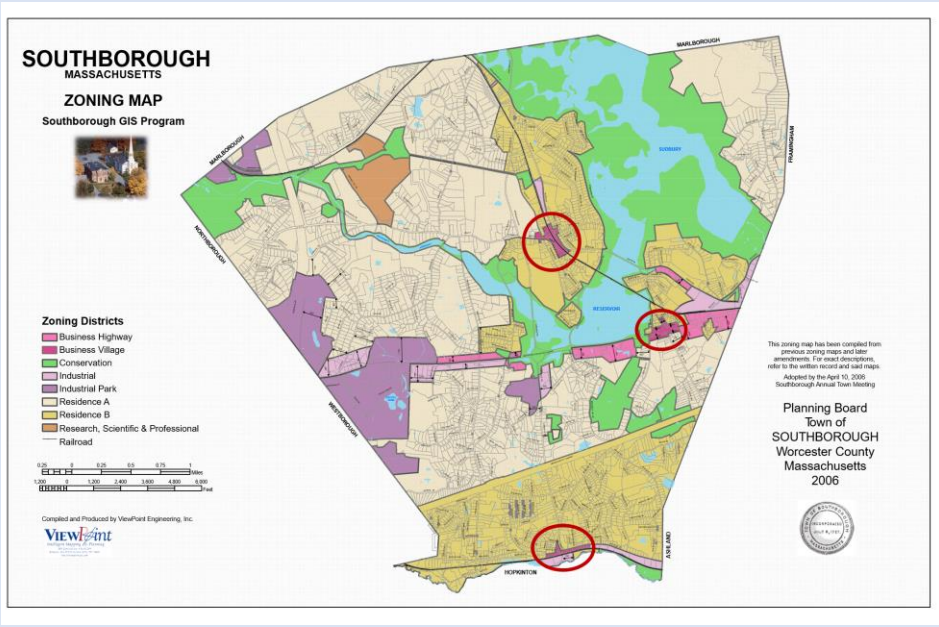
We hope you find this information packet helpful. Please reach out with comments and/or questions. We welcome your feedback and participation in this process.

You can contact the EDC Coordinator Marijke Munsiff at 508 485-0710 ext.3011 or email at mmunsiff@southboroughma.com. Updated versions of the draft zoning bylaw and other information, will be posted on the town website.

The next public meeting where the zoning draft will be discussed is scheduled for **24 November at 6:30PM**. All members of the public are welcome to attend via Zoom.

Southborough has three zoned business villages as shown on the zoning map (*see map A*).

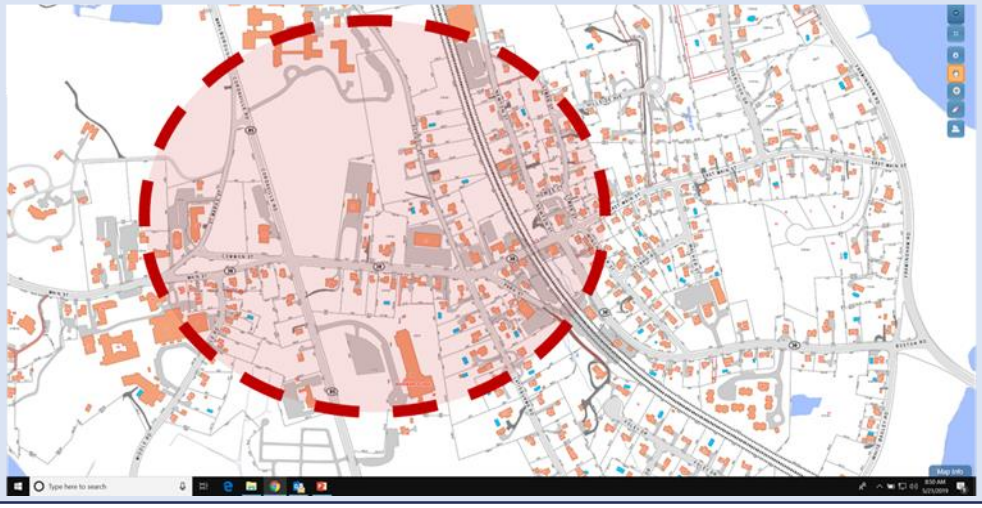
Map A: Southborough's Business Village Districts



The *Downtown* Business Village District is part of the bigger *Downtown* area which extends from the Town Hall at 17 Common Street, to Main Street/Route 30 to just past Newton Street to the Main Street bank (*see map B*).

The Downtown is comprised of a mix of commercial, community and municipal buildings as well as single-family homes, many of which are considered to be historically significant. The larger downtown area is of vital economic importance to the DBVD and therefore all research for this project involves the larger downtown geographical area.

Map B: Greater Downtown Area



WHY ARE WE DOING THIS?

Past recommendations for Downtown include:

2008 Master Plan

Goal #1: Promote growth and development within the Downtown to encourage a mixed use environment.

2012 MAPC Report

Southborough Zoning Bylaw Review and Build-out Analysis for Town Center Parcels

2015 Housing Production Plan

Encourage mixed use development and make infrastructure improvements to promote housing/economic development.

2020 Housing Production Plan

Revise Business Village zoning regulations to provide for Mixed-Use buildings including residential uses.

ULI Report

"…there appears to be a willingness on the part of the town government and its residents to consider **the reinvigoration of the downtown as an investment that is beneficial to the entirety of Southborough**"

Source: Housing Production Plan 2015

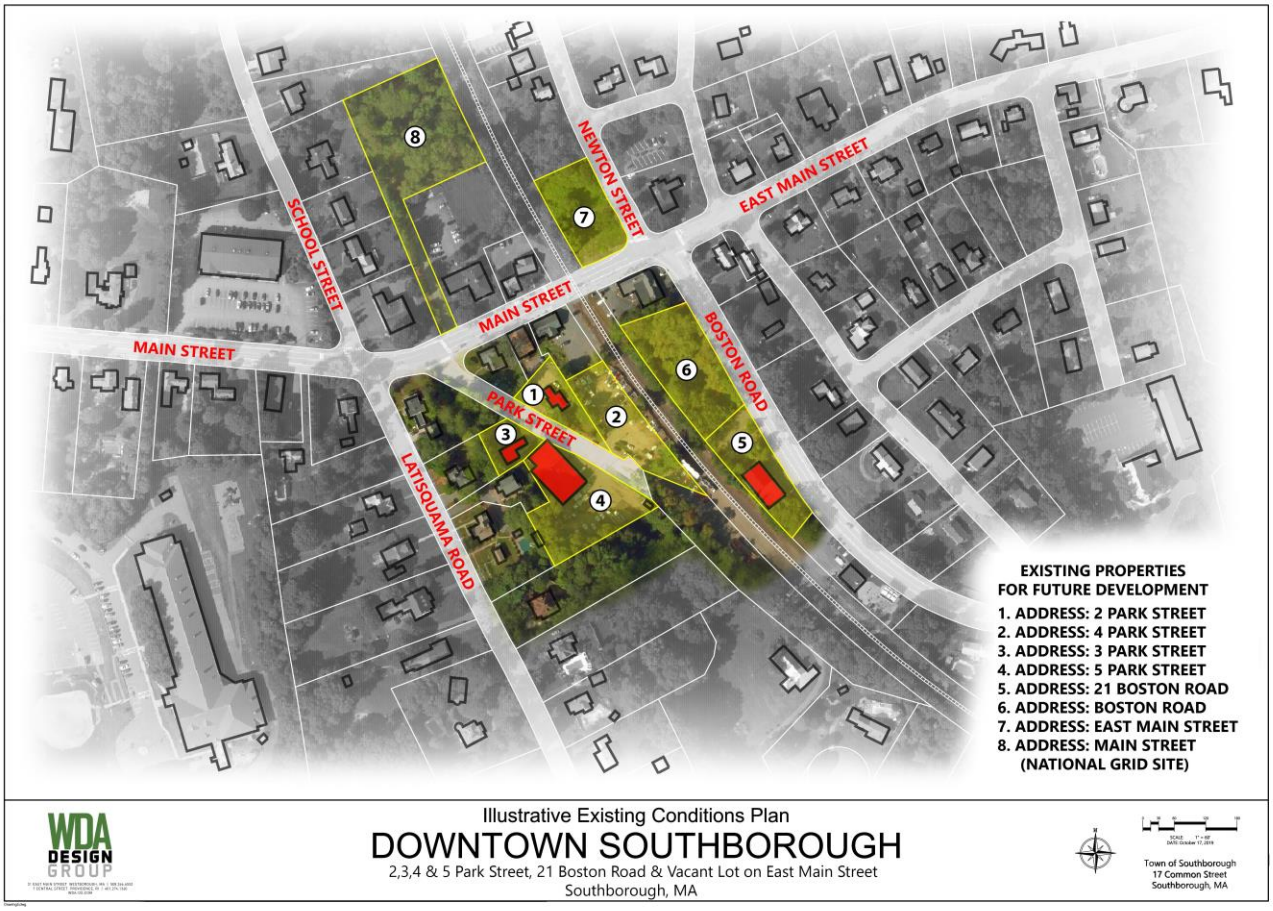
WORK TO DATE

EDC Zoning Work to Date:

- Identified "What we want in Downtown" through surveys and past studies and plans
- Identified downtown parcels for possible (re)development
- Created a Vision for Downtown
- Researched zoning bylaws of comparable communities with desirable downtowns (*Westborough, Grafton, Groton, Hamilton, Longmeadow, Barnstable, Stockbridge, Dorset VT and Washington CT*)
- Used Grafton's overlay district, among others, as a guide to start writing a Southborough mixed-use zoning document
- Considered different zoning options for downtown Southborough
- Created draft design guidelines to ensure desirable development
- EEA Grant allowed the EDC to hire zoning/planning consultants:
  - A. Costa for legal zoning assistance (to ensure the overlay works with the underlying zoning)
  - J. Barrett for professional planning assistance to write the Southborough specific performance standards

For a detailed project timeline starting in 2017, see APPENDIX B

IDENTIFIED (RE)DEVELOPMENT SITES



Note:

The identified sites are currently under-developed and privately owned. This diagram serves informational purposes only and is not a plan for development.

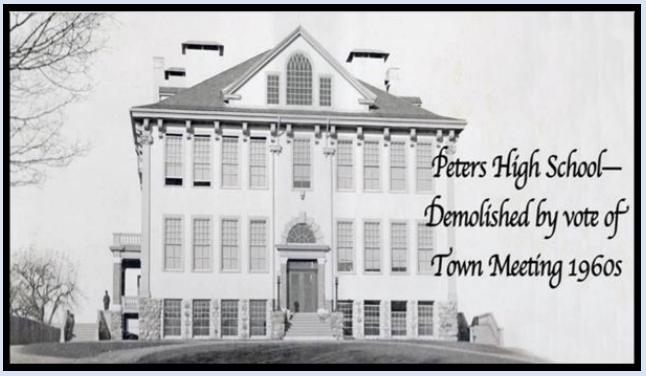
DOWNTOWN THEN & NOW

The lack of strategic and urban planning has resulted in an erosion of economic and community activity in our Downtown.

What makes downtown Southborough unique, is its historic character of which much has been lost in the last 50 years. The lost Downtown buildings and with it, it's commercial activity, include:

1966 Southborough Arms (now 11 Main Street commercial building)
1962 Peters High School (now the former Fire station)
1950s Train Station
1999 Post Office
Other Commercial activity such as: café, drugstore, blacksmith, grocery store and cobbler shop.

By not taking any action, we are *not* preserving the downtown and we are *not* helping the few small businesses that are still there. We have to act now with adopting clear and updated zoning laws and design guidelines to attract commercial investments that are desirable for Southborough and make business sense to potential investors.



VISION FOR DOWNTOWN

A walkable and well-connected small town “Main Street” with locally owned restaurant and pub, lunch café, ice cream shop, boutique style stores and/or other small businesses as well as residential properties.

The mixed-use properties provide more affordable housing options, increased residential density and a larger economic base for the Downtown Business Village District.

With more attractive public space and a larger number of community events, the downtown area truly feels like the heart of Southborough.

n

For more images of how downtown *could* look, see Appendix B

PURPOSE FOR PROPOSED ZONING ARTICLE

It is the purpose of the Downtown Business Village District to make mixed-use development options more readily available in the downtown area. In addition, to encourage thoughtful and distinctive development or re-development opportunities that prioritize a diversity of uses, use and design compatibility, accessibility, innovative parking solutions and overall compliance with the performance and design standards to follow.

More specific objectives of the VMUD include to:

1) Promote revitalization of Southborough's downtown area by encouraging and facilitating a mixed-use environment.

2) Foster a diverse mix of retail, office, residential, and recreational uses for residents, businesses, students, and visitors.

3) Update the range of non-residential uses allowed, thereby promoting the creation of local jobs.

4) Provide more diverse local housing opportunities (within mixed-use development),

5) Encourage village-style streetscapes and uses, in part through modification of existing dimensional requirements.

6) Increase the town's tax base by creating a thriving small business environment, helping existing businesses and attracting new enterprises,

7) Permit uses that promote conversion of existing buildings in a manner that maintains the visual character and architectural scale of existing development within the VMUD.

8) Encourage a vibrant environment to live, work and play, and create pedestrian and bicycle-friendly spaces where the community can gather.

Source: VMUD Draft V.3

TECHNICAL ZONING OPTIONS

The EDC considered three technical zoning options and weighed the pros and cons of each option. The Board of Selectmen, after considering the recommendations from zoning consultant J. Barrett and discussions with other boards and committees during their joint meeting (11/06/2020) decided to create a new zoning district for the Downtown Business Village.

Edit Business Village District Zoning Bylaw

- Easiest to present/understand at Town Meeting
- Associated review process & design standards specific to the BV districts have already been adopted
- Updates can be accommodated w/in warrant article
- Changes will apply to all 3 Business Village Districts
- Does not address streamlining permitting process

Create a New Overlay District

- Ability to package all of the new overlay district requirements and definitions in one bylaw
- Could override issues with Section 174-8 (c-2 & c-5)
- Expansion possibility to include additional parcels
- Underlying zoning stays the same
- No changes for other Business Village Districts
- May need additional warrant article ie map change

Create a New Zoning District

- New zoning district would eliminate BVD zoning for the downtown area
- May be perceived as too big of a change for current residents in the BVD in Downtown
- Will require legal counsel direction

TIMELINE FOR ZONING ARTICLE

Original Date	Revised Date	Activity
November 17 *Board of Selectmen* Meeting	TBD (December?)	Final draft article reviewed & approved at BOS meeting
November 19	December 14	Planning Board to receive finalized draft from the BOS (for Jan. 2021 Public Hearing)
December 14 *Planning Board* Meeting	January 2021	Public Hearing #1
January 2021 *Planning Board* meetings	2nd PB meeting in January	Public Hearing #2
February 2021 *Planning Board* Meeting	1st PB meeting in February	Public Hearing #3 (if necessary and continues until vote is taken to close public hearings)
February 2021 *Board of Selectmen* Meeting		BOS votes changes (if necessary) from Public Hearing(s)
March 2021 *Planning Board* Meeting		Planning Board provides recommendations on article to be included in the Town Meeting Warrant
March 20, 2021		Annual Town Meeting

APPENDIX C

Project Timeline 2017 - 2020

JULY-DECEMBER 2017

- "What are you doing about Downtown"?
- EDC Identified Downtown revitalization as a top priority
- EDC Downtown Survey (Sept-Oct)
- Survey results presented (Oct)
- Downtown forum (Nov)

2018

- Outreach with downtown businesses & residents – providing updates on construction, hosting planning sessions, collecting feedback
- Contracted to ULI TAP (May 9th)
- Supported 2 East Main St proposed mixed-use building
- Researched land availability/acquisition
- Zoning review meetings (ZBA & Planning Board) – Drafted zoning amendment, reviewed with ZBA& Planning Board

2019

- Downtown 'working' plan driven by data and resident's feedback (Master Plan 2008, 2015 SHOPC Housing Production Plan, ULI Report, 2017 EDC Survey)
- Researched zoning bylaws - comparable communities
- Met with Grafton Town Planner
- Wrote draft zoning amendment using Grafton's overlay district as a guide for Southborough
- Identified land opportunities
- Sept - Presented to BOS: Mixed use overlay, available land, investment opportunities, vision statement & historic pictures
- EEA Planning Assistance Grant - awarded 9/25
- Dec 17 - EDC presented to BOS
- EDC flyer created (THEN & NOW)

2020

- ***Zoning article rescheduled - Fall STM***
- *6 January*: Planning Board presentation
- *9 January*: Advisory Board discussion
- *Jan/Feb/March*: Downtown Initiative "Roadshow" (Library, Town House & Senior Center)
- Hired Adam Costa (zoning attorney) who drafted an overlay zoning article to be completed by a Planning Consultant
- *8 May*: Notified all Bd/Comm Stakeholders, requesting input for a draft Village Mixed Use Overlay District (VMUD)
- *15 June*: Distributed VMUD (version 2) distributed to all Bd/Comm Stakeholders
- *29 June:* OSPC reviewed VMUD (V2) w/Project Manager
- ***Planned zoning article rescheduled - ATM***
- *10 July*: VMUD (V3) distributed w/request to review to all boards/committees
- *28 July*: Initial call with professional planning consultant J. Barrett (calls 8/14, 8/25)
- *8 September*: Received Town Center Standards V1 draft from J Barrett. BOS meeting.
- *6 October*: Stakeholders meeting (BOS, EDC, PB & SHOPC) with planning consultant Judi Barrett. Decision to draft a new zoning district.
- *20 October*: received DRAFT Downtown Business Village District V2 - (Amend § 174-3 Districts enumerated by adding a new district)
- *10 November*: Stakeholders meeting (BOS, EDC, PB & SHOPC) - initial review of new district zoning & comments received.

- *18 November*: Deadline for receipt of draft V2 comments from Boards and Committees

- ***24 November*: Planned stakeholders meeting (BOS, EDC, PB & SHOPC and others) & public input welcomed**

APPENDIX D

DRAFT
Downtown Business Village District

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.	XX		
Promote and enforce Town Email Use Policy.	XX	XX	
Update, consolidate and promote compliance with general policies.	XX	XX	
Encourage and provide support for televising meetings.	XX		
Encourage and provide support for composite agendas and packets.	XX	XX	
Enhance informational outreach and recruiting for volunteers (forum).	XX		
Conduct public comment at beginning & end of meetings			XX
Review and update descriptions and charges.	XX		
FY 2021 Goals - Community Initiatives			
Coordinate and oversee Downtown Initiative.	XX	XX	
Coordiate communication/roundtables with local businesses.	XX		
Pursue PILOT initiatives, including community center and projects.	XX	XX	
Pursue "bike friendly" policies and explore Biking Committee.	XX	XX	
300th Anniversary planning, including Committee creation.	XX		
FY 2021 Goals - Employees			
Create Employee Handbook.			
Update job descriptions for BoS staff.	XX		
BoS review of annual staff performance reviews.	XX		
Review staffing and BoS office organization.	XX	XX	
Analyze Personnel Board/Town Administrator authority.			XX
FY 2021 Goals - Infrastructure			
Explore municipal electric plant.			
Natl Grid parcel 54-40	XX		
Assimilate Pine Hill Rd into Town Water re: Fire (via MWRA)	XX		
FY 2021 Goals - Long Range/Strategic Planning			
Explore establishing grant writing position(s).	XX		
BoS training, reporting and hiring initiatives re: diversity and inclusion.	XX		
FY 2021 Goals - Municipal Finance			
Additional approval/oversight on appropriation line items.	XX	XX	
Schedule quarterly budget updates (Finance Director).			XX
Establish budget narratives, including long-term impacts.			
Establish BoS budget liaisons.			XX
Communicate BoS position to departments re: new FTEs.			XX
Establish long-term capital plans (with Capital Committee).	XX	XX	
Explore generating additional commercial tax revenue.			
Identify and establish a roster of Town service contracts.	XX	XX	
Review contracted services and explore re-bidding.	XX	XX	
Maximize potential Covid-19 reimbursements and grants.	XX	XX	
Coordinated budget discussions with Advisory, Capital and Schools.	XX	XX	
FY 2021 Goals - Organizational			
Quarterly newsletter.	XX		
Explore public safety regional dispatch.	XX		
Evaluate organizational processes: postage; mailings; data exchanges.	XX		
Budget software implementation.			XX
Pursue policies and projects for 40B threshold.	XX		
Customer service survey re: Town departments.

Dear Mark,

Following up on our email exchange, I am pleased to enclose a voluntary payment by Harvard University of $24,354 that is made in lieu of taxes to The Town of Southborough Board of Selectmen.

Our project team had a very productive meeting on the Southborough Campus today, and we anticipate having more details on our reuse plans in early January. More to follow as they develop.

Please feel free to reach out if you have any questions.

Best regards,

Andrew R. Laplume

DATE: December 9, 2020

TO: Honorable Board of Selectmen

FROM: Brian Ballantine, Finance Director

RE: Temporary Note for Fire Truck and Finn Boiler

Please be advised the Town sold temporary notes totaling $1,590,180. These notes consist of $600,000 for a new fire truck and $990,180 for the Finn boiler. The net interest cost of these notes was .4043% and total interest due in December 2021 will be $15,857.63.

In the Fall of 2021 the Town will evaluate any additional borrowings authorized between now and then and will likely combine any outstanding projects for a permanent bond sale. The fire truck has been ordered and the Finn boiler is substantially complete. The MSBA will be auditing the School project per standard practice and the Town will be reimbursed up to $357,310 as allowed by the grant. Once this process is complete and the note comes due the Town can permanently finance the net project cost.

As usual, the Board will have to vote to accept the notes and I will arrange the collecting of necessary signatures.

Should you have any questions, please do not hesitate to ask.

Subject: BOS Agenda - Capital Planning - School Research Subcommittee

Hi Mark,

For the next BOS agenda, please accept this request to extend the Capital Planning - School Research Subcommittee term to end on February 28, 2021. The current term is scheduled to end on December 31, 2020.

I am requesting this extension due to the anticipated receipt of the NESDEC enrollment report in early January. This extension should allow the Subcommittee to review the report and outline the next steps for vetting by the School Committee, Capital Planning Committee, and BOS.

Please let me know if you have any questions.

Thanks,

Jason Malinowski

MEMORANDUM

TO: **Southborough Board of Selectmen**
CC: **Mark Purple, Town Administrator**
FROM: **Karen Galligan, DPW Superintendent**
SUBJECT: **CSXT's Downtown Crossing Easement(s)**

As you know, the Town has a project planned to continue improvements on Main Street through the downtown area. The proposed project also involves road construction, including upgrades, on Newton Street, Marlborough Road and Cordaville Road. However, this memo is about the proposed work on Main Street, and East Main Street, through the downtown area; specifically, the railroad (CSXT) crossing.

CSXT owns about a 66' right of way throughout Town (33' from the centerline on each side of the track). The Town needs an easement across CSXT's property to replace the water main and improve the storm water system downtown. The gas company is also planning to replace their gas main under the tracks.

Before CSXT will grant an easement to a Town to cross their property, and tracks, CSXT requires review and approval of the design across their property and assistance with "housekeeping" issues. CSXT has reviewed Southborough's design and made some comments. The town has responded to the comments and will incorporate CSXT's specifications and changes in the final design plan set and specifications. However, there is an outstanding issue that the Town needs to address before submitting the plans and specifications to CSXT for approval.

There are "housekeeping" issues in downtown Southborough there that need to be addressed. These issues are unpermitted encroachments from private property onto CSXT's property. The Town helped CSXT with contact information for the owners of the four properties that abut both the tracks and the Town's Main Street right-of-way (ROW). CSXT has tried to contact each of the property owners to grant them an 8' easement onto the CSXT property.

At this time one property has determined that they will not require an easement, one property is reviewing the easement language, one property is going to execute the easement and one property does not believe that they need an easement from CSXT. At this point the Town needs to decide if it is going to move forward with the project and install granite curbing along the edges of the traveled way within the CSXT property based on existing easements, as requested by CSXT, (see attached plan); or if it is going to scrap the project; or if it is going to complete the project without the storm water and water main upgrades under the tracks.

The DPW would like the Selectmen to determine how they would like to proceed so that the Town can move this project forward for final specification and plan approval by CSXT, public vetting, spring bidding and late summer construction, or not.

The "BV Business Village District" now exists in Southborough, see Zoning Bylaw, § 174-8.4, and is comprised of three noncontiguous areas. One of these noncontiguous areas is downtown Southborough; and, although the Bylaw says nothing of the sort, I understand that said area is presently referred to, if only casually, as the "downtown" Business Village District.

Based on our December 9 conversation, and now verified with Judi Barrett, the District below is meant to be a new district entirely: a replacement for the portion of the Business Village District that currently encompasses the downtown area, not a subdistrict within the Business Village District.

That being so, and as is further elaborated upon below, I caution you that naming the new District the Downtown Business Village District is a potential, if not probable, source of confusion. Even I wondered whether the new District was meant to continue to be a part of the old (which raises all sorts of potential conflicts regarding applicable standards and processes). I'd recommend a renaming of the District, to the "Town Center District," for example. I believe that Judi agrees.

DOWNTOWN BUSINESS VILLAGE DISTRICT V.4 (FINAL)
December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Section 174-5(D) of the Zoning Bylaw addresses so-called split lots, i.e. existing lots divided by the boundary of a zoning district subsequently adopted. During our December 9 conference call, it was suggested that the Town may wish to extend the new DBV District to the entirety of any lot included within its limits, even partially.

To accomplish the above, the following sentence might be added to the end of Section 174-5(D): "Notwithstanding the foregoing, where the boundary of the Downtown Business Village District divides a lot existing at the time said District was adopted, the regulations applicable in said District shall extend and be deemed to apply to the entirety of such lot."

And by relettering existing Sections K and L to Sections L and M, respectively.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

Both Sections A and B state: "Permitted uses are as follows..." They are repetitive; and the list of allowed uses under each of them can be combined under a single Section A (and subsequent Sections relettered accordingly).

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

I interpret the allowance of "mixed-use development" to mean that nonresidental and residential uses may co-exist as-of-right in the same structure, per the definition above and consistent with the amendment to Section 174-8(C)(2), also above; but not to supersede the requirement of a special permit if one or more of the constituent use(s) requires it. For example, a mixed-use development comprised of professional offices and multifamily housing would require a special permit because, while the offices are by-right, the multifamily housing is not.

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

The Section numbering is problematic, in my opinion. Southborough's zoning districts are individually addressed in Sections 174-8.1, 174-8.2, 174-8.3, etc. of the Zoning Bylaw. Section 174-8.4 is the "BV Business Village District." Adding the DBV District as Section 174-8.4.1, i.e. a Subsection of Section 174-8.4, suggests that the DBV District is a subdistrict and not a new district altogether.

I've discussed the above with Judi. She agrees, I believe, that the DBV District might instead be added as a new Section 174-8.12: not ideal placement as far as the sequential grouping of districts goes, but better than creating unnecessary confusion. (Alternatively, it could be added as Section 174-8.5 and existing Sections 174-8.5 through 174-8.11 could be renumbered as Sections 174-8.6 through 174-8.12, respectively.)

I defer to Judi concerning appropriate density for multifamliiy housing in the downtown area. But remember that such multifamily housing may be combined with nonresidential use(s) per the allowance of mixed-use development above.

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

Multifamily at 8 units is OK and may lead to some downtown housing. Allowing up to 12 units by special permit would probably be more effective. We suggest discussing this further with a few local developers and property owners.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

See my comment, below, concerning the applicability of Business Village District plan review to projects in what-is-supposed-to-be an entirely different, separate and distinct zoning district, the DBV District.

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

Consistent with Judi's commentary, I wonder about the relationship between "maximum" (versus minimum) front setback and the requirement that "[a]t least 50% of the landscaped open space shall be contiguous and located between the front building line and front lot line..." Is it reasonable to require compliance with both? I again defer to Judi's planning expertise.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.45 as of right, or a maximum of 0.70 by special permit from the Planning Board.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

Instead of minimum and maximum front setbacks, you could establish a build-to line of 10 feet from the public ROW or front property line. If you want to take this approach, consider discussing it with police & fire first. There needs to be site planning flexibility to accommodate both the concept of a maximum front setback and the open space & landscaping people say they want.

The FAR seemed to generate great interest. We looked at this more after the 11/24 meeting and sketched a few hypothetical projects on some existing lots. It seems to us that you could take it up to 0.45 or even 0.50 as of right if you want, and give the Planning Board discretion to approve a higher FAR case by case. It's a policy issue for the Town to decide.

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

Note change in maximum height by special permit to 48 feet.

Is Subsection "1" necessary, where there are no subsequent Subsections (or, if there were, they've been deleted from earlier draft(s))? Maybe replace (a) through (d) with (1) through (4)?

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

These basic building regulations are design standards and should remain in the ZBL. Design guidelines to be used for Site Plan Review are a different matter and they should be handled outside the ZBL.

Keep (d) even if you adopt a fixed build-to line of 10 feet. Public amenities are important; they help to activate the street.

Affordable housing section removed; benefit if any would be de minimis, and requiring it could discourage development. You could revisit this another year.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Consistent with my other comments above, if the DBV District is not a part of the Business Village District but rather is its own district, the proposed exception below is unnecessary; and, beyond that, should be eliminated, as its inclusion is misleading.

However, it should still be said somewhere, e.g. in a new Section 174-10.2, that, as in the Business Village District, major site plan approval in the DBV District shall be by special permit for uses requiring a special permit.

I note that, because the threshold differentiating major from minor site plan review, i.e. 2,000 square feet, is different than the threshold between certain by-right and special permit uses in the DBV District, i.e. 3,000 square feet, certain DBV District uses may still require major site plan approval (but not a special permit).

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

We have not changed this. The goal is to apply site plan review to permitted uses and leave the special permit process to reviewing plans for uses requiring a special permit.

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Guidelines can be adopted by Planning Board following adoption of the proposed amendments. (The language is may adopt, not shall.) To adopt design guidelines before this section has been adopted makes no sense.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

We changed the parking regulations for dwellings. We were trying to stay reasonably close to your existing requirements, but some existing requirements are not appropriate for a town center.

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

I concur with Judi; and, indeed, the suggestion that design guidelines be excluded from the Bylaw and separately adopted was among my recommendations months ago. The Bylaw operates as a framework for what will be permitted within the new District; and simplicity in that regard can help facilitate its passage at Town Meeting.

With that said, I also appreciate the interest in and desire for specifics, even early-on. It may be worthwhile for the Planning Board to report to Town Meeting that it has already given consideration to guidelines and is prepared to adopt them forthwith. (In other contexts, e.g. under Chapter 40R where development is by-right, draft guidelines have been presented at Town Meeting in an attempt to assuage fears.)

TOWN OF SOUTHBOROUGH POLICIES AND PROCEDURES

Policy:	Code of Conduct Policy
Date Approved:	April 25, 2016
Board approval:	Board of Selectmen

1. Purpose and Scope

1.1 The purpose of this policy is to indicate conduct expected by employees and officials of the Town of Southborough when conducting business with other employees, customers, vendors, and visitors, who interact with the Town, either on a daily or more infrequent basis. This policy extends to private conduct, to the extent the law has additional requirements on public employees.

1.2 Nothing in this policy limits or replaces rules of conduct described in Massachusetts General Laws Chapter 268A, (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws") regarding the conduct of a public employee, including Town employees as described in the law and regulations.

1.3 Nothing in this policy limits or replaces other Town policies that address employee conduct, such as the Town's Workplace Violence Prevention Policy, Policy Against Sexual and Discriminatory Harassment, and the Town's Alcohol & Drug Policy, and other policies applicable to employee conduct.

2. Applicability

2.1 This policy applies to all full and part-time compensated positions, excluding employees of the School Department. Employees whose positions are covered by collective bargaining agreement are subject only to those portions of the policy which are not separately regulated by a collective bargaining agreement. Persons employed under individual employment agreements shall follow all of the provisions of this policy.

2.2 This policy does not replace applicable law, including State Public Employee Ethics Laws, but instead applies in addition to applicable law. In the event this policy conflicts in any way with laws governing employee conduct, the law will apply over this policy, to the extent that it is stricter.

3. Policy

3.1 Employees and town officials must act with fundamental honesty and integrity in all Town dealings, comply with all by-laws/regulations that govern the Town, maintain an ethical and professional work environment and comply with all Town policies. Town employees and officials are required to consistently treat fellow employees, customers, vendors, and visitors with respect, dignity, honesty, fairness, and integrity.

3.2 As further described in State Public Employee Ethics Laws, and among other requirements set forth in the law, Employees and town officials may not, directly or indirectly, ask, demand, exact, solicit, seek, accept, receive or agree to receive anything of value for themselves or for any other person or entity for or because of any official act performed or to be performed by the employee, to influence any official act performed or to be performed, to influence or attempt to influence any official act performed or to be performed, or to act in a manner which would cause a reasonable person to conclude that the employee could be influenced in such a manner.

3.3 Examples of conduct that is considered inappropriate and/or unprofessional under this policy may be physical and/or verbal and include, but are not limited to, the following:

a) Asking or requiring another individual to act unethically or violate the Town's Professional Conduct Policy or the law;
b) Disparaging or misrepresenting the Town or any Town employee or official;
c) Engaging in gambling, such as sports' pools, card games, games of chance, and raffles while conducting Town business or representing the Town;
d) Discriminating against others on the basis of race, sex, sexual orientation, age, handicap, religion or national origin in the course of your employment;
e) Engaging in any behaviors that are harassing, including sexual harassment or offensive comments or jokes;
f) Consuming and/or using alcohol, non-prescribed narcotics or controlled substances during work time, or reporting to work under the influence of alcohol, intoxication, non-prescribed narcotics or controlled substances in any form. You should inform the Assistant Town Administrator or your supervisor at the start of the workday if you are taking medication that might impair your work performance, in order that proper accommodations can be considered and made where reasonable.

g) Unprofessional behaviors, commentary, written correspondence and/or gestures directed at another Town employee or official, supervisor, customer, visitor or resident that a reasonable person would find offensive, humiliating or intimidating or that adversely affect staff performance.

3.4 Employees and town officials shall obey the laws of the United States and the Commonwealth of Massachusetts. Any employee who is convicted of a crime relating to their employment or impacting their employment, or crimes which may disqualify them from holding necessary certifications or licenses, may be subject to disciplinary action, up to and including termination. Employees are, where applicable, subject to meeting CORI background screening requirements, subject to Town requirements and applicable law, including the law governing CORI.

3.5 Employees shall comply with all of the policies and operating procedures of the department in which they work and the Town of Southborough. Employees shall respond forthright to the work-related directives of their supervisor.

3.6 Employees and town officials are expected to conduct themselves in their official relations with the public and with their fellow employees in a manner which will enhance public respect for, and confidence in, the employee and the Town as a whole. Employees and town officials must not only perform their duties in a wholly impartial manner, but must avoid any conduct which gives a reasonable basis for the impression of acting otherwise. Specifically, all employees and town officials shall avoid any action which may result in or create a reasonable basis for the impression of:

a) Using public office for private gain;
b) Giving preferential treatment to any citizen;
c) Making work-related decisions contrary to departmental town policy; and,
d) Using one's official position to harass or intimidate any person or entity.
e) No municipal employee shall, otherwise than as provided by law for the proper discharge of his/her official duties, directly or indirectly receive or request compensation from anyone other than the town or municipal agency in relation to any particular matter in which the same Town is a party or has a direct and substantial interest.
f) No person shall knowingly, otherwise than as provided by law for the proper discharge of official duties, directly or indirectly give, promise or offer such compensation.
g) No municipal employee shall, otherwise than in the proper discharge of his/her official duties, act as agent or attorney for anyone other than the city or town or municipal agency in prosecuting any claim against the town, or as agent or attorney for anyone in connection with any particular matter in which the same town is a party or has a direct and substantial interest.

h) Employees and town officials shall not solicit or accept, directly or indirectly, any gift or benefit, including any gratuity, favor, entertainment, loan, or any other item of value, from a person who or entity which the employee knows or has a reason to know:

- Has, or is seeking to obtain, contractual or other business or financial relations with his/her department or the Town;
- Conducts business or other activities which are regulated or monitored by the department or the Town, except as permitted by statute or regulation;
- Has interests that may be substantially affected by the employee's performance or non-performance of his/her duties or has the appearance of being substantially affected; or
- Seeks to influence the employee in performance of his official acts or any act within their official responsibility.

Exceptions- the restrictions set forth in Section 3 do not apply to the following gifts provided that such gift or benefit has not been solicited by the public employee, and is not for any of the purposes identified as prohibited above, and/or in the State Public Employee Ethics Laws:

a) *De Minimis* Gifts. Anything with a value of less than $25, other than cash. *De minimis* gifts include multiple gifts or benefits given or offered to a public employee within a calendar year by

one person or by an organized group of persons having a common interest in a particular matter or legislation before that public employee, if the aggregated value is less than $25;

b) *Inheritance.* Anything received by inheritance;

c) *Gifts from Immediate Family and Relatives.* Anything received by a public employee from a member of the public employee's immediate family or from a great grandparent, great grandchild, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, step-parent, stepchild of the public employee or of the employee's spouse and given for reasons unrelated to the public employee's official position or duties;

d) *Informational material.* Informational material relevant to a public employee's official functions and intended for use by the public employee in the exercise of official duties or solicited for the purpose of promulgating, administering and enforcing agency regulations, such as books, pamphlets, reports, documents, periodicals, or other information that is recorded in a written, audio, electronic, or visual format;

e) *Professional Organization Membership Fees.* Reduced or waived membership or other fees offered by a professional organization if the only requirements for membership relate to professional qualifications;

f) *General Discounts.* A rebate, discount or promotional item available to the general public or to a class consisting of all public employees from a city or town, county or state on the same terms as offered to the general public;

g) *Display Items for Meritorious Public Service.* An item intended for display and given by a civic, charitable, professional, religious, or fraternal organization in recognition of meritorious public service that has no or minimal resale value. Such items shall include but not be limited to trophies, plaques, bowls, and certificates;

Honoraria. Honoraria not exceeding $250.00 for participating in a legitimate speaking engagement provided that:

- Delivering the speech is not part of the public employee's official duties;
- Public resources are not used in the preparation of the speech;
- Public time is not taken for the preparation or delivery of the speech;
- Neither the sponsor of the address nor the source of the honorarium is a person or entity with whom the public employee has had or reasonably expects to have dealings in his official duties;
- The public employee makes a prior written disclosure.

4. **Actual or Potential Conflicts of Interest, Violations of this Policy, or Violations of the Law:** Employees and town officials should immediately report and make inquiry about questionable items, gifts, benefits, or matters. Inquiries can be made with the Town or employees may go directly to the Town Administrator or to the Ethics Commission at 1-888-485-4766 (Attorney of the Day).

5. Procedures / Investigations

5.1 A violation of any aspect of this policy can damage the integrity and harm the reputation of the Town of Southborough and all employees and town officials, and may additionally place the employee in violation of Massachusetts law. The Town is fully committed to reviewing and/or investigating, as necessary, any and all reported incidents. Employees who become aware of inappropriate conduct should report it to their Department Head or Town Administrator.

5 .2. When management becomes aware of an incident, they shall document the incident as soon as possible and forward said information to their supervisor.

5.3. A decision to deal administratively with the employee and/or to have the employee consult with EAP shall be made as promptly as possible by the Town Administrator or his/her designee, and management should continue an on-going review.

5.4 Employees may have separate reporting requirements under the Massachusetts Ethics Law, which are in addition to those described in this policy. Employees must be aware of these reporting requirements, and when and under what circumstances Massachusetts State Ethics law requires employees to make such Disclosures, including as directed by State law.

6. Applicable Statutes / Laws

A number of laws are implicated by this policy, which outline unacceptable or unethical conduct in the workplace. These include, but are not limited to, any number of criminal and civil laws prohibiting unethical conduct, such as Massachusetts General Laws Chapter 268A, and Massachusetts Regulations at 930 CMR 5.00 et. Seq. (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws"), as well as any criminal or civil laws in the areas of anti-stalking laws, anti-bullying laws, OSHA, anti-discrimination, Civil Rights, etc.

ACKNOWLEDGEMENT

Note: Your signature below signifies that you have received this policy.

This policy is applicable to all employees of the Town of Southborough.
For those employees covered by Collective Bargaining Agreements, the provisions of the CBA, which are subject to negotiation prevail over the language in this policy (i.e. discipline).
Any changes made to this policy that apply to sections that are subject to collective bargaining, will be sent to the appropriate union prior to implementation.

RE: Open Meeting Law Complaint

Dear Attorney Riley:

This office received three complaints from Alex Bowman on April 22 and June 1, 2020, alleging that the Sandisfield Board of Selectmen (the "Board") violated the Open Meeting Law, G.L. c. 30A, §§ 18-25. The complaints were originally filed with the Board on February 17, April 14, and April 21, and the Board responded by letters dated March 5, April 27 and May 26.[1] In his complaints, Mr. Bowman alleges that the Board 1) posted insufficiently detailed meeting notices, 2) failed to timely respond to a request for open and executive session minutes, and 3) created insufficiently detailed meeting minutes.[2]

Following our review, we find that the Board violated the Open Meeting Law as alleged. In reaching this determination, we reviewed the original complaints, the Board's response to the complaints, and the complainant's requests for further review. We also reviewed the Board's January 27 open and executive session minutes.

DISCUSSION

1. The notices for the Board's January 27 and April 21 meetings contained insufficient detail.

[1] Unless otherwise specified, all dates refer to 2020.
[2] In addition, we decline to review any additional allegations contained in the request for further review that were not included in the original complaints filed with the public body. Our office does not conduct broad audits of public bodies and will address only specific allegations made in an Open Meeting Law complaint. See OML 2020-2; OML Declination 4-22-15 (Natick Economic Development Committee).

A public body must post notice of every meeting at least 48 hours in advance, not including Saturdays, Sundays, and legal holidays. G.L. c. 30A, § 20(b). Notices must include the date, time and place of the meeting, as well as a "a listing of topics that the chair reasonably anticipates will be discussed at the meeting." Id. The list of topics shall have sufficient specificity to reasonably advise the public of the issues to be discussed at the meeting. 940 CMR 29.03(l)(b). We generally consider a topic to be sufficiently specific when a reasonable member of the public could read the topic and understand the anticipated nature of the public body's discussion. See OML 2015-35.[3] A public body may discuss a topic not listed on a meeting notice if the topic was not anticipated by the chair 48 hours in advance of the meeting. See OML 2017-2; OML 2013-87.

The complaint alleges that several of the Board's meeting notices were insufficiently detailed. We address each in turn. First, as the Board concedes, the topic "contract negotiations" as included on the notice for executive session at the Board's January 27 meeting was insufficiently detailed because the Board could have specified that the negotiations pertained to the "Town Manager" without compromising the purpose for the executive session. See OML 2019-118 ("When convening in executive session pursuant to Purpose 2 or Purpose 3, a public body must identify the collective bargaining unit or nonunion personnel with whom it will be negotiating, if doing so will not compromise the lawful purpose for secrecy."). Second, as the Board concedes, an item "Selectmen's updates and Town Manager updates" for the January 27 meeting was insufficiently detailed where the Chair failed to list specific anticipated updates from the Selectmen. See OML 2020-44 (Public body chair must list all topics the chair anticipates will be discussed and, as a best practice, should solicit from non-members detail regarding the precise matters to be discussed.). Third, we find no violation with respect to the item "FY2021 Budget" on the March 18 meeting notice, as the meeting was cancelled. See OML 2020-53 ("When a public body does not actually deliberate on a noticed topic, the public body cannot violate the Open Meeting Law with respect to that topic, even if it would have been insufficiently detailed had the public body proceeded with its deliberation."). Fourth, the Board was not required to list every department that could be affected by "Budget reductions" on the notice for the March 25 meeting as the Chair anticipated discussing almost all departments and was not required to anticipate the course of the discussion. See OML 2019-26 ("We find that this topic, although not specifically listed on the meeting notice, fit within the Board's larger budget discussion, listed on the notice as 'Budget Review.'"); OML 2014-44 (Public body not required to anticipate course of deliberation); OML 2012-83 ("Where a public body is reviewing all articles for a Town Meeting warrant, it is not required to list all of the warrant articles on its meeting notice."). Finally, the Board provided insufficient detail about known Chapter 90 projects on its meeting notice for April 21. See OML 2019-121. ("Where a public body anticipates discussing specific Town Meeting warrant articles, it must specifically list them in its meeting notice."). Therefore, we find that the Board's notices for its January 27 and April 21 meetings violated the Open Meeting Law by providing insufficient detail.

2. The Board failed to timely respond to a request for open and executive session minutes.

The Open Meeting Law requires that a public body "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the

[3] All previous determinations issued by the Division can be found on the Attorney General's website: https://www.mass.gov/the-open-meeting-law.

members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). The "minutes of an open session, if they exist and whether approved or in draft form, shall be made available upon request by any person within 10 days." Id. Upon request by any person to inspect or copy the minutes of an executive session or any portion thereof, the body must respond to the request within 10 days following receipt and release any such minutes where publication would not defeat the lawful purposes of the executive session.[4] See G.L. c. 30A, § 22(g)(2). If the body has not performed a review, it must do so and then release any non-exempt minutes, or portions thereof, not later than the body's next meeting or in 30 days, whichever first occurs. See Id.; OML 2013-180.

Here, in response to Mr. Bowman's January 28 request for open and executive meeting minutes from the Board's January 27 meeting, the Board prepared a draft of the meeting minutes and sent them to Mr. Bowman within 10 business days. Under the Open Meeting Law, a public body has 10 calendar days from the date a request for meeting minutes is received to provide a response, unlike requests made under the Public Records Law for which a records custodian has 10 business days to respond. See OML 2019-125. The Board concedes that this response was late, due to a misunderstanding of the applicable timeframe for responding. We therefore find a violation as the Board's response was late.

However, we find that the Board permissibly withheld from release the January 27 executive session minutes. The Board asserts, and we have confirmed during an *in camera* review, that this executive session relates to ongoing negations with the Town Manager, and therefore the purpose is still ongoing. Therefore, the Board was not required to release these executive session minutes in response to Mr. Bowman's request and we find no violation of the Open Meeting Law in this respect.

3. The Board created and approved insufficiently detailed open session and work session meeting minutes for a January 27 meeting.[5]

The Open Meeting Law requires a public body to "create and maintain accurate minutes of all meetings, including executive sessions, setting forth the date, time and place, the members present or absent, a summary of the discussions on each subject, a list of documents and other exhibits used at the meeting, the decisions made and the actions taken at each meeting, including the record of all votes." G.L. c. 30A, § 22(a). When reviewing minutes for compliance with the Open Meeting Law, we look for substantial compliance with the accuracy requirement. See OML 2017-104; OML 2013-64. By substantial compliance, we mean that the minutes should contain enough detail and accuracy so that a member of the public who did not attend the meeting could read the minutes and have a clear understanding of what occurred. See OML 2019-145; OML 2012-106. Although a transcript of the discussions is not required, and the

[4] Executive session minutes may be withheld from disclosure to the public "as long as publication may defeat the lawful purposes of the executive session, but no longer." G.L. c. 30A, § 22(f). When the purpose for a valid executive session has been served, the minutes and any documents or exhibits used at the session must be disclosed unless the attorney-client privilege or an exemption to the Public Records Law applies to withhold them, in whole or in part, from disclosure. See id. Public bodies have an obligation to review the minutes of executive sessions at reasonable intervals to determine if continued non-disclosure of minutes is warranted, and to announce that determination at the next meeting following its review. G.L. c. 30A, § 22(g)(l); see OML 2015-94; OML 2013-56.

[5] The Board's "work sessions," which generally include longer discussions on single topics, are open to the public.

minutes need not include every remark or opinion presented, minutes must include a substantive summary of the discussion on each topic. See OML 2020-18; OML 2012-29; OML 2011-55. Minutes of executive sessions must include the same level of detail as is required for open sessions. See OML 2018-26; OML 2014-43.

Here, as the Board concedes, both the Board's open and work session minutes for its January 27 meeting do not provide sufficient detail regarding each topic discussed. In many places, the minutes note that a discussion was held, or a topic was addressed, without specifying what was said on each topic, leaving the reader without a clear understanding of what occurred. The Open Meeting Law requires that meeting minutes include more than a statement that a public body held a discussion about a specified topic; the Law requires that the minutes summarize the substance of the public body's discussion. See OML 2019-167; OML 2018-8. We therefore find that the Board violated the Open Meeting Law by failing to draft and approve accurate minutes for the January 27 open session and work session.

CONCLUSION

For the reasons stated above, we find that the Board violated the Open Meeting Law by 1) posting January 27 and April 21 meeting notices which contained insufficient detail; 2) failing to timely respond to a request for open and executive session minutes; and 3) creating and approving insufficiently detailed open session and work session meeting minutes for a January 27 meeting.

We order the Board's immediate and future compliance with the Open Meeting Law and caution the Board that a determination by our office of a similar violation in the future may be considered evidence of intent to violate the Open Meeting Law. In addition, we order the Board to create and approve sufficiently detailed meeting minutes for its January 27 open session and work session with **60 days** of the receipt of this order.

We now consider the complaints addressed by this determination to be resolved. This determination does not address any other complaints that may be pending with our office or the Board. Please feel free to contact the Division at (617) 963 - 2540 if you have any questions.

Sincerely,

Sarah Monahan
Assistant Attorney General
Division of Open Government

cc: Alexander Bowman (via e-mail: [redacted])
Sandisfield Board of Selectmen c/o Town Manager (via e-mail: [redacted])

This determination was issued pursuant to G.L. c. 30A, § 23(c). A public body or any member of a body aggrieved by a final order of the Attorney General may obtain judicial review through an action filed in Superior Court pursuant to G.L. c. 30A, § 23(d). The complaint must be filed in Superior Court within twenty-one days of receipt of a final order.

TOWN OF SOUTHBOROUGH

CAPITAL PLANNING COMMITTEE
TOWN HOUSE · 17 COMMON STREET · SOUTHBOROUGH, MASSACHUSETTS 01772-1662
(508) 485-0710 · FAX (508) 480-0161 · jmalinowski@southboroughma.com

Capital Planning Policy

DRAFT

Purpose/Objective

To develop and maintain a 10-year capital plan for the Town of Southborough to be overseen by the Capital Planning Committee ("Committee").

Definition:

A capital item is a tangible asset or project estimated to cost over $10,000 ("capital threshold") and estimated to have, or to extend, three or more years of useful life.

Bulk purchases of similar items, like software or furniture, with expected useful lifespans of three or more years that, when aggregated, have total costs exceeding the capital threshold.

These include:

1. Real property acquisitions and construction equipment.
2. Planning feasibility studies, and designs for potential capital projects such as new buildings or major additions to existing buildings which would include equipment needs to furnish such building or addition.
3. Major renovations of existing capital items that extend their useful lifespans by at least 5 years, as distinguished from normal operating expenditures.
4. Major improvements to physical infrastructure, including streets, sidewalks, stormwater drains, and water distribution systems.
5. Land acquisition and/or improvement..
6. Equipment acquisition, replacement or refurbishment, including but not limited to vehicles, furnishings, and IT systems' hardware and software or other items that combined in purpose together make it a capital project.
7. Items obtained under long-term leases three years or greater.

Funding Source Guidelines:

Any item meeting the definition of capital item should be considered for the following process regardless of the proposed funding source.

The Committee should advise financing method recommendations in accordance with the following policies:

1. The Town should maintain its physical assets by providing consistent funding in the operating budget to protect its capital investments, minimize future maintenance, and thus mitigate the need for large capital replacement funding requests.
2. Special revenue sources (e.g. grants, revolving funds) should be evaluated first as funding options whenever possible.
3. Community Preservation Funds should be pursued if a capital project is eligible.
4. The annual operating costs of each proposed capital project, as well its debt service costs, should be identified before any long-term, bonded capital project is recommended.
5. If material one time Town revenues are recognized the Committee should consider recommending these be reserved or purposed for capital funding.
6. Major capital projects, such as new construction or major renovations to existing facilities exceeding $5,000,000, should be approved through capital or debt exclusions. This requires a 2/3 Town Meeting vote and a majority ballot exclusion vote. Exempted debt service is outside the normal tax levy once approved.
7. Infrastructure or facility maintenance budgets built into the general operating budget will not be used to fund other departmental budgets.

Process:

1. At the beginning of each Fiscal Year, Department Heads will be asked to re-assess their current capital plan items and make recommendations related to additions, subtractions, and cost adjustments based on current department needs related to capital items anticipated over the next ten years. This should also include a review of the recommended timing to bring the item forward to Town Meeting.
2. All adjustments or new capital items should be submitted in writing via the form adopted by the Committee in the ClearGov software.
3. The Committee will then vote on the addition, subtraction, cost, or timing adjustment in a public meeting.
4. Department Heads are expected to raise capital items as they arise and not wait for the formal fiscal year review.
5. Each year in the Fall, the Committee shall meet to prioritize and vote on capital items to be brought forward for consideration at the Annual Town Meeting.
6. These recommendations shall then be presented to the Board of Selectmen and Advisory Committee in public meetings.
7. For any Special Town Meeting, the Committee shall assess the current inventory of capital items to determine whether it is appropriate to recommend consideration of funding for specific capital item(s). Committee may, if applicable, suggest method of funding.
8. Upon request of the Board of Selectmen, the Committee shall make a presentation to Town Meeting regarding any capital items that are on the warrant for that Town Meeting.
9. Throughout the fiscal year, the Committee shall meet regularly to look at future capital items to ensure that the proper due diligence has been performed on upcoming items and to assess whether items should be accelerated or deferred. Any recommendation that deviates from that of the Department Head, shall specifically be communicated in a Board of Selectmen or Advisory Committee presentation.

Prioritization of Capital Items:

The following conditions will be considered when prioritizing items in the capital plan:

- Imminent threat to the health and safety of citizens/property
- Preservation of operations
- Legal requirement of Federal or State agencies

DRAFT

- Improvement to infrastructure
- Improvement in the efficiency and effectiveness of service delivery
- Alleviation of an overtaxing or burdened situation (i.e. insufficient instructional space in a school building)
- Supports community plan (i.e. Master Plan, Open Space and Recreation Plan)
- Results in lower energy consumption
- Results in lower operations and maintenance costs
- Continues the phased funding for a project included in a prior year's budget
- Scheduled replacement (i.e. motor vehicles, roofs, computers)

The full extent of project costs should be determined when developing the multi-year capital plan. Cost issues to consider include the following:

- The scope and timing of a planned project
- Identification of the most appropriate approaches, including outside assistance, when estimating project costs and potential revenues
- Adjustment of cost projections based on anticipated inflation
- Quantifying ongoing operating costs associated with each project, and identification of the sources of funding for those costs
- A clear estimate of all major components required to implement a project, including land acquisition needs, design, construction, contingency and post-construction costs
- Recognition of the non-financial impacts of the project (e.g., environmental) on the community

The Committee will be responsible for prioritizing capital requests. Prioritizing capital project requests is a critical step in the capital plan preparation process. When evaluating project submittals, the Committee should:

- Reflect the relationship of project submittals to financial and governing policies, plans, and studies
- Allow submitting agencies to provide an initial prioritization
- Incorporate input and participation from major stakeholders and the general public
- Adhere to legal requirements and/or mandates
- Anticipate the operating budget impacts resulting from capital projects
- Apply analytical techniques, as appropriate, for evaluating potential projects (e.g., net present value, payback period, cost-benefit analysis, life cycle costing, cash flow modeling)
- Re-evaluate capital projects approved in previous multi-year capital plans
- Use a rating system to facilitate decision-making

<u>Inventory</u>:

The Committee shall have access to a detailed list of capital assets that the town owns to help to anticipate and evaluate capital needs. The Committee should work collaboratively with the Town Accountant and Department Head responsible for the capital item to ensure the appropriate data is maintained on the asset.

<u>Capital Project Closeout</u>:

DRAFT

The Committee shall regularly review the account balance of any capital item approved at a prior Town Meeting. At the end of each fiscal year, a detailed review should occur on each remaining balance and a recommendation of what to do with the remaining balance should be made in conjunction with the Town Administrator, Finance Director, Town Accountant, and Department Head. It is the general expectation that funds will not carry into future fiscal years unless the nature of the capital item is such that expenditures happen across multiple fiscal years (e.g. building construction). Any balance that will carry over should have written documentation on the reason for such carry over and a vote of the Committee.

Adopted by Board of Selectmen on XX, XX, 2021

DRAFT

DOWNTOWN BUSINESS VILLAGE DISTRICT V.4 (FINAL)

December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel. [LD1]

(4) Medical or dental office[LD2]

(5) Multifamily housing, up to eight units[LD3].

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

Multifamily at 8 units is OK and may lead to some downtown housing. Allowing up to 12 units by special permit would probably be more effective. We suggest discussing this further with a few local developers and property owners.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.45 as of right, or a maximum of 0.70 by special permit from the Planning Board. [LD4]

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

Instead of minimum and maximum front setbacks, you could establish a build-to line of 10 feet from the public ROW or front property line. If you want to take this approach, consider discussing it with police & fire first. There needs to be site planning flexibility to accommodate both the concept of a maximum front setback and the open space & landscaping people say they want.

The FAR seemed to generate great interest. We looked at this more after the 11/24 meeting and sketched a few hypothetical projects on some existing lots. It seems to us that you could take it up to 0.45 or even 0.50 as of right if you want, and give the Planning Board discretion to approve a higher FAR case by case. It's a policy issue for the Town to decide.

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet [LD5]and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

Note change in maximum height by special permit to 48 feet.

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

~~(d)~~(e) Affordable Housing. In any multifamily or mixed-use building with 8 units or more at least 12[LD6].5% of units shall be affordable.

These basic building regulations are design standards and should remain in the ZBL. Design guidelines to be used for Site Plan Review are a different matter and they should be handled outside the ZBL.

Keep (d) even if you adopt a fixed build-to line of 10 feet. Public amenities are important; they help to activate the street.

Affordable housing section removed; benefit if any would be de minimis, and requiring it could discourage development. You could revisit this another year.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

We have not changed this. The goal is to apply site plan review to permitted uses and leave the special permit process to reviewing plans for uses requiring a special permit.

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Guidelines can be adopted by Planning Board following adoption of the proposed amendments. (The language is may adopt, not shall.) To adopt design guidelines before this section has been adopted makes no sense.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

We changed the parking regulations for dwellings. We were trying to stay reasonably close to your existing requirements, but some existing requirements are not appropriate for a town center.

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

The "BV Business Village District" now exists in Southborough, see Zoning Bylaw, § 174-8.4, and is comprised of three noncontiguous areas. One of these noncontiguous areas is downtown Southborough; and, although the Bylaw says nothing of the sort, I understand that said area is presently referred to, if only casually, as the "downtown" Business Village District.

Based on our December 9 conversation, and now verified with Judi Barrett, the District below is meant to be a new district entirely: a replacement for the portion of the Business Village District that currently encompasses the downtown area, not a subdistrict within the Business Village District.

That being so, and as is further elaborated upon below, I caution you that naming the new District the Downtown Business Village District is a potential, if not probable, source of confusion. Even I wondered whether the new District was meant to continue to be a part of the old (which raises all sorts of potential conflicts regarding applicable standards and processes). I'd recommend a renaming of the District, to the "Town Center District," for example. I believe that Judi agrees.

DOWNTOWN BUSINESS VILLAGE DISTRICT V.4 (FINAL)
December 4, 2020

Part I. Amend **§ 174-2** Definitions by adding the following new term and definition in appropriate alphabetical order.

BED AND BREAKFAST

Bed and breakfast is an establishment on owner-occupied property offering transient lodging accommodations to the general public, with not more than four guests rooms and food service limited to breakfast for guests.

CO-WORK CENTER

A building or portion thereof used for flexible work spaces offering short-term, monthly, or longer lease periods for self-employed people or people working for different employers, and typically providing shared furnishings, equipment, and business support services.

FAÇADE

The exterior side of a building.

MICROBREWERY

A microbrewery is a licensed establishment that produces and distributes beer, ale, or other malt beverages, and which may include accessory uses such as tours of the microbrewery, retail sales, and a taproom for on-site consumption. In addition to selling beer at retail on the premises, a microbrewery may act as wholesaler for beer of its own production for off-site consumption if it has a valid pub brewery license from the Commonwealth of Massachusetts.

MIXED-USE DEVELOPMENT

A development that includes both residential uses and nonresidential uses within a single structure. The ground floor facing the street shall be used only for permitted nonresidential uses, and the total gross floor area occupied by nonresidential uses shall be at least 10 percent of the gross floor area of the structure.

Section 174-5(D) of the Zoning Bylaw addresses so-called split lots, i.e. existing lots divided by the boundary of a zoning district subsequently adopted. During our December 9 conference call, it was suggested that the Town may wish to extend the new DBV District to the entirety of any lot included within its limits, even partially.

To accomplish the above, the following sentence might be added to the end of Section 174-5(D): "Notwithstanding the foregoing, where the boundary of the Downtown Business Village District divides a lot existing at the time said District was adopted, the regulations applicable in said District shall extend and be deemed to apply to the entirety of such lot."

And by relettering existing Sections K and L to Sections L and M, respectively.

Part 2. Amend **§ 174-3 Districts enumerated** by adding the following new district:

K. Downtown Business Village District, referred to as DBV District.

Part 3. Amend **§ 174-8(C)(2)** as follows (amendment shown in italics)

Not more than one principal permitted use shall be located on any lot, provided that a multiple occupancy building used for the same category of use, such as retail sales and services, light manufacturing or offices in a business district or Industrial Park District, *or a mixed-use development in the Downtown Business Village District*, shall be deemed to be in a single principal permitted use. . . .

Part 4. Amend **Article III, Use Regulations**, by adding the following new section:

§ 174-8.4.1 Downtown Business Village District

Both Sections A and B state: "Permitted uses are as follows..." They are repetitive; and the list of allowed uses under each of them can be combined under a single Section A (and subsequent Sections relettered accordingly).

A. Permitted uses are as follows:

(1) All uses permitted in the residential districts (RA and RB)

B. Permitted uses are as follows:

(1) Mixed-use development

(2) Professional or business office, or bank, but not including a medical or dental office

(3) Custom manufacturing of custom goods sold primarily on the premises, such as a woodworking shop, shop for artisan or craftsperson, or bakery

(4) Bed and breakfast

(5) Art gallery

(6) Child care center

(7) Co-work center

I interpret the allowance of "mixed-use development" to mean that nonresidental and residential uses may co-exist as-of-right in the same structure, per the definition above and consistent with the amendment to Section 174-8(C)(2), also above; but not to supersede the requirement of a special permit if one or more of the constituent use(s) requires it. For example, a mixed-use development comprised of professional offices and multifamily housing would require a special permit because, while the offices are by-right, the multifamily housing is not.

C. Permitted uses, up to a maximum of 3,000 square feet per establishment:

(1) Retail sales

(2) Ice cream shop, sandwich shop, candy shop, other specialty food service establishment serving walk-in customers (drive-through service is prohibited)

(3) Restaurant, with indoor seating and outdoor seating on an adjacent patio (drive-through service is prohibited)

The Section numbering is problematic, in my opinion. Southborough's zoning districts are individually addressed in Sections 174-8.1, 174-8.2, 174-8.3, etc. of the Zoning Bylaw. Section 174-8.4 is the "BV Business Village District." Adding the DBV District as Section 174-8.4.1, i.e. a Subsection of Section 174-8.4, suggests that the DBV District is a subdistrict and not a new district altogether.

I've discussed the above with Judi. She agrees, I believe, that the DBV District might instead be added as a new Section 174-8.12: not ideal placement as far as the sequential grouping of districts goes, but better than creating unnecessary confusion. (Alternatively, it could be added as Section 174-8.5 and existing Sections 174-8.5 through 174-8.11 could be renumbered as Sections 174-8.6 through 174-8.12, respectively.)

I defer to Judi concerning appropriate density for multifamliiy housing in the downtown area. But remember that such multifamily housing may be combined with nonresidential use(s) per the allowance of mixed-use development above.

(4) Personal services such as barber shop, beauty salon, tailor, or shoe repair

D. Permitted uses by special permit from the Planning Board are as follows:

(1) Any use listed in Subsection C exceeding 3,000 sq. ft. per establishment

(2) Microbrewery

(3) Veterinarian, animal hospital, dog kennel.

(4) Medical or dental office

(5) Multifamily housing, up to eight units.

Multifamily at 8 units is OK and may lead to some downtown housing. Allowing up to 12 units by special permit would probably be more effective. We suggest discussing this further with a few local developers and property owners.

(6) Private garage or parking for more than three cars or more than one truck or other commercial vehicle.

(7) Indoor recreation, athletic or exercise facility.

E. Uses by special permit from the Zoning Board of Appeals are as follows:

(1) Accessory apartment.

(2) Conversion of a one-family house in existence for two years or longer to a two-family dwelling, on a lot with a minimum of 15,000 square feet.

(3) A mobile home or travel trailer used as a dwelling or business quarters for more than 30 days in a year.

F. Prohibited uses. All uses which are not listed above, legally nonconforming or otherwise allowable by the provisions of the zoning regulations are prohibited.

G. Development standards (Note: Also refer to § **174-10.1**, Business Village District plan review) are as follows:

See my comment, below, concerning the applicability of Business Village District plan review to projects in what-is-supposed-to-be an entirely different, separate and distinct zoning district, the DBV District.

(1) Minimum lot area: 5,000 square feet.

(2) Minimum frontage: 60 feet.

(3) Minimum setbacks:

(a) Front: 10 feet.

(b) Rear: 35 feet.

(c) Side: 10 feet; 25 feet if adjacent to a residential district.

Consistent with Judi's commentary, I wonder about the relationship between "maximum" (versus minimum) front setback and the requirement that "[a]t least 50% of the landscaped open space shall be contiguous and located between the front building line and front lot line..." Is it reasonable to require compliance with both? I again defer to Judi's planning expertise.

(d) Other street: 10 feet

(4) Maximum front setback: 20 feet unless waived by the Planning Board.

(5) Minimum landscaped open space: 20 percent. At least 50 percent of the landscaped open space shall be contiguous and located between the front building line and front lot line unless the Planning Board approves a different placement of the open space as part of Site Plan Review.

(6) Maximum floor area ratio: 0.45 as of right, or a maximum of 0.70 by special permit from the Planning Board.

(7) Minimum Façade Buildout (% Lot Width) unless waived by the Planning Board.

(a) With less than 50 feet of frontage: N/A

(b) 50-80 feet of frontage: 60%

(c) Over 81-100 feet of frontage: 70%

(d) 100 feet or more of frontage: 75%

(8) Height regulations:

(a) Maximum building height: 40 feet and three stories, except by special permit from the Planning Board under Section H below

(b) Minimum ground floor height: 12 feet

(c) Maximum ground floor height: 18 feet

Instead of minimum and maximum front setbacks, you could establish a build-to line of 10 feet from the public ROW or front property line. If you want to take this approach, consider discussing it with police & fire first. There needs to be site planning flexibility to accommodate both the concept of a maximum front setback and the open space & landscaping people say they want.

The FAR seemed to generate great interest. We looked at this more after the 11/24 meeting and sketched a few hypothetical projects on some existing lots. It seems to us that you could take it up to 0.45 or even 0.50 as of right if you want, and give the Planning Board discretion to approve a higher FAR case by case. It's a policy issue for the Town to decide.

(9) Residential dwellings. Single-family or two-family dwellings in the Downtown Business Village District shall comply with RB District standards.

H. Special Permit for Height Increase. The Planning Board may grant a special permit to increase the maximum building height to 48 feet and four stories, provided that the minimum rear setback shall be increased at a 1-to-1 ratio, e.g., an additional one foot of setback for every one additional foot in building height.

Note change in maximum height by special permit to 48 feet.

Is Subsection "1" necessary, where there are no subsequent Subsections (or, if there were, they've been deleted from earlier draft(s))? Maybe replace (a) through (d) with (1) through (4)?

I. Additional Standards for Development in the DBV District.

(1) Building Regulations

(a) The principal entrance(s) to the building shall be on the front façade, which shall face the street.

(b) The maximum distance between street-level entrances shall be 35 feet unless waived by the Planning Board.

(c) The maximum depth of street-level commercial spaces shall be the lesser of 30 feet or 60 percent of the depth of the building unless waived by the Planning Board.

(d) The maximum front setback in Section G(4) may be increased for purposes of amenities such as landscaping, a plaza, square, courtyard, recessed entrance, sidewalk, multi-use path, raised terrace, façade offsets, or outdoor dining, but not for automobile use.

These basic building regulations are design standards and should remain in the ZBL. Design guidelines to be used for Site Plan Review are a different matter and they should be handled outside the ZBL.

Keep (d) even if you adopt a fixed build-to line of 10 feet. Public amenities are important; they help to activate the street.

Affordable housing section removed; benefit if any would be de minimis, and requiring it could discourage development. You could revisit this another year.

J. The operation of any marijuana establishment as defined in MGL c. 94C, § 1, including without limitation a marijuana cultivator, marijuana testing facility, marijuana product manufacturer, marijuana retailer or any other type of licensed marijuana facility is prohibited in all zoning districts of the Town. This prohibition shall not apply to the sale, distribution or cultivation of marijuana for medical purposes, licensed under Chapter 369 of the Acts of 2012 and currently permitted in the Town of Southborough. **[Added 4-25-2017 ATM by Art. 32]**

Consistent with my other comments above, if the DBV District is not a part of the Business Village District but rather is its own district, the proposed exception below is unnecessary; and, beyond that, should be eliminated, as its inclusion is misleading.

However, it should still be said somewhere, e.g. in a new Section 174-10.2, that, as in the Business Village District, major site plan approval in the DBV District shall be by special permit for uses requiring a special permit.

I note that, because the threshold differentiating major from minor site plan review, i.e. 2,000 square feet, is different than the threshold between certain by-right and special permit uses in the DBV District, i.e. 3,000 square feet, certain DBV District uses may still require major site plan approval (but not a special permit).

Part V. Amend **Section 174-10.1, Village Business District plan review**, as follows (amendments in the first paragraph shown in italics).

§ 174-10.1 Village Business District plan review.

Except as provided below in Subsection D, within the Village Business District, major site plan approval shall be by special permit from the Planning Board, subject to the procedural requirements and decision criteria of § **174-9**, Special permit requirements, and § **174-10**, Site plan approval, and the following in addition to the above …

We have not changed this. The goal is to apply site plan review to permitted uses and leave the special permit process to reviewing plans for uses requiring a special permit.

D. In the Downtown Business Village District, major site plan approval shall be by special permit from the Planning Board for any use requiring a special permit. In such cases, the submission requirements, procedures, and decision criteria under Subsections A through C above shall apply. The Planning Board may adopt design guidelines and apply them to major site plan approval applications regardless of whether a special permit is required.

Guidelines can be adopted by Planning Board following adoption of the proposed amendments. (The language is may adopt, not shall.) To adopt design guidelines before this section has been adopted makes no sense.

Part VI. § 174-12 **Parking and loading regulations**. Amend the parking and loading regulations, as follows. Note that existing Section F should be renumbered to Section G.

F. Exceptions in the Downtown Business Village District. Off-street parking requirements for development in the Downtown Business Village District shall comply with Section E above except for the following uses:

We changed the parking regulations for dwellings. We were trying to stay reasonably close to your existing requirements, but some existing requirements are not appropriate for a town center.

(1) Dwellings: two spaces for each dwelling unit, plus one space for a customary home occupation or a professional use.

(2) Bed and breakfast: one space for each guest room plus two spaces for the owners and operators of the premises.

(3) Restaurants and other places serving food or beverages: one space for each four seats.

(4) Mixed-use development: one space per dwelling unit and one space per 300 square feet of nonresidential floor area.

(5) Professional or business office: one space per 300 square feet for ground floor offices and one space per 350 square feet for offices above the first floor.

I concur with Judi; and, indeed, the suggestion that design guidelines be excluded from the Bylaw and separately adopted was among my recommendations months ago. The Bylaw operates as a framework for what will be permitted within the new District; and simplicity in that regard can help facilitate its passage at Town Meeting.

With that said, I also appreciate the interest in and desire for specifics, even early-on. It may be worthwhile for the Planning Board to report to Town Meeting that it has already given consideration to guidelines and is prepared to adopt them forthwith. (In other contexts, e.g. under Chapter 40R where development is by-right, draft guidelines have been presented at Town Meeting in an attempt to assuage fears.)

TOWN OF SOUTHBOROUGH

BOARD OF SELECTMEN Meeting Minutes

Meeting Date: Tuesday, December 15, 2020, 6:30 P.M.
Location: Virtual Meeting through Zoom
Present: Marty Healey, Lisa Braccio, Chelsea Malinowski, Brian Shea, Sam Stivers and Town Administrator Mark Purple

I. Chairman Healey called the meeting to Open Session at 6:30 P.M. Chairman Healey read the following statement:

Pursuant to Governor Baker's March 12, 2020 Order Suspending Certain Provisions of the Open Meeting Law, G.L. c. 30A, §18, and the Governor's March 15, 2020 Order imposing strict limitation on the number of people that may gather in one place, this meeting of the Southborough Board of Selectmen will be conducted via remote participation to the greatest extent possible. Specific information and the general guidelines for remote participation by members of the public and/or parties with a right and/or requirement to attend this meeting can be found on the Town of Southborough's website, at https://www.southboroughtown.com/. For this meeting, members of the public who wish to watch or participate in the meeting may do so in the following manner by finding the meeting at: https://www.southboroughtown.com/remotemeetings. No in-person attendance of members of the public will be permitted, but every effort will be made to ensure that the public can adequately access the proceedings in real time, via technological means. In the event that we are unable to do so, despite best efforts, we will post on Southborough's website an audio or video recording, transcript, or other comprehensive record of proceedings as soon as possible after the meeting.

II. Public Comment
None

III. Scheduled Appointments
State Delegation – Legislative update
Chairman Healey welcomed Senator Eldridge and Representative Dykema and invited them to speak. Senator Eldridge reviewed some of the initiatives he is working on at the State House which includes support of public health departments, food assistance in the fiscal year 2021 budget, the police reform bill, a clean energy bill, an economic development bill and the Community Mass Works grants. Senator Eldridge explained his work on inclusion housing, affordable housing and healthcare bills. He stated he has worked with Mr. Purple to inform him of upcoming grant opportunities and summarized some that the Town has been granted in the past. Senator Eldridge stated he set aside $250,000 for every Town in his district that has an MBTA station for improvements and asked the Town to inform him if they would like to move forward with this as it is possible to have the funds released from the Governor as a bond.

Representative Dykema explained the status of the budget which she described as behind schedule due to the pandemic. She stated that this year the State budget is based on estimates rather than a solid understanding of revenues and these numbers assume the success of a vaccine rollout program. She described the program and urged the public to look at the DPH website to find which phase they fall into. Representative Dykema stated that there will be more

DRAFT

funds from the federal government, more focus on support for unemployment, individuals and municipalities. She described multiple grants that could be applicable related to public health, technology assistance, main street economic recovery and small business and economic development. She urged those interested to look into more at the Mass Development website page. Representative Dykema described the Allston/Brighton Viaduct Project and her work to ensure lanes on the Mass Turnpike are not eliminated.

Ms. Braccio asked for more information on the Allston/Brighton Viaduct Project and how it could impact the Town. She asked for assistance with reaching the DCR regarding a resident's property on the reservoir. Senator Eldridge stated he can assist through his office. Representative Dykema stated she knew the person to contact at DCR and would be happy to assist Ms. Braccio with the matter. Ms. Braccio asked for their opinions on the Presidential Election. Senator Eldridge replied that changes were made to ensure it was easier for the public to vote and has not seen or heard evidence of voter fraud. Representative Dykema stated that Mr. Hegarty and the Town Clerk's Office is excellent at running an election and she also has not heard of any voter fraud which is a testament to the great work they do. Ms. Braccio asked for guidance on OPEB or unfunded pensions. Senator Eldridge stated that most towns are continuing to meet the guidelines. Representative Dykema stated the same concerns exist at the State House and they must fund this when possible.

Ms. Malinowski asked for more clarity on regionalization funding. Representative Dykema stated the guidelines should be coming when the application is released. She added that she will send a copy of the legislature to review the legal language. Ms. Malinowski asked about distribution of the COVID-19 vaccine outside of phase one. Representative Dykema replied that the majority of vaccinations will be distributed through a partnership with Walgreens and CVS.

Mr. Shea asked about the timing for the public health grants. Senator Eldridge stated that he hopes within the next month or two and they would have to see what the Legislature overrides. Mr. Stivers stated that the Town would be eligible for approximately $14,000 of the $10 million public health support funding based off of population. He asked for assistance in gaining access to more funding. Mr. Stivers requested assistance to accelerate the cooperation with DCR on the Town's public access plan. Mr. Stivers asked to follow up with them regarding a piece of property owned by MASSDOT near the Mass Turnpike and a possible easement to open space land. Senator Eldridge stated he would follow up with DCR on his request and Representative Dykema stated she was hopeful for more federal funding to help supplement public health resources.

Chairman Healey described the work done with Chief Paulhus and Chief Achilles regarding steps taken to improve recruitment and hiring in light of events taken place in 2020. He asked if there was much of a gap between the police reform bill passed by the Legislature and what the Governor sent back. Senator Eldridge gave a description of what was passed and what will be reconsidered. He added that the House does not have enough votes to override a veto and it will be challenging to do so. Chairman Healey asked about the safety of commuter rails with less frequent service due to the pandemic. Representative Dykema described another country where train cars were congested but not limited during the pandemic and was found to not be a significant spreader of COVID-19. She stated that the challenge is increasing the confidence of the public that public transportation is safe. She described measures the T has taken to enforce mask wearing, spot checking and ideas about future habits to gain more ridership. Chairman Healey stated affordable housing is challenging for a small Town like Southborough and stated he

may be reaching out for assistance. Senator Eldridge replied that most towns are focused on this and most have created an affordable housing trust. He described the work the Town of Acton is doing to increase affordable housing and what is being done at the State level. He stated he was happy to connect the Town with non-profit developers and he would like to discuss strategies at another time.

Frederica Gillespie, Chair of the Open Space Preservation Commission asked about next steps to move the fence at the Mass Turnpike and Halloran property for more access to the open space. Representative Dykema stated that the next step would be to work with the Board and get an endorsement to move forward for Senator Eldridge and Representative Dykema to connect with MASSDOT for this project. She asked for more information on the project to be forwarded as well. Mr. Stivers stated he had a map he could forward.

Kathryn McKee, Chair of the Trails Committee offered her assistance to send resources to Senator Eldridge and Representative Dykema for the conversation with DCR regarding the public access plan.

Karen Galligan – DPW Superintendent

a. Main Street update

Ms. Galligan stated the project is 99% done with a punch list of items to finish that are set for next spring. She listed these items to include the addition of a crosswalk, shrubs and trees and other small items. Chairman Healey asked about the placement of stop signs and Ms. Galligan replied that is decided federally through the MUTCD. She said some utility poles still need to be moved which is the responsibility of the utility company. She added that she believes the project will be complete by June. Mr. Shea asked if there were any outstanding issues the State needs to complete. Ms. Galligan replied there were and she is working with them. Mr. Stivers said he sees inconsistent behavior from the traffic light at the intersection and Ms. Galligan stated she would look into this. Ms. Braccio requested speed bump signs be added to the Town House as they are much bigger than she initially thought. Ms. Galligan stated Mr. Purple requested that and they will be installed. She also is having them reviewed as they were not built to design.

b. Proposal for intersection/pocket park at Cordaville/Common intersection

Ms. Galligan shared multiple plans depicting a proposed pocket park, additional parking and a fix to the intersection. She explained the results of her meeting with St. Mark's and an engineer regarding this project. She showed where the pocket park would be and the approach for fire trucks at this intersection. Ms. Galligan explained a proposed native species garden on Library property and trails for people to walk. Mr. Shea asked for clarity on the plan and a potential secondary outlet. Ms. Galligan explained this and the proposed drainage solution. Mr. Stivers stated he would be in support of access at both ends of the parking lot and asked about overflow parking. Ms. Galligan explained that the lot will be mostly St. Mark's with some shared spots.

Ms. Braccio asked who would be maintaining the parking lot and Ms. Galligan stated St. Mark's would as it is their lot. Ms. Braccio asked about funding and Ms. Galligan explained that the Shared Streets Winter Grant will be used for as much funding as possible but did not believe it would cover all the costs. She added there is a grant for the native species garden that could be used. Ms. Malinowski asked for clarity on where the parking is that will no longer exist and Ms. Galligan explained. Ms. Malinowski asked if St. Mark's was going to ask the Town to pay for the paving that is not covered by the grant. Ms. Galligan replied that they are working hard to get

the grant application in as soon as possible and there will be discussions and negotiations on this topic but the work will need to be done. Ms. Malinowski asked if this project was the best fit for the grant. Ms. Galligan stated she believed it integrates the most of what is being looked at for this grant. Ms. Malinowski asked Ms. Galligan to speak with Chief Achilles regarding the reconfiguration of the street and Ms. Galligan agreed. Chairman Healey stated that the sense of the Board is that St. Mark's is benefitting greatly from this project and they can cover the cost of paving the lot. Mr. Purple noted that the collaboration with St. Mark's is a great public/private partnership.

Kristin LaVault (12 Southwood Drive) asked if the primary driver for discussions to begin was St. Mark's request for an expanded and paved parking lot. Ms. Galligan stated that it was not and the Town started the discussion as there were complaints that on street parking was being eliminated during the Main Street project.

Frederica Gillespie (78 Southville Drive) stated that there is potential for OSPC to collaborate with St. Mark's for native plant programming with a biology connection. She added that green stormwater infrastructure is a great nature-based option and cost effective.

Mr. Donovan stated that he has conducted two strategic plans for the Library and parking is consistently an issue. He added that parking is not an issue only during high volume events but also throughout the summer season.

c. Review of CSX easement for Main Street project

Ms. Galligan gave the Board an update on the CSX easements with the landowners affected and stated the Knights of Columbus sent in their signed easement agreement and will be installing a fence, Mr. Lamy of Lamy Insurance will be entering into an easement agreement and Mauro's has not been in contact with CSX. She added that 2 East Main Street is a vacant lot and their easement will be dealt with when it is developed. Ms. Galligan shared her screen to show updated plans and explained where the easements and curbing would be placed and why. Chairman Healey asked Ms. Galligan to speak with CSX regarding not proceeding with this project and she agreed to do so. Chairman Healey asked CSX's position at Mauro's. Ms. Galligan explained that CSX needs to ensure the tracks are not accessible and the Town is obligated to fix the drainage. Eversource will be replacing the gas main located there at the same time. Mr. Stivers asked if CSX's primary interest is safety and Ms. Galligan replied in the affirmative. Ms. Malinowski asked what would happen if the Town does not move forward with the project. Ms. Galligan explained what work would be conducted and the relative challenges. She explained the advantages to moving forward with CSX to fix drainage and underground work to improve the crossing. Ms. Malinowski clarified that by doing the entire project the Town would be fixing approximately two to four issues and Ms. Galligan agreed with that assessment. Ms. Galligan stated she believes part of the issue with Mauro's is the potential to lose parking.

Mr. Shea asked for clarity on the plans and the easement agreement with the Knights of Columbus and Lamy Insurance. Ms. Galligan provided more information. Ms. Malinowski asked for timelines. Ms. Galligan stated she would like to be able to vet the project over January, February and March to bid and start work in the summer and fall. Chairman Healey outlined the three options for the Town to receive the easements and stated that a thorough discussion needs to be had with CSX and Mauro's. Ms. Braccio stated that the advantages of getting easements from CSX is to put additional curbing to protect the tracks and defray people from going on to the

tacks and the opportunity to fix drainage in the area. Ms. Galligan agreed with the statement and reminded the Board that CSX is getting value from the Town and the easements are not free of charge.

IV. Reports

Chairman's Report

a. FY22 Budget Update

Chairman Healey updated the Board that the schools, Advisory Committee, Mr. Ballantine, Mr. Purple and he has met about the budget and it is concluded that fiscal year 2022 will have a higher tax rate. He stated work is being done to lower the tax rate and they are waiting for final preliminary numbers from the school. Mr. Purple stated that the budget from the school is submitted to them around the second week of January. He outlined an enrollment shift in the regional school.

Members' Reports

a. Closeout on Rent & Mortgage program

Ms. Malinowski stated that the program has been closed out after receiving eight applications; seven of which qualified for rent or mortgage assistance. She stated Ms. McAuliffe and she reviewed every document to ensure they met all requirements for the program. Checks totaling $13,000 was released to Youth and Family Services to those families who applied. Ms. Malinowski stated Ms. McAuliffe worked hard with Youth and Family Services to ensure checks were timely cut in order for reimbursement from the CARES ACT.

b. Update on Senior Events

Ms. Malinowski stated she had the opportunity to touch base with Ms. LeFrancois and coordinated efforts for community outreach with seniors. She added she is excited to partner with the Senior Center staff to coordinate COVID-19 and post COVID-19 community connections with seniors.

Ms. Braccio stated she assisted with a Santa/Holiday drive through with the Seniors and it was a huge success.

c. Board of Health staffing

Mr. Stivers stated that the Board of Health is working to staff appropriately to keep up with contract tracing of COVID-19 and the upcoming vaccine distribution process. He added that Mr. Purple has organized a meeting with the Board of Health, Fire Department and Advisory Committee to collaborate resources and create a program to support the needs of the Town. Mr. Purple stated that during the meeting they were notified that the Public Health Nurse is resigning from her position in February and he was notified that Mr. Pisinski will be resigning as the Public Health Director. He explained that Mr. Pisinski has more of an expertise in environmental health and moving forward, the Town will be looking for someone who also has public health experience. He added that Ms. Woodford had outlined a plan moving forward that included assigning responsibilities for this process. Mr. Purple said that after Representative Dykema told the Board that vaccines will be given to the general public through Walgreens and CVS, the meeting members spoke about establishing relationships with one of these stores to inquire what could be done locally.

Town Administrator's Report

a. Update on CHA for CommCan, RE: Payments

Mr. Purple explained the terms of the community host agreement and payments required from CommCan, Inc. He stated the Town was issued a letter from their attorney stating that any payment above the 3% is no longer allowed for fees you can include in agreements. Ms. Esposito, Ms. Hale and he had inquired to other towns regarding their agreements and payments and most were not aggrieved that they were not getting their payments per their community host agreement. He gave Uxbridge as an example and stated most agreements focus on the 3% payment and the marijuana dispensary or growing facility tends to make a voluntary donation of $10,000 - $25,000 to a charity of the Town's choosing. Chairman Healey stated that contract law should apply unless negated by an act of legislature and he was unaware of any that did so. Mr. Shea stated that as a Board member who negotiated the agreement, CommCan provided example host agreements to reference and he did not recall the Board creating the $50,000 payment in addition to the 3%. He added that the agreement was signed by both parties and he is not willing to walk away from that based on CommCan's attorney opinion. Ms. Braccio agreed. Mr. Stivers suggested an informational session with a cannabis attorney. Chairman Healey stated he would like to find the correct path to proceed regarding this disagreement before investing resources.

b. Update on Arts Center notice for perc test

Mr. Purple stated that a notice was sent out to abutters within a three-hundred-foot radius and special notification was sent to the two departments residing in the Art Center. He added that Ms. Galligan is working to make the perc tests happen as soon as possible to complete before the ground begins to freeze.

c. Reminder on CARES ACT closeout on 12/30

Mr. Purple stated that reminders went sent out from the Town Accountant to explain that closeouts are on 12/30 for the CARES ACT. He added that responses were already submitted and will be included. He explained that reconciliation and checks for the appropriate funding will be done in January and if any submissions are not applicable to FEMA, then it will carry over to the CARES ACT as a funding request.

d. Update on Common flagpole

Mr. Purple stated the Board received plans from the Building Commissioner for a 110-foot flagpole. He stated one question was why the pole was moving fifteen feet from its current location and he explained it was because new footings were needed to support the pole. He added that all the landscaping and the wall around the pole will be moved or recreated.

Mr. Purple gave accolades to Mr. Davis as both lighting projects have been unanimously approved by the Planning Board and permitting is completed. He will now be focusing on bidding and construction pieces.

Consent Agenda

a. Ms. Malinowski asked to hold agenda item "a." Ms. Malinowski asked to reword the sentence on the November 24th minutes to read, "she asked Mr. Purple to revise the minutes to include the second agenda item and the motion, the second and unanimous vote affiliated with it." The Board agreed. Chairman Shea made a motion to approve Open Session Minutes: August 28, 2020; November 24, 2020; December 1, 2020 with the revision as amended for November 24,

2020. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

b. Chairman Healey made a motion to approve 2021 Annual License Renewals (Detailed list attached). Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

c. Chairman Healey made a motion to accept the donation of $24,354.00 from Harvard University Southborough Campus for the Police and Fire donation accounts. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

d. Chairman Healey made a motion to accept a donation in the amount of $100.00 for the Fire Dept. Ambulance Fund. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

e. Chairman Healey made a motion to extend the term for Capital Planning – School Research Subcommittee to February 28, 2021. Mr. Shea seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

f. Ms. Malinowski asked to hold agenda item "f." Ms. Malinowski informed the Board she would need to abstain to this vote and Chairman Healey stated he would need to recuse himself. Mr. Shea made a motion to approve Bond Anticipation Notes for Fire Truck and Finn Boiler. Mr. Stivers seconded. The motion passed (3-0-2) by roll call vote, Braccio, aye; Shea, aye; Stivers. Ms. Malinowski and Chairman Healey abstained.

V. Other Matters Properly Before the Board

Review of EDC Residential Info Packet

Ms. Braccio stated that the EDC created a package they intend to share with businesses and residents in the downtown area. She added the EDC approved the document and Ms. Connelly is asking for Board approval. She said that the document was to provide history and background to residents and businesses in the downtown area regarding the downtown initiative for transparency. Ms. Connelly elaborated that the document would educate those potentially affected by the zoning changes and the EDC would like to distribute it before the Planning Board hearings. Ms. Braccio listed her concerns which included the inclusion of an address not in the proposed Downtown Village District, including an image of a lot with a stream that runs through it which could lead to conservation concerns and item number seven which is part of a court case. She suggested item number seven be completely removed until a resolution has been reached. Ms. Connelly stated the items included were identified two years ago in the ULI report. Ms. Braccio suggested that item number three and seven be removed for transparency. Ms. Malinowski agreed. Mr. Shea suggested the entire page be removed and Mr. Stivers agreed. Ms. Braccio asked that the picture on page nine be removed as well and explained that she would not want the public to see this document and think the Downtown Initiative is motivated for a specific project which is not the case. Mr. Shea agreed and said the document should have a minimal number of renderings as what is depicted could be very different from what is built. Ms. Malinowski agreed and explained that the Town may not have control over the physical appearance of these projects and there should be no reference to anything pending a court hearing.

Chairman Healey stated he felt it was a sales document and understood taking the dryness of changing zoning and turning into more aesthetic renderings. He added that a lot of the renderings could be achieved without changing the zoning and the sales aspect feels unnecessary. Ms. Connelly stated the intention is not to be salesy but to show the potential of

what could happen if zoning was changed. Ms. Braccio reviewed more concerns regarding pictures referenced in the document and the statement that in 2018 the EDC supported 2 East Main Street as a mixed-use building. Chairman Healey stated that the reference to the 2018 EDC support could stay in as it is an accurate telling of history. Chairman Healey made a motion to give Ms. Braccio authority to sign off on any edits to the document before it is distributed. Ms. Malinowski seconded. Mr. Stivers stated that it is important to keep the process moving forward. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Ms. Luttrell stated she had an issue with the statement that the EDC supported mixed-use at 2 East Main Street as it is not allowed. Chairman Healey replied that he did not disagree with that statement and asked if in fact this happened. Ms. Luttrell replied that it was questionable. Ms. Connelly stated it was complicated and Chairman Healey asked that the statement be removed from the document.

Ms. LaVault stated as a member of the public she felt the renderings were important to gain interest from resident. She suggested adding what the zoning change will not allow as well.

Goal setting for the Town Administrator

Chairman Healey explained that Mr. Purple's next evaluation is February or March and the goals for this would be relatively modest due to timing. He listed his goals for Mr. Purple which included having more fulsome communication with the Board and using his authority as listed in the Town Administrator bylaw to take initiative on his own projects. Mr. Stivers stated that there could be a dozen worthwhile projects for Mr. Purple to initiate and coordinate. He asked Mr. Purple to suggest some items and listed the Board of Health, Personnel Board and coordination between the Building Inspector and Historical Commission as appropriate to focus on. Ms. Braccio added she would like to see formal reviews for other contracted employees and setting goals for department heads and contracted employees who fall under him. Ms. Malinowski asked for reviews and goals for contracted employees and tying those goals to their annual review. She asked that Mr. Purple hold evaluations for any employee that has not been reviewed in the last eighteen months by February or March. Ms. Malinowski asked Mr. Purple to work collaboratively with department heads and other elected boards to improve Town services and reduce costs. She highlighted his work with Ms. Galligan as a good example. Mr. Shea stated he agreed with the above but stated the goals for Mr. Purple should be manageable and a long list will set him up for failure. He asked Mr. Purple to create a list of long-term goals to present to the Board in February or March.

Mr. Purple stated he will include a goal chart that highlights progress into the Board agenda packet. He explained that the sidewalk access to the Public Safety Building will be reviewed during the transition plan being done by CMRPC. He further explained what would be done if it is something that needs to be done. Mr. Purple explained the reorganization of the Selectmen's Office including the transition of Ms. Barry to the Selectmen's Office and the plan to revise the job descriptions for Ms. Esposito and Ms. Hale to broaden the benefit of these positions to support other offices.

Board liaison for Finance Team, RE: Quarterly financial reports

Chairman Healey made a motion to designate Ms. Malinowski as the Board liaison for the Finance Team. Ms. Braccio seconded. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Approve draft zoning bylaw for Downtown Initiative

Ms. Braccio stated she had concerns approving the document this evening as she found inconsistencies from the consensus agreed upon at the last meeting. She explained the inconsistency of the documented floor area ratio and the feedback provided by Attorney Costa. Ms. Braccio suggested the Board not vote on this document and work with the EDC and Ms. Barrett to update the document to include what was agreed upon in their previous joint meetings. She stated she could work with the EDC and bring an updated document to the Board at the first meeting in January. The Board agreed.

Discussion of policies and practices for boards & committees

Chairman Healey asked to move this agenda item to the January 5, 2020 meeting. The Board agreed. Chairman Healey asked that the chairs of boards and committees be advised that the Board will be reviewing and updating these documents to reflect the virtual meeting environment.

Close warrant for March 20, 2021 Town Meeting

Chairman Healey made a motion to close the Town Warrant for March 20, 2021 Town Meeting. Mr. Shea seconded. Mr. Purple explained the additional warrant articles sponsored by the Community Preservation Commission. He added that there is a placeholder for the potential for another article from the CPC.

Ms. Malinowski asked about the process for potential changes to the Demolition Delay Bylaw from the Historical Commission. Mr. Purple explained and stated that no formal documentation for this has been submitted. He added that he will add a placeholder for a potential Historical Commission bylaw change in the warrant. Ms. Malinowski asked about the articles carried over from the previous Town Meeting. Mr. Shea explained that citizen petitions must be included in the warrant and cannot be pulled. Mr. Purple explained additional placeholders and stated with these there are forty-three articles. Chairman Healey made a motion to close the forty-three article warrant for the March 20, 2021 Town Meeting. Mr. Stivers seconded. Ms. Malinowski asked about a separate CPC article for SHOPC. Mr. Purple explained and stated it would fall under a current CPC article. The motion passed all in favor (5-0-0) by roll call vote, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

VI. Public Comment

None

VII. Executive Session

At 10:24 P.M. Chairman Healey made a motion for the Board to enter into The Board will be entering into Executive Session per M.G.L. Chapter 30A, Section 21, and not returning to Open Session, for the following matters – to discuss the value of real property (Exemption 3) as it relates to tax foreclosure proceedings for 44 Bigelow Road; and to comply with, or act under the

authority of, any general or special law (Exemption 7) to review and approve the Executive Session minutes of November 17, 2020. Mr. Stivers seconded. The motion passed by roll call all in favor (5-0-0) by roll call, Braccio, aye; Malinowski, aye; Shea, aye; Stivers, aye; Healey, aye.

Upcoming Meetings

Subject: FW: CSX Update

Good morning.

Catching up on vacation emails. Below is an update from Karen on the CSX crossing and its impact on the Downtown portion of the Main Street project.

Thanks.

Mark

Subject: CSX Update

Mark,

I hope you had a good Christmas and you're enjoying your time off.

I just wanted to give you an update on CSX. I spoke to them today, so I want to get the information out while it is fresh.

At the BOS meeting Marty asked what would happen if we didn't do the project.

According to CSX, if we keep 100% off of their property, (no improvements at all i.e. no paving, no

sidewalks, and/or no pipe replacements), we would not have to do anything to the curb cuts or road edges within their property.

If we pave any of the road, within their property limits, or do any repairs or improvements, within their property limits, without an easement we are trespassing and we can't do the work.

However, if we get an easement, even if it is for just road paving work and not for piping or sidewalk, we have to put in curb along our right-of-way over their property as they directed in their letter.

The easement we are looking for replaces the piping under the tracks and will give us the ability to repair the road to within 2' of each rail. As part of this CSX will replace the timbers and rails at the Central Street and Main Street crossings.

If we choose to not do this work now, but, in the future, change our minds to do it, the same will apply.

My understanding from CSX is that a CSX representative met with the owners of the 4 properties and explained that vehicles on CSX's property should be towed and that the issue was put on the Police Department's radar.

Thx - *kg*

FY 2021 Goals - Boards and Committees.	In Progress	Recent Steps	Completed
OML training and support/training for running Open Meetings.	XX	XX	
Promote and enforce Town Email Use Policy.	XX	XX	
Update, consolidate and promote compliance with general policies.	XX	XX	
Encourage and provide support for televising meetings.	XX		
Encourage and provide support for composite agendas and packets.	XX	XX	
Enhance informational outreach and recruiting for volunteers (forum).	XX

FROM: Brian Ballantine, Finance Director BPB

RE: FY22 budget Update

Please see attached for a summary of our budget recap and the current status of requests. Please see the following summary of information:

- Estimated tax rate increase of 9.02%.
- Estimated excess levy capacity reduced by approximately $2.2 Million.
- All budgets have been received, several have already had hearings with the Advisory Committee – continued hearings throughout January.
- Some Departments have updated initial budgets or are still in discussions as to moving forward with a set budget request.
- For revenues estimates are being held at a reduction of 5% from current local aid amounts, and level funded for local revenue amounts. We will continue to monitor these as time goes on.
- Schools: Preliminary budget discussion have taken place – January and February will be ongoing reviews with the School Committee. Preliminary amounts for K-8 are placed in the recap summary sheets. Regional is an aggregate 4.5% preliminary budget request however a specific split has yet to be determined.

It is of course a very difficult budget year for communities across the Commonwealth. Once specific budget goals are established by Advisory and BOS, the Boards can begin their preparations in making recommendations to be made at Town Meeting, currently still set for March. Both Boards may want to consider a joint meeting later in the month or early February to consider specific strategies and options in reducing the current projected tax increase.

Should you have any questions, please do not hesitate to ask.

Subject: Southborough FY21 Municipal ADA Improvement Grant Award Notification

[EXTERNAL]

Greetings Town of Southborough,

The Massachusetts Office on Disability's ***Grant Application Review Committee*** has reviewed your Planning grant application for the ***FY21 Municipal ADA Improvement Grant Program***, and has **provisionally approved** a maximum grant of **$32,100**.

In order to receive the maximum grant amount listed above:

- The work must be completed after the contract execution date, but before June 30, 2021.
- The date that all forms are properly completed, signed, and returned to MOD by the municipality will be considered the contract execution date.
- MOD must receive and approve detailed, itemized invoices showing incurred expenses (between said dates); also, the invoices must represent approved expenditures as authorized in the attached *Grant Agreement* document, *Section 1: Project Scope*.
- Invoices should be sent to me as soon as they are available and prior to June 30, 2021, or shortly thereafter.
- **Any invoices dated prior to the contract execution date or later than June 30, 2021 are not eligible for grant funding; further, grant funds will not be released unless/until MOD receives and approves invoices for funding.**
- If you anticipate this being an issue, please let us know so other applications can be considered**.**

Suggestions from Southborough Library staff

Ask Again, Yes | by Mary Beth Keane| Audiobook

This is a story of love, tragedy, and the unlikely forgiveness between two families. Francis Gleeson and Brian Stanhope meet at the NYC police academy in 1973. Francis marries Lena and Brian marries Anne. They become neighbors in a suburb of NYC. Francis and Lena have 3 daughters and Brian and Anne have a son. While the parents are not friends, Kate and Peter become best friends. When tragedy strikes, families are torn apart.

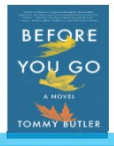
Why Carol likes this book: While there is tragedy in this story, there is also family devotion, love and hope. Each family faces challenges, and each, in their own way, conquer those challenges. I enjoyed the love story between Peter and Kate that began as a childhood friendship. Anne struggles with mental illness but does her best to remain connected to her son. I marveled at the devotion within each family and the eventual forgiveness of mistakes made and also the acknowledgment and acceptance of the silent challenges others face. The author brings the characters full circle and paints a picture of the importance of empathy and forgiveness.

And Every Morning The Way Home Gets Longer and Longer | by Fredrik Backman

This novella examines the heartache of loving someone whose memory is fading. Beautiful conversations between Noah and his witty grandfather are tenderly examined through a generational lens of loss, love, adventures and forgiveness. The grandfather makes sense of the world through the language of mathematics, a trait his grandson also shares but not his own son. He wrestles with these differences as he begins to forget things and realizes it is time to say goodbye to what he knows.

Why Amy likes this book: Have tissues at the ready! Although this is a short read, each page carries so much love and grief. The author indicated he initially had no desire to publish this story, but I am so grateful he chose to share his work. Backman has stated that he realized the importance of writing this book because it captures how we can still miss someone who is still there in a way that can be explained to children. I am grateful that he beautifully shares stories of a grandparent and grandchild's bond, the trials of raising children son and the deep love that can be found in marriage.

Before You Go | by Tommy Butler



Elliot Chance is a boy who believes he does not belong in this world. He has an emptiness within that he wants to escape. While Elliot lives his life and experiences friendships and love, he still feels something is lacking in his life. As an adult, he attends a suicide support group where he meets Sasha and Bannor, who become dear friends. Sasha writes advertisements and leaves coded messages within the copy and Bannor believes he has seen and visited the future. Embedded in Elliot's story, there are chapters talking about "Before" during which time Merriam and Jollis are responsible for creating life. They converse about the grave mistake Merriam made when she created human life with a hole...an emptiness that cannot be filled. Jollis unsuccessfully tries to fill the void by adding many emotions but the void remains.

Series to Read Alone While You Stay at Home

Leah's Books that will get you "Hooked on Hoopla"

The Age of Legends Series

Gifted with the ability to communicate with the dead, twin sisters Ashyn and Moria protect the living from the spirits that inhabit the Forest of the Dead. The most deadly criminals in the kingdom are banished to this forest to die. Ashyn is the Seeker and can communicate with the spirits, helping them move on to a peaceful afterlife. Moria is the Keeper and she is trained to keep the tormented souls from leaving the Forest of the Dead if they cannot pass onto the next life. Once a year the Seeker enters the Forest of the Dead to perform a ritual and quiet the tortured spirits but the annual ceremony does not go as planned. Ashyn and Moria are ambushed and separated by supernatural forces. They journey across barren landscapes filled with peril to warn the emperor of the impending danger and to find their way back to each other.

I liked this series because it is a fantasy adventure with strong powerful female characters. The bond between twin sisters Ashyn and Moria is unbreakable and I identified with the theme of sisterhood that runs throughout the story line of all three books.This plot driven series is filled with action, intrigue and supernatural creatures but most of all sisterly love and loyalty.

The Artemis Fowl Series

An action packed story filled with humor about a 12- year-old boy genius who captures a fairy named Holly for ransom to restore his family's fortune and help his mother. Little does Artemis know that Holly and her supernatural allies from the LEPrecon (lower elements police) are a force to be reckoned with.

THANK YOU

TOWN OF SOUTHBOROUGH POLICIES AND PROCEDURES

Policy:	Code of Conduct Policy
Date Approved:	April 25, 2016
Board approval:	Board of Selectmen

1. Purpose and Scope

1.1 The purpose of this policy is to indicate conduct expected by employees and officials of the Town of Southborough when conducting business with other employees, customers, vendors, and visitors, who interact with the Town, either on a daily or more infrequent basis. This policy extends to private conduct, to the extent the law has additional requirements on public employees.

1.2 Nothing in this policy limits or replaces rules of conduct described in Massachusetts General Laws Chapter 268A, (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws") regarding the conduct of a public employee, including Town employees as described in the law and regulations.

1.3 Nothing in this policy limits or replaces other Town policies that address employee conduct, such as the Town's Workplace Violence Prevention Policy, Policy Against Sexual and Discriminatory Harassment, and the Town's Alcohol & Drug Policy, and other policies applicable to employee conduct.

2. Applicability

2.1 This policy applies to all full and part-time compensated positions, excluding employees of the School Department. Employees whose positions are covered by collective bargaining agreement are subject only to those portions of the policy which are not separately regulated by a collective bargaining agreement. Persons employed under individual employment agreements shall follow all of the provisions of this policy.

2.2 This policy does not replace applicable law, including State Public Employee Ethics Laws, but instead applies in addition to applicable law. In the event this policy conflicts in any way with laws governing employee conduct, the law will apply over this policy, to the extent that it is stricter.

3. Policy

3.1 Employees and town officials must act with fundamental honesty and integrity in all Town dealings, comply with all by-laws/regulations that govern the Town, maintain an ethical and professional work environment and comply with all Town policies. Town employees and officials are required to consistently treat fellow employees, customers, vendors, and visitors with respect, dignity, honesty, fairness, and integrity.

3.2 As further described in State Public Employee Ethics Laws, and among other requirements set forth in the law, Employees and town officials may not, directly or indirectly, ask, demand, exact, solicit, seek, accept, receive or agree to receive anything of value for themselves or for any other person or entity for or because of any official act performed or to be performed by the employee, to influence any official act performed or to be performed, to influence or attempt to influence any official act performed or to be performed, or to act in a manner which would cause a reasonable person to conclude that the employee could be influenced in such a manner.

3.3 Examples of conduct that is considered inappropriate and/or unprofessional under this policy may be physical and/or verbal and include, but are not limited to, the following:

a) Asking or requiring another individual to act unethically or violate the Town's Professional Conduct Policy or the law;
b) Disparaging or misrepresenting the Town or any Town employee or official;
c) Engaging in gambling, such as sports' pools, card games, games of chance, and raffles while conducting Town business or representing the Town;
d) Discriminating against others on the basis of race, sex, sexual orientation, age, handicap, religion or national origin in the course of your employment;
e) Engaging in any behaviors that are harassing, including sexual harassment or offensive comments or jokes;
f) Consuming and/or using alcohol, non-prescribed narcotics or controlled substances during work time, or reporting to work under the influence of alcohol, intoxication, non-prescribed narcotics or controlled substances in any form. You should inform the Assistant Town Administrator or your supervisor at the start of the workday if you are taking medication that might impair your work performance, in order that proper accommodations can be considered and made where reasonable.

g) Unprofessional behaviors, commentary, written correspondence and/or gestures directed at another Town employee or official, supervisor, customer, visitor or resident that a reasonable person would find offensive, humiliating or intimidating or that adversely affect staff performance.

3.4 Employees and town officials shall obey the laws of the United States and the Commonwealth of Massachusetts. Any employee who is convicted of a crime relating to their employment or impacting their employment, or crimes which may disqualify them from holding necessary certifications or licenses, may be subject to disciplinary action, up to and including termination. Employees are, where applicable, subject to meeting CORI background screening requirements, subject to Town requirements and applicable law, including the law governing CORI.

3.5 Employees shall comply with all of the policies and operating procedures of the department in which they work and the Town of Southborough. Employees shall respond forthright to the work-related directives of their supervisor.

3.6 Employees and town officials are expected to conduct themselves in their official relations with the public and with their fellow employees in a manner which will enhance public respect for, and confidence in, the employee and the Town as a whole. Employees and town officials must not only perform their duties in a wholly impartial manner, but must avoid any conduct which gives a reasonable basis for the impression of acting otherwise. Specifically, all employees and town officials shall avoid any action which may result in or create a reasonable basis for the impression of:

a) Using public office for private gain;
b) Giving preferential treatment to any citizen;
c) Making work-related decisions contrary to departmental town policy; and,
d) Using one's official position to harass or intimidate any person or entity.
e) No municipal employee shall, otherwise than as provided by law for the proper discharge of his/her official duties, directly or indirectly receive or request compensation from anyone other than the town or municipal agency in relation to any particular matter in which the same Town is a party or has a direct and substantial interest.
f) No person shall knowingly, otherwise than as provided by law for the proper discharge of official duties, directly or indirectly give, promise or offer such compensation.
g) No municipal employee shall, otherwise than in the proper discharge of his/her official duties, act as agent or attorney for anyone other than the city or town or municipal agency in prosecuting any claim against the town, or as agent or attorney for anyone in connection with any particular matter in which the same town is a party or has a direct and substantial interest.

h) Employees and town officials shall not solicit or accept, directly or indirectly, any gift or benefit, including any gratuity, favor, entertainment, loan, or any other item of value, from a person who or entity which the employee knows or has a reason to know:

- Has, or is seeking to obtain, contractual or other business or financial relations with his/her department or the Town;
- Conducts business or other activities which are regulated or monitored by the department or the Town, except as permitted by statute or regulation;
- Has interests that may be substantially affected by the employee's performance or non-performance of his/her duties or has the appearance of being substantially affected; or
- Seeks to influence the employee in performance of his official acts or any act within their official responsibility.

Exceptions- the restrictions set forth in Section 3 do not apply to the following gifts provided that such gift or benefit has not been solicited by the public employee, and is not for any of the purposes identified as prohibited above, and/or in the State Public Employee Ethics Laws:

a) *De Minimis* Gifts. Anything with a value of less than $25, other than cash. *De minimis* gifts include multiple gifts or benefits given or offered to a public employee within a calendar year by

one person or by an organized group of persons having a common interest in a particular matter or legislation before that public employee, if the aggregated value is less than $25;

b) *Inheritance.* Anything received by inheritance;

c) *Gifts from Immediate Family and Relatives.* Anything received by a public employee from a member of the public employee's immediate family or from a great grandparent, great grandchild, grandparent, grandchild, uncle, aunt, niece, nephew, cousin, step-parent, stepchild of the public employee or of the employee's spouse and given for reasons unrelated to the public employee's official position or duties;

d) *Informational material.* Informational material relevant to a public employee's official functions and intended for use by the public employee in the exercise of official duties or solicited for the purpose of promulgating, administering and enforcing agency regulations, such as books, pamphlets, reports, documents, periodicals, or other information that is recorded in a written, audio, electronic, or visual format;

e) *Professional Organization Membership Fees.* Reduced or waived membership or other fees offered by a professional organization if the only requirements for membership relate to professional qualifications;

f) *General Discounts.* A rebate, discount or promotional item available to the general public or to a class consisting of all public employees from a city or town, county or state on the same terms as offered to the general public;

g) *Display Items for Meritorious Public Service.* An item intended for display and given by a civic, charitable, professional, religious, or fraternal organization in recognition of meritorious public service that has no or minimal resale value. Such items shall include but not be limited to trophies, plaques, bowls, and certificates;

Honoraria. Honoraria not exceeding $250.00 for participating in a legitimate speaking engagement provided that:

- Delivering the speech is not part of the public employee's official duties;
- Public resources are not used in the preparation of the speech;
- Public time is not taken for the preparation or delivery of the speech;
- Neither the sponsor of the address nor the source of the honorarium is a person or entity with whom the public employee has had or reasonably expects to have dealings in his official duties;
- The public employee makes a prior written disclosure.

4. **Actual or Potential Conflicts of Interest, Violations of this Policy, or Violations of the Law:** Employees and town officials should immediately report and make inquiry about questionable items, gifts, benefits, or matters. Inquiries can be made with the Town or employees may go directly to the Town Administrator or to the Ethics Commission at 1-888-485-4766 (Attorney of the Day).

5. Procedures / Investigations

5.1 A violation of any aspect of this policy can damage the integrity and harm the reputation of the Town of Southborough and all employees and town officials, and may additionally place the employee in violation of Massachusetts law. The Town is fully committed to reviewing and/or investigating, as necessary, any and all reported incidents. Employees who become aware of inappropriate conduct should report it to their Department Head or Town Administrator.

5 .2. When management becomes aware of an incident, they shall document the incident as soon as possible and forward said information to their supervisor.

5.3. A decision to deal administratively with the employee and/or to have the employee consult with EAP shall be made as promptly as possible by the Town Administrator or his/her designee, and management should continue an on-going review.

5.4 Employees may have separate reporting requirements under the Massachusetts Ethics Law, which are in addition to those described in this policy. Employees must be aware of these reporting requirements, and when and under what circumstances Massachusetts State Ethics law requires employees to make such Disclosures, including as directed by State law.

6. Applicable Statutes / Laws

A number of laws are implicated by this policy, which outline unacceptable or unethical conduct in the workplace. These include, but are not limited to, any number of criminal and civil laws prohibiting unethical conduct, such as Massachusetts General Laws Chapter 268A, and Massachusetts Regulations at 930 CMR 5.00 et. Seq. (Chapter 268A and Regulations are referred to in this policy as "State Public Employee Ethics Laws"), as well as any criminal or civil laws in the areas of anti-stalking laws, anti-bullying laws, OSHA, anti-discrimination, Civil Rights, etc.

ACKNOWLEDGEMENT

Note: Your signature below signifies that you have received this policy.

This policy is applicable to all employees of the Town of Southborough.
For those employees covered by Collective Bargaining Agreements, the provisions of the CBA, which are subject to negotiation prevail over the language in this policy (i.e. discipline).
Any changes made to this policy that apply to sections that are subject to collective bargaining, will be sent to the appropriate union prior to implementation.
